Click the home button and there should be a button for "available proposals". If it is not there, I will have to have them add it to your que.

Katie

Good Morning,

Yes, thank you I was able to view it, working on it now.

However, I wanted to ask, does this grant require a cash match on our part? or the \$4,000 will come from your end?

This is to clarify conflicting information I'm getting from other departments.

Thank you in advance,

The match will come from your fringe benefits. TxDOT will pay deputies overtime and you will pay their fringe benefits. The fringe benefits can be used to make up the 20% match, so no hard money from your end.

Regards,
