BJA FY20 Coronavirus Emergency Supplemental Funding Program

Program Narrative

The Hidalgo County Sheriff's Office (HCSO) and the five Hidalgo County Precinct Constable Offices and the County Fire Marshal plan to utilize the Coronavirus supplemental grant funding to purchase equipment needed to safeguard employees, the general public, inmates at the detention center, as well as disinfecting buildings and vehicles.

Hidalgo County is requesting to reallocate \$11,720.00 from equipment and move the funds to supplies due to some items no longer needed. All deliverables will be the same, Hidalgo County just wishes to change some items in the detail budget worksheet. Funds will be used to complete the project.
