Signature

Date

Magic Valley Electric Cooperative has estimated the non-refundable "Aid to Construction" after MVEC applicable credits have been given dependent on type of service requested. Member shall provide the total cost prior to the installation of MVEC owned electrical facilities; the job will be schedule for construction only after full payment. If this cost estimate is approved please let us know and we will send an invoice via mail to the address on file for the account. Invoice figures are applicable for 30 days, after 30 days the cost may have to be updated to reflect current material and labor costs. Contact us if you have any questions. Thank you.
