Schedule 1	Fee Schedule
Schedule 2	Service and Support Level Specification Agreement
Schedule 3	Statement of Work

TERMS AND CONDITIONS

1. Services.

1.1. Customer's Rights to Use the Services. ACT grants Customer a limited non-exclusive, non-transferable, worldwide right and license to access and use the Services for the duration of the Term (as defined herein) solely for the purposes of tax assessment and collection by or on behalf of Customer. This right is subject to Customer's payment of all required fees described in Exhibit A (the "**Fees**") attached hereto and incorporated herein and compliance with all of its obligations under this Agreement. The "**Services**" means the services provided by ACT that are described in Schedule 2 attached hereto and incorporated herein.

1.2. Service Levels. In providing the Services, ACT shall use commercially reasonable efforts to comply in all material respects with any service levels set forth in Schedule 2 ("**Service Levels**"). ACT shall not be responsible for failing to meet a Service Level to the extent the failure is caused by Customer, a third party or a force or cause beyond ACT's reasonable control.

1.3. Rights of ACT. ACT shall be free to provide Services for others on an unrestricted basis. ACT may subcontract any portion of the Services without notice, consent or any other restriction and has sole discretion in its use of subcontractors and consultants, including, but not limited to third party server hosting services.

2. Customer Restrictions, Proprietary and other Rights.

2.1. Restrictions. Customer shall not, and shall not permit any third party to: (i) sublicense, resell, lease, transfer or assign to any third party the Services or any associated software owned by ACT ("**ACT Software**") or associated software owned by a third party ("**Third Party Software**"); (ii) duplicate, modify or make derivative works of any ACT Software or Third Party Software; or (iii) reverse engineer, decompile, disassemble, or translate any ACT Software or Third Party Software. Customer has no rights to the source code of the ACT Software or Third Party Software. Customer may not access the Services other than as expressly provided by ACT pursuant to this Agreement. Access to the Services shall be limited by Customer to employees, contractors, consultants, representative or agents of Customer that are authorized by Customer to access and use the Services on Customer's behalf ("**Authorized Users**"). Customer shall be solely responsible for any activities that occur under its account with ACT, including the activities of its Authorized Users.

2.2. Data Rights. Customer grants ACT a royalty-free, non-exclusive, non-transferable, worldwide right and license to access and use in any media the data, information, trademarks and content of Customer ("**Customer Data**") to the extent ACT needs the Customer Data to provide the Services, to configure the format and other technical or display requirements of the Services, and to manipulate and display the Customer Data for processing transactions on behalf of Customer. The Services may be designed to collect transaction, connection and/or performance information for use by ACT ("**Transaction Information**"). All Customer Data and Transaction Information is and shall remain the sole and exclusive property of Customer and shall not be used by ACT for any purpose other than the performance of its obligations and exercise of its rights under this Agreement.

2.3. Privacy Policy. Customer agrees that ACT and its affiliates may use any information Customer provides to ACT, including but not limited to, the Customer Data and Transaction Information for the purposes of this Agreement and in a manner consistent with ACT's then-current Privacy Policy as set forth at www.acttax.com which may be changed by ACT without notice. Customer agrees, however, that ACT is not responsible for any information Customer provides to third parties, and that the privacy policies, if any, of such third parties will govern the use and disclosure of such information.

2.4. Acceptable Use. Customer shall comply, and shall cause its Authorized Users to comply, with the then-current Acceptable Use Policy located at www.acttax.com, as it may be modified from time to time, at ACT's sole discretion without notice ("**Use Policy**"). ACT shall notify Customer of any Use Policy violation by Customer and Customer shall cure the violation within one business day of receipt of notice of the violation. If the violation is by an Authorized User and the violation is not cured within this timeframe, Customer shall terminate that user's access to the Service. If Customer fails to terminate the access of any Authorized User that continues to violate the Use Policy, ACT shall have the right to terminate this Agreement. Customer shall comply with all written policies related to the Service that are published or reasonably communicated by ACT and all reasonable written directives provided by ACT with respect to use of the Service that are reasonably designed by ACT to ensure efficient operation of the Service.

2.5 Proprietary Rights of ACT. The Services, the ACT Software, the Third Party Software and any trade secrets, know-how, methodologies and processes, copyrights, trademarks, patents, trade secrets, and any other proprietary and intellectual property rights associated with or inherent in the Services, the ACT Software or the Third Party Software are and shall remain the sole and exclusive property of ACT and its third party licensors and shall not be used by Customer for any purpose other than the performance of its obligations and exercise of its rights under this Agreement.

3. Relationship Management. ACT and Customer shall each designate a representative (a "Relationship Manager") for this Agreement. Each Party shall have the right to change its Relationship Manager or designate an alternate by providing written notice to the other Party.

4. Fees, Payment, Taxes

4.1. Fees. Customer shall pay ACT the Fees set forth in Schedule 1.

4.2. Payment. Unless this Agreement or a Schedule to this Agreement specifically provides otherwise, Customer shall pay all Fees within thirty (30) days of the date of invoice at the address specified in Schedule 1. Any Fees not paid when due shall accrue interest at a rate equal to the lesser of (i) one and one half percent (1.5%) of the invoiced amount per month or (ii) the maximum rate allowable under applicable law on all unpaid amounts. If Customer fails to pay any Fees on a timely basis, ACT may suspend Customer's access to the Services until the outstanding payment including any late charges is made in full.

4.3. Expense Reimbursement. Customer will reimburse ACT for all pre-approved out-of-pocket expenses incurred by ACT in rendering the Services, as specified in the applicable Schedule to this Agreement. Such expenses may include, but shall not be limited to, travel and travel related expenses (including transportation, lodging and meals) and costs of any tangible material acquired by ACT for Customer's benefit.

4.4. Taxes. Customer shall be liable for, and shall reimburse ACT for, all sales, use, transfer, privilege, excise, service, telecommunication, all other taxes and all duties and regulatory fees related to this Agreement, whether foreign, federal, state or local, however designated (including any interest and penalties imposed thereon), other than taxes based on the net income of ACT.

5. Confidentiality.

5.1. Non-Disclosure Obligations. Except as is specifically required or permitted by this Agreement, neither Party shall, without the express prior written consent of the other Party, redistribute, market, publish, disclose or divulge to any other person or entity, or use or modify for use, directly or indirectly in any way for any person or entity: (i) any of the other Party's Confidential Information during the Term and for three (3) years after any end to the Term; and (ii) any of the other Party's Trade Secrets at any time during which such information shall constitute a Trade Secret (before or after the end of the Term). The Parties agree that, during the Term and thereafter, each Party will hold Confidential Information and Trade Secrets in a fiduciary capacity for the benefit of the other Party and shall not (a) directly or indirectly use, copy, reproduce, distribute, manufacture, duplicate, reveal, report, publish, disclose or cause to be disclosed, or otherwise transfer any Confidential Information or Trade Secrets of the other Party to any third party, or (b) utilize Confidential Information or Trade Secrets for any purpose, except as expressly contemplated by this Agreement or authorized in writing by the other Party. Each Party will limit the disclosure of the other Party's Confidential Information and Trade Secrets to employees, contractors or agents with a need-to-know, shall notify its employees, contractors and agents of their confidentiality obligations with respect to Confidential Information and Trade Secrets and shall require its respective employees, contractors and agents to comply with these obligations. Each Party shall be liable for any breach by any employee, contractor or agent of the confidentiality obligations contained herein.

5.2. Trade Secrets. For purposes of this Agreement the following terms shall have the following meanings: "Trade Secrets" shall mean information (including, but not limited to, confidential business information, technical or non-technical data, formulas, patterns, compilations, programs, devices, methods, techniques, drawings, processes, financial data, financial plans, product plans, lists of actual or potential customers or suppliers) that: (a) derives economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and (b) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The Parties stipulate that the Services and the ACT Software and the Third Party Software and all intellectual property rights associated with those items shall constitute Trade Secrets of ACT and its licensors.

5.3. Confidential Information. "Confidential Information" shall mean, with respect to a Party, all valuable, proprietary and confidential information belonging to or pertaining to the Party that does not constitute a Trade Secret of the Party and that is not generally known by or available to the Party's competitors but is generally known only to the Party and those of its employees, contractors, clients or agents to whom such information must be confided for internal business purposes. Confidential Information does not include information that: (a) was in the possession of, or was rightfully known by, the recipient thereof without an obligation to maintain its confidentiality prior to receipt from disclosing Party; (b) is or becomes generally known to the public without violation of this Agreement; or (c) is obtained by the recipient in good faith from a third Party having the right to disclose it without an obligation of confidentiality.

5.4. Required Disclosure. Notwithstanding the foregoing, either Party may disclose Confidential Information or Trade Secrets of the other Party in judicial or other government proceedings to the extent that the Party is legally compelled to do so, provided that the Party has notified the other Party in writing at least ten (10) days prior to disclosure and shall have used its best efforts to obtain, and shall have afforded the other Party a reasonable opportunity to obtain, an appropriate protective or similar order providing for the confidential treatment of the Confidential Information or Trade Secrets required to be disclosed.

5.5. Injunctive Relief. Each Party acknowledges that any unauthorized disclosure or use of the other Party's Trade Secrets or Confidential Information would be likely to injure the other Party irreparably. Each Party acknowledges that its misuse or unauthorized disclosure of the other Party's Confidential Information or Trade Secrets shall entitle the other Party to injunctive or other equitable relief.

6. Representations and Warranties.

6.1. ACT Representations and Warranties. ACT represents and warrants to Customer that: (i) it will provide the Services in a manner consistent with reasonably applicable general industry standards; (ii) in providing the Services, it shall comply with all applicable Federal, state and local laws and regulations ("Laws") and shall obtain all required permits and licenses; and (iii) will update the ACT Software and the Service as necessary to comply with changes mandated by legislative changes to the State of Texas Property Tax Code and administrative directives issued by the Property Tax Division of the Comptroller's Office for the State of Texas.

6.2. Customer Representations and Warranties. Customer represents and warrants to ACT that: (i) the Customer Data does not and shall not infringe on or violate any third party's intellectual property or other proprietary rights; (ii) Customer owns the Customer Data or otherwise has the right to place the Customer Data on the ACT's infrastructure in connection with the Services and to view and access the Customer Data through the Services; (iii) no further approval, authorization or consent of any governmental or regulatory authority is required to be obtained by it in order for it to enter into and perform its obligations under this Agreement; and (iv) in connection with its use of the Services, it shall comply with all Laws and shall obtain all applicable permits and licenses.

6.3. Disclaimer. EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, ACT MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR ANY WARRANTY OF NON-INFRINGEMENT. ACT DOES NOT WARRANT THAT: (a) THE SERVICES AND ANY RELATED SOFTWARE WILL OPERATE UNINTERRUPTED; (b) SERVICE OR SOFTWARE ERRORS CAN BE CORRECTED; OR (c) THE APPLICATIONS CONTAINED IN THE SERVICES OR SOFTWARE ARE DESIGNED TO MEET ALL OF CUSTOMER'S BUSINESS REQUIREMENTS.

6.4. Internet Delays. THE SERVICES MAY BE SUBJECT TO LIMITATIONS, DELAYS AND OTHER PROBLEMS INHERENT IN THE USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS. ACT IS NOT RESPONSIBLE FOR, AND CUSTOMER RELEASES ACT FROM, ANY DELAYS, DELIVERY FAILURES OR DAMAGES RESULTING FROM SUCH PROBLEMS.

7. Indemnification.

7.1. ACT Indemnity. Subject to Section 8, ACT shall indemnify and hold harmless Customer and any affiliated entities and their respective officers, directors, partners, employees, shareholders and agents against any damages awarded against the Customer by a court of competent jurisdiction in connection with a final judgment or ruling that the Customer's use of, or access to, the Services infringes a United States patent, copyright or trademark of the third party that is registered as of the date ACT provides Customer with the Services, provided, that: (a) Customer gives ACT prompt notification in writing of any such infringement claim specifying in reasonable detail

the nature and all material aspects of the claim and reasonable assistance, at ACT's expense, in the defense of such infringement claim; and (b) ACT has the sole authority to defend or settle such infringement claim.

7.2. Indemnification Limitations. ACT shall have no obligation for any infringement claim arising out of or relating to: (a) use of the Services other than in accordance with the terms of this Agreement; (b) any Third-Party Software associated with the Service; or (c) use of the Services in combination with any other hardware, software or other materials where absent such combination, the Services would not be the subject of the infringement claim.

7.3. Effect of Infringement Claim. If an infringement claim is asserted or, in ACT's reasonable belief, is likely to be asserted, (a) ACT may require Customer to discontinue use of the Services immediately and Customer shall comply with such requirement; and (b) ACT will, at its sole option, either (i) procure for Customer the right to use and exercise its rights with respect to the Services as provided in this Agreement; (ii) replace the Services with other non-infringing services or modify the Services to make it not infringing while retaining substantially similar functionality; or (c) if the remedies set forth in clauses (b)(i) and (b)(ii) are not commercially feasible, as determined by ACT in its sole discretion, terminate this Agreement, in whole or in part, and pay to Licensee any prepaid Fees paid by Licensee for the infringing Services that are not provided due to the early termination.

7.4. Exclusive Remedy. THE PROVISIONS OF THIS SECTION STATE THE SOLE, EXCLUSIVE, AND ENTIRE LIABILITY OF ACT AND ITS LICENSORS TO CUSTOMER, AND IS CUSTOMER'S SOLE REMEDY WITH RESPECT TO, ANY CLAIM OF INFRINGEMENT OR MISAPPROPRIATION OR ALLEGED INFRINGEMENT OR MISAPPROPRIATION OF ANY THIRD-PARTY PATENT, COPYRIGHT, TRADEMARK, TRADE SECRET OR OTHER INTELLECTUAL PROPERTY RIGHT.

8. Limitation of Liability. EXCEPT FOR DAMAGES RESULTING FROM BREACHES OF SECTION 5 (CONFIDENTIALITY), ACT SHALL NOT BE LIABLE TO CUSTOMER FOR ANY INDIRECT, INCIDENTAL, SPECIAL EXEMPLARY OR CONSEQUENTIAL DAMAGES. ACT SHALL NOT BE LIABLE TO CUSTOMER FOR; (I) LOST DATA; OR (II) FAILURE TO REALIZE EXPECTED SAVINGS RESULTING FROM THE USE OF THE SERVICES, EVEN IF ACT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSSES. IN ANY CASE, EXCEPT FOR DAMAGES RESULTING FROM BREACHES OF SECTION 5 (CONFIDENTIALITY), ACT'S ENTIRE AGGREGATE LIABILITY UNDER ANY PROVISION OF THIS AGREEMENT SHALL BE LIMITED TO THE FEES ACTUALLY PAID BY CUSTOMER TO ACT UNDER THIS AGREEMENT. NOTWITHSTANDING ANYTHING IN THIS AGREEMENT TO THE CONTRARY, THIS SECTION SETS FORTH CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR ANY BREACH OF WARRANTY.

9. Dispute Resolution.

9.1. Injunctive Relief. A material breach of Sections 2.1, 2.4 or 2.5 by Customer would irreparably harm ACT and, accordingly, Customer agrees that in the event of such a breach ACT shall be entitled to apply to a court of appropriate jurisdiction for injunctive relief, specific performance and/or, as the case may be, other interim measures, without the posting of any bond, to prevent or stop harm, including, but not limited to, harm relating to, trademarks, copyrights, patent rights, know-how, trade secrets or other intellectual property rights. These rights to injunctive relief are in addition to those rights specified in Section 5.5.

10. Term and Termination

10.1. Term. The "Term" shall be the duration of ACT's obligation to provide Services to Customer. The Term shall commence on the Effective Date and shall continue for an initial period of five (5) years, unless terminated sooner in accordance with this Agreement (the "Initial Term"). The Term shall automatically renew beyond the Initial Term on an annual basis subject to earlier termination in accordance with this Agreement (each, a "Renewal Term").

10.2. Non-Renewal. This Agreement may be terminated by Customer or ACT on the last day of the Initial Term or on the last day of any Renewal Term by providing written notice to the other Party not less than nine (9) months prior to the expiration of the Initial Term or the then current Renewal Term, as the case may be, indicating an intention to terminate the Agreement as of the last day of the Initial Term or the then current Renewal Term ("Termination Date").

10.3. Termination

10.3.1. Termination by ACT. In addition to any other rights ACT may have under this Agreement or law, ACT may, at ACT's option, terminate this Agreement as follows: (i) upon Customer's failure to pay any Fees or other amounts it owes ACT under this Agreement; (ii) upon Customer's material breach of any of its other obligations, representations or warranties under this Agreement where the breach is not cured within thirty (30) business days after written notice of the breach is provided to Customer by ACT (provided, that if ACT determines in good faith that a breach by Customer is incurable, then the termination of the Term shall be effective immediately upon notice without a cure period); or (iii) immediately upon Customer's ceasing to do business in the normal course, becoming or being declared insolvent or bankrupt, being the subject of any proceeding relating to liquidation or insolvency which is not dismissed within ninety (90) calendar days or making an assignment for the benefit of its creditors; or (iv) by providing 180 days notice.

10.3.2. Termination by Customer. Customer may, at Customer's option, terminate this Agreement as follows: (i) for convenience during the Initial Term of the Agreement upon thirty (30) days written notice; (ii) upon ACT's material breach of any of its other obligations, representations or warranties under this Agreement, where the breach is not cured within thirty (30) business days after written notice of the breach is provided to ACT by Customer; and (iii) immediately upon ACT ceasing to do business in the normal course, becoming or being declared insolvent or bankrupt, being the subject of any proceeding relating to liquidation or insolvency which is not dismissed within ninety (90) calendar days or making an assignment for the benefit of its creditors.

10.3.3. Migration Period. Subject to Section 10.3.4, upon the termination or expiration of the Term (other than for violation by Customer of Section 2.1, 2.4, 2.5 or 5.), Customer shall have the right, upon providing written notice to ACT, to receive Services from ACT for up to four (4) months after the termination date (the "Migration Period") provided Customer continues paying all applicable Fees to ACT. With respect to a Migration Period after a termination by ACT pursuant to Section 10.3.1, Customer shall pay Fees on a monthly basis in advance, but in the event that Customer fails to make any one (1) payment when due during the Migration Period, ACT shall be entitled to discontinue the provision of Services.

10.3.4. Effect of Termination; Customer Data. Upon the expiration or termination of the Term and after receipt of all amounts due from Customer, ACT shall return to Customer all Customer Data provided that ACT may retain any Customer Data necessary for it to continue to perform under this Agreement pursuant to any Migration Period obligations, which Customer Data will be returned to Customer at the end of the Migration Period. In addition to returning all Customer Data, ACT shall destroy any copies and shall permanently delete and destroy all electronic versions of all Customer Data, and shall ensure that if any Customer Data has been provided to a third party, such third party shall similarly destroy any copies and shall permanently delete and destroy all electronic versions of all Customer Data.

10.3.5. Effective of Termination; Fees. Upon the expiration or termination of the Term, Customer shall (i) pay ACT all amounts then due and owing to ACT, and (ii) return to ACT all proprietary materials of ACT received under this Agreement. Upon termination or expiration of the Term for any reason, in addition to other amounts payable to ACT, Customer shall pay to ACT (i) all costs associated with ACT's provision of Services during any Migration Period, and (ii) any termination fee that may be payable under the applicable Schedule to this Agreement.

10.4. Survival. Termination or expiration of the Term does not terminate other provisions of this Agreement that by their terms do not expire on termination or expiration of the Term.

11. Miscellaneous

11.1. Entire Agreement. This Agreement and the Schedules referencing this Agreement attached hereto and incorporated herein constitute the entire agreement between Customer and ACT with respect to the subject matter of the Agreement and supercede all prior oral negotiations and prior written agreements with respect to these matters.

11.2. Independent Contractors. Nothing in this Agreement or in the course of dealing between ACT and Customer shall be deemed to create between ACT and Customer (including their respective directors, officers, employees and agents) a partnership, joint venture, association, employment relationship or any other relationship other than an independent contractor relationship.

11.3. Use of Customer Name. ACT shall have the right to identify Customer as a customer of ACT as part of ACT's marketing efforts, including customer lists and naming Customer in press releases.

11.4. Audit Rights. ACT shall have the right during customary business hours, upon reasonable written notice and at ACT's expense, to examine Customer's books and records and use of the Services in order to audit Customer's compliance with this Agreement.

11.5. Waiver, Non-Waiver, Amendment. Failure by either Party to enforce any of the provisions of this Agreement or any rights with respect to it or the failure to exercise any option provided under this Agreement shall in no way be considered to be a waiver of that provision, right or option, or in any way affect the validity of this Agreement. No waiver of any rights under this Agreement, nor any modification or amendment of this Agreement, shall be effective or enforceable, unless it is in writing and signed by each Party.

11.6. Force Majeure. Neither Party to this Agreement, other than for payments due and payable, will be liable to the other for any failure or delay in performance under this Agreement due to circumstances beyond its reasonable control including, without limitation, Acts of God, labor disruption, strikes, lockouts, riots, acts of war, terrorist threat, epidemics, communication line failures, power failures or government action.

11.7. Governing Law. This Agreement shall be governed by the laws of the State of Texas without giving effect to any choice of law principles. The Parties hereby acknowledge and agree that the United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement.

11.8. Assignment. Except as provided in this Agreement, Customer may not assign or transfer any of its rights, duties or obligations under this Agreement (whether by assignment, merger, transfer of assets, sale of stock, operation of law or otherwise) without the prior written consent of ACT and any assignment not in compliance with this Section shall be deemed void. ACT in its sole discretion may assign or transfer any of its rights, duties or obligations under this Agreement.

11.9. Notice. All notices or other communications under this Agreement must be in writing and will be deemed to have been duly given when (a) delivered by hand (with written confirmation of receipt), (b) five (5) calendar days after being deposited in the United States Mail, postage pre-paid, or (c) two (2) calendar days after being deposited for delivery with a nationally recognized overnight delivery service, such as Federal Express, (with written confirmation of receipt) and addressed or sent, as the case may be, to the appropriate addresses set forth on the first page of this Agreement (or to such other addresses as a Party may designate by notice to the other Party). All notices to ACT shall be addressed to the attention of the Chief Executive Officer with a copy delivered to Linebarger Goggan Blair & Sampson, L.L.P. (the "Firm"), to the attention of the Chief Operating Officer, at P.O. Box 17428, Austin, Texas 78760-7428 (or such other address as ACT or the Firm may designate by notice to the other Party).

11.10. Severability. If any provision of this Agreement is held invalid or unenforceable, the provision shall be deemed modified only to the extent necessary to render it valid or eliminated from this Agreement, as the situation may require, and this Agreement shall be enforced and construed as if the provision had been included in this Agreement as modified in scope or applicability or not been included, as the case may be.

11.11. No Third Party Beneficiaries. This Agreement inures to the benefit of ACT and Customer only and no third party shall enjoy the benefits of this Agreement or shall have any rights under it except as is expressly provided in this Agreement.

11.12. Headings. The headings preceding the text of the paragraphs of this Agreement have been inserted solely for convenience of reference and neither constitute a part of this Agreement nor affect its meaning, interpretation or effect.

11.13. Interpretation Order of Precedence. In the event of any discrepancy or conflict between the terms of this Agreement and the terms of any Schedule, the terms of this Agreement shall control. This Agreement and any Schedule hereto shall prevail over any additional, conflicting, or inconsistent terms or conditions which may appear on any purchase order or other document issued by Customer.

11.14. Export Controls. Customer agrees to comply fully with all relevant export laws and regulations of the United States including but not limited to the U.S. Export Administration Regulations (collectively, "U.S. Export Controls").

ACT shall notify the TAC of the expected arrival date of the equipment. The TAC will designate an area in their office where all hardware will be delivered, pending installation. The TAC will designate a staff member to inspect for damage and sign for all deliveries and insure items are in their designated area, pending installation.

The TAC shall notify ACT upon the successful delivery of all equipment. ACT shall coordinate an installation date with the TAC and the IT Department. On the agreed upon date, an ACT representative shall perform the following.

- i. Discuss the computer policies with the IT Department, i.e. naming conventions, group policies, passwords and network security. Set up a tentative plan to work with the IT Department for the actual placement and connectivity of the hardware.
- ii. Unbox all hardware and inspect for any damage.
- iii. Inventory all equipment, documenting the location of Dell Service Tags and HP Printer Serial Numbers.
- iv. Start the process to activate all the Dell computers:
 1. Ensure that all computers boot up properly.
 2. Configure naming conventions assigned by the IT Department, and if permission is given, configure on the domain.
 3. Install Microsoft Office version and the ACT Software (performed by ACT Technician)
 4. Install System Center Endpoint Protection(performed by Hidalgo County IT)
 5. Install other software as designated (performed by Hidalgo County IT)
 6. Label computer at the location for connectivity (HCTO User).
- v. Work with the Hidalgo County IT Department, for actually swapping out the old Dell Computer for the new Dell Computer. Create a schedule that would designate the Main Tax Office installation and any substation installations.
- vi. Insure user can login and print from their new system.
- vii. Old computers will follow the process below:
 1. If designated for donation:
 - a. Document all Dell Service tags for donation.
 - b. ACT Technician will reformat old computer and reload only the licensed Microsoft Operating System on said computer.
 - c. Advise the local LGBS Office Manager of computer status for pick-up.
 - d. Have the donation document signed and assist with the removal of the said computers.
 2. If designated for disposal:
 - a. Document all Dell Service Tags for destruction.
 - b. ACT Technician will remove all hard drives from each of the systems
 - c. Work with the Hidalgo County IT Department in the destruction of the removed hard drives.
 - d. Work with the Edinburg Law Office for the disposal of the remaining computer shells.
 3. Once all new systems have been installed and successfully login, review all items with the HCTO Tax Assessor and Hidalgo County IT Representative for final overview of installation

Provide documentation and copy of any licensing agreements to all party's involved with this installation; HCTO Tax Assessor, Hidalgo County IT Representative, Edinburg LGBS Office and ACT Chief Executive Officer.

Service and Support Level Specification Agreement
Hidalgo County Tax Office

1. INTRODUCTION

1.1. Purpose and Objectives

This Service and Support Level Specification Agreement is made pursuant to the "Hosting Service Agreement" dated July 1, 2015 between Appraisal and Collection Technologies (ACT) and Hidalgo Tax Office (HTO), the Client.

The purpose of the Service Level Agreement is to identify current and projected levels and qualifications of support staff, hardware and software components, systems support service levels including the roles, responsibilities and response times between ACT and HTO for change management, version control, security, problem source identification and resolution, back-up/recovery and disaster recovery, help-desk, user training, system enhancement development, system configuration and operations and upgrades.

1.2. Definitions

"ACT" means Appraisal and Collection Technologies LLC, a wholly owned entity of Linebarger Goggan Blair & Sampson, LLP. All references to ACT herein include ACT personnel and ACT management.

"ACT System" or "System" means the Appraisal and Collection Technologies Tax Collection System, developed by ACT for use by a current tax office (software and hardware) including all upgrades and modifications. The ACT System Service Components are listed in Section L.

"ACT System Source Code" means the programs and database objects that make up the ACT System.

"ACTEVAL" means that particular portion of the ACT System where HTO testing data resides and is manipulated

"ACTPROD" means that particular portion of the ACT System where the HTO live data resides and is manipulated.

ACT Service Level Agreement

"ACT User Manual" means a set of instructions designed to teach persons to use the ACT System and as used herein refers to those instructions embedded within the ACT System contained help functionality.

"CAD" means the County Appraisal District.

"Change Control Procedures" means the process to be followed when software or hardware changes are required to the ACT System.

"Client Manager" means the ACT resource responsible for managing the relationship between the client and ACT.

"Client Preferences" means those settings within the ACT System which can be managed by HTO and serve to alter the ACT System's behavior.

"Data Fix" means the insertion or correction of data directly in the Primary System via specialized tools. A Data Fix bypasses all ACT System controls, audits, and edits.

"Entitlements" means security settings within the ACT System that serve to enable a user to perform specific operations.

"Global Code Preferences" means those settings which are configurable within the ACT System, but are intended to be managed by ACT and not HTO.

"Hardware" means any and all computer components installed by ACT at HTO facilities to operate the System.

"Help Desk Services" mean the specified support services provided by ACT to HTO to facilitate understanding in operating and executing the delivered Services.

"Hosting Service Agreement" means the Agreement executed between HTO and ACT that provides the license for the ACT System to HTO, to which the Service and Support Level Specification is Exhibit B.

"Metrics" means the numeric criteria against which performance under this Agreement are to be measured.

"Normal Business Hours" means 7:00 AM to 6:30 PM CST Monday through Thursday and 7:00 AM to 6:00 PM CST Friday, except published holidays.

"Object Fix" means computer code changes to the ACT System Source Code designed to create or alter the ACT System functionality.

"Peak Business Periods" means end of tax year processing periods, end of fiscal year processing periods, month end close processing periods, certified tax billing processing periods and any other time designated as critical by HTO.

ACT Service Level Agreement

"Primary System" means the ACTPROD portion of the ACT System

"PRC" means the internal ACT Problem, Request and Control system utilized to manage the software development life cycle. All Software Problems and Software Change Requests are entered into this system for resolution control.

"Problem Escalation" means the procedure for alerting and notifying increasingly senior members of ACT of the non-resolution of problems.

"Problem Management" means the procedures for providing support and problem resolution services to HTO.

"Problem Priority" means the method used to define the urgency of a reported issue or change.

"Services" mean the work that ACT performs for HTO.

"Service Availability" means the times and periods that ACT will make their Services available to HTO.

"Service Component" means a divisible and identifiable part of the overall Services to be delivered.

"Service review meetings" mean meetings that are held between ACT and HTO specifically to discuss issues arising from the delivery of the Services including the performance of the Service delivery.

"Software Change Request" means new system design to support business requirements not currently supported by ACT System functionality.

"Software Problem" means existing ACT System functionality not working as it was originally intended to function as documented in the ACT User Manual

"Standby System" means the copy of ACTPROD that is replicated at the ACT Disaster Recovery Site

"System Availability" means the ability of HTO to process transactions and access data.

"Test System" means an environment where user testing can occur without impact to the Primary System. The main component of the Test System is ACTEVAL.

2. SCOPE OF WORK

2.1. Services

Services to be delivered under this Agreement are set forth in Schedule A.

2.2. Services Availability

The availability, operational reliability, and response times of the Services to be delivered and disaster recovery procedures are set forth in Schedule B.

2.3. Changes to Services

Change Control Procedures are described in Schedule C.

3. PERFORMANCE, TRACKING AND REPORTING

3.1. Key Personnel Changes

ACT will notify HTO within (3) days of changes to any ACT Resources that could potentially affect the delivery of Services to HTO.

3.2. Services Availability Monitoring

The methodology to be used to monitor Services Availability is set forth in Schedule D.

3.3. Services Level Reporting

The content and schedule of Services Level reports are set forth in Schedule E.

3.4. Services Review Meetings

Services review meetings to discuss such items as Services performance levels, Software Problems, proposed Software Change Requests and administrative issues will be held on an as-needed basis with ACT at HTO.

4. PROBLEM MANAGEMENT

4.1. Help Desk Services

Schedule F provides information on ACT's Help Desk Services and support procedures.

4.2. Problem Escalation & Priority Resolution

Schedule G details the Problem Escalation procedure. Schedule H details Software Problem definitions and resolution time frames. Schedule J contains a sample of ACT's Software Problem resolution request form.

4.3. Data Backup & Retention

Schedule I details ACT's System backup and retention policy for HTO data.

4.4. Contact Information

Schedule K contains ACT production support contact information.

4.5. ACT System Service Components

Schedule L itemizes the ACT System Service Components.

5. HTO DUTIES AND RESPONSIBILITIES

- 5.1. HTO will ensure that ACT has timely access to appropriate HTO personnel and will arrange for ACT to have suitable and safe access to the HTO facilities and systems.
- 5.2. HTO will ensure that ACT has timely access to any areas where ACT equipment (including peripheral hardware or connections) is housed to ensure agreed upon levels of service.

6. SCHEDULES

SCHEDULE I	System Backup
SCHEDULE J	Problem Report and Correction Form
SCHEDULE K	ACT Production Support Contact Information
SCHEDULE L	ACT System Service Components

7. SCHEDULE A SERVICES

Schedule A provides a detailed list of the Services that are to be delivered to HTO and identifies HTO's responsibilities to receive these Services.

HTO owns and shall maintain exclusive control of all of its records stored in the ACT System including data imported from external sources. ACT has no rights to HTO data but may gain access by complying with established Open Record Request procedures directed to the HTO Public Information Officer. ACT may utilize the HTO data stored within the ACT system as necessary to perform the services.

HTO will provide access to necessary resources and information in a timely manner to support ACT in delivering these Services.

7.1. ACT Responsibilities

ACT shall provide technical and analytical support for processing and reporting performed in any ACT System Service Component installed at HTO during the term of the Contract.

Current Business Areas include:

- a) Assessment & Freeze Processing
- b) Current and Delinquent Billing
- c) Electronic Batch & Online Payments
- d) Special Transaction Processing (such as reversals, returned items, agricultural-rollbacks, pro-rations & transfers)
- e) Batch & Online Receipting
- f) Refund Processing & Check Generation
- g) Collection & Monthly Reporting
- h) Jurisdictional Disbursement Processing
- i) Litigation Status Management
- j) Certified Tax Year and Annual Fiscal Rollover
- k) Hotel and Dealer Sales Filings
- l) In-bound and Outbound Data Exchange
- m) Master Data & Client Preference Maintenance
- n) User Security Management
- o) And any other processes or functions performed in ACT not itemized above

7.2. ACT Supplied Hardware and Third Party Software

- (a) ACT will be responsible for maintaining all Oracle components including product upgrades.
- (b) ACT will manage, acquire and administer all licenses and maintenance agreements related to the Oracle software toolset and ACT related hardware.
- (c) ACT will maintain the current level of hardware infrastructure and backup equipment to minimize downtime to HTO.
- (d) ACT will maintain hardware infrastructure for that hardware provided by ACT and the broadband connection between the hardware and the ACT facilities. HTO will be responsible for the maintenance of all other hardware owned by HTO and peripheral devices used by the ACT System throughout HTO operations. The management and maintenance of the HTO network and servers will be the responsibility of HTO.
- (e) A SOC 1, Type II examination will be performed by an independent consulting firm annually.

7.3. ACT Help Desk

ACT shall maintain and manage a Help Desk to support users at HTO.

7.4. Consolidation of New Jurisdictions

ACT will provide the necessary software and hardware (System) modifications to support the collection of ad valorem taxes for new jurisdictions consolidating into the HTO. ACT will perform data conversion activities in conjunction with HTO resources. ACT agrees to perform all necessary data conversion at a cost not to exceed the amount reflected in the Hosting Service Agreement (Schedule 1 - Fee Schedule).

7.5. System Modifications

HTO will make any request for System modifications in writing with sufficient specificity to identify the exact change being requested and the reason the change is necessary or desirable. HTO shall complete the ACT supplied template (see Schedule J) as well as other documents to complete the specification for the enhancement.

As requested by HTO, ACT shall work with HTO to implement other ACT System Service Components offered by ACT not currently installed at HTO.

ACT will maintain core development of application fixes and enhancements to the ACT System Source Code.

Reports used across clients developed within the ACT System will remain the responsibility of ACT.

HTO will develop and maintain user requested reports using an ad hoc reporting tool provided and licensed by ACT. ACT will be available to aid in this effort as needed. However, joint HTO and ACT report development using an ad hoc reporting tool will be mutually agreed upon in advance by both parties.

ACT System Object Fix(es) will follow the procedures outlined in Schedule C

7.6. System Configuration Management

ACT shall maintain distribution rules, rates and commissions for TaxLedge as follows: HTO will deliver to ACT complete data for all changes in writing. These changes will then be inserted into the ACT System by ACT and approved by HTO before production usage.

ACT shall manage Global Code Preferences used throughout the ACT System.

HTO will maintain the HTO client Preferences code set. ACT shall support HTO in this activity as requested by HTO

ACT will provide support to aid HTO in performing business requirements analysis and assisting in the specifications documentation of Software Change Requests.

ACT shall manage on-line system change request documentation. HTO approved requested updates shall be provided to ACT in writing (See Section J). While ACT cannot guarantee incorporation of all requested changes into the ACT System, each written request will be addressed in writing within a timely manner. (See Section H for response time.)

7.7. Security Administration

ACT shall add and maintain any HTO required security roles based on specifications supplied by HTO for the ACT System.

HTO shall setup and maintain User IDs for the ACT System. HTO, or ACT upon direction from HTO, shall assign users to roles.

HTO shall assign Entitlements to users for the ACT System.

As ACT enhances front-end security functionality to allow for HTO personnel to assume more security related responsibilities, HTO shall assume these

ACT Service Level Agreement

responsibilities, with ACT training and / or assistance as needed.

7.8. Training

ACT shall provide continuing product training as requested by HTO. ACT System training will be performed via Webinar. To ensure effective training, coordination of dates and class size will be agreed upon in advance by ACT and HTO. For any training to be provided on-site, HTO will provide facilities and required equipment to support the training.

Unless otherwise agreed between the parties, third party vendor training for HTO is the responsibility of HTO.

8. Schedule B SERVICES AVAILABILITY

Schedule B provides a list of the times and periods when the ACT System will be available to HTO.

Access to the ACT System should be available at all times except when essential maintenance to hardware or software is required. If it becomes necessary to interrupt service during Normal Business Hours, ACT will attempt prior notification to HTO unless the situation is critical in nature and could cause more damage if not handled immediately. As much as possible, interruptions will be scheduled to minimize any impact on users.

8.1. System Availability

ACT commits to 99% ACT System Availability during Normal Business Hours. ACT shall also provide this level of System Availability during Peak Business Periods. Upon request, ACT shall provide monthly reports summarizing System Availability and downtime using ACT provided system utilities. ACT will notify HTO of any unscheduled outage and resolve the issue as quickly as possible.

8.2. ACT Personnel Availability

HTO will provide ACT reasonable notice when ACT support is required outside Normal Business Hours. ACT will provide support as required under these situations.

8.3. Scheduled System Downtime

Scheduled downtime will be conducted outside Normal Business Hours and Peak Business Periods.

Scheduled downtime will occur on a weekly basis on Mondays from 5:00 AM – 5:30 AM CST. This scheduled downtime is required to conduct a weekly cold backup.

Planned downtime outside the Scheduled System Downtime may be necessary. ACT shall provide two (2) days advance written notice to HTO, unless the maintenance is deemed critical to system stability.

If HTO requires System Availability during ACT Scheduled System Downtime, HTO shall provide ACT with advance written notice. ACT shall strive to fulfill these requests.

8.4. Unplanned System Downtime

Upon identification or notification by HTO of an unscheduled event that reduces System Availability, ACT shall begin problem source identification and troubleshooting the problem within a 15-minute timeframe. ACT shall use all means at its disposal to keep HTO updated as to the status of the problem and the estimated time of the return of System Availability.

8.5. Back-Up Procedures

Backup procedures are performed as defined in Schedule I.

8.6. Disaster Recovery / Hardware Failure

Physical Redundancy: HTO's Primary System is replicated at the ACT Disaster Recovery Site (Standby System).

Power Redundancy: HTO is responsible for providing power to the HTO facilities and all equipment housed within it. The ACT Primary System is housed in a facility in San Antonio, Texas. This facility is equipped with a stand-by generator with sufficient capacity to continue to operate in the event of a power grid outage.

A fail-over to the Standby System will be initiated and managed by ACT. ACT will work to re-route HTO to the Standby System. HTO will provide technical assistance as needed.

Once the defect is cured on the Primary System, ACT will have 5 business days to restore Services on the Primary System by reloading its data from the Standby System.

8.7. Disaster Types

Level 1 Disasters are defined as having low data impact, possibly high operations impact, but no continuity issues. These disasters do not put data that is on the database at risk. Level 1 disasters include:

Failure of the Router: ACT will troubleshoot and if it is determined that a new router is necessary, one of ACT's backup routers will be dispatched with an appropriately trained technician to install the new equipment.

Level 2 Disasters are defined as having medium to high data impact, possibly high operations impact, and potential continuity issues. ACT will focus to

minimize data loss. Level 2 disasters include:

Failure of the main HTO Primary System: Should a failure of the Primary System occur, the un-posted Data Guard logs would be posted to the Standby System that would become the Primary System. HTO would begin to receive Services from the Standby System.

Failure of an application server: There are multiple application server instances that facilitate HTO access to the Primary System. If one instance fails, the user would be required to restart the application which would redirect the user to the other application server instance.

Level 3 Disasters are defined as having high data impact, high operations impact and business continuity issues. Level 3 Disasters include: Major damage/loss of building and infrastructure, chemical or biological incident that makes the building inhospitable to employees, and a meteorological event that makes access to the building impossible for employees.

Whenever HTO cannot obtain Services from the Primary System and ACT determines that continued attempts to cure the cause of the Service interruption is not timely, ACT will utilize the Standby System to continue Services to HTO.

9. SCHEDULE C CHANGE CONTROL PROCEDURES

Schedule C provides information on the change control procedures to be followed for Software Problem or HTO requested changes to the ACT System.

9.1. Software Design Change Requests

HTO Software Change Requests shall be delivered to ACT in writing for consideration. (See Section J)

HTO shall provide a written specification identifying details of the requested change and reason for the change. HTO shall make key personnel available to discuss the requested change.

ACT shall evaluate the Software Change Request and perform a cost benefit impact analysis considering the HTO requirements as well as the impact on other ACT clients. ACT may share Software Change Request information with other clients.

If impact analysis yields a potential conflict with other clients, ACT will work with HTO (and all clients) to resolve in a mutually beneficial manner.

After HTO and ACT approve a Software Change Request, a target availability date will be scheduled that is agreed upon by parties and takes into consideration development and internal test timeframes.

ACT Service Level Agreement

After ACT develops and internally tests an Object Fix as necessary to meet the objectives of the Software Change Request, ACT will migrate the Object Fix(es) to the Test System on a weekly basis, unless a HTO emergency requires sooner action. In this environment, HTO will have the opportunity to test the Object Fix.

If an Object Fix involves a HTO specific object, for example, a tax statement, testing is limited to HTO.

HTO has the right to test any Object Fix and provide written test results to ACT in three (3) business days.

If HTO identifies a Software Problem, ACT will remediate the Object Fix and re-test before re-migrating it to the Test System.

If Software Change Request functionality or Software Problem(s) are identified during testing that were not in the original request scope, a new Software Change Request will be required and a new schedule of development will need to be discussed and agreed upon.

Once HTO verifies that the Software Change Request performs as expected, including successful execution of relevant transactions in the Test System to ensure no corruption of non-related functions, ACT shall migrate the Object Fix to the Primary System.

HTO will have the option to test all Object Fix(es) before migration to the Primary System.

ACT will not be obligated to approve any change request that ACT reasonably believes (i) does not conform to generally accepted industry standards or best practices, (ii) could adversely impact or materially degrade the performance of the ACT System, (iii) could adversely impact ACT's ability to meet its service level commitments or other obligations under this agreement, or (iv) could adversely impact other clients that use the ACT System. If ACT declines to approve a change request for any of these reasons, it will work with HTO in an effort to revise the change request in a mutually acceptable manner.

The ACT System warranty shall extend to all additions and modifications to the ACT System by ACT unless the modification has been requested by HTO and ACT has advised against the modification because of associated risks in so doing.

9.2 Software Problems

HTO shall provide ACT detailed information when reporting a Software Problem. Examples of relevant information include the date and time the problem

occurred, a detailed description of the issue in terms of impact on business processing, the process that was being performed within the ACT System when the error occurred, system error message received and the user ID operating the system. This information will be captured using the PRC form or a document template of similar nature which must be approved by HTO. (See Schedule J.)

Software Problems will be assigned a priority and resolved within the timeframe outlined in Schedule H.

Once ACT develops and internally tests the Object Fix for a Software Problem, ACT will migrate the Object Fix to the Test System. This migration will occur weekly on Monday nights outside Normal Business Hours.

Within three (3) days of the migration, HTO shall verify that the Object Fix is operating as needed. Unless a written notice of exception is received from HTO, ACT shall migrate the Object Fix to the Primary System on Thursday nights after Normal Business Hours, following HTO's three day review period.

If continued Software Problem(s) are identified with a particular Object Fix, ACT will correct and re-test before migrating the Object Fix back to the Primary System.

If a Software Change Request or Object Fix is rejected by HTO, the application code will be placed on hold or removed from the Test System and not migrated further to the Primary System. A PRC will be initiated on behalf of HTO in ACT's PRC system to track an Object Fix that will meet HTO needs and minimize code deviations across HTO and other client environments.

9.3. HTO Testing Timeframe

Time is of the essence in resolving Software Problems. HTO will test an Object Fix in the Test System according to the HTO test plan in accordance to the timeframes listed below:

Software Problem: three (3) working business days (generally Tuesday through Thursday).

Software Change Request: three (3) working business days, unless otherwise agreed upon by HTO and ACT (generally Tuesday through Thursday).

ACT shall migrate Object Fix or Data Fix to the Primary System unless a written exception is received from HTO.

ACT shall migrate Object Fix(es) to the Test System weekly. Exceptions to this practice would occur if a HTO generated high priority Object Fix is ready for HTO review.

ACT shall migrate Object Fix(es) weekly on Monday nights, as needed. HTO shall be provided three (3) days to test, i.e. Tuesday through end-of-day Thursday. HTO shall notify ACT in writing of a defect in any PRC by 4 PM Thursday. Unless HTO has notified ACT of a defect, ACT shall migrate these

Object Fix(es) into the Primary System, also on a weekly basis, on Thursdays after Normal Business Hours.

10. SCHEDULE D SERVICE MONITORING AND PERFORMANCE MEASUREMENT

Schedule D provides detailed information on the monitoring of Services delivered to HTO and the Metrics and other means to be applied to measure the performance of the Services delivered.

10.1. Performance Monitoring

ACT shall have tools in place to be used to analyze performance issues.

HTO users who experience ACT System performance issues shall report such issues to HTO and ACT. ACT shall investigate reported performance issues. If the problem is identified as an ACT issue, performance tuning results and targets will be reviewed and approved and Object Fix(es) made as necessary.

If, after ACT investigation, ACT believes the underlying cause of the issue originates with HTO, the issue shall be turned over to HTO for further review or jointly reviewed by ACT and HTO.

Parties will review any non-compliance with performance expectations.

10.2. Software Problems

ACT commits to deliver within the specified timeframes. Schedule H outlines the delivery timeframe for Software Problem resolution. Processes covered under each Problem Priority level are outlined in Schedule H.

HTO will provide appropriate and timely turnaround to support ACT problem resolution efforts and timeframes listed in Schedule H.

10.3. Software Enhancements

ACT commits to deliver within the negotiated target dates associated with Software Change Requests.

10.4. Hardware Failure

Timeframes for recovery in the event of hardware failures are specified in Schedule B.

10.5. Remote Access to System

ACT cannot guarantee performance or response times on network links for which ACT has no control. As such, ACT does not guarantee response time

ACT Service Level Agreement

performance Metrics for remote users, i.e. those defined as users accessing the System outside the HTO network. (HTO Branches are considered inside the HTO network.)

11. SCHEDULE E SERVICE LEVEL REPORTING

Schedule E provides information on the service level reporting provided by ACT.

11.1 Reporting

Within five (5) days of the receipt of a request from HTO, ACT shall provide HTO a summary listing of all open work orders (PRCs) including Software Problems, Software Change Requests and performance or hardware issues.

The report shall identify:

1. PRC identification number
2. PRC reported date
3. Original and current problem target completion date
4. Problem description
5. Current PRC status
6. Completion date

11.2. PRC System

ACT and HTO shall use ACT'S PRC system to manage and report Software Problems, Software Change Requests and Data Fix(es). PRC reports shall be updated and enhanced periodically by agreement of the parties.

11.3. Other Reports

ACT and HTO shall agree to other reporting requirements as needed.

12. SCHEDULE F SUPPORT & HELP DESK SERVICES

Schedule F provides information on the Support & Help Desk Services available from ACT. HTO shall have completed the HTO annual authorized personnel form which lists those individuals from HTO who are authorized to communicate work request to ACT.

12.1. Help Desk Operation

ACT Service Level Agreement

ACT will staff a help desk with knowledgeable Tax System personnel and be available for assisting HTO from 7:00 AM through 6:30 PM CST Monday through Thursday and 7:00 AM through 6:00 PM CST Fridays, excepting holidays.

12.2. Problem Reporting

HTO shall communicate ACT System issues pursuant to internal HTO procedures. At the option of HTO, these issues will be presented to ACT via the ACT supplied Problem Report and Correction Form (see schedule J) or through the use of an internally developed HTO document that supplies the same information. The form will contain the problem description, who reported the issue and contact information, resolution priority, requested target date and backup documentation. ACT will review the form for completeness and assess the target date for feasibility. Once this process is complete, the unit of work will be assigned a PRC identification number, discussed in ACT's daily operational meeting, and sourced to an ACT resource for further review.

If a Data Fix is requested, HTO shall submit a work order to ACT with a proactive request for the Data Fix or if this is not the case, and a Data Fix is deemed necessary, ACT must have written approval from HTO before a Data Fix will be made to the Primary System.

For smaller (fewer than 10 minutes), non-critical type requests, such as cancelling a scheduled production job, HTO may submit an oral request to ACT. This type of request does not require backup documentation, a work order, or a PRC.

Critical priority items (i.e. AAA as defined in Section H) that affect System Availability or cause processing delays shall be directly communicated (verbally) by HTO to ACT. A PRC will be generated by ACT to track the issue.

12.3. Service Delivery

ACT can be available outside Normal Business Hours to perform emergency production support services. Contact information for ACT will be provided to HTO.

13. SCHEDULE G PROBLEM ESCALATION

Schedule G provides information on the Problem Escalation procedure to be applied to the Services.

13.1. Notification

ACT shall be notified of all Software Problems, no matter the level of priority via submission of a problem report (see schedule J).

13.2. Status Reporting and Escalation

ACT shall contact HTO on a regular basis (at minimum every four (4) hours) during periods when System Availability is reduced to provide information related to the actions being taken to resolve the issue as timely as possible. In the event that an incident is not being resolved within the agreed timeframes, escalation procedures are outlined below.

ACT's Problem Escalation process assigns timeframes to contact varying management levels within ACT based on the severity of the problem and the amount of time the issue remains unresolved.

The Position levels 2, 3 and 4 configuration of timeframes outlined below shall apply when ACT exceeds the expected delivery timeframe (See Schedule H).

Resolution timeframes below are measured in hours and business days.

Problem Level	Position 1 (ACT Support / Help Desk)	Position 2 (Client Manager)	Position 3 (ACT Director)	Position 4 (Chief Executive Officer)
Priority AAA	15 minutes	1 hour	4 hours	1 day
Priority AA	1 hour	2 days	3 days	4 days
Priority A	4 hours	5 days	10 days	20 days
Priority B / Enhancements	8 hours	5 days	15 days	30 days

For example, ACT shall resolve a AAA (commonly known as "triple A") development/hardware issue within 15 minutes of the occurrence or missed deadline. If the item remains unresolved, the Client Manager shall be contacted. If, after one additional hour, the item remains unresolved or open, the Director of ACT shall be contacted and they must resolve the issue within four (4) hours. If the item still remains open, ACT's Chief Executive Officer shall be contacted for final resolution within one day.

14. SCHEDULE H PROBLEM PRIORITY RESOLUTION MATRIX

Schedule H provides information on the Problem Description and Issue Resolution to be applied to the Services.

ACT Service Level Agreement

Resolution timeframes below are measured in hours and business days unless otherwise noted.

Priority	Resolution Timeframe (or as noted above)	Business Process Scope / Impact	Resolution Timeframe Calculation
Priority AAA Critical -- Hardware	48 hours	a) Hardware/database/NetApp failure. -A work-around does not exist. -Process delays are not acceptable.	Start Time: Within 15 minutes of notification to ACT on-site Support/Help Desk. End Time: Introduction of fix to the production environment
Priority AAA Critical - Software	72 hours	a) Posting of payments. b) Generating receipts. c) Generation of bills. d) Disbursement of funds. -A work-around does not exist. -Process delays are not acceptable.	Start Time: Within 1 hour of notification to ACT on-site Support/Help Desk. End Time: Introduction of fix to the test bed environment.
Priority AA High	10 days	a) Generation of refunds. b) Processing of CAD data c) Posting of transfers & returned items. d) Monthly closeout -A work-around may be available, but it is time intensive, or no work-around exists. -Process delays likely.	Start Time: Within 3 days of notification to ACT on-site Support/Help Desk. End Time: Introduction of problem to the test bed environment.
Priority A Medium	30 days	a) Cosmetic change to external reports or documents. b) Other items not listed above will be jointly defined by the HTO and ACT. -A feasible work-around is available to be performed on a limited basis -Minimal process delays when work-arounds are in place.	Start Time: Case by case basis - dependent on complexity of issue End Time: Introduction of problem to the test bed environment.

15. SCHEDULE I SYSTEM BACKUP

All data shall be kept on the Primary System and shall be available on-line. When backup copies are made, they serve as a snapshot of the entire database. Each additional backup contains the previous history in addition to any changes to data since the prior backup. This procedure is in compliance with the State Comptroller's "Retention Section For Records Common to All Local Governments", Part 5: Electronic Data Processing Records. Should the Comptroller's requirements change, record retention schedule will be modified to remain in compliance with the State Comptroller's guidelines.
