▼ **Asana, Inc. Overview** - Software - Application / Technology

Asana, Inc., together with its subsidiaries, operates a work management software platform for individuals, team leads, and executives in the United States and internationally. Its platform helps organizations to orchestrate work from daily tasks to cross-functional strategic initiatives; manage work across a portfolio of projects or workflows, see progress against goals, identify bottlenecks, resource constraints, and milestones; and communicate company-wide goals, monitor status, and oversee work across projects and portfolios to gain real-time insights. The company uses a hybrid go-to-...

Why I'm long Asana

Firstly, why I chose to buy Asana **\$ASAN** now is because the stock just broke out higher from a descending triangle.

I've had Asana on my watchlist for a long time. I love the company because Sam Altman invested in it and wrote a great [blog post](#) on it. As Altman said in his blog:...
