NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, County and Architect do mutually agree as follows:

1. County and Architect hereby agree that this Agreement is entered into in order to provide the

Services for Hidalgo County on a per-project basis as provided below. Types of Professional Services that may be included as dictated by the individual project requirements consist of Architectural Services. Upon identification by the County of specific projects that require the professional services of an architect, a detailed scope of work and identification of professional service disciplines required shall be established. County and Architect agree to cooperate with each other as provided herein. This contract does not extend to any third parties any duties or benefits conferred in any manner hereunder or otherwise

2. The County will furnish Specifications as needed on a per-project basis to Architect for the development of a project within the Precinct and fulfillment of this Agreement. Architect agrees to review the project as presented by the County and submit to the County within fourteen (14) days of receipt of the Specifications, a proposal. The proposal shall include, but not be limited to, the following: (1) fee structure for the project; (2) services included in the basic fee; (3) amount of, or basis for, compensation for additional services (including additional services that may arise during the course of the project and cost of Architect's consultants); and (4) cost for reimbursable expenses (see also requirements in provision 14) (collectively the "Architect's Proposal" or "Proposal");

3. The County may enter into negotiations with the Architect regarding the Architect's Proposal for the Services, and should the parties reach an agreement, then the Parties shall enter into an additional agreement, including but not limited to AIA B101-2017 (as modified by County) or other appropriate forms of agreement ("Additional Agreement"), in order to detail the Architect's and County's duties and responsibilities with respect to the specific project. However, if the parties are unsuccessful at coming to terms with the project, then the County may seek the services of other professional architects. *All the provisions and requirements of this Agreement shall be incorporated into each Additional Agreement entered into between the Parties; however, conflicting terms between this Agreement and an Additional Agreement shall be held in favor of the Additional Agreement.*

4. Architect agrees in performing the Services that it will use proper professional standards, comply with any and all appropriate laws and regulations in providing the Services, and devote such time as is necessary to safely and efficiently provide the Services.

5. **Non-Exclusive Services of Architect.** Hidalgo County reserves the right to request these services from sources other than the Architect and shall not be in violation of any terms or conditions of this Agreement.

6. **Term.** This Agreement is for a period of **one (1) year**, effective **January 9, 2025, and will terminate January 8, 2026**, or unless sooner terminated as provided in Number 7 below. The Architect will not begin to work or incur costs until authorized in writing by the County with a Project Specific "Additional Agreement". The County assumes no liability or obligation for payment to the Architect for work performed or costs incurred by the Architect prior to the date authorized by the County for the Architect to begin work, during periods when work is suspended, or subsequent to the completion of a Project Specific Additional Agreement.

7. **Termination of On-Call Agreement.** This On-Call Agreement will be in effect until the

Agreement expires or County terminates this Agreement during the contract term for any reason or no reason at all upon giving thirty (30) days prior written notice to the Architect. Any Additional Agreement for a specific project entered into with Architect prior to the termination of this On-Call Agreement shall continue unless terminated as provided below.

8. Termination of Project Additional Agreement.

8.1 Open Additional Agreement(s) entered into with Architect for a specific Project may be terminated by any of the following conditions:

- (1) **Commitment of Current Revenues.** In the event that, during any term hereof, the County does not appropriate sufficient funds to meet to the obligations of a Project, the County may terminate a Project Additional Agreement upon thirty (30) days written notice to the Architect. The County agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of the Project. The parties intend this provision to be a continuing right to terminate the Project Additional Agreement at the expiration of each budget period of the County pursuant to the provisions of Tex. Loc. Govt. Code Ann. ' 271.903 (Vernon Supp. 1995).
- (2) By mutual agreement and consent, in writing, of both the Architect and the County.
- (3) By the County, upon failure of the Architect to fulfill the Architect's obligations set forth herein in a satisfactory manner as determined by the County and in sole opinion of the County, after the County provides written notice to the Architect of such failure and the Architect has not corrected such failure within (30) days of such written notice by the County.
- (4) By the Architect, upon failure of the County to fulfill the County's obligations set forth herein, after the Architect provides written notice to the County of such failure and the County has not corrected such failure within thirty (30) days of such written notice by the Architect.
- (5) By the County without cause upon thirty (30) days written notice to the Architect.
- (6) By satisfactory completion of all services and obligations described in a Project Specific Additional Agreement prior to the scheduled Project completion date. Extension of a scheduled Project completion date shall be in accordance to procedures described in sections 9 and 14.

8.2 Should the County terminate a Project or as herein provided, no fees other than fees due and payable at the time of termination of that Additional Agreement shall thereafter be paid to the Architect notwithstanding anything herein to the contrary. In determining the value of the work performed by the Architect prior to termination, the County shall be the sole judge of the value of such work performed. Compensation for work at termination will be based on a percentage of the work completed at that time. Should the County terminate a Project Additional Agreement under (5) of the paragraph above, the amount charged

during the thirty (30) day notice period shall not exceed the amount charged during the preceding ninety (90) days.

8.3 If the termination of a Project Additional Agreement is due to the failure of the Architect to fulfill the Architect's obligations under the Additional Agreement including provisions of this Agreement incorporated therein, the County may take over the Project and prosecute the work to completion. In such case, the Architect shall be liable to the County for any additional cost occasioned by the County.

8.4 If the Architect defaults in the performance of a Project Additional Agreement or if the County terminates a Project Additional Agreement for fault on the part of the Architect, the county will give consideration to payment of an amount in settlement to include: the actual costs incurred by the Architect in performing the work to the date of default, the amount of work required which was satisfactorily completed to date of default, the value of the work which is usable to the County, the cost to the County of employing another consultant and/or firm to complete the work required and the time required to do so, and other factors which affect the value to the County of the work performed at the time of default. This Agreement shall not be considered as specifying the exclusive remedy for any default by the Architect, but all remedies existing at law and in equity may be availed of by either party and shall be cumulative.

8.5 The termination of a Project Additional Agreement and payment of an amount in settlement as prescribed above shall extinguish all rights, duties, and obligations of the County and the Architect under this Agreement, except the obligations set forth in sections 19.2, 20, 21, 23, 24, 25, 27.3, 28, 31 and 35 hereto.

9. Extension of a Project Termination Date. The Architect shall notify the County in writing as soon as possible if it is determined, or reasonably anticipated, that the work authorized under an Additional Agreement for a Project cannot be completed before the Project's scheduled Termination Date, and the County may, at the County's sole discretion, extend the Project's scheduled Termination Date by written Amendment as provided in herein. The Architect shall allow adequate time for review and approval by the County of the written notice and request by the Architect to extend the Additional Agreement Termination Date.

10. Suspension of Work. Should the County desire to suspend the work under a Project Additional Agreement, but not terminate the Project Additional Agreement, the County shall provide thirty (30) calendar days verbal notification to Architect, followed by written confirmation from the County to Architect to that effect. The thirty-day notice may be waived as agreed in writing by both the County and Architect to that effect. The work under the Project Additional Agreement may be reinstated and resumed in full force and effect within sixty (60) days of receipt of written notice from the County to the Architect. The sixty-day notice may be waived if agreed in writing by both the County and Architect. If the County suspends the work, the Termination Date for a Project as identified is not

affected and this Project will terminate on the date specified, unless extended by written amendment, as provided in the Amendment section hereof, duly executed by the Architect and the County prior to the Termination Date.

11. Progress and Coordination. The Architect shall, from time to time during the progress of the work, confer with the County.

a. The Architect shall prepare and present such information as may be pertinent and necessary, or as may be requested by the County, in order to evaluate features of the Architect's services and work.

b. At the request of the County or the Architect, conferences shall be provided at the Architect's office, the offices of the County, or at other locations designated by the County. These conferences shall also include evaluation of the Architect's services and work when requested by the County.

c. County shall assist Architect, as necessary, to obtain required data and information from other local, regional, state and federal agencies the Architect cannot easily obtain, provide any available relevant data the County may have on file concerning the Project.

d. County shall provide timely review and decisions in response to the Architect's request for information and/or required submittals and deliverables, in order for Architect to maintain the agreed-upon work schedule prepared in accordance with an Additional Agreement (if applicable).

e. All applicable study reports shall be submitted in preliminary form for approval by the County before the final report is issued. The County's comments regarding the Architect's preliminary report will be addressed by the Architect in the final report.

f. If funds by other agencies or entities are to be used for the development of any project awarded under this Agreement, the Architect's Services and work will be subject to periodic review and approval by other agencies or entities, including those of the city, county, state and/or federal agencies.

g. Should it be determined that the progress in the production of the Architect's Services and work does not satisfy the requirements of the approved Additional Agreement, the County shall review the approved Additional Agreement with the Architect to determine the corrective action needed by either the County or the Architect.

h. **Reporting.** The Architect shall promptly advise the County in writing of events which have a significant impact upon the Agreement, a Project Additional Agreement and/or the progress of the Architect's Services and work and the approved Work Schedule,

including:

- (1) Problems, delays or adverse conditions which will materially affect the ability to attain Agreement objectives, prevent the meeting of time schedules and goals, or preclude the timely completion and submittal of Project deliverables by the Architect within established time periods. This disclosure will be accompanied by a statement by the Architect of recommended or immediate action taken, or contemplated, and any County or other agency or entity assistance needed to resolve the situation, including Federal assistance if Federal funds are involved: and
- (2) Favorable developments or events which enable meeting the Work Schedule goals sooner than anticipated or which are producing more work units than originally projected.

12. Compensation and Fees. For and in consideration of the services to be rendered by the Architect, the County shall compensate the Architect as follows:

12.1 Services. For and in consideration of the *Services* to be rendered by the Architect, as identified in herein and on the project specific Additional Agreement, the maximum amount payable by the County to the Architect for *Services*, subject to adjustment in accordance with Request for Payment provision provided below, will be provided in each Additional Agreement issued. An outline and breakdown of the Services Fee are more particularly identified in EXHIBIT “B”-Architect Contract Rates, attached hereto and made a part of this Agreement. Payments to the Architect for *Services* shall be made by the County, upon presentation by the Architect of the monthly Request for Payment, in accordance with the terms and provisions provided below.

12.2 Special Services (if applicable). Those services that may be required to be provided by the Architect as *Special Services* are set forth below and more particularly described in Architect’s proposal. For and in consideration of these *Special Services* rendered as required by the Architect, the County shall pay the Architect a negotiated lump sum fee (hereafter referred to as “Special Services Fee”) at the hourly labor rates and non-labor rates (hereinafter referred to as “Contract Rates”) specified in EXHIBIT “B” - *Contract Rates*, attached hereto and made a part of this Agreement, and as follows:

- A. RESIDENT OR SITE ARCHITECT, INSPECTOR.** Actual performance of services of project site Architect, resident Architect and/or inspector, if required by County.
- B. DOCUMENT COPIES.** Actual performance and/or providing of additional copies (over 10) of report; additional copies (over 10) of plans (contract drawings), specifications and estimates (PS&E); additional copies (over 10) of bidding documents: additional copies (over 10) of as-built drawings.

- C. EXTRA TRAVEL.** Extra travel required of Architect and authorized by County to points outside of Hidalgo County.
- D. EXPERT WITNESS.** Assistance to the County as expert witness in any litigation with third parties, arising from the development or construction of the Project.
- E. MISCELLANEOUS.** Investigations involving detailed consideration of operation, maintenance, and overhead expenses and (unless otherwise agreed) the preparation of rate schedules, earning and expense statements; preparation of feasibility studies; environmental document preparation; appraisals, valuations, and material audits; or inventories required for certification of force account construction performed by the County; preparation of change orders for extra work done by the Contractor.

13. Method of Payment. For and in consideration of the services to be rendered by the Architect, the County shall compensate the Architect as follows:

13.1 Request for Payment. Payments to the Architect for services rendered will be made periodically while work is in progress as executed through a lump sum fee assigned to each Additional Agreement as provided herein. For each Additional Agreement, the Architect shall prepare and submit to the County monthly progress reports in sufficient detail to support the progress of the work and in support of a request for payment (hereinafter referred to as "Request for Payment"). The progress report shall indicate the percent completion of the work accomplished by the Architect during the billing period and to the date of the Request for Payment. On or before noon of the first Monday of each month during the performance of the services, the Architect shall submit to the County for approval a Request for Payment. Payment of the lump sum fee for each Additional Agreement identified in the Request for Payment will be in proportion to the percent completion of the work tasks identified in such Additional Agreements together with a detailed breakdown of the amount and the sum of all prior payments. The County shall review each such Request for Payment and may make such exceptions as the County reasonably deems necessary or appropriate under the circumstances then existing. About ten (10) working days after the Commissioners Court of the County meets approving such payment, the County shall make payment to the Architect in the amount approved as aforesaid subject to section 13.4 herein and below in accordance with the Texas Prompt Payment Act, Tex. Govt. Code Ch. 2251.

If the Project, or any portion(s) thereof, are deleted or otherwise not constructed, compensation to the Architect by the County for the Project or such portions of the project shall be only the amounts paid the Architect for actual work performed in accordance with the Additional Agreement(s) approved by the County.

13.2 Final Payment. After all periodic payments as described above are paid by the County and upon final completion of the work by the Architect and acceptance thereof by the County, the Architect shall submit a final request for payment (“Final Request for Payment”) which shall set forth all amounts due and remaining unpaid to the Architect and upon approval thereof by the County, the County shall pay to the Architect the amount due (“Final Payment”) under such Final Request for Payment in accordance with the provisions of section “13.1” hereof. The Final Payment shall not be made until the Architect delivers to the County an affidavit that so far as the Architect has knowledge or information any and all amounts due for materials and services over which the Architect has control have been paid.

13.3 Qualification on Obligations to Pay. Any provision hereof to the contrary notwithstanding, the County shall not be obligated to make any payment (whether a periodic payment as provided above or Final Payment) to the Architect hereunder if any one or more of the following conditions precedent exist:

- (1) The Architect is in default of any of its obligations hereunder or otherwise is in default under this Agreement or under any contract documents related to this Agreement;
- (2) Any part of such payment is attributable to the Architect’s services which are not performed in accordance with this Agreement; provided, however, such payment shall be made as to the part thereof attributable to the Architect’s services which were performed in accordance with this Agreement.
- (3) The Architect has failed to make payments promptly to consultants or other third parties used in connection with the Project for which the County has made payment to the Architect;
- (4) If the County, in good faith judgement, determines that the portion of the compensation then remaining unpaid will not be sufficient to complete the Architect’s services in accordance with this Agreement, no additional payments will be due the Architect hereunder unless and until the Architect, at its sole cost, performs a sufficient portion of the Architect’s services so that such portion of the compensation then remaining unpaid is determined by the County to be sufficient to so complete the Architect’s services.

13.4 No partial payment made hereunder shall be or construed to be final acceptance or approval of that part of the Architect’s services to which such partial payment related or relieves the Architect of any of its obligations hereunder with respect thereto.

13.5 If applicable, the Architect shall promptly pay all bills for labor and material performed and furnished by others in connection with the performance of the Architect’s services.

14. Additional Agreement. After execution of this Agreement, the Architect shall proceed with the work outlined in this Agreement, only as authorized by the County, through an agreed Additional Agreement as described in section 3 above.

14.1 The Architect will identify, as approved by the County, the needed services for the Project, as required through the course of the development to the Project. The County shall authorize the Architect to perform one or more of the agreed tasks identified in this Agreement and in Architect's proposal, in the form of individual additional agreements. County will provide the authorization to proceed with services through coordination as needed with the project consulting and design Architect. Upon authorization from the County, the Architect will prepare an Additional Agreement document, which will include a description of the work to be performed, including a description of the tasks and milestones, a work schedule, and an estimated cost proposal agreed upon by the County and the Architect. The estimated cost proposal shall set forth in detail the computation of the cost of each work task, at the hourly rates established and identified in EXHIBIT "B", attached hereto. The Additional Agreements shall not waive the County's and the Architect's responsibilities and obligations established in this Agreement.

14.2 The estimated cost proposal for each Additional Agreement, developed by the Architect and approved by the County shall be used by the County to appropriate a purchase order for the Additional Agreement. Each executed Additional Agreement shall become a part of this Agreement. Upon satisfactory completion of the Additional Agreement, the Architect shall submit the Project's deliverables as specified in the executed Additional Agreement to the County for review and acceptance.

14.3 Work included in an Additional Agreement shall not begin until the County and the Architect have signed the Additional Agreement. All work must be completed on or before the completion date specified in the Additional Agreement, unless extended by written agreement by the Architect and the County. The Architect shall promptly notify the County of any event that will affect completion of the Additional Agreement. All specific Project Additional Agreements must be executed by both the Architect and the County within the period established for this Agreement as specified in the Term section hereof.

14.4 The final acceptance by the County of each Additional Agreement for the Project shall serve as evidence of completion, on the part of the Architect, of all services under this Agreement insofar as they pertain to that portion of work on the Project identified in the applicable additional Agreement.

15. Amendments This Agreement or a specific Project Additional Agreement may be amended as follows.

15.1 If it becomes necessary at any time during the term of this Agreement to change the terms of this Agreement then a written amendment shall be executed within the Agreement period indicated in section 7 above.

15.2 If it becomes necessary at any time during a Project Additional Agreement period to change a Project's scope of services, an Additional Agreement period, the maximum amount payable, the complexity, or the character of a Project Additional Agreement then a written amendment shall be executed within the specific Project Additional Agreement period.

15.3 The County retains the right to reject any such amendment proposed by the Architect. Any such amendments shall be made in writing, agreed to by all parties hereto, and duly executed before the end of the Agreement or specific Project period as specified. If the County finds it necessary to require changes in completed work because of errors made by the Architect, the County shall require the Architect to correct the work at no cost to the County and without amendment to the Agreement or specific Project period as specified. If the changes are made at the request of the County and are not due to errors of the Architect, the County will reimburse the Architect for the additional work at the same rate of pay established in Exhibit "B", i.e., "Contract Rates." If payment for the additional work will cause the maximum amount payable under a specific additional Agreement to be exhausted, an amendment shall be proposed in accordance with all state procurement laws. It is distinctly understood and agreed that no claim by the Architect for additional work or changes or revisions in work, as identified below, shall be made by the Architect until full execution of the Amendment and authorization to proceed is granted by the County. The County reserves the right to withhold payment to the Architect pending verification of satisfactory work performed by the Architect.

16. Additional Work. If the Architect is of the opinion that any work it has been directed to perform is beyond the scope of this Agreement and constitutes extra work, the Architect shall promptly notify the County in writing. In the event, the County finds that such work does constitute extra work, the County shall so advise the Architect and a written Amendment will be executed between the County and the Architect as provided herein. The Architect shall not perform any proposed additional work or incur any additional cost prior to the execution by both the Architect and the County of an Amendment. Additional compensation from the County to the Architect shall be paid as a negotiated lump sum fee at the Contract Rates specified in EXHIBIT "B" attached hereto. The negotiated lump sum fee shall be incorporated into the Amendment as specified in the Amendment provision above. The County shall not be liable or under any obligation to compensate the Architect for work performed or costs incurred by the Architect relating to additional work not directly associated with the performance of the work authorized in this Agreement or as amended through an Amendment.

17. Changes or Revisions in Work. If the County finds it necessary to request changes to the work, and the changes are within the applications of sound Architectural principles, the Architect shall make such revisions if requested and directed by the County.

17.1 Preliminary Work. The Architect will make, without expense to the County, such revisions of any preliminary reports or drawings as may be required to meet the needs of the County and the applications of sound Architectural principles.

17.2 Previously Approved or Satisfactorily Completed Work. If the County finds it necessary to request the Architect to make changes to work previously approved by the County or work satisfactorily completed for which the County approves or after a definite plan has been approved by the County, if a decision is subsequently made by the County, which for proper execution involves extra services and expenses for changes in or additions to the drawings specifications or other documents, this will be considered as additional work, and compensation from the County to the Architect will be in accordance with the Additional Work provision hereof.

17.3 Project Delays. If the Architect is required to perform additional work due to delays by the imposition of causes not within the Architect's control, such as by the re-advertisement of bids or by the delinquency or insolvency of contractors, such work associated with these delays shall be considered additional work, and the Architect shall be compensated by the County for such extra services and expense in accordance with section 12 hereof.

17.4 Reduction of Project Cost. Notwithstanding any provision herein to the contrary, in the event it is necessary for the County to require changes in the final plan of the Project to enable it to reduce the construction cost of the Project to an amount within the sum estimated by the Architect, the Architect will be required to make such revisions or changes. These changes will only be considered additional work by the Architect, if the Architect previously provided these same changes as options to the County at the stage of preliminary work or prior to the approval of the final plan for the Project, and the option or options were not selected or approved by the County to be incorporated into the final plan of the Project. Payment for this additional work will then be made to the Architect in accordance with the Additional Work provision hereof. If the Architect failed to provide these changes as an option or options to the County at the stage of preliminary work or prior to the approval of the final plan of the Project, these changes will not be considered additional work and no additional compensation will be made to the Architect.

18. Inspection of Work. The County has the right at all reasonable times to inspect or otherwise evaluate the work performed hereunder and the premises in which it is being performed. If any inspection or evaluation is made on the premises of the Architect, or of a subcontractor, the Architect shall provide and require its subcontractor to provide all reasonable facilities and assistance for the safety and convenience of the inspectors in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay their work.

19. Ownership and Release of Documents.

19.1 Ownership of Documents. Original drawings and specifications are the property of the Architect however the Project is the property of the County, and the Architect may not use the drawings and specifications thereof for any purpose not relating to the Project with the County's consent. The County shall be furnished with such reproductions of drawings and specifications as the County may reasonably require. Upon completion of the work or any earlier termination of this Agreement or specific Additional Agreement under the termination provision provided herein, the Architect will revise drawings to reflect changes made during construction and will promptly furnish the County with one complete set of reproducible record prints. Prints shall be furnished by the Architect, as an additional service, at any other time requested by County. All such reproductions shall be the property of the County who may use them without the Architect's permission for any proper purpose relating to the Project, including but not limited to additions to or completion of the Project. Any additions or revisions by the County to a drawing signed, sealed, and dated by a registered professional architect, shall be made in accordance with applicable law or standards.

All sketches, photographs, calculations, and other data prepared under this Agreement shall be made available, upon request, to the County without restriction or limitation on their further use. All documents furnished to the Architect by the County shall be delivered to the County upon completion or termination of this Agreement. The Architect, at the Architect's own expense, may retain copies of such documents or any other data under this Agreement.

19.2 Release of Documents or Information. Release of information to the public or others regarding the **Project** will be in accordance with the Texas Public Information Act.

20. Discounts, Rebates, Refunds. In connection with procurement services rendered by the Architect, if procurement services are required of the Architect hereunder, all discounts, rebates, and refunds shall accrue to the County. For some purchases, the Architect may deem that payment within the discount period is not safe; and/or inspection, guarantees, or other considerations may dictate delay. In such cases, the Architect shall promptly notify the County so that a course of action may be mutually agreed upon by the County and the Architect.

21. Records, Accounting, Inspection. The Architect shall keep full and detailed records and accounts in a manner approved by the County. The Architect shall afford the County's authorized personnel and independent auditors, if any, full access to the work performed by the Architect regarding the Project and to all of the Architect's books, records, correspondence, instructions, drawings, receipts, vouchers and other documents relating to such work under this Agreement and the Architect shall preserve all such records for three (3) years after final payment or as required by law if longer. The Architect shall deliver to the County upon completion of such work, a statement of the cost of such work detailed according to the accounting procedure and requirements of the County.

22. Subcontracting and Assignment. The Architect shall not assign, subcontract or transfer the Architect's interest in this Agreement, including goods and/or services, without the prior written consent of the County through an Additional Agreement detailing the same. The Architect shall bind every sub-consultant by written subcontract to observe all the terms of this Agreement to the extent that they may be applicable to each sub-consultant. No subcontract relieves the Architect of any responsibilities under this Agreement. The Architect, and the County, do hereby bind themselves, their successors, executors, administrators and assigns to each other party of this Agreement and the successors, executors, administrators, and assigns of such other party in respect to all covenants of this contract.

23. Patents. The Architect shall indemnify and save the County harmless from all liability for alleged or actual infringement of any patent resulting from the use of apparatus or equipment furnished or designed by the Architect or from the use of any process designed by the Architect or effected by said apparatus or equipment, and the Architect shall indemnify and save the County harmless from and against all costs, legal fees, expenses and liabilities incurred in or about any claim of or action for such infringement: provided, however, that the County shall promptly transmit to the Architect all papers served on the County in any suit involving such claim of infringement, and provided further, that the County permits the Architect to have entire charge and control of the defense of any such suit. If because of actual infringement the use of such apparatus, equipment, or process is enjoined, the Architect shall refund the purchase price thereof in proportion to the length of service uncompleted, the life of such apparatus or equipment being assumed as five years. The Architect hereby grants to the County a non-exclusive, royalty-free license under patents now or hereafter owned by the Architect covering any machines, apparatus, processes, articles, or products included in the Architect's work hereunder.

24. Confidential Information, Inventions, and Other Restrictions.

24.1 Confidential Information. The Architect shall not use in any way, commercial or otherwise, except to the extent required by the proper performance of this Agreement; and shall hold in confidence and not disclose to any person, for any reason or at any time, any information relating to the secret processes, products, compositions, machinery, apparatus or trade secrets of the County, or any other confidential information given to the Architect by any of the County's commissioners, elected officials, employees, or representatives or acquired by the Architect during the term of or as a result of this Agreement. Any information not generally available to the public shall be considered secret and confidential for the foregoing purposes; provided, however, that any technical information which was lawfully in the Architect's possession prior to such disclosure to the Architect by the County or which is or shall lawfully be published or become part of general knowledge from sources other than the Architect or which otherwise shall lawfully become available to the Architect from a source other than the County, shall not be subject to these provisions. All the foregoing stipulations shall apply to such information and work hereunder as well as to any information and ideas originated or developed by the Architect in performing such work. Such

information may, of course, be disclosed to the proper officials or employees of the County if necessary to perform the work hereunder. The Architect shall, however, inform each of its employees who receive such information of these restrictions and the Architect shall take all reasonable precautions and exert all reasonable efforts to assure conformance with such restrictions by all of its officers, employees, and agents, obtaining from them if necessary, agreements satisfactory to the County, effectuating the purposes of this section.

24.2 Inventions. The Architect shall communicate to the County at once, and require the Architect's employees assigned to this Project to communicate to the County all inventions and improvements which any of the Architect's employees, either alone or in conjunction with any of the County's employees may conceive, make or discover during the course of or as a result of work on this Project under this or any ensuing agreement with the County that relates to the processes, products, compositions, machinery or plants of the County, or relating in any way to any of the operations in which the County may be obligated to pay to the Architect as compensation for services rendered by the Architect under contract with the County. The Architect shall require its employees to execute patent applications and assignments thereof to the County or its nominees, and powers of attorney relating thereto for any country the County may designate and shall take all other actions as the County may request to maintain and protect such inventions and improvements. The County shall pay all costs or charges incurred in protecting such inventions and improvements if the County desires to protect them. Before assigning any of the Architect's employees to work under any contract with the County concerning this Project, the Architect shall obtain from them agreements satisfactory to County complying in all respects with the terms and provisions of this section.

24.3 The rights and obligations set forth in this section shall survive the performance of this Agreement, or any termination, discharge or cancellation thereof.

25. Architect's Seal, Responsibility and Warranties.

25.1 Architect's Seal. The Architect shall assign a responsible Architect or Architects licensed to practice in the State of Texas, who shall sign, seal and date all appropriate Architectural submissions to the County in accordance with the applicable law and standards.

25.2 Architect's Responsibility. The Architect shall be responsible for the accuracy of the work for the Project and shall promptly make necessary revisions or corrections resulting from errors, omissions, or negligent acts by the Architect. No additional compensation will be made to the Architect for any necessary revisions or corrections resulting from errors, omissions, or negligent acts by the Architect.

The Architect's responsibility for all questions arising from design errors and/or omissions will be determined by the County or a designee appointed by the County. The Architect will

not be relieved of the responsibility for subsequent correction of any such errors or omissions or for clarification of any ambiguities until after the construction phase of the Project has been completed.

26. Warranties.

26.1 The Architect warrants that Architectural design work performed by the Architect hereunder shall be in accordance with sound Architectural design practices and in conformance with applicable code and standards established for such work.

26.2 Notwithstanding anything to the contrary contained in this Agreement, the County and the Architect agree and acknowledge that the County is entering into this Agreement in reliance on the Architect's experience and abilities with respect to performing the Architect's services hereunder. The Architect accepts the relationship of trust and confidence established between it and the County by this Agreement. The Architect covenants with the County to use the Architect's best efforts, skill, judgement and abilities to design the Project, perform services and to further the interests of the County in accordance with the County's requirements and procedures, in accordance with all professional standards, and in compliance with all applicable national, federal, state, county and municipal laws, regulations, codes, ordinances, orders and with those of any other body having jurisdiction. If the development of plans, specifications and estimates (hereinafter referred to as "PS&E") is part of the services to be provided by the Architect for any Project/ Additional Agreement entered into as part of this Agreement, prior to the commencement of construction, the Architect shall certify in writing to the County that the PS&E for the Project, and the improvements when built in accordance therewith, conform to all applicable governmental regulations, statutes and ordinances then in effect. The Architect represents covenants and agrees that there are no obligations, commitments or impediments of any kind that will limit or prevent performance of the Architect's services.

26.3 The Architect represents, covenants and agrees that all of Architect's services to be furnished by the Architect under or pursuant to this Agreement from the inception of the Agreement until the Project has been fully completed, shall be of the standard and quality which prevail among Architects of similar experience, knowledge, skill and ability engaged in Architectural practice throughout Texas under the same or similar circumstances involving the design and construction of Project.

26.4 The Architect represents, covenants and agrees that the Architect's special talent, training and experience may cause the Architect to be the prime professional on the Project (designation to be determined at project development phase); that because of such talent and training, the Architect envisions the construction of the Project in its entirety and possesses the special skills which enable the Architect to recognize dangerous conditions that a reasonable, prudent Architect having such special skills could anticipate may arise from the proper use of the Project after acceptance by County; and that the Architect recognizes that

any commissioners, elected officials, employees and agents of the County, plus residents and County of property within the area affected by the Project are within a class of foreseeable persons who will be relying on the project being designed in a professional and safe manner.

26.5 If the development of PS&E is part of the services to be provided by the Architect for any Project/Additional Agreement entered into as part of this Agreement, the Architect represents, covenants and agrees that the PS&E of the Project will be accurate and free from any material errors. The Architect additionally represents, covenants and agrees to the following: that the design of the Project will conform to its foreseeable use as a Project with all the amenities as set forth in any PS&E developed by the Architect for the Project; that the result of such PS&E, if built in accordance therewith, will be suitable for purposes for which the Project is designed; and the Project will be inspected in a workmanlike, professional manner and will be suitable for the Project's intended purpose. The Architect's responsibilities as set forth herein shall at no time be in any way diminished by reason of any approval by the County of any PS&E developed by the Architect for the Project, nor shall the Architect be released from any liability by reason of such approval by the County, it being understood that the County at all times is ultimately relying upon the Architect's skill and knowledge in preparing such PS&E.

26.6 In connection with the Architect's performance of procurement services hereunder, if any, the Architect shall use its best efforts to obtain from all vendors of equipment and materials, the fullest possible warranties against defective materials and workmanship for the benefit of the County.

27. Architect's Resources. The Architect shall furnish and maintain, at the Architect's own expense, office space for the performance of all services, skilled and sufficient personnel, as well as adequate and sufficient equipment to perform the services as required under this Agreement.

27.1 Project Manager. The Architect shall provide a manager (Project Manager) for the Project that is a registered professional Architect in the State of Texas. The Project manager shall have such knowledge and experience as will enable that Project Manager during the course of the Project without prior consent of the County. If due to situations beyond the control of the Architect, the Architect must change the Project Manager prior to the completion and acceptance of the Project, the Architect will submit a request to change the Project Manager to the County for approval.

27.2 Employees of the Architect. All employees of the Architect shall have such knowledge and experience as will enable them to perform the duties assigned to them and required for the services under this Agreement. Any employee of the Architect who, in the opinion of the County, is incompetent, or whose conduct becomes detrimental to the work required under this Agreement, shall immediately be removed from association with the Project when so instructed by the County. The Architect certifies that the Architect presently

has employed sufficient and qualified personnel, and will maintain sufficient and qualified personnel for performance of the services under this Agreement.

27.3 Documents/Information Exchange The purpose of this section is to define the required automated resources, format for graphics files, and information exchange pertaining to the Project. Taking into consideration that the County has a significant investment in the development of the Project, there is a need for the Architect to provide consistency in document development for information exchange. Consistency in document development for information exchange and production will help facilitate an economically efficient Project. Therefore, the Architect shall provide the County with documents and information in accordance with the special requirement outlined in the project specific scope of services provided by Architect.

28. Indemnification. To the fullest extent permitted by applicable law, the Architect and its agents, partners, subcontractors, and consultants (collectively “Indemnitors”) shall and do agree to indemnify, and hold harmless the County, the County’s respective directors, elected officials, employees and agents (collectively “Indemnitors”) from and against all claims, damages, losses, liens, causes of action, suits, judgments and expenses, including attorney fees, of any nature, kind or description (collectively “Liabilities”) of any person or entity whomsoever arising out of, caused by or resulting from the negligent performance of the Architect’s services through activities of the Architect, its agents, partners, subcontractors and/or consultants performed under this Agreement, and which are caused by or result from error, omission, or negligent act of the Architect or of any person employed or contracted by the Architect provided that any such Liabilities (1) are attributable to bodily injury, personal injury, sickness, disease or death of any person, or to the injury to or destruction of tangible personal property including the loss of use and consequential damages resulting therefrom and (2) are caused in whole or in part by any negligent act or omission of the Architect, anyone directly or indirectly employed by the Architect or anyone for whose acts the Architect may be legally liable. The Architect shall also save harmless the County from any and all expense, including but not limited to, attorney fees which may be incurred by the County in litigation or otherwise resisting said claim or liabilities which may be imposed on the County as a result of such activities by the Architect, its agents partners, subcontractors and/or consultants. In this connection, it is agreed and understood that the Architect shall not be responsible for any portion of the liability proximately caused by the County’s negligence.

29. Joint and Several Liability. In the event more than one of the Indemnitors are connected with an accident or occurrence covered by the indemnification provision hereof, then each of such Indemnitors shall be jointly and severally responsible to the Indemnitees for indemnification and the ultimate responsibility among such Indemnitors for the loss and expense of any such indemnification shall be settled by separate proceedings and without jeopardy to any Indemnitee. The provisions of this Article shall not be construed to eliminate or reduce any other indemnification or right which the County or any of the Indemnitees has by law.

30. Insurance. Consistent with its status as an independent contractor and at its sole expense, Architect agrees that throughout the duration of the work under this contract and any extension thereof, it shall provide and maintain in full force and effect any and all insurances which may be necessary for providing Services or are otherwise required by law, and shall require of all its sub-consultants connected with providing services under this contract to provide insurance in full force and effect as well. Insurance policies shall cover, but are not limited to, Architect's activities and all persons, vehicles, equipment, and property connected with providing Services, including but not limited to professional liability insurance covering Architect's activities in providing the services to the County. Coverage shall be in the amounts specified by the County in the Request for Qualifications ("RFQ") or as prescribed by law, but in no event shall any amount be less than the minimum amounts prescribed by the Texas Tort Claims Act, §100.001, et seq., Texas Civil Practices and Remedies Code. Architect shall furnish to the County certificate(s) of insurance and all renewals throughout the duration of any assigned Project on an Accord form, issued by the insurer that such insurance is in full force and effect. **See attached Exhibit "C", i.e., Certificates of Insurance,** attached hereto and incorporated by reference herein. For each applicable policy, Architect shall name the County as an additional insured. Architect shall notify the County a minimum of thirty (30) days in advance of cancellation of all or part of a policy. Architect shall make any other insurance documentation available to the County upon request. The Architect will be considered in breach of contract should the Architect fail to maintain an insurance policy in the minimum limits of liability and requirements identified above while performing services for and under this Agreement, and will be subject to default and termination of the Agreement as outlined in section 8 hereto. Additionally, the Architect covenants and agrees to use its best efforts to maintain an insurance policy in the minimum limits of liability and requirements identified above until one year following the date of the acceptance of the Project by County.

31. Compliance with Laws. The Architect shall comply with all applicable Federal, State, and local laws, statutes, codes, ordinances, rules and regulations and the orders and decrees of any court, or administrative bodies or tribunals in any manner affecting the performance of this Agreement including, without limitation, workers compensation laws, minimum and maximum salary, and wage statutes and regulations and licensing laws and regulations. When required the Architect shall furnish the County with satisfactory proof of its compliance therewith.

32. Non-Collusion. The Architect warrants that the Architect has not employed or retained any company or persons, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that the Architect has not paid or agreed to pay any company, Architect or any other person or entity any fee, commission, percentage, brokerage fee, gifts or any other consideration contingent upon or resulting from the award or execution of this Agreement. For breach or violation of this warranty, the County shall have the right to annul this Agreement without liability or, in the County's discretion, to deduct from the *Services Fee*, or otherwise recover, the full amount of each fee, commission, percentage, brokerage fee, gift or contingent fee.

33. Gratuities. The County mandates that employees of the County shall not accept any benefits, gifts or favors from any person doing business or who reasonably speaking may do business with the County under this Agreement; the only exceptions allowed are ordinary business meals. Any person doing business with or who may reasonably seek to do business with the County under this Agreement may not make any offer of benefits, gifts or favors to County employees, except as mentioned hereinabove. Failure on the part of the Architect to adhere to this provision may result in the termination of this Agreement.

34. Payment of Franchise Tax. The Architect hereby certifies that the Architect is not delinquent in Texas franchise tax payments, or that the Architect is exempt from, or not subject to, such as tax. A false statement concerning franchise tax status shall constitute grounds for termination of the Agreement at the sole option of the County.

35. Disputes. The Architect shall be responsible for the settlement of all contractual and administrative issues arising out of any procurement made by the Architect in support of the services under this Agreement.

36. Severability. In the event any one or more of the provisions contained in this Agreement shall for any reason, be held to be invalid, illegal, or unenforceable in any respect such invalidity, illegality or unenforceability shall not affect any other provision hereof and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

When applicable, Hidalgo County recognizes that during periods of national crisis and unstable economic conditions, unforeseen price increase might affect costs for goods and services contracted on an annual basis. As such, upon written request of the Vendor to the County Purchasing Agent, the County may review evidence of prevailing industry-wide market conditions that may warrant an adjustment in bid prices contained in the contract. When applicable, the following procedure and conditions may be employed to mediate price volatility:

- A Vendor shall:
 - make its Market Volatility and Unit Price Adjustment request in writing to the County Purchasing Agent.
 - tie any price change clause to an industry-wide or otherwise nationally recognized index, or some other form of verifiable document. Such written request must be accompanied by a certified copy of the supplier's advisory or notification to the Vendor of the price changes.

- put the Purchasing Agent on the mailing lists for such publications so that the Purchasing Agent can monitor said changes. Such membership shall be at no cost to the County.
- notify the County at the time when the Vendor's costs for items, supplies, and or services reduce due to stabilization in the market at which time prices for items on this contract shall be reduced accordingly. Failure by the Vendor to notify the County of a decrease in costs for items and/or supplies for which the Vendor was granted a price adjustment, may result in immediate termination of this contract and the County shall not be obligated to pay the Vendor the difference between the contract price and the price adjustment.
- Price adjustment reviews may only be requested by the Vendor on a quarterly basis; however, the County may at its own discretion, conduct temporary price adjustment reviews at any time.
- The County Purchasing Agent retains the right to determine whether or not such proposed price changes are in the best interest of the County.
- The County may only grant a price increase if the evidence presented is deemed reliable.
- No price escalation will be authorized in excess of the amount of the increase referred to in the supplier's notice.
- The total increase in contract price shall not exceed twenty-five percent (25%) of the original contract price during the contract term.
- Should the County allow a price increase, the approved price change shall be honored for all orders received by the vendor or contractor after the effective date of such price change. Approved price changes are not applicable to orders already issued and in process at time of price change.
- Price increases are only valid for the quarter in which they are requested and approved.
- Prices shall return to the original contract price at the beginning of the following quarter unless a Vendor notifies the County in writing within ten (10) days of expiration of the quarter in which the price increase is in effect, that it desires to have the price increase continue or that the Vendor is requesting a different price increase for the following quarter. Such request must be supplemented with sufficient justification to demonstrate that the price increase remains necessary. The County Purchasing Department shall have sole discretion whether to grant the price increase extension.
- The County Purchasing Agent and/or the County Auditor reserve the right to audit and/or examine any pertinent books, documents, papers, records or invoices relating directly to the contract transaction in question after reasonable notice and during normal business hours.
