 *** Equipment pricing and availability is subject to change.
 **** All applicable price plan and feature discounts have already been applied.
 *Custom 4G Unlimited MB Plan: 1) Data usage on this rate plan is not subject to speed reductions ("throttling") within a given billing cycle. However, in the event a user consumes more than 25GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds will automatically be reduced for data usage exceeding 25GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 480p. This service plan includes Mobile Broadband Priority. Mobile Broadband Priority ensures customers can connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. This service plan is available to National Security, Public Safety, and Emergency Preparedness customers only as defined by the following NAICS (formerly SIC) Codes: 621910, 922110, 922120, 922130, 922140, 922150, 922160, 922190, 928110, 926120, 926150, 926130, 921190

Service Pricing provided is for Government Liability Accounts Only and is subject to the terms, provisions and conditions of the State of Texas Department of Information Resources (DIR) Contract No. DIR-TELE-CTSA-003 Coverage, service and offers not available in all areas. Full terms and conditions, along with additional price plans offered by Verizon Wireless can be found on the <http://www.dir.state.tx.us/internet/website>. Price quotes do not reflect Federal Universal Service, E911 and Regulatory Fees, charges, or pass-through assessments. Please see information on Regulatory Surcharges and Fees below for additional details.

All quotes contained in this proposal are subject to the terms and conditions of the State of Texas DIR contract. Your accounts must be in good standing with Verizon wireless to migrate your existing lines of service to the pricing offered in this proposal if your Agency currently has service with Verizon Wireless.

Price Plan changes and discounts may take up to two bill cycles to appear on your Verizon Wireless billing statement for accounts transitioning to an approved State of Texas contract vehicle. As part of our compliance with FCC requirements, Verizon Wireless allows only GPS-compliant devices to be activated on our network. If your current device is not GPS-compliant you will not be able to activate service on our network with your existing equipment.

This Quotation is valid for ninety (90) days from date listed on quote (except for promotional pricing which may expire sooner). Data furnished in this document shall not be duplicated, used, or disclosed in whole or in part for any purpose other than to evaluate the document.
