Good Afternoon Ms. Treviño,

Thank you for taking my call this afternoon, as explained during our phone conversation, our office has conducted a review of last year's transactions and have found that you were overcharged for a Public Information Request 2022-260, 16GB USB that you purchased. As such, you are entitled to a refund.

A \$7.00 monetary transaction was conducted on December 29, 2022 and the charge should have been \$4.10. As such, you are entitled to a \$2.90 refund.

Please indicate how you would like to proceed. Should you have any questions, please do not hesitate to contact me.

Respectfully,  
Salvador Hernandez Jr
