Project Description:

Hidalgo County is experiencing increased medical emergencies due to the Covid-19 Pandemic Public Health Emergency. Concurrently, shortages with medical response personnel and equipment are also occurring, and emergency medical service providers are unable to provide optimal services to certain communities. The purchase and implementation of 5 Quick Response Emergency Units, equipped to provide EMS first-response services, will directly respond to the COVID-19 Pandemic Public Health Emergency. Emergency Management Coordinators (EMCs) will be assigned to the Quick Response Emergency Units thereby responding to medical emergencies, performing lifesaving treatments and providing assistive services prior to and in conjunction with an ambulance's arrival to a scene. The Units will be housed at strategic locations in Hidalgo County to provide quick response times for medical emergencies. The use of this project in conjunction with our other current projects will be critical in order to reduce the effects of Covid-19 and increase our emergency medical response capabilities to our community.

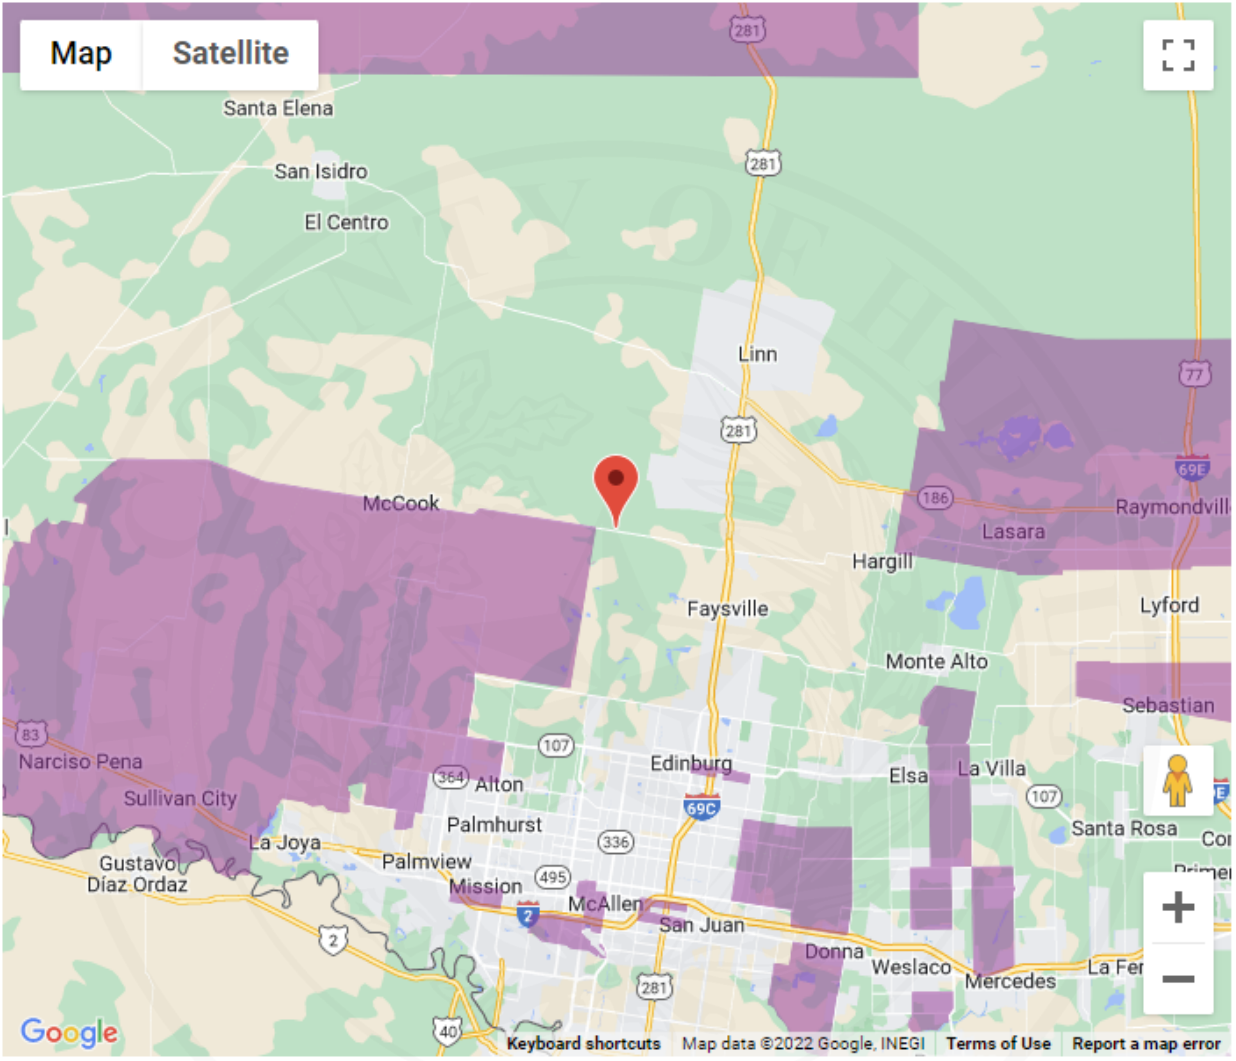

The Treasury has addressed the eligibility standard for capital expenditures, or investments in property, facilities, or equipment...Acquisition of equipment for COVID-19 prevention and treatment, including ventilators, ambulances, and other medical or emergency services equipment.¹
