

About Awards

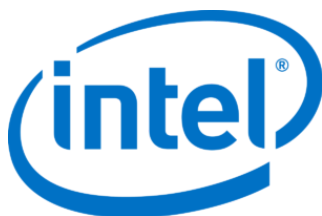

Wi-Fi NOW Awards: The recognition you deserve

Has your company produced outstanding results in the Wi-Fi industry or are you simply the most innovative Wi-Fi startup in the world? The Wi-Fi NOW Awards are back and we will be honouring the world's best in Wi-Fi at our virtual Wi-Fi NOW Award Show on December 8, 2021.

You can enter into 10 different categories this year! We would like you to take part, so please read more about our individual awards here (<https://wifinowglobal.com/product-category/wi-fi-now-awards/>). **The deadline for this fall's award entries is October 22, 2021.**

A list of finalists – three for each category – will be released on November 19, 2021 and our award winners will be announced at our virtual **Wi-Fi NOW Award Show** on December 8, 2021. Don't miss this chance to celebrate this great industry together with us. For more information on how to enter, payment, deadlines, and submissions please contact our Awards Manager Jane Molgaard. (<mailto:jane@wifinowevents.com>)
