Maria Gaytan, Contract Specialist I
Hidalgo County Purchasing Department
2812 South Bus Hwy 281
Edinburg, Texas 78539
Phone: (956) 318-2626 ext 4879
Fax: (956) 292-7612

This letter serves to confirm that no other company can provide the following products other than Cardinal Tracking, Inc. Cardinal Tracking is the sole provider of the BADGE SE Police records management system that the HIDTA Task Force already utilizes. CAD SE, our Computer Aided Dispatch System, our MOBILE SE TLETS client software and our MOBILE LINK, are optional sub systems that seamlessly integrates through our transaction processor with BADGE SE, providing dispatchers and officers out in the field real-time access to critical information. No other CAD or Mobile System can integrate with Cardinal's BADGE SE Police RMS and provide real-time access to data contained in a database, while seamlessly sending cleared call data to be stored in the BADGE SE Dispatch Module. Cardinal utilizes no other vendors or resellers to provide any of our software products.

- **BADGE SE, CAD SE – Computer Aided Dispatch System**
- **Mobile SE TLETS Client Software – Mobile Link**

Note also that Cardinal Tracking is listed with CMBL as Vendor # 1751841973801/62527 with the State of Texas.

Feel free to contact me with any questions.
