Arturo Guajardo, Jr., County Clerk

LIST OF ATTACHMENTS

- ATTACHMENT "A" - Service to be provided by the Owner
- ATTACHMENT "B" - Services to be provided by the Engineer
- ATTACHMENT "C" - Work Schedule
- ATTACHMENT "D" - Contract Amount

Attachment "A"

Scope of Services to be Provided by the "Owner"

The following provides an outline of the services to be provided by the Owner in the development (as defined and more particularly identified on Exhibit "A attached to this Agreement).

General:

The Owner will provide to the Engineer the following:

- 1) Provide the authorization to proceed with services through coordinator with the project consulting and design Engineer.
- 2) Payment for work performed by the Engineer and accepted by the Owner in accordance with Article 3 of this Agreement.
- 3) Assistance to the Engineer, as necessary, to obtain the required data and information from other local, regional, State and Federal agencies the Engineer cannot easily obtain.
- 4) Provide any available relevant data the Owner may have on file concerning the project.
- 5) Provide timely review and decisions in response to the Engineer's request for information and/or required submittals and deliverables, in order for the Engineer to maintain the agreed upon work schedule prepared in accordance with Exhibit A attached to this agreement.
- 6) Attend and participate in progress meetings as required and as coordinated and conducted by Engineer.
- 7) Provide authorization to proceed with services on project by project basis through consulting design and construction Engineer.

Attachment “B”

-Scope of Services to be provided by the Engineer

The following provides an outline of the services to be provided by the Engineer in the development of the Project.

The ENGINEER will evaluate and design the Paving and Drainage Improvements as follows;

Review existing conditions to develop the design criteria;

- Conduct field surveys to obtain information on existing conditions and topography on proposed paving and drainage improvements;
- Identify alignments and right of ways of proposed paving and drainage improvements;
- Develop plan and profile sheets for proposed paving and drainage improvements;
- Prepare plans and specifications of the improvements;
- Assist in bidding of the improvements;
- Provide construction staking and periodic inspection services during the construction phase of the improvements.

**Re: 2025 Hidalgo Flood Drainage Improvements
Project No. 5025-35-0309-5000-0000-UCP-EP**

Dear Dr. Rivera,

I would like to thank Hidalgo County Commissioner's Court for allowing us to provide Engineering Services through the Urban County Program for the proposed drainage improvements within the City of Hidalgo. It is our understanding that this project will consist of providing Civil Engineering design and surveying services for the preparation of construction plans and specifications for the upgrade and expansion of the storm sewer system and will also include street paving repairs in Hidalgo, Texas. These improvements will be provided along E. Azalea Avenue, E. Bugambillia, E. Camelia Avenue and 13th Street. We have met with City Staff to review the proposed project area in order to become familiar with the proposed project. Our best and final offer for this project is \$41,000.00 for the Engineering Services and \$15,000.00 for the Surveying Services for a total fee of \$56,000.00. This proposal does not include any material testing services. We stand ready to proceed with this project at the execution of the contract. If you have any questions or require further information, please feel free to contact me at your convenience.

Sincerely,

JAVIER HINOJOSA ENGINEERING

Javier Hinojosa, P.E.

cc: Eloisa Peña, Urban County Program, Coordinator II
