### NATOA 2023 Membership Renewal Notice

Greetings NATOAn,

We are back! It was phenomenal to see everyone in person last month in Denver. What an incredible experience of community, education and advancement. It is our mission to serve you at the highest capacity, to stay in front of current events critical to your jobs and your jurisdictions, and to bring you that information through our events, committees, listservs and more.

As we enter renewal season, I ask you to take a moment to reflect on how you have benefitted from NATOA this past year. More importantly, I challenge all of you to find new ways to level-up your involvement in 2023. We offer myriad professional development and leadership opportunities on a national platform. You could offer to speak on a webinar or volunteer to serve on a committee. At NATOA, we thrive on the participation and leadership of our very own members.

Your membership renewal ensures your continued access to our exclusive benefits and nationwide network of colleagues and peers. Check out how NATOA works for you:

- Education on emerging issues in every aspect of local government telecom

- Advocacy at the Federal level including Capitol Hill, the FCC, and the Courts
- Professional Development and Recognition through robust forums and committee discussions
- Connection with leaders and peers from cities, towns, and counties across the country
- Support during the unexpected with creative approaches to new challenges

You can quickly and easily renew your membership when you log-in to your Member Compass at: <https://www.natoa.org/member-compass>. Simply click "Pay Balance" within the Member Compass and follow the steps to renew. Membership runs on a calendar year and dues must be paid no later than January 31, 2023 to continue benefits. Our voluntary assessment (found on your dues invoice) is used to educate our members and protect local government authority. Your support of these efforts is needed now more than ever. View the list of 2022 legal and regulatory activities that NATOA participated in here.

In Service,

Tonya S. Rideout  
NATOA Executive Director
