

Exhibit A

Road length 410 ft

The screenshot shows a web browser window displaying a GIS application titled "Hidalgo County Basemap". The browser's address bar shows the URL: hidgis.maps.arcgis.com/apps/webappviewer/index.html?id=338edadb8e8e4d11af28e12cf877db44. The search bar contains the number "526876". The map displays an aerial view of a residential area with several property parcels outlined in white. Parcel numbers are visible in red text, including 122575, 122573, 122574, 122572, 122571, 122570, 122569, 244963, 244964, 244965, 244966, 244968, 244962, 244960, 244967, and 526876. A red double-headed arrow is drawn across the map, indicating a road segment that is 410 feet long. The road is labeled "N LA HOMIA RD". The map interface includes a search bar, a home button, a refresh button, and a scale bar showing 100 feet. The bottom of the map shows the text "Microsoft | Lower Rio Grande Valley Development Council - Public Safety Depart..." and the "esri" logo.
