RE: Sole Source Declaration for Scenario Trainer Inc.

Scenario Trainer Inc. has patented their gunSHOT BOX for its ability to produce an electronic gunfire simulation system that's able to replicate gunshots sounds on demand. Due to its innovative technology, Federal Agencies (FBI, A.L.E.R.R.T etc) and police departments have incorporated the gunSHOT BOX into their training simulations.

Furthermore, Scenario Trainer Inc. provides the following attributes to identify as a sole source:

- No expendables, speakers or refills required to produce endless gunshots generated on-demand.
- Precise Remote Fire – trigger gunshot sequences remotely through walls or down hallways (10150 ft. range).
- Adrenaline producing realism - 125 db explosion with muzzle flash and retort.

In Accordance with the Texas Local Government Code Chapter 262.024 (a)(7)(A), (a)A contract for the purchase of any of the following items is exempt from the requirement established by section 262.023 if the commissioners court by order grants the exemption: (7)Any item that can be obtained from only one source, including: (A)Items for which competition is precluded because of the existence of patents, copyrights, secret processes, or monopolies;

Therefore, for the reason stated herein, we humbly request that the Hidalgo County Commissioners' Court declare a Sole Source Vendor, for the purpose of procuring the purchase with Scenario Trainer Inc. This sole source declaration will remain in effect through the life term of the contract, unless otherwise revoked by the Hidalgo County Commissioners Court.
