The **Hidalgo County Head Start Program (HCHSP)** and **Urban Strategies Early Head Start Program** agree to establish a working and cooperative relationship between the parties in order to plan services appropriate for each agency's or program's clients. It is the objective of the **Hidalgo County Head Start Program** to collaborate with partners in our communities, in order to provide the highest level of services to children and families; to foster the development of a continuum of family centered services, and to advocate for a community that shares responsibility for the healthy development of children and families of all cultures.

The terms and conditions set forth in the following document shall constitute the entire Agreement between the **HCHSP** and **Urban Strategies Early Head Start Program** may not be amended except by a written document signed by **HCHSP** and **Urban Strategies Early Head Start Program** will:

- Provide services for infants and toddlers and their families to encourage trust and emotional security, provide a variety of sensory and motor experiences, support physical, social-emotional development, encourage the development of self-awareness and autonomy, and support emerging communication skills.
- Provide service coordination services for all eligible children and maintain documentation of these activities. The Family Health Advocate is responsible for coordinating all services within the program and across agency lines, as well as being available to parents.
- Make decisions regarding what services will be provided, which includes type, frequency, intensity, location, name of services provider, and method of delivery made through a collaborative Individual Family Service Plan (IFSP) process between parents and other team members. Services are jointly coordinated with other services providers involved in delivery of services to the child and family.
- To assist with transition into other appropriate programs and services when the child turns three. As early as ninety (90) days prior to the child's third birthday and with family approval, a face-to-face conference must be convened with the family and staff from the next future setting, to review the child's program options and transition plan. The child must be referred to Hidalgo County Head Start Program as described in the Individual Family Service Plan (IFSP) and agreed upon by the parents. With parental consent assessment information may accompany the referral.
- Participate in and support efforts for a smooth transition when entering Head Start programs as well as for children who, at age three, will need to be considered for services for the preschool age. To avoid duplication of effort, the **Urban Strategies Early Head Start Program** will coordinate, to the extent possible with families and the Head Start program to support the cooperation and the sharing of information among agencies and their community partners in accordance with the agency's confidentiality policies.

- Will establish and maintain transition procedures, will coordinate with the **Hidalgo County Head Start Program** to ensure the relevant children's record are transferred; will initiate meetings with **Hidalgo County Head Start Program** staff for the next placement to discuss transition progress and abilities of individual children. The process will take into account; the child's health status and developmental level, circumstances, and availability of Head Start.
- Transition planning by **Urban Strategies Early Head Start Program** will be undertaken for each child and family at least six months prior to the child's third birthday. **Urban Strategies Early Head Start Program** will allow the child, as appropriate, to remain in Early Head Start, following his or her third birthday, for additional months until he or she can transition into a Head Start, childcare, pre-school, or daycare setting.

Hidalgo County Head Start Program will:

- Provide a comprehensive pre-school program for economically disadvantage children, three to five years of age. The program gives priority to identify, recruit, and serve foster children, homeless children, and children with disabilities and their families. All **HCHSP** records, data, or information related to individual children, families, and staff will be treated as confidential. Release of information will take place only with clients' prior written consent and approval.
- Follow Center for Disease Control (CDC) guidelines and HCHSP work safe plans due to Covid-19 pandemic.

Collaboration Efforts between Urban Strategies Early Head Start Program and HCHSP:
