Planning	1	Initiative Name	Hidalgo County Poverty Task Force	Yes
	2	Initiative Year	2020-2027	
	3	Problem Identification	As per the U.S. Census Bureau's, the estimated population of Hidalgo County in 2024 is 914,820 with an overall poverty rate of 27%, which is a approximately 247,000 individuals living in poverty. The community lacks coordinated efforts to understand the root causes of poverty and a cohesive effort to address the various causes and conditions of poverty. During the most recent Community Needs Assessment 2024, through surveys conducted with community partners, focus groups, community meetings in the county, and data obtained from the Community Commons, it became apparent that the following are the main causes of poverty within Hidalgo County: Educational attainment and basic literacy skills, insufficient social services funding, uninsured population, and uncontrolled illegal immigration.	If Yes, which need?
	4	Goal/Agenda	The goal of the initiative is to form a task force charged with identifying the causes of poverty in Hidalgo County and identify the various agencies addressing poverty. In addition, this task force will develop cohesive strategies to reduce the number of people living below the federal poverty level by working with various community agencies, including the UTRGV, Workforce Solutions, etc. to help constituents gain more job skills and education to help obtain a better paying job. The task force will deliver a "white paper" describing findings and progress.

	13	Impact of Outcomes	The Community Service Agency is part of the Hidalgo County Prosperity Task Force. The Prosperity Task Force recently signed a memorandum of understanding with South Texas College that sets forth a collaboration in fighting poverty in the region, and to continue the conversation. The Community Service Agency is part of the Hidalgo County Prosperity Task Force. The task force's responsibility is to identify the groups of people with a high probability of getting out of poverty. One is to serve people in poverty, and two, to move people out of poverty by creating human capital. And number three, to provide a job opportunity for them.

ng	1	Initiative Name	Affordable Nutritious Food	
	2	Initiative Year	2020-2027	No
	3	Problem Identification	The community lacks access to affordable nutritious food choices that are essential to living a healthy lifestyle.	If Yes, which need?
	4	Goal/Agenda	In 2023, statistics show that 1 in 6 households in Hidalgo County experiences food insecurity at some point during the year. The Hidalgo County faces significant food insecurity challenges, with 19.1% of its population—approximately 164,720 individuals—experiencing food insecurity, surpassing the national average of 11.4% . The situation is even more dire for children, as 29.7%—about 83,470 children—live in food-insecure households, which is 13.6% higher than the national average . These alarming statistics highlight the urgent need for targeted interventions and support to address food insecurity in the region. The goal is to partner to create resources where customers can obtain affordable healthy foods and collaborate with other agencies to decrease food insecurity. The agency will continue it's efforts to provide every client with a list of food distributions, along with helping the FoodBank with drive-up food distribustions, and refer clients to the Supplemental Nutrition Assistance Program (SNAP)

Plans	10	Partners	<p>To address food insecurity and promote healthier communities, the Hidalgo County Community Service Agency (HCCSA) works in close collaboration with a wide network of trusted partners. Each organization contributes unique resources and expertise that strengthen the overall safety net available to low-income and vulnerable families across Hidalgo County.</p> <p>Texas A&M AgriLife Extension Service – Provides countywide nutrition programs, including education on healthy eating, meal preparation, and strategies to reduce diet-related health issues. Women, Infants, and Children Program (WIC) – Offers nutrition assistance and education to qualifying families, ensuring that mothers, infants, and young children have access to healthy foods and support services during critical stages of growth and development. Texas Hunger Initiative – Coordinates regional nutrition programs, helping to connect families with available resources and strengthen collaboration among service providers. Local School Districts – Play a vital role in addressing child hunger by providing daily meals to students and, in many cases, extending meal support to families during evenings, weekends, and school breaks. Food Bank of the Rio Grande Valley – Distributes food directly to vulnerable families and supports a wide network of food pantries and partner agencies across Hidalgo County. Proyecto Desarrollo Humano – Supports community gardens, provides hands on nutrition education, and operates food pantries throughout Hidalgo County, empowering families to grow their own produce while gaining access to emergency food resources. Through these strategic partnerships, HCCSA ensures that families not only receive immediate food assistance but also have access to long-term resources that promote healthier lifestyles and greater food security.</p>

Reporting and Achievement of Results	13	Impact of Outcomes	Hidalgo County Community Service Agency (HCCSA) evaluates each client’s needs daily as they visit our office for assistance. When a household is identified as vulnerable—such as low-income families or those with a pregnant household member—our team promptly connects them to additional support programs, including SNAP benefits, WIC, the Food Bank, and local food pantries. Our priority is to ensure that every family has access to nutritious meals and is fully informed of the resources available to support their overall well-being.

Planning	1	Initiative Name	Access to Affordable Healthcare	Yes
	2	Initiative Year	2022-2027	
	3	Problem Identification	The Hidalgo County Community Service Agency (HCCSA) has identified the lack of health insurance as a critical factor influencing community health outcomes (Commons, 2024). In Hidalgo County, 42.81% of adults ages 18–64 are uninsured, compared to 24.13% across Texas and 12.11% nationwide (Commons, 2024; Hidalgo County CSA Community Needs Assessment, 2024). Compounding this challenge, Hidalgo County faces disproportionately high rates of chronic health conditions. Obesity, a leading indicator of lifestyle-related health risks, affects 42.3% of the county’s population—significantly higher than the Texas average of 30.9% and the U.S. average of 30.1% (Commons, 2024). These findings highlight the urgent need for targeted interventions that expand access to health care and promote healthier lifestyles within the county.	If Yes, which need?
	4	Goal/Agenda	The Hidalgo County in South Texas leads the nation in the prevalence of several of the most devastating chronic diseases. The prevalence of diabetes, coronary heart disease and obesity all manifest themselves throughout the population. Particularly hard hit is the low income “insurance gap” community. The referenced “gap” occurs when a family’s income is above the limits set by safety net health insurance programs and yet below the level where a family can truly afford the cost of health insurance. The insurance gap has lead our community untreated due to them not able to afford healthcare. Our goal is to have HCCSA Case Managers refer clients to affordable healthcare agencies if needs assessment calls for it such as Nuestras Clinicas. The agency will continue it's efforts develop and maintain strategic alliances with healthcare providers within the geographic boundaries of Hidalgo County. Increased visibility for mobile clinics and improved public information regarding the various primary health clinic organizations. The agency will assist in the coordination of services to those areas within the community that are currently underserved by the medical community.

	13	Impact of Outcomes	The Hidalgo County Community Service Agency (HCCSA) works in close collaboration with trusted community partners, including Nuestra Clinica del Valle, Tropical Texas Behavioral Health, and other local organizations, to provide essential support for our most vulnerable residents. When individuals seek assistance from HCCSA and share that they are in need of medical or behavioral health services but face barriers due to lack of insurance, our team promptly connects them to the appropriate partner agencies. Through this coordinated effort, HCCSA strives to ensure that no client is left without the medical care they require, while also strengthening the broader network of care available throughout Hidalgo County.

CIS 4	Community Initiative Status (CIS) Form			
Planning	1	Initiative Name	Household Assistance to include Disaster and Crisis	Yes
	2	Initiative Year	2022-2027	
	3	Problem Identification	The Hidalgo County community lacks access to immediate assistance during a disaster and/or crisis. This has been determined an issue from community survey data, community meetings, and in house clients needs assessments. The vulnerable community struggles with the aftermath for a long period of time before getting assistance they need. Just to list a few, the Hidalgo County vulnerable population experience this issue due to federal funding disaster aid (e.g., FEMA) that requires assessments, declarations, and application processes before funds are released. Infrastructure Challenge- Hidalgo County includes many colonias and rural areas with poor infrastructure, limited drainage, and inadequate housing. These areas are often hardest hit by floods and storms, but also hardest to reach for relief efforts. Pré-Existing Inequities- Because so many households in the county already face food insecurity, underemployment, and poor housing conditions, a disaster pushes them into crisis faster than other populations. Local response systems, while committed, are not fully scaled to meet the compounded challenges of poverty + disaster at once.	If Yes, which need?
	4	Goal/Agenda	The main goal of the Hidalgo County Community Service Agency (HCCSA) is to collaborate closely with Hidalgo County Emergency Services and key partners to provide rapid assistance to vulnerable populations during disasters. Led by the Emergency Services Coordinator, HCCSA's Emergency Response Unit mobilizes quickly to reach affected areas, delivering critical services such as minor home repairs, distribution of gift cards for cleanup supplies and food replacement, placement of families in temporary shelters, and referrals for additional medical and behavioral health support. This coordinated approach ensures immediate relief for those most in need while strengthening the county's overall network of care.

	10	Partners	Hidalgo County Community Service Agency (HCCSA) partners with a strong network of emergency service providers to ensure families receive the support they need before, during, and after disasters. The American Red Cross delivers critical emergency services to vulnerable families, including shelter, supplies, and recovery assistance. The Food Bank of the Rio Grande Valley plays a vital role in distributing food and essential items to households in crisis. Federal Emergency Management Agency (FEMA) provides coordinated federal assistance, offering aid throughout all phases of disaster response and recovery. Additionally, Hidalgo County Precincts 1, 2, 3, and 4 contribute resources, personnel, and logistical support to reach communities quickly and effectively. Together, these partnerships strengthen HCCSA's ability to deliver timely relief and help stabilize families during times of greatest need.

Reporting and Achievement of Results	12	Progress on Outcomes/Indicators	Interim Outcomes	
	13	Impact of Outcomes	Due to the severe rainfall and flooding on March 27, 2025, it impacted countless families across the Hidalgo County. The extent of this disaster has placed added an additional strain to the most vulnerable population who were faced with damages and displacement. In response, the Hidalgo County Community Service Agency (HCCSA) has mobilized to assist the first 600 vulnerable families affected by this disaster along with providing essential appliances and gift cards.
