SUBJECT ► SOLE SOURCE DOCUMENTATION FOR LEADSONLINE

To Whom It May Concern:

Thank you for your interest in LeadsOnline. We applaud and support your efforts to provide your community an efficient and secure method of collecting and analyzing pawn, secondhand, scrap metal recycler, OfferUp and eBay transaction data for use in criminal investigations.

This letter serves as a sole source document for services provided by LeadsOnline, including the LeadSuite system.

LeadsOnline system functionality designed specifically for criminal investigations using transaction data from pawnshops, scrap yards, eBay, OfferUp, gold buyers and other secondhand stores is the exclusive proprietary property of LeadsOnline and is protected under the United States Copyright Act (17 U.S.C.), as well as by all applicable state and international copyright laws, and by the Lanham Act (15 U.S.C. §§1051-1141n). No other supplier has access to this technology which has been developed over 25 years.

LeadsOnline is also the sole source for over 2 BILLION transaction records from more than 21,000 businesses in all 50 states, including Texas. We provide law enforcement with investigative access *across jurisdictional boundaries* – borders previously used to the advantage of criminals to escape detection by local authorities.

LeadsOnline connects your agency to a network of over 5,000 law enforcement agencies throughout Texas and the rest of the United States. There is no similar service operating in your jurisdiction or in the surrounding area, and LeadsOnline is the sole source for information of this kind for investigations.

We look forward to serving your community and are available to answer any additional questions you may have.

Sincerely,

Ashley Sacrider
