The County may enter into negotiations with the Contractor regarding the Construction Management Firm's Services Proposal, and should the parties reach an agreement, then the Contractor will submit a "**Work Authorization**" (on a form prescribed by the County and available from the Hidalgo County Purchasing Department) to the County for approval and execution. The Work Authorization will detail the Contractor's duties and responsibilities with respect to the specific project. However, if the parties are unsuccessful at coming to terms with the project, then the County may seek the services of other professional construction management firms. *All the provisions and requirements of this Agreement shall be incorporated into each Work Authorization entered into between the Parties.*
4. Contractor agrees in performing the Services that it will use proper professional standards, comply with any and all appropriate laws and regulations in providing the Services, and devote such time as is necessary to safely and efficiently provide the Services.
5. **Non-Exclusive Services of Contract Manager.** Hidalgo County reserves the right to request these services from sources other than the Contractor and shall not be in violation of any terms or conditions of this Agreement.

**6. Term.** This Agreement is for a period of **one (1) year**, effective **February 7, 2023, and will terminate February 6th, 2024** or unless sooner terminated as provided in Number 7 below. The Contractor will not begin to work or incur costs until authorized in writing by the County with a Project Specific “Work Authorization”. The County assumes no liability or obligation for payment to the Contractor for work performed or costs incurred by the Contractor prior to the date authorized by the County for the Contractor to begin work, during periods when work is suspended, or subsequent to the completion of a Project Specific Work Authorization.

**7. Termination of On-Call Agreement.** This On-Call Agreement will be in effect until the Agreement expires or County terminates this Agreement during the contract term for any reason or no reason at all upon giving thirty (30) days prior written notice to the Contractor. Any Work Authorization for a specific project entered into with Contractor prior to the termination of this On-Call Agreement shall continue unless terminated as provided below.

**8. Termination of Project Work Authorization.**

**8.1** Open Work Authorization(s) entered into with Contractor for a specific Project may be terminated by any of the following conditions:

- (1) **Commitment of Current Revenues.** In the event that, during any term hereof, the County does not appropriate sufficient funds to meet to the obligations of a Project, the County may terminate a Project Work Authorization upon thirty (30) days written notice to the Contractor. The County agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of the Project. The parties intend this provision to be a continuing right to terminate the Project Work Authorization at the expiration of each budget period of the County pursuant to the provisions of Tex. Loc. Govt. Code Ann. ' 271.903 (Vernon Supp. 1995).
- (2) By mutual agreement and consent, in writing, of both the Contractor and the County.
- (3) By the County, upon failure of the Contractor to fulfill the Contractor’s obligations set forth herein in a satisfactory manner as determined by the County and in sole opinion of the County, after the County provides written notice to the Contractor of such failure and the Contractor has not corrected such failure within (30) days of such written notice by the County.
- (4) By the Contractor, upon failure of the County to fulfill the County’s obligations set forth herein, after the Contractor provides written notice to the County of such failure and the County has not corrected such failure within thirty (30) days of such written notice by the Contractor.
- (5) By the County without cause upon thirty (30) days written notice to the Contractor.

(6) By satisfactory completion of all services and obligations described in a Project Specific Work Authorization prior to the scheduled Project completion date. Extension of a scheduled Project completion date shall be in accordance to procedures described in sections 9 and 14.

**8.2** Should the County terminate a Project Work Authorization as herein provided, no fees other than fees due and payable at the time of termination of that Work Authorization shall thereafter be paid to the Contractor notwithstanding anything herein to the contrary. In determining the value of the work performed by the Contractor prior to termination, the County shall be the sole judge of the value of such work performed. Compensation for work at termination will be based on a percentage of the work completed at that time. Should the County terminate a Project Work Authorization under (5) of the paragraph above, the amount charged during the thirty (30) day notice period shall not exceed the amount charged during the preceding ninety (90) days.

**8.3** If the termination of a Project Work Authorization is due to the failure of the Contractor to fulfill the Contractor's obligations under the Work Authorization including provisions of this Agreement incorporated therein, the County may take over the Project and prosecute the work to completion. In such case, the Contractor shall be liable to the County for any additional cost occasioned by the County.

**8.4** If the Contractor defaults in the performance of a Project Work Authorization or if the County terminates a Project Work Authorization for fault on the part of the Contractor, the county will give consideration to payment of an amount in settlement to include: the actual costs incurred by the Contractor in performing the work to the date of default, the amount of work required which was satisfactorily completed to date of default, the value of the work which is usable to the County, the cost to the County of employing another consultant and/or firm to complete the work required and the time required to do so, and other factors which affect the value to the County of the work performed at the time of default. This Agreement shall not be considered as specifying the exclusive remedy for any default by the Contractor, but all remedies existing at law and in equity may be availed of by either party and shall be cumulative.

**8.5** The termination of a Project Work Authorization and payment of an amount in settlement as prescribed above shall extinguish all rights, duties, and obligations of the County and the Contractor under this Agreement, except the obligations set forth in sections 19.2, 20, 21, 23, 24, 25, 27.3, 28, 31 and 35 hereto.

**9. Extension of a Project Termination Date.** The Contractor shall notify the County in writing as soon as possible if it is determined, or reasonably anticipated, that the work authorized under a

Work Authorization for a Project cannot be completed before the Project's scheduled Termination Date, and the County may, at the County's sole discretion, extend the Project's scheduled Termination Date by written Amendment as provided in herein. The Contractor shall allow adequate time for review and approval by the County of the written notice and request by the Contractor to extend the Work Authorization Termination Date.

**10. Suspension of Work.** Should the County desire to suspend the work under a Project Work Authorization, but not terminate the Project Work Authorization, the County shall provide thirty (30) calendar days verbal notification to Contractor, followed by written confirmation from the County to Contractor to that effect. The thirty-day notice may be waived as agreed in writing by both the County and Contractor to that effect. The work under the Project Work Authorization may be reinstated and resumed in full force and effect within sixty (60) days of receipt of written notice from the County to the Contractor. The sixty-day notice may be waived if agreed in writing by both the County and Contractor. If the County suspends the work, the Termination Date for a Project as identified is not affected and this Project will terminate on the date specified, unless extended by written amendment, as provided in the Amendment section hereof, duly executed by the Contractor and the County prior to the Termination Date.

**11. Progress and Coordination.** The Contractor shall, from time to time during the progress of the work, confer with the County.

- a. The Contractor shall prepare and present such information as may be pertinent and necessary, or as may be requested by the County, in order to evaluate features of the Contractor's services and work.
- b. At the request of the County or the Contractor, conferences shall be provided at the contractor's office, the offices of the County, or at other locations designated by the County. These conferences shall also include evaluation of the Contractor's services and work when requested by the County.
- c. County shall assist Contractor, as necessary, to obtain required data and information from other local, regional, state and federal agencies the Contractor cannot easily obtain, provide any available relevant data the County may have on file concerning the Project.
- d. County shall provide timely review and decisions in response to the Contractor's request for information and/or required submittals and deliverables, in order for Contractor to maintain the agreed-upon work schedule prepared in accordance with a Work Authorization (if applicable).

e. All applicable study reports shall be submitted in preliminary form for approval by the County before the final report is issued. The County's comments regarding the contractor's preliminary report will be addressed by the Contractor in the final report.

f. If funds by other agencies or entities are to be used for the development of any project awarded under this Agreement, the Contractor's Services and work will be subject to periodic review and approval by other agencies or entities, including those of the city, county, state and/or federal agencies.

g. Should it be determined that the progress in the production of the Contractor's Services and work does not satisfy the requirements of the approved Work Authorization, the County shall review the approved Work Authorization with the Contractor to determine the corrective action needed by either the County or the Contractor.

h. **Reporting.** The Contractor shall promptly advise the County in writing of events which have a significant impact upon the Agreement, a Project Work Authorization and/or the progress of the Contractor's Services and work and the approved Work Schedule, including:

(1) Problems, delays or adverse conditions which will materially affect the ability to attain Agreement objectives, prevent the meeting of time schedules and goals, or preclude the timely completion and submittal of Project deliverables by the Contractor within established time periods. This disclosure will be accompanied by a statement by the Contractor of recommended or immediate action taken, or contemplated, and any County or other agency or entity assistance needed to resolve the situation, including Federal assistance if Federal funds are involved: and

(2) Favorable developments or events which enable meeting the Work Schedule goals sooner than anticipated or which are producing more work units than originally projected.

**12. Compensation and Fees.** For and in consideration of the services to be rendered by the Contractor, the County shall compensate the Contractor as follows:

**12.1 Services.** For and in consideration of the *Services* to be rendered by the Contractor, as identified in herein and on the project specific Work Authorization, the maximum amount payable by the County to the Contractor for *Services*, subject to adjustment in accordance with Request for Payment provision provided below, will be provided in each Work Authorization issued. An outline and breakdown of the Services Fee are more particularly identified in EXHIBIT "B"-Construction Management Firm's Contract Rates, attached hereto and made a part of this Agreement. Payments to the Contractor for *Services* shall be made

by the County, upon presentation by the Contractor of the monthly Request for Payment, in accordance with the terms and provisions provided below.

**12.2 *Special Services (if applicable).*** Those services that may be required to be provided by the Contractor as *Special Services* are set forth below and more particularly described in Contractor's proposal. For and in consideration of these *Special Services* rendered as required by the Contractor, the County shall pay the Contractor a negotiated lump sum fee (hereafter referred to as "Special Services Fee") at the hourly labor rates and non-labor rates (hereinafter referred to as "Contract Rates") specified in EXHIBIT "B" - *Contract Rates*, attached hereto and made a part of this Agreement, and as follows:

- A. RESIDENT OR SITE CONTRACTOR, INSPECTOR.** Actual performance of services of project site Contractor, resident Contractor and/or inspector, if required by County.

- C. EXTRA TRAVEL.** Extra travel required of Contractor and authorized by County to points outside of Hidalgo County.
- D. EXPERT WITNESS.** Assistance to the County as expert witness in any litigation with third parties, arising from the development or construction of the Project.

**13. Method of Payment.** For and in consideration of the services to be rendered by the Contractor, the County shall compensate the Contractor as follows:

**13.1 Request for Payment.** Payments to the Contractor for services rendered will be made periodically while work is in progress as executed through a lump sum fee assigned to each Work Authorization as provided herein. For each Work Authorization, the Contractor shall prepare and submit to the County monthly progress reports in sufficient detail to support the progress of the work and in support of a request for payment (hereinafter referred to as “Request for Payment”). The progress report shall indicate the percent completion of the work accomplished by the Contractor during the billing period and to the date of the Request for Payment. On or before noon of the first Monday of each month during the performance of the services, the Contractor shall submit to the County for approval a Request for Payment. Payment of the lump sum fee for each Work Authorization identified in the Request for Payment will be in proportion to the percent completion of the work tasks identified in such Work Authorizations together with a detailed breakdown of the amount and the sum of all prior payments. The County shall review each such Request for Payment and may make such exceptions as the County reasonably deems necessary or appropriate under the circumstances then existing. About ten (10) working days after the Commissioners Court of the County meets approving such payment, the County shall make payment to the Contractor in the amount approved as aforesaid subject to section 13.4 herein and below in accordance with the Texas Prompt Payment Act, Tex. Govt. Code Ch. 2251.

If the Project, or any portion(s) thereof, are deleted or otherwise not constructed, compensation to the Contractor by the County for the Project or such portions of the project shall be only the amounts paid the Contractor for actual work performed in accordance with the Work Authorization(s) approved by the County.

**13.2 Final Payment.** After all periodic payments as described above are paid by the County and upon final completion of the work by the Contractor and acceptance thereof by the County, the Contractor shall submit a final request for payment (“Final Request for Payment”) which shall set forth all amounts due and remaining unpaid to the Contractor and upon approval thereof by the County, the County shall pay to the Contractor the amount due (“Final Payment”) under such Final Request for Payment in accordance with the provisions of section “13.1” hereof. The Final Payment shall not be made until the Contractor delivers to the County an affidavit that so far as the Contractor has knowledge or information any and all amounts due for materials and services over which the Contractor has control have been paid.

**13.3 Qualification on Obligations to Pay.** Any provision hereof to the contrary notwithstanding, the County shall not be obligated to make any payment (whether a periodic payment as provided above or Final Payment) to the Contractor hereunder if any one or more of the following conditions precedent exist:

- (1) The Contractor is in default of any of its obligations hereunder or otherwise is in default under this Agreement or under any contract documents related to this Agreement;
- (2) Any part of such payment is attributable to the Contractor's services which are not performed in accordance with this Agreement; provided, however, such payment shall be made as to the part thereof attributable to the Contractor's services which were performed in accordance with this Agreement.
- (3) The Contractor has failed to make payments promptly to consultants or other third parties used in connection with the Project for which the County has made payment to the Contractor;
- (4) If the County, in good faith judgement, determines that the portion of the compensation then remaining unpaid will not be sufficient to complete the Contractor's services in accordance with this Agreement, no additional payments will be due the Contractor hereunder unless and until the Contractor, at its sole cost, performs a sufficient portion of the Contractor's services so that such portion of the compensation then remaining unpaid is determined by the County to be sufficient to so complete the Contractor's services.

**13.4** No partial payment made hereunder shall be or construed to be final acceptance or approval of that part of the Contractor's services to which such partial payment related or relieves the Contractor of any of its obligations hereunder with respect thereto.

**13.5** If applicable, the Contractor shall promptly pay all bills for labor and material performed and furnished by others in connection with the performance of the Contractor's services.

**14. Work Authorization.** After execution of this Agreement, the Contractor shall proceed with the work outlined in this Agreement, only as authorized by the County, through an agreed Work Authorization (prescribed form available through Hidalgo County Purchasing Department).

**14.1** The Contractor will identify, as approved by the County, the needed services for the Project, as required through the course of the development to the Project. The County shall authorize the Contractor to perform one or more of the agreed tasks identified in this Agreement and in Contractor's proposal, in the form of individual work authorizations. County will provide the authorization to proceed with services through coordination as needed with the project consulting and design Contractor. Upon authorization from the County, the Contractor will prepare a Work Authorization document, which will include a description of the work to be performed, including a description of the tasks and milestones,

a work schedule, and an estimated cost proposal agreed upon by the County and the Contractor. The estimated cost proposal shall set forth in detail the computation of the cost of each work task, at the hourly rates established and identified in EXHIBIT "B", attached hereto. The Work Authorizations shall not waive the County's and the Contractor's responsibilities and obligations established in this Agreement.

**14.2** The estimated cost proposal for each Work Authorization, developed by the Contractor and approved by the County shall be used by the County to appropriate a purchase order for the Work Authorization. Each executed Work Authorization shall become a part of this Agreement. Upon satisfactory completion of the Work Authorization, the Contractor shall submit the Project's deliverables as specified in the executed Work Authorization to the County for review and acceptance.

**14.3** Work included in a Work Authorization shall not begin until the County and the Contractor have signed the Work Authorization. All work must be completed on or before the completion date specified in the Work Authorization, unless extended by written agreement by the Contractor and the County. The Contractor shall promptly notify the County of any event that will affect completion of the Work Authorization. All specific Project Work Authorizations must be executed by both the Contractor and the County within the period established for this Agreement as specified in the Term section hereof.

**14.4** The final acceptance by the County of each Work Authorization for the Project shall serve as evidence of completion, on the part of the Contractor, of all services under this Agreement insofar as they pertain to that portion of work on the Project identified in the applicable work authorization.

**15. Amendments** This Agreement or a specific Project Work Authorization may be amended as follows.

**15.1** If it becomes necessary at any time during the term of this Agreement to change the terms of this Agreement then a written amendment shall be executed within the Agreement period indicated in section 7 above.

**15.2** If it becomes necessary at any time during a Project Work Authorization period to change a Project's scope of services, a Work Authorization period, the maximum amount payable, the complexity, or the character of a Project Work Authorization then a written amendment shall be executed within the specific Project Work Authorization period.

**15.3** The County retains the right to reject any such amendment proposed by the Contractor. Any such amendments shall be made in writing, agreed to by all parties hereto, and duly executed before the end of the Agreement or specific Project period as specified. If

the County finds it necessary to require changes in completed work because of errors made by the Contractor, the County shall require the Contractor to correct the work at no cost to the County and without amendment to the Agreement or specific Project period as specified. If the changes are made at the request of the County and are not due to errors of the Contractor, the County will reimburse the Contractor for the additional work at the same rate of pay established in Exhibit "B", i.e., "Contract Rates." If payment for the additional work will cause the maximum amount payable under a specific work authorization to be exhausted, an amendment shall be proposed in accordance with all state procurement laws. It is distinctly understood and agreed that no claim by the Contractor for additional work or changes or revisions in work, as identified below, shall be made by the Contractor until full execution of the Amendment and authorization to proceed is granted by the County. The County reserves the right to withhold payment to the Contractor pending verification of satisfactory work performed by the Contractor.

**16. Additional Work.** If the Contractor is of the opinion that any work it has been directed to perform is beyond the scope of this Agreement and constitutes extra work, the Contractor shall promptly notify the County in writing. In the event, the County finds that such work does constitute extra work, the County shall so advise the Contractor and a written Amendment will be executed between the County and the Contractor as provided herein. The Contractor shall not perform any proposed additional work or incur any additional cost prior to the execution by both the Contractor and the County of an Amendment. Additional compensation from the County to the Contractor shall be paid as a negotiated lump sum fee at the Contract Rates specified in EXHIBIT "B" attached hereto. The negotiated lump sum fee shall be incorporated into the Amendment as specified in the Amendment provision above. The County shall not be liable or under any obligation to compensate the Contractor for work performed or costs incurred by the Contractor relating to additional work not directly associated with the performance of the work authorized in this Agreement or as amended through an Amendment.

**17. Changes or Revisions in Work.** If the County finds it necessary to request changes to the work, and the changes are within the applications of sound Construction Management principles, the Contractor shall make such revisions if requested and directed by the County.

**17.1 Preliminary Work.** The Contractor will make, without expense to the County, such revisions of any preliminary reports or drawings as may be required to meet the needs of the County and the applications of sound Construction Management principles.

**17.2 Previously Approved or Satisfactorily Completed Work.** If the County finds it necessary to request the Contractor to make changes to work previously approved by the County or work satisfactorily completed for which the County approves or after a definite plan has been approved by the County, if a decision is subsequently made by the County,

which for proper execution involves extra services and expenses for changes in or additions to the drawings specifications or other documents, this will be considered as additional work, and compensation from the County to the Contractor will be in accordance with the Additional Work provision hereof.

**17.3 Project Delays.** If the Contractor is required to perform additional work due to delays by the imposition of causes not within the Contractor's control, such as by the re-advertisement of bids or by the delinquency or insolvency of contractors, such work associated with these delays shall be considered additional work, and the Contractor shall be compensated by the County for such extra services and expense in accordance with section 12 hereof.

**17.4 Reduction of Project Cost.** Notwithstanding any provision herein to the contrary, in the event it is necessary for the County to require changes in the final plan of the Project to enable it to reduce the construction cost of the Project to an amount within the sum estimated by the Contractor, the Contractor will be required to make such revisions or changes. These changes will only be considered additional work by the Contractor, if the Contractor previously provided these same changes as options to the County at the stage of preliminary work or prior to the approval of the final plan for the Project, and the option or options were not selected or approved by the County to be incorporated into the final plan of the Project. Payment for this additional work will then be made to the Contractor in accordance with the Additional Work provision hereof. If the Contractor failed to provide these changes as an option or options to the County at the stage of preliminary work or prior to the approval of the final plan of the Project, these changes will not be considered additional work and no additional compensation will be made to the Contractor.

**18. Inspection of Work.** The County has the right at all reasonable times to inspect or otherwise evaluate the work performed hereunder and the premises in which it is being performed. If any inspection or evaluation is made on the premises of the Contractor, or of a sub-contractor, the Contractor shall provide and require its sub-contractor to provide all reasonable facilities and assistance for the safety and convenience of the inspectors in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay their work.

**19. Ownership and Release of Documents.**

**19.1 Ownership of Documents.** Original drawings and specifications are the property of the Contractor however the Project is the property of the County, and the Contractor may not use the drawings and specifications thereof for any purpose not relating to the Project with the County's consent. The County shall be furnished with such reproductions of drawings

and specifications as the County may reasonably require. Upon completion of the work or any earlier termination of this Agreement or specific Work Authorization under the termination provision provided herein, the Contractor will revise drawings to reflect changes made during construction and will promptly furnish the County with one complete set of reproducible record prints. Prints shall be furnished by the Contractor, as an additional service, at any other time requested by County. All such reproductions shall be the property of the County who may use them without the Contractor's permission for any proper purpose relating to the Project, including but not limited to additions to or completion of the Project. Any additions or revisions by the County to a drawing signed, sealed, and dated by a registered professional Contractor, shall be made in accordance with the applicable law and/or standards.

All sketches, photographs, calculations, and other data prepared under this Agreement shall be made available, upon request, to the County without restriction or limitation on their further use. All documents furnished to the Contractor by the County shall be delivered to the County upon completion or termination of this Agreement. The Contractor, at the Contractor's own expense, may retain copies of such documents or any other data under this Agreement.

**19.2 Release of Documents or Information.** Release of information to the public or others regarding the **Project** will be in accordance with the Texas Public Information Act.

**20. Discounts, Rebates, Refunds.** In connection with procurement services rendered by the Contractor, if procurement services are required of the Contractor hereunder, all discounts, rebates, and refunds shall accrue to the County. For some purchases, the Contractor may deem that payment within the discount period is not safe; and/or inspection, guarantees, or other considerations may dictate delay. In such cases, the Contractor shall promptly notify the County so that a course of action may be mutually agreed upon by the County and the Contractor.

**21. Records, Accounting, Inspection.** The Contractor shall keep full and detailed records and accounts in a manner approved by the County. The Contractor shall afford the County's authorized personnel and independent auditors, if any, full access to the work performed by the Contractor regarding the Project and to all of the Contractor's books, records, correspondence, instructions, drawings, receipts, vouchers and other documents relating to such work under this Agreement and the Contractor shall preserve all such records for three (3) years after final payment or as required by law if longer. The Contractor shall deliver to the County upon completion of such work, a statement of the cost of such work detailed according to the accounting procedure and requirements of the County.

**22. Subcontracting and Assignment.** The Contractor shall not assign, subcontract or transfer the Contractor's interest in this Agreement, including goods and/or services, without the prior written consent of the County through a Work Authorization detailing the same. The Contractor shall bind every sub-consultant by written subcontract to observe all the terms of this Agreement to the extent that they may be applicable to each sub-consultant. No subcontract relieves the Contractor of any responsibilities under this Agreement. The Contractor, and the County, do hereby bind themselves, their successors, executors, administrators and assigns to each other party of this Agreement and the successors, executors, administrators, and assigns of such other party in respect to all covenants of this contract.

**23. Patents.** The Contractor shall indemnify and save the County harmless from all liability for alleged or actual infringement of any patent resulting from the use of apparatus or equipment furnished or designed by the Contractor or from the use of any process designed by the Contractor or effected by said apparatus or equipment, and the Contractor shall indemnify and save the County harmless from and against all costs, legal fees, expenses and liabilities incurred in or about any claim of or action for such infringement: provided, however, that the County shall promptly transmit to the Contractor all papers served on the County in any suit involving such claim of infringement, and provided further, that the County permits the Contractor to have entire charge and control of the defense of any such suit. If because of actual infringement the use of such apparatus, equipment, or process is enjoined, the Contractor shall refund the purchase price thereof in proportion to the length of service uncompleted, the life of such apparatus or equipment being assumed as five years. The Contractor hereby grants to the County a non-exclusive, royalty-free license under patents now or hereafter owned by the Contractor covering any machines, apparatus, processes, articles, or products included in the Contractor's work hereunder.

**24. Confidential Information, Inventions, and Other Restrictions.**

**24.1 Confidential Information.** The Contractor shall not use in any way, commercial or otherwise, except to the extent required by the proper performance of this Agreement; and shall hold in confidence and not disclose to any person, for any reason or at any time, any information relating to the secret processes, products, compositions, machinery, apparatus or trade secrets of the County, or any other confidential information given to the Contractor by any of the County's commissioners, elected officials, employees, or representatives or acquired by the Contractor during the term of or as a result of this Agreement. Any information not generally available to the public shall be considered secret and confidential for the foregoing purposes; provided, however, that any technical information which was lawfully in the Contractor's possession prior to such disclosure to the Contractor by the County or which is or shall lawfully be published or become part of general knowledge from sources other than the Contractor or which otherwise shall lawfully become available to the

Contractor from a source other than the County, shall not be subject to these provisions. All the foregoing stipulations shall apply to such information and work hereunder as well as to any information and ideas originated or developed by the Contractor in performing such work. Such information may, of course, be disclosed to the proper officials or employees of the County if necessary to perform the work hereunder. The Contractor shall, however, inform each of its employees who receive such information of these restrictions and the Contractor shall take all reasonable precautions and exert all reasonable efforts to assure conformance with such restrictions by all of its officers, employees, and agents, obtaining from them if necessary, agreements satisfactory to the County, effectuating the purposes of this section.

**24.2 Inventions.** The Contractor shall communicate to the County at once, and require the Contractor's employees assigned to this Project to communicate to the County all inventions and improvements which any of the Contractor's employees, either alone or in conjunction with any of the County's employees may conceive, make or discover during the course of or as a result of work on this Project under this or any ensuing agreement with the County that relates to the processes, products, compositions, machinery or plants of the County, or relating in any way to any of the operations in which the County may be obligated to pay to the Contractor as compensation for services rendered by the Contractor under contract with the County. The Contractor shall require its employees to execute patent applications and assignments thereof to the County or its nominees, and powers of attorney relating thereto for any country the County may designate and shall take all other actions as the County may request to maintain and protect such inventions and improvements. The County shall pay all costs or charges incurred in protecting such inventions and improvements if the County desires to protect them. The Contractor shall also save harmless the County from any and all expense, including but not limited to, attorney fees which may be incurred by the County in litigation or otherwise resisting said claim or liabilities which may be imposed on the County as a result of such activities by the Contractor, its agents partners, subcontractors and/or consultants. In this connection, it is agreed and understood that the Contractor shall not be responsible for any portion of the liability proximately caused by the County's negligence.**

**29. Joint and Several Liability.** In the event more than one of the Indemnitors are connected with an accident or occurrence covered by the indemnification provision hereof, then each of such Indemnitors shall be jointly and severally responsible to the Indemnitees for indemnification and the ultimate responsibility among such Indemnitors for the loss and expense of any such indemnification shall be settled by separate proceedings and without jeopardy to any Indemnitee. The provisions of this Article shall not be construed to eliminate or reduce any other indemnification or right which the County or any of the Indemnitees has by law.

**30. Insurance.** Consistent with its status as an independent contractor and at its sole expense, Contractor agrees that throughout the duration of the work under this contract and any extension thereof, it shall provide and maintain in full force and effect any and all insurances which may be necessary for providing Services or are otherwise required by law, and shall require of all its sub-consultants connected with providing services under this contract to provide insurance in full force and effect as well. Contractor shall make any other insurance documentation available to the County upon request. The Contractor will be considered in breach of contract should the Contractor fail to maintain an insurance policy in the minimum limits of liability and requirements identified above while performing services for and

under this Agreement, and will be subject to default and termination of the Agreement as outlined in section 8 hereto. Offeror agrees to comply with Title VI as may be required.

8. **CONTRACT OBLIGATION.** Hidalgo County Commissioners Court must award the contract and the County Judge must sign the contract before it becomes binding on Hidalgo County or the Offeror. Elected officials, department heads, other County employees or representatives are NOT authorized to sign agreements for Hidalgo County, unless prior authorization is approved by the Hidalgo County Commissioners Court, or respective governing body. Binding agreements shall remain in effect until all products and/or services covered by this procurement packet have been satisfactorily delivered and accepted.

10. **CONTRACT TRANSITION (Grace Period).** In the event services end by either contract expiration or termination, it shall be required that the successful respondent continue services if requested by the Hidalgo County Purchasing Department, until new services can be completely operational. The successful respondent acknowledges its responsibility to cooperate fully with the replacement vendor and Hidalgo County to ensure a smooth and timely transition to the replacement vendor. Such transitional period shall not extend more than sixty (60) days beyond the expiration/termination date of the contract, or any extension thereof. The successful respondent shall be reimbursed for services during the transitional period at the rate in effect when the transitional period clause is invoked by Hidalgo County. During any transition period, all other terms and conditions of the contract shall remain in full force and effect as originally written and subsequently amended.

- 11. COST OF GOODS AND SERVICES.** Discount payments will be considered when offered. If during the life of any contract, or response awarded, the successful respondent's net prices generally available to other customers for items awarded herein are reduced below the contracted price, it is understood and agreed that the benefits of such reduction shall be extended to Hidalgo County. Failure by the Vendor to notify the County of a decrease in costs for items and/or supplies for which the Vendor was granted a price adjustment, may result in immediate termination of this contract and the County shall not be obligated to pay the Vendor the difference between the contract price and the price adjustment.
- 12. COUNTY APPROVED HOLIDAYS.** There are fourteen (14) County approved holidays. The Offeror is advised that official County business will not be conducted on those dates. The link of approved holidays can be found on: <https://www.hidalgocounty.us/115/County-Holidays>.
- 13. EVALUATION.** Evaluation shall be used as a determinant as to which proposed items or services are the most efficient and/or most economical for the County, considering all factors which have a bearing on price and performance of the items in the user department's environment. All submissions, except for Requests for Bids, may be subject to evaluations and negotiations by the Hidalgo County Purchasing Department, or authorized Hidalgo County representative as approved by Hidalgo County Commissioners Court, with recommendation to the appropriate governing body. Compliance with all requirements, delivery and needs of the user department are considerations in evaluating the responses received. **Pricing is NOT the only criteria for making a recommendation.** A preliminary evaluation by Hidalgo County will be held and appropriate responses will be subjected to the negotiating process and a request for a Best and Final Offer. Upon completion of the negotiations, Hidalgo County will make an award. All responses that have been submitted shall be available and open for public record after the contract is awarded, except for trade secrets or confidential information contained in the responses and identified as such.

Hidalgo County reserves the right to refuse and reject any or all submissions and to waive any or all formalities or technicalities, or to the qualifications considered the best and most advantageous to Hidalgo County. Additionally, Hidalgo County reserves the right to separate and accept or eliminate any item(s) listed under this procurement packet that it deems necessary to accommodate budgetary or operational requirements.

- 14. FISCAL FUNDING.** Hidalgo County has the discretion to utilize grant funding or general funding, however, should grant funding be utilized "Grant Funding" rules will apply. The award of a contract hereunder will not be construed to create a debt of the County which is payable out of funds beyond the current fiscal year. Additionally, should funds not be appropriated by the applicable governing body to continue the lease or contract in their sole discretion, said lease or contract shall become null and void on the last day of the current appropriation of funds.

**14.1 General Funding.** A multi-year lease or lease/purchase arrangement, or any contract continuing as a result of an extension option, must include a fiscal funding out provision in the lease or contract. Funds for this procurement have been provided through the County budget for this fiscal year only. Hidalgo County, on an annual basis and at their discretion, has the right to reconsider a contract during the budget process for ensuing years if financial resources of Hidalgo County are insufficient to meet the liabilities of said contract. After expiration of the lease, leased equipment shall be removed by the Vendor from the user department without penalty of any kind or form to Hidalgo County. All charges and physical activity related to delivery, installation, removal and re-delivery shall be the responsibility of the Vendor.

**14.2 Grant Funding.** Any contract entered into by the County that is to be paid from grant funds shall be limited to payment from the grant funding, and the Offeror understands that the County has not set aside any County funds for the payment of obligations under a grant contract. If grant funding should become unavailable at any time for the continuation of services paid for by the grant, and further funding cannot be obtained for the contract, then the contract shall be null and void.

Additionally, County contracts subject to assistance from the Federal Emergency Management Agency (FEMA), require inclusion of the contract terms found in **Appendix "H"**. It is the County's intention to comply with FEMA requirements; therefore, any conflict in terms should be resolved as such.

- 15. FORCE MAJEURE.** If by reason of Force Majeure either Party shall be rendered unable, wholly or in part, to carry out its responsibility under this contract by any occurrence by reason of Force Majeure, then the Party unable to carry out its responsibility shall give the other Party notice and full particulars of such Force Majeure in writing within a reasonable time after the occurrence of the event, and such notice shall suspend the Party's responsibility for the continuance of the Force Majeure claimed, but for no longer period. As such, upon written request of the Vendor to the County Purchasing Agent, the County may review evidence of prevailing industry-wide market conditions that may warrant an adjustment in bid prices contained in the contract. When applicable, the following procedure and conditions may be employed to mediate price volatility:
- A Vendor shall:
    - make its Market Volatility and Unit Price Adjustment request in writing to the County Purchasing Agent.
    - tie any price change clause to an industry-wide or otherwise nationally recognized index, or some other form of verifiable document. Such written request must be accompanied by a certified copy of the supplier's advisory or notification to the Vendor of the price changes.

    - notify the County at the time when the Vendor's costs for items, supplies, and or services reduce due to stabilization in the market at which time prices for items on this contract shall be reduced accordingly. Failure by the Vendor to notify the County of a decrease in costs for items and/or supplies for which the Vendor was granted a price adjustment, may result in immediate termination of this contract and the County shall not be obligated to pay the Vendor the difference between the contract price and the price adjustment.
  - Price adjustment reviews may only be requested by the Vendor on a quarterly basis; however, the County may at its own discretion, conduct temporary price adjustment reviews at any time.
  - The County Purchasing Agent retains the right to determine whether or not such proposed price changes are in the best interest of the County.
  - The County may only grant a price increase if the evidence presented is deemed reliable.
  - No price escalation will be authorized in excess of the amount of the increase referred to in the supplier's notice.
  - The total increase in contract price shall not exceed twenty-five percent (25%) of the original contract price during the contract term.
  - Should the County allow a price increase, the approved price change shall be honored for all orders received by the vendor or contractor after the effective date of such price change. Approved price changes are not applicable to orders already issued and in process at time of price change.
  - Price increases are only valid for the quarter in which they are requested and approved.
  - Prices shall return to the original contract price at the beginning of the following quarter unless a Vendor notifies the County in writing within ten (10) days of expiration of the quarter in which the price increase is in effect, that it desires to have the price increase continue or that the Vendor is requesting a different price increase for the following quarter. Such request must be supplemented

with sufficient justification to demonstrate that the price increase remains necessary. The County Purchasing Department shall have sole discretion whether to grant the price increase extension.

- The County Purchasing Agent and/or the County Auditor reserve the right to audit and/or examine any pertinent books, documents, papers, records or invoices relating directly to the contract transaction in question after reasonable notice and during normal business hours.

  - iii. **Site Visit.** Visiting the site is critical to a successful project and therefore program. Verifying existing conditions to ensure no hidden or differing site conditions exist will help to minimize costly changes in the future. CM/PM will investigate the area and conditions around the site that could affect the work. The site will be investigated for, but not limited to, the following:
    - 1. Neighborhoods affected (Who, What, When, and How we can affect the area)
    - 2. Traffic studies for getting deliveries to the site
    - 3. Utilities (Gas, water, electric, telephone, sewer, storm drain, etc...)
  - iv. **Design.** It is understood the design documents will be completed by project architects/engineers and are to be approved by Hidalgo County Commissioners' Court. CM/PM is to assist the Project Team in finalizing and obtaining all required permits from the regulatory agencies, which includes all state, county, and local approvals. CM/PM will develop a project management plan. The plan will consist of the following.
    - 1. Cost budgeting
    - 2. Cost control.
    - 3. Cost estimating
  - v. **Contractor Bid Solicitation and Selection.** CM/PM will work in conjunction with Hidalgo County and project architects/engineers in order to solicit, review and select the contractor. This will include assistance in the development of the bid packages, independent cost estimate (ICE), fair and reasonable analysis, conducting any required pre-bid meetings, review of bid documents/proposals and the selection of the proposed contractor.
  - vi. **Bid and Award.** CM/PM is to be involved in the bidding and award process, and depending on the project, and at the discretion of Hidalgo County, this may

including assistance in the preparation, issuance, and execution of the various construction related contracts.

- vii. **Pre-Construction Conference.** Once a contractor has been selected, CM/PM will organize and conduct a pre-construction conference. The agenda will cover site organization, communications, correspondence, submittals, meetings, requisitions, change orders and schedule. This conference will include all project stakeholders including Hidalgo County representatives, architects/engineers (including their design consultants) and the contractor. A positive, pre-construction kick-off conference between all project stakeholders greatly increases the success of the project.
- viii. **Permits and Insurance.** CM/PM will confirm that all applicable permits have been applied for and issued and verify that insurance certificates have been filed as required prior to initiation of the work. In addition, CM/PM will issue the Notice of Award and Notice to Proceed on behalf of Hidalgo County.

**f. CONSTRUCTION PHASE.**

- i. **General Duties.** CM/PM will operate as the Hidalgo County Representative in overseeing the day to day construction activities of all prime construction contracts in Hidalgo County. CM/PM shall work to ensure all consultants and construction firms, as well as any third party CM/PM, required for the project, fulfill their responsibilities to Hidalgo County.
- ii. **Construction Administration Procedures.** CM/PM will establish and maintain construction administration procedures. All communications between various members of the Project Team and the contractor(s) will be through the County's Contract Specialist. These procedures will be detailed in the Project Management Plan.
- iii. **Field Reports.** Construction and/or Project Manager will ensure the contractor prepares a daily log of all project activity to include:
  - 1. Contractor(s) equipment
  - 2. Contractor(s) manpower
  - 3. General description of work performed and location
  - 4. Issues and areas of concern or critical to job progress
  - 5. Material/equipment deliveries
  - 6. Weather
- iv. **Monthly Progress Reports.** Each month, CM/PM will prepare a monthly report outlining the activities of the preceding month. The initial development of the report will occur in conjunction with Hidalgo County to ensure all required information is included. At a minimum, the project will include the following information required by Hidalgo County:
  - 1. Updated program information
  - 2. Updated project information
  - 3. Updated budget information
  - 4. Updated schedule information
  - 5. Progress photos
- v. **Progress Photos.** Construction and/or Project Manager will take and maintain a progress photo catalog on behalf of Hidalgo County. Each month, a disk of progress photos will be included in the Monthly Progress report. At the completion of the project, all photos will be transferred to Hidalgo County via the county's preferred method (i.e. disk, external hard drive, etc.).
- vi. **Project Progress Meetings.** CM/PM will organize, conduct, and document progress meetings involving the project architect/engineers, the contractor's

principal personnel, and as required, Hidalgo County. Included in these meetings will be topics covering schedule, budget, quality control, and submittals/shop drawings, etc.

- vii. Schedule Review.** CM/PM will establish the documented procedure for tracking the construction schedule and all updates. It is anticipated that the contractor will provide weekly updates to the schedule during the project progress meetings, however, we also understand there will be a need to participate in stand-alone scheduling meetings. In addition to the weekly update schedules, CM/PM will require the contractor to provide look-ahead schedules in order to ascertain activities that need Hidalgo County and/or architect/engineer involvement. These procedures will be included in the Project Procedures Manual and will tie closely with the Master Schedule.
- viii. Change Order Review.** CM/PM will establish the documented procedure for initiating, negotiating, recommending approval or denial to County and tracking contract change orders. These procedures will be included in the Project Procedures Manual and will tie closely with the Project Budget. In addition, CM/PM will incorporate cost and schedule impact from change orders into the project cost reports and the project construction schedule.
- ix. Quality Control.** CM/PM will monitor the terms of the contract with the General Contractor and project architect/engineer will monitor contractor compliance with the Construction Documents and the quality level expected for the project. Quality Control encompasses all phases of the work, such as approval of submittals, procurement, storage of materials and equipment, coordination of subcontractor's activities, and the inspections and tests required to be sure that specified materials are used and installation is acceptable to produce the required end product. CM/PM will work with architects to assist in monitoring the quality of the work being performed and ensure the contractor maintains the quality expected as well as provide any corrective action required for any identified deficiencies. In addition to the contractor, CM/PM will monitor the activities of all testing inspection consultants, inclusive of testing laboratories, factory testing, on-site testing, etc. CM/PM will develop monitoring and tracking procedures to be followed by all testing inspection consultants and will require results be provided on a weekly, or daily if needed, basis. Project architects and their consultants will be involved as required and any deficiencies will be corrected under the direction of the contractor with oversight by project architect, their consultants, and/or CM/PM. CM/PM will assist Hidalgo County to address errors and omissions.
- x. Safety and Health.** CM/PM will ensure that an accident-free and comfortable work environment is observed by eliminating recognized hazards from the workplace. CM/PM health and safety program and specific individual programs have been developed to assure compliance with federal, state, and local regulations with particular emphasis on the Occupational Health and Safety Rules and Regulations that apply to our operations.
- xi. Submittal / Shop Drawing Control.** CM/PM will work with project architects to establish a submittal/shop drawings process and tracking spreadsheet, which will then be monitored each week. The process will ensure both the contractor and project architects (and their consultants if required) are following the contractual timelines for submission and review of submittals/ shop drawings as well as track when the equipment, materials, etc. are to arrive on site. CM/PM will act as an intermediary between the design consultants and the contractor when required to ensure the project proceeds as required for the schedule. The most common culprit to delaying the submittal/shop drawing process is the contractor's lack of a proper review before submission, therefore, CM/PM will work with the contractor to

ensure the proper review occurs and develop plans for rectifying any re-occurring review issues.

- xii. **Payment Application Review.** CM/PM will develop a two-step process for the review and approval of the contractor payment applications:
  1. Step One - During the final week of each month, CM/PM will conduct a payment application review meeting to include architects and the contractors for the purpose of reviewing a draft of the monthly payment application. Each line item will be reviewed and either accepted or noted for changes.
  2. Step Two – A second meeting will be held with the contractor to review the corrected payment application. If acceptable, CM/PM will recommend approval to the project architects and Hidalgo County.

If changes need to occur, CM/PM will work with the contractor to get all changes made as soon as possible for acceptance.

- xiii. **Record Drawings.** CM/PM will monitor the preparation of record drawings by the contractor(s) during the course of the work. Those dedicated marked-up construction drawings and specifications will be received at the completion of construction and transmitted to Hidalgo County.
- xiv. **Substantial Completion/Final Completion.** CM/PM will manage the issue of certificates of substantial completion to all prime contracts, and the process of closing out contracts financially and with respect to all requirements of the contract drawings and specifications.

**g. PROJECT CLOSE-OUT PHASE**

- i. **Close-out Procedures.** CM/PM will coordinate all project closeout procedures. When the work is completed, all documents will be organized and transmitted to Hidalgo County, including record drawings, operations & maintenance data, warranties, guarantees, and lien waivers.
- ii. **Final Payment.** CM/PM, with input from project architects, will review the final payment request upon successful completion of all closeout items, including final punch list, all permits, substantial completion certificate(s), and resolution of any open claims or liens. Once CM/PM, together with the architect, is satisfied that all contractual obligations have been complied with, CM/PM will recommend approval and submit to Hidalgo County the final pay request.
- iii. **Final Report.** CM/PM will prepare a final project report inclusive of all close-out documentation, progress photos, etc.
- iv. **Occupancy Permits.** CM/PM will monitor the final inspections by the applicable regulatory agencies and coordinate the required occupancy permits.
- v. **Operations & Maintenance Manuals and Training.** CM/PM will receive and log for transmittal to the Hidalgo County all required operations and maintenance data.
- vi. **Warranties/Guarantees.** CM/PM will work with project architects and contractors to ensure receipt of and then assemble for transmittal to Hidalgo County all applicable warranties and guarantees.

- b. **Narrative** - This section should include firm's philosophy, approach(s) and preferred methods for meeting requirements, deliverables, and the aforementioned services listed in the Scope of Services. Provide the greatest amount of meaning detail possible to describe the proposed products and/or services. Indicate if your firm can meet the specifications, or if the specifications can be met only under certain conditions or circumstances. If your firm is not able to meet the specification, briefly

explain why, noting any concerns or issues Hidalgo County should be aware. Provide a timeline indicating deliverables, vendor responsibilities and resources needed from Hidalgo County. Merely reiterating the specifications are strongly discouraged, as they do not provide insight into the firm's ability to meet the specifications.

**Section V: LEGAL DOCUMENTS**

If applicable, the Firm is to include any standard agreement(s) and/or contracts associated with their response.

**Section VI: MISCELLANEOUS**

State exemptions to any of the requirements in this procurement packet, if any. Any additional information the firm deems appropriate to the response may be included in this section.

Our goal for HUB contractor/vendor participation, as well as HUB subcontractor participation is 30%. - d. **Statement:** Contractor will comply with the Nondiscrimination Civil Rights Act of 1964, as amended and all Federal regulations relative to nondiscrimination in Federally assisted programs. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause:

“During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States.”

#### 4. **Davis Bacon Act and Copeland Anti-Kickback Act.**

- a. **Applicability of Davis-Bacon Act.** The Davis-Bacon Act only applies to the emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program. **It does not apply to other Federal grant and cooperative agreement programs, including the Public Assistance Program.**

- b. Standard. All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction)).

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

In contracts subject to the Davis-Bacon Act, the contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti-Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA or applicable Federal entity. See 2 C.F.R. Part 200, Appendix II, ¶ D.

- c. Statement. The regulation at 29 C.F.R. § 5.5(a) does provide the required contract clause that applies to compliance with both the Davis-Bacon and Copeland Acts. However, as discussed in the previous subsection, the Davis-Bacon Act does not apply to Public Assistance recipients and subrecipients. In situations where the Davis-Bacon Act does not apply, neither does the Copeland “Anti-Kickback Act.” However, for purposes of grant programs where both clauses do apply, FEMA or applicable Federal entity requires the following contract clause:

“Compliance with the Copeland “Anti-Kickback” Act.

(1) *Contractor*. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

(2) *Subcontracts*. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as Federal requirements may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(3) *Breach*. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.”

**5. Contract Work Hours and Safety Standards Act.**

- a. Applicability: This requirement applies to all Federal grant and cooperative agreement programs.
- b. Standard. Where applicable (see 40 U.S.C. § 3701), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5.

Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week.

The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. See 2 C.F.R. Part 200, Appendix II, ¶ E.

The regulation at 29 C.F.R. § 5.5(b) provides the required contract clause concerning compliance with the Contract Work Hours and Safety Standards Act:

c. Statement.

“Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The County of Hidalgo shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.”

6. Rights to Inventions Made Under a Contract or Agreement.

- a. Applicability: Stafford Act Disaster Grants. This requirement **does not apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance**

to Individuals and Households – Other Needs Assistance Grant Program, as FEMA or Federal awards under these programs do not meet the definition of “funding agreement.”

- b. **Standard.** If the FEMA or Federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA or applicable awarding agency. See 2 C.F.R. Part 200, Appendix II, ¶ F.
- c. **Key Definition:** The regulation at 37 C.F.R. § 401.2(a) currently defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

## 7. **Clean Air Act and the Federal Water Pollution Control Act.**

- a. **Applicability and Standard:** Contracts of amounts in excess of \$150,000 must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II, ¶ G.
- b. **Statement:** Included in contracts as provided in section “7a” above.
  - (1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. and the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
  - (2) The contractor agrees to report each violation to the Federal awarding agency (e.g. Federal Emergency Management Agency-FEMA) and the Regional Office of the Environmental Protection Agency. Contractor understands and agrees that each violation reported to the County of Hidalgo will, in turn, be reported as required to assure notification to the Federal awarding agency and the appropriate Environmental Protection Agency Regional Office.
  - (3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by the applicable Federal awarding agency (e.g. FEMA).

## 8. **Debarment and Suspension.**

- a. **Applicability:** This requirement applies to all Federal grant and cooperative agreement programs.
- b. **Standard.** Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security’s regulations at 2 C.F.R. Part 3000 (Nonprocurement Debarment and Suspension).

These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II, ¶ H; and Chapter IV, ¶ 6.d and Appendix C, ¶ 2. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General

Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at [www.sam.gov](http://www.sam.gov). See 2 C.F.R. § 180.530; Chapter IV, ¶ 6.d and Appendix C, ¶ 2.

In general, an “excluded” party cannot receive a Federal grant award or a contract within the meaning of a “covered transaction,” to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a “covered transaction,” which is any nonprocurement transaction (unless excepted) at either a “primary” or “secondary” tier. Although “covered transactions” do not include contracts awarded by the Federal Government for purposes of the nonprocurement common rule and DHS’s implementing regulations, it does include some contracts awarded by recipients and subrecipient.

Specifically, a covered transaction includes the following contracts for goods or services:

- (1) The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
- (2) The contract requires the approval of FEMA or applicable Federal entity, regardless of amount.
- (3) The contract is for Federally-required audit services.
- (4) A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or applicable Federal entity or is in excess of \$25,000.

- c. Statement. The following provides a debarment and suspension clause. It incorporates a method of verifying that contractors are not excluded or disqualified:

For maximum protection, provide a print or electronic document for every prime and subcontractor, from [www.sam.gov](http://www.sam.gov) in order to ensure that they are not debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities.

This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

This certification is a material representation of fact relied upon by (insert name of subrecipient). If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to (name of state City serving as recipient and name of subrecipient), the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.”

## 9. Byrd Anti-Lobbying Amendment.

- a. Applicability: This requirement applies to all Federal grant and cooperative agreement programs.
- b. Standard. Contractors that apply or bid for an award of \$100,000 or more must file the required certification. See 2 C.F.R. Part 200, Appendix II, ¶ I; 44 C.F.R. Part 18; Chapter IV, 6.c; Appendix C, ¶ 4. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or

organization for influencing or attempting to influence an officer or employee of any City, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. See Chapter IV, ¶ 6.c and Appendix C, ¶ 4.

L. No. 89-272 (1965) (codified as amended by the Resource Conservation and Recovery Act at 42 U.S.C. § 6962). See 2 C.F.R. Part 200, Appendix II, ¶ J; 2 C.F.R. § 200.323; *PDAT Supplement*, Chapter V, ¶ 7.

The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. A non-Federal entity is prohibited against using federal funds to purchase telecommunications and video surveillance equipment and services (such as but not limited to mobile phones, land lines, internet, video surveillance, and cloud servers) from certain companies/entities in covered foreign countries for national security reasons. This regulation is being incorporated into federal grants and contracts received by the County through 2 CFR 200.216 and/or Federal Acquisition Regulations (FAR) clause 52.204-25; as well as guidance provided through Federal Emergency Management Agency (FEMA) Policy #405-143-1. **ATTACHMENTS**

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

**I. GENERAL**

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under Title 23 (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services). The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in bid proposal or request for proposal documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract.

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors.

**II. NONDISCRIMINATION**

The provisions of this section related to 23 CFR Part 230 are applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR 60, 29 CFR 1625-1627, Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR 60, and 29 CFR 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), and Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR 230, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

**1. Equal Employment Opportunity:** Equal employment opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (28 CFR 35, 29 CFR 1630, 29 CFR 1625-1627, 41 CFR 60 and 49 CFR 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140 shall constitute the EEO and specific affirmative action standards for the contractor's project activities under

this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR 35 and 29 CFR 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract.

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

**2. EEO Officer:** The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

**3. Dissemination of Policy:** All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

**4. Recruitment:** When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

**5. Personnel Actions:** Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

**6. Training and Promotion:**

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are

applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

**7. Unions:** If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

**8. Reasonable Accommodation for Applicants / Employees with Disabilities:** The contractor must be familiar

with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established there under. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

**9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment:** The contractor shall not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors and suppliers and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

**10. Assurance Required by 49 CFR 26.13(b):**

a. The requirements of 49 CFR Part 26 and the State DOT's U.S. DOT-approved DBE program are incorporated by reference.

b. The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the contracting agency deems appropriate.

**11. Records and Reports:** The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women;

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on [Form FHWA-1391](#). The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor

will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

### III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more.

The contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location, under the contractor's control, where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

### IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size). The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. Contracting agencies may elect to apply these requirements to other projects.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

#### 1. Minimum wages

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions

of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Wage and Hour Administrator for determination. The Wage and Hour Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or

will notify the contracting officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

## 2. Withholding

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

## 3. Payrolls and basic records

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-

Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b.(1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the State DOT, the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency..

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under §5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor, the contracting agency or the State DOT, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

#### 4. Apprentices and trainees

##### a. Apprentices (programs of the USDOL).

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly

rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

##### b. Trainees (programs of the USDOL).

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

d. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

**5. Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

**6. Subcontracts.** The contractor or subcontractor shall insert Form FHWA-1273 in any subcontracts and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

**7. Contract termination: debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

**8. Compliance with Davis-Bacon and Related Act requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

**9. Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

**10. Certification of eligibility.**

a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

**V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT**

The following clauses apply to any Federal-aid construction contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

**1. Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

**2. Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (1.) of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1.) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1.) of this section.

**3. Withholding for unpaid wages and liquidated damages.** The FHWA or the contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2.) of this section.

**4. Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1.) through (4.) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1.) through (4.) of this section.

## VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions:

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract.

2. The contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. The contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is

evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract.

5. The 30% self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements.

## VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C.3704).

## VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 1, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

#### **IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT**

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

By submission of this bid/proposal or the execution of this contract, or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, or subcontractor, as appropriate, will be deemed to have stipulated as follows:

1. That any person who is or will be utilized in the performance of this contract is not prohibited from receiving an award due to a violation of Section 508 of the Clean Water Act or Section 306 of the Clean Air Act.

2. That the contractor agrees to include or cause to be included the requirements of paragraph (1) of this Section X in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements.

#### **X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION**

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost \$25,000 or more – as defined in 2 CFR Parts 180 and 1200.

##### **1. Instructions for Certification – First Tier Participants:**

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this

covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

\* \* \* \* \*

## **2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:**

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

### **2. Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which

this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the

department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

\* \* \* \* \*

**Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:**

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

\* \* \* \* \*

**XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING**

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed \$100,000 (49 CFR 20).

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

**ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS**

This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.
