Dear Ms. Gonzalez:

The ACT tax collection software package is owned and published by Appraisal and Collection Technologies, LLC. (ACT). ACT is a wholly-owned subsidiary of Linebarger Goggan Blair and Sampson, L.L.P. No other distributor, licensor, or vendor can provide the license to install and use the software or provide the source code for our software.

The ACT tax collection system is a unique program within the industry. No other vendor can supply the same set of output reports, processing functionality, and proprietary change tracking solution built specifically for the Hidalgo County tax office. The Change Control ID feature provides an additional layer of security and granularity to the management of all tax system changes.

Sincerely,

A handwritten signature in black ink, appearing to read "Adrian Garza".
