

**Texas Public Libraries Annual Report - Introduction**

This report is due to the Texas State Library and Archives Commission (TSLAC) by April 30, 2026. We strongly urge libraries to report no later than March 31, 2026, to allow staff enough time to process all reports.

The Texas State Library and Archives Commission (TSLAC) uses this report for library accreditation purposes and to collect data to compare libraries on local, statewide, and national levels. It is seen and used by researchers as well as policymakers at all levels of government. Accreditation-related questions are marked within the questionnaire (>). Libraries meeting the minimum accreditation standards are eligible for federal funding opportunities through TSLAC.

Definitions are important to ensure comparability of data from different libraries and states. Please refer to the definitions as you complete this survey.

Answer ALL questions. Estimates are important if exact amounts are not available.

All questions relate to the library's local fiscal year 2025: the year that ended in calendar year 2025 and included January 1, 2025. If there was a change in the fiscal year, please contact LDN staff to update that information. All information must be entered into Texas LibPAS, the online data collection portal at <https://tx.countingopinions.com>.

**Section 1: Library Contact Information - Central/Administrative Library**

This section requests information for contacting the library, its staff, board, and friends group. The information you submit on this form is Public Information: <https://www.tsl.texas.gov/agency/customer/pia.html>. In addition, the information being entered may be subject to interception via common Internet tools. Please read our Web Policies and Disclaimers [Web Policies and Disclaimers](#).

NOTE: In the online form, contact questions in 1.1 through 1.21 have been prefilled and locked. You will not be able to change the data. If changes need to be made to these questions, contact LDN staff at [accreditation@tsl.texas.gov](mailto:accreditation@tsl.texas.gov) or add an explanation in the Note box.

**Section 2: Outlets and Facility Information**

This section requests information on public service outlets. Report figures as of the last day of the fiscal year. If there is a new branch, but it was not open for business before the end of the library's local fiscal year, it should not be included on this report. Contact accreditation staff if there have been any changes.

**Section 3: Library Expenditures**

REPORT ACTUAL EXPENDITURES, NOT BUDGETED AMOUNTS

Local accounting practice guides whether a particular expense is classified as operating or capital expense.

- Report only actual expenditures. Do not include the value of donated items and estimates.
- Include only grant funds directly spent by the library. Do not include expenditures made on the library's behalf by another entity.
- If available, include major operating costs (e.g., salaries, benefits) paid by other authorized agencies.
- Report actual expenditures from all revenue sources, including state, federal, Friends' group contributions, and foundation funding.
- Answer every question. Enter "0" if an item does not apply. If you need to estimate, please use a standard methodology for doing so and add an explanation in the Notes field.

If you have questions, please contact accreditation staff at [accreditation@tsl.texas.gov](mailto:accreditation@tsl.texas.gov).

**Library Operating Expenditures**

REPORT ACTUAL EXPENDITURES, NOT BUDGETED AMOUNTS

Operating expenditures are the current and recurrent costs necessary to support the provision of library services. Significant costs, especially benefits and salaries, that are paid by other taxing agencies (government agencies with the authority to levy taxes) "on behalf of" the library may be included if the information is available. Only such funds that are supported by expenditure documents (such as invoices, contracts, payroll records, etc.) at the point of disbursement should be included.

Any operating expenditure not covered by Staff and Collection Expenditures should be reported in question 3.8, Other Operating Expenditures.

**Staff Expenditures**

REPORT ACTUAL EXPENDITURES, NOT BUDGETED AMOUNTS

This amount should be the salaries and wages for all library staff including plant operation, security and maintenance staff. Do not report salaries paid by an outside entity, such as Green Thumb employees or employees paid under a training program administered through another entity.

|   |     |
|---|-----|
| 3.1 Salaries & Wages Expenditures                       | \$0 |
| 3.2 Employee Benefits Expenditures                      | \$0 |
| 3.3 Total Staff Expenditures <sup>3</sup>               | \$0 |
| 3.3a Staff funding from non-local sources. <sup>4</sup> | \$0 |
| 3.3b Local funds used for library staff expenditures.   | \$0 |

**Collection Material Expenditures**

REPORT ACTUAL EXPENDITURES, NOT BUDGETED AMOUNTS

Include all operating expenditures from the library budget for all materials in print, microform, electronic, and other formats considered part of the collection, whether purchased, leased, or licensed.

Exclude charges or fees for interlibrary loans and expenditures for document delivery.

>>>Exclude operating expenditures for library system software and microcomputer software used only by the library staff or fees for TexShare databases. These are reported in 3.8, Other Operating Expenditures.

|   |          |
|---|----------|
| 3.4Print Materials Expenditures <sup>5</sup>                      | \$0      |

| 3.7Total Collection Material Expenditures                         | \$68,284 |
| 3.7aCollection material funding from non-local sources            | \$0      |
| 3.7bLocal funds used for library collection material expenditures | \$68,284 |

**Other/Total Operating Expenditures**

This includes all expenditures other than those reported for **Total Staff Expenditures** and **Total Collection Expenditures**. Include expenses such as binding, supplies, repair or replacement of existing furnishings and equipment; and costs of computer hardware and software used to support library operations or to link to external networks, including the Internet. Report contracts for services, such as costs for operating and maintaining physical facilities, and fees paid to a consultant, auditor, architect, attorney, etc. Include fees paid to the TexShare database program.

Indirect costs should only be reported when a library has failed to meet the **Maintenance Of Effort** requirement for accreditation in state library system. If included, the expense must be documented by the local government entity that provided the service.

**Do not include capital expenditures.**

| 3.11Total Library Operating Expenditures                                   | \$308,219 |

**Library Capital Expenditures**

REPORT ACTUAL EXPENDITURES, NOT BUDGETED AMOUNTS

This amount should never be included in any of the questions in Section 4, but should be reported in sources of funds reported in the Capital Revenue part of Section 5.

Do not include Operating Expenditures reported above. Local accounting practice will generally determine whether a particular expense is classified as operating or capital expense.

Capital outlay is for one-time only or extraordinary expenditures. These are major capital expenditures such as the acquisition of or additions to fixed assets. Examples include expenditures for building sites, new buildings and additions to or renovations of library buildings.

Report major capital expenditures (the acquisition of or additions to fixed assets). Examples include expenditures for (a) site acquisitions; (b) new buildings; (c) additions to or renovation of library buildings; (d) furnishings, equipment, and initial book stock for new buildings, building additions, or building renovations; (e) library automation systems; (f) new vehicles; and (g) other one-time major projects. Include federal, state, local, or other revenue used for major capital expenditures. Only funds that are supported by expenditure documents (e.g., invoices, contracts, payroll records, etc.) at the point of disbursement should be included.

Estimated costs are not included.

Exclude expenditures for replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation

Exclude contributions to endowments, or revenue passed through to another agency.

| 3.12Capital Expenditures | \$0 |
|--------------------------|-----|

**Section 4: Local Financial Effort**

REPORT ACTUAL EXPENDITURES, NOT BUDGETED OR ESTIMATED AMOUNTS.

This section contains questions which will help determine whether the library meets the minimum accreditation criteria. Local Operating Expenditures, question 4.2, is used in determining whether a library has met the maintenance of effort (MOE) criteria.

NOTE: questions 4.1 and 4.2 are calculated fields. They reflect the total library operating expenditures, less any non-local and/or grant funding reported in Section 3, specifically in 3.3a, 3.7a, or 3.8a.

|   |           |
|---|-----------|
| ?4.1Local Expenditures on Collections   | \$68,284  |
| ?4.2Total Local Funding Used for Library Operating Expenditures                 | \$308,219 |
| ?4.3Local Government Funds Used for Library Operating Expenditures <sup>8</sup> | \$321,255 |

**Section 5: Library Revenue by Source**

**Revenue Used for Operating Expenditures**

Report revenue received by the library used for the current and recurrent costs of library operation. Include federal, state, local, or other grants. DO NOT include revenue for major capital expenditures, contributions to endowments, other extraordinary items. Do not report revenue unavailable for use by the library such as fines or funds unspent from previous fiscal years. Do not include the value of any contributed or in-kind services or the value of any gifts and donations, library fines, fees, or grants in the local government revenue questions.

The total funds reported as Library Revenue will not necessarily equal the total of Library Expenditures reported. Do not report grant funds spent on behalf of this library by another entity. Do not report salary revenue if the library did not pay the salary, as in the case of employees paid under a training program administered by another entity.

Do not include indirect costs.

**Revenue Used for Capital Expenditures**

**CAPITAL REVENUE**

Report revenue to be used for major capital expenditures, by source of revenue. Include funds received for (a) site acquisition; (b) new buildings; (c) additions to or renovation of library buildings; (d) furnishings, equipment, and initial collections (all types) for new buildings, building additions, or building renovations; (e) computer hardware and software used to support library operations, to link to networks, or to run information products; (f) new vehicles; and (g) other one-time major projects.

Exclude revenue for replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation. Do not include revenue passed through to another agency, such as fines, or funds unspent from previous fiscal years ("carryover").

Do not report revenue that has already been reported as Operating Revenue, questions 5.1-5.9.

**Outside Government Revenue Sources**

Skip the following section if the library did not receive funds from a city or county government outside of the one in which the library is located. Accuracy in this section is essential, as funding from non-local governmental entities impacts the library's population assignment.

If funds were received from government entities outside of the local area, then list the appropriate cities or counties separately and indicate the total of the funds received from each. Make certain these totals are reflected in the local government revenue section: questions 5.1 (city operating), 5.2 (county operating), 5.13 (city capital) or 5.14 (county capital).

**Section 6: Library Collection**

This section collects data on selected types of materials. It does not cover all materials for which expenditures are reported in the Collection Materials Expenditures questions, totaled in 3.7.

Unless otherwise indicated, report for each item and physical unit the amount held at the end of the fiscal year. Physical units are volumes, items, or pieces.

Report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. Count electronic materials at the administrative entity level; do not duplicate numbers at each branch.

Most software systems include a method of determining number of titles. Libraries should use whatever method their software provides. If no method is available, an estimate should be made and noted.

For purposes of this survey, units are defined as "units of acquisition or purchase". The "unit" is determined by considering whether the item is restricted to a finite number of simultaneous users or an unlimited number of simultaneous users.

Finite simultaneous use: units of acquisition or purchase is based on the number of simultaneous usages acquired equivalent to purchasing multiple copies of a single title. For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 "unit"; if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 "units"

Unlimited simultaneous use: units of acquisition or purchase is based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited simultaneous users, then that collection would be counted as 100 "units".

Do not consider resources available for free when answering the following questions. Do not include any items in the public domain such as Project Gutenberg or similar platforms.

For purposes of this survey, units are defined as "units of acquisition or purchase". The "unit" is determined by considering whether the item is restricted to a finite number of simultaneous users or an unlimited number of simultaneous users.

- Finite simultaneous use: units of acquisition or purchase is based on the number of simultaneous usages acquired equivalent to purchasing multiple copies of a single title. For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 "unit"; if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 "units". For smaller libraries, if volume data are not available, the number of titles may be counted.
- Unlimited simultaneous use: units of acquisition or purchase is based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited simultaneous users, then that collection would be counted as 100 "units."

Additional information on reporting specific materials can be found at ["Annual Report webpage"](#), under Tips and Tools, "Reporting E-Materials."

**Circulation of E-Materials**

In the following section, report circulation or usage of each of the item types. In addition, use the following definitions to describe how the library purchased, accessed or acquired those materials. Usage can be obtained from vendor.

Electronic (digital) materials can be accessed online from an electronic device. Types of electronic materials include e-books, e-serials, e-audio, and e-video. Only count items that require user authentication and have a limited period of use. Count all checkouts, including renewals.

Do not report any circulation of TexShare Database program materials.

Do not consider resources available for free when answering the following questions. Do not include any items in the public domain such as Project Gutenberg or similar platforms.

**Programs and Program Attendance**

Library programs are referred to as live (synchronous) program sessions or recorded (asynchronous) program presentations. Multiple format options, as well as expanded age ranges are being tracked.

Report in-person on-site programs and in-person off-site programs separately, as well as live, virtual programs and recorded (asynchronous) programs. See below for definitions of what constitutes a program.

Each program session should only be counted in one age category based on its primary target audience. If there is no specified intended age group, then report the session(s) under "General Interest".

Each program session should only be counted once, regardless of the number of formats in which it is presented. For example, a program session that has both in-person and virtual attendance options should be counted as a single program session.

If programs are offered as a series, count each program session in the series as one event. For example, a film series offered once a week for eight weeks should be counted as eight program sessions.

Count all attendees of these program sessions regardless of age.

Count recordings (asynchronous) program presentations at the administrative entity level; do not duplicate numbers at each branch. Include recordings of synchronous program sessions that were available for viewing after the session ended.

For program presentations that are recordings of synchronous virtual program sessions, exclude synchronous attendance; these should be counted under Synchronous In-Person Onsite Program Attendance (7.P12a), Synchronous In-Person Offsite Program Attendance (7.P12b), or Synchronous Virtual Program Attendance (7.P12c).

**Early Childhood Programming**

A program session targeted at children ages 0-5 is any planned event for which the primary audience is infants, toddlers, or preschool-age children. Examples of these types of program sessions include, but are not limited to, story hours, every child ready to read programs, musical or sing-along events, and puppet shows. Include program sessions aimed at children ages 0-5 even if adult caregivers also attend. Each program session should only be counted in one age category based on its primary target audience.

Count all children's programs, whether held on- or off-site, that are sponsored or co-sponsored by the library. Do not include children's programs sponsored by other groups that use library facilities.

Attendance is the count of the audience at all program sessions for which the primary audience is children from birth to 5 years old. Count all attendees of these program sessions regardless of age.

Additional information on reporting specific materials can be found at ["Annual Report webpage"](#), under Tips and Tools, "2025 Programs and Program Attendance," and "2025 Program Reporting Calculator".

**Student Age Programming**

A program session targeted at children ages 6-11 is any planned event for which the primary audience is elementary-school-age children. Examples of these types of program sessions include, but are not limited to, story hours, science events, crafting classes, and summer reading events. Include program sessions aimed at children ages 6-11 even if adult caregivers also attend with the children. Each program session should only be counted in one age category based on its primary target audience.

The National Center for Education Statistics NCES: Children and Young Adults Defined [Services and Resources for Children and Young Adults in Public Libraries, August 1995, NCES 95357] defines children as persons age 11 and under.

Count all children's programs, whether held on- or off-site, that are sponsored or co-sponsored by the library. Do not include children's programs sponsored by other groups that use library facilities. If children's programs are offered as a series, count each program in the series. For example, a story hour offered once a week, 48 weeks a year, should be counted as 48 programs. Exclude library activities for children delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.

Attendance is the count of the audience at all program sessions for which the primary audience is children from 6 to 11 years old. Please count all attendees of these program sessions regardless of age.

Additional information on reporting specific materials can be found at ["Annual Report webpage"](#), under Tips and Tools, "Program and Program Attendance," and "Program Calculator".

**Young Adult Programming**

The Young Adult Services Association (YALSA) defines young adults as ages 12 through 18. A young adult program session is any planned event for which the primary audience is young adults ages 12 to 18 years. Examples of these types of program sessions include, but are not limited to, book clubs, college prep programs, teen tech or gaming clubs, and summer reading events. Each program session should only be counted in one age category based on its primary target audience.

Report all young adult programs, whether held on- or off-site, that are sponsored or co-sponsored by the library. Do not include young adult programs sponsored by other groups that use the library facilities.

If young adult programs are offered as a series, count each program in the series. Example: a book club offered every two weeks, 24 weeks a year, should be counted as 24 programs.

Exclude library activities for young adults delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.

Attendance is the count of the audience at all program sessions for which the primary audience is young adults from 12 to 18 years old. Please count all attendees of these program sessions regardless of age.

**Adult Programming**

An adult program session is any planned event for which the primary audience is adults age 19 or older. Examples of these types of program sessions include, but are not limited to, book discussions, citizenship classes, and lectures. Each program session should only be counted in one age category based on its primary target audience. Exclude library activities for young adults delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.

Report all adult programs, whether held on- or off-site that are sponsored or co-sponsored by the library. Do not include adult programs sponsored by other groups that use the library facilities. If adult programs are offered as a series, count each program in the series. Example: a computer skills class offered once a week for 10 weeks should be counted as 10 programs. Exclude library activities for adults delivered on a one-to-one basis, rather than to a group, such as one-to-one resume assistance and services to homebound.

Attendance is the count of the audience at all program sessions for which the primary audience is adults 19 years and older. Please count all attendees of these program sessions regardless of age.

**General Interest Programming**

A general interest program session is any planned event that is appropriate for any age group or multiple age groups. Include all-age, all-library, family, and intergenerational program sessions. Examples of these types of program sessions include, but are not limited to, family game nights, holiday events, storytelling programs, or chess clubs. Include all programs here that do not fit into the other age category elements. Each program session should only be counted in one age category based on its primary target audience; do not include program sessions here that have already been counted in earlier age category elements. Avoid including program sessions that are targeted at more than one non-adult age category (and are not targeted at adults); these should be counted in the child or young adult age category that best represents the target audience.

Report all general interest programs, whether held on- or off-site that are sponsored or co-sponsored by the library. Do not include general interest programs sponsored by other groups that use the library facilities.

Attendance is the count of the audience at all program sessions that are appropriate for any age group or multiple age groups. Count all attendees of these program sessions regardless of age.

Additional information on reporting specific materials can be found at ["Annual Report webpage"](#), under Tips and Tools, "Program and Program Attendance," and "Program Calculator".

**Total Recorded Presentations (Asynchronous)**

Count recordings (asynchronous) program presentations at the administrative entity level; do not duplicate numbers at each branch. Include recordings of synchronous program sessions that were available for viewing after the session ended. For program presentations that are recordings of live (synchronous) virtual program sessions, exclude live (synchronous) attendance; these should be reported under the appropriate age and format within the live (synchronous) program counts.

### Final Steps

Congratulations! You've reached the end of the survey! You still have a few very important things to do, though.

At the top, right-hand side of this page are two buttons: 'Verify' and 'Submit/Lock'

FIRST: Click the Verify button. This will run additional edit checks and alert you to anything that still needs an explanation. Examples are shown in the Help link at the top-right side of this webpage on the "Managing Data" tab.

NOTE: Please make any edit check Notes as descriptive as possible. The more complete the explanation you provide us, the less likely it is that we will need to contact you for additional information/explanation.

THEN: Once you have the edit checks completed and the data verified, click on: 'Submit/Lock'

If you click 'Submit/Lock' and you are taken to a white screen with "Required Indicator!" or failed edit check messages, please click the "HERE" link to return to your report. You will need to know the question number, or the section, to which to return.

When the data has been successfully submitted, you will see the locked symbol. That is your assurance that we know you have completed the survey and we can begin our analysis.

Almost done!...

FINALLY: One last thing needs to be completed.

To be considered for accreditation, the library must also complete the [Accreditation in State Library System Application](#). Complete the fields on page 2 before obtaining the required signatures.

Where to find a blank copy of the Application:

--> Texas LibPAS portal Home page: <https://tx.countingopinions.com/>,

--> Texas State Library Public Libraries Annual Report webpage: <https://www.tsl.texas.gov/ldn/annualreport>.

--> In the printed worksheet. Once the report is locked, the "DRAFT" watermark will no longer be present. Reports can be locked and opened as necessary until April 30.

--->in the link below. Once the form is completed and signed, it can be uploaded using the "Choose File" link below.

Once signed and completed, forward BOTH PAGES to Accreditation in Library Development & Networking Division (LDN) of the Texas State Library. Scan and email the Application to [accreditation@tsl.texas.gov](mailto:accreditation@tsl.texas.gov). Documents are saved electronically, so no original, or hard copy is needed.

NOW you are done! CONGRATULATIONS!!
