Jonathan Almanza notified that the main courthouse parking lot square will be closed starting September 4, 2018. According to Almanza, a portion of Closner Blvd. in front of courthouse will be permanently closed resulting in a loss of approximately 300 parking spaces. On the grounds that parking spaces will be lost, drone footage was taken in early February 2018 and a parking study was provided by Jacobs Engineering. According to the data collected, courthouse and courthouse annex parking lots had a minimum of 300 spaces available in the surrounding areas at any given time with approximately 1,085 available total spaces. Further, the numbers indicate that peak usage is during the first Tuesday of the month at 8:30 a.m. with about 340 parking spots still accessible in the surrounding lots. As per Almanza, the conclusion is that current county owned properties can temporary compensate for permanent loss of main courthouse lot during the construction of the new courthouse.
