Greetings Commissioner Torres,

The Linn-San Manuel Community Improvement Corporation (LSMCIC) would like to add and donate a stone base structure to the current forty foot (40') lighted marquee sign that was recently installed on the county premises as part of our initial donation to the park. The stone base, as shown in the schematic design attached, will be installed and constructed at the Linn-San Manuel Veterans Park.

The LSMCIC will donate the services of a licensed engineer for the design, installation and construction. The Linn-San Manuel Community Improvement Corporation will donate the services of certified professional(s) responsible for the installation of the stone base according to specifications. The valued cost of the donated materials and service is \$1200.00 per invoice attached.

The Linn-San Manuel Community Improvement Corporation understands that the additions to the lighted marquee sign are being donated and shall become an asset of the County of Hidalgo per an Amendment to the Memorandum of Understanding.

Sincerely,
