of the total estimated improved value, whichever is less. In that case, a rehabilitation grant would not be eligible under this program, as only minor repairs to the most critical problem can be done.

Community Need Assessment:

The Interim Final Rule states, in assessing whether a household or population experienced economic harm as a result of the pandemic, a recipient may presume that a household or population that experienced unemployment or increased food or housing insecurity, or is low- or moderate-income experienced negative economic impacts resulting from the pandemic.

The investment in the development of housing and home repairs would directly address the economic impacts of the COVID-19 pandemic, which has been most acute to residents living in QCT areas and negatively impacted.

Fiscal Impact:

Estimated Budget: \$500,000.00

QCT and Low -To moderate Income Analysis:

The QCT and low to moderate-income analysis will be conducted on a case-to-case basis upon receipt of applications and registration to the program. The Small Repairs and Rehabilitation Housing Program will require the community to apply to the program to determine eligibility.
