

THE STATE OF TEXAS §
 §
COUNTY OF HIDALGO §

PROFESSIONAL SERVICES AGREEMENT
C-21-393-04-06

THIS AGREEMENT is made and entered the 6th day of April, 2021 by and between **HIDALGO COUNTY, TEXAS**, (“County”) and **Terracon Consultants, Inc.**, of Pharr, a Delaware Corporation Company (“Engineer”).

WITNESSETH:

WHEREAS, the County is in need of On-Call Geo-Technical and Construction Material Testing Services (the “Services”) for projects within **Hidalgo County Precinct No. 2;**

WHEREAS, the County has determined that the services of a professional engineering company are necessary to carry out the required Services;

WHEREAS, pursuant to Texas Government Code Chapter 2254 (the “Texas Professional Services Procurement Act”), the County requested Statements of Qualifications from professional engineering firms to assist the County by providing the Services;

WHEREAS, the County solicited Requests for Qualifications (RFQ) for the development and establishment of a yearly pool for “Professional Engineering Services for Geo-Technical & Construction Material Testing Services”; and

WHEREAS, the Engineer was pre-qualified from the County’s pool of Professional Engineers and has been selected from the pool to provide On-Call Geo-Technical & Construction Material Testing Services on an as needed basis for Hidalgo County Precinct No.2 (“County”), in accordance with the terms and provisions of **Exhibit “A”** Requirements/Request for Qualifications, attached hereto and incorporated by reference herein; and

WHEREAS, in continuation of the procurement process and in response to the County’s request to negotiate for a fair and reasonable price pursuant to Chapter 2254 Texas Government Code, the

Engineer has provided a fee schedule (“Engineer Contract Rates”), which is attached hereto and made part of this Agreement as **Exhibit “B”**; and

WHEREAS, on a project to project basis, County shall determine when the services of an Engineer for Geo-Technical & Construction Material Testing Services is required and shall provide project specifications (the “Specifications”) to Engineer for review and response.

NOW THEREFORE, in consideration of the mutual covenants and agreements herein contained, County and Engineer do mutually agree as follows:

1. County and Engineer hereby agree that this Agreement is entered into in order to provide the Services for Hidalgo County Precinct #2.

2. The County will furnish Specifications as needed and on a per project basis to Engineer for the development of project(s) and fulfillment of this Agreement. Engineer agrees to review the project as presented by County (on a per-project basis) and submit to County within fourteen (14) days of receipt of the Specifications, a proposal and work authorization. The proposal shall include, but not be limited to, the following: (1) fee structure for the project; (2) services included in the basic fee; (3) amount of, or basis for, compensation for additional services (including additional services that may arise during the course of the project and cost of Engineer’s consultants); and (4) cost for reimbursable expenses (collectively the “Engineering Services for Geo-Technical & Construction Material Testing Services per Project Proposal”);

3. The County may enter into negotiations with the Engineer regarding the Engineering Services for Geo-Technical & Construction Material Testing Services Per-Project Proposal and should the parties reach an agreement, then Engineer will submit a “Work Authorization” to County for approval and execution. The Work Authorization will detail the Engineer’s duties and responsibilities with respect to each specific project. Project Specific Services to be provided by the engineer are detailed in the attached **Exhibit “C”**. However, if the parties are unsuccessful at coming to terms for any specific project, then the County may seek the services of other engineers.

4. Engineer agrees in performing the Services that it will use proper professional standards, comply with any and all appropriate laws and regulations in providing the Services, and devote such time as is necessary to safely and efficiently provide the Services.

5. **Non-Exclusive Services of Engineer.** Hidalgo County reserves the right to request these services from other sources other than the Engineer and shall not be in violation of any terms or conditions of this Agreement.

6. **Term.** This Agreement is for a period of **one (1) year**, effective April 6, 2021 and will terminate April 5, 2022 or unless sooner terminated as provided herein. The Engineer will not begin to work or incur costs until authorized in writing by the County with each Project Specific “Work Authorization” as more particularly described in **Exhibit “D.”**

7. **Compensation and Work Authorizations.** The maximum amount payable under this Agreement shall not exceed the amount for each “Work Authorization”, an example of which is attached hereto and incorporated by reference as **Exhibit “D”**, unless an amendment is executed as provided hereinafter. The Engineer shall submit periodic requests for payment within (30) thirty days after completion of each Work Authorization. The request for payment shall be made using forms acceptable to the County and shall show the total amount earned to the date of submission and the amount due and payable as of the date of the current billing. Upon receipt of said request for payment, County shall submit a requisition for payment for said Services in the customary manner provided for payments utilized by Hidalgo County, Texas. Engineer agrees to separately account for the receipt and/or expenditure of funds received pursuant to this Agreement and to keep accurate books and records of all such receipts and/or expenditures. All payments to Engineer shall be mailed to the address shown in numbered paragraph 29. Titled “Notices” herein.

8. **Inspection of Work.** The County has the right at all reasonable times to inspect or otherwise evaluate the work performed hereunder and the premises in which it is being performed. If any inspection or evaluation is made on the premises of the Engineer, or of a subcontractor, the Engineer shall provide and require its subcontractor to provide all reasonable facilities and assistance for the

safety and convenience of the inspectors in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay their work.

9. Amendments. If it becomes necessary at any time during this Agreement to change the scope of services, the Agreement period, the maximum amount payable, the complexity, or the character of this Agreement, an amendment shall be executed by use of a (Supplemental Agreement Form) more particularly described in **Exhibit "E"** which is attached to this Agreement. The County retains the right to reject any such amendment proposed by the Engineer. Any such amendments shall be made in writing, agreed to by all parties hereto, and duly executed before the end of the Agreement as specified. If the County finds it necessary to require changes in completed work because of errors made by the Engineer, the County shall require the Engineer to correct the work at no cost to the County and without amendment to the Agreement. If the changes are made at the request of the County and are not due to errors of the Engineer, the County will reimburse the Engineer for the additional work at the same rate of pay established in **Exhibit "B"** "Engineer Contract Rates." If payment for the additional work will cause the maximum amount payable under this Agreement to be exhausted, an amendment shall be proposed in accordance with all State procurement laws.

10. Reporting. The Engineer shall promptly advise the County in writing of events which have a significant impact upon the Agreement, including:

- a. Problems, delays, or adverse conditions which will materially affect the ability to meet time schedules and goals, or preclude the attainment of project work units by established time periods. This disclosure shall be accompanied by a statement of the action taken, or contemplated and any County or, if Federal Funds are involved, Federal assistance needed to resolve the situation.
- b. Favorable developments or events which enable meeting time schedules and goals to be met sooner than anticipated or which are producing more work units than originally projected.

11. Ownership of Documents. Upon completion or termination of this Agreement, all documents prepared by the Engineer or furnished to the Engineer by the County shall be delivered to and become the property of the County. All sketches, photographs, calculations, and other data prepared under this Agreement shall be made available, upon request, to the County without restriction or limitation on their further use. The Engineer shall not be liable for the reuse or modification of its work product. The Engineer may, at its own expense, have copies made of the documents or any other data furnished to the County under this Agreement.

12. Suspension of Work. Should County desire to suspend the work under this Agreement, but not terminate this Agreement, the County shall provide thirty (30) calendar days verbal notification to Engineer, followed by written confirmation from the County to Engineer to that effect. The thirty-day notice may be waived as agreed in writing by both the County and Engineer to that effect. The work under this Agreement may be reinstated and resumed in full force and effect within sixty (60) days of receipt of written notice from the County to the Engineer. The sixty-day notice may be waived as agreed in writing by both the County and Engineer. If the County suspends the work, the Termination Date as identified above is not affected and this Agreement will terminate on the date specified.

13. Progress and Coordination. The Engineer shall, from time to time during the progress of the work, confer with the County. The Engineer shall prepare and present such information as may be pertinent and necessary, or as may be requested by the County, in order to evaluate features of the Engineer's services and work.

At the request of the County or the Engineer, conferences shall be provided at the Engineer's office, the offices of the County, or at other locations designated by the County. These conferences shall also include evaluation of the Engineer's services and work when requested by the County.

All applicable study reports shall be submitted in preliminary form for approval by the County before the final report is issued. The County's comments regarding the Engineer's preliminary report will be addressed by the Engineer in the final report.

If funds by other agencies or entities are to be used for the development of any project awarded under this Agreement, the Engineer's Services and work will be subject to periodic review and approval by other agencies or entities, including those of the city, county, state and/or federal agencies.

Should it be determined that the progress in the production of the Engineer's Services and work does not satisfy the requirements of the approved Work Authorization as provided by **Exhibit "D"**, attached hereto, the County shall review the approved Work Authorization with the Engineer to determine the corrective action needed by either the County or the Engineer.

The Engineer shall promptly advise the County in writing of events which have a significant impact upon the progress of the Engineer's Services and work and the approved Work Schedule, including:

- a. problems, delays, adverse conditions which will materially affect the ability to attain Agreement objectives, prevent the meeting of time schedules and goals, or preclude the timely completion and submittal of Project deliverables by the Engineer within established time periods; this disclosure will be accompanied by a statement by the Engineer of recommended or immediate action taken, or contemplated, and any Owner or other agency or entity assistance needed to resolve the situation: and
- b. favorable developments or events which enable meeting the Work Schedule goals sooner than anticipated.

14. Independent Contractor. Engineer must comply with all applicable Hidalgo County policies and with any applicable federal, state or local laws, regulations, orders or ordinances applicable to the Services provided by Engineer under this Agreement. Notwithstanding the foregoing sentence, Engineer represents and maintains that it is an Independent Contractor and is not an employee of Hidalgo County, Texas or any agency thereof, and represents and warrants that it does not desire or request any fringe benefits provided to employees of Hidalgo County, Texas, and/or any agency thereof,

including, but not limited to benefits associated with Hidalgo County's civil service program. Engineer agrees to be responsible for any federal income tax, withholding or social security tax liability that might arise from payments received hereunder.

15. Subcontracting and Assignment. The Engineer shall not assign subconsultant or transfer the Engineer's interest in this Agreement without the prior written consent of the County. The Engineer shall bind every subconsultant by written contract to observe all the terms of this Agreement to the extent that they may be applicable to each subconsultant. No subcontractor relieves the Engineer of any responsibilities under this Agreement.

16. Voluntary Termination. County may terminate this Agreement at any time for any reason or no reason at all upon giving thirty (30) days prior written notice to the Engineer.

17. Insurance. Consistent with its status as an independent contractor and at its sole expense, Engineer agrees that throughout the duration of the work under this contract and any extension hereof, it shall provide and maintain in full force and effect any and all insurances which may be necessary in providing Services or are otherwise required by law, and shall require of all its' sub-consultants connected with providing services under this contract to provide insurance in full force and effect as well. Insurance policies shall cover, but are not limited to, Engineer's activities and all persons, vehicles, equipment, and property connected with providing Services, including but not limited to professional liability insurance covering Engineer's activities in providing the services to County. Coverage shall be in the amounts specified by the County in the Request for Qualifications ("RFQ") or as prescribed by law, but in no event shall any amount be less than the minimum amounts prescribed by the Texas Tort Claims Act, §100.001, et seq., Texas Civil Practices and Remedies Code. Engineer shall furnish to County certificate(s) of insurance and all renewals throughout the duration of any assigned Project on an Accord form, issued by the insurer that such insurance is in full force and effect. **See attached Exhibit "F" Insurance Information.**

18. As a condition of this Agreement, Engineer shall hold and maintain throughout the term of this Agreement all licenses and permits required, or which may be required by any authority during the term hereof to

provide the Services for a particular project. If such license or permit is suspended or revoked, this Agreement shall automatically be terminated and Engineer shall immediately notify the County.

19. All trucks or vehicles operated by the Engineer to perform the Services shall contain all equipment required by any authority to operate on streets and roads and all persons in the employ of Engineer who operate such trucks or vehicles shall have the required licenses, qualifications, skill and expertise to perform such Services and shall comply with all laws, rules and regulations prescribed by any agency or authority having jurisdiction with regard to the operation of such trucks or vehicles in providing the Services.

20. Payment of Franchise Tax. The Engineer hereby certifies that the Engineer is not delinquent in Texas franchise tax payments, or that the Engineer is exempt from, or not subject to, such tax. A false statement concerning corporation's franchise tax status shall constitute grounds for termination of the Agreement at the sole option of the County.

21. No Assignment. Except as otherwise herein provided, Engineer may not assign the obligations or rights under this Agreement to any person without the prior written consent of County.

22. Conflict. Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of this Agreement and any present or future law, ordinance or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to Agreement, the latter shall prevail, but in such event the affected provision or provisions of this Agreement shall be modified only to the extent necessary to bring them the legal requirements and only during the time such conflict exists.

23. Termination by County. If Engineer fails to deliver quality Services, fails to achieve the defined goals, outcomes, strategies and outputs required by County, or if Engineer fails to comply with any conditions in this Agreement, then County shall have the right to terminate this Agreement upon the giving of ten (10) days prior written notice to Engineer.

24. No Waiver. No waiver by County of any breach of any provision of this Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

25. Entire Agreement. This Agreement contains the entire agreement between the parties hereto, and each party acknowledges that neither has made (either directly or through any agent or representative) any representations or agreements in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by County and Engineer, and not otherwise.

26. Venue. This Agreement shall be construed under and in accordance with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Hidalgo County, Texas. The parties hereby consent to personal jurisdiction in Hidalgo County, Texas.

27. INDEMNIFICATION. Engineer shall indemnify and hold harmless County, its elected officials, employees and agents from any and all claims, damages, losses, and expenses including reasonable attorney's fees for the defense of any action against County to the extent arising out of, resulting from, or connected with the negligent provision of the Services by Engineer under this Contract. Said indemnity shall cover any intentional misconduct, negligent act, or failure to act by the Engineer, its agents or employees. This indemnification clause shall survive this Agreement and be enforceable as a separate agreement in the event its survival and enforcement becomes necessary.

28. Attorney's Fees. In the unlikely event that a dispute occurs which is litigated, or a cause of action in law or equity is filed concerning the operation, construction, interpretation, or enforcement of this Agreement, the losing party shall bear the cost of the reasonable attorney's fees incurred by the prevailing party and any and all costs applicable thereto, including, but not limited to, court costs, deposition fees, expert witness fees, out-of-pocket expenses and travel expenses which are incurred by the prevailing party.

29. Notices. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communications required or permitted hereunder shall be in writing and shall

either be (i) personally delivered against a written receipt, or (ii) sent by a registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: County Judge
100 E. Cano, 2nd Floor
Edinburg, Texas 78539

If to Engineer: Terracon Consultants, Inc.
Attention: Jorge A. Flores, P.G./Principal/Office Manager
1506 Mid Cities Drive
Pharr, Texas 78577

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addresses or, if mailed at such time as it is deposited in the United States mail.

30. Executions of Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

31. Binding Agreement. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

32. Gender. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neutral gender, and the singular shall include the plural whenever and as often as may be appropriate.

33. Authority. The execution and performance of this Agreement by County and Engineer have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of County and Engineer in accordance with its terms.

34. Professional Seal. All documents and data furnished by the Engineer to the County shall bear Professional seal of a licensed Engineer employed by the Engineer.

35. Commitment of Current Revenues Only. In the event that, during any term hereof, the Commissioners Court does not appropriate sufficient funds to meet the obligations of County under this Agreement, County may terminate this Agreement upon thirty (30) days written notice to Engineer. County agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of County. **Agreements for the acquisition, including the lease of real or personal property under Tex.Loc.Govt.Code §271.903:** In the event that during any term hereof the Commissioner's Court does not appropriate sufficient funds to meet the obligations of County under this agreement, County may terminate the Agreement upon thirty (30) days written notice to Engineer. County agrees, however, to use a best efforts attempt to obtain and appropriate funds for payment of the Agreement. The parties intend this provision, if applicable, to be a continuing right to terminate this Agreement at the expiration of each budget period of County in accordance with Tex. Loc. Govt. Code §271.903 (Vernon Supp. 1966).

36. IMMUNITIES. Nothing in this Agreement intended to and County does not hereby waive, release or relinquish any right to assert any of the defenses County enjoys by virtue of the state or federal constitution, laws, rules or regulations, and any sovereign, official or qualified immunity available to County as to any claim or action of any person, entity, or individual against County.

37. Nondiscrimination: Engineer, including subcontractors, assignees and successors in interest, ensures that no person shall on the grounds of race, religion, color, national origin, sex, age, or disability, or any other protected class under law, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation in any federally or non- federally funded program or activity when providing any services described herein under this Contract. Applicable nondiscrimination statements and provisions of Title VI of the Civil Rights Act of 1964, as amended, were provided as part of the initial procurement packet and are incorporated herein and made part of this agreement for all purposes.

38. Required Contract Provision for Contracts Subject to Federal Award (if applicable): Pursuant to 2 CFR 200.236, a non-federal entity's contracts must contain the applicable provisions described in appendix II to 2 CFR 200-Contract Provisions for non-Federal Entity Contracts under Federal Awards.

Additionally, County contracts under Federal award which are subject to assistance from the Federal Emergency Management Agency (FEMA) are also required to contain additional contract clauses. The applicable required contract clauses were provided as part of the initial procurement packet and are incorporated herein and made part of this agreement for all purposes.

Manager.....	\$160.00
In-House Consultant, Principal Engineer.....	\$175.00

Overtime rates of 1.5 times the standard hourly rate will be applicable for all hours worked before 7:00 am, after 5:00 pm, or over eight (8) hours per day, Monday through Friday. For all hours worked on Saturdays, Sundays, and holidays there will be a three (3) hour minimum charge.

Special Services

1. Work on field with potentially hazardous materials: Quote will be provided.
2. Containerizing waster or cuttings: Quote will be provided.
3. Removal of containerized waste or cuttings: Quote will be provided.
4. Create access to inaccessible sites: Quote will be provided.
5. Document Copies: Quote will be provided.
6. Expert Witness: Quote will be provided.
7. Miscellaneous not included in Schedule of Fees: Quote will be provided.

General Information

Expenses incurred in connection with the project will be invoiced at cost plus 15 percent. These expenses may include the following:

- Services directly applicable to the work, such as special legal and accounting expenses, special consultants, subcontractor services, and similar costs that are not applicable to general operating expenses.
- Identifiable communication expenses, such as long-distance telephone, facsimile, telegraphy, cable, express delivery charges, postage, and similar costs that are not applicable to general correspondence and/or operating expenses.
- Identifiable processing and reproduction costs applicable to the project, such as developing, blueprinting, photocopying, printing, and similar costs that are not applicable to general operating expenses.

Geotechnical Field Services

Drilling and Sampling Operations

Soil Borings, 3 in. thin-wall tube sample or
2 inch split barrel sampler, sample at
5-foot intervals (continuous 0-10 ft.)

.0 to 50 ft., per linear foot	\$10.50
.51 to 100 ft., per linear foot.....	\$12.00
Over 100 ft.	On request
Casing installation/removal, per linear foot.....	\$9.00
Wash or auger boring, per linear foot	\$10.50
Rock coring, soft formation, per linear foot	\$26.50
Rock coring, hard formation, per linear foot*	\$32.00

Core bit wear per linear foot

Soft formation.....	\$1.00
Hard formation*	\$3.00
Inaccessible borings requiring all-terrain drilling vehicles, additional charge, per linear foot.....	\$4.00
Special sampling techniques (piston samples, etc.)	On Request

Standpipe/Observation well installation

(excludes material), per hour.....	\$180.00
Hourly Drilling Rate, 3-man crew, per hour.....	\$225.00
Rig Standby, per hour	\$225.00
Damaged tube samplers, each.....	\$35.00
Grouting of Test Borings (Maximum 6" nominal dia. hole, excludes materials), per hour....	\$180.00

* For very hard rock formations such as granite, or unusual conditions such as karstic limestone, prices will be quoted upon request.

Mobilization, Travel Expenses and Site Access

Mobilization, Drill Crew.....	\$300.00
Mobilization, all-terrain vehicle	\$600.00
Drayage, permits for equipment	Cost+15%
Rental of special equipment for site access, etc.....	Cost+15%

Resistivity Surveys

Graduate Geologist/Engineer	\$85.00
Project Geologist/Engineer, per hour.....	\$95.00
Resistivity Equipment, per day	\$225.00
Other Sampling Techniques & Services not Shown	On request

Notes

Right of entry to exploration sites must be provided by the client unless other arrangements are made in advance. Site restoration, as required by the client and due to no fault of Terracon will be billed at cost plus 15 percent.

Geotechnical Laboratory Testing Services

(The price for tests in this section are based on a per sample or per test basis.)

Strength and Volume Change Tests

Unconfined Compression Tests

Soil.....	\$50.00
Rock.....	\$55.00
Vane Shear Test	\$35.00
Pocket Penetrometer.....	\$7.00

Triaxial Tests

Unconsolidated-Undrained	\$90.00
Consolidated-Undrained w/Pore Pressure Measurements (per stage)	\$250.00
Consolidated-Undrained Cyclic Loading.....	\$450.00
Consolidated-Drained (Sands and Silts).....	\$450.00

Direct Shear Tests

Unconsolidated-Undrained	\$150.00
Consolidated-Undrained (per stage).....	\$250.00
Consolidated-Drained (per stage).....	\$325.00
Consolidated-Drained, Residual Strength (per stage).....	\$450.00

Swell-Pressure Tests

Single load	\$165.00
Multiple load increments.....	\$225.00
Consolidation Tests, max 7 loadings	\$500.00
Additional load increments	\$65.00

Classification Tests

Liquid and Plastic Limits

Single Point Test	\$75.00
Three-Point Test	\$95.00

Particle Size Analysis

Sieve Analysis through No. 200 Sieve.....	\$100.00
Percent Finer than No. 200 Sieve (Washed)	\$55.00
Hydrometer (Includes No. 200 Sieve).....	\$265.00

Other Tests and Miscellaneous Items

Water Content.....	\$9.50
Density of Undisturbed Samples Soil	\$30.00
Rock.....	\$40.00
Specific Gravity	\$45.00
Organic Content.....	\$40.00

Permeability

Flexible wall test-triaxial cell	\$350.00
Falling Head.....	\$125.00

Moisture-Density Relationship, Standard or Modified

Soil (4" and 6" Mold).....	\$225.00
Soil with Gravel, Base Materials (6" Mold).....	\$275.00
Soil, Base Material with Chemical Admixtures (6" Mold).....	\$325.00
Lime modification optimum (using pH)	\$125.00
Soil-lime mixture design (using plasticity index).....	\$300.00

Laboratory CBR Tests

(Excludes Moisture-Density Relationship)	\$500.00
Shipment of Samples to Laboratory	Cost + 15%

Notes:

- All tests not listed can be performed at either a quoted price or on an hourly basis.

- Rush test assignments requiring unscheduled overtime in the laboratory are subject to a 50 percent surcharge for a 3-day turn-around.

- Technician time for sample preparation will be \$50.00 per hour in addition to test charges. Special data presentation such as plotting stress-strain curves will be charged at the hourly rate of \$65.00 in addition to the test charges.

- Photograph of sample is \$8.00 for first copy, and \$4.00 for every additional photograph.

CONSTRUCTION MATERIALS ENGINEERING AND TESTING CONSULTING SERVICES

Construction Materials Testing and Inspection Field Services

Pick-up concrete test specimens or sampling materials, per hour	\$50.00
Vehicle Trip Charge (per trip), as applicable.....	\$40.00
Vehicle Mileage (per mile), as applicable	\$00.58
Field molding of concrete cylinders, slump, air content, and temperature measurements, per hour.....	\$50.00
Concrete field monitoring & molding of cylinders, slump, air content, unit weight, & temperature measurements, per hour	\$50.00
Concrete and asphalt, plant inspection, per hour.....	\$55.00
Concrete or asphalt coring, per hour	\$55.00
plus bit wear (length times diameter), per inch diameter	\$3.00
plus generator, per day	\$150.00
plus core rig and equipment, per day	\$150.00
plus patching of holes, each.....	\$44.00
 <u>Windsor probe or Swiss hammer testing</u>	
Senior engineering technician, per hour	\$60.00
Graduate engineer, per hour	\$85.00
Project engineer, per hour	\$95.00
plus Windsor probe or Swiss hammer, day.....	\$90.00
plus Windsor probe shots	Cost + 15%
In-place nuclear moisture-density testing, per hour	\$50.00
 <u>Full Time Earthwork Monitoring</u>	
Engineering technician, per hour	\$50.00
Senior engineering technician, per hour	\$60.00
plus nuclear gauge, per day	\$50.00
Field soil stabilization (lime or cement) monitoring, per hour	\$50.00
plus nuclear gauge, per day	\$35.00
Foundation installation monitoring, per hour	\$55.00
 <u>Roofing installation monitoring</u>	
Per Roofing Consultant Contract Fees	
 <u>Visual welding inspection and welder performance qualifications</u>	
Certified welding inspector, per hour	\$95.00
NDE technician, per hour	\$Cost + 15%
Reinforcing steel inspection, per hour,	\$50.00
Radiographic examination:	
NDE technician, per hour	Cost + 15%
plus equipment, per day	Cost + 15%
plus film and supplies	Cost + 15%
 <u>Ultrasonic, magnetic particle & liquid penetrant examination</u>	
NDE technician, per hour	Cost + 15%
plus equipment, per day	Cost + 15%
plus supplies.....	Cost + 15%

Construction Materials Laboratory Testing Services

Particle size analysis

Sieve analysis through 200 sieve:

Dry, each.....	\$85.00
Washed, each	\$110.00
Percent finer than 200 sieve:	
(washed, soil only), each	\$60.00
Hydrometer analysis (includes 200 sieve), each.....	\$265.00
Specific gravity and absorption (aggregate), each.....	\$80.00
Dry-rodged weight, each	\$55.00
Decantation, each	\$55.00
Organic impurities test on fine aggregate, each.....	\$55.00
Los Angeles abrasion (excludes preparation), each	\$350.00
Testing of each aggregate type for concrete mix design or verification (includes gradation, fineness modulus, absorption, specific gravity, dry-rodged weight, and decantation), each.....	\$350.00
Concrete mix verification, each	\$350.00
Additional verifications with same aggregates, each	\$125.00

Concrete mix design

Regular aggregate, each.....	\$1,100.00
Lightweight aggregate, each	\$1,250.00
Additional mixes with same aggregates, each.....	\$400.00

Compression testing of concrete cylinders

Made during field monitoring (includes reserves not tested), each	\$15.00
FOB laboratory (signed hand written report, minimum of 4 cylinders), each	\$20.00
FOB laboratory (signed typed report, minimum of 4 cylinders), each.....	\$28.00
Flexural testing of concrete beams, each	\$40.00

Moisture-density relationship, Standard or modified Proctor

Soil (4" and 6" mold), each	\$225.00
Soil with gravel, base materials (6" mold), each	\$275.00
Soil, base material with chemical admixtures (6" mold), each.....	\$325.00
Relative density (maximum and minimum), each	\$225.00
Density of undisturbed soil samples, each.....	\$11.50
Laboratory CBR tests (excludes moisture-density Relationship), each.....	\$150.00
Texas triaxial series, each set	\$1,500.00

Testing of bituminous materials

Mixing and molding of specimens (set of 3)	\$175.00
Molding specimens only (set of 3)	\$175.00
Specific gravity (set of 3).....	\$110.00
Stability (set of 3)	\$110.00
Extraction/Gradation.....	\$175.00
Maximum theoretical specific gravity	\$110.00
Preparation of samples/materials will be charged for all laboratory tests when applicable at (per hour)	\$55.00

Reimbursable Expenses

Direct non-salary expenses incurred, identifiable and not applicable to general overhead are billed at cost plus 15 percent for handling and include, but are not limited to the following:

Travel, long distance calls, express charges, legal and accounting fees, computer time and programming costs, external consultants, word processing, CADD, printing and binding reports, blueprinting, photocopying, printing, photographs, environmental analytical and drilling fees, etc.

Note

A three (3) hour minimum charge for personnel and equipment is applicable to all trips made for the performance of testing, inspection or consulting services. The minimum charge is not applicable for trips to the project site for sample pick up only. All labor, equipment and transportation charges are billed on a portal to portal basis from our office.

Expert testimony in depositions, hearings, mediation, and trials will be charged at 1.5 times the above rates.

The following assumptions were used in preparing our fee schedule:

- We have assumed that contractors on the site will work a single shift, five-day week schedule;
- The contractor will schedule testing services with 24 hours notice (7:00 AM to 5:00 PM, Monday through Friday) unless the service is on a full time basis;
- Invoices for the project will be submitted on a monthly basis;
- Full time masonry inspections as specified in the plans,
- Services provided on Saturday, Sunday or Holidays will be invoiced at 1.5 times the applicable rate; and
- Services provided outside of regular business hours (7:00 AM to 5:00 PM, Monday through Friday) will be invoiced at 1.50 times the applicable rate.

EXHIBIT “C”

SCOPE OF SERVICES TO BE PROVIDED BY ENGINEER

EXHIBIT "C"

SCOPE OF SERVICES TO BE PROVIDED BY ENGINEER

The services to be provided by the ENGINEER in providing On-Call Geotechnical and Construction Material Testing Services for Hidalgo County Precinct 2 Projects, are as follows:

A. Preliminary Phase:

- 1) Attend preliminary conferences with the OWNER and, if requested, with the funding agency and other government agencies or interested parties regarding the Project.
- 2) Provide for the necessary geotechnical investigation and testing necessary to develop design.
- 3) Provide environmental studies as may be necessary to complete a project.
- 4) Provide assistance to the OWNER in providing material requirements and specifications for design, construction and maintenance projects.
- 5) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
- 6) Provide assistance to the OWNER in providing pavement rehabilitation recommendations for the design, and maintenance projects.
- 7) Provide assistance to the OWNER in providing pavement condition studies.

B. Design Phase:

- 1) Attend the OWNER'S and respective Party's meeting as requested for the purpose of explaining geotechnical investigation report recommendations and preliminary testing results and their impact to proposed design activities.
- 2) Perform any additional geotechnical investigations, testing and environmental studies necessary to collect information required in the design of the Project.
- 3) Provide assistance to the OWNER in providing material requirements and specifications for design, construction and maintenance projects.
- 4) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
- 5) Provide assistance to the OWNER in providing pavement rehabilitation recommendation for the design, construction and maintenance projects.
- 6) Provide assistance to the OWNER in providing pavement condition studies.
- 7) Furnish the OWNER all necessary report for preliminary design, design, and construction and maintenance projects.

C. Construction/Maintenance Phase:

- 1) Attend the OWNER'S and respective Party's pre-construction and construction meetings as requested for the purpose of explaining geotechnical investigation report recommendation and preliminary testing results and their impact to proposed construction activities and establish coordination and lines of communication for proposed construction materials testing during construction activities.
- 2) Consult and advise with the OWNER during construction.
- 3) Provide construction materials testing for construction and maintenance project as required by the project plans and specifications and/or specified by the project design Engineer.
- 4) Review all material designs as requested by the OWNER and/or project design Engineer.

- 5) Furnish the OWNER all necessary reports for construction and maintenance projects.
- 6) Provide construction observation services as requested by the OWNER on construction and maintenance projects.

D. Miscellaneous/Other:

- 1) Act for Owner in professional manner, using that degree of care and skill ordinarily exercised by and consistent with the standards of the profession.
- 2) Perform all technical services under the general direction of a Licensed Professional Engineer in the State of Texas and in substantial accordance with the basic requirements of the appropriate Standards of the American Society for Testing and Materials, where applicable, or other standards designated by County.
- 3) Employ testing machines which have been calibrated within a period not exceeding twelve (12) months from the time of use by devices of accuracy traceable to the National Institute for Standards and Technology (NIST) of the United States Department of Commerce, and, upon request, submit to the OWNER or its authorized representative documentation of such calibration.
- 4) Promptly submit formal construction materials testing reports for all tests, observations and services performed indicating where applicable, compliance with OWNER specifications or other documents. Such reports shall be completed and factual, citing the tests performed, methods employed, values obtained, parts of the structure and location at which tests were made.
- 5) The plans and specifications prepared under this Agreement shall become the property of the OWNER upon completion of the work and payment in full of all monies due to the Engineer.
- 6) Retain all pertinent records relating to the services performed for a period of five (5) years following submission of all reports, during which period the records will be made available to the Owner within a reasonable time.

NOTE: Change in and/or additional services to Project Specific Scope will require prior approval from Owner prior to undertaking.

EXHIBIT “D”

WORK AUTHORIZATION FORM

EXHIBIT "D"
HIDALGO COUNTY
Agreement #C-21-393-04-06
Work Authorization Form

WORK AUTHORIZATION NO. _

THIS WORK AUTHORIZATION is made pursuant to the terms and conditions of Section 7 of the Agreement made by and between **HIDALGO COUNTY**, action herein by and through the **Commissioner's Court**, hereinafter called the "**Owner**," and, **TERRACON CONSULTANTS, INC.**, hereinafter called "**Engineer**".

PART 1. SCOPE OF WORK

The purpose of this Work Authorization is for the Engineer to provide_____.

The **Engineer** is to provide the Services as required by the Agreement with Owner for Geo-Technical & Construction Material Testing Services. This includes but is not limited to the services identified in **EXHIBIT "A" – Scope of Services to be provided by the Engineer** which is attached hereto and incorporated by reference.

PART 2. ESTIMATED COST

The estimated cost for services under this Work Authorization is _____. This amount is based upon the costs outlined in the Estimated **Cost Proposal** attached hereto as **EXHIBIT "B"**.

PART 3. PAYMENT

Compensation and payment to the Engineer for the services established under this Work Authorization shall be made in accordance with the On-Call Services Agreement between Owner and Engineer.

PART 4. FUNDING

This Work Authorization No. __ shall be funded through funding source:

Account No. - - - - -

Requisition Number _____ (**MUST BE INCLUDED AFTER CC APPROVAL**)

PART 5. PERIOD OF SERVICE

This Work Authorization shall become effective on the date of final acceptance of the parties hereto, and terminate upon completion of the scope of work provided in this work authorization or (DATE).

PART 6. RESPONSIBILITIES AND OBLIGATIONS

This Authorization does not waive the parties' responsibilities and obligations provided under the **Agreement**.

PART 7. ACKNOWLEDGEMENT AND CONFIRMATION

Acknowledgement and confirmation by Hidalgo County Precinct No. 2 Commissioner Eduardo Cantu, as to content and detail of this Work Authorization No. __.

**HIDALGO COUNTY
COMMISSIONER PRECINCT No. __:**

BY: _____

PART 8. ACCEPTANCE AND APPROVAL

This Work Authorization is hereby accepted, approved by Hidalgo County Commissioners' Court on (DATE) __ as indicated below and effective as of ____ day of _____, 20__.
