Problem Statement :

The Hidalgo County Criminal District Attorney's Office (HCCDA) has developed a victim centered approach when providing services to victims of domestic violence and in the prosecution of the offenders of those cases. Domestic violence cases are among the most difficult to prosecute and require specially trained investigators, prosecutors and victim advocates. Special areas of concern for HCCDA include: 1) reducing the number of affidavits of non-prosecution (ANP) filed by victims, 2) increasing participation of victim in the criminal justice process, 3) the lack of physical evidence during investigation of crimes, 4) changing the mindset in the community about domestic violence victims, and 5) decreasing victim blaming while holding perpetrators accountable. The HCCDA office understands that in cases of domestic violence ensuring the safety of the victim and their children is paramount. It is very common for victims of domestic violence to recant their testimony and not follow through with pursuing charges against their intimate partner due to fear or a state of denial. The HCCDA has implemented a Safety Planning program to ensure that every domestic violence victim that comes to our office to submit an Affidavit of Non-Prosecution (ANP) meets with a Victim Advocate in person. The advocate informs victims about resources available to him/her and discusses a Safety Plan in a language he/she can read and understand. If the victim wishes to continue with the ANP process, he/she will be advised that the case will be reviewed by the Domestic Violence Specialty Prosecutor and that the outcome of the case is not the victim's responsibility. Furthermore, victims are provided assistance in applying for a protective order, if needed. The HCCDA office educates them on the criminal justice process and explains the HCCDA office is prosecuting a violation of the law and the defendant will be held accountable. The objective of the HCCDA office is to ensure the victim's safety. Law enforcement officers often encounter children when they respond to domestic violence incidents and have reported children are visibly distressed, frightened, sad, and/or crying. Domestic violence cases present some of the greatest challenges in the work. Incidents are often repetitive, emotionally charged, and volatile. These can be the most dangerous calls that an officer responds to due to the increased lethality of both the victim and the officer. The Domestic Violence Investigator will work with all local law enforcement agencies of Hidalgo County to provide guidance, and training. This will include specialized training, for officers on best practices when responding to domestic violence calls. In addition, the Investigator will work with the HCCDA Victims Unit to provide specialized training to law enforcement agencies on safety planning and community-based resources for victims of domestic violence. The Investigator will also provide assistance in order to ensure that during the investigation domestic violence cases, officers are collecting all necessary physical evidence of the crime and documenting all visible injuries. The Investigator will be a certified Sexual Assault/Family Violence Investigator (SAFVIC) and will train other officers on victim safety and how to respond to children that are exposed to domestic violence at the crime scene. The Domestic Violence Unit staff will provide prevention education to the general public to inform victims of available services. In addition, during Domestic Violence Awareness month the staff will continue to host a "Purple Day" campaign against domestic violence and educate the public of the dynamics of family violence with the intention to change the public's view of domestic violence victims and reduce victim blaming. It is time for the community to come together to place the accountability on the perpetrator of the abuse and the violation of the law. The DVU will join forces with the Hidalgo County Family Violence Task Force to increase prevention education in Hidalgo County.

Supporting Data :

The Hidalgo County Criminal District Attorney's Office provided victim assistance to 9720 victims of domestic violence in 2021, an increase of 34% from the previous year, which provided assistance to 6,320 victims. According to the Texas Crime Report of 2020 of the Texas Department of Public Safety there were a total of 5,876 family violence cases reported in Hidalgo County, 581 Sexual Assaults, 35 Murders, 271 Robberies, and 1,585 Assaults. In 2020 The Texas Uniform Crime Reporting (UCR), stated that law enforcement officers in Texas responded to 218,950 incidents of family violence, a 10% increase from 2019 where 198,899 incidents were reported; approximately 60,000 of these incidents were identified as intimate partner violence. The Honoring Texas Victims Report of the Texas Council of Family Violence reported a total of 183 Texas women were killed by their male intimate partners in 2020. In Hidalgo County, 5 homicides attributed family violence. In addition, the Texas Department of Family & Protective Services for Region 11 Statistics Report shows that Hidalgo County received 3,675 reports of child abuse and 1,119 reports of elder abuse.

Project Approach & Activities:

The goals of the Hidalgo County Domestic Violence Unit Program are: 1) to protect the victim from additional acts of violence committed by the perpetrator; 2) to reduce the exposure and/or possible injury to children and/or other family members from domestic violence; 3) to deter the perpetrator from committing continued

acts of violence in the community and hold him/her accountable; 4) to create a general deterrence to domestic violence in the community; and 5) to ensure justice is served. This project will address the following priorities in the Lower Rio Grande Valley Development Council (LRGVDC) Regional Strategic Plan: domestic violence, dating violence, sexual assault, trafficking, and stalking. It will also address safety planning and referrals for services to victims of domestic violence. The Domestic Violence Specialty Prosecutor (paid through separate funding source) will review, investigate, and prosecute cases of family violence, stalking, and dating violence. The Domestic Violence Investigator will work with local law enforcement agencies to provide guidance and training as well as develop victim centered responses to domestic violence incidents. Translation services will be available for non-English speaking victims. The Domestic Violence Unit staff will interact with community-based agencies, the local domestic violence shelter, and the Hidalgo County Family Violence Task Force to coordinate community responses to domestic violence. The staff will also work directly with victims throughout the criminal justice process to ensure victims' rights are afforded and their voices are heard.

Capacity & Capabilities:

The Hidalgo County Criminal District Attorney Office (HCDA) represents the State of Texas as the prosecutorial agency in all criminal cases in Hidalgo County. This grant is administered by HCDA, all required reports and justification for the grant are provided on a yearly basis. In addition, HCDA oversees the Domestic Violence Unit and ensures that the grant monies are adequately expended and budgeted properly. HCDA also works closely with the County Auditor's Office to ensure the proper use of grant funds. The Domestic Violence Investigator is a certified Peace Officer with the Sexual Assault/Family Violence Investigator Certificate (SAFVIC) from the Texas Commission on Law Enforcement.

Performance Management :

The Hidalgo County Criminal District Attorney's Office (HCCDA) has developed a victim centered approach to address the prosecution and victim services for domestic violence cases submitted to our office. Domestic violence cases are among the most difficult to prosecute and require specialty trained prosecutors. Special areas for the HCDA include: 1) children exposed to domestic violence; 2) reduction of the number of affidavits of non-prosecution filed by victims, 3) increased participation by the victim in the criminal justice process, 4) the lack of physical evidence during the investigation of a crime by law enforcement, 5) the change in the viewpoints of the community about domestic violence victims; and 6) decreased victim blaming while holding perpetrators accountable. The assigned specialty prosecutor will assess the program through input from police, victims, and other members of the DVU. The prosecutor will also determine how many of the domestic violence referrals lead to indictments by the Grand Jury for prosecution in Hidalgo County District Courts. The prosecutor will serve all cities, municipalities and unincorporated areas in Hidalgo County, Texas. The services will target victims of domestic violence while focusing on keeping said victims safe and holding perpetrators accountable. The objectives are to provide victim advocacy through victim education on victims' rights, victim impact statements, the prosecution process, restitution, post sentence services, safety planning, and community organizational services and to assist victims in obtaining protective orders. This will allow them to leave abusive relationships and live a life free of violence. The DVSP will perform targeted prosecution and case reviews for domestic violence cases. He/she will also provide training to law enforcement officers to improve the physical evidence collection which will aid the prosecution of domestic violence cases. This programs success will be measured by a service evaluation that will be filled out by victims that have been serviced by HCCDA. The service evaluation will measure the effectiveness of the services offered. This will allow HCCDA to understand if the information being provided to the victim is effective at addressing he/she needs. In addition, HCCDA will use the VS Tracking data system to have accurate data collection and track the number of victims to which services are being provided. This will allow HCCDA to determine what type of service is being requested most frequently so that the HCCDA can adjust accordingly to fulfill those needs. All trainings will also require a training evaluation to measure the success and learning objectives for attendees.

Target Group :

The target group will be Victims that reside in Hidalgo County with a population of 870,781 as of 2020. Hidalgo County has a 92.5% Hispanic population and 23.9 % of the population live in poverty. The HCCDA will serve crime victims of all age groups, all sexes, multiple languages, and undocumented individuals.

Evidence-Based Practices:

The Hidalgo County District Attorney's Office implemented the Victims Unit to comply with Chapter 56 of the Texas Code of Criminal Procedure (TCCP) that states the Attorney representing the state has the duty to ensure to the extent practicable that a victim, guardian of a victim, or close relative of a deceased victim is

afforded the rights granted in said chapter. The Hidalgo County District Attorney's Office uses the "CRIME VICTIM ASSISTANCE STANDARDS" that were developed and distributed by the Texas Department of Criminal Justice Victim Services Division Texas Crime Victim Clearinghouse, in accordance with the Texas Code of Criminal Procedure Article 56A.604, to law enforcement officers and attorneys representing the state to aid those officers and prosecutors in performing their duties imposed by the Texas Code of Criminal Procedure Chapters 56A - Rights of Crime Victims, 56B - Crime Victims' Compensation, and 58 - Confidentiality of Identifying Information and Medical Records of Certain Crime Victims.
