Preventive Maintenance Schedule Creation

Purpose

Preventive Maintenance (PM) Schedule creation is a service offering provided in conjunction with an "Equipment Inventory" (Data Gathering) service or Facility Condition Assessment (FCA). PM Schedules will be generated off the equipment inventory collected by the Company Service Provider during either the Data Gathering or FCA service. The intent of this service is to identify needed procedures and inspections required to maintain facilities systems in safe, reliable and efficient condition.

Value

By leveraging Company's PM Schedule Creation service, Company clients are able to leverage and incorporate regular preventive maintenance best practices of their equipment. By performing regular or routine maintenance best practices, you ensure that your equipment is operating under safe and optimal conditions thus preventing the potential for downtime and shorter life expectancy.

Deliverables

All Preventive Maintenance Schedule Creation services include the following deliverables:

- Creation of PM Schedules for populating your Brightly Work & Asset Management solution
- Data population within Company Software. No report will be provided.

Methodology and Approach

Company Service Providers leverage multiple libraries of PM standards to create PM schedules. These standards are based upon prevailing national codes and standards such as ASTM, ASHRAE, NFPA and BOMA. Procedures related to performing the tasks within the schedule will include:

- Safety Points
- Tools Required
- Estimated Time to Complete Maintenance
- Step-by-step procedure to complete maintenance work order

Prior to the import or population within the Company Software, the Company Service Provider will:

- Review of PM Task Check-off Lists with Client
- Setup baseline PM schedules for the equipment inventory collected
- Work with the Client to determine PM Schedule assignment. Assignment includes setting up the appropriate Technician or contractor who will be performing the related PM tasks into the master import template to ensure that the routing of work flows accordingly in the Work & Asset Management Solution. Assignment will be made at the location or craft level. Anything above and beyond this level of assignment will be managed and maintained by the client within the software or require a custom scope of work for the Company Service Provider to deliver. For assignment to occur, the client must have the Technician or contractor created in the software prior to onsite activity.
- Work with the Client to determine the start date, frequency and load balancing based upon client staffing. If start dates cannot be determined or agreed upon within a timely manner, the PM Schedules

will be loaded into the Client's Work & Asset Management solution as "Inactive".

Assumptions

- Client will provide feedback/review of PM Schedules within 15 business days of delivery from the Company Service Provider. If feedback/review of PM Schedules exceeds 30 business days, Company will provide a Deliverable Acceptance Form to the client to complete review within 30 days. If feedback is not provided during this time period, Company will assume delivery of the service and import the PM schedules as "inactive" in the system. Company will provide training on how updates can be made within the software or perform mass updates if needed for a fee.
- Once PM Schedules are imported into the Company Work and Asset Management applications, any updates and/or alterations of those schedules need to be communicated to Company within 30 days. Company will only make updates related to the below items:
 - Discontinuation of PM Schedules created with the service
 - Alteration of frequency on existing schedules created with the service
 - Alteration of start dates for the schedules created with the service

Otherwise, any revisions beyond this 30 day period will be the responsibility of the client to perform within the software or Company to perform at an additional fee.

- Reconciliation of existing PM Schedules in the client's account is subject to additional costs depending upon the number of active PM's and is not a part of the standard SOW.

Invoice Schedule

Invoicing for the PM Schedule Creation Service will be provided upon receipt of PM Schedule drafts at 100%

IF THE INDIVIDUAL ACCEPTING THIS AGREEMENT DOES NOT HAVE SUCH AUTHORITY OR DOES NOT AGREE WITH THE TERMS AND CONDITIONS SET FORTH HEREIN, THE INDIVIDUAL MUST NOT ACCEPT THIS AGREEMENT AND MAY NOT USE THE OFFERINGS.

- The "Effective Date" of the Agreement between Customer and Brightly Software, a Siemens Company ("Siemens") is the date Customer accepts this Order
- Proposal expires in sixty (60) days.
- The Siemens entity entering into this Agreement is Brightly Software, Inc., a Delaware corporation, and the notice address shall be Corporate Trust Center, 1209 Orange Street, Wilmington, DE 19801 USA, Attn: Brightly Software.

- Payment terms: Net 30
- This Order and its Offerings will be subject to the terms and conditions of the Terms of Service (the Base Terms together with any applicable Supplemental Terms) found at <http://brightlysoftware.com/terms> (<http://brightlysoftware.com/terms>) ("Agreement"), unless Customer has a separate written agreement executed by Brightly Software, Inc. for the Offerings, in which case the separate written agreement will govern its defined Term. Acceptance is expressly limited to the terms of the Agreement. No other terms and conditions will apply. The terms of any purchase order or other document from Customer are excluded and such terms will not apply to the Order and will not supplement or modify the Agreement irrespective of any language to the contrary in such document.
- Siemens shall invoice Customer and Customer agrees to pay Siemens the amount specified on this Order. Quantities purchased may not be decreased during the relevant Subscription Term. Customer is responsible for providing complete and accurate billing and contact information to Siemens and notifying Siemens promptly of any changes to such information.
- If Customer is paying by credit card or Automated Clearing House ("ACH"), Customer shall establish and maintain valid and updated credit card information or a valid ACH auto debit account (in each case, the "Automatic Payment Method"). Upon establishment of such Automatic Payment Method, Siemens is hereby authorized to charge any applicable Subscription Fee using such Automatic Payment Method.
- Customer is responsible for paying all taxes associated with its purchases hereunder. Siemens shall invoice Customer and Customer shall pay that amount unless Customer provides Siemens with a valid tax exemption certificate, direct pay permit, or other government-approved documentation. Notwithstanding the foregoing, Customer is responsible for, and, to the extent permitted by law, will indemnify Siemens for: 1) any encumbrance, fine, penalty or other expense which Siemens may incur as a result of Customer's failure to pay any taxes required hereunder, and 2) any taxes, including

withholding taxes, resulting from making an Offering available to Users in geographic locations outside the country in which Customer is located as per the Order. For clarity, Siemens is solely responsible for taxes assessable against Siemens based on its income, property and employees.

- Siemens maintains the right to increase fees within the Subscription Term for Recurring Fee Offerings by an amount not to exceed the greater of prices shown in the investment table or the applicable CPI and other applicable fees and charges every 12 months. Any additional or renewal Subscription Terms will be charged at the then-current rate.
- In the event Customer purchases the Cloud Services (including any renewals thereof) through an authorized reseller of Siemens, the terms and conditions of this Agreement shall apply and supersede any other agreement except for any terms and conditions related to fees, payment or taxes. Such terms and conditions shall be negotiated solely by and between Customer and such authorized reseller. In the event Customer ceases to pay the reseller, or terminates its agreement with the reseller, Siemens shall have the right to terminate Customer's access to the Cloud Services at any time upon thirty (30) days' notice to Customer unless Customer and Siemens have agreed otherwise in writing.
- Where the Customer is a public entity ("Public Entity Customer"), Public Entity Customer shall use reasonable efforts to obtain appropriation in the full amount required under this Order annually. If the Public Entity Customer fails to appropriate funds sufficient to maintain the Offerings described in this Order, then the Public Entity Customer may terminate the Offerings at no additional cost or penalty by giving prior written notice documenting such non-appropriation. Public Entity Customer shall use reasonable efforts to provide at least thirty (30) days prior written notice of non-appropriation. Public Entity Customer agrees non-appropriation is not a substitute for termination for convenience, and further agrees Offerings terminated for non-appropriation may not be replaced with functionally similar products or services prior to the expiration of the Services Term set forth in this Order. Public Entity Customer will not be entitled to a refund or offset of previously paid, but unused Fees

- During the Term, Siemens shall, as part of Customer's Subscription Fees, provide telephone and email support ("Support Services") during the hours of 8:00 AM and 6:00 PM EST, Monday through Friday ("Business Hours"), excluding holidays.
- Siemens shall use commercially reasonable efforts to make its Software or Cloud Service available 99.9% of the time for each full calendar month during the Subscription Term, determined on twenty-four (24) hours a day, seven (7) days a week basis (the "Service Standard"). The Service Standard availability for access and use by Customer(s) excludes unavailability when due to: (a) any access to or use of the Cloud Service by Customer or any Account User that does not strictly comply with the terms of the Agreement or the Documentation; (b) any failure of performance caused in whole or in part by Customer's delay in performing, or failure to perform, any of its obligations under the Agreement; (c) Customer's or its

Account User's Internet connectivity; (d) any Force Majeure Event; (e) any failure, interruption, outage, or other problem with internet service or non-Cloud Service; (f) Scheduled Downtime; or (g) any disabling, suspension, or termination of the Cloud Service by Siemens pursuant to the terms of the Agreement. "Scheduled Downtime" means, with respect to any applicable Cloud Service, the total amount of time (measured in minutes) during an applicable calendar month when such Cloud Service is unavailable for the majority of Customer's Account Users due to planned Cloud Service maintenance. To the extent reasonably practicable, Siemens shall use reasonable efforts to provide eight (8) hours prior notice of Cloud Service maintenance events and schedule such Cloud Service maintenance events outside the applicable business hours.

- Siemens reserves the right to block IP addresses originating a Denial of Service (DoS) attack. Siemens shall notify Customer should this condition exist and inform Customer of its action. Once blocked, an IP address shall not be able to access the Cloud Service and the block may be removed once Customer is satisfied corrective action has taken place to resolve the issue. Siemens also reserves the right to suspend or terminate service if Customer: 1) performs load tests, network scans, penetration tests, ethical hacks or any other security auditing procedure on the Cloud Service, 2) interferes with or disrupts the integrity or performance of the Cloud Service or data contained therein, or 3) otherwise violates the use restrictions under this Agreement.

Siemens is only obliged to supply Professional Services and/or Deliverables as expressly stated in this Order. Siemens shall not be obliged to supply any Professional Services and/or Deliverables without a valid Order.
- **Scheduling.** Siemens requires at least 6 weeks advanced notice from the acceptance of an Order to schedule Professional Services delivery dates when travel is required. Onsite Professional Services shall be delivered consecutively in a single onsite visit unless the applicable Order includes the additional fees and incidental expenses associated with multiple visits.
- **Unused Professional Services.** Unless otherwise specified in the Order, Siemens reserves the right to expire any unused Professional Services 6 months from the Effective Date set forth on the Order, and Customer will not be entitled to receive a refund for any fees prepaid for such expired Professional Services.
- **Customer Cooperation.** Customer will cooperate reasonably and in good faith with Siemens in its performance of Professional Services by: (i) providing access to any necessary Customer Data, (ii) allocating sufficient resources and timely performing any tasks reasonably necessary to enable Siemens to perform its obligations under the Order, and (iii) actively participate in scheduled project meetings. Any delays in the performance of Professional Services or delivery of Deliverables caused by Customer may result in additional applicable charges for resource time.
- **Incidental Expenses.** Customer will reimburse Siemens for travel and related business expenses incurred in connection with Professional Services. If an estimate of incidental expenses is included in the Order, Siemens will not exceed a 5% inflation of such estimate without the written consent of Customer.
