Just an "fyi",

As per communication with our PHEP Contract Manager (Fred Waterman), he is trying to get the **All-Hazard Conference Amendment** to us by next week. If we receive it by no later Wednesday, we should have time to include in the CC meeting for the 29th. IF not, then it will have to wait until December 13th.

Good morning Mike—

The amendment that will be sent for Hidalgo will be a two-fold amendment—the first will be addressing the FSR language and the second will be increasing the contract for the All Hazards Conference.

I am working to getting final approval and once I do will push it out as quickly as possible. It will be next week when it happens though, at the earliest.

Hello Fred,

Thanks for the update. Just wondering if this Amendment will include the All-Hazards Conference Budget or if another Amendment will be expected.

Any info you can provide would be appreciated.

Thank you.

Dear Partners,

You will be receiving Contract Amendments this week for the following programs:

- CPS/LRN
- CPS/HAZARDS
- CPS/CRI
- CPS/CRI-8

These amendments are due to a change in the Financial Status Report (FSR) submission language. Moving forward Contractors are required to submit FSRs biannually and not quarterly. The specific dates are outlined in your amendment signature page.

If you have questions, please reach contact me via email or phone.

Thank you,
