Important customer information

Price referenced in this document are for estimating purpose only, actual prices will be based on current equipment, calling plan and feature charges available at the time of purchase and are subject to change without notice.

MAA activation/upgrade fee upto \$40; restocking fee upto \$50. Either an offer recovery fee or up to \$650 early termination fee may apply. If applicable, your line(s) offer recovery fee will be the sum of device discounts plus device credits you receive.

Additional fees for usage and overages may apply. Offers & Coverage vary by service & equipment. See Verizonwireless.com for coverage map. Equipment and accessories are subject to availability while supplies last. Additional charges, taxes, fees and surcharges apply.

Device Trade In quote values are an estimate and subject to change without notice. The current market trade value in this quote is the value of the device on the day the quote was submitted. If the device is eligible for trade-in, credit will either be based on the market value of the device(s) at the time of the order or the applicable promo order at the time the promo was created.

Final device value is determined at time of inspection. Eligibility for Instant Trade-In credit is determined at the time of your order.

Legal Disclaimer

Offer Recovery Fee: We are able to make Equipment available to our government customers at significantly lower prices than the manufacturer's list prices by offering various subsidies in exchange for the customer meeting certain conditions. Here, if the Customer purchases Equipment from Verizon Wireless at a discounted price and then disconnects that Equipment from the Verizon network, or moves the Equipment to a Lesser Price Plan, prior to the expiration of 24 months after the date of activation, Verizon Wireless may recover an Offer Recovery Fee for the disconnected Equipment. The Offer Recovery Fee will be the difference between the full retail price of the Equipment at time of purchase and the discounted price paid by the Customer for the Equipment, plus any additional service discounts, credits, waived fees, and other offers provided, less 1/24 of that amount for each month the Equipment was connected to the line of service

Why Verizon

The network businesses rely on

If your network is down, you're down. Our award-winning network delivers the speed, reliability, coverage and performance that you need to succeed.

Superior Coverage

Our 4G LTE network covers 327 million people. That's over 99% of the U.S. population.

5G innovation

Verizon 5G Ultra Wideband is the fastest 5G in the world¹, with ultra-low lag and Massive capacity.²

Trusted security

Managing over 500,000 security network and hosting devices gives us valuable insights into the digital landscape.

Performance

Verizon is the most awarded brand for Wireless Network Quality according to J.D. Power.³

Massive capacity

We obsess over the details, analyzing millions of gigabytes of data every day.

Easy integration

We've certified 900+ machine-to-machine (M2M) chipsets, modules and devices.

¹ Global claim from May 2020, based on Opensignal independent analysis of mobile measurements recorded during the period January 31 -- April 30, 2020 © 2020 Opensignal Limited.

² 5G Ultra Wideband (UWB) available only in parts of select cities. 5G UWB access requires a 5G capable device with select voice/data & 5G UWB plans. 5G Nationwide available in 2,700+ cities.

³ Verizon received the highest number of awards in network quality for the 25th time as compared to all other brands in the J.D. Power 2003-2020 Volume 1 and 2 U.S. Wireless Network Quality Performance Studies. Network Quality measures customers' satisfaction with their network performance with wireless carriers. For J.D. Power 2020 award information, visit jdpower.com/awards for more details.
