After a comprehensive evaluation by Head Start personnel, it was determined that certain items are no longer serviceable and should be considered for public auction. These items have been categorized as damaged surplus due to their state of disrepair, age and the inability to be used for their intended purpose as per Head Start and State Licensing regulations. Please refer to attached list.

Once approved and authorized by the Policy Council and Commissioners Court, The Field Operations Department will make arrangements with the AMT Auction Company, the duly authorized vendor by the County, to schedule and conduct the auction. The process will include a viewing of all items followed by the auction and arrangements to pick up items by buyers will be made..

Thank you for consideration.
