Sure, in fact I put in the notes that we would receive it in January 2022 or before, due to vendor supply issues.

Thank you!

Is the final report date of 12-31-2021 allowable?

Please advise.

Respectfully,

Laura

Good afternoon Laura. That will be fine with us and we totally understand the supply chain issues. I've made an updated note on your file. We look forward to receiving your final reporting.

Hope all is well. Back in July 2021 the Moody foundation granted Hidalgo County an extension to ensure sufficient time to process and expense all the funds. Since then, most of the items purchased from the moody funds were received and processed. With that said, we have had one vendor with supply chain issues and we have not been able to close the grant out completely.

Would we be able to get another extension to allow time to process with another vendor?

We are scheduled to submit a final report on October 31, 2021. If we are granted an extension we would place an item on the agenda for next tuesday to accept the extension and allow sufficient time for processing.,

I apologize for the inconvenience. Please let me know if this is possible.

Respectfully,

Laura
