EXPLANATION OF AND JUSTIFICATION FOR REQUESTED CHANGES (e.g., grant period extension request, program schedule modifications, changes in program speakers, budget modifications):

Our office would like to request an amendment to the Grant Agreement and the Budget Summary that was submitted for project 2022-6645, Titled Unsinkable "Voices through the Storm" from Humanities Texas.

The Budget Summary submitted included a line item for Cost Sharing under "Cash" for a total of \$1,500.00 which would have been appropriated for "Other" and "Supplies and Purchases". During the grant period, our organization did not make any cash expenditures and instead received in-kind donations for the exhibit and hall usage which totaled \$6,560.00. We would like to request that the total cost-sharing agreement be changed to \$6,560.00 in the Budget Summary and the grant agreement by removing the "Cash" Cost Sharing in the amount of \$1,500.00.
