City Manager Report

Scott Falkowski said the Marigold Festival will take place on Saturday, September 11, 2021 from 11:00 A.M. to 7:00 P.M. He said there will be a 9/11 Commemoration Ceremony at 10:00 A.M. prior to the Marigold Festival. He said the City's Water Department (Suez Water) will be closed to the public this week due to staffing issues. He said the Water Department can still be accessed by telephone or email. Scott Falkowski said he had asked Jeff Soule from Republic Services to speak about the Republic Services trash hauling contract.

Jeff Soule from Republic Services thanked the City of Huber Heights for its business. He said Republic Services has been experiencing staffing issues due to COVID-19, staff turnover, and hiring difficulties. He said Republic Services is undertaking recruitment efforts for new staff and offering a variety of benefits to new hires. He said the call volume with Republic Services' has decreased which is a good trend. He urges residents to contact Republic Services directly with any customer service or billing issues.

Mayor Jeff Gore said the City's transition to the new contract with Republic Services has been rocky. He said the City Council receives lots of resident feedback about issues with communication, customer service,

and billing issues. He said any overpayments made by Republic Services need to be credited to the residents' accounts.

Jeff Soule said any billing errors or issues will be corrected in the current billing cycle. He said postcards with information from Republic Services will also be mailed out to all residents.

Mayor Jeff Gore said the customer service representatives at Republic Services have to have Huber Heights specific knowledge of the City's trash contract.

Nancy Byrge shared a resident's concern regarding missed trash pickups.

Richard Shaw asked what caused the wheels to fall off at Republic Services at the time of the new contract.

Jeff Soule said many of the issues were caused by changes in customer service and driver shortages.

Richard Shaw said in the City's signed contract with Republic Services, he said the tops of some of the trash carts are supposed to have yellow lids. He asked if Republic Services was planning to do a trash cart inventory.

Jeff Soule said there are no plans to do a cart inventory due to the cost.

Mayor Jeff Gore said there are serious line of sight issues at the newly opened intersection at State Route 4 and Chambersburg Road based on his own observations and resident feedback. He said the Ohio Department of Transportation (ODOT) needs to address this issue.

Scott Falkowski said City Staff are working on this issue with ODOT.

Water Bonds Refinancing Presentation

Jim Bell distributed information regarding a Water Bonds Refinancing Presentation (see attached). He said the presentation concerns an opportunity for the City to refinance water bonds issued in 2013 and 2014 that were issued to finance a water tower, radio read water meters, water line construction, and water system improvements.

Andy Brossart, Municipal Adviser with Bradley Payne, gave a PowerPoint presentation on Bond Market Update, Outstanding Debt Summaries, and Refunding Opportunities & Updates (see attached). He answered questions about the proposed refinancing from the City Council and City Staff. He said the legislation to approve the refinancing of the water bonds would come to the City Council later in 2021.

Issuance of Notes

Jim Bell distributed information and three items of proposed legislation to issue renewal notes (see attached). He said the three items of proposed legislation are:

- Issuance of Notes - \$1,740,000 – Property Acquisition – City Administrative Offices.
- Issuance of Notes - \$1,803,000 – Property Acquisition – Governmental Facilities.
- Issuance of Notes - \$4,262,000 – Property Acquisition – Economic Development.

After discussion, the City Council agreed to recommend approval of the three items of proposed legislation to issue renewal notes and requested that the three items of proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as emergency legislation with a second reading and adoption of the legislation at the September 27, 2021 City Council Meeting.

County Assessments Authorization

Jim Bell distributed information and proposed legislation to approve individual assessments amounts and to certify these amounts to the applicable County Auditor for collection (see attached). He said Montgomery County requires all communities to pass separate legislation for assessments that are to be added to the tax duplicate. Therefore, he said before the City can assess property for such things as annual sidewalk assessments, grass/weed charges, property maintenance abatement, unpaid water and sewer, etc., the City must pass legislation specifically identifying the property and the amount of the assessment. He said the assessments are based on collection for City services previously provided; therefore, City Staff are asking that this

item be passed as emergency legislation. He said Exhibit A, which provides all details of the assessments, is attached. Additionally, he said City Staff request the waiving of the second reading and approval of this legislation at the City Council Meeting on September 13, 2021, because that is the last opportunity to present assessments to the County Auditor for the 2021 property tax bills that residents will receive in 2022.

After discussion, the City Council agreed to recommend approval of the proposed legislation to approve individual assessments amounts and to certify these amounts to the applicable County Auditor for collection and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as emergency legislation with the waiving of the second reading and adoption of the legislation at the September 13, 2021 City Council Meeting.

Energy Aggregation Discussion

Russ Bergman distributed information regarding energy aggregation (see attached).

Rich Surace from Energy Alliances gave a PowerPoint presentation on the City of Huber Heights Electric Aggregation Summary (see attached). He discussed the upcoming new electric aggregation agreement and he answered questions from the City Council and City Staff. He said the City's current electric aggregation agreement expires at the end of December, 2021. He said he will need a decision made by the City regarding the new electric aggregation agreement by the first City Council Meeting in October, 2021.

Chambersburg Road Widening Project – Phase IV – Contract Modification

Russ Bergman distributed information and proposed legislation to authorize a contract modification for the Chambersburg Road Widening Project – Phase IV (see attached). He displayed a project map showing the project phases (see attached). He said the legislation will authorize the City Manager to enter into a contract modification and increase The Kleingers Group contract by \$100,000 to cover the cost of the modification of the design and the additional studies required by the Ohio

Department of Transportation (ODOT) to allow the City to move forward with the Chambersburg Road Widening Project - Phase IV. He said those modifications include the addition of a 10' dedicated multi-use trail facility on the north side of Chambersburg Road, sidewalk on the south side, submittal of a Level One Ecological Survey Report (ESR), an update of the required Feasibility Study of Phases IV, V, and VI, the modification of the right of way plans and the legal descriptions for the right of way and temporary/permanent easements, management of the required public meeting in person, and recorded/posted online meetings. He said the Capital Fund will be utilized for the cost of the design modification of this project.

After discussion, the City Council agreed to recommend approval of the proposed legislation to authorize a contract modification for the Chambersburg Road Widening Project – Phase IV and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

2021 Sidewalk Program and Concrete Portion of the 2021 Street Program – Contract Modification

Russ Bergman distributed information and proposed legislation to authorize a contract modification with Multi-Task Construction and increase the not to exceed amount by \$55,000 for the 2021 Sidewalk Program and the concrete portion of the 2021 Street Program for handicap ramps (see attached). He said the legislation will authorize a contract modification and increase the Multi-Task Construction contract by \$55,000 to cover the cost of reconstructing the handicap ramps on Old Troy Pike from Fishburg Road to the southern City limit. He said this section of Old Troy Pike is scheduled to be paved in 2022 under the ODOT Urban Paving Program. He said the City is required at its own expense to modify the handicap ramps to be compliant with the American Disabilities Act (ADA). He said Multi-Task Construction was the lowest bidder for the concrete portion of 2021 Street Program and also had the lowest unit prices for the handicap ramps. He said this contractor agreed to modify the 28 handicap ramps on Old Troy Pike for the same unit prices as in the previous bid.

The City Council had a discussion about further improvements to the major intersections in the City and requested that City Staff explore opportunities for making these improvements when other work is taking place at these intersections.

After discussion, the City Council agreed to recommend approval of the proposed legislation to authorize a contract modification with Multi-Task Construction and increase the not to exceed amount by \$55,000 for the 2021 Sidewalk Program and the concrete portion of the 2021 Street Program for handicap ramps and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

Marian Meadows Demolition – Phase II – Award Contract

Russ Bergman distributed information and proposed legislation to award a contract to Advanced Demolition Services for the Marian Meadows Demolition – Phase II (see attached). He displayed an aerial map showing the area of the planned demolition at the former Marian Meadows shopping center (see attached). He said the legislation will authorize the City Manager to enter into a contract with Advanced Demolition Services as the lowest and best bidder for the Marian Meadows Demolition - Phase II at a cost not to exceed \$97,000. He said the City has applied through Montgomery County and has received a Community Development Block Grant (CDBG) to demolish a portion of the Marian Meadows shopping center located at 6131-6147 Brandt Pike. Since the bid received was lower than the estimated cost, he said additional quantities at the unit price received in the bid for the parking lot cold planing were added to the contract to capitalize on the grant funds received.

After discussion, the City Council agreed to recommend approval of the proposed legislation to award a contract to Advanced Demolition Services for the Marian Meadows Demolition – Phase II and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

Maintenance Cap Increase – Suez Water

Russ Bergman distributed information and proposed legislation to increase the not to exceed maintenance contract amount with Suez Water (see attached). He said maintenance contract monies used by Suez Water Environmental, Inc. to date represents 92% of the total approved maintenance cap of \$160,000. He said a purchase order in the amount of \$160,000 is being requested to cover the estimated maintenance expenditures between now and the end of the year. He said the Maintenance Cap Summary attachment provides full details of the year's monthly expenditures up through August 31, 2021 and a calculation of the \$160,000 in additional monies needed before the end of the year.

After discussion, the City Council agreed to recommend approval of the proposed legislation to increase the not to exceed maintenance contract amount with Suez Water and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

Jonetta Street Lift Station Discussion

Russ Bergman distributed information regarding the Jonetta Street lift station (see attached). He also presented various aerial maps and information with three proposed options for addressing the issues with the Jonetta Street lift station (see attached).

Two of the three property owners served by the Jonetta Street lift station were present at the meeting and spoke to share their concerns and feedback. Both property owners present at the meeting expressed a preference for Option #3 for addressing the lift station situation on Jonetta Street.

After lengthy discussion, the City Council agreed to recommend that City Staff work out the details with the affected property owners to move forward with the proposed Option #3 for addressing the Jonetta Street lift station with a cost sharing for the project between the City and the property owners and the availability of special assessments for the property owners to pay for their project share. The City Council also agreed to recommend that this agenda item be discussed at the next

Council Work Session after completion of the recommended actions by City Staff.

Redwood Development Agreement Amendment

Scott Falkowski distributed information and proposed legislation to approve a First Amendment to the Redwood Development Agreement regarding Community Reinvestment Area (CRA) rights (see attached). He said the City entered into the Red Buckeye Development Agreement in 2015 that addresses certain property located within Carriage Trails which is intended to be used for commercial projects. He said this Red Buckeye Development Agreement details the use of CRA incentives related to these projects. He said the City added certain property to the then existing CRA area to accomplish economic development and all of the property that was added to the CRA district was not covered within the Red Buckeye Development Agreement. He said the owners of certain other property, not covered under the Red Buckeye Development Agreement, but added to the CRA, have agreed to only request CRA exemption if agreed to in advance by the City and that the City may deny CRA exemption at its sole discretion. He said this agreement allows the City to control the granting of CRA exemptions and binds future owners of these parcels to this agreement. He said an agreement was created for Redwood - Phase III, and the developer is ready to move to Phase IV. He said this additional agreement allows for the next phase of the Redwood (Harrison) development. He said the previous phases did not include a portion of the Carriage Trails and Red Buckeye assessments; however, this phase on the involved parcel does. He said the agreement will allow for incentives within the CRA for the advancement of the project.

After discussion, the City Council agreed to recommend approval of the proposed legislation to approve a First Amendment to the Redwood Development Agreement regarding CRA rights and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

Carriage Trails Annexation Service Agreement

Scott Falkowski distributed information and proposed legislation to adopt a statement indicating the services the City will provide to the land to be annexed to the City pursuant to a petition filed for annexation of approximately 233 acres in Bethel Township in Miami County (see attached). He presented several maps showing the proposed area of annexation (see attached). He said a petition is being filed to annex 233 acres along the northern boundary of Huber Heights. He said part of the process is for the City to provide a resolution stating that it will provide services for the area. He said the attached agreement allows for the City to place the land into a TIF district and allows for the developer to assign developer-funded special assessments for public infrastructure.

Ken Conaway representing Carriage Trails spoke regarding the proposed annexation of the land to the City and answered questions from the City Council and City Staff.

After discussion, the City Council agreed to recommend approval of the proposed legislation to adopt a statement indicating the services the City will provide to the land to be annexed to the City pursuant to a petition filed for annexation of approximately 233 acres in Bethel Township in Miami County and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting. The City also requested that the Clerk of Council attempt to schedule a joint meeting with the City Council, the Bethel Township School Board, the Bethel Township Trustees, and the Miami County Commission to discuss the proposed annexation in the near future.

Monita Field Parking/Amenities

Scott Falkowski distributed updated information regarding the Monita Field parking amenities and pending legislation at the second reading to award a contract to Wagner Paving for the grinding and repaving of asphalt for Monita Field Park (see attached). He said he had obtained an updated quote from Wagner Paving to also expand the parking lot by twelve additional parking spaces in addition to the previously proposed work at Monita Field Park.

After discussion, the City Council agreed to recommend approval of the necessary legislation to award a contract for the grinding and repaving of asphalt and the parking lot expansion for Monita Field Park and requested that the necessary legislation be prepared and placed on the agenda at the September 13, 2021 City Council Meeting for amendment of the existing proposed legislation at the second reading as non-emergency legislation and adoption of the amended legislation at the September 13, 2021 City Council Meeting.

Baseball Field Maintenance Contract

Josh King distributed information and proposed legislation to enter into a contract for baseball field renovation at Thomas Cloud Park and Monita Field Park and waiving the competitive bidding requirements (see attached). He said three City baseball fields at Thomas Cloud Park and Monita Field Park are in need of maintenance. He said two quotes were received and no other companies were willing to provide quotes. He said the overall cost for the renovations and maintenance of the three baseball fields exceeds \$25,000, so the legislation attached is requesting to waive the competitive bidding requirements. He said this project was funded in the current City Budget and he said City Staff recommend awarding the contract to Lawn Plus.

Nancy Byrge said Mercer Group, Inc. had a lot more experience in renovating baseball fields and said Mercer Group, Inc. was only slightly higher in cost. She said she favored awarding the contract to Mercer Group, Inc.

After discussion, the City Council agreed to recommend approval of the necessary legislation to enter into a contract for baseball field renovation at Thomas Cloud Park and Monita Field Park and waiving the competitive bidding requirements with an amendment to change the vendor from Lawn Plus to Mercer Group, Inc. and requested that the necessary legislation be prepared and placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

TJL-CES, LLC Purchase Agreement – Sale of Property

Bryan Chodkowski distributed information and proposed legislation to authorize the execution of a purchase agreement with TJL-CES, LLC to sell approximately one acre of City-owned land at the northwest corner of Brandt Pike and Meijer Access Drive (see attached). He said the City has negotiated a purchase agreement for TJL-CES, LLC to purchase approximately one acre of City-owned property located at the northwest intersection of Brandt Pike and Meijer Access Drive. He said the agreed upon purchase price is \$150,000 per acre which is in line with recent appraisal values. He said the purchaser intends to construct a limited, quick service restaurant. He said this agreement also presents future out lot development opportunities on Meijer Access Drive. He said the agreement has been reviewed by the Law Director and it is City Staff's recommendation that City Council approve the proposed purchase agreement.

After discussion, the City Council agreed to recommend approval of the proposed legislation to authorize the execution of a purchase agreement with TJL-CES, LLC to sell approximately one acre of City-owned land at the northwest corner of Brandt Pike and Meijer Access Drive and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

Community Reinvestment Area (CRA) #6 – First Amendment

Bryan Chodkowski distributed information and proposed legislation to amend Community Reinvestment Area (CRA) #6 by including additional properties within CRA #6 (see attached). He said the legislation is the second of two pieces of legislation to support development at the northeast corner of Old Troy Pike and Taylorsville Road. He said this development partnership facilitates the necessary resources to fund traffic improvements from Taylorsville Road north to I-70. He said these improvements are designed to increase traffic flow and reduce traffic congestion. He said the legislation extends Community Reinvestment Area #6 over all parcels in and around the development site for continuity of benefit. He said companion legislation being entertained by Council

removes several disjointed parcels in and around the development site from Community Reinvestment Area #7.

After discussion, the City Council agreed to recommend approval of the proposed legislation to amend Community Reinvestment Area (CRA) #6 by including additional properties within CRA #6 and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

Community Reinvestment Area (CRA) #7 – Modification

Bryan Chodkowski distributed information and proposed legislation to modify Community Reinvestment Area #7 by removing certain properties from CRA #7 (see attached). He said the legislation is the second of two pieces of legislation to support development at the northeast corner of Old Troy Pike and Taylorsville Road. He said this development partnership facilitates the necessary resources to fund traffic improvements from Taylorsville Road north to I-70. He said these improvements are designed to increase traffic flow and reduce traffic congestion. He said this legislation removes several disjointed parcels in and around the development site from Community Reinvestment Area #7. He said separate legislation extending Community Reinvestment Area #6 over all parcels in and around the development site for continuity of benefit is a companion piece to this legislation. Additionally, he said this legislation removes the original Marian Meadows property from Community Reinvestment Area #7. He said future legislation establishing a new post-1994 Community Reinvestment Area will be presented to City Council once a meaningful redevelopment investment has committed to this site. He said this modification is necessary to ensure the accurate and uniform incentive application and management.

After discussion, the City Council agreed to recommend approval of the proposed legislation to modify Community Reinvestment Area #7 by removing certain properties from CRA #7 and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

OneOhio Subdivision Settlement Participation Form – National Opioid Settlement

Gerald McDonald distributed information and proposed legislation to ratify the acceptance of the OneOhio Subdivision Settlement (see attached). He said there may be a settlement between the State of Ohio and certain opioid distributors that could result in Huber Heights receiving between \$172,000 and \$246,000 (the Montgomery County portion) and between \$4,000 and \$6,000 (the Miami County portion). He said Johnson & Johnson is close to settling as well, and if it does these amounts will increase. He said it appears that the funds, if distributed, are to be used “to prevent, treat and support recovery from addiction including opioids and/or any other co-occurring substance use and/or mental health conditions which are all long-lasting (chronic) diseases that can cause major health, social, and economic problems at the individual, family and/or community level.” He said it is unclear at this time how it will be disbursed or even how it can be spent (assuming there is a settlement). He said the proposed settlement on the table requires at least 95% participation from local governments (among other things) so OML was pushing to get its members to vote to accept this settlement. He said the City needed to submit its approval by August 13, 2021 and this subsequent legislation ratifying the acceptance of the settlement keeps the process moving forward.

After discussion, the City Council agreed to recommend approval of the proposed legislation to ratify the acceptance of the OneOhio Subdivision Settlement and requested that the proposed legislation be placed on the agenda at the September 13, 2021 City Council Meeting for a first reading as non-emergency legislation and adoption of the legislation at the September 13, 2021 City Council Meeting.

Liquor Permit #58111440425 – Meijer Gas – 7266 Executive Boulevard

Anthony Rodgers distributed information regarding a new liquor permit for Meijer Gas at 7266 Executive Boulevard (see attached). He said that there was a new liquor permit #58111440425 for approval for Meijer Gas at 7266 Executive Boulevard. He said the Police Division and Fire Division have reviewed the liquor permit application and have no objection to the approval of this new liquor permit.

After discussion, the City Council agreed to recommend that a motion to authorize the Clerk of Council to respond to the Ohio Division of Liquor Control with no objections to the approval of a new liquor permit #58111440425 for Meijer Gas at 7266 Executive Boulevard be prepared and placed on the agenda for the September 13, 2021 City Council Meeting for approval.

Liquor Permit #3097970 – Marathon – 7851 Old Troy Pike

Anthony Rodgers distributed information regarding a liquor permit transfer for Marathon at 7851 Old Troy Pike (see attached). He said that there was a transfer for liquor permit #3097970 for approval for Marathon at 7851 Old Troy Pike. He said the Police Division and Fire Division have reviewed the liquor permit application and have no objection to the approval of this liquor permit transfer.

After discussion, the City Council agreed to recommend that a motion to authorize the Clerk of Council to respond to the Ohio Division of Liquor Control with no objections to the approval of a transfer of liquor permit #3097970 for Marathon at 7851 Old Troy Pike be prepared and placed on the agenda for the September 13, 2021 City Council Meeting for approval.

City Manager Search Firm Proposals

Anthony Rodgers distributed information regarding the City Manager search firm proposals (see attached). He said the City Council authorized a Request For Proposals (RFP) for City Manager Search Firms in Resolution No. 2021-R-7008. He said the City received five proposals for RFP 21-001-CC. He said these five proposals were received from:

- Baker Tilly US, LLC
- Gov HR USA
- Koff & Associates
- Management Partners
- Slavin Management Consultants

Anthony Rodgers said the City Council had agreed to review the five proposals received and to rank or score the five proposals as to preference.

Mayor Jeff Gore led a discussion regarding the five proposals received and allowed each Councilmember to express their top two preferences of the proposals received. After that discussion, the City Council indicated a preference by the majority for the proposals submitted by Baker Tilly US, LLC and Slavin Management Consultants.

After discussion, the City Council agreed to recommend that the Clerk of Council contact Baker Tilly US, LLC and Slavin Management Consultants to schedule interviews with the two firms in order to determine a proposed contract award for a City Manager search firm and to conduct the scheduled interviews at a specially scheduled Council Work Session.

U.S. Census – Ward Redistricting

Anthony Rodgers distributed information regarding ward redistricting bases on the 2020 U.S. census data (see attached). He said every ten years upon receipt of the U.S. Census decennial census results, the City undertakes a process to evaluate potential changes to ward boundaries. He said the City has received the initial overview data from the 2020 U.S. Census. Under Ohio Revised Code Section 731.06, he said the City will need to look at potentially changing some ward boundaries. As set forth in the statute, he said the process is to take place after October 1, 2021, but prior to January 1, 2022.

After discussion, the City Council agreed to recommend that the Clerk of Council prepare recommendations and a process for ward redistricting based on receipt of the drilldown and precinct level 2020 U.S. Census data for discussion at an upcoming Council Work Session with a deadline of completing this process by December 31, 2021.

**Re: City of Huber Heights, Ohio
(Not to Exceed) \$3,543,000 Various Purpose Notes, Series 2021**

Dear Scott:

We are pleased that the City of Huber Heights, Ohio (the "*City*") has requested Squire Patton Boggs (US) LLP (the "*Firm*") to serve as the City's bond counsel in connection with the issuance of the referenced unvoted, general obligation bond anticipation notes (the "*Notes*").

The Firm's services will include those customarily provided by bond counsel in connection with issues such as the Notes, including the rendering of our legal opinion (the "*Bond Opinion*"), provided that the proceedings for the issuance of the Notes have been completed to our satisfaction. The Bond Opinion will address the legality, validity and binding effect of the Notes, the source of payment and security for the Notes, the excludability of interest on the Notes from gross income for federal income tax purposes, and certain other tax aspects of the Notes under federal law and under the laws of the State of Ohio. The Firm will address the Bond Opinion to the City and to the original purchaser and will deliver it on the date that the City delivers the Notes to the original purchaser in exchange for their purchase price. For those legal services, the Firm shall be paid just and reasonable compensation in an amount not expected to exceed \$12,750, and shall be reimbursed for the actual out-of-pocket expenses it incurs in rendering those legal services.

As the City's bond counsel, the Firm represents the City. The City is the Firm's client, and an attorney-client relationship will exist between the Firm and the City. We assume that all other parties to the transaction will retain such counsel as they deem necessary and appropriate to represent their interests in this transaction. We further assume that all other parties understand that, in this transaction, we represent only the City, that we are not counsel to any other party,

and that we are not acting as an intermediary among the parties. Our representation of the City will not, however, affect our responsibility to render an objective Bond Opinion.

The City's proposed issuance of the Notes will involve an original purchaser and perhaps other parties. The Firm conducts a national practice in the area of public finance that involves the representation of issuers, underwriters and other parties in the issuance of governmental debt obligations. In addition, the Firm conducts a national and international corporate law practice that includes the representation of financial institutions and other businesses in transactions, litigation and other matters. As a result of the extent and diversity of that practice, the Firm may currently represent or may have represented the original purchaser of the Notes or other parties involved in the issuance of the Notes in matters unrelated to the City or its issuance of the Notes. The Firm may also commence such representations during the time it is serving the City as bond counsel for the Notes. Considering the lack of relationship that such other matters have to the City or to its issuance of the Notes, the Firm does not expect any such other representations to conflict with its fulfillment of its professional obligations to the City as bond counsel for the Notes. We request that the City, by signing and returning a copy of this letter, acknowledge and consent to the Firm's serving the City as bond counsel for the issuance of the Notes though the Firm serves, may have served or may serve other parties to that issuance in other, unrelated matters.

The Firm appreciates the opportunity to represent the City in this transaction. Please signify that the City desires for the Firm to proceed with this engagement as described in this letter by signing a copy of this letter and returning it to us. Please retain the original for the City's files.

Very truly yours,

Christopher J. Franzmann

NOW, THEREFORE, BE IT ORDAINED by the City Council of Huber Heights, Ohio that:

The principal amount of Notes to be issued (not to exceed the stated maximum amount) shall be determined by the Director of Finance in the certificate awarding the Notes in accordance with Section 6 of this Ordinance (the "Certificate of Award") as the amount which, along with other available funds of the City, is necessary to provide for the retirement of the Outstanding Notes and to pay any financing costs. The Notes shall be dated the date of issuance and shall mature not more than one year following the date of issuance, *provided* that the Director of Finance shall establish the maturity date in the Certificate of Award. The debt charges on the Notes shall be payable in lawful money of the United States of America or in Federal Reserve funds of the United States of America as determined by the Director of Finance in the Certificate of Award, and shall be payable, without deduction for services of the City's paying agent, at the office of a bank or trust company designated by the Director of Finance in the Certificate of Award after determining that the payment at that bank or trust company will not endanger the funds or securities of the City and that proper procedures and safeguards are available for that purpose or at the office of the Director of Finance if agreed to by the Director of Finance and the original purchaser (the "*Paying Agent*").

The City Manager and the Director of Finance shall sign and deliver, in the name and on behalf of the City, the Note Registrar Agreement between the City and the Paying Agent, in substantially the form as is now on file with the Clerk of Council. The Note Registrar Agreement is approved, together with any changes or amendments that are not inconsistent with this Ordinance and not substantially adverse to the City and that are approved by the City Manager and the Director of Finance on behalf of the City, all of which shall be conclusively evidenced by the signing of the Note Registrar Agreement or amendments thereto. The Director of Finance shall provide for the payment of the services rendered and for reimbursement of expenses incurred pursuant to the Note Registrar Agreement, except to the extent paid or reimbursed by the original purchaser in accordance with the Certificate of Award, from the proceeds of the Notes to the extent available and then from other money lawfully available and appropriated or to be appropriated for that purpose.

Section 5. The Notes shall be signed by the City Manager and Director of Finance, in the name of the City and in their official capacities; *provided* that one of those signatures may be a facsimile. The Notes shall be issued in minimum denominations of \$100,000 (and may be issued in denominations in such amounts in excess thereof as requested by the original purchaser and approved by the Director of Finance) and with numbers as requested by the original purchaser and approved by the Director of Finance. The entire principal amount may be represented by a single note and may be issued as fully registered securities (for which the Director of Finance will serve as note registrar) and in book entry or other uncertificated form in accordance with Section 9.96 and Chapter 133 of the Ohio Revised Code if it is determined by the Director of Finance that issuance of fully registered securities in that form will facilitate the sale and delivery of the Notes. The Notes shall not have coupons attached, shall be numbered as determined by the Director of Finance and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this Ordinance. As used in this Section and this Ordinance:

"*Book entry form*" or "*book entry system*" means a form or system under which (a) the ownership of beneficial interests in the Notes and the principal of and interest on the Notes may be transferred only through a book entry, and (b) a single physical Note certificate in fully registered form is issued by the City and payable only to a Depository or its nominee as registered owner, with the certificate deposited with and "immobilized" in the custody of the Depository or its designated agent for that purpose. The book entry maintained by others than the City is the record that identifies the owners of beneficial interests in the Notes and that principal and interest.

"*Depository*" means any securities depository that is a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, operating and maintaining, with its Participants or otherwise, a book entry system to record ownership of beneficial interests in the Notes or the principal of and interest on the Notes, and to effect transfers of the Notes, in book entry form, and includes and means initially The Depository Trust Company (a limited purpose trust company), New York, New York.

"*Participant*" means any participant contracting with a Depository under a book entry system and includes securities brokers and dealers, banks and trust companies and clearing corporations.

The Notes may be issued to a Depository for use in a book entry system and, if and as long as a book entry system is utilized, (a) the Notes may be issued in the form of a single Note made payable to the Depository or its nominee and immobilized in the custody of the Depository or its agent for that purpose; (b) the beneficial owners in book entry form shall have no right to receive the Notes in the form of physical securities or certificates; (c) ownership of beneficial interests in book entry form shall be shown by book entry on the system maintained and operated by the

Depository and its Participants, and transfers of the ownership of beneficial interests shall be made only by book entry by the Depository and its Participants; and (d) the Notes as such shall not be transferable or exchangeable, except for transfer to another Depository or to another nominee of a Depository, without further action by the City.

If any Depository determines not to continue to act as a Depository for the Notes for use in a book entry system, the Director of Finance may attempt to establish a securities depository/book entry relationship with another qualified Depository. If the Director of Finance does not or is unable to do so, the Director of Finance, after making provision for notification of the beneficial owners by the then Depository and any other arrangements deemed necessary, shall permit withdrawal of the Notes from the Depository, and shall cause the Notes in bearer or payable form to be signed by the officers authorized to sign the Notes and delivered to the assigns of the Depository or its nominee, all at the cost and expense (including any costs of printing), if the event is not the result of City action or inaction, of those persons requesting such issuance.

The Director of Finance is also hereby authorized and directed, to the extent necessary or required, to enter into any agreements determined necessary in connection with the book entry system for the Notes, after determining that the signing thereof will not endanger the funds or securities of the City.

Section 6. The Notes shall be sold at not less than par plus accrued interest (if any) at private sale by the Director of Finance in accordance with law and the provisions of this Ordinance, the Certificate of Award and the Note Purchase Agreement. The Director of Finance shall sign the Certificate of Award referred to in Section 3 fixing the interest rate or rates which the Notes shall bear and evidencing that sale to the original purchaser, cause the Notes to be prepared, and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price.

The Note Purchase Agreement between the City and the original purchaser and now on file with the Clerk of Council is approved, and the City Manager and the Director of Finance are authorized to sign and deliver, on behalf of the City, the Note Purchase Agreement with such changes that are not inconsistent with the provisions of this Ordinance, are not materially adverse to the interests of the City and are approved by the City Manager and the Director of Finance. Any such changes to the Note Purchase Agreement are not materially adverse to the interests of the City and are approved by the City Manager and the Director of Finance shall be evidenced conclusively by the signing of the Note Purchase Agreement by the City Manager and the Director of Finance.

The City Manager, the Director of Finance, the City Attorney, the Clerk of Council and other City officials, as appropriate, and any person serving in an interim or acting capacity for any such official, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this Ordinance. The actions of the City Manager, the Director of Finance, the City Attorney, the Clerk of Council or other City official, as appropriate, in doing any and all acts necessary in connection with the issuance and sale of the Notes are hereby ratified and confirmed. The Director of Finance is authorized, if it is determined to be in the best interest of the City, to combine the issue of Notes with one or more other note issues of the City into a consolidated note issue pursuant to Section 133.30(B) of the Ohio Revised Code.

Section 7. The proceeds from the sale of the Notes received by the City (or withheld by the original purchaser or deposited with the Paying Agent, in each case on behalf of the City) shall be paid into the proper fund or funds, and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. The Certificate of Award and the Note Purchase Agreement may authorize the original purchaser to (a) withhold certain proceeds from the sale of the Notes or (b) remit certain proceeds from the sale of the Notes to the Paying Agent, in each case to provide for the payment of certain financing costs on behalf of the City. If proceeds are remitted to the Paying Agent in accordance with this Section 7, the Paying Agent shall be authorized to create a fund in accordance with the Note Registrar Agreement for that purpose. Any portion of those proceeds received by the City (after payment of those financing costs) representing premium or accrued interest shall be paid into the Bond Retirement Fund.

Section 8. The par value to be received from the sale of the Bonds or of any renewal notes and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes at maturity and are pledged for that purpose.

Section 9. During the year or years in which the Notes are outstanding, there shall be levied on all the taxable property in the City, in addition to all other taxes, the same tax that would have been levied if the Bonds had been issued without the prior issuance of the Notes. The tax shall be within the ten-mill limitation imposed by law, shall be and is ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner and at the same time that taxes for general purposes for each of those years are certified, levied, extended and collected, and shall be placed before and in preference to all other items and for the full amount thereof. The proceeds of the tax levy shall be placed in the Bond Retirement Fund, which is irrevocably pledged for the payment of the debt charges on the Notes or the Bonds when and as the same fall due.

In each year to the extent receipts from the municipal income tax are available for the payment of the debt charges on the Notes or the Bonds and are appropriated for that purpose, the amount of the tax shall be reduced by the amount of such receipts so available and appropriated in compliance with the following covenant. To the extent necessary, the debt charges on the Notes or the Bonds shall be paid from municipal income taxes lawfully available therefor under the Constitution and the laws of the State of Ohio and the Charter of the City; and the City hereby covenants, subject and pursuant to such authority, including particularly Section 133.05(B)(7) of the Ohio Revised Code, to appropriate annually from such municipal income taxes such amount as is necessary to meet such annual debt charges.

Nothing in the preceding paragraph in any way diminishes the irrevocable pledge of the full faith and credit and general property taxing power of the City to the prompt payment of the debt charges on the Notes or the Bonds.

Section 10. The City covenants that it will use, and will restrict the use and investment of, the proceeds of the Notes in such manner and to such extent as may be necessary so that (a) the Notes will not (i) constitute private activity bonds or arbitrage bonds under Sections 141 or 148 of the Internal Revenue Code of 1986, as amended (the "Code") or (ii) be treated other than as bonds the interest on which is excluded from gross income under Section 103 of the Code, and (b) the interest on the Notes will not be an item of tax preference under Section 57 of the Code.

The City further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Notes to be and remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion, and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Notes to the governmental purpose of the borrowing, (ii) restrict the yield on investment property, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports and (v) refrain from certain uses of those proceeds, and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The Director of Finance or any other officer of the City having responsibility for issuance of the Notes is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the City with respect to the Notes as the City is permitted to or required to make or give under the federal income tax laws, including, without limitation thereto, any of the elections available under Section 148 of the Code, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties with respect to the Notes, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments with respect to the Notes, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the City, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes, and (c) to give one or more appropriate certificates of the City, for inclusion in the transcript of proceedings for the Notes, setting forth the reasonable expectations of the City regarding the amount and use of all the

proceeds of the Notes, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Notes. The Director of Finance or any other officer of the City having responsibility for issuance of the Notes is specifically authorized to designate the Notes as "qualified tax-exempt obligations" if such designation is applicable and desirable, and to make any related necessary representations and covenants.

Each covenant made in this Section with respect to the Notes is also made with respect to all issues any portion of the debt service on which is paid from proceeds of the Notes (and, if different, the original issue and any refunding issues in a series of refundings), to the extent such compliance is necessary to assure the exclusion of interest on the Notes from gross income for federal income tax purposes, and the officers identified above are authorized to take actions with respect to those issues as they are authorized in this Section to take with respect to the Notes.

Section 11. The Clerk of Council is directed to promptly deliver a certified copy of this Ordinance to the County Auditors of Miami and Montgomery Counties, Ohio.

Section 12. The Director of Finance is authorized to request a rating for the Notes from Moody's Investors Service, Inc. or S&P Global Ratings, or both, as the Director of Finance determines is in the best interest of the City. The expenditure of the amounts necessary to secure any such ratings as well as to pay the other financing costs (as defined in Section 133.01 of the Ohio Revised Code) in connection with the Notes is hereby authorized and approved and the amounts necessary to pay those costs are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 13. The legal services of the law firm of Squire Patton Boggs (US) LLP are hereby retained. Those legal services shall be in the nature of legal advice and recommendations as to the documents and the proceedings in connection with the authorization, sale and issuance of the Notes and securities issued in renewal of the Notes and rendering at delivery related legal opinions, all as set forth in the form of engagement letter from that firm which is now on file in the office of the Clerk of Council. In providing those legal services, as an independent contractor and in an attorney-client relationship, that firm shall not exercise any administrative discretion on behalf of this City in the formulation of public policy, expenditure of public funds, enforcement of laws, rules and regulations of the State of Ohio, any county or municipal corporation or of this City, or the execution of public trusts. For those legal services, that firm shall be paid just and reasonable compensation and shall be reimbursed for actual out-of-pocket expenses incurred in providing those legal services. To the extent they are not paid or reimbursed pursuant to the Note Purchase Agreement and/or the Note Registrar Agreement, the Director of Finance is authorized and directed to make appropriate certification as to the availability of funds for those fees and any reimbursement and to issue an appropriate order for their timely payment as written statements are submitted by that firm. The amounts necessary to pay those fees and any reimbursement are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 14. The services of Bradley Payne, LLC., as municipal advisor, are hereby retained. The municipal advisory services shall be in the nature of financial advice and recommendations in connection with the issuance and sale of the Notes. In rendering those municipal advisory services, as an independent contractor, that firm shall not exercise any administrative discretion on behalf of the City in the formulation of public policy, expenditure of public funds, enforcement of laws, rules and regulations of the State of Ohio, the City or any other political subdivision, or the execution of public trusts. That firm shall be paid just and reasonable compensation for those municipal advisory services and shall be reimbursed for the actual out-of-pocket expenses it incurs in rendering those municipal advisory services. To the extent they are not paid or reimbursed pursuant to the Note Purchase Agreement and/or the Note Registrar Agreement, the Director of Finance is authorized and directed to make appropriate certification as to the availability of funds for those fees and any reimbursement and to issue an appropriate order for their timely payment as written statements are submitted by that firm. The amounts necessary to pay those fees and any reimbursement are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 15. This Council determines that all acts and conditions necessary to be done or performed by the City or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding general obligations of the City have been performed and

have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; that the full faith and credit and general property taxing power (as described in Section 9) of the City are pledged for the timely payment of the debt charges on the Notes; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

Section 16. This Council finds and determines that all formal actions of this Council and any of its committees concerning and relating to the passage of this Ordinance were taken in an open meeting of this Council or any of its committees, and that all deliberations of this Council and of any of its committees that resulted in those formal actions were in meetings open to the public, all in compliance with the law, including Section 121.22 of the Ohio Revised Code.

Section 17. This Ordinance is declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety or welfare of the inhabitants of the City, and for the further reason that this Ordinance is required to be immediately effective in order to issue and sell the Notes, which is necessary to enable the City to timely acquire the Improvement; therefore, this Ordinance shall be in full force and effect immediately upon its passage.

**Re: City of Huber Heights, Ohio
(Not to Exceed) \$3,543,000 Various Purpose Notes, Series 2021**

Dear Scott:

We are pleased that the City of Huber Heights, Ohio (the "*City*") has requested Squire Patton Boggs (US) LLP (the "*Firm*") to serve as the City's bond counsel in connection with the issuance of the referenced unvoted, general obligation bond anticipation notes (the "*Notes*").

The Firm's services will include those customarily provided by bond counsel in connection with issues such as the Notes, including the rendering of our legal opinion (the "*Bond Opinion*"), provided that the proceedings for the issuance of the Notes have been completed to our satisfaction. The Bond Opinion will address the legality, validity and binding effect of the Notes, the source of payment and security for the Notes, the excludability of interest on the Notes from gross income for federal income tax purposes, and certain other tax aspects of the Notes under federal law and under the laws of the State of Ohio. The Firm will address the Bond Opinion to the City and to the original purchaser and will deliver it on the date that the City delivers the Notes to the original purchaser in exchange for their purchase price. For those legal services, the Firm shall be paid just and reasonable compensation in an amount not expected to exceed \$12,750, and shall be reimbursed for the actual out-of-pocket expenses it incurs in rendering those legal services.

As the City's bond counsel, the Firm represents the City. The City is the Firm's client, and an attorney-client relationship will exist between the Firm and the City. We assume that all other parties to the transaction will retain such counsel as they deem necessary and appropriate to represent their interests in this transaction. We further assume that all other parties understand that, in this transaction, we represent only the City, that we are not counsel to any other party,

and that we are not acting as an intermediary among the parties. Our representation of the City will not, however, affect our responsibility to render an objective Bond Opinion.

The City's proposed issuance of the Notes will involve an original purchaser and perhaps other parties. The Firm conducts a national practice in the area of public finance that involves the representation of issuers, underwriters and other parties in the issuance of governmental debt obligations. In addition, the Firm conducts a national and international corporate law practice that includes the representation of financial institutions and other businesses in transactions, litigation and other matters. As a result of the extent and diversity of that practice, the Firm may currently represent or may have represented the original purchaser of the Notes or other parties involved in the issuance of the Notes in matters unrelated to the City or its issuance of the Notes. The Firm may also commence such representations during the time it is serving the City as bond counsel for the Notes. Considering the lack of relationship that such other matters have to the City or to its issuance of the Notes, the Firm does not expect any such other representations to conflict with its fulfillment of its professional obligations to the City as bond counsel for the Notes. We request that the City, by signing and returning a copy of this letter, acknowledge and consent to the Firm's serving the City as bond counsel for the issuance of the Notes though the Firm serves, may have served or may serve other parties to that issuance in other, unrelated matters.

The Firm appreciates the opportunity to represent the City in this transaction. Please signify that the City desires for the Firm to proceed with this engagement as described in this letter by signing a copy of this letter and returning it to us. Please retain the original for the City's files.

Very truly yours,

Christopher J. Franzmann

Dated: Sept. 1, 2021

Director of Finance
City of Huber Heights, Ohio

CITY OF HUBER HEIGHTS
STATE OF OHIO

ORDINANCE NO. 2021-O-

PROVIDING FOR THE ISSUANCE AND SALE OF NOTES IN THE MAXIMUM PRINCIPAL AMOUNT OF \$1,803,000, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF PAYING THE COSTS OF ACQUIRING CERTAIN REAL PROPERTY WHICH WILL BE USED AS A SITE FOR ONE OR MORE GOVERNMENTAL FACILITIES, AND PROVIDING FOR GENERAL SITE PREPARATION THEREOF AND IMPROVEMENTS THERETO, TOGETHER WITH ALL NECESSARY APPURTENANCES THERETO, AND DECLARING AN EMERGENCY.

WHEREAS, pursuant to Ordinance No. 2020-O-2449 passed October 26, 2020, notes in anticipation of bonds in the principal amount of \$1,803,000, dated November 18, 2020 (the "Outstanding Notes"), were issued for the purpose stated in Section 1, to mature on November 17, 2021; and

WHEREAS, this Council finds and determines that the City should retire the Outstanding Notes with the proceeds of the Notes described in Section 3 and other funds available to the City; and

WHEREAS, this City Council has requested that the Director of Finance, as fiscal officer of this City, certify the estimated life or period of usefulness of the Improvement described in Section 1, the estimated maximum maturity of the Bonds described in Section 1 and the maximum maturity of the Notes described in Section 3 to be issued in anticipation of the Bonds; and

WHEREAS, the Director of Finance has certified to this City Council that the estimated life or period of usefulness of the Improvement described in Section 1 is at least five (5) years, the estimated maximum maturity of the Bonds described in Section 1 is thirty (30) years, and that the maximum maturity of the Notes described in Section 3, to be issued in anticipation of the Bonds, is November 18, 2040.

NOW, THEREFORE, BE IT ORDAINED by the City Council of Huber Heights, Ohio that:

Section 1. It is necessary to issue bonds of this City in the maximum principal amount of \$1,803,000 (the "Bonds") for the purpose of paying the costs of acquiring certain real property which will be used as a site for one or more governmental facilities, and providing for general site preparation thereof and improvements thereto, together with all necessary appurtenances thereto (the "Improvement").

Section 2. The Bonds shall be dated approximately November 1, 2022, shall bear interest at the now estimated rate of 5.00% per year, payable semiannually until the principal amount is paid, and are estimated to mature in twenty (20) annual principal installments on December 1 of each year and in such amounts that the total principal and interest payments on the Bonds in any fiscal year in which principal is payable shall be substantially equal. The first principal payment on the Bonds is estimated to be December 1, 2023.

Section 3. It is necessary to issue and this Council determines that notes in the maximum principal amount of \$1,803,000 (the "Notes") shall be issued in anticipation of the issuance of the Bonds for the purpose described in Section 1 and to retire, together with other funds available to the City, the Outstanding Notes and to pay any financing costs. The principal amount of Notes to be issued (not to exceed the stated maximum amount) shall be determined by the Director of Finance in the certificate awarding the Notes in accordance with Section 6 of this Ordinance (the "Certificate of Award") as the amount which, along with other available funds of the City, is necessary to provide for the retirement of the Outstanding Notes and to pay any financing costs. The Notes shall be dated the date of issuance and shall mature not more than one year following the date of issuance, provided that the Director of Finance shall establish the maturity date in the Certificate of Award. The Notes shall bear interest at a rate or rates not to exceed 5.00% per year (computed on the basis of a 360-day year consisting of twelve 30-day months), payable at maturity and until the principal amount is paid or payment is provided for. The rate or rates of interest on the Notes shall be determined by the Director of Finance in the Certificate of Award in accordance with Section 6 of this Ordinance.

Section 4. The debt charges on the Notes shall be payable in lawful money of the United States of America or in Federal Reserve funds of the United States of America as determined by the Director of Finance in the Certificate of Award, and shall be payable, without deduction for services of the City's paying agent, at the office of a bank or trust company designated by the Director of Finance in the Certificate of Award after determining that the payment at that bank or trust company will not endanger the funds or securities of the City and that proper procedures and safeguards are available for that purpose or at the office of the Director of Finance if agreed to by the Director of Finance and the original purchaser (the "Paying Agent").

The City Manager and the Director of Finance shall sign and deliver, in the name and on behalf of the City, the Note Registrar Agreement between the City and the Paying Agent, in substantially the form as is now on file with the Clerk of Council. The Note Registrar Agreement is approved, together with any changes or amendments that are not inconsistent with this Ordinance and not substantially adverse to the City and that are approved by the City Manager and the Director of Finance on behalf of the City, all of which shall be conclusively evidenced by the signing of the Note Registrar Agreement or amendments thereto. The Director of Finance shall provide for the payment of the services rendered and for reimbursement of expenses incurred pursuant to the Note Registrar Agreement, except to the extent paid or reimbursed by the original purchaser in accordance with the Certificate of Award, from the proceeds of the Notes to the extent available and then from other money lawfully available and appropriated or to be appropriated for that purpose.

Section 5. The Notes shall be signed by the City Manager and Director of Finance, in the name of the City and in their official capacities; *provided* that one of those signatures may be a facsimile. The Notes shall be issued in minimum denominations of \$100,000 (and may be issued in denominations in such amounts in excess thereof as requested by the original purchaser and approved by the Director of Finance) and with numbers as requested by the original purchaser and approved by the Director of Finance. The entire principal amount may be represented by a single note and may be issued as fully registered securities (for which the Director of Finance will serve as note registrar) and in book entry or other uncertificated form in accordance with Section 9.96 and Chapter 133 of the Ohio Revised Code if it is determined by the Director of Finance that issuance of fully registered securities in that form will facilitate the sale and delivery of the Notes. The Notes shall not have coupons attached, shall be numbered as determined by the Director of Finance and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this Ordinance. As used in this Section and this Ordinance:

"*Book entry form*" or "*book entry system*" means a form or system under which (a) the ownership of beneficial interests in the Notes and the principal of and interest on the Notes may be transferred only through a book entry, and (b) a single physical Note certificate in fully registered form is issued by the City and payable only to a Depository or its nominee as registered owner, with the certificate deposited with and "immobilized" in the custody of the Depository or its designated agent for that purpose. The book entry maintained by others than the City is the record that identifies the owners of beneficial interests in the Notes and that principal and interest.

"*Depository*" means any securities depository that is a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, operating and maintaining, with its Participants or otherwise, a book entry system to record ownership of beneficial interests in the Notes or the principal of and interest on the Notes, and to effect transfers of the Notes, in book entry form, and includes and means initially The Depository Trust Company (a limited purpose trust company), New York, New York.

"*Participant*" means any participant contracting with a Depository under a book entry system and includes securities brokers and dealers, banks and trust companies and clearing corporations.

The Notes may be issued to a Depository for use in a book entry system and, if and as long as a book entry system is utilized, (a) the Notes may be issued in the form of a single Note made payable to the Depository or its nominee and immobilized in the custody of the Depository or its agent for that purpose; (b) the beneficial owners in book entry form shall have no right to receive the Notes in the form of physical securities or certificates; (c) ownership of beneficial interests in book entry form shall be shown by book entry on the system maintained and operated by the

Depository and its Participants, and transfers of the ownership of beneficial interests shall be made only by book entry by the Depository and its Participants; and (d) the Notes as such shall not be transferable or exchangeable, except for transfer to another Depository or to another nominee of a Depository, without further action by the City.

If any Depository determines not to continue to act as a Depository for the Notes for use in a book entry system, the Director of Finance may attempt to establish a securities depository/book entry relationship with another qualified Depository. If the Director of Finance does not or is unable to do so, the Director of Finance, after making provision for notification of the beneficial owners by the then Depository and any other arrangements deemed necessary, shall permit withdrawal of the Notes from the Depository, and shall cause the Notes in bearer or payable form to be signed by the officers authorized to sign the Notes and delivered to the assigns of the Depository or its nominee, all at the cost and expense (including any costs of printing), if the event is not the result of City action or inaction, of those persons requesting such issuance.

The Director of Finance is also hereby authorized and directed, to the extent necessary or required, to enter into any agreements determined necessary in connection with the book entry system for the Notes, after determining that the signing thereof will not endanger the funds or securities of the City.

Section 6. The Notes shall be sold at not less than par plus accrued interest (if any) at private sale by the Director of Finance in accordance with law and the provisions of this Ordinance, the Certificate of Award and the Note Purchase Agreement. The Director of Finance shall sign the Certificate of Award referred to in Section 3 fixing the interest rate or rates which the Notes shall bear and evidencing that sale to the original purchaser, cause the Notes to be prepared, and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price.

The Note Purchase Agreement between the City and the original purchaser and now on file with the Clerk of Council is approved, and the City Manager and the Director of Finance are authorized to sign and deliver, on behalf of the City, the Note Purchase Agreement with such changes that are not inconsistent with the provisions of this Ordinance, are not materially adverse to the interests of the City and are approved by the City Manager and the Director of Finance. Any such changes to the Note Purchase Agreement are not materially adverse to the interests of the City and are approved by the City Manager and the Director of Finance shall be evidenced conclusively by the signing of the Note Purchase Agreement by the City Manager and the Director of Finance.

The City Manager, the Director of Finance, the City Attorney, the Clerk of Council and other City officials, as appropriate, and any person serving in an interim or acting capacity for any such official, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this Ordinance. The actions of the City Manager, the Director of Finance, the City Attorney, the Clerk of Council or other City official, as appropriate, in doing any and all acts necessary in connection with the issuance and sale of the Notes are hereby ratified and confirmed. The Director of Finance is authorized, if it is determined to be in the best interest of the City, to combine the issue of Notes with one or more other note issues of the City into a consolidated note issue pursuant to Section 133.30(B) of the Ohio Revised Code.

Section 7. The proceeds from the sale of the Notes received by the City (or withheld by the original purchaser or deposited with the Paying Agent, in each case on behalf of the City) shall be paid into the proper fund or funds, and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. The Certificate of Award and the Note Purchase Agreement may authorize the original purchaser to (a) withhold certain proceeds from the sale of the Notes or (b) remit certain proceeds from the sale of the Notes to the Paying Agent, in each case to provide for the payment of certain financing costs on behalf of the City. If proceeds are remitted to the Paying Agent in accordance with this Section 7, the Paying Agent shall be authorized to create a fund in accordance with the Note Registrar Agreement for that purpose. Any portion of those proceeds received by the City (after payment of those financing costs) representing premium or accrued interest shall be paid into the Bond Retirement Fund.

Section 8. The par value to be received from the sale of the Bonds or of any renewal notes and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes at maturity and are pledged for that purpose.

Section 9. During the year or years in which the Notes are outstanding, there shall be levied on all the taxable property in the City, in addition to all other taxes, the same tax that would have been levied if the Bonds had been issued without the prior issuance of the Notes. The tax shall be within the ten-mill limitation imposed by law, shall be and is ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner and at the same time that taxes for general purposes for each of those years are certified, levied, extended and collected, and shall be placed before and in preference to all other items and for the full amount thereof. The proceeds of the tax levy shall be placed in the Bond Retirement Fund, which is irrevocably pledged for the payment of the debt charges on the Notes or the Bonds when and as the same fall due.

In each year to the extent receipts from the municipal income tax are available for the payment of the debt charges on the Notes or the Bonds and are appropriated for that purpose, the amount of the tax shall be reduced by the amount of such receipts so available and appropriated in compliance with the following covenant. To the extent necessary, the debt charges on the Notes or the Bonds shall be paid from municipal income taxes lawfully available therefor under the Constitution and the laws of the State of Ohio and the Charter of the City; and the City hereby covenants, subject and pursuant to such authority, including particularly Section 133.05(B)(7) of the Ohio Revised Code, to appropriate annually from such municipal income taxes such amount as is necessary to meet such annual debt charges.

Nothing in the preceding paragraph in any way diminishes the irrevocable pledge of the full faith and credit and general property taxing power of the City to the prompt payment of the debt charges on the Notes or the Bonds.

Section 10. The City covenants that it will use, and will restrict the use and investment of, the proceeds of the Notes in such manner and to such extent as may be necessary so that (a) the Notes will not (i) constitute private activity bonds or arbitrage bonds under Sections 141 or 148 of the Internal Revenue Code of 1986, as amended (the "Code") or (ii) be treated other than as bonds the interest on which is excluded from gross income under Section 103 of the Code, and (b) the interest on the Notes will not be an item of tax preference under Section 57 of the Code.

The City further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Notes to be and remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion, and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Notes to the governmental purpose of the borrowing, (ii) restrict the yield on investment property, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports and (v) refrain from certain uses of those proceeds, and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The Director of Finance or any other officer of the City having responsibility for issuance of the Notes is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the City with respect to the Notes as the City is permitted to or required to make or give under the federal income tax laws, including, without limitation thereto, any of the elections available under Section 148 of the Code, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties with respect to the Notes, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments with respect to the Notes, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the City, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes, and (c) to give one or more appropriate certificates of the City, for inclusion in the transcript of proceedings for the Notes, setting forth the reasonable expectations of the City regarding the amount and use of all the

proceeds of the Notes, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Notes. The Director of Finance or any other officer of the City having responsibility for issuance of the Notes is specifically authorized to designate the Notes as "qualified tax-exempt obligations" if such designation is applicable and desirable, and to make any related necessary representations and covenants.

Each covenant made in this Section with respect to the Notes is also made with respect to all issues any portion of the debt service on which is paid from proceeds of the Notes (and, if different, the original issue and any refunding issues in a series of refundings), to the extent such compliance is necessary to assure the exclusion of interest on the Notes from gross income for federal income tax purposes, and the officers identified above are authorized to take actions with respect to those issues as they are authorized in this Section to take with respect to the Notes.

Section 11. The Clerk of Council is directed to promptly deliver a certified copy of this Ordinance to the County Auditors of Miami and Montgomery Counties, Ohio.

Section 12. The Director of Finance is authorized to request a rating for the Notes from Moody's Investors Service, Inc. or S&P Global Ratings, or both, as the Director of Finance determines is in the best interest of the City. The expenditure of the amounts necessary to secure any such ratings as well as to pay the other financing costs (as defined in Section 133.01 of the Ohio Revised Code) in connection with the Notes is hereby authorized and approved and the amounts necessary to pay those costs are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 13. The legal services of the law firm of Squire Patton Boggs (US) LLP are hereby retained. Those legal services shall be in the nature of legal advice and recommendations as to the documents and the proceedings in connection with the authorization, sale and issuance of the Notes and securities issued in renewal of the Notes and rendering at delivery related legal opinions, all as set forth in the form of engagement letter from that firm which is now on file in the office of the Clerk of Council. In providing those legal services, as an independent contractor and in an attorney-client relationship, that firm shall not exercise any administrative discretion on behalf of this City in the formulation of public policy, expenditure of public funds, enforcement of laws, rules and regulations of the State of Ohio, any county or municipal corporation or of this City, or the execution of public trusts. For those legal services, that firm shall be paid just and reasonable compensation and shall be reimbursed for actual out-of-pocket expenses incurred in providing those legal services. To the extent they are not paid or reimbursed pursuant to the Note Purchase Agreement and/or the Note Registrar Agreement, the Director of Finance is authorized and directed to make appropriate certification as to the availability of funds for those fees and any reimbursement and to issue an appropriate order for their timely payment as written statements are submitted by that firm. The amounts necessary to pay those fees and any reimbursement are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 14. The services of Bradley Payne, LLC., as municipal advisor, are hereby retained. The municipal advisory services shall be in the nature of financial advice and recommendations in connection with the issuance and sale of the Notes. In rendering those municipal advisory services, as an independent contractor, that firm shall not exercise any administrative discretion on behalf of the City in the formulation of public policy, expenditure of public funds, enforcement of laws, rules and regulations of the State of Ohio, the City or any other political subdivision, or the execution of public trusts. That firm shall be paid just and reasonable compensation for those municipal advisory services and shall be reimbursed for the actual out-of-pocket expenses it incurs in rendering those municipal advisory services. To the extent they are not paid or reimbursed pursuant to the Note Purchase Agreement and/or the Note Registrar Agreement, the Director of Finance is authorized and directed to make appropriate certification as to the availability of funds for those fees and any reimbursement and to issue an appropriate order for their timely payment as written statements are submitted by that firm. The amounts necessary to pay those fees and any reimbursement are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 15. This Council determines that all acts and conditions necessary to be done or performed by the City or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding general obligations of the City have been performed and

have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; that the full faith and credit and general property taxing power (as described in Section 9) of the City are pledged for the timely payment of the debt charges on the Notes; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

Section 16. This Council finds and determines that all formal actions of this Council and any of its committees concerning and relating to the passage of this Ordinance were taken in an open meeting of this Council or any of its committees, and that all deliberations of this Council and of any of its committees that resulted in those formal actions were in meetings open to the public, all in compliance with the law, including Section 121.22 of the Ohio Revised Code.

Section 17. This Ordinance is declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety or welfare of the inhabitants of the City, and for the further reason that this Ordinance is required to be immediately effective in order to issue and sell the Notes, which is necessary to enable the City to timely acquire the Improvement; therefore, this Ordinance shall be in full force and effect immediately upon its passage.

**Re: City of Huber Heights, Ohio
(Not to Exceed) \$4,262,000 Special Obligation Nontax Revenue Notes, Series 2021B
(Federally Taxable)**

Dear Scott:

We are pleased that the City of Huber Heights, Ohio (the "*City*") has requested Squire Patton Boggs (US) LLP (the "*Firm*") to serve as the City's bond counsel in connection with the issuance of the referenced unvoted, special obligation bond anticipation notes (the "*Notes*").

The Firm's services will include those customarily provided by bond counsel in connection with issues such as the Notes, including the rendering of our legal opinion (the "*Bond Opinion*"), provided that the proceedings for the issuance of the Notes have been completed to our satisfaction. The Bond Opinion will address the legality, validity and binding effect of the Notes, the source of payment and security for the Notes, and certain tax aspects of the Notes under the laws of the State of Ohio. The Firm will address the Bond Opinion to the City and to the original purchaser and will deliver it on the date that the City delivers the Notes to the original purchaser in exchange for their purchase price. For those legal services, the Firm shall be paid just and reasonable compensation in an amount not expected to exceed \$13,250, and shall be reimbursed for the actual out-of-pocket expenses it incurs in rendering those legal services.

As the City's bond counsel, the Firm represents the City. The City is the Firm's client, and an attorney-client relationship will exist between the Firm and the City. We assume that all other parties to the transaction will retain such counsel as they deem necessary and appropriate to represent their interests in this transaction. We further assume that all other parties understand that, in this transaction, we represent only the City, that we are not counsel to any other party,

and that we are not acting as an intermediary among the parties. Our representation of the City will not, however, affect our responsibility to render an objective Bond Opinion.

The City's proposed issuance of the Notes will involve an original purchaser and perhaps other parties. The Firm conducts a national practice in the area of public finance that involves the representation of issuers, underwriters and other parties in the issuance of governmental debt obligations. In addition, the Firm conducts a national and international corporate law practice that includes the representation of financial institutions and other businesses in transactions, litigation and other matters. As a result of the extent and diversity of that practice, the Firm may currently represent or may have represented the original purchaser of the Notes or other parties involved in the issuance of the Notes in matters unrelated to the City or its issuance of the Notes. The Firm may also commence such representations during the time it is serving the City as bond counsel for the Notes. Considering the lack of relationship that such other matters have to the City or to its issuance of the Notes, the Firm does not expect any such other representations to conflict with its fulfillment of its professional obligations to the City as bond counsel for the Notes. We request that the City, by signing and returning a copy of this letter, acknowledge and consent to the Firm's serving the City as bond counsel for the issuance of the Notes though the Firm serves, may have served or may serve other parties to that issuance in other, unrelated matters.

The Firm appreciates the opportunity to represent the City in this transaction. Please signify that the City desires for the Firm to proceed with this engagement as described in this letter by signing a copy of this letter and returning it to us. Please retain the original for the City's files.

Very truly yours,

Christopher J. Franzmann

CITY OF HUBER HEIGHTS
STATE OF OHIO

ORDINANCE NO. 2021-O-

PROVIDING FOR THE ISSUANCE AND SALE OF NOTES IN THE MAXIMUM PRINCIPAL AMOUNT OF \$4,262,000, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF PAYING THE COSTS OF ACQUIRING APPROXIMATELY 19.5 ACRES OF REAL PROPERTY NEAR THE INTERSECTION OF BRANDT PIKE AND FISHBURG ROAD AND PROVIDING FOR THE SITE PREPARATION THEREOF, ALL IN SUPPORT OF ECONOMIC DEVELOPMENT AND JOB CREATION WITHIN THE CITY, AND DECLARING AN EMERGENCY.

WHEREAS, the City of Huber Heights, Ohio (the "City") is authorized by virtue of the laws of the State of Ohio, including, without limitation, Section 13 of Article VIII, Ohio Constitution, and Chapter 165, Ohio Revised Code (the "Act"), among other things, to issue bonds or notes to acquire, construct, equip, furnish, or improve a "project" as defined in Section 165.01, Ohio Revised Code, for the purpose of creating or preserving jobs and employment opportunities and improving the economic welfare of the people of the City and of the State of Ohio; and

WHEREAS, to facilitate the creation of jobs and employment opportunities and improving the economic welfare of the people of the City and of the State of Ohio, the City has determined to issue the Notes (described below) to acquire approximately 19.5 acres of real property near the intersection of Brandt Pike and Fishburg Road and provide for the site preparation thereof (the "Project"); and

WHEREAS, pursuant to Ordinance No. 2020-O-2450 passed October 26, 2020, notes in anticipation of bonds in the principal amount of \$4,262,000, dated November 18, 2020 (the "Outstanding Notes"), were issued for the purpose described in Section 2, to mature on November 17, 2021; and

WHEREAS, this City Council finds and determines that the City should retire the Outstanding Notes with the proceeds of the Notes described in Section 4 and other funds available to the City.

NOW, THEREFORE, BE IT ORDAINED by the City Council of Huber Heights, Ohio that:

Section 1. This City Council hereby determines that the Project is a "project" as defined in the Act and is consistent with the purposes of Section 13 of Article VIII of the Ohio Constitution; that the utilization of the Project is in furtherance of the purposes of the Act and will benefit the people of the City and of the State by creating and preserving jobs and employment opportunities and improving the economic welfare of the people of the City and of the State; and that the amount necessary to finance the Project will require the issuance, sale and delivery of the Notes (as defined below), which Notes shall be issued in anticipation of the Bonds (as defined below), and which Notes shall be payable and secured as provided herein.

Section 2. It is necessary to issue bonds of this City in the maximum principal amount of \$4,262,000 (the "Bonds") for the purpose of paying the costs of acquiring approximately 19.5 acres of real property near the intersection of Brandt Pike and Fishburg Road and providing for the site preparation thereof, all in support of economic development and job creation within the City.

Section 3. The Bonds shall be dated approximately November 1, 2022, shall bear interest at the now estimated rate of 5.00% per year, payable semiannually until the principal amount is paid, and are estimated to mature in twenty (20) annual principal installments on December 1 of each year and in such amounts that the total principal and interest payments on the Bonds in any fiscal year in which principal is payable shall be substantially equal. The first principal payment on the Bonds is estimated to be December 1, 2023.

Section 4. It is necessary to issue and this Council determines that notes in the maximum principal amount of \$4,262,000 (the "Notes") shall be issued in anticipation of the issuance of the Bonds for the purpose described in Section 2 and to pay the costs of the Project and any financing costs. The principal amount of Notes to be issued (not to exceed the stated

maximum amount) shall be determined by the Director of Finance in the certificate awarding the Notes in accordance with Section 7 of this Ordinance (the "*Certificate of Award*") as the amount which is necessary to pay the costs of the Project and any financing costs. The Notes shall be dated the date of issuance and shall mature not more than one year following the date of issuance, *provided* that the Director of Finance shall establish the maturity date in the Certificate of Award. The Notes shall bear interest at a rate or rates not to exceed 5.00% per year (computed on the basis of a 360-day year consisting of twelve 30-day months), payable at maturity and until the principal amount is paid or payment is provided for. The rate or rates of interest on the Notes shall be determined by the Director of Finance in the Certificate of Award in accordance with Section 7 of this Ordinance. The Notes shall be issued pursuant to the Act, the Charter of the City, this Ordinance and the Certificate of Award.

Section 5. The debt charges on the Notes shall be payable in lawful money of the United States of America or in Federal Reserve funds of the United States of America as determined by the Director of Finance in the Certificate of Award, and shall be payable, without deduction for services of the City's paying agent, at the office of a bank or trust company designated by the Director of Finance in the Certificate of Award after determining that the payment at that bank or trust company will not endanger the funds or securities of the City and that proper procedures and safeguards are available for that purpose or at the office of the Director of Finance if agreed to by the Director of Finance and the original purchaser (the "*Paying Agent*").

The City Manager and the Director of Finance shall sign and deliver, in the name and on behalf of the City, the Note Registrar Agreement between the City and the Paying Agent, in substantially the form as is now on file with the Clerk of Council. The Note Registrar Agreement is approved, together with any changes or amendments that are not inconsistent with this Ordinance and not substantially adverse to the City and that are approved by the City Manager and the Director of Finance on behalf of the City, all of which shall be conclusively evidenced by the signing of the Note Registrar Agreement or amendments thereto. The Director of Finance shall provide for the payment of the services rendered and for reimbursement of expenses incurred pursuant to the Note Registrar Agreement, except to the extent paid or reimbursed by the original purchaser in accordance with the Certificate of Award, from the proceeds of the Notes to the extent available and then from other money lawfully available and appropriated or to be appropriated for that purpose.

Section 6. The Notes shall be signed by the City Manager and Director of Finance, in the name of the City and in their official capacities, *provided* that one of those signatures may be a facsimile. The Notes shall be issued in minimum denominations of \$100,000 (and may be issued in denominations in such amounts in excess thereof as requested by the original purchaser and approved by the Director of Finance) and with numbers as requested by the original purchaser and approved by the Director of Finance. The entire principal amount may be represented by a single note and may be issued as fully registered securities (for which the Director of Finance will serve as note registrar) and in book entry or other uncertificated form in accordance with Section 9.96 and Chapter 133 of the Ohio Revised Code if it is determined by the Director of Finance that issuance of fully registered securities in that form will facilitate the sale and delivery of the Notes. The Notes shall not have coupons attached, shall be numbered as determined by the Director of Finance and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this Ordinance. As used in this Section and this Ordinance:

"*Book entry form*" or "*book entry system*" means a form or system under which (a) the ownership of beneficial interests in the Notes and the principal of and interest on the Notes may be transferred only through a book entry, and (b) a single physical Note certificate in fully registered form is issued by the City and payable only to a Depository or its nominee as registered owner, with the certificate deposited with and "immobilized" in the custody of the Depository or its designated agent for that purpose. The book entry maintained by others than the City is the record that identifies the owners of beneficial interests in the Notes and that principal and interest.

"*Depository*" means any securities depository that is a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, operating and maintaining, with its Participants or otherwise, a book entry system to record ownership of beneficial interests in the Notes or the principal of and interest on the Notes, and to effect

transfers of the Notes, in book entry form, and includes and means initially The Depository Trust Company (a limited purpose trust company), New York, New York.

“Participant” means any participant contracting with a Depository under a book entry system and includes securities brokers and dealers, banks and trust companies and clearing corporations.

The Notes may be issued to a Depository for use in a book entry system and, if and as long as a book entry system is utilized, (a) the Notes may be issued in the form of a single Note made payable to the Depository or its nominee and immobilized in the custody of the Depository or its agent for that purpose; (b) the beneficial owners in book entry form shall have no right to receive the Notes in the form of physical securities or certificates; (c) ownership of beneficial interests in book entry form shall be shown by book entry on the system maintained and operated by the Depository and its Participants, and transfers of the ownership of beneficial interests shall be made only by book entry by the Depository and its Participants; and (d) the Notes as such shall not be transferable or exchangeable, except for transfer to another Depository or to another nominee of a Depository, without further action by the City.

If any Depository determines not to continue to act as a Depository for the Notes for use in a book entry system, the Director of Finance may attempt to establish a securities depository/book entry relationship with another qualified Depository. If the Director of Finance does not or is unable to do so, the Director of Finance, after making provision for notification of the beneficial owners by the then Depository and any other arrangements deemed necessary, shall permit withdrawal of the Notes from the Depository, and shall cause the Notes in bearer or payable form to be signed by the officers authorized to sign the Notes and delivered to the assigns of the Depository or its nominee, all at the cost and expense (including any costs of printing), if the event is not the result of City action or inaction, of those persons requesting such issuance.

The Director of Finance is also hereby authorized and directed, to the extent necessary or required, to enter into any agreements determined necessary in connection with the book entry system for the Notes, after determining that the signing thereof will not endanger the funds or securities of the City.

Section 7. The Notes shall be sold at not less than par plus accrued interest (if any) at private sale by the Director of Finance in accordance with law and the provisions of this Ordinance, the Certificate of Award and the Note Purchase Agreement. The Director of Finance shall sign the Certificate of Award referred to in Section 4 fixing the interest rate or rates which the Notes shall bear and evidencing that sale to the original purchaser, cause the Notes to be prepared, and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price.

The Note Purchase Agreement between the City and the original purchaser and now on file with the Clerk of Council is approved, and the City Manager and the Director of Finance are authorized to sign and deliver, on behalf of the City, the Note Purchase Agreement with such changes that are not inconsistent with the provisions of this Ordinance, are not materially adverse to the interests of the City and are approved by the City Manager and the Director of Finance. Any such changes to the Note Purchase Agreement are not materially adverse to the interests of the City and are approved by the City Manager and the Director of Finance shall be evidenced conclusively by the signing of the Note Purchase Agreement by the City Manager and the Director of Finance.

The City Manager, the Director of Finance, the City Attorney, the Clerk of Council and other City officials, as appropriate, and any person serving in an interim or acting capacity for any such official, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this Ordinance. The actions of the City Manager, the Director of Finance, the City Attorney, the Clerk of Council or other City official, as appropriate, in doing any and all acts necessary in connection with the issuance and sale of the Notes are hereby ratified and confirmed.

Section 8. The proceeds from the sale of the Notes received by the City (or withheld by the original purchaser or deposited with the Paying Agent, in each case on behalf of the City)

shall be paid into the proper fund or funds, and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. The Certificate of Award and the Note Purchase Agreement may authorize the original purchaser to (a) withhold certain proceeds from the sale of the Notes or (b) remit certain proceeds from the sale of the Notes to the Paying Agent, in each case to provide for the payment of certain financing costs on behalf of the City. If proceeds are remitted to the Paying Agent in accordance with this Section 7, the Paying Agent shall be authorized to create a fund in accordance with the Note Registrar Agreement for that purpose. Any portion of those proceeds received by the City (after payment of those financing costs) representing premium or accrued interest shall be paid into the Bond Fund (as described below).

Section 9. The par value to be received from the sale of the Bonds or of any renewal notes and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes at maturity and are pledged for that purpose.

Section 10. The Notes are special obligations of the City, the principal of and interest on which are payable solely from the proceeds of the Bonds and by a pledge of and lien on the Nontax Revenues established by and as provided in this Ordinance which are on deposit in the Bond Fund, all as described below. The City covenants that to the extent the Notes will not be paid fully from Nontax Revenues, it will do all things necessary for the issuance of the Bonds or renewal bond anticipation notes in an appropriate amount to provide for the payment of the principal of and interest on the Notes on the maturity date of the Notes.

There was heretofore created by the City a separate account within the Bond Retirement Fund named the Economic Development Bond Retirement Account (the "Bond Fund") into which Nontax Revenues shall be deposited in accordance with the following provisions.

The City hereby covenants and agrees that on or before any date on which principal or interest is payable on the Notes it shall deposit into the Bond Fund from Nontax Revenues selected by the City or proceeds from the Bonds or renewal bond anticipation notes as determined by the City, an amount equal to the amount of principal and/or interest due on the Notes on that date, less, in the discretion of the City, any interest earnings or other moneys accumulated in the Bond Fund which have not theretofore been used as a credit against a prior payment obligation. Moneys in the Bond Fund shall be used solely and exclusively to pay principal and interest on City obligations payable from the Nontax Revenues.

The City hereby covenants and agrees that so long as the Notes are outstanding, it will appropriate and maintain sufficient Nontax Revenues each year to make each payment due under this Section 10 and to pay principal and interest when due; *provided, however*, the amount of such appropriation may be reduced by the amount of any Bonds or renewal bond anticipation notes issued for the purpose of refunding the Notes and payments due hereunder and under the Notes are payable solely from the proceeds of the Bonds and the Nontax Revenues, which Nontax Revenues are hereby selected by the City pursuant to Section 165.12 of the Ohio Revised Code as moneys that are not raised by taxation. The Notes are not secured by an obligation or pledge of any moneys raised by taxation. The Notes do not and shall not represent or constitute a debt or pledge of the faith or credit or taxing power of the City, and the registered owners of the Notes have no right to have taxes levied by the City for the payment of principal of and interest on the Notes.

Nothing herein shall be construed as requiring the City to use or apply to the payment of principal of and interest on the Notes any funds or revenues from any source other than proceeds of the Bonds and Nontax Revenues. Nothing herein, however, shall be deemed to prohibit the City, of its own volition, from using, to the extent that it is authorized by law to do so, any other resources for the fulfillment of any of the terms, conditions or obligations of this Ordinance or of the Notes.

For purpose of this Ordinance, "Nontax Revenues" shall mean all moneys of the City which are not moneys raised by taxation, to the extent available for such purposes, including, but not limited to the following: (a) grants from the United States of America and the State of Ohio; (b) payments in lieu of taxes now or hereafter authorized by State statute; (c) fines and forfeitures which are deposited in the City's General Fund; (d) fees deposited in the City's General Fund from properly imposed licenses and permits; (e) investment earnings on the City's General Fund and which are credited to the City's General Fund; (f) investment earnings of other funds of the

City that are credited to the City's General Fund; (g) proceeds from the sale of assets which are deposited in the City's General Fund; (h) rental income which is deposited in the City's General Fund; (i) gifts and donations; and (j) proceeds from the sale of any portion of the Project.

Section 11. The Director of Finance is authorized and directed to provide the notification required by Section 165.03(D) of the Ohio Revised Code to the Director of the Ohio Development Services Agency.

Section 12. The Director of Finance is authorized to request a rating for the Notes from Moody's Investors Service, Inc. or S&P Global Ratings, or both, as the Director of Finance determines is in the best interest of the City. The expenditure of the amounts necessary to secure any such ratings as well as to pay the other financing costs (as defined in Section 133.01 of the Ohio Revised Code) in connection with the Notes is hereby authorized and approved and the amounts necessary to pay those costs are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 13. The legal services of the law firm of Squire Patton Boggs (US) LLP are hereby retained. Those legal services shall be in the nature of legal advice and recommendations as to the documents and the proceedings in connection with the authorization, sale and issuance of the Notes and securities issued in renewal of the Notes and rendering at delivery related legal opinions, all as set forth in the form of engagement letter from that firm which is now on file in the office of the Clerk of Council. In providing those legal services, as an independent contractor and in an attorney-client relationship, that firm shall not exercise any administrative discretion on behalf of this City in the formulation of public policy, expenditure of public funds, enforcement of laws, rules and regulations of the State of Ohio, any county or municipal corporation or of this City, or the execution of public trusts. For those legal services, that firm shall be paid just and reasonable compensation and shall be reimbursed for actual out-of-pocket expenses incurred in providing those legal services. To the extent they are not paid or reimbursed pursuant to the Note Purchase Agreement and/or the Note Registrar Agreement, the Director of Finance is authorized and directed to make appropriate certification as to the availability of funds for those fees and any reimbursement and to issue an appropriate order for their timely payment as written statements are submitted by that firm. The amounts necessary to pay those fees and any reimbursement are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 14. The services of Bradley Payne, LLC., as municipal advisor, are hereby retained. The municipal advisory services shall be in the nature of financial advice and recommendations in connection with the issuance and sale of the Notes. In rendering those municipal advisory services, as an independent contractor, that firm shall not exercise any administrative discretion on behalf of the City in the formulation of public policy, expenditure of public funds, enforcement of laws, rules and regulations of the State of Ohio, the City or any other political subdivision, or the execution of public trusts. That firm shall be paid just and reasonable compensation for those municipal advisory services and shall be reimbursed for the actual out-of-pocket expenses it incurs in rendering those municipal advisory services. To the extent they are not paid or reimbursed pursuant to the Note Purchase Agreement and/or the Note Registrar Agreement, the Director of Finance is authorized and directed to make appropriate certification as to the availability of funds for those fees and any reimbursement and to issue an appropriate order for their timely payment as written statements are submitted by that firm. The amounts necessary to pay those fees and any reimbursement are hereby appropriated from the proceeds of the Notes, if available, and otherwise from available moneys in the General Fund.

Section 15. This Council determines that all acts and conditions necessary to be done or performed by the City or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding special obligations of the City have been performed and have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

Section 16. This Council finds and determines that all formal actions of this Council and any of its committees concerning and relating to the passage of this Ordinance were taken in an open meeting of this Council or any of its committees, and that all deliberations of this Council and of any of its committees that resulted in those formal actions were in meetings open to the public, all in compliance with the law, including Section 121.22 of the Ohio Revised Code.

Section 17. This Ordinance is declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety or welfare of the inhabitants of the City, and for the further reason that this Ordinance is required to be immediately effective in order to permit the City to issue the Notes under Chapter 165 of the Ohio Revised Code in order to create or preserve jobs and employment opportunities and improve the economic welfare of the people of the City and the State of Ohio and to enable the City to timely acquire the Project; therefore, this Ordinance shall be in full force and effect immediately upon its passage.

Agenda Item Description or Legislation Title

County Assessments Authorization

Purpose and Background

Montgomery County requires all communities to pass separate legislation for assessments that are to be added to the tax duplicate. Therefore, before the City can assess property for such things as annual sidewalk assessments, grass/weed charges, property maintenance abatement, unpaid water and sewer, etc., the City must pass legislation specifically identifying the property and the amount of the assessment. Assessments are based on collection for City services previously provided; therefore, City Staff are asking that this item be passed as emergency legislation.

Exhibit A, which provides all details of the assessments, is attached. City Staff request waiving of the second reading and approval of this legislation at the City Council Meeting on September 13, 2021 because that is the last opportunity (extended time) to present assessments for the 2021 property tax bills that residents will receive in 2022.

Redwood Development Agreement Amendment

Purpose and Background

The City entered into the Red Buckeye Development Agreement in 2015 that addresses certain property located within Carriage Trails which is intended to be used for commercial projects. This Red Buckeye Development Agreement details the use of CRA incentives related to these projects. The City added certain property to the then existing CRA area to accomplish economic development. All of the property that was added to the CRA district was not covered within the Red Buckeye Development Agreement. The owners of certain other property, not covered under the Red Buckeye Development Agreement, but added to the CRA, have agreed to only request CRA exemption if agreed to in advance by the City and that the City may deny CRA exemption at its sole discretion. This allows the City to control the granting of CRA exemptions and binds future owners of these parcels to this agreement. An agreement was created for Redwood - Phase III, and the developer is ready to move to Phase IV.

This additional agreement allows for the next phase of the Redwood (Harrison) development. The previous phases did not include a portion of the Carriage Trails and Red Buckeye assessments; however, this phase on the involved parcel does. The agreement will allow for incentives within the CRA for the advancement of the project.

PRE-ANNEXATION AGREEMENT

THIS PRE-ANNEXATION AGREEMENT (the "*Agreement*") is made and entered into this _____ day of _____, 20__, by and among CARRIAGE TRAILS AT THE HEIGHTS LLC (the "*Developer*"), and the CITY OF HUBER HEIGHTS, OHIO (the "*City*"), The Developer and the City are referred to collectively herein as the "*Parties*".

RECITALS:

WHEREAS, the Developer owns or controls by contract approximately 233.280+/- acres of land (which land is depicted on **EXHIBIT A** attached hereto and owned by the several owners as described on **EXHIBIT B** attached hereto and referred to herein as the "*Property*"); and

WHEREAS, the Parties agree that it is in their mutual interest during the annexation process to enter into this Agreement for the mutual benefit of the Developer and the City; and

NOW THEREFORE, in consideration of the covenants and agreements contained herein, the Developer and the City covenant and agree as follows:

Section 1. Annexation Petitions and Related Approvals.

A. Petition(s) for Annexation; Annexation. The Developer agrees to prepare and file one or more petitions as required by the Ohio Revised Code ("*ORC*"), to annex the Property to the City. The annexation process shall be an "Expedited Type II" annexation as provided in ORC Section 709.023.

B. City Service Resolution. As required by the ORC, the City agrees to enact, prior to twenty (20) days after the date of filing the annexation petition(s) with the Board of County Commissioners of Miami County, Ohio (the "*Commissioners*"), the appropriate resolution of service (the "*Service Resolution*") stating the services that will be provided to the Property upon annexation. A copy of the proposed Service Resolution is attached hereto as **Exhibit C**.

Section 2. Development Considerations.

(i) TIF. The Developer agrees to cooperate with the City to place Tax Increment Financing ("TIF") on the Property. The City will prepare all documents necessary to impose the TIF on the

Property and the Developer and the City will execute said documents after an agreement has been reached by the parties.

(ii) **Special Assessments.** The City agrees to approve developer-funded special assessments on terms consistent with those described in City Resolution No. 2021-R-7018 and City Ordinance No. 2021-O-2483. The terms of the special assessments will be negotiated by the parties and the parties will execute an agreement once the terms have been agreed upon.

Section 3. Zoning Considerations. The Developer has determined to seek zoning for a planned unit development designation similar to Carriage Trails. If, for any reason, the rezoning cannot be accomplished in a manner acceptable to the Developer and/or the rezoning is referred or defeated for any reason, and/or an ordinance, resolution or rule is enacted by the City that would adversely affect Developer's intended use of the Property, the City agrees, at the Developer's request, not to accept the annexation by allowing the 120-day acceptance period to expire and Developer may terminate this Agreement. If (i) the annexation approval occurs prior to or other than concurrently with the approval of the rezoning and the rezoning is subsequently not approved in a manner acceptable to the Developer; (ii) the annexation approval is referred to a vote of the electorate; or (iii) an ordinance, resolution or rule is enacted or adopted by the City that would adversely affect Developer's intended use of the Property, the City agrees, at the request of the Developer: (a) to reconsider the ordinance accepting the annexation and/or rescind, repeal and reject the annexation approval; or (b) to approve detachment/de-annexation from the City the part(s) of the Property and/or not oppose Developer's petition to detach/de-annex all or part the Property; and the Developer may terminate this Agreement.

Section 4. Compliance. Nothing in this Agreement shall abrogate the Parties hereto from the zoning, development plan, and subdivision platting process before the Planning Commission, Board of Zoning Appeals, if necessary, and before the City Council of the City.

Section 5. Miscellaneous.

A. **Intent of Parties.** This Agreement shall be binding upon the Parties hereto and their respective successors and/or assigns, and by execution hereof, all Parties represent that they are duly authorized to sign it. By passage of Ordinance No. _____ on _____, the City has authorized the execution of this Agreement.

B. **Public Notice and Hearings.** All public hearings will occur in accordance with the requirements of the ORC, the Rules of Regulations of the Board of County Commissioners pertaining to Annexations, and the ordinances of the City.

C. **Notices.** For purposes of this agreement, notices shall be addressed as follows:

Upon the recording of the lot split, the legal description of the Property shall be used on the Deed as described herein

2. PURCHASE PRICE AND EARNEST MONEY

By this Agreement, Seller hereby agrees to sell and Purchaser agrees to purchase, subject to certain conditions contained herein, the Property. The total purchase price for all the Property shall be One Hundred Fifty Thousand and no/100 Dollars (\$150,000.00) per acre, based on the acreage reflected on the lot split of the Property. The Purchase Price shall be paid at the Closing.

(a) Purchaser shall deposit Earnest Money of Five Thousand and no/100 Dollars (\$5,000.00) (the "Earnest Money"), with Fidelity Lawyers Title Agency, LLC as Escrow Agent to be held pursuant to the terms hereof. The Earnest Money shall be credited toward the Purchase Price at Closing or shall be otherwise dealt with according to the terms of this Agreement. If the closing does not occur because of Seller's default or because any condition of this Contract is not satisfied or waived, Purchaser shall be entitled to the Earnest Money. If Purchaser defaults, Seller shall be entitled to the Earnest Money. The Earnest Money shall be held by the Escrow Agent until one of the following occurs: (1) the transaction closes and the Escrow Agent disburses the Earnest Money pursuant to the terms of this Agreement; (2) the parties provide the Escrow Agent with written instructions that both parties have signed that specify how the Escrow Agent is to disburse the Earnest Money; (3) the Escrow Agent receives a copy of a final court order that specifies to

3. OBLIGATIONS CONDITIONAL

A. Purchaser's Conditions Precedent. The Purchaser's obligations under this Agreement shall be subject to satisfaction of each of the following conditions listed in subparagraphs (1) through (7) inclusive (collectively, the "Conditions"). The cost of satisfying the Conditions shall be the responsibility of Purchaser.

Purchaser shall have a period of ninety (90) days (the "Due Diligence Period") in which to determine if the Conditions have been met. If, during the Due Diligence Period (or at the end of any applicable cure period), Purchaser determines that any Condition has not been reasonably satisfied, then Purchaser shall have the right to terminate this Agreement by written notice to Seller and Escrow Agent shall promptly refund the Earnest Money to Purchaser. If Purchaser terminates the Agreement as provided in this Section then Purchaser agrees to deliver originals or copies of its inspection reports to Seller. However, if Purchaser has not notified Seller that any Condition remains unsatisfied by the expiration of the Due Diligence Period (or the end of any applicable cure period which extends beyond the Due Diligence Period), then all of the Conditions will conclusively be deemed to have been satisfied or waived.

(1) Title. Purchaser shall secure a commitment for an owner's policy of title insurance which shall be acceptable to Purchaser.

(2) Survey. Purchaser shall obtain an ALTA survey of the Property, which survey shall contain the legal description of the Property and shall show the location of all improvements located upon the Property. Such survey shall show no encroachments, overlaps, gaps, gores or other irregularities.

(3) Inspections. Purchaser shall have the right to make a thorough inspection of the Property and Purchaser shall have access to the Property for the purpose of completing the inspections.

(4) Environmental Study. Purchaser shall secure a Phase I environmental site assessment to be performed regarding the Property, which assessment shall be made by a qualified environmental assessment professional person or organization. If such report concludes that the Property, or any part thereof, is unsuited for Purchaser's intended use of the Property due to land contamination by any

Hazardous Material, as defined below, Purchaser shall have the option to terminate this Agreement in its entirety or as to such part of the Property which contains the contamination.

(5) Quantity of Utilities. Purchaser shall have satisfied itself that electricity, gas, water, telephone, sanitary sewer and storm sewers are available to the Property in sufficient capacities to service the Purchaser's proposed use of the Property.

(6) Zoning. Purchaser shall have determined that the current zoning of the Property permits Purchaser's intended use of the Property.

(7) Access. Purchaser shall have obtained an access easement from the owner of the adjacent Meijer parcel providing perpetual access to the Property on terms and conditions acceptable to Purchaser in Purchaser's sole discretion (the "Meijer Easement").

The Due Diligence Period may be extended for one (1) additional period of sixty (60) days only for the purpose of obtaining the Meijer Easement. Such extension shall be made if all by written notice from Buyer to Seller given on or before the conclusion of the original Due Diligence Period.

B. Seller's Right to Cure. If any of the above reports or inspections disclose any materially adverse condition unacceptable to Purchaser, then the Purchaser shall promptly deliver written notice to the Seller and Seller shall have thirty (30) days to remedy (at Seller's sole cost and expense) and at Seller's discretion, any materially adverse condition Purchaser has objected to in writing. If Seller does not begin efforts reasonably calculated to remedy the objection within fifteen (15) days after the date of Purchaser's notice then Purchaser shall have the right to terminate this Agreement by written notice to the Seller. However, in the event that Seller is unable or unwilling to cure any objection made by Purchaser, Purchaser may, by written notice to Seller, waive such condition and proceed to purchase the Property.

C. Inspections. Purchaser, or its consultants, shall have the right during the Due Diligence Period to enter upon the Property at reasonable times so as not to interfere with Seller's use of the Property, to gather such information, including, but not limited to, surveys, soils tests, and environmental assessment reports, as it deems necessary. Purchaser agrees to return or restore the Property to substantially its original state within a reasonable time period after the tests are conducted, not to exceed sixty (60) days after completion of the tests. Purchaser shall indemnify and hold Seller harmless from any and all claims, costs or liability arising from the entry onto the Property and testing performed by Purchaser, its consultants, agents or employees.

D. AS IS. Should Purchaser decide to Close on the Property after the Due Diligence Period, all above contingencies shall be deemed satisfied or waived and the Property shall be transferred in its AS IS condition.

4. COVENANTS AND WARRANTIES OF PURCHASER

Purchaser covenants and warrants to Seller as follows:

A. Authorization. Purchaser has full legal power and authority to purchase the Property as provided for herein, without any other consent or proceeding required from any other person, entity or organization and the person executing this Agreement on behalf of Purchaser is fully authorized to act on behalf of the Purchaser.

B. Conflict. The execution, delivery and performance of this Agreement by Purchaser does not conflict with or result in a breach of the provisions of, or constitute a default under the terms of Purchaser's organizational documents or any mortgage, deed of trust, franchises, permit, license, note, agreement or other instrument to which Purchaser is a party or by which Purchaser may be bound.

5. COVENANTS AND WARRANTIES OF SELLER

Seller covenants and warrants to Purchaser as follows:

A. Authorization. Seller has full legal power and authority to own and convey the Property as provided for herein, without any other consent or proceeding required from any other person, entity or organization and the person executing this Agreement on behalf of Seller is fully authorized to act on behalf of Seller.

B. Conflict. Neither the entering into of this Agreement nor any Closing under this Agreement will constitute a violation or breach by Seller of any contract, agreement, encumbrance, court order or other instrument to or by which Seller may be bound.

C. Litigation. There is no pending litigation or claim which affects or which might affect the Property.

D. Work in Progress. No work has been performed or is in progress upon the Property and no materials have been furnished to the Property or any portion thereof which after Closing could give rise to any mechanics, materialmen, or other liens and at Closing, Seller shall furnish to Purchaser an affidavit attesting to the absence of any such liens or rights to liens. Further, as of the date of this Agreement, no assessments for public improvements or otherwise have been made against the Property which remain unpaid (including without limitation, those for construction of water, sewer, gas and electric lines).

E. Hazardous Materials. Seller represents that, to the best of Seller's knowledge, the Property is free from any material or substance presently prohibited or regulated by any governmental authority or which is presently known to pose a hazard to the health or safety of occupants or the Property ("Hazardous Material"). During Seller's ownership of the Property it has been used primarily for farming purposes only.

F. Title. Seller owns fee simple marketable title to the Property and no other person or entity has any right to the Property which is based on encumbrances, written agreements or oral understandings, other than matters which appear in the public record. For the purposes of this paragraph, "marketable title" shall be determined by reference to the Ohio State Bar Association Standards of Title Examination.

G. No Encroachments. Seller has no notice and no knowledge of any facts which would reasonably put Seller on notice: (1) of any dispute regarding the location of the Property lines; (2) that any improvements on adjacent properties encroach onto the Property; or (3) that any improvement on the Property encroaches upon any adjacent property.

H. No Violations. Seller has no notice and no knowledge of any facts which would reasonably put Seller on notice regarding: (1) the removal or abatement of any nuisance; (2) any building code violation on the Property; (3) the violation of any zoning ordinances affecting the Property; or (4) any violation of any other regulation of any governmental authority having jurisdiction over the Property.

I. No Condemnations or Assessments. The Property is not subject to any pending condemnation or proceeding in eminent domain and Seller is not aware of any planned or threatened proceedings. There are no special assessments affecting the Property and Seller is not aware of any planned improvements which might lead to the imposition of any such assessments.

Seller shall reaffirm to Purchaser that these warranties are true at the time of the Closing.

6. CLOSING AND POSSESSION

Subject to the conditions precedent to Purchaser's obligation to close as provided in Item 3 hereof, the Closing shall occur within thirty (30) days after the end of the Due Diligence Period, at such place in Montgomery County, Ohio as agreed upon by both parties. Possession of the Property shall be delivered to Purchaser at the Closing. Seller, at Seller's expense shall terminate any agreement for tenant farming affecting the Property.

7. MARKETABLE TITLE AND REAL ESTATE TAXES

clear of all liens and encumbrances and the rights to take liens and encumbrances, except: (a) legal highways; (b) installments of taxes and assessments becoming due and payable after the Closing Date; (c) zoning; and (d) any other exception disclosed in the title insurance commitment and accepted by the Purchaser in writing on or before the Closing Date. Seller shall have paid (or shall credit against the Purchase Price at Closing) all taxes and assessments, if any, due and payable prior to the Closing date.

8. PRORATIONS AT CLOSING

A. Taxes. The Seller shall also pay or credit a prorata share of the next estimated semi-annual installment of taxes and assessments due and payable in accordance with location custom; except that if the assessments are assessed annually, then the proration of assessments shall be based upon the annual assessment. The Seller's prorata share shall be computed based upon the number of days elapsing between the most recent semi-annual installment and the Closing Date. Seller shall be responsible for the payment of any agricultural recoument.

B. Utilities. Water, electricity, steam and gas meters shall be read as of the date of Closing and Seller shall pay all final bills, including all sewer charges, in full as of the Closing date.

9. DAMAGE OR DESTRUCTION OF PROPERTY

Seller shall keep the Property adequately insured against fire and extended coverage perils and shall maintain the Property in its present condition until Closing. Seller shall bear all risk of loss to the Property until Closing. If any of the Property is materially damaged, or destroyed before the Closing, Purchaser may either: (a) proceed with the Closing and be entitled to all insurance proceeds not exceeding the Purchase Price, if any, payable to the Seller under all policies covering the Property plus an amount equal to Seller's insurance deductible(s); or (b) terminate this Agreement by giving written notice to Seller within twenty (20) days after the Purchaser receives written notice of the damage or destruction, including the amount of insurance proceeds payable. If Purchaser terminates this Agreement for the reasons stated in this Section the Escrow Agent shall immediately refund the Earnest Money to Purchaser.

10. DEFAULT BY SELLER

Seller shall be in Default hereunder if, (a) Seller fails or refuses to deliver good and marketable title to the Property at the Closing; (b) Seller shall fail to comply with any material term, provision or condition of this Agreement; or (c) any of the representations and warranties made by Seller herein shall be in any material respect misleading, inaccurate or untrue. Upon the occurrence of any default of Seller hereunder, Purchaser shall give Seller written notice specifying the nature of the default. If Seller does not cure the default within 30 days, or other period of time agreed upon by Purchaser, the Purchaser may then as its only remedies, (a) seek specific performance of this Agreement; (b) cancel future obligations under this Agreement by giving

written notice of such cancellation to Seller and receive a return of the Earnest Money; or (c) take title subject to the defect, exception, objection inaccuracy or failure.

11. DEFAULT BY PURCHASER

Purchaser shall be in Default hereunder if Purchaser (a) fails to comply with any material term, provision or condition of this Agreement; (b) fails to timely close the purchase of the Property and such closing deadline is not extended in writing by Seller; (c) enters into a general assignment or arrangement for the benefit of creditors; (d) files a voluntary petition in bankruptcy; (e) has filed against it a petition in bankruptcy and the same not having been dismissed within ninety (90) days after its filing; or (f) has appointed a receiver with respect to the property or assets of Purchaser. Upon the occurrence of a default by Purchaser hereunder, Seller shall give Purchaser written notice specifying the nature of the default. If Purchaser does not cure the default within 30 days, or other period of time agreed upon by Seller, Seller may then as its only remedies (a) terminate this Agreement upon written notice to Purchaser and thereby relieve the Property from the terms of this Agreement, and (b) retain the Earnest Money as liquidated damage, it being agreed that actual damage would be impossible to ascertain. .

12. COMMISSIONS

Except for Paul Howe Realty, Inc. representing the Purchaser, whose commission shall be paid pursuant to a separate letter agreement, each party represents to the other that it has not retained any broker or agreed to pay any brokerage fee or commission to any agent or broker for, or on account of, this Agreement or the transactions contemplated hereby and each party agrees to indemnify the other against claims for commissions arising from the actions of said party.

AMENDING COMMUNITY REINVESTMENT AREA #6 BY INCLUDING ADDITIONAL PROPERTIES WITHIN COMMUNITY REINVESTMENT AREA #6.

WHEREAS, the City of Huber Heights desires to encourage the development of and reinvestment in certain real property in the City; and

WHEREAS, on November 8, 1993 Resolution No. 93-R-1347 created Community Reinvestment Area #6 within the City of Huber Heights; and

WHEREAS, a housing survey was undertaken with respect to the creation of Community Reinvestment Area #6 and includes land described in Exhibit A.1 (which is attached hereto and incorporated herein by reference) and is on file with the Clerk of Council; and

WHEREAS, the City of Huber Heights has determined it is in the best interest of the City to amend Resolution No. 93-R-1347 to include those additional lands described on the attached Exhibits A.1 and A.2 within Community Reinvestment Area #6; and

WHEREAS, this is the first amendment to Community Reinvestment Area #6 which was created prior to November 8, 1993 and accordingly, the amended Community Reinvestment Area #6 shall be subject to the applicable provisions of the Ohio Revised Code in existence at the time Community Reinvestment Area #6 was originally created.

NOW, THEREFORE, BE IT RESOLVED by the City Council of Huber Heights, Ohio that:

It is further found by the Council that remodeling of existing structures and new construction on properties described in Exhibits A.1 and A.2 would serve to encourage economic stability, maintain real property values, and generate new employment opportunities.

Section 2. The exemptions from real estate taxation as described in Resolution No. 93-R-1347 shall apply to the newly expanded Community Reinvestment Area #6 which shall now include those properties as described in Exhibits A.1 and A.2.

Section 3. The City Council reserves the right to re-evaluate the designation of Community Reinvestment Area #6 after January 1, 2022 at which time the Council may direct the Housing Officer not to accept any new applications for tax exemptions as referred to in Section 3735.67, Ohio Revised Code.

Section 4. The City Manager shall remain the Housing Officer for Community Reinvestment Area #6 as required by the Ohio statutes referred to in Section 2 above.

Section 5. The Community Reinvestment Area Housing Council created under Resolution No. 93-R-1347 shall continue to serve as the Community Reinvestment Area Housing Council for Community Reinvestment Area #6.

Additionally, this legislation removes the original Marian Meadows property from Community Reinvestment Area #7. Future legislation establishing a new Post-94 Community Reinvestment Area will be presented to City Council once a meaningful redevelopment investment has committed to this site. This is necessary to ensure the accurate and uniform incentive application and management.

OneOhio Subdivision Settlement Participation Form – National Opioid Settlement

Agenda Item Description or Legislation Title

OneOhio Subdivision Settlement Participation Form – National Opioid Settlement

Purpose and Background

There may be a settlement between the State of Ohio and certain opioid distributors that could result in Huber Heights receiving between \$172,000 and \$246,000 (the Montgomery County portion) and between \$4,000 and \$6,000 (the Miami County portion). Johnson and Johnson is close to settling as well and if it does these amounts will increase. It appears that the funds, if distributed are to be used "to prevent, treat and support recovery from addiction including opioids and/or any other co-occurring substance use and/or mental health conditions which are all long-lasting (chronic) diseases that can cause major health, social, and economic problems at the individual, family and/or community level." It is unclear at this time how it will be disbursed or even how it can be spent (assuming there is a settlement). The proposed settlement on the table requires at least 95% participation from local governments (among other things) so OML was pushing to get its members to vote to accept this settlement. The City needed to submit its approval by August 13, 2021 and this subsequent legislation ratifying the acceptance of the settlement keeps the process moving forward.

The governmental entity identified above ("*Governmental Entity*"), in order to obtain and in consideration for the benefits provided to the Governmental Entity consistent with the material terms of the National Settlement Agreement dated July 21, 2021 ("*National Distributor Settlement*"), and acting through the undersigned authorized official, hereby elects to participate in the material terms of the National Settlement Agreement Distributor Settlement, release all Released Claims against all Released Entities, and agrees as follows.

1. The Governmental Entity is aware of and has reviewed the National Distributor Settlement, understands that all terms in this Participation Form have the meanings defined therein, and agrees that by signing this Participation Form, the Governmental Entity elects to participate consistent with the material terms of the National Distributor Settlement and become a Participating Subdivision as provided therein pursuant to the terms of the final OneOhio Memorandum of Understanding dated July 28, 2021.
2. The Governmental Entity's election to participate is specifically conditioned on participation by 95% or more of the Litigating Subdivisions in Ohio. Should less than 95% of the Litigating Subdivisions in Ohio participate, this election shall be deemed void and no claims shall be released.
3. The Governmental Entity shall, prior to the filing of the Consent Judgment, secure the dismissal with prejudice of any Released Claims that it has filed.

As a Releasor, the Governmental Entity hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the material terms of the National Distributor Settlement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of the Governmental Entity to release claims. The material terms of National Distributor Settlement shall be a complete bar to any Released Claim.
10. The Governmental Entity hereby takes on all rights and obligations of a Participating Subdivision consistent with the material terms of the National Distributor Settlement.

General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release, and that if known by

him or her would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the material terms of the National Distributor Settlement.

12. Nothing herein is intended to modify in any way the terms of the material terms of the National Distributor Settlement to which Governmental Entity hereby agrees, with the exception of the requisite Litigating Government participation level. If the National Settlement becomes effective by July 1, 2022 its terms will supersede the terms of the Ohio Settlement Agreement and will control with regard to all provisions except for Dismissal of Claims as set forth in the Ohio Settlement Agreement. If it is not effective by July 1, 2022, the Ohio Specific Distributor Settlement will control. To the extent this Participation Form is interpreted differently from the Ohio Specific Distributor Settlement in any respect, the Ohio Specific Distributor Settlement controls.

I have all necessary power and authorization to execute this Participation Form on behalf of the Governmental Entity and have been afforded the opportunity to review this matter with counsel.

✓	Submit your response on time. Note all the dates and times listed in the RFP and be sure to submit all required items on time. Late proposal responses are <i>never</i> accepted.

Mr. Anthony C. Rodgers, MPA
Clerk of Council
City of Huber Heights
6131 Taylorsville Road.
Huber Heights, Ohio 45424

Dear Mr. Rodgers:

Baker Tilly US, LLP ("Baker Tilly") appreciates the opportunity to submit the following proposal for executive recruitment services to the City of Huber Heights (the "City") to help you identify your next City Manager. We believe that our record of successfully placing qualified and very accomplished professionals, along with our extensive experience providing executive recruitment services to cities, counties and other public-sector organizations nationwide, will be beneficial for your recruitment and will allow us to find the candidate who has the traits, skills, experience and overall competence you desire for your organization.

We know that you have options when it comes to selecting a recruitment firm. However, we believe that our unique approach, highly regarded customer service practices, and our record of identifying and recruiting top level executives in similar roles, sets us apart from our competitors. Additionally, we offer the following unique features:

- **Customized profile development:** working with the Mayor, members of the City Council, designated staff and community, we develop a customized candidate profile based on the required, desired and preferred qualifications, traits and attributes you seek in the individual you interview or hire for your next City Manager. We strive to understand how Huber Heights's current and anticipated needs and organizational priorities will shape your recruiting and selection requirements; then we collaborate with you to develop a nationwide or regional marketing, recruiting and outreach campaign. This approach has proven to effectively allow us to identify, attract and recruit highly qualified candidates for your review.
- **Proprietary management/leadership assessment:** relying on exclusively licensed predictive analytics tools (using data to determine patterns and forecast future outcomes and trends), we administer assessments to selected applicants to help us identify human potential in each of the candidates we present to you. Results are "Real," "Impactful," and "Powerful." Furthermore, these results can provide you with more profound insights into the candidate's management traits and leadership styles based on scientific data.
- **Recorded video interviews:** we ask selected candidates (semi-finalists) to complete a recorded, one-way video interview, using questions developed from your "candidate profile," which gives your review team an additional tool to evaluate the semi-finalists before inviting them to a face-to-face interview.
- **Proprietary online application management:** our exclusively licensed, proprietary online application system enables us to efficiently manage applicant flow, classification and allows us to communicate with each applicant quickly and effectively. We communicate in real time with applicants, thereby engaging and informing them of each step, search related assignment and corresponding timeline throughout the process. Our system also allows us to access, review and evaluate thousands of prior applicants or individuals who have manifested interest in similar positions. Generally, these are individuals who may not be actively seeking a job, but who may be open to "the right opportunity." This is another benefit and advantage we provide to our clients, which enables us to access a larger number of active and passive job seekers.

2. Understanding and approach

The recruitment will be national and inclusive in nature, with a candidate pool of diverse, experienced and talented individuals.

Our understanding of Huber Heights's needs

We understand the City of Huber Heights is looking for a timely, effective, efficient, responsive, well-managed and thorough search process to recruit and identify highly qualified candidates for your next City Manager.

Baker Tilly will work with the Mayor, City Council, City staff and other designated stakeholders to understand the desired qualities and professional capabilities that are most important to your organization for this recruitment. This information helps us present the City of Huber Heights and the vacancy to well-regarded candidates, emphasizing the opportunities for leadership and professional growth as well as presenting Huber Heights as a vibrant and thriving community in which to live and work.

We recognize that there is significant competition for experienced city managers today. For this reason, we work with you to develop a recruitment strategy that includes an aggressive marketing, recruiting and candidate outreach campaign. As you know, a successful recruitment often depends upon the ability to reach successful executives who may not necessarily be in search of new employment opportunities. Thus, we use existing resources to inform and encourage qualified professionals to apply for opportunities with your organization. We believe that these efforts are critical to ensuring that the City receives a qualified candidate pool.

Baker Tilly manages and tracks applicant information and provides regular communications, updating the applicants on the status of the recruitment. Our communications are always professional and respectful.

We take pride in our ability to provide the City with comprehensive information about each candidate we present, expanding beyond applications and resumes, to better understand their professional experience, the leadership and management style they will bring to your organization, and their motivation for pursuing this career opportunity. We also assist you in the preparation of interview questions, interview day scheduling, planning and structuring as needed. Additionally, we are available to you and present throughout each interview session and are able to facilitate your deliberations and negotiations with the top candidate.

Recruitment solutions during the Covid-19 Pandemic

In response to the COVID-19 Pandemic, the Baker Tilly executive recruitment team leader will work closely with Huber Heights's designated point of contact to develop alternative methods to complete all aspects of our established search processes using existing technologies and ensure the overall safety of all involved, which may include virtual or telephonic meetings, interviews, or conversations.

2. Understanding and approach

As such, we will creatively collaborate with your organization to provide you with access to critical information you may need to make your hiring decisions. Additionally, we can utilize our capability for video conferencing during meetings, candidate interviews, etc.

When the time arrives for the Mayor and City Council to interview candidates, we may encourage and support the steps established or recommended by local, state or federal guidelines, public health and medical professionals, including social distancing guidelines and protocols.

Baker Tilly has successfully organized several successful virtual and on-site interview processes following the prescribed social distancing protocols and best practices. As such, Patty Heminover is able to provide corresponding on-site support and assistance, if requested.

Remote work

For Baker Tilly, the safety of our people is paramount. We are committed to playing our part in containing COVID-19 by practicing responsible social distancing. As of this writing, our firm is allowing many professionals to work remotely. Because Huber Heights expects and deserves tailored, personalized service, we recognize that this policy may cause concern. **Please understand that we are prepared to deliver an exceptional service experience remotely if necessary.**

The City's engagement team has various tools enabling them to assist you from any location. Baker Tilly professionals each receive their own laptop and remote access credentials to connect to our internal network from outside the office. When Baker Tilly and the City are not able to meet in person, we have web conferencing software – including Zoom and WebEx – to quickly set up online meetings. We also use Microsoft Teams, which facilitates easier communication and project management.

Additionally, we use Huddle, a secure cloud collaboration software, to work together anywhere, anytime and on any device. Huddle provides a platform for Huber Heights and Baker Tilly to come together, share files, assign tasks, and track activity in a secure environment. Using Huddle as a central hub of activity means we all spend less time organizing documents, chasing approvals and searching through email – and more time achieving tangible results. The platform also enables real-time communication, meaning the status of your engagement will always be available. We also use Microsoft Teams, which facilitates easier communication and project management.

Proposed solution to meet Huber Heights's needs

The recruitment will be conducted out of our Saint Paul, Minnesota office. Patty Heminover will serve as the project team leader. Our proven process includes five major tasks:

1. Recruitment brochure development and advertising

- We schedule and meet with Huber Heights's elected officials, appointed management team members and key stakeholders, as requested, to understand your desired needs, strategic directions, overall candidate expectations and to develop a candidate profile

2. Execution of recruitment strategy and identification of quality candidates

- Using the approved profile, we develop a colorful, appealing brochure and embark on a national or regional targeted recruitment campaign
- Additionally, we simultaneously launch a direct applicant outreach campaign targeting eligible prospects identified via our extensive searchable applicant database
- Using our proprietary applicant tracking system, we communicate and update applicants on key processes and corresponding search progress

3. Screening of applications, recommendation of semi-finalists and selection of finalists

- Once we identify the most promising applicants, we ask them to complete our due diligence questionnaire and a candidate questionnaire while the project team conducts a comprehensive web and social media scan to elicit information that could be relevant to employment
- These applicants also complete a recorded, one-way video interview of selected questions designed to secure a different perspective on the applicant's overall qualifications
- We provide you with a Semi-Finalists Report of the top candidates, which includes resumes, cover letters and due diligence questionnaire responses
- Selected finalists complete a management and leadership style and strengths assessment (personality and behavior analysis) to provide us with important information about their styles, temperament, preference, etc.

4. Conducting background checks (criminal, civil, credit and driving record), reference checks and academic verifications

- Background records checks and academic verification
- References

5. Final interview process

- Once the Mayor and City Council identifies its top 3-5 finalists, we work with you and the finalists to coordinate all aspects of the interview process
- Employment offer – assistance and feedback

Recruitment approach

Task I. Recruitment brochure development and advertising

The development of a comprehensive recruitment brochure that includes a profile of the ideal candidate is an important first step in your recruitment process. This profile includes the required academic training, professional experience, leadership, management and personal characteristics related to the success of the candidate in the position of City Manager. The recruitment brochure will also include a profile that captures the essence of Huber Heights as a highly-attractive venue for the successful candidate to live and work.

To prepare the recruitment brochure, the project team leader will come on site to meet with the Mayor, City Council, City staff and other designated stakeholders to discuss the required background, professional experience, and management and leadership characteristics for your City Manager. We meet individually (or collectively depending upon your preference) with the Mayor and members of the City Council to broaden our understanding of the position's leadership and management requirements, current issues, your strategic priorities and your expectations for the City Manager. [See example of a recruitment brochure in Appendix I.]

Information obtained from these meetings, coupled with our review of the job description and other City documents, is used to prepare a position and candidate profile. The completed profile will be approved by the City before recruitment begins. The position and candidate profile will be central to our recruitment strategy and outreach to potential candidates.

The project team will also work with the City to develop an advertising and marketing strategy to notify potential candidates about the vacancy and conduct an open recruitment that encourages applications from a talented and diverse pool of candidates. Our team will place ads in appropriate professional publications, websites and local print media, if required, and coordinate with City staff to include information about the search on the City's social media platforms. Additionally, Baker Tilly has a high-traffic website which includes an exclusive location dedicated to encouraging potential candidates to upload their resumes. The aggressive advertising and marketing campaign for top talent will include national, state, regional and local elements as determined during our initial meetings with Huber Heights's representatives. Our customized mailing list, selected from our extensive database and contacts collected at appropriate public-sector conferences, will be utilized to further promote the City Manager position.

2. Understanding and approach

Task II. Execution of recruitment strategy and identification of quality candidates

Utilizing the information developed in Task I, Baker Tilly will identify and reach out to individuals who will be outstanding candidates for the position of City Manager. Often, well-qualified candidates are not actively seeking new employment and will not necessarily respond to an advertisement. However, if a potential candidate is presented with the opportunity directly and in the proper manner, he or she may apply. We take pride in our ability to locate highly qualified candidates across the nation based on the professional contacts and relationships we have developed and maintained over many years.

These efforts will be supplemented by the creation of a customized database utilizing our extensive, interactive applicant database for the City Manager position. This will provide the Baker Tilly team with the ability to customize applicant flow and tracking, communication with applicants and conduct database inquiries for candidates based on characteristics important to the City such as geographic location, particular experience, expertise and credentials.

During this part of the process the project team will work with the Mayor, City Council and designated City staff to reach consensus on the leadership and management style for the ideal candidate. Our research will determine the key competencies, work values and leadership/management style for the City Manager and match the candidates to each attribute.

While recruitment is under way, the project team will work with a team of up to 10 subject matter experts (SMEs) who know what successful performance in the City Manager position looks like to reach consensus on the desired leadership and management style for the ideal candidate. We ask the SMEs to complete a 30-minute, on-line questionnaire. When aggregated, these responses generate a benchmark that prioritizes the key competencies, work values and leadership/management style attributes for this position, creating a framework for assessing candidate fit with Huber Heights. Later in the process, finalists for the position are asked to complete a companion questionnaire that allows us to match candidates' competencies, work values and leadership/management style to the benchmark. [See sample excerpt of TTI report in Appendix II.]

Each candidate submitting a resume is sent a timely acknowledgement by our team, including an approximate schedule for the recruitment. Throughout the recruitment process, communications are maintained with each candidate regarding information about the recruitment progress and their status in the process. We take pride in the many complimentary comments made by candidates regarding the level of communication and the professional manner in which they are treated during our recruitments.

Task III. Screening of applicants and recommendation of semi-finalists

In Task III the project team, under the direction of Patty Heminover, will screen the candidates against the criteria within the position and candidate profile and develop a list of semi-finalists for recommendation to the Mayor and City Council. We will then narrow the list to a group of 10-15 semifinalists for review and select finalists on the basis of written candidate questionnaires, early due diligence information, consultant phone interviews and recorded, one-way video interviews.

Another unique aspect of our recruitment process is our use of online recorded interviews for the screening process. Responses are timed and questions are not provided in advance. This tool allows our team to develop a more comprehensive understanding of each candidate's ability to "think on their feet," as well as their personal and professional demeanor. Our team will provide an online link for the Mayor, City Council and designated City staff, as well as others who have input into the hiring decision, allowing them to review and later discuss the recorded responses. This provides your organization with additional candidate assessment tools that can be customized to fit the unique needs of the City of Huber Heights.

Throughout the process, you will have access to our Master Applicant List (MAL), which will provide pertinent data for each applicant.

We customize the final interview process according to the needs and functions of the position and according to your preference, instructions and directives to include steps that are important to you, our client. As such, the final interview process may include meetings with the department heads, a City tour and the opportunity for a meet and greet, if requested by the City. In advance of the interviews, we will provide documentation on each of the finalists which will provide the highlights of their leadership/management profile (Gap Analysis) as well as a summary of the results of the reference checks, background checks and academic verifications. In addition, the Final Report will include guidelines for interviewing the candidates, suggested interview questions and a candidate assessment process for your interview panel(s).

The project team leader will be available during the final interview process to answer questions about the candidates and, if requested, assist with the final evaluation of the candidates. In addition, we will assist you with the development of a compensation package and related employment considerations and assist with the negotiation of an employment agreement.

Our strategy for recruitment of diverse candidates

Our corporate core values and work environment reflect our broader social aspirations for a diverse workforce, equal opportunity and cross-cultural respect. We have established strong and credible networks with minority and female leaders nationwide. In addition, we are corporate members of the National Forum for Black Public Administrators (NFBPA) and the Local Government Hispanic Network and are on their National Corporate Advisory Council. We participate in their membership events on a regular basis.

To that end, we take responsibility for diversity in our organization, our recruitment strategy and our candidate pools. In this recruitment, we will use our established networks to make direct and personal contacts with prospective minority and female candidates and encourage them to consider the City of Huber Heights's City Manager position. Because of our performance record in presenting a diverse applicant pool, these prospective candidates know they will be fairly considered in the process.

Baker Tilly is committed to ensuring equitable participation in our business and employment opportunities without regard to race, color, religion, sex, national origin, age, disability, veteran status, marital status or sexual orientation. As a leader in the executive recruitment industry, we take positive actions to prevent and to remedy any discriminatory effects of business and employment practices.

Commitment to Diversity, Inclusion and Belonging for Success (DIBS)

At Baker Tilly, diversity, inclusion and belonging is *who we are* rather than *what we do*. Creating an environment where all team members are valued empowers us to bring our authentic selves to work each day. **When our contributions reflect our individual best, we achieve better results for Huber Heights.**

Belonging is a core Baker Tilly value. We foster a deep level of mutual respect where each one of us feels seen, heard, valued and connected. Each team member commits to upholding a diverse and inclusive workplace driven by fairness, compassion and equality.

We choose to embed DIBS into all aspects of our business – from strategy to operations.

From how we recruit, develop and promote team members, to the way we serve clients, manage projects and treat each other.

Day in, day out.

2. Understanding and approach

Throughout the firm, you will find our DIBS philosophy and practices embedded into everything we do. We hire people who bring new perspectives and experiences. We embrace our differences and believe a more open, connected world serves everyone better. DIBS is the lens that helps us see things more broadly and lights the path for us to follow. This benefits our people, our clients and our communities.

DIBS steering committee

Baker Tilly's national DIBS steering committee is designed to strengthen our firm's culture of diversity, inclusion and belonging. Theresa Nickels, partner and chief legal counsel, chairs this committee. A cross-section of leaders across the firm oversee our strategy – from inclusion-related communications to accountability measures for our key diversity goals and coordination of our signature initiatives described below.

Growth and Retention of Women (GROW)

Through our GROW initiative, Baker Tilly provides women valuable opportunities to network, share their stories, acquire skills, strengthen professional relationships and advance in their careers. Our commitment to GROW increases the number of women in management positions, enhances the retention of women at all firm levels, creates an environment where women feel empowered and supports our advocacy of advancing women in business. It also helps us share knowledge gained with clients and creates a workforce that reflects our client base.

Supporting Opportunity, Advancement and Retention for all (SOAR)

SOAR focuses on improving inclusion and increasing retention of team members of color to create a more inclusive, innovative and productive workforce. Diversity makes each of our professionals unique; inclusion is how that unique team collaborates to achieve common goals. Our SOAR strategy rests on four key pillars: talent acquisition, advancement, education and awareness and recognition.

NexGen: joining workforce generations

Today, four generations coexist in the workplace – baby boomers, Gen X, millennials and Gen Z – and each brings unique viewpoints influenced by events and experiences in their lifetime. With NexGen, we aim to empower the next generation of team members to collaboratively engage in the firm's progress while promoting an overall investment in our future. Key components of NexGen's vision involve discovering how different generations can build rewarding professional relationships that are mutually beneficial. NexGen amplifies the voices of our firm's next generation of professionals – providing leadership and growth opportunities along the way.

PRIDE team member network

Our PRIDE team member network exists to support the LGBTQ+ community and their allies within Baker Tilly. We strive to create an open environment centered on LGBTQ+ issues and topics relevant to the workplace. We also acknowledge this effort includes the involvement, support, understanding and acceptance from colleagues across the firm.

2. Understanding and approach

Racial Equity Action Plan (ACTION) and focus on social justice

Our firm developed an ACTION plan to support our strategic goal of increasing the retention of team members of color, and also to create positive change in our communities and our profession. As initial steps in our plan, we convened our DIBS steering committee and formed a racial equity advisory group consisting of a diverse group of team members. We then worked closely with a highly respected consulting firm with more than 30 years of experience to assess the current state of our workplace as it relates to diversity, inclusion and racial equity. We used their recommendations to refine our DIBS strategic plan and inform the next steps in our journey.

During the past few months, Baker Tilly team members have taken the time to have difficult conversations and reflect deeply. Colleagues shared stories of how racism and discrimination affect their daily lives – stories they did not feel comfortable sharing before. Others gained new insight into their own unconscious biases and the steps needed to overcome them. As a firm, we are committed to continue on this learning journey and achieve tangible results together.

Baker Tilly Foundation support for racial justice advocacy

As a firm, we have made our position clear: we stand against racism and discrimination in any form. The Baker Tilly Foundation's board of directors, with input from our team members, recently selected key racial justice organizations as recipients of direct financial support from our firm –with a commitment to match team member donations. Additionally, our SOAR committees support local social justice causes through event sponsorship, fundraising initiatives and volunteer engagement.

This information is reflected in a polished marketing piece that showcases the organization and the area it serves.

Our firm was founded on and rooted in a desire to increase the diversity of local government leaders. We regularly engage with and financially support the National Forum for Black Public Administrators, the Local Government Hispanic Network, the League of Women in Government and the Emerging Local Government Leaders. Involvement with these organizations assists us in developing a highly qualified, diverse candidate pool for each executive recruitment. This information is shared with the client along with our objective assessment of each candidate. We will provide you with a matrix of all of the candidates, noting the relevant experience and background of those we recommend you consider for interview.

We are your partner throughout the process, present for the interviews and assisting in the compensation discussions. PROJECT APPROACH/METHODOLOGY

Our philosophy ensures thorough, thoughtful, and strategic sourcing, evaluation, selection, and vetting of candidates. This includes focused advertising including websites and publications specific to women and minority candidates, business media, outreach emails to perspective candidates and referral sources, contacting users' groups and associations, and of course picking up the phone and proactively calling passive professionals that may not otherwise be looking.

K&A Recruiting will provide weekly progress reports to the City and participate in conference calls and/or onsite meetings as requested.

We are responsible for ensuring compliance, adhering to and maintaining all legally mandated documentation throughout the process.

Step 1 Ideal Candidate Profile

The development of a desired profile for the ideal City Manager candidate for Huber Heights is crucial for a successful search process.

We will work closely with the City in identifying and/or developing:

- The various organizational needs, vision, values, mission, goals & objectives, strengths, challenges, opportunities and culture of the organization;
- Position competency requirements, i.e., knowledge, skills, and abilities;
- Personal and professional attributes required of and priorities for the new City Manager;
- Type of working relationship the City Council desires with the new Manager;
- Advertising in conjunction with a national outreach campaign;
- Compensation levels; and
- Schedule of deliverables from K&A Recruiting.

At the conclusion of our meetings with the City Council, Executive Team, and any identified community stakeholders, there will be a clear consensus of the key qualifications and characteristics of the position and the process, action plan, and timetable to be utilized for the recruitment process.

We understand the importance of successfully engaging your organization and community on this critical position. K&A Recruiting can create and execute a plan to engage staff and community partners (residents & businesses) with digital surveys and small group discussions. We will work with your experts, the City staff, to come up with the best engagement plan for this recruitment process.

Brochure Design & Posting

Following the development of the candidate profile, a professionally produced recruitment brochure will be prepared in coordination with the City's project manager prior to posting. The brochure will highlight the strengths of the City, and surrounding community, its organizational structure and services, its values, vision, mission and goals, pertinent facts regarding the position, and necessary and desirable candidate qualifications.

Step 2 Five Week Window of Application & Sourcing

Our effort will include a variety of activities designed to build the best available candidate pool. Our techniques and methodologies allow us to source from extensive pools of potential candidates and referral sources.

In coordination with the City's project manager, K&A Recruiting will:

- Identify prospects;
- Provide each potential candidate with access to the recruitment brochure;
- Capture interested candidates in our recruitment project database; and
- Provide representative data to the City including candidate documents, interview notes, and an outline of the recruitment process.

Step 3 Recommendation of Candidates

K&A Recruiting will provide the City with a report of the leading candidates to further narrow the pool to the most highly qualified and to establish best organizational fit of each candidate. This screening process is designed to assess the personal and professional attributes the City identified and will focus on each candidate's ability, technical competency, and fit with the City's values, culture, and needs. Our assessment will consist of:

- Experience and qualifications;
- Professional fit based on the criteria set out by the City Council
- Cultural fit based on our understanding of important intangibles;
- Clarity of any issues identified in the submitted documents;
- Reasons for position interest;
- Level of commitment to the position and the organization; and
- Other issues, including salary requirements.

Step 4 Interview Facilitation

We will advise and develop interviewing strategies and a menu of key questions that will help analyze candidates' qualifications and management/workstyle. We will facilitate all necessary communications with the City and candidates to ensure everyone is well prepared.

Interview questions will be designed to elicit information, not only about each candidate's technical skillset and experience but also their leadership skills, adaptability, political astuteness, self-awareness, and other important aspects of the ideal candidate profile.

Questions, evaluation tools, and additional materials will be assembled in intuitive and user-friendly interview binders. We will also use evaluation criteria agreed to by the City.

We will coordinate interviews, interview schedules, and finalize the process. We will provide oversight during the panel interview process and facilitate a focused discussion with the project manager or committee at the beginning and conclusion of the interviews to identify the most qualified candidate(s) for final interviews.

Step 5 Background, References, and Offer

K&A Recruiting will conduct thorough reference and background checks for the final candidate. We start with employment and professional references, calling each and having an in-depth discussion covering strongest business characteristics, work style, interpersonal skills, and position-specific knowledge. Our references will be documented and presented in a concise user-friendly manner.

Background checks are conducted in coordination with a third-party firm that will confirm educational degrees and check driving records, criminal records, and a financial history/credit check. We, as well as our background contract firm, meet or exceed relevant reporting requirements.

K&A Recruiting can facilitate and lead the negotiations of the final terms and conditions of employment, such as the compensation package, benefits, and other perquisites (perks). We will notify all candidates not selected as finalists for the position.

Project Schedule

Following is an estimated project schedule which includes time to allow for community engagement. Sixteen (16) weeks to completion should allow enough time for all steps of the process and client schedules.

Placement Guarantee

K&A Recruiting is committed to recommending only the most qualified candidates who not only meet all the necessary requirements and qualifications but are also a cultural fit for the City of Greensboro. We proactively recruit for each search effort until a successful candidate is placed.

We therefore promise to present a slate of candidates to the City that includes only those individuals who have passed through all our screening processes and have been identified as potential ideal matches for the position requirements. Should the City disapprove of all final candidates and/or should none of the final candidates pass the final interview and reference check process, we will work to find a new slate of candidates at no added cost, with the possible exception of necessary advertising.

In addition, for executive and mid-management positions, we promise to conduct a one-time additional executive search to find a replacement should the incumbent leave the position or be terminated from employment within 12 months of hire due to performance issues. In either case, as described above, we will identify a replacement and only charge through related expenses as described in the Pricing Proposal.

Overall, K&A Recruiting's retention rate during the first 12 months of hire is very strong and has been at over 95% over the last 37 years.

Recruiting Process During Covid-19 Crisis

We will work to counterbalance market forces and build a pipeline of potential candidates through strong marketing and branding efforts, including videos, job postings, and a social media campaign. Our ongoing communication with candidates helps with reputation and keeps them engaged; so, when there is an opportunity that matches their background, we reduce the time-to-hire. As always, communication is key. Candidates who experience a warm, communicative recruitment experience are more likely to maintain their interest and are more likely to feel welcomed into the organization. The recruitment experience is the first touch point with your future new employees.

We have embraced the virtual interview. The push into virtual technologies due to the pandemic was generally new for many public agencies. Our crystal ball tells us that virtual interviewing is not going away regardless of how the public sector world evolves going forward beyond the pandemic. In other words, virtual interviewing may have become a necessity during a temporary crisis, but it is not a temporary strategy that should fall to the wayside after the crisis is over. How we communicate in virtual interviews is essential and will continue to be going forward.

To conduct an effective virtual interview, simple steps can be taken to ensure a predictable and high-quality process. We will be clear on exactly how the interview process will go and what candidates should expect. We are savvy at navigating the technology and can help with technical challenges on the fly. Coaching panel members to continue to maintain a professional demeanor during virtual interviews, and eliminate smart phone or competing screen distractions, just as you would in person, can also help the process.

K&A Recruiting Organizational Diversity Statement

This statement reaffirms our commitment to affirmative action efforts and providing equal employment opportunity to all employees and applicants for employment in accordance with equal opportunity and affirmative action laws.

We affirm our personal and official support of these policies which provide that K&A Recruiting is committed to the implementation of the affirmative action policies, programs, and procedures included in this plan to ensure that employment practices are free from discrimination. Employment practices include but are not limited to, the following: hiring, promotion, demotion, transfer, recruitment or recruitment advertising, layoff, disciplinary action, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. We will provide reasonable accommodation to applicants and employees with disabilities.

OTHER: INSURANCE CONSIDERATIONS

We will submit and support the levels of coverage and endorse the City with our General Liability coverage upon award of a contract for the project.

Workers' Compensation: Statutory Limits
Commercial General Liability: \$2,000,000 per occurrence
Professional Liability (Errors & Omissions): \$1,000,000 per occurrence
Automobile Insurance: \$1,000,000 per occurrence

We have found that we have always come to an agreement with all our clients in the past and appreciate the City's flexibility in reviewing certain terms in a collaborative fashion between our legal counsels.

OUR APPROACH

Our approach to each executive search is individually planned and executed to make certain your needs are met and you have an excellent pool of candidates from which to choose. We work with you to articulate the core values of the organization and the key issues to be addressed when recruiting a new person.

We recruit proactively. Our work assisting local governments across the U.S. gives us a national presence through the clients we serve and the skills and contacts of our staff. This perspective is a particular strength as we work to bring highly qualified candidates to your organization. We believe that thoughtful, intentional outreach, tailored to each search, is the key to success in executive recruitment.

We get results. We will complete a search to your satisfaction regardless of the time and effort required.

We guarantee our work. If the person you hire does not work out within a year, we will reopen the search and assist you in replacing the person for no additional professional fee. Should this unlikely situation occur, we would expect to only be reimbursed for out-of-pocket expenses for advertising and related costs.

Our Understanding

Leaders in the City of Huber Heights desire professional assistance during the search for a candidate to replace the Interim City Manager. The City Manager reports to the City Council and Mayor and is responsible for overseeing City departments' service delivery to its more than 38,000 residents.

Management Partners will provide the following services to assist with the search and placement for the candidate that is the best fit for the City.

- Develop a timeline that is acceptable to City leaders;
- Conduct interviews with each member of the City Council, Mayor and other stakeholders;
- Conduct meetings with selected staff and key community members;
- Develop a candidate profile;
- Develop a marketing strategy;
- Use our networks to reach out to qualified individuals, including qualified candidates that applied for other recent executive positions;
- Advertise the position;
- Develop screening requirements;
- Conduct preliminary video interviews with the top seven to ten candidates;
- Meet with the Mayor and City Council through a video conference to discuss the top candidates;

- Notify all candidates of their status;
- Meet with City leaders to determine the finalists;
- Coordinate interviews;
- Develop a search report that includes strengths, resumes, results of interviews and background checks, and suggested questions;
- Assist during interviews;
- Discuss interview results with the Mayor and City Council;
- Notify the finalists of the status; and
- Conduct reference and background checks and psychological assessments on the desired candidates.

Based on our experience and our understanding of the needs of Huber Heights as outlined in the RFP, we have prepared the following detailed plan of work. We expect that we will refine the following framework to address your specific circumstances and preferences.

Activity 1 – Develop Search Strategy

Management Partners begins each search by asking the question, “How would you know in a year or five years from now that you had hired the right person?” We need to understand both the explicit and implicit standards of the organization.

To answer this important question, we will meet with the Mayor and City Council members and department leaders, key staff, and other stakeholders recommended by the City to understand the duties and responsibilities of the position, minimum qualifications, evaluation criteria and other important qualities and characteristics essential to success in the position. We will conduct meetings with department directors and the community to receive their valuable input.

We want to understand the culture and the strategic goals that the organization has for the new City Manager. Our team is led by a recruitment specialist who is knowledgeable about the operating environment, offering a unique combination of skills and perspective.

At the conclusion of these interviews and meetings, we will prepare a comprehensive and visually appealing position brochure for your review, modification, and agreement prior to beginning the search. This profile will identify your organization’s needs, the strategic challenges of the position as well as the personal and professional characteristics of the ideal candidate. This document drives the recruitment and enables us to focus our efforts on candidates who will be most able to do the job.

Management Partners will then identify how we will contact individuals who could best meet the requirements established in the position profile. We start with the premise that we want to attract the best people in the field, regardless of whether they are looking for a new job. We develop a unique relationship and familiarity with them which oftentimes helps raise their level of interest in new offerings in this region.

The strategy will identify target networks and organizations as well as communication methods for reaching outstanding candidates and those who could recommend professionals we should contact for the position. We use a wide variety of sources including professional association networks, websites and industry publications, resources from past consulting assignments, and targeted networking, including through LinkedIn. As with all our recruitments, the strategy includes specific organizations and networks for reaching women and minority candidates who would be outstanding individuals for the position.

Activity 2 – Conduct a Comprehensive Recruitment Campaign

We will canvass our networks to identify candidates who will be most able to do the job and distribute the brochure to qualified professionals and those who could refer qualified individuals to us. We will use the synergy we have with candidates working with us on several positions in this area and who sometimes apply for multiple positions. We will also place targeted advertisements and electronic postings in appropriate media. We will make direct personal contact with those we believe would be a best fit for your position. We will use the written profile and other materials that describe the opportunity to help us persuade those most qualified to consider the position.

Management Partners will screen the resumes of all candidates, looking for the experience and skill sets that most closely meet the requirements of the position. We will conduct preliminary interviews through video or telephone with the most qualified candidates. Through these interviews we learn the individual's reason for being interested in your position, whether they have encountered challenges similar to those in your organization, and what the candidate believes they would bring to your position. We also obtain compensation history and reference information. Internal candidates (current employees) will be screened using the same standards by which external candidates are evaluated.

We use a competitive assessment process that consists of evaluating each candidate against the field in terms of their ability to meet the challenges of the position. We place each individual in one of three groups: A) those we believe to be best qualified to be successful in the position, B) those we believe could be successful in the position but are not as strong as those in the first group, and C) the balance of the field.

As your representative for the recruitment process, we take steps to ensure that your reputation is preserved by ensuring courtesy and confidentiality in our communications throughout. For the top candidates, we then talk with professional references with whom they have worked (including those they have supervised and those who have supervised them).

Activity 3 – Facilitate the Selection Process

We will meet with the hiring manager and/or to discuss the candidates recommended for further consideration. During the meeting we will review the resumes, discuss the results of our preliminary interviews, and determine which individuals you are interested in inviting for interviews.

We will prepare an interview book that contains information about each of the persons to be interviewed. We will be prepared to support the interview process to the extent you desire, including sample questions for the Mayor and City Council to ask candidates. This will often include structuring an out-of-town candidate's visit to enable him/her to gain more comfort with the attractions and challenges in your community and to give you a second and deeper chance to examine the candidate.

We will also conduct education, certification, credit and criminal background checks (each going back five to seven years) to confirm the strength of their credentials for the position. We do this using a contractor with the technical ability and legal authority to conduct these investigations. We will coordinate psychological assessments with the lead candidate.

MIDDLETOWN

INVITING APPLICATIONS FOR

CITY MANAGER

CITY OF MIDDLETOWN, OHIO

INTRODUCTION

The City of Middletown, Ohio is seeking a progressive, innovative leader with a proven record of accomplishment at the local government level. Middletown is positioned well for continued economic growth along the I-75 corridor midway between the merging Cincinnati and Dayton, Ohio Standard Metropolitan Statistical Areas. Middletown is experiencing resurgence in business activity, downtown revitalization and historic preservation. The community seeks a dynamic, highly driven and passionate individual to assume its City Manager role and continue to build on the positive momentum that has been established during the past several years.

THE COMMUNITY

Middletown is a diverse community with 48,694 residents that has a proud All-America City history of economic success and tradition in Southwest Ohio. Like many industrialized Midwestern cities, it felt the loss of high paying jobs from blue collar skilled positions to corporate officials through the 1980s and early 2000s. Recent development successes and a renewed focus on reestablishing a community sense of place are causing a stir among some people in the region that Middletown has turned the corner and is actively laying a strong foundation for a Renaissance period that is long overdue.

Two new hospitals, investment in industrial parks, and major reinvestment in the downtown core and a renewed and growing appreciation of the City's stately historic homes all indicate consistent signs of new community energy. Site selectors and venture capitalists are increasingly targeting Middletown as an attractive location for development. Major reinvestment in the City's schools, regional airport, and planning efforts for new commercial development are gaining momentum.

THE ORGANIZATION

Middletown operates under a Council-Manager form of government that was first implemented by voter approval in 1913. The City Manager is appointed by the five-member Council and is responsible for the appointment of all municipal personnel other than the Clerk of Council. The Middletown Mayor is directly elected and the four Council members are elected at large.

The City operates a full complement of services including public works, sanitary sewer, water distribution and treatment, police, fire and EMS, a municipal/regional airport, Board of Health, and a complete array of development services. The City of Middletown employs approximately 383 full-time personnel and has been carefully and methodically rebuilding its staffing levels from the reductions of the recent Great Recession years. Middletown comprises a geographic area of approximately 25 square miles and claims significant frontage along the banks of the Great Miami River. The City's 2020 municipal budget totals \$146,486,194 with a general fund appropriation of \$34,501,472. The main revenue source is its municipal income tax which is levied at a voter approved rate of 1.75% with .25% of that amount earmarked for safety services. The City holds an A1 municipal bond rating.

Major employers within Middletown are AK Steel, Middletown City Schools, Premier Health Network, Kettering Health Network, and Miami University-Middletown as well as numerous employers in industry and manufacturing.

CHALLENGES AND OPPORTUNITIES FOR THE NEXT CITY MANAGER

The Middletown City Manager must be a dynamic, highly self-motivated professional who exudes confident leadership and a passion for local government. The City of Middletown is gathering increased momentum in addressing challenges that have confronted the community for several years. The next City Manager needs to be able to multi-task and build and nurture coalitions and partnerships to successfully propel Middletown forward. While Middletown is small enough to maintain an appreciated familiarity and valued sense of place among its residents, it is large enough to have incurred the challenges of more urban cities with issues of diversity, homelessness, opioid addiction, etc. This position is not well suited for a manager that appreciates the status quo. Rather, it is a tremendous management opportunity for a hard charger who is prepared to seize the existing momentum and progress that has been established and build on that base for a brighter future.

THE IDEAL CANDIDATE WILL . . .

- Possess a Bachelor's degree from an accredited college or university in Public Administration, Business Administration or a related field; a Master's degree is preferred
- Have ten or more years of progressive, successful work experience in local government management, or an equivalent combination of education and experience to provide the required knowledge, skills and abilities
- Possess the ability to successfully manage complex and varied municipal operations
- Serve as the voice and face of Middletown with outside groups and regional agencies
- Have knowledge about economic, regulatory and business land use development tools and practices
- Be innovative, collaborative and willing to take calculated risks to propel Middletown forward
- Possess the ability to evaluate and assess current conditions, challenges and opportunities and have the skills, courage and finesse to make the difficult decisions needed for Middletown to reach its potential and to effectively leverage its assets and strengths for the betterment of the residents
- Have the knowledge and experience to seek and secure financial grants and funding assistance that enhances Middletown's development goals and vision
- Possess the energy and determination to hit the ground running in a community that respects its past but is poised to welcome and implement new practices going forward.

COMPENSATION AND BENEFITS

The compensation package includes a salary range of \$145,000 to \$185,000 and a competitive fringe benefit offering. The Middletown City Council desires that the next City Manager be a resident of the community and is prepared to offer relocation/moving assistance commensurate with a contractual obligation to fulfill such residency expectations.

Re: Executive Search Firm Services - City Manager Search

Slavin Management Consultants (SMC) is pleased to submit this proposal to conduct an executive search for the next City Manager of Huber Heights. The purpose of this project is to help the City Council to develop and agree to a comprehensive position profile for City Manager and then to identify, recruit and present outstanding candidates who meet these criteria. Once the profile has been approved by the City Council, SMC will have no difficulty identifying quality prospective candidates and becoming immediately productive. It is normal for a City Manager search to take between sixty and ninety days to complete. Although, some modification to the process described in this proposal may be necessary to accommodate COVID-19, the quality of the outcome and the time line should not be affected. In fact, current COVID-19 restrictions plus the fact that Dave Krings lives in Cincinnati will cause the project expense costs to be less than described in this proposal.

SMC is a national firm, strategically based in Norcross, Georgia for easy access to Atlanta's Hartsfield - Jackson International Airport - the world's busiest airport. We have affiliates in Burlington, NC; Cincinnati, OH; Lexington, KY; Manteca, CA and Mesa, AZ.

As a high quality, independent management consulting firm, Slavin Management Consultants is most capable and interested in providing these services to the City. Over the years we have recruited more than 850 local government executives including in Ohio. In Ohio, SMC has placed executives in Amberly Village, Beavercreek, Cleveland, Dayton, Glendale, the Greater Dayton Regional Transit Authority, Hamilton County, Loveland, the Metropolitan Sewer District of Greater Cincinnati, the Miami Valley County Regional Planning Commission, the Montgomery County Board for Developmental Disability Services, Oberlin, Shaker Heights, Wyoming and Tipp City.

This proposal commits the highest level of our firm's resources. Dave Krings and I will manage and serve as the primary consultants for the project. I am the owner and president of SMC and am among the most experienced recruiters of governmental managers in the nation. Dave Krings is a former County Administrator for Hamilton County as well as a previous Village Administrator for Lockland. Dave is a former International City/County Management Association President and a retired ICMA Credentialed Manager. He lives in Cincinnati. Bios for both of us are provided in this proposal.

Slavin Management has strong and proven commitment to providing exceptional recruitment services to public agencies and has received many accolades supporting this work. I have the authority to bind SMC to a contract with the City of Huber Heights.

Thank you for the opportunity to submit this proposal. We look forward to working with the City of Huber Heights on this critical and highly challenging project. If you have questions concerning this proposal, please contact me at our office at (770) 449-4656 or on my cell at (678) 296-2037.

STATEMENT OF QUALIFICATIONS

Slavin Management Consultants (SMC) is an independent management consulting firm formed in 1991 and incorporated in the State of Georgia. We operate nationwide from our home office located near Atlanta at 3040 Holcomb Bridge Road, A1; Norcross, Georgia 30071. Phone: (770) 449-4656; fax: (770) 416-0848 and email: slavin@bellsouth.net.

SMC is a Georgia corporation. The principal and only stock holder of the firm is Robert E. Slavin. Mr. Slavin has extensive experience as a local government executive and as a management consultant. SMC has affiliates in Burlington, NC; Cincinnati, OH; Louisville, KY; Manteca, CA and Mesa, AZ. Over the years SMC has placed more than 850 local government executives.

SMC provides exceptionally high-quality consulting services to state and local governments, health care providers, transit authorities, utilities, special districts, and private sector clients. Specialty practice areas include executive recruitment, pay and classification, performance appraisal systems, and organization development and training. Our key consultants have conducted successful assignments for hundreds of public sector organizations nationally and offer many references as testimony of our work.

We use a "critical path" search process which allows our clients to focus attention on the selection process rather than on identifying, recruiting, screening and evaluating candidates. We understand that each client's need for key executives is different and that there is no "best" person for all situations. The best prospects are typically happily employed and not responding to advertisements. These people need to be found and encouraged to become candidates. They are understandably reluctant to apply for positions when their interest could become a matter of public information prior to being assured that the City is interested in their candidacy. Our approach to this assignment will reflect the unique qualities of Huber Heights. It will honor the interests of candidates to the extent possible under Ohio law.

In considering our proposal we point out several factors about our firm and our approach that will be of significant benefit to the City:

- We are results oriented. Once the recruitment profile is approved, we "lock" into the criteria established and carefully identify, recruit and evaluate candidates who meet **your criteria**. We do not simply bring forward candidates whom we may already know.
- Our key staff members have extensive experience in conducting executive searches for the public sector throughout the nation.
- We are committed to complete client satisfaction. Our successful placement-oriented approach will ensure that the project work is practical, realistic, timely and that it has the full commitment and support of the City so that a successful placement will be facilitated.
- We use discount airfares and leverage trips between clients whenever possible to reduce expenses to our clients.
- We are leaders in the field of executive search in the public sector and our methodologies are state-of-the-art. We can address all aspects of your assignment.
- Every search that we have conducted has resulted in a selection from our recommended group of candidates. Our experience includes large and small organizations, and chief executives and subordinate level positions. More than 95% of our placements have remained in our client's positions for more than five years.
- According to the International City/County Management Association, the average tenure of a city/county manager is approximately five years. The average tenure of local government chief executives placed by Slavin Management Consultants exceeds seven years.
- Our style is interactive. That is, we strive to build a partnership with our clients.

- We are experts in EEO/AA recruitment. Approximately 25% of our placements are women and/or minorities.
- SMC is an equal opportunity employer and recruiter, and will not discriminate against any employee or applicant for employment because of race, religion, creed, color, sex, sexual orientation, disability or national origin.

METHODOLOGY

We recommend a five-step process as follows:

- Define job qualifications and requirements for the City Manager position — the "recruitment profile."
- Identify and recruit qualified candidates.
- Evaluate prospective candidates.
- Make recommendations, help in selection and facilitate employment.
- Establish evaluation criteria and follow-up.

A. Develop Position Profile

We will meet with each Council member individually and, with the City Council's approval, with staff and community leaders to learn the City's needs, focus and requirements such as experience, education and training as well as preferred management style and personal traits. In developing the recruitment profile, we will spend a considerable amount of time at the beginning of the process in Huber Heights to gather information about the City and to ascertain the unique challenges of the job and the general environment within which the position functions.

Once we have gained the necessary information, we will prepare a draft recruitment profile and review it with the City Council to arrive at a general agreement regarding the specifications for the position. The final profile will include information about the region, the City of Huber Heights, the City government, major issues to be faced, the position and the selection criteria established.

B. Identify Qualified Candidates

Once we know and understand the City's criteria and expectations we will develop a targeted marketing program specifically designed to meet those expectations. SMC's recruitment methodologies are state-of-the-art and include placing advertising in professional publications and on professional websites, outreach networking using professional association and social media websites and the use of SMC's large resume data base. SMC will acknowledge all resumes received and will carefully screen all applicants.

C. Evaluate Prospective Candidates

Preliminary Screening and Progress Report

Criteria for the preliminary screening will be contained in the approved recruitment profile. They will include such items as education, technical knowledge, experience, accomplishments, management style, personal traits, etc. Screening of candidates against those criteria will be based on data contained in the resume and other data provided by the candidates and on our knowledge of the organizations in which they work. At this stage, each must meet the minimum qualifications specified in the recruitment profile.

We ask well-qualified candidates to complete a comprehensive supplemental questionnaire that is specifically tailored to the City's profile. Through this written instrument, candidates provide substantial information about their career interests and accomplishments, their leadership and management philosophy and style, reasons for job changes, their future career aspirations, etc.

We will meet with the City Council to provide a progress report on a number of semifinalist candidates. These individuals will be top prospects who clearly meet the City's specifications for the position. With guidance from the City, we will narrow the semifinalist candidate group on the basis of refined criteria. During this meeting we will determine the City Council's expectations relative to the components and scheduling of the final candidate interview process.

D. Selection and Employment

In-depth Screening and Final Report

At this point, we will interview those semifinalist candidates whom the City Council has the greatest interest in. Proper "fit" is as important as technical ability. We assess both. In order to best assess candidates' management style and interpersonal characteristics, we personally interview each in his or her present work environment. We will closely examine each candidate's experience, qualifications, achievements, management style and interpersonal skills in view of the selection criteria and our professional expertise in evaluating the quality of such qualifications, skills and achievements.

We conduct in-depth background checks on those individuals who continue to demonstrate their overall suitability for the position. Included are detailed and extensive reference checks which cover a minimum period of ten years. In conducting these, it is our practice to speak directly to individuals who are now or have been in positions to evaluate the candidate's job performance. We ask each candidate to provide us with a large number of references. We then network these references to other persons who know the candidate. In this way, we thoroughly evaluate each candidate. These references and evaluations are combined to provide frank and objective appraisals of the top candidates.

As part of our evaluation process we conduct credit checks and verify undergraduate and graduate college degrees. We also conduct internet and criminal, civil and driving court records checks. At the City's option, we can psychological (or similar) testing of the candidates. This optional item will result in extra cost.

We will then meet with the City Council to present a group of well-qualified finalist candidates for interviews in Huber Heights. These final candidates will not be ranked because, at this point, they will all be qualified and it will then be a matter of chemistry between the candidates and the City Council that should produce the final selection decision.

Our final report will be presented in a meeting with the City Council. This written report is a comprehensive document. It contains our candidate recommendations, details about the search, interview tips, interview questions, candidate evaluation forms and information about legal vs. illegal inquiries. The report also includes the candidate interview schedule as well as our recommendations relative to timing, sequencing, location, setting, format, and conduct of interviews. The report contains comprehensive information about each recommended candidate. This includes educational and experience information, an evaluation of the candidate's experience relative to the criteria established by the City, a summary of reference comments and a statement of accomplishments and management style prepared by the candidate. Present compensation is also provided for each recommended candidate.

We will provide information about trends in employment, employment contracts and agreements, relocation expenses, perquisites, appropriate roles for spouses, receptions, etc. We arrange schedules for top candidate interviews with the City and we will coordinate the entire process.

We will properly handle any and all media relations. Unless otherwise directed, it is our standard practice to tell all media that we are working on behalf of the City of Huber Heights and that any public statement should come from the City directly. Under no conditions will we release information to the media unless specifically directed by the City to do so.

We will notify all unsuccessful candidates of the final decision reached. We will continue to work for the City until a suitable candidate is recruited and hired by the City.

E. Establish Evaluation Criteria

Once the new City Manager has been on board for 30 days or so, we will conduct a session with the City Council and with the new City Manager to establish mutual performance criteria and goals for the position.

F. Follow-up

We will follow-up with the City Council and the new City Manager during the first year and assist in making any adjustments that may be necessary.

G. Reporting

We will keep the City informed, involved in decisions and involved in the search process. We will provide frequent progress reports to the City.

H. Deliverables

Deliverables include the recruitment profile (draft and final), the advertisement (draft and final), the progress report (presented in person), the final report with interview tips, interview schedule, interview questions, candidate resumes, candidate evaluations, candidate writing samples, rating sheets, ranking forms, tabulation forms and appropriate/inappropriate question list and negotiated employment agreement between the City and the selected candidate.

SMC is an equal opportunity employer and recruiter and will not discriminate against any employee or applicant for employment because of race, religion, creed, color, sex, sexual orientation, disability or national origin.

Expenses (Not-to-Exceed)

Consultant Travel Costs: The client pays direct cost for all necessary consultant travel using coach or, when available, lower air rates, corporate hotel rates at moderately priced properties (Holiday Inn or equivalent), rental cars, using the corporate discount and normal meals. Our client controls these costs in the following ways: (1) when appropriate, consultants will accomplish multiple purposes when traveling and will allocate costs to multiple clients; (2) the client pre-approves all work plans including all consultant (and candidate) travel.

Office Costs Include: Telephone (\$350 flat fee, billed in two installments), FAX, postage, messenger, copier, and clerical costs.

Consultant travel, classified advertising and office costs to support the executive search project described in this proposal will not exceed \$7,500.00. Therefore, the total cost to the City for the proposed work will not exceed **\$23,355.00**.

The costs for final candidates to travel to Huber Heights for interviews are not covered by this proposal. These costs vary widely and are impossible to anticipate at the beginning of a search. Candidate travel expenses are typically paid by the City on a reimbursement basis, directly to the candidates, and controlled through the City's prior approval of the finalist candidates.

Should the City's needs result in additional project scope that significantly increases costs it may be necessary to increase the expense budget for the project.

Your liability to Slavin Management Consultants for services rendered under this agreement will not exceed the agreed upon price unless an increase is authorized by you in writing.

We will submit monthly invoices for fees and expenses. It is our practice to bill 30% at the start of the searches, 30% at the end of thirty days, 30% at the end of sixty days, and the remaining 10% shortly after the time the new City Manager accepts employment with the City. Each invoice will be payable upon receipt for professional services. SMC does not provide discounts.

Expenses will be billed in addition and shown as a separate figure. Attached is a pro-forma invoice showing the level of accounting detail we will provide.

The city offers diverse and affordable housing opportunities, with steadily increasing property values. Portage has more than 55 miles of extensive bikeways and trails, connecting citizens to retail and cultural resources and bringing neighbors and neighborhoods together. World-class healthcare is delivered to Portage residents by Bronson Healthcare, Ascension Borgess and several independent medical groups.

More than 2,000 acres of park and recreational and open space are ready to be explored in Portage. The city maintains 19 parks, including Ramona Park Beach, a life-guarded public swimming area; the Celery Flats Historical Area; Overlander Bandshell; the four-mile Portage Creek Bicentennial Trail; the Ice Rink at Millennium Park, the area's only outdoor refrigerated ice rink and several neighborhood parks.

The Portage community approved a \$144 million bond in 2016 to include construction of two new middle schools, renovation of one middle school, athletic facilities and pools at the two high schools, technology upgrades district wide and replacement of aging school buses.

Portage owns 20 water production wells located throughout the city. The Garden Lane Water Treatment Facility removes arsenic from the groundwater before distribution to the public water system. The water is tested daily to ensure the highest quality drinking water is delivered to Portage residents. Portage utility customers enjoy affordable utility rates, which decreased in 2018 and 2019.

Business Environment

The Lake Center District and secondary shopping nodes throughout the city offer a wide variety of shopping, dining and consumer services.

Government

Established in 1963, the City of Portage is a professional and experienced government service that operates with a Council/Manager form of government. The Mayor and Councilmembers, elected at-large, serve as the policy-making arm of the city. The City Manager is appointed by the City Council to handle the day-to-day administrative duties of the city. The City Manager makes recommendations to the City Council as a group and the Council acts on business at twice monthly meetings (usually the 2nd and 4th Tuesday of every month) at 7 PM.

Organizational Chart

The Portage City Council consists of a Mayor and six Councilmembers (non-partisan). Councilmembers are elected to four-year terms, staggered every two years (three Councilmembers are elected every two years). The Mayor is elected every two years and is the presiding officer of the Council. The Council is responsible for adopting and amending city ordinances, determining city policies and approving contracts for goods and services. The Council also authorizes the annual city budget, which runs on a fiscal year (July 1 - June 30) and determines the city tax millage and utility rates.

The City Manager is appointed by and serves at the pleasure of the City Council. She or he advises the Council and makes recommendations on matters related to the operation of the city including the responsibility for overseeing all departments and staff. The City Manager prepares the agenda for each City Council meeting and provides the Council with all necessary documentation regarding each order of business.

The annual budget is prepared and presented to the City Council by the City Manager, along with the Capital Improvement Program, which provides the city with direction for the future. The City of Portage FY 2019-2020 budget totals approximately \$84.9 million and includes the third consecutive annual millage reduction. The city has reduced its debt from \$105.2 million in 2008 to \$55.5 million in 2019, down 47% over 11 years and Standard & Poor's reaffirmed the city's credit rating of AA+ in May 2019. With a Total Taxable Assessed Value of \$2.193 billion, Portage is the municipality with the largest tax base in Kalamazoo County.

As the administrative head of the government, the City Manager appoints all department heads. Portage provides a full array of municipal services from ten departments: City Assessor, City Clerk, Community Development, Finance & Purchasing, Human Resources, Parks, Recreation & Senior Citizen Services, Public Safety (Police & Fire), Public Works, Technology Services and Transportation & Utilities. The city employs nearly 200 full-time city employees who have an average of more than ten years of service, along with more than 53 part-time and seasonal employees. Portage employees are committed to providing exceptional customer service and attend annual customer service training and a regional diversity / inclusion presentation.

Year after year, the City of Portage is recognized for excellence in areas such as public safety, innovative use of technology, financial planning and budgeting, public works projects, parks and recreation programs, public communications and other areas of public service.

Forward Focus - Perspectives from the Council

The following is a list of thoughts, issues and opportunities provided by the Portage City Council:

- » The City Council is seeking bold leadership with vision:
 - An individual confident to lead not only the City of Portage, but provide leadership at the county level.
 - An individual who will interface with the City Council and be a presence in the community, delegating the organizational administrative functions to the Deputy City Manager.
 - An individual with a strong background in community and economic development, with experience in revitalization of properties, commercial districts, brownfields, neighborhoods, etc.
- » The City of Portage is in sound financial condition, with a fully-funded retirement system and no "legacy" retirement or healthcare liabilities. The Council desires strong fiscal management and a plan for continued debt reduction, while maintaining the current high level of city services.
- » Notwithstanding the city's current solid tax base, as well as strength in the commercial and residential sectors, there is a need for focus on development and place-making with a view to making the city attractive and sustainable for all ages and businesses to include emphasis on:
 - Redevelopment and revitalization in certain commercial corridors. The city's indoor mall (The Crossroads) and retail corridor (South Westnedge Avenue) are experiencing challenging operating environments, consistent with the broader retail sector. Commercial property in certain markets may be underutilized and may represent opportunities for redevelopment.
 - Innovative development tools and strategies. New development opportunities may be limited as the city has fewer areas of undeveloped parcels.
 - Creation of a business-friendly, accessible environment for small and entrepreneurial businesses, both existing and new.
 - Continued diversification of the city's tax base.
 - Continued diversification of housing options. Although the cost of living is generally reasonable, housing affordability continues to be a challenge for low-income households in Portage.
 - Enhanced environmental standards in development and construction.

- » The current five-year Comprehensive Plan was adopted in 2014 and requires a review and update in FY 2019-2020. The Comprehensive Plan acts as a foundation for developing and executing strategic priorities for the next five years is paramount.
- » The city has excellent parks and recreational facilities and is known across the region for its linear Portage Creek Bicentennial Park Trail. Additional connection of the city's trail system to other regional trails, improving non-motorized transportation routes, is vital.
- » The city has plentiful groundwater resources; however, groundwater levels in the region have risen meaningfully, which is causing flooding concerns in certain Portage neighborhoods. Stormwater causes street flooding on certain neighborhood streets.
- » Monitoring drinking water quality for contaminants is critical. A nearby community discovered elevated levels of PFAS in their water system. Testing undertaken on the Portage water system produced just trace amounts PFAS in three wells.
- » The city employs a strong communication strategy, including a monthly printed newsletter (the *Portager*), a recently re-launched city website (portagemi.gov), five Facebook pages and a number of online resources for residents. Efforts are expected to be continued to advance and enhance technology for the improvement of city services and citizen outreach.
- » Certain of our public facilities are aging. The city intends to construct a new Portage Community Senior Center, contingent on a successful capital campaign, currently underway.

CURRENT ISSUES AND OPPORTUNITIES

- St. Croix County recently hired a Public Information Officer to further public understanding of the services provided by the County. Residents are generally satisfied with the County government.
- St. Croix is essentially two counties; the urban/suburban west side is within an easy commute to the Twin Cities while the east side is very rural and agricultural. The urban/rural divide is growing as the County is experiencing the most rapid county population growth in Wisconsin.
- A variety of issues, such as water protection and land use, lead to differing urban/rural points of view.
- Rural areas of the County are concerned that they may receive less consideration than their more urban neighbors.
- A looming issue -- the County needs a comprehensive office space needs analysis and to develop a creative, efficient and economical plan for office space and service provision. Courts, the jail and some administrative offices are at or nearing capacity.
- COVID-19 poses both a health as well as a financial concern to the County, although the virus has not yet significantly hit St. Croix County.
- Wisconsin governments are under a state budget tax levy limit. New growth is exempt.

EEO STATEMENT

Slavin Management Consultants (SMC) is committed to building a diverse workforce which reflects the face of the community we serve, honors and respects the differences and abilities of all our employees and residents, and provides employees with the necessary opportunities, tools, and support to achieve their maximum potential.

Equitably managing a diverse workforce is at the heart of equal opportunity. Valuing diversity is the basis for a policy of inclusion. Diversity recognizes and respects the multitude of differences which employees bring to the workplace. Diversity complements organizational values that stress teamwork, leadership, empowerment, and quality service. Diversity means striving to maintain an environment in which managers value the differences in their employees and take steps to ensure that all employees know they are welcome.

To achieve workplace equity and inclusion, SMC will observe the practices outlined below:

- We will ensure that we do not discriminate in employment on the basis of race, color, religion, national origin, sex, age, disability, marital status, sexual orientation, creed, ancestry, medical condition, or political ideology.
- Our recruiting efforts will ensure that applicant pools are both capable and diverse.
- We will make employment decisions based on job-related criteria and will provide opportunities for entry and promotion into non-traditional jobs.
- We will ensure a workplace free of all forms of harassment.
- We will develop a procedure for prompt, thorough and impartial investigations of discrimination or harassment complaints and will act on appropriate measures to provide remedy or relief to individuals who have been victims of illegal discrimination or harassment.

Measures to ensure accountability for managing diversity will be incorporated into the performance management system for supervisors and managers. The chief executive officer will evaluate the effectiveness of our diversity policies and programs.

By creating a workplace where everyone can work towards their maximum potential, SMC will retain quality, productive employees who will provide excellent services to our clients.

SMC SEXUAL HARASSMENT POLICY

Slavin Management Consultants (SMC) is committed to providing a workplace that is free from sexual harassment. Sexual harassment in the workplace is against the law and will not be tolerated. Should the company determine that an allegation of sexual harassment is credible, it will take prompt and appropriate corrective action.

What Is Sexual Harassment?

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when:

- An employment decision affecting that individual is made because the individual submitted to or rejected the unwelcome conduct; or
- The unwelcome conduct unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or abusive work environment.
- Certain behaviors, such as conditioning promotions, awards, training or other job benefits upon acceptance of unwelcome actions of a sexual nature, are always wrong.

Unwelcome actions such as the following are inappropriate and, depending on the circumstances, may in and of themselves meet the definition of sexual harassment or contribute to a hostile work environment:

- Sexual pranks, or repeated sexual teasing, jokes, or innuendo, in person or via e-mail;
- Verbal abuse of a sexual nature;
- Touching or grabbing of a sexual nature;
- Repeatedly standing too close to or brushing up against a person;
- Repeatedly asking a person to socialize during off-duty hours when the person has said no or has indicated he or she is not interested (supervisors in particular should be careful not to pressure their employees to socialize);
- Giving gifts or leaving objects that are sexually suggestive;
- Repeatedly making sexually suggestive gestures;
- Making or posting sexually demeaning or offensive pictures, cartoons or other materials in the workplace;
- Off-duty, unwelcome conduct of a sexual nature that affects the work environment. A victim of sexual harassment can be a man or a woman.
- The victim can be of the same sex as the harasser.
- The harasser can be a supervisor, co-worker, other company employee, or a non-employee who has a business relationship with the Slavin Management Consultants.

SMC's Responsibilities Under This Policy:

If SMC receives an allegation of sexual harassment, or has reason to believe sexual harassment is occurring, it will take the necessary steps to ensure that the matter is promptly investigated and addressed. If the allegation is determined to be credible, SMC will take immediate and effective measures to end the unwelcome behavior. SMC is committed to take action if it learns of possible sexual harassment, even if the individual does not wish to file a formal complaint.

SMC will seek to protect the identities of the alleged victim and harasser, except as reasonably necessary (for example, to complete an investigation successfully). SMC will also take the necessary steps to protect from retaliation those employees who in good faith report incidents of potential sexual harassment. It is a violation of both federal law and this policy to retaliate against someone who has reported possible sexual harassment. Violators may be subject to discipline.

Employees who have been found by SMC to have subjected another employee to unwelcome conduct of a sexual nature, whether such behavior meets the legal definition of sexual harassment or not, will be subject to discipline or other appropriate management action. Discipline will be appropriate to the circumstances, ranging from a letter of reprimand through suspensions without pay of varying lengths to

separation for cause. A verbal or written admonishment, while not considered formal discipline, may also be considered.

Employees' Rights and Responsibilities Under This Policy

Any employee who believes he or she has been the target of sexual harassment is encouraged to inform the offending person orally or in writing that such conduct is unwelcome and offensive and must stop.

If the employee does not wish to communicate directly with the offending person, or if such communication has been ineffective, the employee has multiple avenues for reporting allegations of sexual harassment and/or pursuing resolution.

Employees are encouraged to report the unwelcome conduct as soon as possible to his or her supervisor or to the President of SMC.

In addition to reporting sexual harassment concerns to a responsible SMC official, employees who believe they have been subjected to sexual harassment may elect to pursue resolution in several ways, including:

Mediation: Mediation is an informal way to resolve office problems using a trained mediator who facilitates communication between the parties to the dispute. If an employee chooses to attempt resolution through mediation, management is obligated by Company policy to send a representative to the table. If a resolution is not reached, the parties may continue to pursue their rights in any other appropriate forum.

EEO processes: All SMC employees can file an Equal Employment Opportunity (EEO) complaint with the United States Equal Employment Commission (EEOC). An employee who wishes to file a complaint under EEO procedures must consult an EEO counselor within 45 days of the alleged incident. It is not necessary for an employee to complain to his/her supervisor before approaching an EEO counselor, nor to attempt informal resolution through mediation or other means. EEOC contact information:
<https://eeoc.com>. Phone 1 (800) 669-4000

All SMC employees are required to comply with this policy. Employees are also expected to behave professionally and to exercise good judgment in work-related relationships, whether with fellow employees, business colleagues, or members of the public with whom they come into contact in the course of official duties. Further, all employees are expected to take appropriate measures to prevent sexual harassment. Unwelcome behavior of a sexual nature should be stopped before it becomes severe or pervasive and rises to a violation of law.

U.S. Census - Ward Redistricting

Purpose and Background

Every ten years upon receipt of the U.S. Census decennial census results, the City undertakes a process to evaluate potential changes to ward boundaries. The City has received the data from the 2020 U.S. Census. Under Ohio Revised Code Section 731.06, the City will need to look at potentially changing some ward boundaries. As set forth in the statute (see below), the process is to take place after October 1, 2021, but prior to January 1, 2022.

Section 731.06 | Division of city into wards.**Ohio Revised Code/Title 7 Municipal Corporations/Chapter 731 Organization**

(A) The legislative authority of a city shall subdivide the city into wards, equal in number to the members of the legislative authority to be elected from wards, within ninety days after:

(1) The first day of October of the year following the decennial census year;

(2) The approval of the adoption, change, or abandonment of an alternative plan for the composition of the legislative authority of the city under division (B) or (C) of section 731.01 of the Revised Code, if the number of wards is changed;

(3) The annexation of territory containing, according to the last federal census or a census authorized by the legislative authority, such population as will entitle the city to an additional member of the legislative authority under division (A) of section 731.01 of the Revised Code.

(B) If the legislative authority fails to make such subdivision within the time required, it shall be made by the director of public service.

(C) In order to provide substantially equal population in each of the wards, the legislative authority may redivide the city into wards at any time.

(D) All wards shall be bounded, as far as practicable, by county lines, streets, alleys, lot lines, avenues, public grounds, canals, watercourses, municipal corporation lines, center lines of platted streets, or railroads, and shall be composed of adjacent and compact territory, and substantially equal in population.

(E) The legislative authority may authorize and provide for conducting a census of the population of the city at any time in order to carry out the powers granted by this section.

(F) Action of the legislative authority to divide the city into wards shall be taken by ordinance and shall be effective for the first municipal primary election occurring at least one hundred fifty days after the passage of the ordinance.
