A Message From Our Founder

Dear Judge Cortez

I wanted to take this opportunity to thank you for your thoughtful consideration of our proposal. As I know you're aware, the mobile space is the dominant information sphere for an ever expanding segment of our population. The need for civic minded organizations to be able to effectively communicate with and better serve their communities is what first inspired me to start TheSheriffApp.com almost- 10 years ago.

Since that time, we've grown into the Nation's largest provider of law enforcement specific apps that allow sheriffs' offices nationwide to effectively engage with the communities they serve. Our team of dedicated experts has grown to include long serving law enforcement directors such as yourself, talented technology visionaries, experienced developers, and top notch sales and support staff; all of whom are passionate about our company's Mission Statement "Serving Those Who Serve".

Being in on the ground floor of the mobile space has allowed our company to grow along with the technological advancements which now allow us to offer you the absolute best in reliable and effective communication tools to not only help your office effectively serve, but to actively engage your community and build those lasting relationships that mutually benefit the community at large.

As you will see outlined below, our proposed solution is custom tailored to ensure your office puts its best foot forward, can actively inform and interact with the community it serves and that you can easily call your community to action by rapidly disseminating urgent messages, notifications and pertinent agency news.

When you allow us to Serve You, together we ensure your office is harnessing the most effective communication tool each member of your community is already engaging with on a daily basis.

By putting the Hidalgo County Sheriff's Office, TX app in the pocket of those you serve, we help build stronger, safer and more engaged communities, and that is what drives us to continue to provide the absolute best product available on the market today.

We look forward to the opportunity to Serve You and your Community.

OCV, LLC TERMS AND CONDITIONS

1. MOBILE APP CREATION AND REVIEW PERIOD: Upon execution of this contract, the OCVapps team will go to work on designing and building your app(s). At the design phase, we will solicit your initial design ideas, existing graphics and logos and use any other existing asset that you have to set the direction. A mock up / prototype will be developed using graphics and be sent to you for approval/ review. This will happen prior to the start of coding. Upon electronic approval of the prototype images, OCV, LLC will begin coding your app (contingent on having all information from the customer).

Upon completion of the code, OCV will review and test the app at all levels. Once the app passes our internal review and processes, we will upload it to the Apple iTunes Store/Google Play store for official App review and release.

Upon acceptance of the app within the iTunes store/ Google Play store, we will notify you via email/phone. After the App is released in the stores we will train you how to use the control panel and how to update your app. Total elapsed time estimate: ~ 45 - 60 days after all information is provided to Host project management staff.

2. OCV, LLC Features: Features will be solidified after contract acceptance.

3. CUSTOMER/OCV CONTROL: An OCVapp exists in two parts: the “features” and “content”. The features remain static in nature. The “content” is the update-able features that the client can update. OCV will work with your team to ensure that you can edit the “content” via RSS feeds and a custom web accessible control panel. Unless requested of OCV by the client, only the client can make changes to the content within the control panel.

4. PUSH NOTIFICATION AND OTHER ALERT NOTIFICATIONS: An OCVapp may be instrumented with a Push notification or other Alert terminology. OCV does not warranty, suggest, or advertise that an OCVapp is designed for life saving immediate warnings. The OCVapp push notification and alert systems are simply intended to give a central location for end users to see the latest information. While it will be the intent of a push notification to be delivered to your OCVapp, it is not something that can be guaranteed. Due to the technical limitations, multiple internet connections and outside factors that are out of the control of OCV, we suggest that our warnings will almost always be delivered in less than a minute. Some instances will show quicker and others slower. There is a chance that during a storm or other emergency, information may slow due to power outages, mobile phone network shortages or outages and many other factors. In severe situations, the feed may not happen at all.

Note: Never assume that the end user has received the push notification. Due to the requirements of the marketplace, push notifications are opt-in services. A user can turn off the notifications at any time or uninstall the app.

Terms added by Hidalgo County:

In the event that, during any term hereof, the Commissioner’s Court does not appropriate sufficient funds to meet the obligations of County under this Agreement, County may terminate this Agreement upon thirty (30) days written notice to Company, County agrees, however, to use a best efforts attempt to obtain and appropriate funds for payment of the Agreement. This provision, if applicable, is intended to be a continuing right to terminate this agreement at the expiration of each of the County’s budget periods in accordance with applicable law. Additionally, parties may terminate this agreement without cause upon sixty (60) days written notice.

5. **Warranties Disclaimer:** Due to the many links in the overall national and regional communication networks and infrastructure (national/regional cellular/mobile communication networks and their traffic management, land-phone lines and regional switching networks, power grids, etc.) all of which are completely outside the control or monitoring of OCV, OCV disclaims any and all warranties with respect to the Client's use of an App developed by OCV, direct or indirect, including but not limited to warranties of merchantability and fitness for a particular purpose. In no event shall OCV, its affiliates, business partners, service providers, employees, agents, representatives, or shareholders be liable to customer for any incidental, consequential, indirect, special, or punitive damages (including damages due to: service failures, business or service interruptions, etc.) for any aspect of its service outside of OCV's direct control.

IN WITNESS WHEREOF, the parties have executed this Agreement by their duly authorized representatives.

This Agreement constitutes the entire Agreement between the parties with respect to the subject matter hereof, and as of the date this Agreement is executed by both Parties, shall supersede any previous agreements or understandings, written or oral, between the Parties.
