Notification: Change of Ownership

Dear Valued Customer:

We are excited to announce that on March 18, 2025, the assets of Asset Systems, Inc. were acquired by Asset Systems Holdings, LLC (“Asset Systems”), a newly created subsidiary of Integrity Data Solutions (“ID Solutions”).

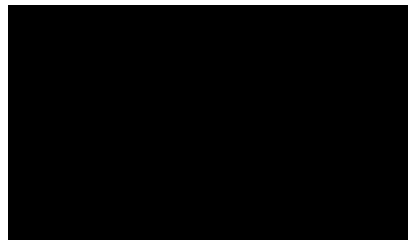

Our decision to join ID Solutions was incredibly important to us and the business relationships that we have established over 37+ years of providing you asset management software and services. As we approached this milestone, our goals were and continue to be that the future for our clients would include the same level of products, software and services that you have enjoyed in the past and that the new partnership would jump-start our ability to improve our products and broaden our services. We are confident that we have found our best partner with ID Solutions.

As part of ID Solutions, Asset Systems will continue to provide clients with the same level of asset tracking solutions, inventory services, hardware/consumables and technical support to which you’ve grown accustomed. Our phones remain the same as do the staff who answer them.

From an administrative perspective, please find below our new banking details for all future ACH payments. *We strongly encourage the use of ACH payments for all future invoices.*

Please remit all future ACH payments to:
