Continuous quality improvement is a central tenet of the Head Start Program, with the goal of meeting Performance Standards and moving toward program excellence for serving children and families. As part of this process, the annual Self-Assessment provides the Program with the means to regularly assess our own management systems and program operations in order to continually strengthen the Program and the services delivered.

Head Start Performance Standards state that at least once each program year grantees must conduct a Self-Assessment of their effectiveness and progress in meeting program goals and objectives and in implementing Federal regulations.

We are scheduled to conduct our Self-Assessment January 31, 2022 through February 11, 2022. During this two week period, each area/component of the Program will be reviewed, data will be collected, and a final report will be prepared for your review and approval.

We will be conducting a training on Wednesday, January 26, 2022 at 9:00 a.m. via GoToMeeting, to provide guidance to the individuals involved in conducting the assessment.
