### HCHSP Security Camera Cabling Project

**All Locations**

Horizontal Runs  
 Cat 6 horizontal runs supporting connectivity between NVRs and security cameras.  
 Preferred color, Yellow.  
 Horizontal runs will be point-to-point between NVR's and cameras.  
 One uplink port from the nearest MDF to NVR.  
 A minimum 10-foot service loop is to be provided at each end.  
 Cables are to be terminated, tested and certified using RJ45 connectors. (TIA/EIA 568B)  
 No patch panel required.  
 External dual gang box will be required to support external cameras.
