

On Friday, April 12, 2024 I did an under charge for receipt number 42478. The receipt is made out to TVFC Immunizations received a total of 4 vaccines totaling (4x \$10.00) \$40.00. I made a charge of \$20.00 by mistake.

On April 16, 2024 a client came in for High dose flu and I charged 60.00 for the vaccine instead of 65.00 (receipt # 36306). I went based on an old fee schedule that I had not realized was not the current one.
