Bank of Canada Cuts Rates Again to 4.25% ✕

Risk Disclosure: Trading in financial instruments and/or cryptocurrencies involves high risks including the potential loss of all invested capital. Prices of cryptocurrencies are extremely volatile and may be influenced by financial, regulatory or political events. Trading on margin increases the financial risks.

Before deciding to trade in financial instrument or cryptocurrencies you should be fully informed of the risks and characteristics of such investment, including the risks and costs associated with trading in financial markets, carefully consider your investment objectives, level of experience, and risk appetite, and consult with a professional advisor. **Fusion Media** would like to remind you that the data contained in this website is not necessarily real-time and that the data contained in this website are not necessarily provided by any market or exchange, but may be provided by market maker and that the data contained in this website will not accept liability for any loss or damage as a result of your trading within this website.
