To: County of Hidalgo (Precinct 3 Constable's Office)

Subject: Request for Pick-Up Trucks to Support City Public Health and Safety Functions

Constable Lazaro "Larry" Gallardo Jr.

I am writing on behalf of City of Sullivan City to request the donation of pick-up trucks to support ongoing efforts throughout our city. As you are aware, increasing amounts of debris, illegal dumping, and scattered waste have created challenges that directly impact public health, environmental quality, and community safety.

Our existing fleet is currently insufficient to meet operational demands, resulting in delays and limiting our ability to respond promptly to high-priority areas. Additional pick-up trucks would significantly enhance our capacity to:

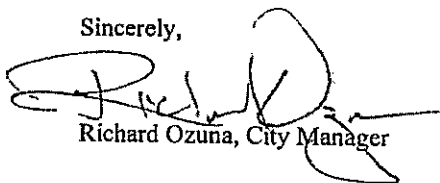

- Conduct routine safety checks across our neighborhoods
- Respond quickly to public health hazards caused by debris accumulation
- Transport equipment, supplies, safely and efficiently
- Support community clean-up events

The additional equipment will allow us to maintain cleaner, safer public spaces and uphold essential health and safety standards for our residents.

We respectfully request two pick-up trucks to be donated to the City of Sullivan City. We are prepared to provide any further documentation, operational details, or budget justifications needed to support this request.

Thank you for your consideration and continued commitment to the well-being of our city. I look forward to your favorable response.

Sincerely,

Richard Ozuna, City Manager
