Hector,

Based on our conversation, Jacobs has referred the County to WJE, as an independent envelope specialty consultant to perform all testing required to ensure compliance with the Intent and Basis of Design indicated in the CDs.

Jacobs has had years of experience with WJE and highly recommends them to help identify any deficiencies, and help resolve the means to make repairs, ensuring that our building is completed and we can occupy the building as soon as possible. If you require any additional information, please feel free to call.

Thank you,
