

UCP Purchase Checklist (Micro & Small Purchases)

UCP Finance May 2019

City/Agency: Precinct No. 3

Purchase Request: Equipment Supplies Services

Item(s): Vector Control Device

Estimated Total Cost:

Describe Purpose: Health Services to fight mosquitos within Pct. #3.

All Purchases Must:

- be Pre-Approved by Urban County Program before purchase
- be necessary and considered consolidated or separated to make it more economical
- be awarded to responsible contractors/vendors (Verify vendor @ www.sam.gov-print screen)
- be conducted in a manner that provides full and open competition without unfair advantages
- comply with Hidalgo County conflict of interest policy
- contain a clear and accurate description that includes technical requirements, lists any requirements that must be met, while not unduly restricting competition

I. Micro-Purchase \$0.00 - \$3,500.00 (Verbal Quotes Required)

- Solicit pricing to achieve a "Best Value Price"
- If practicable, distribute purchases among qualified suppliers

The following documentation is required with each purchase request:

1. UCP Price quotation form
2. Documentation of search on the system for Awards Management (SAM) to identified debarred or suspended contractor/vendor at www.sam.gov (Print Screen)
3. Completed HB-1295 (If agenda will placed before Commissioners Court)

II. Small Purchases \$3,500.01 - \$50,000.00 (3 Written Quotes Required)

- Solicit adequate number of quotes from qualified sources (whether through a COOP or other sources)
- Conduct Lease Vs Buy Analysis and/or any other analysis to determine most economical approach, when appropriate
- Preference for products that contain recovered materials, conserve natural resources, protect the environment and are energy efficient
- If "brand name or equal" descriptions are used, identify the characteristics needed for an item to be an equal
- Reach out to small, disadvantages businesses; includes labor surplus area firms
- If practicable, distribute purchases among qualified suppliers

The following documentation is required with each purchase request:

1. UCP Price Quotation Form
2. Quotes received from Suppliers
3. Documentation of search on the system for Awards Management (SAM) to identified debarred or suspended contractor/vendor at www.sam.gov (Print Screen)
4. Completed HB-1295 (If agenda will beplace before Commissioners Court)

Note:

This document should be used as a tool to assist in conducting procurement of supplies/equipment and services under CDBG Grant that conform to the federal procurement standards and other applicable law.

COUNTY OF HIDALGO - URBAN COUNTY PROGRAM

Price Quotation Form

Price Quotation Form must be submitted to Urban County for pre-approval prior to the purchase. Use additional forms as needed.

Guardian ULV

The Guardian line of ULV sprayers from ADAPCO

Guardian 190G4

The Guardian 190G4 is an economical powerhouse that defines the new industry standard for high-end ground spray application. This advanced spray system is outfitted with the highest quality components and key features to handle demanding professional applications.

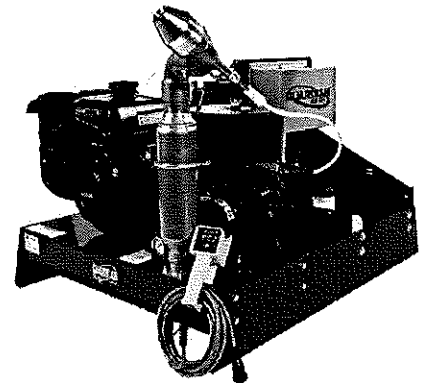

- 19 HP commercial quality twin cylinder Kohler engine
- 3-Year Best in Class Limited Warranty
- Closed Loop Electronic Fuel Injection
- 12-gallon fuel tank
- 350 CFM high output blower
- High performance VAAT nozzle
- Electric throttle and choke
- Accessible pump location for easy calibration and maintenance
- Fixed flow and true variable flow options are available
- Compatible with ADAPCO's entire line of variable flow control systems

Guardian 95G4

The ADAPCO Guardian 95G4 ULV Sprayer offers high performance in a compact design. Ideal for less-demanding ULV programs or private applicators, the 95G4 is a dependable, professional quality sprayer with a budget-friendly price.

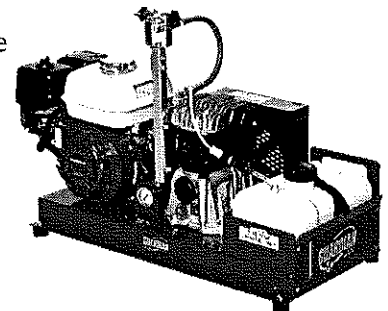

- 9.5 HP KOHLER Command PRO OHV fuel efficient engine
- 1 Year Limited Warranty
- 175 CFM Howden ROOTS high output blower
- Vectored Air Atomization Technology (VAAT)
 - Laser Tested Aluminum Alloy Nozzle
- Oversized lockable pump box for easy calibration and maintenance
- Fixed flow in-cab control is standard with optional upgrade available through ADAPCO's Monitor 5 application tracking system and variable flow
- In-cab control provides spray switch control, engine off and hot start ignition

Guardian 55/70ES

The Guardian 55/70ES is ADAPCO's solution for professional-quality mosquito and flying insect control on a price conscience budget. Perfectly sized to easily spray golf courses, barns, stables, and other low-output areas. The 55/70ES has a lightweight design with a compact footprint.

- 5.5hp commercial quality fuel-efficient Honda engine OR 7.0 hp Kohler engine
- 1 Year Limited Warranty
- Portable, lightweight aluminum construction
- Aluminum compressor with cast iron cylinder
- 2.5-gallon formulation tank with included cap & pickup tube
- Easily drop in a 2.5-gallon RTU jug
- Flow rates adjustable with stainless steel orifice disks
- Optional wired remote available

18-20 ULV Fogger Sprayer, London Fog

1 review(s) | Add your review

Quick overview

18-20 ULV Fogger Sprayer, first manufactured in 1990 and has been very well received in the market place. The designation originated because this model utilizes a 18 HP engine, which enables application of insecticides at vehicle speeds up to 20 miles per hour. The 18-20 produces the correct particle size to meet all insecticide label requirements at vehicle speeds up to 20 miles per hour.

Overview Features Specifications Label

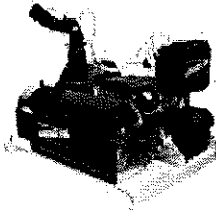

18-20 ULV Fogger Sprayer, first manufactured in 1990 and has been very well received in the market place. The designation originated because this model utilizes a 18 HP engine, which enables application of insecticides at vehicle speeds up to 20 miles per hour. The 18-20 produces the correct particle size to meet all insecticide label requirements at vehicle speeds up to 20 miles per hour.

Model 18-20 surpasses most other foggers for two important reasons. One, a new-generation overhead, V-twin cylinder engine (with throttle down feature) produces fewer emissions, consumes

less fuel, and has longer service intervals than conventional 'L' head engines. Two, our Triple-V Belt Drive feature reduces blower RPM more than 25%. This design extends blower life and creates a quieter operating fogging machine.

The newest technology for use with ULV foggers utilizes G.P.S. for Speed Compensation Flow Control of insecticide output. The Model 18-20 is available with these advancements, including monitoring and recording of adulticide applications and tracking of vehicles.

LONDON FOGGERS

Used everywhere in the world
since 1968

MODEL 18-20 High Output ULV Aerosol Generator

Standard Features on the 18-20

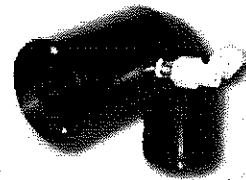

- Teflon coated aluminum HOOT nozzle
- Pistol grip cab control with throttle down electric choke and start functions
- FMI formulation pump, 3/8" ceramic piston
- Triple V Belt drive
- Kohler 18hp OHV Command engine
- Fuel tank with gauge
- Silencer tube

Optional Features on the 18-20

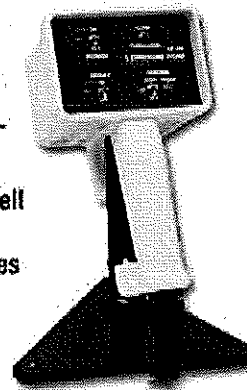

- 1 or 2 years spares kits
- Tachometers / Hour meter
- GPS, tracking & recording features

Specifications

Engine	18HP overhead valve, V-twin cylinder, electric start & choke
Formulation Pump	12 Volt DC adjustable output, positive displacement, 0-20 oz./min
Formulation Tank	15 gallon (56 liters), corrosion resistant
Particle Size	80% of droplets-less than 20 microns
Fuel Tank	7.5 gallon (28.38 litre) with gauge
Flush Tank	1 1/2 quart (1.43 liter) corrosion resistant
Blower	Rotary, positive displacement, up to 356 CFM
Weight	445 lbs (202 kg)
Length	37" (94 cm)
Width	46" (117 cm)
Height	39" (99 cm)

Executive Compensation

Registrants in the System for Award Management (SAM) respond to the Executive Compensation questions in accordance with Section 6202 of P.L. 110-252, amending the Federal Funding Accountability and Transparency Act (P.L. 109-282). This information is not displayed in SAM. It is sent to USAspending.gov for display in association with an eligible award. Maintaining an active registration in SAM demonstrates the registrant responded to the questions.

Proceedings Questions

Registrants in the System for Award Management (SAM) respond to proceedings questions in accordance with FAR 52.209-7, FAR 52.209-9, or 2.C.F.R. 200 Appendix XII. Their responses are not displayed in SAM. They are sent to FAPIIS.gov for display as applicable. Maintaining an active registration in SAM demonstrates the registrant responded to the proceedings questions.
