Attached please see revised Ltr. Our office would recommend attaching the letter to an agenda item on Tuesday's Commissioners Court meeting, seeking approval for the Sheriff's Office to participate in this initiative by his participation in the TAG, which is funded through a grant from the Office of the Governor, and authorization for the Sheriff to execute any documents necessary to effectuate participation in the initiative.

Please let me know if you have any questions or concerns.

Respectfully,

Victor M. Garza

No sir I did not have anything for LEO Technologies. The document I had sent your office was on we used for another data sharing agreement (attached below).

Jose, there should also be an agreement from leo for the use of the service that included terms and conditions. Thought you had sent one previously.

Understood, I will work on the agenda item as soon as possible.

Is the attached agreement the "User Agreement" you mentioned in your email?

Mr. Rodriguez,

Based on our office's understanding of the information being provided, this service is going to be at no cost to the HCSO, in so far as it is an initiative being funded through the TAG via a grant from the Office of the Governor. If the HCSO would like to participate in this initiative, please provide our office with the vendor's use agreement, and also we would recommend an item on the next agenda with clear wording about the initiative and budgetary impact, as well as a request for authorization for the Sheriff to execute the agreement.

Please let me know if you have any questions or concerns.

Good morning,

Please see below the email from Juan Cano from LEO Technologies, where he is explaining that the Verus system will be free of charge for two years.

If possible can you confirm if this is sufficient information for us to take the agreement to the CC meeting next week?

Good morning Jose

Yes, The Hidalgo County Sheriff's Department will not incur any costs due to the investigative software being free of charge based on the Texas Anti-Gang Initiative which is being funded by the OFFICE OF THE GOVERNOR as a special line item. The Verus software system will be at no charge for 24 months.

Should you have any additional questions please contact me immediately. I will be at Commissioner's Court on Tuesday should there require any additional clarification.

Good afternoon,

After speaking with my superiors they are requesting confirmation in writing from your agency that the Verus System will be free of cost to HCSO; as well as a brief explanation of how this is possible. Please provide us with this information so that we can move forward with this agreement, and get our County Judge to approve the signing of the necessary documentation.

Thank you for your assistance and patience with this matter.
