Project Description

The Hoehn Stormwater Project will manage and reduce stormwater for the project area. The project is located at the southeast corner of Monte Cristo Road and Hoehn Road. The project consists of a pipe network with inlet improvements and roadside ditch grading with an ultimate outfall into the J-08 Drain system. Inlets will be placed throughout the project limits along with roadside ditch grading to manage stormwater during and after rain events. The Hoehn Stormwater Project will provide improvement to quality of life and reduce flooding in the area.

As per the Coronavirus State and Local Fiscal Recovery Funds FAQ document, in question 6.15, recipients are able to use ARPA funds for road repairs and upgrades directly related to an eligible stormwater project. Efficient stormwater services directly translate into a healthier community by providing clean water and avoiding potential environmental disasters. These basic needs are critical to the health and ability to work and learn of the residents of the County of Hidalgo, particularly for the disadvantaged and low-income minorities.

Fiscal Impact:

Estimated Budget: \$458,135.85
