RE: Sole Source Declaration Destiny Software, Inc.

Since 2006 Hidalgo County has received the services of the Agenda Quick Software from Destiny Software Inc. This Software provides proper record keeping of Hidalgo County Commissioners Court meetings and or other related activities.

The Supplier has developed certain software applications and platforms which it makes available to subscribers via the internet on a pay-per use basis for the purpose of agenda and minutes preparation, public records requests, video integration and workflow and process management.

The Agenda Quick system is designed to work directly with Hidalgo County computer systems to allow the end users to create/edit agenda items, agenda item archives, and other Commissioners Court activities. In addition, the vendor will now host the services required for these services.

Therefore, for the reason stated herein, it has become a necessity to purchase the Agenda Quick Software services from the sole source vendor Destiny Software, Inc. so as to continue with the service for Hidalgo County. This sole source declaration will remain in effect through the life term of the License Agreement, software, hardware, maintenance and support services, unless otherwise revoked by the Hidalgo County Commissioner Court.
