## PIPELINE AND UTILITY PERMIT APPLICATION PACKET

10. Applicant will install its pipelines and utilities in a manner and location as shown in the plans and specifications filed with HCPD in support of this application for permit. Hidalgo County Planning Department's representative may at any time make such inspection as such engineer or other representation may deem necessary to assure that the construction of the pipeline or utilities is in accordance with the plans and specifications submitted, and said engineer or representative shall have the right to temporarily suspend Applicant's work if necessary, while such inspection is being made. Should Applicant not install the pipelines or utilities in accordance with the terms and conditions of this permit, Applicant agrees that Hidalgo County shall have the right to require, at Applicant's expense, the removal of the pipelines and utilities and its replacement in conformance to said plans and specifications and conditions of this permit. Applicant further agrees to pay an additional fee of **\$500.00** for each additional line included in permit application at the same location; however, more than one location may be included in a single application.
- Requests to lay additional line or lines, not included in an initial permit application, must be made by separate application, with new permit fees paid accordingly and support data provided.

**PIPELINE AND UTILITY PERMIT APPLICATION PACKET**

Permit fees may be waived where Applicant is a state, county, municipality, or a special political subdivision.

Such applications for extension must be received by HCPD at least thirty days before the expiration of the two hundred ten (210) days period. A new permit fee, in accordance with Paragraph 12 hereof, will be charged for each extension granted.

14. All provisions of the Pipeline and Utility Permit Administration Policy of Hidalgo County, if any, and all amendments thereto, are hereby incorporated herein as part of the terms and conditions of this permit for all purposes.

Good morning, Mr. Tovar-

Please be advised Hidalgo County Precinct No. 1 has no issues with the proposed open cut. Once work is complete, please make sure the road is paved again properly in a timely manner.

Can you please get a time frame when this work will start and how long they plan on closing the road.

Good afternoon, Danny

See email below from Rio Delta Engineering with attached plans and the pipeline and utility crossing application for the Pueblo De Palmas Phase 30 Subdivision. The engineer is proposing to cross an 18" equalizer storm line via an open cut on Mile 14 1/2 North Road. Please review the attached application and the proposed construction plans.

Could you let me know whether the open-cut method will be approved by the PCT.1 office for this section of Mile 14 1/2 North Road?

If you have any questions or need further clarification, please call me.  
Thank you!
