Congratulations!

The 2024 CFC Community Application submitted on behalf of Hidalgo County has been identified as a potential grant recipient for this program. Your community is invited to complete the Project Application (Phase 2) of the application process. Next steps are outlined below:

- TxCDBG Application Guidance for Project Applications have been published and are available for review [2024 CFC Application Guidance](#). An overview of the application timeline is included on Page 4.
- The application document in TDA-GO will be placed in the status "Application Adjustments Needed" to allow for completion of project-specific forms.
- TxCDBG staff will be reaching out to each Applicant and their Project Team to begin consultation on potential project activities and application requirements.
- Kick-off Q&A Session on May 8th at 2PM. Opportunity for discussion with TDA staff regarding recently published application guidance materials. This session will be geared toward grant administrators assisting with the project development process, but all are welcome to attend. Meeting link can be found on the [TxCDBG Training page](#).

We look forward to working with you on this exciting project! If you have any questions, you may reach out to me directly.

Sincerely,

**Crystal Lynn Vasquez, MPH**
