16. **Default by Client:** If the Client fails to make any payment as agreed herein, or becomes insolvent, or makes an assignment for the benefit of creditors, or a petition is filed by or against the Client under the Bankruptcy Act or any amendment thereto, including a petition for reorganization, arrangement or extension, or if any representation, warranty or financial information made or submitted by Client shall be untrue or untruthful in any material respect, or if the Client defaults hereunder in any other respect, the entire amount due to Company under this Agreement shall become immediately due and payable.

In the case of a Company Owned System, the Client hereby consents, in the event of default or non-payment of the amount due hereunder, to the Company immediately entering the aforementioned premises or any other premises where the property of said Company may be located for the purpose of removing the equipment belonging to the Company. Removal of the equipment by the Company shall not be considered to constitute a waiver of any of its rights under the terms of this Agreement, nor shall the Company be liable for any actual damage caused to the premises by installation or removal of its equipment. Client acknowledges and agrees that the equipment of which the system is composed is totally interchangeable with Company's inventory, and therefore the Company has no obligation to place or use said equipment in any other system before using any of its other inventory, nor any obligation to account for or credit Client with the value of any of such removed equipment. Client acknowledges that it is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from a failure to perform any of the obligations herein, including, but not limited to installation, service, maintenance or monitoring or the failure of the system to properly operate with resulting loss to Client because of, among other things: (a) The uncertain amount or value of the Client's property or the property of others kept on the premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system or service is designed to detect or avert; (b) The uncertainty of the response time of any police or fire department should the police or fire department be dispatched as a result of a signal being received or its audible device sounding; (c) The inability to ascertain what portion, if any, of any loss would be proximately caused by Company's failure to perform or by its equipment or property; (d) The nature of the loss to be performed by Company.

Client understands and agrees that if Company should be found liable for personal injury or property loss or damage from failure of Company to perform any of Company's obligations herein, including, but not limited to, installation, maintenance, monitoring, service or the failure or malfunction of the system or equipment in any respect whatsoever, Company's liability shall be limited to a sum equal to the total of six (6) monthly payments or Two Hundred Fifty (\$250.00) Dollars, whichever is lesser, and this liability shall be exclusive; and that the provisions of this Section shall apply if loss or damage, irrespective of cause or origin, results directly or indirectly to persons or property from performance or nonperformance of any obligation imposed by this contract or from negligence, active or otherwise of Company, its agent, servants, assigns or employees.

18. **Third Party Indemnification:** In the event any person, not a party to this Agreement, shall make any claim, or file any lawsuit against Company for any reason relating to Company's duties and obligations pursuant to this Agreement, including but not limited to the design, installation, maintenance, operation or non-operation of the system, Client agrees to indemnify, defend and hold Company harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs and attorney's fees, whether these claims be based upon alleged intentional conduct, active or passive negligence, express or implied contract or warranty, contribution or indemnification, or strict or product liability on the part of Company, its agents, servants, assigns or employees.

This Agreement by Client to indemnify Company against third party claims as hereinabove set forth shall not apply to claims, damages and liability resulting in injury or death to third persons or injury to property of third persons, which losses, damages and liability occur while an employee of Company is on Client's premises and which losses, damages and liability are solely and directly caused by the acts of said employee.

19. **Hazardous Activities:** You have the affirmative duty to inform us, prior to beginning installation, of every location at the premises where we should not (because of concealed obstructions or hazards such as pipes, wires or asbestos) enter or drill holes. Unless so notified, we will determine where to drill holes and place equipment. We will take reasonable precautions to avoid concealed obstructions, but have no means of determining with certainty if they exist. If asbestos or other health hazardous material is encountered during installation, we will cease work until you have, at your sole expense, obtained clearance from a licensed asbestos removal or hazardous material contractor that continuation of work will not pose any danger to our personnel. In no case shall we be liable for discovery or exposure of hidden asbestos or other hazardous material.

20. **Client's Purchase Order:** Client acknowledges that if there is any conflict between the Agreement and Client's purchase order or any other document, the Agreement will govern, whether such purchase order or other document is prior or subsequent to this Agreement.

21. **Attorney's Fees:** In the event it shall become necessary for Company to institute legal proceedings to collect the cost of installation or the monthly service charge as set forth herein, then in such proceeding the unsuccessful party shall pay to the successful party reasonable attorney's fees where permitted by law.

22. **Invalid Provisions:** In the event any of the terms or provisions of this Agreement shall be declared to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.

23. **Notice:** All notices to be given hereunder shall be in writing and may be served, either personally or by mail, postage prepaid.

Client will pay all sums, including reasonable attorney's fees, for the defense of such claim or suit and reasonable attorney's fees incurred in the enforcement of this indemnity provision.

27. **Entire Integrated Agreement; Modification; Alteration; Waiver:** This writing is intended by the parties as a complete and exclusive statement of the terms hereof. This signed Agreement supersedes all prior representations, understandings or agreements of the parties both written and verbal and the parties rely only upon the contents of this Agreement in executing it. 4. **Change in the System: Cost of Repairs: Additional Protection: Risk of Loss:** The cost of any additions, changes and variations in the system, as herein contracted for or as originally installed, made at the request of or made necessary or required by Client's action, or which may be demanded by any governmental agency or insurance insurer or inspection and rating bureau, are to be paid by Client. CLIENT ACKNOWLEDGES THAT CLIENT HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM COMPANY OVER AND ABOVE THAT PROVIDED HEREIN, AT AN ADDITIONAL COST TO CLIENT. All risk of loss or damage to the system shall be borne exclusively by Client whether or not such loss or damage is caused by any such change.

5. **Permits to Operate System:** Client acknowledges that in some local areas it is a requirement to obtain a permit or license to operate a system (fire alarm, fire, access control, CCTV). Client agrees to obtain any permit that might be required, and the Client acknowledges that the cost, if any, of the permit or license will be that of the Client's along with any additional charges that might be imposed on the Client. Client acknowledges that if a permit or license is not obtained, or the permit or license expires as provided to the Company, no dispatch to an emergency signal may be the result, and/or a fine from the local response agency may be applied, which will be at the sole cost to the Client. Client agrees to maintain any permit or license during the term of this Agreement and for any automatic renewals of this Agreement.

6. **Installation of System: Delay of Installation: Interruption of Service:** Client authorizes and empowers Company to install or cause to be installed the protective system summarized on the Schedule of Protection. Client agrees that the work of installation shall be performed on weekdays only between the hours of 9:00 a.m. and 5:00 p.m., unless the Client directs otherwise, in which case, the Client hereby agrees to pay Company any resulting increased cost for installation. Should Company be forced to subcontract any portion of the installation due to any trade union jurisdiction dispute, the additional cost caused by such subcontracting shall be paid by the Client. Client understands use of electrical outlets required and necessary current through his premises, at his expense. Client shall, at his own expense, make any necessary repairs or changes to Client's premises, as requested by Company, and access to all needed areas, so facilitates the installation and operation of the system. Any access or installation in the construction or installation of the system must be called to the attention of the Company, in writing, within thirty (30) days after completion of installation. Otherwise, the installation shall be deemed totally satisfactory to and accepted by Client. Company assumes no liability for delay in installation of the equipment, or for interruption of service due to strikes, riots, floods, strikes, earthquakes, fires, power failures, insurrection, interruption or unavailability of telephone service to Client while interruption of service due to any such cause may continue.

7. **Service Inspections: Cost of Repairs:** Client authorizes and empowers Company to maintain and service the aforesaid system to make any necessary inspections, tests and repairs as required. In the case of fire alarm protection, Client will notify Company in writing of any change in its fire rating bureau or agency. If maintenance service has been contracted for, repairs necessitated by ordinary wear and tear shall be at Company's expense including battery charges, damages caused by the Client or third party, or damages caused by Acts of God (lightning, power surge, water damage or similar non-equipment failure), which shall be separately billed, and shall be performed as soon as reasonably possible after receipt of notice by Company from Client. Client shall be responsible for testing system monthly and informing Company of any necessary repairs. If time and material service has been requested, any necessary repairs shall be charged to Client at the Company's then prevailing labor and material rates. All necessary inspection, tests, or service calls which may be required on the part of the Company shall be performed between the hours of 9:00 am and 5:00 pm on normal business days. Client acknowledges the Company's obligation hereunder releases solely to the maintenance or repair of the specified system and that Company is in no way obligated to insure the operation of the system or to maintain or service Client's property or the property of others to which Company's system is connected. Client is responsible for paying all local, municipal and governmental false alarm fines. Trip charges may be applicable for both maintenance and non-maintenance clients.

7B. **Limited Warranty (System Package):** Company warrants the System to be free from defects in material and/or workmanship for a period of ninety (90) days from the date of original installation. Upon expiration of such warranty period, or in the event such goods are subjected to misuse, negligence, alteration, improper repair, or are operated contrary to printed instructions, all warranty and liability of Company shall immediately cease.

If within the period of such warranty, the Company promptly notifies the Company of any claimed defect and it appears to Company that such part or parts are defective, Company will at its option repair such defective part or parts or replace the same with like or similar part or parts. The Company shall be responsible for all transportation and labor charges relating to installation of any replacement part or removal of a defective part.

It is expressly understood that the replacement of such defective part or parts by Company shall constitute the sole remedy of Client and the sole liability of Company, whether on warranty, contract, or negligence, and that Company shall not be liable for any other expenses, injury, loss or damage, whether direct, incidental or consequential.

No representative of Company has any authority to waive, alter, vary, or add to the terms hereof without prior approval in writing accepted by an authorized representative of Company. All implied warranties including implied warranty of merchantability or fitness for a particular purpose, shall not extend to duration of this limited warranty.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OR THE LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH MAY VARY FROM STATE TO STATE.

8. **Response to Alarm Signals: Telephone Line Requirements and System Testing:**

(a) **Central Station Alarm:** Client has installed a central station alarm. Company or its designee, shall, without warranty, make every reasonable effort to do the following: (1) Upon receipt of a burglar alarm signal, transmit the alarm to headquarters of the local police authority and notify the Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (2) Upon receipt of holdup alarm signal, transmit the alarm to headquarters of the local police authority; (3) Upon receipt of manual, water flow, smoke or automatic fire alarm signal, transmit the alarm to local fire authority and notify Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (4) Upon receipt of a monitoring signal, notify Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (5) Upon receipt of an analog signal indicating an unauthorized entry into Client's premises, Company's operator will make every reasonable effort to identify the sound, when warranted, transmit notice of said signal to the local police authority and notify the Client or his designated representative by calling the telephone number supplied in writing by Client. In some cases the order or sequence or number of calls made to the Client or Client designees may be subject to the requirements of local or state jurisdiction governing the Client's site, or the Company.

(b) **Police and Fire Department Connected Alarm:** Client acknowledges that if the signals transmitted from Client premises will be monitored in municipal police and/or fire departments or other locations, that the personnel of such municipal police and/or fire department or other location that are not agents of Company, the Company shall not assume any responsibility for the manner in which signals are monitored or the response, if any to such signals.

(c) **Standard Telephone Lines/Sigal Disruption:** Client acknowledges that if the system is designed to operate over a standard "Analog" (POTS) telephone line, and in the event the Client's telephone service is out of order, discontinued, transferred to any form of VoIP or other digital, fiber optic or any other way interrupted, signals from the Client's system may not be received by the Company, and this interruption will not be known by the Company, and the Company, who shall not be responsible for failure to receive such signals. Client bears responsibility for providing a standard Analog phone line in working order or to notify the Company in the event of transferring phone service to any other non-standard Analog service. Client acknowledges that if a non-standard Analog phone service is established thereby requiring additional monitoring equipment and advanced communication service, additional installation and monthly monitoring charges will apply in order to modify the Client's system.

(d) **System Testing:** It is recommended that the Client test the operation of their system which includes transmitting a test signal to the central station at a minimum of every thirty (30) days. Failure to do so could result in the Company being unaware of a phone line interruption which could result in alarm signals not being received at the central station. This monthly test is not a substitute for a specifically designed phone line backup system, but is recommended ensuring a long-term phone line outages or system malfunctions do not occur.

(e) **Cellular/Radio/DSM (Wireless) Signal Transmission:** Client acknowledges that if Wireless Signal Transmission is utilized as the primary, secondary or exclusive signal transmission, and the Cellular/Radio service is a pay-per-use, no signal transmission will be received from the Client's site. Additionally, unless "Opening/Closing" services are selected by the Client, the Client's system is designed to only transmit signals in the event of an emergency (alarm) event. Without the enabling of Opening/Closing services, neither the Client nor the Company can validate if the Client's system is in the armed (on) state. The Company shall not be responsible for the failure to receive an emergency (alarm) signal event from the Client's site address.

9. **Increases in Monthly Charges:** Company shall have the right, at any time, to apply a monthly administrative billing fee (for non non-payment Client) and/or increase the monthly charges provided herein to reflect increases in federal, state and local taxes, utility charges including telephone charges, and any other charges which are imposed on the Company and which relate to the services provided under this Agreement, and Client agrees to pay such increased monthly charges.

9.1. In addition, to the increases set forth above, but not less than that during any twelve month period, Company shall also have the right to increase the monthly charges called for during the term of this agreement by a percentage equal to 1.5 times the percentage increase in the Department of Labor Consumer Price Index, (all items), since the effective date of this Agreement or since the date of the last such increase pursuant to this sub-paragraph (9.1), whichever date is later, and Client agrees to pay such increased monthly charges.

9.2. As an alternative to sub-paragraph (9.1), but not more than once during any twelve month period, the Company shall have the option to increase the monthly charges provided herein by a percentage not to exceed 20% per year since the date of the last such increase pursuant to this paragraph (9.2). Said 20% per year increase shall be in lieu of all other increases in this year (excluding an administration fee) provided for in sub-paragraph (9.1). If Client objects in writing within thirty (30) days from the effective date of the increase being imposed pursuant to this sub-paragraph (9.2), the Company shall have forty-five (45) days to respond following receipt of such written objection. If Company fails to respond to the Client within forty-five (45) days from the Client's written objection, the increase pursuant to this sub-paragraph (9.2) shall be rescinded. If the Client refuses to accept the imposed increase, the Company may choose to reduce the increase in accordance with sub-paragraph (9.1), within which Client agrees to pay Client's failure to object in writing within the said thirty (30) days from the increase pursuant to this sub-paragraph (9.2) shall constitute the Client's acceptance of the increase.

10. **Attached Personnel, Opening & Closing Schedules:** Client agrees to furnish forthwith a written list of the names, title, residence and cellular telephone numbers of all persons authorized to arrange an unannounced entry and/or authorized to enter or remain on the premises of Client during the regularly scheduled closed period, and/or notified in the event of an alarm. Client agrees to keep such call list current. If Opening and Closing Schedules are included in the Client's service, the Client shall furnish the Company with a written daily/weekly and holiday Opening and Closing Schedules. All changes, revisions and modifications to the above shall be supplied to Company in writing. Failure by the Client to provide the Company with Opening and Closing Schedules shall remove the Client from this service and the only obligation of the Company shall be a refund of the specific charges for this service for up to six (6) months.

11. **Title Retention: Removal of System (Company Owned System):** Client acknowledges and agrees that this Agreement is for the providing of service and that except as hereinafter provided, the major components installed herein, including but not limited to transmission, detection sensors, bell boxes and controls shall in all times remain the sole property of Company. Upon the expiration of this Agreement or upon any default as herein set forth, Company is authorized to enter upon premises of Client and to remove all the Client's equipment and equipment of Client's premises shall become the property of Company and which shall be returned to Client upon payment of their written contract or estimate. If, within thirty (30) days of such event, return to the said Company owned equipment to Client in good condition, reasonable wear and tear excepted. If the Client requests for the Company owned equipment to remain in place or refuses to allow the Company to remove the Company owned equipment, the Client acknowledges there will be a charge applied (equipment charge) equal to the current market value for all major components, and the Client agrees to these charges.

Upon completion of the installation, title to all of the non-recoverable equipment, materials, supplies including but not limited to, wire, cable, fill, conduit, screws and the labor for the installation of the system shall vest in the Client. Notwithstanding the foregoing, during the term of this Agreement, Client will not damage, encumber, tamper with or dispose of any portion of this system or permit the system to be damaged, encumbered, taken from the premises, tampered with or repaired by anyone who is not an authorized agent of Company. In the event of loss or damage to any portion of this system, whether owned by the Company or Client, Client agrees to pay Company the reasonable value for the replacement or repair of the Company owned equipment or the installation on the Client's premises. Client agrees that the installation of the Company owned equipment does not create a fixture to Client's premises as to that equipment. The value for replacement that a Company Owned System does not include maintenance/repair services, if required/required, is available for an additional monthly charge.

12. **Suspension or Cancellation of this System/Service:** This Agreement may be suspended or canceled, without notice at the option of Company, if Company's or Client's premises or equipment is destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service, or in the event Company is unable to render service as a result of any action by any governmental agency.

13. **Delinquency & Retention Charges: Interest Charges:** In the event the payment due hereunder is more than ten (10) days delinquent, Company may impose and collect a delinquency charge of 1.50% per month (18% per annum), or the highest amount under law, whichever is less, of the amount of the delinquency. Client acknowledges and agrees that the delinquent payment or nonpayment of the amounts due hereunder may be deemed by the Company to be a material breach of contract on the part of Client, and, at Company's option, in addition to all other legal remedies available, shall excuse it from further performance under this Agreement, upon the giving of ten (10) days written notice to Client. Company's excuse from performance shall not affect its right to recover all amounts owing pursuant to this Agreement including damages from Client or to recover Company owned equipment from Client's premises. If the system is destroyed because of Client's past due balance, and if Client desires to have system reinstalled, Client agrees to pay in advance to Company a retention charge to be fixed by the Company in its sole discretion.

14. **Change in Ownership of Client's Premises:** Client acknowledges that the sale or transfer of Client's premises shall not relieve Client of his duties and obligations under this Agreement. Client may not assign this Agreement or permit anyone to take subject to this Agreement without written consent of the Company.

15. **Assignment/Subcontractors of Company:** Company shall have the right to assign this Agreement to any other person, firm or corporation without notice to Client and shall have the further right to subcontract any installation and/or services, including monitoring, which it may perform. Client acknowledges that this Agreement, and particularly those paragraphs relating to Company's disclaimer of warranties, maximum liability, limitation of liability, and third party indemnification, inure to the benefit of and are applicable to any assignees and/or subcontractors, and they bind Client to Company with respect to said assignees and/or subcontractors with the same force and effect as they bind Client to Company.

16. **Default by Client:** If the Client fails to make any payment as agreed herein, or becomes insolvent, or makes an assignment for the benefit of creditors, or a petition is filed by or against the Client under the Bankruptcy Act or any amendment therein, including a petition for reorganization, arrangement or extension, or if any representation, warranty or financial information made or submitted by Client shall become inaccurate due and payable, the entire amount of this Agreement shall become immediately due and payable.

In the case of Company Owned System, the Client hereby consents, in the event of default or non-observance of this Agreement, to the Company immediately entering the aforesaid premises or any other premises where the property of said Company may be located for the purpose of removing the equipment belonging to the Company. Upon the expiration of this Agreement or any renewal thereof, or upon the happening of any other contingency set forth herein, the Company may immediately enter said premises and remove the equipment with or without process of law and without liability for damages to persons or property arising out of such entry or taking of possession. Removal of the equipment by the Company shall not be considered to constitute a waiver of any of its rights under the terms of this Agreement, nor shall the Company be liable for any external damage caused to the premises by installation or removal of its equipment. Client acknowledges and agrees that the equipment of which the system is composed is totally interchangeable with Company's inventory, and therefore the Company has no obligation to place or use said equipment in any other system before using any of its other inventory, nor any obligation to account for or credit Client with the value of use of any such removed equipment. Company shall not be responsible for damages caused to Client's premises by reason of the removal of the system from Client's premises.

17. **Contract in Entirety: Limitation of Liability:** It is understood and agreed that insurance is not a warranty, that insurance, if any, shall be obtained by Client; that the payments provided for herein are based on the value of the service as set forth herein and are not based on the value of the Client's property or the property of others located on the Client's premises; that Company makes no warranty, including any implied warranty of merchantability or fitness that the equipment or services supplied will avert or prevent occurrences or the consequences therefrom from which the system or service is designed to detect or avert. Client acknowledges that it is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from a failure to perform any of the obligations herein, including, but not limited to, installation, service, maintenance or monitoring or the failure of the system to properly operate with resulting loss to Client because of, among other things: (a) the uncertainty amount of or value of the Client's property or the property of others kept on the premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system or service is designed to detect or avert; (b) the uncertainty of the response time of any police or fire departments should the police or fire departments be dispatched as a result of a signal being received or an audible device sounding; (c) the inability to ascertain what portion, if any, of any loss would be proximately caused by Company's failure to perform as to be required by the contract; (d) the nature of the services to be performed by the Company.

Client understands and agrees that if Company should be found liable for personal injury or property loss or damage from failure of Company to perform any of Company's obligation herein, including, but not limited to, installation, maintenance, monitoring, service or the failure or malfunction of the system or equipment in any respect whatsoever, Company's liability shall be limited to a sum equal to the total of six (6) monthly payments or Two Hundred Fifty (\$250.00) Dollars, whichever is lesser, and this liability shall be exclusive; and that the provisions of this Section shall apply if loss or damage, irrespective of cause or origin, results directly or indirectly to persons or property from performance or nonperformance of any obligation imposed by this contract or from negligence, active or otherwise of Company, its agents, servants, assigns or employees.

18. **Third Party Indemnification:** In the event any person, not a party to this Agreement, shall make any claim, or file any lawsuit against Company for any reason relating to Company's duties and obligations pursuant to this Agreement, including but not limited to the design, installation, maintenance, operation or non-operation of the system, Client agrees to identify, defend and hold Company harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs and attorney's fees, whether these claims be based upon alleged intentional conduct, active or passive negligence, express or implied contract or warranty, contribution or indemnification, or strict or product liability on the part of Company, its agents, servants, assigns or employees.

This Agreement by Client to indemnify Company against third party claims as hereinabove set forth shall not apply to losses, damages and liability resulting in injury or death to third person or injury to property of third person, which losses, damages and liability occur while an employee of Company is on Client's premises and which losses, damages and liability are solely and directly caused by the acts of said employee.

19. **Hazards: Aesthetics:** You have the affirmative duty to inform us, prior to beginning installation, of every location on the premises where we should not (because of concealed obstructions or hazards such as pipes, wires or asbestos) enter or drill holes. Unless so notified, we will determine where to drill holes and place equipment. We will take reasonable precautions to avoid concealed obstructions, but have no means of determining with certainty if they exist. If asbestos or other health hazardous material is encountered during installation, we will cease work until you have, at your sole expense, obtained clearance from a licensed asbestos removal or hazardous material contractor that continuation of work will not pose any danger to our personnel. In no case shall we be liable for discovery or exposure of hidden asbestos or other hazardous material.

20. **Client's Purchase Order:** Client acknowledges that if there is any conflict between the Agreement and Client's purchase order or any other document, the Agreement will govern, whether such purchase order or other document is prior or subsequent to this Agreement.

21. **Attorney's Fees:** In the event it shall become necessary for Company to institute legal proceedings to collect the cost of installation or the monthly service charge as set forth herein, then in such proceeding the unsuccessful party shall pay to the successful party reasonable attorney's fees where permitted by law.

22. **Invalid Provisions:** In the event any of the terms or provisions of this Agreement shall be declared to be invalid or unenforceable, all of the remaining terms and provisions shall remain in full force and effect.

23. **Notice:** All notices to be given hereunder shall be in writing and may be served, either personally or by mail, postage prepaid.

24. **Gender:** Whenever the context requires in this Agreement, the masculine gender herein used shall include the feminine and the singular shall include the plural.

25. **Paragraph Headings:** The paragraph titles used herein are for the convenience of the parties only and shall not be considered in construing the provisions of this Agreement.

26. **Prior Agreements:** Client warrants and represents that the Client is not under any enforceable agreement with any other party concerning systems of any kind and description installed at the premises and furthermore Client agrees to indemnify and save harmless Company against all claims, demands, suits, expenses and damages by judgment or otherwise, which may now and hereafter be incurred as a result of any agreement that Client may have entered into with any party concerning any such systems of any kind and description. Client will pay all costs, including reasonable attorney's fees, for the defense of such claim or suit and reasonable attorney's fees incurred in the enforcement of this indemnity provision.

27. **Entire Integrated Agreement: Modification: Alterations: Waiver:** This writing is intended by the parties as a final expression of their Agreement and as a complete and exclusive statement of the terms thereof. This signed Agreement supersedes all prior representations, understandings or agreements of the parties both written and verbal and the parties rely only upon the contents of this Agreement in executing it. This Agreement can only be modified by a writing signed by the parties at their duly authorized agents. No waiver of a breach of any term or condition of this Agreement shall be construed to be a waiver of any succeeding breach. Any modification or alterations to the standard terms and conditions contained herein must be initiated and acknowledged by both parties.

4. **Change in the System: Cost of Repairs: Additional Protection: Risk of Loss:** The cost of any additions, changes and variances to the system, as herein contained for or as originally installed, made at the request of or made necessary or required by Client's action, or which may be demanded by any governmental agency or insurance interest or inspection and rating bureau, are to be paid by Client. CLIENT ACKNOWLEDGES THAT CLIENT HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM COMPANY OVER AND ABOVE THAT PROVIDED HEREIN, AT AN ADDITIONAL COST TO CLIENT. All risk of loss or damage to the system shall be borne exclusively by Client whose obligations hereunder shall not be diminished by any such loss or damage.

5. **Permit to Operate System:** Client acknowledges that in some local areas it is a requirement to obtain a permit or license to operate a system (intrusion, fire, access control, CCTV). Client agrees to obtain any permit that might be required, and the Client acknowledges that the cost, if any of this permit or license will be that of the Client's along with any additional charges that might be imposed on the Client. Client acknowledges that if a permit or license is not obtained, or the permit or license number is not provided to the Company, no dispatch in an emergency signal may be the result, and/or a fine from the local response agency may apply, which will be at the sole cost to the Client. Client agrees to maintain any permits or licenses during the term of this Agreement and for any automatic renewal of this Agreement.

6. **Installation of System: Order of Installation: Interruption of Service:** Client authorizes and empowers Company to install or cause to be installed the protective system summarized on the Schedule of Protection. Client agrees that the work of installation shall be performed on weekdays only between the hours of 9:00 a.m. and 5:00 p.m., unless the Client directs otherwise; in which case, the Client hereby agrees to pay Company any resulting increased cost for installation. Should Company be forced to subcontract any portion of the installation due to any trade union jurisdiction dispute, the additional cost caused by such subcontracting shall be paid by the Client. Client authorizes use of electrical outlets required and necessary current through his meters, at his expense. Client shall, at his own expense, make any necessary repairs or changes to Client's premises, as requested by Company, and access to all needed areas, to facilitate the installation and operation of the system. Any error or omission in the construction or installation of the system may be called to the attention of the Company, in writing, within thirty (30) days after completion of installation. Otherwise, the installation shall be deemed totally satisfactory and accepted by Client. Company assumes no liability for delay in installation of the equipment, or for interruption of service due to strikes, riots, floods, storms, earthquakes, fires, power failures, insurances, interruption or unavailability of telephone service to Client while interruption of service due to any such cause may continue.

7. **Service: Inspections: Cost of Repairs:** Client authorizes and empowers Company to maintain and service the aforesaid system to make any necessary inspections, tests and repairs as required. In the case of fire alarm protection, Client will notify Company in writing of any change in its fire rating bureau or agency. If maintenance service has been contracted for, repairs necessitated by ordinary wear and tear shall be at Company's expense including battery changes, damages caused by the Client or third party, or damages caused by Acts of God (lightning, power surges, water damage or similar non-equipment failure), which shall be separately billed, and shall be performed as soon as reasonably possible after receipt of notice by Company from Client. Client shall be responsible for testing system monthly and informing company of any needed repairs. If time and material services have been requested, any necessary repairs shall be charged to Client at the Company's then prevailing labor and material rates. All necessary inspections, tests, or service calls which may be required on the part of the Company shall be performed between the hours of 9:00 am and 5:00 pm on normal business days. Client acknowledges the Company's obligation hereunder relates solely to the maintenance or repair of the specified system and that Company is in no way obligated to insure the operation of the system or to maintain or service Client's property or the property of others to which Company's system is connected. Client is responsible for paying all local, municipal and governmental alarm fees. Trip charges may be applicable for both maintenance and non-maintenance calls.

7B. **Limited Warranty (System Function):** Company warrants the System to be delivered hereunder to be free from defects in material under workmanship for a period of ninety (90) days from the date of original installation. Upon expiration of such warranty period, or in the event such goods are subjected to misuse, negligence, alteration, improper repair, or are operated contrary to printed instructions, all warranty and liability of Company shall immediately cease.

If within the period of such warranty, the Client promptly notifies the Company of any claimed defect and it appears to Company that such part or parts are defective, Company will at its option repair such defective part or parts or replace like items with like or similar part or parts. The Company shall be responsible for all transportation and labor charges relating to installation of any replacement part or removal of a defective part.

It is expressly understood that the replacement of such defective part or parts by Company shall constitute the sole remedy of Client and the sole liability of Company, whether on warranty, contract, or negligence, and that Company shall not be liable for any other expense, injury, loss or damage, whether direct, incidental or consequential.

No representative of Company has any authority to waive, alter, vary, or add to the terms hereof without prior approval in writing accepted by an authorized representative of Company. All implied warranties including implied warranties of merchantability or fitness for a particular purpose, shall not extend in duration the term of this limited warranty.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OR THE LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH MAY VARY FROM STATE TO STATE.

B. Response to Alarm Signals: Telephone Line Requirements and System Testing:

(a) **Central Station Alarm:** If Company has installed a central station alarm, Client agrees, without warranty, make every reasonable effort to do the following: (1) Upon receipt of a burglar alarm signal, transmit the alarm to headquarters of the local police authority and notify the Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (2) Upon receipt of bodily alarm signal, transmit the alarm to headquarters of the local police authority; (3) Upon receipt of manual, water flow, smoke or automatic fire alarm signal, transmit the alarm to local fire authority and notify Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (4) Upon receipt of a monitoring signal, notify Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (5) Upon receipt of an audio signal indicating an unauthorized entry into Client's premises, Company's operator will make every reasonable effort to identify the sound, which warranted transmit notice of said signal to the local police authority and notify the Client or his designated representative by calling the telephone number supplied in writing by Client. In some cases the order or sequence or number of calls made to the Client or Client's designee may be subject to the requirements of local or state jurisdiction governing the Client's site, or the Company.

(b) **Police and Fire Department Connected Alarm:** Client acknowledges that if the signals transmitted from Client premises will be monitored in municipal police and/or fire departments or other locations, that the personnel of such municipal police and/or fire department or other location that are not agents of Company, the Company shall not assume any responsibility for the manner in which signals are monitored or the response, if any to such signals.

(c) **Standard Telephone Line/Standard Intercom:** Client acknowledges that if the system is designed to operate over a standard "Analog" (POTS) telephone line, and in the event the Client's telephone service is out of order, disconnected, transferred to any form of VoIP or other digital, fiber optic or other "non-standard" telephone service or in any other way interrupted, signals from the Client's system may not be received by the Company, and this interruption will not be known by the Company, who shall not be responsible for failure to receive such signals. Client bears responsibility for providing a standard Analog phone line in working order or to notify the Company in the event of transferring phone service to any other non-standard Analog service. Client acknowledges that if a non-standard Analog phone service is established thereby requiring additional monitoring equipment and enhanced communication service, additional installation and monthly monitoring charges will apply in order to modify the Client's system.

(d) **System Testing:** It is recommended that the Client test the operation of their system which includes transmitting a test signal to the central station at a minimum of every thirty (30) days. Failure to do so could result in the Company being unaware of a phone line interruption which could result in alarm signals not being received at the central station. This monthly test is not a substitute for a specifically designed phone line backup system, but is recommended ensuring a long-term phone line outage or system malfunctions do not occur.

(e) **Collateral/Related/CFM (Off-site) Signal Transmission:** Client acknowledges that if Wireless Signal Transmission is utilized as the primary, secondary or exclusive signal transmission, and the Cellular/Radio service is in anyway disrupted, no signal transmission will be received from the Client's site. Additionally, unless "Opening/Closing" services are selected by the Client, the Client's system is designed to only transmit signals in the event of an emergency (alarm) event. Without the enabling of Opening/Closing services, neither the Company nor the Client can validate if the Client's system is in the armed (on) status. The Company shall not be responsible for the failure to receive an emergency (alarm) signal event from the Client's site address.

9. **Increase in Monthly Charges:** Company shall have the right, at any time, to apply a monthly administrative billing fee (for non auto-payment Client) and/or increase the monthly charges provided herein to reflect increases in federal, state and local taxes, utility charges including telephone company line charges, and municipal fees and charges, which hereinafter are imposed on Company and which relate to the services provided under this Agreement, and Client agrees to pay such increased monthly charges.

9.1 In addition, to the increases set forth above, but no more often than once during any twelve month period, Company shall also have the right to increase the monthly charges called for during the term of this agreement by a percentage equal to 1.5 times the percentage increase in the Department of Labor Consumer Price Index, (all items), since the effective date of this Agreement or since the date of the last such increase pursuant to this sub-paragraph (9.1), whichever date is later; and Client agrees to pay such increased monthly charges.

9.2 As an alternative to sub-paragraph (9.1), but not more than once during any twelve month period, the Company shall have the option to increase the monthly charges provided herein by a percentage not to exceed 20% per year since the date of the last such increase pursuant to this sub-paragraph (9.2). Said increase shall be in lieu of all other increases in this Agreement in each year (hereinafter referred to as "adjustment") provided for in sub-paragraph (9.1). If Client objects in writing within thirty (30) days from the effective date of the increase being imposed pursuant to this sub-paragraph (9.2), the Company shall have forty-five (45) days to respond following receipt of such written objection. If Company fails to respond to the Client within forty-five (45) days from the Client's written objection, the increase pursuant to this sub-paragraph (9.2) shall be rescinded. If the Client refuses to accept the proposed increase, the Company may choose to reduce the increase in accordance with sub-paragraph (9.1), which Client agrees to pay. Client's failure to object in writing within the said thirty (30) days from the increase pursuant to this sub-paragraph (9.2) shall constitute the Client's acceptance of the increase.

10. **Anti-hack Personal Operator & Closing Schedules:** Client agrees to furnish forthwith a written list of the names, titles, residence and cellular telephone numbers of all persons authorized to arrange an unattended event and/or authorized to enter or remain on the premises of Client during the regularly scheduled closed period, and/or notified in the event of an alarm. Client agrees to keep such call list current. If Opening and Closing Schedules are included in the Client's service, the Client shall furnish the Company with a written list of the names, titles, residence and cellular telephone numbers of all persons authorized to arrange an unattended event and/or authorized to enter or remain on the premises of Client during the regularly scheduled closed period, and/or notified in the event of an alarm. Client agrees to keep such call list current. Failure by the Client to provide the Company with Opening and Closing Schedules shall remove the Client from this service and the only obligation of the Company shall be a refund of the specific charges for this service for up to six (6) months.

11. **Title to Equipment: Removal of System (Company Owned System):** Client acknowledges and agrees that this Agreement is for the providing of service and that except as hereinafter provided, the major components installed herein, including but not limited to transmitters, detection sensors, bell boxes and controls shall at all times remain the sole property of Company. Upon the expiration of this Agreement or upon any default as herein set forth, Company is authorized to enter upon premises of Client and to remove all of the Company owned equipment. Removal of Company owned equipment shall be without prejudice to the collection of any and all sums due under the entire contract or extensions or renewals thereof. Client shall, in such event, return the said Company owned equipment to Company in good condition, reasonable wear and tear excepted. If the Client requests for the Company owned equipment to remain in place or return to Client, the Client shall pay to Company the full market value for the equipment as of the date of removal, plus all other components, and Client agrees to return the equipment to Company in good condition, reasonable wear and tear excepted. Upon completion of the installation, title to all of the non-moveable equipment, materials, supplies including but not limited to, cables, foil, conductive screens and the labor for the installation of the system shall vest in the Client. Notwithstanding the foregoing, during the term of this Agreement, Client will not damage, encumber, transfer with or dispose of any portion of this system or any of the system's components. If the system is damaged, encumbered, taken from the premises, tampered with or repaired by anyone who is not an authorized agent of Company, in the event of loss or damage to any portion of this system, whether owned by the Company or Client, Client agrees to pay Company the reasonable value for the replacement or repair of the Company owned equipment or the installation on the Client's premises. Client agrees that the installation of the Company owned equipment does not create a future to Client's premises as to that equipment. The Client acknowledges that a Company Owned System does not include maintenance/repair service; if required/required it is available for an additional monthly charge.

12. **Suspension or Cancellation of this System/Service:** This Agreement may be suspended or canceled, without notice at the option of Company, if Company's or Client's premises or equipment is destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service, or in the event Company is unable to render service as a result of any action by any governmental agency.

13. **Delinquency & Remedial Charges: Interest Charges:** In the event the payment due hereunder is more than ten (10) days delinquent, Company may impose and collect a delinquency charge of 1.50% per month (18% per annum), or the highest amount under law, whichever is less, of the amount of the delinquency. Client acknowledges and agrees that the delinquency or nonpayment of the monthly fee hereunder may be deemed by the Company to be a material breach of contract on the part of Client, and, at Company's option, in addition to all other legal remedies available, shall entitle it from further performance under this Agreement, upon the giving of ten (10) days written notice to Client. Client's excuse from performance shall not affect its right to recover all amounts owing pursuant to this Agreement including damages from Client or to recover Company owned equipment from Client's premises. If the system is destroyed because of Client's past due balance, and if Client desires to have system reinstated, Client agrees to pay in advance to Company a reinstatement charge to be fixed by Company in reasonable amount.

14. **Change in Ownership of Client's Premises:** Client acknowledges that the sale or transfer of Client's premises shall not relieve Client of his duties and obligations under this Agreement. Client may not assign this Agreement or permit anyone to take subject to this Agreement without written consent of the Company.

15. **Assignment/Delegation of Company:** Company shall have the right to assign this Agreement to any other person, firm or corporation without notice and shall have the further right to subcontract any installation and/or services, including monitoring, which are provided under this Agreement, and particularly those portions relating to Company's equipment and which involve the use of third parties, and the Company shall not be liable for any assignment or delegation of its obligations hereunder, and any assignment or delegation shall be effective to any assignee and/or subcontractors, and they bind Client with respect to said assignee and/or subcontractors with the same force and effect as they bind Client to Company.

16. **Default by Client:** If the Client fails to make any payment as agreed hereunder, or becomes insolvent, or makes an assignment for the benefit of creditors, or a petition is filed by or against the Client under the Bankruptcy Act or any amendment thereto, including a petition for reorganization, arrangement or extension, or if any representation, warranty or financial information made or submitted by Client shall be untrue or performed in any material respect, or if Client defaults hereunder in any other respect, the entire amount due under this Agreement for the balance of the Agreement period shall become immediately due and payable.

In the case of a Company Owned System, the Client hereby consents, in the event of default or non-renewal of this Agreement, to the Company immediately entering the aforesaid premises or any other premises where the property of said Company may be located for the purpose of removing the equipment belonging to the Company. Upon the expiration of this Agreement or any renewal thereof, or upon the happening of any other contingency set forth herein, the Company may immediately enter any said premises and remove the equipment with or without process of law and without liability for damage to persons or property arising out of such entry or taking of possession. Removal of the equipment by the Company shall not be considered to constitute a waiver of any of its rights under the terms of this Agreement, nor shall the Company be liable for any removal of equipment or removal of the equipment. Client acknowledges and agrees that the equipment of which the system consists is totally interchangeable with Company's inventory, and therefore the Company has no obligation to place or use said equipment in any other system before using any of its other inventory, nor any obligation to account for or credit Client with the value of any of any such removed equipment. Company shall not be responsible for damage caused to Client's premises by reason of the removal of the system from Client's premises.

17. **Company is Not an Insurer: Limitation of Liability:** It is understood and agreed that Company is not an insurer, that insurance, if any, shall be obtained by Client; that the payments provided for herein are based on the value of the service as set forth herein and are unrelated to the value of the Client's property or the property of others located on the Client's premises, that Company makes no guarantee or warranty, including any implied warranty of merchantability or fitness that the equipment or services supplied will event or prevent occurrence of the consequences there from which the system or service is designed to detect or avert. Client acknowledges that it is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from a failure to perform any of the obligations herein, including, but not limited to, installation, service, maintenance or monitoring or the failure of the system to properly operate with resulting loss to Client because of, among other things: (a) The uncertain amount or value of the Client's property or the property of others kept on the premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system or service is designed to detect or avert; (b) The uncertainty of the response time of any police or fire departments should the police or fire departments be dispatched as a result of a signal being received or an audible device sounding; (c) The inability to ascertain what portion, if any, of any loss would be proximately caused by Company's failure to perform or by its equipment to properly operate; (d) The nature of the service to be performed by Company.

Client understands and agrees that if Company should be found liable for personal injury or property loss or damage from failure of Company to perform any of Company's obligations herein, including, but not limited to, installation, maintenance, monitoring, service or the failure or malfunctions of the system or equipment in any respect whatsoever, Company's liability shall be limited to a sum equal to the total of six (6) monthly payments or Two Hundred Fifty (\$250.00) Dollars, whichever is lesser, and the liability shall be exclusive of any other recovery, including, but not limited to, interest, punitive damages, or consequential damages, or non-performance or nonperformance of any obligation imposed by this contract or from negligence, active or otherwise of Company, its agents, servants, assignees or employees.

18. **Third Party Indemnification:** In the event any person, not a party to this Agreement, shall make any claim, or file any lawsuit against Company for any reason relating to Company's duties and obligations pursuant to this Agreement, including but not limited to the design, installation, maintenance, operation or non-operation of the system, Client agrees to indemnify, defend and hold Company harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs and attorney's fees, whether these claims be based upon alleged intentional conduct, active or passive negligence, express or implied contract or warranty, contribution or indemnification, or strict or product liability on the part of Company, its agents, servants, assignees or employees.

This Agreement by Client to indemnify Company against third party claims as hereinabove set forth shall not apply to losses, damages and liability resulting in injury or death to third persons or injury to property of third persons, which losses, damages and liability occur while an employee of Company is on "Client's premises and which losses, damages and liability are solely and directly caused by the acts of said employee.

19. **Hazardous Asbestos:** You have the affirmative duty to inform us prior to beginning installation of every location at the premises where we should not (because of concealed obstructions or hazards) such as pipes, wires or asbestos) enter or drill holes. Unless so notified, we will determine where to drill holes and place equipment. We will take reasonable precautions to avoid concealed obstructions, but have no means of determining with certainty if they exist. If asbestos or other health hazards material is encountered during installation, we will cease work until you have, at your sole expense, obtained clearance from a licensed asbestos removal or hazardous material contractor that continuation of work will not pose any danger to our personnel. In no case shall we be liable for discovery or exposure of hidden asbestos or other hazardous material.

20. **Client's Purchase Order:** Client acknowledges that if there is any conflict between the Agreement and Client's purchase order or any other document, the Agreement will govern, whether such purchase order or other document is prior or subsequent to this Agreement.

21. **Attorney's Fees:** In the event it shall become necessary for Company to institute legal proceedings to collect the cost of installation or the monthly service charge as set forth herein, then in such proceeding the unsuccessful party shall pay to the successful party reasonable attorney's fees where permitted by law.

22. **Invalid Provisions:** In the event any of the terms or provisions of this Agreement shall be deemed to be invalid or unenforceable, all of the remaining terms and provisions shall remain in full force and effect.

23. **Notice:** All notices to be given hereunder shall be in writing and may be served, either personally or by mail, postage prepaid.

24. **Gender:** Whenever the contract requires in this Agreement, the masculine gender herein used shall include the feminine and the singular shall include the plural.

Client will pay all sums, including reasonable attorney's fees, for the defense of such claims or suit and reasonable attorney's fees incurred in the enforcement of this indemnity provision.

27. **Entire Integrated Agreement: Modifications: Alterations: Waiver:** This writing is intended by the parties as a final expression of their Agreement and as a complete and exclusive statement of the terms thereof. All risk of loss or damage to the system shall be borne exclusively by Client whom obligations hereunder shall not be diminished by any such loss or damage.

5. **Permit in Domestic System:** Client acknowledges that in some local areas it is a requirement to obtain a permit or license to operate a system (fire alarm, fire alarm control, CCTV). Client agrees to obtain any permit that might be required, and the Client acknowledges that the cost of the permit shall be the responsibility of the Client. 6. **Installation of System; Delay of Installation; Interruption of Service:** Client authorizes and empowers Company to install or cause to be installed the protective system summarized on the Schedule of Protection. Client agrees that the work of installation shall be performed on weekdays only between the hours of 9:00 a.m. and 5:00 p.m. unless the Client directs otherwise, in which case, the Client hereby agrees to pay Company any resulting increased cost for installation. Should Company be forced to subcontract any portion of the installation due to any trade union jurisdiction dispute, the additional cost caused by such subcontracting shall be paid by the Client. Client authorizes use of electrical outlets required and necessary current through his meters, at his expense. Client shall, at his own expense, make any necessary repairs or changes to Client's premises, as requested by Company, and access to all needed areas, to facilitate the installation and operation of the system. Any error or omission in the construction or installation of the system may be called to the attention of the Company, in writing, within thirty (30) days after completion of installation. Otherwise, the installation shall be deemed totally satisfactory in and accepted by Client. Company assumes no liability for delay in installation of the equipment, or for interruption of service due to strikes, riots, flood, storms, earthquakes, fire, power failures, insurrection, interruption or unavailability of telephone service or Client while satisfaction of service due to any such cause may continue.

7A. **Service Inspections; Cost of Repairs:** Client authorizes and empowers Company to maintain and service the aforesaid system to make any necessary inspections, tests and repairs as required. In the case of fire alarm protection, Client will notify Company in writing of any change in its fire rating bureau or agency. If maintenance service has been contracted for, repairs necessitated by ordinary wear and tear shall be at Company's expense excluding battery changes, damages caused by the Client or third party, or damages caused by Acts of God (lightning, power surges, water damage or similar non-equipment failure), which shall be separately billed, and shall be performed as soon as reasonably possible after receipt of notice by Company from Client. Client shall be responsible for testing system monthly and informing company of any needed repairs. If time and material service has been requested, any necessary repairs shall be charged to Client at the Company's then prevailing labor and material rates. All necessary inspections, tests, or services called which may be required on the part of the Company shall be performed between the hours of 9:00 am and 5:00 pm normal business days. Client is responsible for paying all local, municipal and governmental false alarm fines. Trip charges may be applicable for both maintenance and non-maintenance calls.

7B. **Limited Warranty (System Purchase):** Company warrants the System to be delivered hereunder to be free from defects in material and/or workmanship for a period of ninety (90) days from the date of original installation. Upon expiration of such warranty period, or in the event such goods are subjected to misuse, negligence, alteration, in proper repair, or are operated contrary to printed instructions, all warranty and liability of Company shall immediately cease. If within the period of such warranty, the Client promptly notifies the Company of any claimed defect and it appears to Company that such part or parts are defective, Company will at its option repair such defective part or parts or replace the same with like or similar part or parts. The Company shall be responsible for all repairs relating to installation of any replacement part or removal of a defective part. If it is expressly understood that the replacement of such defective part or parts by Company shall constitute the sole remedy of Client and the sole liability of Company, whether on warranty, contract, or negligence, and that Company shall not be liable for any other expense, injury, loss or damage, whether or consequential.

All implied warranties including implied warranties of merchantability or fitness for a particular purpose, shall not extend in derogation of the terms of this limited warranty.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OR THE LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH MAY VARY FROM STATE TO STATE.

8. **Response to Alarm Signals; Telephone Line Requirements and System Testings:**

(a) **Central Station Alarm:** If Company has installed a central station alarm, Client or its designee, shall, without warranty, make every reasonable effort to do the following: (1) Upon receipt of a burglar alarm signal, transmit the alarm to headquarters of the local police authority and notify the Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (2) Upon receipt of holdup alarm signal, transmit the alarm to headquarters of the local police authority; (3) Upon receipt of manual, fire, water flow, smoke or automatic fire alarm signal, transmit the alarm to local fire authority and notify Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (4) Upon receipt of a monitoring signal, notify Client or his designated representative by calling the telephone number supplied to Company in writing by Client; (5) Upon receipt of an audio signal indicating an unauthorized entry into Client's premises, Company's operator will make every reasonable effort to identify the sound, when warranted transmit notice of said signal to the local police authority and notify the Client or his designated representative by calling the telephone number supplied in writing by Client. In some cases the order or sequence or number of calls made to the Client or Client's designee may be subject to the requirements of local or state jurisdictions governing the Client's site, or the Company.

(b) **Police and Fire Department Connected Alarm:** Client acknowledges that if the signals transmitted from Client's premises will be transmitted to municipal police and/or fire departments or other locations, that the personnel of such municipal police and/or fire departments or other locations that are not agents of Company, the Company shall not assume any responsibility for the manner in which signals are monitored or the response, if any to such signals.

(c) **Standard Telephone Line/Signal Disruption:** Client acknowledges that if the system is designed to operate over a standard "Analog" (POTS) telephone line, and in the event the Client's telephone service is out of order, disconnected, transferred to any form of VoIP or other digital, fiber optics or other "non-standard" telephone service or in any other way interrupted, signals from the Client's system may not be received by the Company, and this interruption will not be known by the Company, who shall not be responsible for failure to receive such signals. Client bears responsibility for providing a standard Analog phone line in working order and to notify the Company in the event of transferring phone service to any other non-standard Analog service. Client acknowledges that if a non-standard Analog phone service is established thereby requiring additional monitoring equipment and enhanced communication services, additional installation and monthly monitoring charges will apply in order to modify the Client's system.

(d) **Signal Testing:** It is recommended that the Client test the operation of their system which includes transmitting a test signal to the central station at a minimum of every thirty (30) days. Failure to do so could result in the Company being unaware of a phone line interruption which could result in alarm signals not being received at the central station. This monthly test is not a substitute for a specifically designed phone line backup system, but is recommended ensuring a long-term phone line backup system or system malfunctions do not occur.

(e) **Callers/Radios/ISM (Wireless) Signal Transmitters:** Client acknowledges that if Wireless Signal Transmitter is utilized as the primary, secondary or exclusive signal transmission, and the Cellular/Radio service is in anyway disrupted, no signal transmission will be received from the Client's site. Additionally, unless "Opening/Closing" services are selected by the Client, the Client's system is designed to only transmit signals in the event of an emergency (alarm) event. Without the enabling of Opening/Closing services, neither the Company nor the Client can validate if the Client's system is in the armed (on) state. The Company shall not be responsible for the failure to receive an emergency (alarm) signal event from the Client's site address.

9. **Increase in Monthly Charges:** Company shall have the right, at any time, to apply a monthly administrative billing fee (for non auto-payment Clients) and/or increase the monthly charges provided herein to reflect increases in federal, state and local taxes, utility charges including telephone company line charges, and municipal fees and charges, which hereinafter are imposed on Company and which relate to the services provided under this Agreement; and Client agrees to pay such increased monthly charges.

9.1. In addition, to the increase set forth above, but no more often than once during any twelve month period, Company shall also have the right to increase the monthly charges called for during the term of this agreement by a percentage equal to 1.5 times the percentage increase in the Department of Labor Consumer Price Index, (all items), since the effective date of this Agreement or since the date of the last such increase pursuant to this sub-paragraph (9.1), whichever date is later; and Client agrees to pay such increased monthly charges.

9.2. As an alternative to sub-paragraph (9.1), but not more than once during any twelve month period, the Company shall have the option to increase the monthly charges provided herein by a percentage not to exceed 20% per year since the date of the last such increase pursuant to this paragraph (9.2). Said 20% per year increase shall be in lieu of all other increases in such year (excluding an administration fee) provided for in sub-paragraph (9.1). If Client objects to writing within thirty (30) days from the effective date of the increase being imposed pursuant to this sub-paragraph (9.2), the Company shall have forty-five (45) days to respond following receipt of such written objection. If Company fails to respond to the Client within forty-five (45) days from the Client's written objection, the increase pursuant to this sub-paragraph (9.2) shall be rescinded. If the Client refuses to accept the imposed increase, the Company may choose to reduce the increase in accordance with sub-paragraph (9.1), which Client agrees to pay. Client's failure to object in writing within the said thirty (30) days from the increase pursuant to this sub-paragraph (9.2) shall constitute the Client's acceptance of the increase.

10. **Unattended Premises; Opening and Closing Schedules:** Client agrees to furnish, periodically, a written list of the name, title, residence and cellular telephone number of all persons authorized to arrange an unattended event and/or authorized to make or remain on the premises of Client during the regularly scheduled closed period, and/or notified in the event of an alarm. Client agrees to keep such list current. If Opening and Closing Schedules are included in the Client's service, the Client shall furnish the Company with a written daily/weekly and holiday Opening and Closing Schedule. All changes, revisions and modifications to the above shall be supplied to Company in writing. Failure by the Client to provide the Company with Opening and Closing Schedules shall remove the Client from this service and the only obligations of the Company shall be a refund of the specific charges for this service for up to six (6) months.

11. **Title to Equipment; Removal of System (Company Owned System):** Client acknowledges and agrees that this Agreement is for the providing of service and that except as hereinafter provided, the major components installed herein, including but not limited to transmitters, detection services, but boxes and controls shall at all times remain the sole property of Company. Upon the expiration of this Agreement or upon any default as herein set forth, Company is authorized to enter upon premises of Client and to remove all of the Company owned equipment. Removal of Company owned equipment shall be without prejudice to the collection of any and all sums due under the entire contract or extension or renewals thereof. Client shall, in such event, return the said Company owned equipment in good working order and in good condition, free of any liens, claims, charges, taxes and other encumbrances. If the Client requests that the Company remove equipment to remain in place or refuse to allow the Company to remove the Company owned equipment, the Client acknowledges there will be a charge applied (equipment charge) equal to the current market value for all major components, and the Client agrees to these charges.

Upon completion of the installation, title to all of the non-recoverable equipment, materials, supplies including but not limited to, wire, cable, foil, conduit, screens and the labor for the installation of the system shall vest in the Client. Notwithstanding the foregoing, during the term of this Agreement, Client will not damage, encumber, tamper with or dispose of any portion of this system, or permit the system to be damaged, encumbered, taken from the premises, tampered with or repaired by anyone who is not an authorized agent of Company. In the event of loss or damage to any portion of this system, whether caused by the Client or Company, Client agrees to pay Company the reasonable value for the replacement or repair of the Company owned equipment or the installation on the Client's premises. Client agrees that the installation of the Company owned equipment does not create a fixture in the Client's premises as to that equipment. The Client acknowledges that a Company Owned System does not include maintenance and repair charges.

12. **Suspension or Cancellation of this System/Service:** This Agreement may be suspended or canceled, without notice at the option of Company, if Company's or Client's premises or equipment is destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service, or in the event Company is unable to render service as a result of any action by any governmental agency.

13. **Delinquency & Renewal Charges; Interest Charges:** In the event the payment hereunder is more than ten (10) days delinquent, Company may impose and collect a delinquency charge of 1.50% per month (18% per annum), or the highest amount law, whichever is less, of the amount of the delinquency. Client acknowledges and agrees that the delinquent payment or nonpayment of the amounts due hereunder may be deemed by the Company to be a material breach of contract on the part of Client, and, at Company's option, in addition to all other legal remedies available, shall constitute a forfeiture of the equipment and/or services provided under this Agreement, upon the giving of ten (10) days written notice to Client. Client's excuse from performance shall not affect its right to recover all amounts owing pursuant to this Agreement including damages from Client or to recover Company owned equipment from Client's premises. If the system is deactivated because of Client's past due balance, and if Client desires to have its system reactivated, Client agrees to pay in advance to Company a reconnection charge to be fixed by Client's reasonable amount.

14. **Change in Ownership of Client's Premises:** Client acknowledges that the sale or transfer of Client's premises shall not relieve Client of his duties and obligations under this Agreement. Client may not assign this Agreement or permit anyone to take subject to this Agreement without written consent of the Company.

15. **Assignment/Subcontracting of Company:** Company shall have the right to assign this Agreement to any other person, firm or corporation, without notice to Client and shall have the further right to subcontract any installation and/or services, including monitoring, which it may perform. Client acknowledges that this Agreement, and particularly those paragraphs relating to Company's disclaimer of warranty, maximum liability, limitation of liability, and third party indemnification, inure to the benefit of and are applicable to any assignees and/or subcontractors, and they bind Client with respect to said assignees and/or subcontractors with the same force and effect as they bind Client to Company.

16. **Default by Client:** If the Client fails to make any payment as agreed herein, or becomes involved, or makes an assignment for the benefit of creditors, or a petition is filed by or against the Client under the Bankruptcy Act or any amendment thereto, including a petition for reorganization, an assignment or extension, or if any representation, warranty or financial information made or submitted by Client shall be untrue or unperfected in any material respect, or if Client defaults hereunder in any other respect, the entire amount due under this Agreement for the balance of the Agreement period shall become immediately due and payable.

In the case of a Company Owned System, the Client hereby warrants, in the event of default or non-payment of this Agreement, to the Company in immediately vacating the aforesaid premises or any other premises where the property of said Company may be located for the purpose of returning the same to the Company. Upon the expiration of this Agreement, or upon any default as herein set forth, the Company may immediately enter said premises and remove the equipment with or without process of law and without liability for damage to person or property arising out of such entry or taking of possession. Removal of the equipment by the Company shall not be considered to constitute a waiver of any of its rights under the terms of this Agreement, nor shall the Company be liable for any actual damage caused to the premises by installation or removal of its equipment. Client acknowledges and agrees that the equipment of which the system is composed is totally interchangeable with Company's inventory, and therefore the Company has no obligation to place or use said equipment in any other system before using any of its other inventory, nor any obligation to account for or credit Client with the value of use of any such removed equipment. Company shall not be responsible for damages caused to Client's premises by reason of the removal of the system from Client's premises.

17. **Company's Limitation of Liability:** It is understood and agreed that Company is not an insurer, that insurance, if any, shall be obtained by Client; that the payments provided for herein are based on the value of the service as set forth herein and are unrelated to the value of the Client's property or the property of others located on the Client's premises; that Company makes no warranty, including any implied warranty of merchantability or fitness that the equipment or services supplied will avert or prevent occurrence of the system or equipment from which the system or service is designed to detect or avert. Client acknowledges that it is impractical to fix the actual damages, if any, which may proximately result from a failure to perform any of the obligations herein, including, but not limited to installation, service, maintenance or monitoring of the system to properly operate with resulting loss to Client because of, among other things: (a) The uncertain amount of or value of the Client's property or the property of others kept on the premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system or service is designed to detect or avert; (b) The uncertainty of the response time of any police or fire departments should the police or fire departments be dispatched as a result of a signal being received or an audible device sounding; (c) The inability to ascertain what portion, if any, of any loss would be proximately caused by Company's failure to perform or by its equipment to properly operate; (d) The nature of the service to be performed by Company. Client understands and agrees that if Company should be found liable for personal injury or property loss or damage from failure of Company to perform any of Company's obligations herein, including, but not limited to, installation, maintenance, monitoring, service or the failure or malfunction of the system or equipment in any respect whatsoever, Company's liability shall be limited to a sum equal to six (6) monthly payments or Two Hundred Fifty (\$250.00) Dollars, whichever is lesser, and this liability shall be exclusive; and that the provisions of this Section shall apply if loss or damage, irrespective of cause or origin, results directly or indirectly to persons or property from performance or nonperformance of any obligation imposed by this contract or from negligence, active or otherwise of Company, its agents, servants, assigns or employees.

18. **Third Party Indemnification:** In the event any person, not a party to this Agreement, shall make any claim, or file any lawsuit against Company for any reason relating to Company's duties and obligations pursuant to this Agreement, including but not limited to the design, installation, maintenance, operation or non-operation of the system, Client agrees to indemnify, defend and hold Company harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs and attorney's fees, whether these claims be based upon alleged intentional conduct, active or passive negligence, express or implied contract or warranty, contribution or indemnification, or strict or products liability on the part of Company, its agents, servants, assigns or employees.

This Agreement by Client to indemnify Company against third party claims to hereinafter set forth shall not apply to losses, damages and liability resulting in injury or death to third persons or injury to property of third person, which losses, damages and liability occur while an employee of Company is on Client's premises and which losses, damages and liability are solely and directly caused by the acts of said employee.

19. **Hazards; Abatement:** You have the affirmative duty to inform us, prior to beginning installation, of every location at the premises where we should not (because of concealed obstructions or hazards such as pipes, wires or asbestos) enter or drill holes. Unless so notified, we will determine where to drill holes and place equipment. We will take reasonable precautions to avoid concealed obstructions, but have no means of determining with certainty if they exist. If asbestos or other health hazardous material is encountered during installation, we will cease work until you have, at your sole expense, obtained clearance from a licensed asbestos removal or hazardous material contractor that continuation of our work will not pose any danger to our personnel. In no case shall we be liable for discovery or exposure of hidden asbestos or other hazardous material.

20. **Client's Purchase Order:** Client acknowledges that if there is any conflict between the Agreement and Client's purchase order or any other document, the Agreement will govern, whether such purchase order or other document is prior or subsequent to this Agreement.

21. **Attorney's Fees:** In the event it shall become necessary for Company to institute legal proceedings to collect the cost of installation or the monthly service charge as set forth herein, then in such proceeding the unsuccessful party shall pay to the successful party reasonable attorney's fees where permitted by law.

22. **Invalid Provisions:** In the event any of the terms or provisions of this Agreement shall be declared to be invalid or unenforceable, all of the remaining terms and provisions shall remain in full force and effect.

23. **Notice:** All notices to be given hereunder shall be in writing and may be served, either personally or by mail, postage prepaid.

24. **Gender:** Wherever the contract requires in this Agreement, the masculine gender herein used shall include the feminine and the singular shall include the plural.

25. **Paraphrase Hereafter:** The paragraph titles used herein are for the convenience of the parties only and shall not be considered in construing the provisions of this Agreement.

26. **Entire Agreement:** Client warrants and represents that the Client is not under any other enforceable agreement with any other party concerning systems of any kind and description installed at the premises and furthermore Client agrees to indemnify and save harmless Company against all claims, demands, suits, expenses and damages by judgment or otherwise, which may now and hereafter be incurred as a result of or arising out of any agreement that Client may have entered into with any party concerning any such systems of every kind and description. Client will pay all sums, including reasonable attorney's fees, for the defense of such claim or suit and reasonable attorney's fees incurred in the enforcement of this indemnity provision.

27. **Entire Integrated Agreement; Modification; Alteration; Waiver:** This writing is intended by the parties as a final expression of their Agreement and as a complete and exclusive statement of the terms thereof. This signed Agreement supersedes all prior representations, understandings or agreements of the parties both written and verbal and the parties rely only upon the contents of this Agreement in executing it. This Agreement can only be modified by a writing signed by the parties or their duly authorized agent. No waiver of a breach of any term or condition of this Agreement shall be construed to be a waiver of any succeeding breach. Any modifications or alterations to the standard terms and conditions contained herein must be initiated and acknowledged by both parties.
