Agenda Item Description or Legislation Title

County Assessments Authorization

Purpose and Background

Montgomery County requires all communities to pass separate legislation for assessments that are to be added to the tax duplicate. Therefore, before the City can assess property for such things as annual sidewalk and lighting assessments, grass/weed charges, property maintenance abatements, unpaid water and sewer, etc., the City must pass legislation specifically identifying the property and the amount of the assessment. As assessments are based on collection for City services previously provided, City Staff are asking that this item be passed as emergency legislation. Exhibit A, which provides all the details of the various assessments, is attached. Sidewalk assessment payoffs have been made by residents over the past month and the amounts listed on Exhibit A are for those properties for which no payoffs were received for the work performed. Additionally, City Staff request waiving of the second reading and approval of this legislation at the City Council Meeting on August 10, 2026 because that meeting is the last opportunity to present assessments for the 2026 property tax bills that residents will receive in 2027.

Agenda Item Description or Legislation Title

2026-2031 Bank Depository Agreements

Purpose and Background

The City is required every five years to designate banks as eligible depositories of City funds. The existing designations will expire on August 22, 2026 and the City will need to execute new five-year agreements. City Staff received depository agreement applications from five banks, and those agreements have been attached and listed them as eligible depositories in the legislation. As previously approved by City Council in 2018, all banks will be required to pledge collateral coverage of 102% on deposits of all public monies.

AGREEMENT FOR DEPOSIT OF PUBLIC FUNDS

THIS AGREEMENT FOR DEPOSIT OF PUBLIC FUNDS (this "Agreement") is made as of July 23, 2026 by and between Fifth Third Bank, National Association (the "Financial Institution") and CITY OF HUBER HEIGHTS (the "Customer").

WITNESSETH:

WHEREAS, the Financial Institution has accepted for deposit and safekeeping deposits from the Customer and may be providing certain other services for the Customer, or has proposed to do so;

WHEREAS, the Financial Institution has provided the Customer with a copy of the Financial Institution's balance sheet information as of the date of the latest report filed by the Financial Institution with one or more of its banking regulatory agencies;

WHEREAS, pursuant to the Uniform Depository Act of Ohio (the "Depository Act") and in accordance with the rules promulgated under the Depository Act, such proposal requires the Financial Institution to pledge and deposit with one or more qualifying trustees as security for the repayment of all public moneys to be deposited in the Financial Institution by the Customer security of the kinds specified in Section 135.18, Section 135.182 or any other section of the Ohio Revised Code specifying eligible security, as such may be amended from time to time, in a sum equal to or greater than the minimum amount of security required by the Treasurer of the State of Ohio (the "TOS") pursuant to the Depository Act and the rules promulgated under the Depository Act, as such may be amended from time to time; and

WHEREAS, the Financial Institution intends to participate in the Ohio Pooled Collateral Program (the "OPCP") pursuant to the Depository Act and rules of the TOS;

NOW, THEREFORE, in consideration of the services to be provided by the Financial Institution, including the retention and safekeeping of deposits of the Customer, and the Customer's new or continued award of deposits with the Financial Institution, the Customer and the Financial Institution agree as follows:

1. Eligibility to Receive Funds. The Financial Institution represents that it is eligible to receive public funds pursuant to Ohio Revised Code Chapter 135. This agreement is subject to the Depository Act, all amendments or supplements thereto, and all rules promulgated and policies adopted pursuant thereto, as well as all other applicable laws and regulations.

2. Deposits Awarded and Accepted. The Customer awards to the Financial Institution, and the Financial Institution accepts, deposits of the Customer in such amounts and of such types as the Customer and the Financial Institution may agree from time to time. The Customer acknowledges having received pricing information and a copy of the terms and conditions of the accounts into which the Customer's funds will be deposited (the "Accounts") and agrees that the Account terms and conditions are incorporated herein by reference. To the extent the Account

terms and conditions are inconsistent with the express terms of this Agreement, this Agreement will control.

3. Limit on Amount of Funds. The Financial Institution agrees that the total amount of active, interim and inactive deposits to be deposited by the Customer will not cause the total of all public funds held by the Financial Institution to exceed the limit set by Section 135.03 of the Ohio Revised Code or rules promulgated under that Section.

4. Collateral. The Financial Institution and the Customer agree that until the Financial Institution commences participation in the OPCP, the Financial Institution will pledge eligible securities for the benefit of the Customer and all other public depositors whose money has been deposited with the Financial Institution and deposit these securities with one or more trustees qualified under the Depository Act and designated by the Financial Institution. The Financial Institution and the Customer further agree that upon the Financial Institution's commencement of participation in the OPCP, the Financial Institution will pledge to the TOS and deposit with one or more trustees qualified under the Depository Act and designated by the Financial Institution, for the benefit of the Customer and all other public depositors whose money has been deposited with the Financial Institution, eligible securities. Notwithstanding the foregoing, if the charter of the Customer requires a pledge of specific collateral for the benefit of the Customer or applicable federal law designates the pledging of specific collateral for the Customer, the Customer and the Financial Institution will make a good faith effort to submit necessary documents with the TOS to apply for and establish a specific pledge account within the OPCP. The Financial Institution and the Customer will comply in all material respects with their respective duties and obligations under the Depository Act, the rules promulgated by the TOS pursuant to the Depository Act, and the terms, conditions, policies and other requirements of the TOS pursuant to the OPCP, as such laws, rules, terms, conditions, policies and other requirements may be amended from time to time. The terms and conditions of this Agreement are subject to the terms and conditions of any agreement or agreements by and between the Financial Institution and the TOS relating to the Accounts, which agreement or agreements are incorporated herein by reference.

5. Amount of Collateral. The Customer has the right to negotiate a "public unit negotiated collateral requirement" pursuant to Section 135.182 of the Ohio Revised Code. The Customer and the Financial Institution agree that the Financial Institution will pledge for the benefit of the Customer, in accordance with the OPCP, collateral equal in value to at least 102% of the amount of all deposits of the Customer on deposit with the Financial Institution that are not insured by the Federal Deposit Insurance Corporation.

6. Trustee. The Customer agrees that the Financial Institution may, in its sole discretion, select one or more trustees qualified under Section 135.182 of the Depository Act to hold collateral for all deposits of public fund depositors held by the Financial Institution, including but not limited to those deposits made by the Customer.

7. Expenses. Each of the Customer and the Financial Institution will be responsible for and assume its respective expenses incurred as a result of compliance with and participation in the OPCP and any successor program pursuant to Ohio Revised Code Section 135.182 or any amendment or successor provision of Ohio law.

8. Termination of Participation in the OPCP. Nothing set forth in this Agreement will require the Financial Institution to continue to participate in the OPCP. If for any reason the Financial Institution is no longer eligible to participate in the OPCP or chooses to opt out of such participation, the Financial Institution will promptly provide the Customer a notice of such event. Upon receipt of such notice, the Customer will provide notice to the Financial Institution within 30 days whether the Customer will withdraw all of its deposits from the Financial Institution or maintain the Customer's deposits at the Financial Institution. If the Customer does not provide such notice to the Financial Institution within the time set forth above whether it intends to remove its deposits, the Customer will be deemed to have agreed to maintain the deposits at the Financial Institution, and the Financial Institution will pledge separate collateral for the deposits of the Customer held by the Financial Institution pursuant to the requirements applicable to separate pledging of collateral set forth in Ohio Revised Code Section 135.18 and in accordance with other applicable laws and regulations.

9. Change in Laws. The Financial Institution and the Customer agree that if any state or federal laws, rules or regulations are changed or amended during the term of the Financial Institution's designation as a public depository, and the change of laws, rules, or regulations causes this Agreement to become unlawful, in whole or in part, then this Agreement will be limited so as not to extend beyond the date when such change becomes effective.

10. Customer Privacy. The Customer consents to the Financial Institution's provision to the TOS of information supplied by the Customer to the Financial Institution, as may be required by the TOS or applicable laws, rules and policies in connection with the Accounts. The Financial Institution will not be liable to the Customer for, as a result of, or in connection with the provision of such information to the TOS nor any disclosure of such information by the TOS to any other person.

11. Term. The term of this Agreement shall end on DECEMBER 31, 2030. Notwithstanding the foregoing, the parties to this Agreement may agree to renew the Agreement for a new term or change the terms and conditions set forth on Exhibit A without execution of a new agreement by execution and delivery of a writing signed by both parties or by delivery of a written notice of changed terms and conditions by the Financial Institution to the Customer to which the Customer does not deliver written notice of objection to the Financial Institution within 30 days after delivery of the notice from the Financial Institution to the Customer. If neither party notifies the other in writing at least 30 days before the end of the then current term of its intention to renew or terminate this Agreement or to change the terms and conditions of the Agreement for a new term, this Agreement shall automatically renew for a term of FIVE (5) years with the same terms and conditions as in effect immediately before the renewal.

12. Notices. All notices, requests and communications to a party under this Agreement must be in writing and will be deemed given if delivered personally, by facsimile, by electronic mail or by registered or certified mail (return receipt requested) to such party at its address as set forth below or such other address as such party may specify by notice to the other party.

13. Governing Law and Venue. The internal laws of the State of Ohio will govern the interpretation, construction, and enforcement of this Agreement and all transactions and agreements contemplated by the Agreement, notwithstanding any state's choice of law rules to the contrary, except to the extent federal law governs. The parties agree that the sole and exclusive venue for any legal action arising out of, in connection with, or relating to this Agreement and/or the transactions and relationships between the parties contemplated by this Agreement, will be the federal district court for the Southern District of Ohio, Cincinnati Division, or any court of general jurisdiction of Hamilton County, Ohio. The parties consent to the jurisdiction of such courts and waive any claim of lack of personal jurisdiction, improper venue, and forum non conveniens.

15. Waivers. The waiver by either party of a breach of any provision of this Agreement by the other party or its assignee will not operate or be construed as a waiver of any subsequent breach by the breaching party. A waiver by either party will only be valid if it is in writing and signed by an authorized officer of the party making the waiver.

16. Execution and Delivery. The execution of this Agreement or any amendment to this Agreement in one or more counterparts and the delivery of copies and of scanned or photocopied signature pages by facsimile, electronic mail or other electronic delivery will constitute effective execution and delivery of this Agreement or any amendment.

17. Agreements Superseded. With respect to the subject matter of this Agreement, to the extent that there is any inconsistency between this Agreement and any other agreement between the Customer and the Financial Institution, the terms of this Agreement supersede all previous agreements. For purposes of clarification, with respect to any previous agreement between the Financial Institution and the Customer regarding the types and maximum amount of deposits to be received by the Financial Institution from the Customer, compliance with the Depository Act, and participation by the Financial Institution and the Customer in the OPCP, this Agreement supersedes all previous oral and written agreements.

ARTICLE V

AMENDMENTS TO MASTER TRUST AGREEMENT

Section 1.010 Amendment to Section 1.01 of the Master Trust Agreement .

The following definition is added to Section 1.01 of the Master Trust Agreement:

"*Developer Contribution*" means such amount deposited with and held by the Trustee in the Developer Contribution Account within the Bond Service Fund pursuant to the provisions of Section 2.05(b)(i).

"*Developer Contribution Account*" means an account within the Bond Service Fund created pursuant to Section 5.01 of the Master Trust Agreement and a Supplemental Trust Agreement and into which a Developer Contribution shall be deposited.

Section 1.011 Amendment to Section 2.05(b)(i) of the Master Trust Agreement regarding the certification for the issuance of Additional Bonds

.

Section 2.05(b)(i) of the Master Trust Agreement is amended and restated in its entirety as follows:

> (i) If the Additional Bonds are issued to pay the Costs of Public Improvements, a certification by the Calculation Agent to the City and the Trustee that, for each Fiscal Year in which the Bonds are outstanding, the Aggregate Amount Available for Debt Service will equal or exceed the Debt Service Coverage Requirement. For purposes of this certification, "*Aggregate Amount Available for Debt Service*" means, for each year in which all Bonds, including the Additional Bonds, will be outstanding, the value (in dollars) of the (A) product of the then current and applicable effective rate of real property taxation multiplied by (B) the value (in dollars) of the sum of (1) the portion of the aggregate real property tax valuation of the single-family residences theretofore constructed and which are or will be eligible for the CRA Exemption plus (2) the product of (aa) the portion of the aggregate real property tax valuation of the single-family residences then expected to be constructed and which will be eligible for the CRA Exemption multiplied by (bb) ninety (90%); and "*Debt Service Coverage Requirement*" means (C) the sum of the reasonably estimated Administrative Costs and the estimated Bond Service Charges on all Bonds in each of the Fiscal Years that such Additional Bonds will be outstanding multiplied by (D) 115% (except that for any years in which monies have been deposited in the Bond Service Fund to pay interest coming due in full and no principal payments shall be due, 100%).
>
> For purposes of this Section 2.05(b)(i), upon a determination by the Calculation Agent that in connection with the proposed issuance of Additional Bonds, the Aggregate Amount Available for Debt Service will not equal or exceed the Debt Service Coverage Requirement, the Calculation Agent shall determine the aggregate amount of monies necessary to be included in the Aggregate Amount

Available for Debt Service that causes it to equal or exceed the Debt Service Coverage Requirement for each year in which all Bonds, including the Additional Bonds, will be outstanding (such amount being the "*Developer Contribution*"). The Calculation Agent shall then calculate the *"Aggregate Amount Available for Debt Service with Developer Contribution*" which shall mean, for each year in which all Bonds, including the Additional Bonds, will be outstanding, the value (in dollars) of the (A) product of the then current and applicable effective rate of real property taxation multiplied by (B) the value (in dollars) of the sum of (1) the portion of the aggregate real property tax valuation of the single-family residences theretofore constructed and which are or will be eligible for the CRA Exemption plus (2) the product of (aa) the portion of the aggregate real property tax valuation of the single-family residences then expected to be constructed and which will be eligible for the CRA Exemption multiplied by (bb) ninety (90%) plus (C) the portion of the Developer Contribution estimated to remain on deposit in the Developer Contribution Account and available to pay estimated Bond Service Charges in such year; in such instance and for purposes of the certification in this Section, Aggregate Amount Available for Debt Service with Developer Contribution shall be used in place of the Aggregate Amount Available for Debt Service in the calculation.

The Developer Contribution shall be paid by the Developer on the closing date for such series of Additional Bonds to the Trustee and deposited by the Trustee into the Developer Contribution Account in the Bond Service Fund as set forth in the corresponding Supplemental Trust Agreement.

Section 1.012 Amendment to Section 4.02 of the Master Trust Agreement regarding the calculations required by the Calculation Agent .

Section 4.02 of the Master Trust Agreement is amended and restated in its entirety as follows:

Section 4.02 Calculation Agent, Net Statutory Service Payments and Minimum Service Payments

. (a) The City shall retain the Calculation Agent and cause it to determine, as part of its semiannual report (the "Administrator's Semiannual Report"), (i) the total amount of Statutory Service Payments and Minimum Service Payments received by the City in the first half and/or second half settlements, as the case may be, from the Montgomery County Treasurer in that collection year, (ii) the amounts required to be paid pursuant to the TIF Statute and the TIF Ordinance to any other taxing authority, including but not limited to, the Huber Heights City School District and the Miami Valley Career Technology Center for that collection year, (iii) the estimated amount of Administrative Costs for that collection year, (iv) the amounts of Pledged Net Statutory Service Payments and Minimum Service Payments then held by the Trustee, (v) amount of Bond Service Charges coming due on the next succeeding Interest Payment Date, (vi) the amount held by the Trustee for the payment of capitalized interest on the next succeeding Interest Payment Date, (vii) the amount of Pledged Net Statutory Service Payments and

Minimum Service Payments required to be transferred to the Trustee for the payment of Bond Service Charges and Administrative Costs on the next succeeding Interest Payment Date (the "Required Transfer Amount") and (viii) the amount of any Developer Contribution on deposit in the Developer Contribution Account within the Bond Service Fund as of the first day of January and July for such year, which shall be provided by the Trustee at the Calculation Agent's request. The Calculation Agent shall deliver the Administrator's Semiannual Report to the City and the Trustee by no later than (i) April 15 and October 15 of each calendar year, commencing April 15, 2026, (ii) five business days following the Calculation Agent's receipt of the amount of Net Statutory Service Payments and Minimum Service Payments received by the City.

(b) Annually, the Calculation Agent will calculate the amount of Minimum Service Payments required for the payment of Bond Service Charges and Administrative Costs coming due in the following collection year in accordance with Section 7.5(b) of the Development Agreement and the Declaration attached thereto (the "MSP Amounts"), and will provide such calculations in a report to the City by August 15, commencing August 15, 2026. Upon receipt of the calculation of the MSP Amounts from the Calculation Agent and no later than September 1 of each year, the City shall make any corrections it deems necessary to the MSP Amounts and certify them to the Montgomery County Auditor for collection on the real property tax bills for that tax year (i.e., the succeeding collection year). With respect to the calculation of the MSP Amounts, the amount of the Developer Contribution on deposit in the Developer Contribution Account shall be taken into account with respect to Bond Service Charges coming due in the following collection year.

(c) For so long as the Developer Contribution is on deposit in the Bond Service Fund, the Calculation Agent shall calculate no later than April 15 and October 15 of each calendar year, the Aggregate Amount Available for Debt Service as set forth in Section 2.05(b)(i) for each Fiscal Year in which the Bonds are outstanding but shall exclude the Developer Contribution (if any) from such calculation (such calculated amount being the "Aggregate Amount Available for Debt Service Excluding Developer Contribution") and certify such calculations to the City and the Trustee. Once the Aggregate Amount Available for Debt Service Excluding Developer Contribution equals or exceeds the Debt Service Coverage Requirement in each Fiscal Year in which Bonds are outstanding, the Trustee shall, upon the City's direction, pay the amount on deposit in the Developer Contribution Account (which may include any interest that has accrued on such amount if invested by the Trustee) to the Developer or its assignees. Upon payment of the Developer Contribution to the Developer, such funds shall be released from the lien and pledge of this Master Trust Agreement and shall no longer considered to be part of the Pledged Revenues.

(d) The City, promptly upon receipt of the Net Statutory Service Payments and Minimum Service Payments, shall deposit such Net Statutory Service Payments and Minimum Service Payments in the Canal Heights Municipal Public

Improvement Tax Increment Equivalent Fund and maintain a separate accounting of said payments. Not later than May 15 and November 15 of each year, the City shall transfer to the Trustee for deposit in the Revenue Fund the Required Transfer Amount. Notwithstanding anything to the contrary contained in this Section, with respect to the semiannual Required Transfer Amount made by the City to the Trustee, the City shall in no event be required to transfer as the Required Transfer Amount an aggregate amount greater than the amount of Pledged Net Statutory Service Payments and Minimum Service Payments actually received by the City in the first half or second half settlements, as applicable, in that collection year.

Section 1.013 Amendment to Section 5.01 of the Master Trust Agreement regarding the accounts within the Bond Service Fund.

Section 5.01 Creation of Funds. The Funds and accounts described in this Section are established or referred to in the General Bond Ordinance and are designated as indicated. Each Fund is to be maintained in the custody of the City or the Trustee, as indicated, as a separate account (except when invested in Eligible Investments). The Funds and accounts are:

- Project Fund
- Revenue Fund
- Bond Service Fund
- Bond Reserve Fund
- Rebate Fund

The ***Project Fund*** is created and maintained in the custody of the Trustee as a trust fund separate and distinct from all other funds and designated the "City of Huber Heights, Ohio – Canal Heights Incentive District – Project Fund". At the direction of the City, the Trustee shall establish separate accounts in the Project Fund for the deposit of the proceeds of the subsequent issue of Additional Bonds in accordance with this Section for series of Bonds issued to pay the Costs of Public Improvements constructed pursuant to the Development Agreement.

Pending disbursement, the moneys and Eligible Investments to the credit of the Project Fund shall constitute a part of the Pledged Revenues. The Trustee shall disburse money in the Project Fund to or at the direction of the City to pay the Costs of Public Improvements, as directed in writing by an Authorized Officer pursuant to a Disbursement Request in the form included as Exhibit A hereto.

The Trustee shall cause to be kept and maintained adequate records pertaining to the Project Fund and all disbursements therefrom. If requested by the

City, the Trustee shall file copies of the records pertaining to the Project Fund and disbursements therefrom with the City.

The ***Revenue Fund*** is created by the City and ordered maintained as a separate deposit account in the custody of the Trustee a trust fund designated the "City of Huber Heights, Ohio – Canal Heights Incentive District - Revenue Fund." Pursuant to Section 7.6 of the Development Agreement and in accordance with the calculation provided by the Calculation Agent pursuant to Section 4.02 herein, the City shall cause all Pledged Revenues not deposited in the Project Fund to be deposited into the Revenue Fund in accordance with Section 4.02 herein. On the business day immediately preceding each Interest Payment Date, the Trustee shall transfer money on deposit in the Revenue Fund in the following order of priority:

(1) to the Trustee, an amount equal to the Trustee's fees and expenses then due and payable in accordance with this Master Trust Agreement and the fees and expenses of the Calculation Agent.

(2) to the Rebate Fund, the amount required pursuant to this Section under ***Rebate Fund***.

(3) to the Bond Service Fund, the amount sufficient to pay Bond Service Charges on the Bonds and due on the Interest Payment Date occurring the following business day.

(4) to the Bond Reserve Fund, the amount sufficient, if applicable, to restore the balance in the Bond Reserve Fund to the Required Reserve, provided that no such deposit shall be made from Bond proceeds.

The ***Bond Service Fund*** shall be maintained in the custody of the Trustee as a trust fund and shall be used, subject to Section 7.05, solely for the payment of Bond Service Charges. The Bond Service Fund, the accounts within the Bond Service Fund, and the moneys and Eligible Investments therein shall be used solely and exclusively for the payment of Bond Service Charges as they become due. The Trustee shall transmit to the applicable Paying Agent from moneys in the Bond Service Fund amounts sufficient to make timely payments of Bond Service Charges on the Bonds then due and payable without further direction of the Authorized Officer in the following order:

FIRST, from the proceeds of a series of Bonds, the amount necessary to pay capitalized interest due on such series of Bonds on any Interest Payment Date;

SECOND, from the money on deposit in the Developer Contribution Account (if any), (i) an amount sufficient to pay capitalized interest due on any Interest Payment Date to the extent not paid from proceeds of Bonds, and (ii) to pay Bond Service Charges on Bonds to the extent that Minimum Service Payments and Net Statutory Service Payments deposited in the Bond Service Fund are not sufficient to pay Bond Service Charges. Money on deposit in the Developer Contribution Account shall be used to pay Bond Service Charges before any money

on deposit in the Bond Reserve Fund is used to pay Bond Service Charges on any Interest Payment Date;

If money on deposit in the Bond Service Fund (including money on deposit in the Developer Contribution Account (if any) and deposits from amounts held in the Bond Reserve Fund as provided herein) is not sufficient to pay all Bond Service Charges due on the Bonds on each Interest Payment Date, the Trustee shall apply any money on deposit in the Bond Service Fund to the payment of Bond Service Charges on those Bonds on a pro rata basis in accordance with their respective Bond Service Charges then due and shall notify the City of such application of funds.

The Trustee may create any accounts within the Bond Service Fund as needed including a Developer Contribution Account for the deposit of the Developer Contribution (if any) pursuant to Section 2.05(b)(i) and the corresponding Supplemental Trust Agreement.

The ***Bond Reserve Fund*** shall be maintained in the custody of the Trustee as a trust fund and shall be used, subject to Section 7.05, solely for the payment of Bond Service Charges. If a Required Reserve has been designated for a series of Bonds, the related Supplemental Trust Agreement shall either (a) create a separate account within the Bond Reserve Fund or (b) designate a previously created account within the Bond Reserve Fund, if permitted, for the deposit of the Required Reserve. Moneys from the appropriate account in the Bond Reserve Fund shall be paid to the Bond Service Fund, to the extent necessary from time to time to permit the timely payment of the applicable Bonds payable from the Bond Service Fund. In the event that moneys in the Bond Service Fund are insufficient on any Interest Payment Date to pay Bond Service Charges due on such date, the Trustee shall withdraw from the Bond Reserve Fund the moneys necessary to make up the deficiency and shall transfer those moneys to the Bond Service Fund but only after money on deposit in the Developer Contribution Account (if any) is used to pay those Bond Service Charges. The Trustee shall transfer amounts on deposit in the Bond Reserve Fund in excess of the Required Reserve to the Revenue Fund without further direction from the City prior to the application of amounts on deposit in the Revenue Fund as provided above under *Revenue Fund*. The City may direct the Trustee to apply amounts on deposit in the Bond Reserve Fund to the purchase or redemption of Bonds if, upon giving effect to such purchase or redemption, no Bonds will remain Outstanding. Upon the issuance of Additional Bonds for the purpose described in Section 2.05(a)(iii), the City may direct the Trustee to retain such amount in the Bond Reserve Fund up to the amount of any applicable Required Reserve for such Additional Bonds.

Notwithstanding the foregoing Bond Reserve Fund provisions of this Section, in lieu of any required deposits of cash or Eligible Investments into the Bond Reserve Fund or in substitution for any cash or Eligible Investments on deposit in the Bond Reserve Fund, the City may cause the Required Reserve for

any series of Bonds to be provided in whole or in part by an appropriate Credit Support Instrument.

Any amounts in excess of the Required Reserve created by virtue of a deposit of a Credit Support Instrument into an account of the Bond Reserve Fund shall be transferred, at the City's option, to the Bond Service Fund and allocated to the accounts in that Fund which relate to the series of Bonds in respect of which the Credit Support Instrument was originally provided.

The ***Rebate Fund*** is created and maintained in the custody of the Trustee as a separate trust fund to be designated "City of Huber Heights, Ohio – Canal Heights Incentive District – Rebate Fund." At the direction of the City, the Trustee shall establish separate accounts in the Rebate Fund for each series of Bonds in accordance with this Section. Moneys in the Rebate Fund shall be used solely for the payment of Rebate Amounts to the United States. The Rebate Fund is not pledged to the payment of Bond Service Charges, but is held for the benefit of the federal government and shall be clear of any lien created by this Master Trust Agreement. The Series 2026 Bonds, together with debt service on any other obligations issued and outstanding on a parity with the Series 2026 Bonds as provided in the Trust Agreement (collectively with the Series 2026 Bonds, the "*Bonds*"), are special obligations of the City, issued or to be issued under, and to be secured and entitled equally and ratably to the protection given by, the Trust Agreement. The Series 2026 Bonds are issued pursuant to laws of the State of Ohio, including the Ohio Constitution and the City Charter, and Ordinance No. 2025-O-2706 duly passed by the City Council of the City on June 23, 2025 and Ordinance No. 2026-O-2766, duly passed by the City Council of the City on June 8, 2026, including the Certificate of Award executed by the City (collectively, the "*Bond Legislation*") and the Trust Agreement.

Certain of the Series 2026 Bonds are subject to mandatory and optional redemption prior to maturity as described herein.

REFERENCE IS MADE TO THE FURTHER PROVISIONS OF THIS SERIES 2026 BOND SET FORTH IN THE TRUST AGREEMENT, WHICH SHALL FOR ALL PURPOSES HAVE THE SAME EFFECT AS IF SET FORTH HEREIN.

Reference is made to the Bond Legislation and the Trust Agreement and the proceedings authorized therein, including the Continuing Disclosure Agreement (as defined in the Bond Legislation), for a more complete description of the provisions, among others, with respect to the nature and extent of the security for the Series 2026 Bonds, the rights, duties and obligations of the City, the Trustee and the holders or beneficial owners of the Series 2026 Bonds, and the terms and conditions upon which the Series 2026 Bonds are issued and secured. Each holder and

beneficial owner assents, by its acceptance hereof, to all of the provisions of the Bond Legislation, the Trust Agreement and those proceedings. A copy of the Trust Agreement is on file at the designated corporate trust office of the Trustee.

Unless paid from other sources, the principal of and interest on the Series 2026 Bonds (collectively, "*Bond Service Charges*") are payable equally and ratably solely from the Pledged Revenues (being generally, the Pledged Net Statutory Service Payments and the Minimum Service Payments, any moneys and investments in the Special Funds, any other moneys intended to be used for Bond Service Charges, and all income and profit from the investment of the foregoing moneys), all as defined and as provided in the Trust Agreement, and are not otherwise an obligation of the City. The payment of Bond Service Charges is secured by the Trust Agreement and by a pledge and assignment of and a lien on the Pledged Revenues; provided, however, that any pledge or assignment of or lien on any fund, account, receivables, revenues, money or other intangible property not in the custody of the Trustee is valid and enforceable only to the extent permitted by law.

Nothing in the Bond Legislation, the Series 2026 Bonds or the Trust Agreement shall constitute a general obligation debt or tax-supported bonded indebtedness of the City; the general resources of the City shall not be required to be used, and neither the general credit nor taxing power or full faith and credit of the City are or shall be pledged, for the performance of any duty under the Bond Legislation, the Series 2026 Bonds or the Trust Agreement and the holders or owners of the Series 2026 Bonds shall have no right to have excises or taxes levied by the City for the payment of Bond Service Charges on the Series 2026 Bonds.

The Series 2026 Bonds are issuable originally only as fully registered bonds in Authorized Denominations and, except as hereinafter provided, in printed or typewritten form, registered in the name of Cede & Co., as nominee of The Depository Trust Company ("*DTC*"), which shall be considered to be the holder of the Series 2026 Bonds for all purposes of the Trust Agreement, including, without limitation, payment by the City of Bond Service Charges thereon, and receipt of notices and exercise of rights of holders of the Series 2026 Bonds. There shall be a single Series 2026 Bond representing each maturity, and except as hereinafter provided, all Series 2026 Bonds shall be immobilized in the custody of DTC or its designated agent with the beneficial owners having no right to receive Series 2026 Bonds in the form of physical securities or certificates. Ownership of beneficial interests in the Series 2026 Bonds shall be shown by book entry on the system maintained and operated by DTC, its participants and certain persons acting through its participants. Transfers of ownership of beneficial interests shall be made only by DTC and its participants and by that book entry system, the City and the Trustee having no responsibility therefor. DTC is expected to maintain records of the positions of its participants in the Series 2026 Bonds, and its participants and persons acting through its participants are expected to maintain records of the purchasers of beneficial interests in the Series 2026 Bonds. The Series 2026 Bonds as such shall not be transferable or exchangeable, except for transfer to another Depository (as defined in the Trust Agreement) or to another nominee of a Depository in order to obtain payment of principal of and interest on the Series 2026 Bonds, and in exchange for any Bonds so transferred, without further action by the City.

If any Depository determines not to continue to act as a Depository for the Series 2026 Bonds for use in a book entry system, the City may attempt to have established a securities depository/book entry system relationship with another qualified Depository under the Agreement. If the City does not or is unable to do so, the City and the Trustee, after the Trustee has made provision for notification of the beneficial owners by notice in writing or by means of facsimile transmission to the then Depository, shall permit withdrawal of the Series 2026 Bonds from the Depository, and authenticate and deliver Series 2026 Bond certificates in fully registered form (in Authorized Denominations) to the assignees of the Depository or its nominee, all at the cost and expense (including costs of printing or otherwise preparing and delivering replacement Series 2026 Bonds), if the then Depository's determination not to continue to act as a Depository for the Series 2026 Bonds is not the result of City action or inaction, of those persons requesting such authentication and delivery.

LEGAL OPINION

The following is a true copy of the text of the opinion rendered to the original purchaser of the Series 2026 Bonds by Squire Patton Boggs (US) LLP in connection with the original issuance of the Series 2026 Bonds. That opinion is dated as of, and is premised on the transcript of proceedings examined and the law in effect on the date of, the original delivery of the Series 2026 Bonds. A signed copy of the opinion is on file in the office of the Director of Finance.

We have served as bond counsel to our client the City of Huber Heights, Ohio (the "*City*") in connection with the issuance by the City of its $_____ Tax Increment Financing Revenue Bonds, Series 2026 (Canal Heights Incentive Districts #2 and #3) (the "*Series 2026 Bonds*"), dated the date of this letter.

The Series 2026 Bonds are issued pursuant to the Act, the Charter of the City, Ordinance No. 2025-O-2706 passed by the City Council of the City on June 23, 2025 and Ordinance No. 2026-O-2766, passed by the City Council of the City on June 8, 2026, and the Certificate of Award executed by the City (collectively, the "*Bond Legislation*") and the Master Trust Agreement, dated September 1, 2026 (the "*Master Trust Agreement*"), as supplemented by the Second Supplemental Trust Agreement, dated July 1, 2026 (the "*Second Supplemental Trust Agreement*" and together with the Master Trust Agreement, the "*Trust Agreement*"), each by and between the City and U.S. Bank Trust Company, National Association, as Trustee. Capitalized terms not otherwise defined in this letter are used as defined in the Bond Legislation.

In our capacity as bond counsel, we have examined the transcript of proceedings relating to the issuance of the Series 2026 Bonds, a conformed copy of the signed and authenticated Series 2026 Bond of the first maturity, the Bond Legislation, the Trust Agreement and such other documents, matters and law as we deem necessary to render the opinions set forth in this letter.

Based on that examination and subject to the limitations stated below, we are of the opinion that under existing law:

1. The Series 2026 Bonds and the Trust Agreement are valid and binding obligations of the City, enforceable in accordance with their respective terms.

2. The Series 2026 Bonds constitute special obligations of the City, and the principal of and interest on (collectively, "*debt service*") the Series 2026 Bonds, together with debt service on any other obligations issued and outstanding on a parity with the Series 2026 Bonds as provided in the Trust Agreement, are payable from and secured solely by the Pledged Revenues. The payment of debt service is not secured by an obligation or pledge of any money raised by taxation, and the Series 2026 Bonds do not represent or constitute a general obligation or a pledge of the faith and credit of the City, the State of Ohio or any of its political subdivisions.

3. Interest on the Series 2026 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "*Code*"), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. Interest on, and any profit made on the sale, exchange or other disposition of, the Series 2026 Bonds are exempt from all Ohio state and local taxation, except the estate tax, the domestic insurance company tax, the dealers in intangibles tax, the tax levied on the basis of the total equity capital of financial institutions, and the net worth base of the corporate franchise tax. We express no opinion as to any other tax consequences regarding the Series 2026 Bonds.

The opinions stated above are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. In rendering all such opinions, we assume, without independent verification, and rely upon (i) the accuracy of the factual matters represented, warranted or certified in the proceedings and documents we have examined and (ii) the due and legal authorization, execution and delivery of

those documents by, and the valid, binding and enforceable nature of those documents upon, any parties other than the City.

In rendering those opinions with respect to the treatment of the interest on the Series 2026 Bonds under the federal tax laws, we further assume and rely upon compliance with the covenants in the proceedings and documents we have examined, including those of the City. Failure to comply with certain of those covenants subsequent to issuance of the Series 2026 Bonds may cause interest on the Series 2026 Bonds to be included in gross income for federal income tax purposes retroactively to their date of issuance.

The rights of the owners of the Series 2026 Bonds and the enforceability of the Series 2026 Bonds and the Trust Agreement are subject to bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer, and other laws relating to or affecting the rights and remedies of creditors generally; to the application of equitable principles, whether considered in a proceeding at law or in equity; to the exercise of judicial discretion; and to limitations on legal remedies against public entities.

No opinions other than those expressly stated herein are implied or shall be inferred as a result of anything contained in or omitted from this letter. The opinions expressed in this letter are stated only as of the time of its delivery and we disclaim any obligation to revise or supplement this letter thereafter. Our engagement as bond counsel in connection with the original issuance and delivery of the Series 2026 Bonds is concluded upon delivery of this letter.

Respectfully submitted,

SQUIRE PATTON BOGGS (US) LLP

Fire Department Comments:

The Huber Heights City Code Part 15 Refers to Fire Code Requirements and has adopted by reference OFC and IFC Appendices

Review is for approval of rezoning. These comments are based only on the proposed site work, fire department access and basic fire protection concept. A full plan review of the building systems, fire protection, egress and life safety will need to be conducted once the architectural plans have been submitted for permit. The proposed development will need to meet the requirements of the Ohio Fire Code 2025, Ohio Building Code 2024 and the Huber Heights Codified Ordinance. Additional requirements for structure may arise during permitting process:

Requirements:

•Fire apparatus access roads will need to comply with OFC 503 as well as the adopted appendices from the OFC (2025) and the Huber Heights Codified Ordinance (HHCO) Section 15.

• Hydrants in multi-family and commercial districts shall be placed not more than 300 feet apart, measured on the main and not more than 400 feet from any opening in any building. All new fire hydrants and any existing fire hydrants that are in need of replacement, shall meet the Huber Heights hydrant standard for this district of two, five inch diameter steamer nozzles. These steamer nozzles shall have a five inch STORTZ quick connection and one steamer shall have a four inch STORTZ connection approved by the Code Official.

• Plans reviewed by the Huber Heights Fire Division are reviewed with the intent they comply in ALL respects to this code, as prescribed in SECTION (D) 104.1 of the 2025 Ohio Fire Code. Any omissions or errors on the plans or in this review do not relieve the applicant of complying with ALL applicable requirements of this code. These plans have been reviewed for compliance with the Ohio Fire Code adopted by this jurisdiction. There may be other regulations applicable under local, state, or federal statues and codes, which this department has no authority to enforce and therefore have not been evaluated as part of this plan review.

• If buildings are required to be sprinklered at least one fire hydrant shall be provided within 75 feet of the fire department connection for each building. Huber Heights Codified Ordinance 1521.01(e).

• Turn radius for fire department vehicle access shall meet the requirements for Huber Heights Fire Division. Refer to Ohio Fire Code Appendix D103.3 and 503.2.4. (Turning radius appears to meet requirements)

• 503.2.1 Dimensions, Fire apparatus roads shall have an unobstructed width of not less than 20 feet (6069 mm), exclusive of shoulders, except for approved security gates in accordance with section 503.6, and an unobstructed vertical clearance of not less than 13 feet 6 inches (4115 mm).

• The water supply for fire protection shall meet the requirements of OFC 507 and Appendix B. Calculations and findings will need to be determined and provided. Water Main and hydrant extension sizes and spacing will also need to be shown in detail. Fire flow requirements shall be determined in accordance with Ohio Fire Code, Appendix B, Fire Flow Requirements for Buildings. Once the fire flow has been determined the minimum number of required fire hydrants can be confirmed.

• If required, fire department connections shall be located on the street side of buildings, fully visible and recognizable from the street or nearest point of fire department vehicle access or otherwise approved by the fire code official. Ohio Fire Code 912.2.1.

• Fire department access roads shall be capable of supporting the imposed load of fire apparatus weighing up to 75,000 lbs. Refer to Ohio Fire Code Appendix D102.1

• 503.2.3 Surface**.** Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall be surfaced so as to provide all-weather driving capabilities as approved by fire code official.

Plans reviewed by the Huber Heights Fire Division are reviewed with the intent they comply in **ALL** respects to this code, as prescribed in **SECTION (D) 104.1 of the 2011 Ohio Fire Code**. Any omissions or errors on the plans or in this review do not relieve the applicant of complying with **ALL** applicable requirements of this code. Overview
The applicant seeks basic development plan approval for freight hauling service with an 8,800 S.F maintenance building, a 2,000 S.F. office building and parking for up to 43 trucks or trailers. The site is zoned Planned Industrial and truck and motor freight terminals and hauling services are permitted uses.

The site plan illustrates stormwater detention on the south side of the site, and staff has requested the existing tree line remain undisturbed to preserve the natural screening between this proposed development and the existing adjacent residences.

Site Characteristics
The site is currently agricultural land, relatively flat and generally drains to the south. There is an existing tree line along the south fence.

Applicable Zoning Regulations
The applicable zoning regulations are Chapter 1171 – General Provisions, Chapter 1177 – Planned Industrial, and Chapter 1181 – General Provisions.

Chapter 1171.05 - Contents of basic development plan, states:
(a) The basic development plan shall consist of at least the following information together with such other data and materials as may be required by the City:

(1) Site plan showing the actual shape and dimensions of the lot to be built upon or to be changed in its use together with the location of the existing and proposed structures with approximate square footages, number of stories including heights of structures;

(2) Typical elevation views of the front and side of each type of building;

(3) Planning location and dimensions of all proposed drives, service access road, sidewalks and curb openings;

(4) Parking lot areas (show dimensions of a typical parking space), unloading areas, fire lanes and handicapped parking;

(5) Landscaping plan, walls and fences;

(6) Storm water detention and surface drainage;

(7) Exterior lighting plan;

(8) Vehicular circulation pattern;

(9) Location and square footage of signs;

(10) Topographic survey; and

(11) Listing of proposed uses taken from the list of permitted and special uses of the PUD zoning district to which rezoning is being sought.

Chapter 1171.06 - General standards for approval, states:
The Planning Commission shall review the application, prepared development plan and the facts presented at the hearing. The applicant shall have the burden of proof. No approval shall be given unless the Commission shall find by a preponderance of the evidence that such PUD on the proposed locations:

(a) Is consistent with official thoroughfare plan, comprehensive development plan and other applicable plans and policies;

(b) Could be substantially completed within the period of time specified in the schedule of development submitted by the developer;

(c) Is accessible from public roads that are adequate to carry the traffic that shall be imposed upon them by the proposed development. Further, the streets and driveways on the site of the proposed development shall be adequate to serve the residents or occupants of the proposed development;

(d) Shall not impose an undue burden on public services such as utilities, fire and police protection, and schools;

(e) Contains such proposed covenants, easements and other provisions relating to the proposed development standards as may reasonably be required for the public health, safety and welfare;

(f) Shall be landscaped or otherwise improved and the location and arrangement of structures, parking areas, walks, lighting and appurtenant facilities shall be compatible with the existing intended uses, and any part of a PUD not used for structures, parking and loading areas, or accessways;

(g) Shall preserve natural features such as water courses, trees and rock outcrops, to the degree possible, so that they can enhance the overall design of the PUD;

(h) Is designed to take advantage of the existing land contours in order to provide satisfactory road gradients and suitable building lots and to facilitate the provision of proposed services;

(I) Shall place underground all electric and telephone facilities, street light wiring and other wiring conduits and similar facilities in any development which is primarily designed for or occupied by dwellings, unless waived by the Commission because of technical reasons;

(j) Shall not create excessive additional requirements at public cost of public facilities and services and shall not be detrimental to the economic welfare of the community;

(k) Shall not involve uses, activities, processes, materials, equipment and conditions of operation that shall be detrimental to any persons, property or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors; and

(l) Rezoning of the land to the PUD District and approval of the development plan shall not adversely affect the public peace, health, morals, safety or welfare.

Staff Analysis
The staff analysis addresses the elements of the Basic Development Plan and standards for approval.

Basic Development Plan Analysis:
The applicant seeks basic development plan approval in a Planned Industrial District for a freight hauling service and to construct an 8,800 S.F. truck maintenance facility with 43 parking stalls for truck and trailer parking.

Conformance With Planned Industrial District Requirements:

Uses: Freight hauling services and repair uses are principally permitted in the district.

Development Standards:

- The zoning code requires a 25-foot side and rear yard setback, or 75-feet if adjacent to a residential or PM District. The site plan illustrates 25-foot setbacks from the east and west property lines, and a 75-foot setback from the south property line which abuts a PM District. The proposed stormwater detention area provides an additional 50-foot setback of the building and parking areas from the rear lot line. All side and rear setbacks are consistent with the zoning code.
- The total lot coverage of buildings within the PI District cannot exceed 75 percent. The proposed buildings total 10,800 SF, and cover approximately 4% of the 6.25 acres. The lot coverage meets the code requirements.

Parking and Loading:

- Off-street parking facilities are prohibited in the front yards. The northernmost parking stall is in the front yard.
- The site plan is consistent with all other aspects of the parking regulations, although a landscaping plan has not yet been provided and will be reviewed with the detailed development plan application.

Building Materials:

- Building elevations were not submitted with the application. However, the applicant shall comply with the building material requirements in 1177.03(b)(8).

Landscaping:

- Landscaping will be reviewed through the detailed development plan application process.

Signs:

- Signage will be reviewed through the detailed development plan application process.

Conformance with General Standards of Approval:
Below is the staff analysis of conformance with the general standards of approval.

(a) Is consistent with official thoroughfare plan, comprehensive development plan and other applicable plans and policies;

This proposed development is in the Northtown development pattern area along West National Road, adjacent to an existing industrial development and adjacent to the edge of the Carriage Trails subdivision. The land is zoned Planned Industrial and no rezoning is necessary.

The site has an existing rear tree line which serves as a natural buffer between the proposed development and the two adjacent residential lots. Staff feels the proposed use is consistent with other industrial uses along US 40 and will be rather benign in intensity. The code requires all uses to be within a fully enclosed building so there should be little to no outdoor storage of parts or vehicles related to the proposed maintenance facility.

(b) Could be substantially completed within the period of time specified in the schedule of development submitted by the developer;

No development schedule has been submitted at this time.

(c) Is accessible from public roads that are adequate to carry the traffic that shall be imposed upon them by the proposed development. Further, the streets and driveways on the site of the proposed development shall be adequate to serve the residents or occupants of the proposed development;

National Road has adequate capacity to serve the development.

(d) Shall not impose an undue burden on public services such as utilities, fire and police protection, and schools;

Staff do not anticipate any undue burden on public services. The area has adequate utility capacity to service this proposed development. We are unaware of any policing concerns, and the development will comply with all building and fire code requirements.

(e) Contains such proposed covenants, easements and other provisions relating to the proposed development standards as may reasonably be required for the public health, safety and welfare;

Any conditions imposed by the Planning Commission or City Council will be memorialized in the PUD legislation and remain in effect unless modified by either body.

(f) Shall be landscaped or otherwise improved and the location and arrangement of structures, parking areas, walks, lighting and appurtenant facilities shall be compatible with the existing intended uses, and any part of a PUD not used for structures, parking and loading areas, or accessways;

The landscaping requirements will be reviewed with the Detailed Development application.

(g) Shall preserve natural features such as water courses, trees and rock outcrops, to the degree possible, so that they can enhance the overall design of the PUD;

The rear tree line will be protected and preserved to serve as a natural buffer between the proposed development and the adjacent residential uses.

(h) Is designed to take advantage of the existing land contours in order to provide satisfactory road gradients and suitable building lots and to facilitate the provision of proposed services;

The site is flat and limited grading will be necessary.

(i) Shall place underground all electric and telephone facilities, street light wiring and other wiring conduits and similar facilities in any development which is primarily designed for or occupied by dwellings, unless waived by the Commission because of technical reasons;

All utilities will be placed underground.

(j) Shall not create excessive additional requirements at public cost of public facilities and services and shall not be detrimental to the economic welfare of the community;

Staff do not anticipate the need for excessive additional public services to support this development.

(k) Shall not involve uses, activities, processes, materials, equipment and conditions of operation that shall be detrimental to any persons, property or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors; and

All proposed uses are consistent with the Planned Industrial District. Staff do not anticipate excessive noise, traffic or fumes.

(l) Rezoning of the land to the PUD District and approval of the development plan shall not adversely affect the public peace, health, morals, safety or welfare.

No rezoning is necessary.

Additional Comments:

Fire: The Fire Department comments are largely related to the future building construction and will be addressed during the building permit review process.

City Engineer: The City Engineer had no comments.

Recommendation

It is the staff's opinion that the proposal meets the standards outlined in Section 1171.06. Staff recommends approval of the Basic Development Plan submitted on June 29, 2026, with the following conditions:\

1. The rear tree line shall be preserved and protected during and post-construction to serve as a natural buffer between this development and the adjacent residential uses. All dead or dying trees shall be replaced with dense evergreen trees at least six feet tall at the time of planting.
2. Parking setback shall be 25-feet from the US-40 planned right-of-way line, or 75-feet from the center line of US 40.
3. The outdoor storage of inoperable vehicles, junk parts, inventory or other materials shall be prohibited. Material Storage shall be limited to the temporary staging of materials being transported or delivered.

Planning Commission Action

Planning Commission may take the following actions with a motion to:

1) Recommend approval of the basic development plan application, with or without conditions.
2) Recommend denial of the basic development plan.
3) Table the application to gather additional information.

RE: Case No. 26-19 — Written Comments in Opposition / Requested Conditions

Dear Chairman Walton and Members of the Planning Commission:

I am writing regarding Case No. 26-19, the application filed by Coast to Coast Heavy Haul Inc. seeking approval of a Basic Development Plan for commercial truck parking and service buildings at 4742 US 40 E, Tipp City, Ohio 45371. I own the property at 2591 Blueflag St, which sits at the end of a cul-de-sac directly adjacent to this site. I am submitting these comments in advance of the July 14, 2026 Planning Commission meeting and respectfully request that they be entered into the record and considered whether or not I am able to attend in person.

I am opposed to this development as currently proposed, given its proximity to established residential homes. If the Commission determines that the application must move forward, I ask that the conditions described below be attached to any approval to protect adjoining residential properties.

My property, along with several of my neighbors', directly abuts the land in question. Until recently, this land was leased and used as farmland, which was one of the reasons my family chose to purchase our home. The proposed conversion of this property into a commercial truck parking yard and service facility would introduce noise, lighting, traffic, and operational activity immediately behind homes that were built and purchased with the expectation of a quiet, low-impact rear boundary.

Huber Heights Zoning Code Section 1171.06 requires that no PUD approval be given "unless the Commission shall find by a preponderance of the evidence" that the development, among other things, is accessible from roads adequate to carry the traffic it will impose, will preserve natural features such as trees to the degree possible, and "shall not involve uses, activities, processes, materials, equipment and conditions of operation that shall be detrimental to any persons, property or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors." I respectfully ask the Commission to weigh this change in character carefully against that mandatory standard and to consider the following specific concerns.

1. Noise and Hours of Operation

Truck yards typically generate noise from idling engines, backup alarms, air brakes, and loading/unloading activity. Section 1177.04 requires that all uses in a Planned Industrial District be conducted wholly within a completely enclosed building, except for parking, loading, and unloading, and expressly prohibits any use that is or may become offensive by reason of noise or vibration. Section 1182.05(a)(4)D further requires that screening intended to absorb or deflect noise have a

minimum depth of 15 feet of mounding with plantings, or a solid wall combined with decorative plantings. Separately, the City's own Codified Ordinances Section 509.08 already declares "the creation of a loud and excessive noise in connection with loading or unloading any vehicle" to be an unreasonable and unnecessary noise disturbing the peace of the City, along with excessive vehicle exhaust noise and noise from vehicles in disrepair — none of which are limited to residential zoning districts. Because this operation will independently be required to comply with Section 509.08 regardless of any approval granted here, I ask the Commission to build hour restrictions and noise mitigation into the approval now, rather than leaving this to become a recurring code enforcement problem later. I ask that any approval include the following restricted hours of operation: no truck movement, loading, or service activity before 7:00 a.m. or after 7:00 p.m. Monday through Friday, except that on Tuesdays such activity shall end by 6:00 p.m.; no such activity before 9:00 a.m. or after 7:00 p.m. on Saturdays; and no such activity on Sundays. The Tuesday and Sunday restrictions are further warranted given the site's proximity to the Huber Heights Congregation of Jehovah's Witnesses, which has met at this location for over 30 years and holds weekly gatherings of approximately 135–140 attendees on Tuesdays at 7:00 p.m. and Sundays at 10:00 a.m.; the earlier Tuesday cutoff allows for quiet arrival ahead of that meeting, and the Sunday restriction protects the congregation's morning gathering from truck yard noise and traffic. I also ask the Commission to confirm the applicant's operations, including the material storage area shown on the concept plan, will comply with Section 1177.04.

2. Buffering and Screening

I have reviewed the submitted concept plan, which shows a 75-foot setback and an existing tree lawn along the property line shared with the Blueflag St. residential lots, including my own, with a note indicating this tree line is "not to be disturbed." Section 1177.03(b)(3)A requires that required side and rear yards abutting a residential district be maintained with, at minimum, a six-foot high wooden or vinyl fence, earth mound, or wall with an opaqueness of 100 percent, and Section 1182.05(a)(1) further requires that no land be used for a nonresidential use adjoining a residential district "until a plan for screening has been submitted and approved" by the Planning and Development Department. Separately, Section 1181.18 requires that screening for service structures such as storage and loading areas be evergreen planting, and expressly states that "deciduous plant material cannot be used to fulfill this screening requirement." The existing tree lawn shown on the concept plan does not appear to meet these standards, particularly if it includes deciduous trees that provide little screening once they lose their leaves. I ask the Commission to confirm a screening plan has been submitted and approved as required, require supplemental evergreen landscaping, berming, and/or solid fencing sufficient to meet the code's 100-percent opaqueness standard, and make the 75-foot setback and required screening binding conditions of any approval.

3. Lighting

Commercial truck yards and service buildings often operate with high-intensity security and work lighting. Section 1181.21(c)(12) sets specific requirements where a site abuts a residential district or use: light fixtures shall not exceed 25 feet in height, all fixtures shall have a cut-off angle of 90 degrees or less, no direct light source shall be visible at the property line at ground level, and maximum illumination at the property line shall not exceed one-half foot-candle. I ask the Commission to require a lighting and photometric plan demonstrating compliance with these specific standards before approval, to ensure no direct spillover or glare reaches residential properties.

4. Traffic and Access

Section 1171.06(c) requires that a development be "accessible from public roads that are adequate to carry the traffic that shall be imposed upon them." Given that this property is adjacent to a residential cul-de-sac and that US 40 E already serves other nearby industrial uses, I ask the Commission to confirm that truck ingress and egress will be routed away from residential streets, and to review the traffic impact study to ensure it accounts for the cumulative impact of truck traffic from this project together with existing nearby industrial operations, not solely this project in isolation.

5. Stormwater Drainage and Runoff

My property already experiences flooding in the back corner that borders this site, documented in the attached photographs (Exhibit A), taken July 11, 2026, following heavy rainfall. I have also documented an existing drainage system, including a concrete access structure and culvert pipe, running along my rear property line toward the site (Exhibit B). I have been informed by neighboring property owners that this system was installed by the City of Huber Heights in approximately 2016, though my own review of historical aerial imagery suggests the system may have been installed in mid-to-late 2015. A photograph taken approximately 24 hours after the July 11 rainfall shows standing water remaining in the wooded drainage area behind my property, which raises a question as to whether this existing system currently has adequate capacity. The land proposed for development has historically been farmland, which absorbs a significant amount of rainwater. Introducing paved truck parking areas, service buildings, and other impervious surfaces will reduce natural absorption and is likely to increase the volume and speed of stormwater runoff directed toward my property and into this existing drainage system. I note that the submitted concept plan shows a stormwater management feature located near the southeast corner of the site, close to my property line. I ask the Commission to require the City's engineering records for the existing drainage system, and to require that the applicant's stormwater management plan and hydraulic calculations, required under the city's submittal standards, specifically account for the existing flooding conditions and the capacity of the existing drainage infrastructure, and be sized and directed to prevent any increase in runoff or flooding onto neighboring properties, consistent with Montgomery County, Ohio standards.

6. Compatibility with Surrounding Use

The immediately surrounding area includes established single-family homes. I ask the Commission to consider whether the intensity of a commercial truck parking and service operation is appropriately mitigated for a site bordering residential property, and to condition any approval accordingly.

To be clear, I oppose this development moving forward as currently proposed in a location bordering established residential homes. However, if the Commission determines that approval is warranted, I believe the conditions requested above are necessary for the Commission to make the mandatory finding required under Section 1171.06 that this development will not be detrimental to adjoining persons and property by reason of excessive noise, traffic, or glare. I would welcome the opportunity to review the site plan in detail and to discuss these concerns further with staff or the Commission before the hearing.

Neighboring property owners, including Michael and Cynthia Seibert at 2597 Blueflag St, as well as a representative of the Huber Heights Congregation of Jehovah's Witnesses, are also expected to attend and speak at the July 14 hearing. I have also attached, as Exhibit A, photographs of flooding on my

property following heavy rainfall on July 11, 2026, and, as Exhibit B, photographs of the existing drainage infrastructure along my rear property line, in support of the drainage concerns described above.

Thank you for your time and consideration.

Sincerely,

Ian Manger

RE: Case No. 26-19 — Neighbor Comments and Requested Conditions

Dear Chairman Walton and Members of the Planning Commission:

We are residents living near 4742 US 40 E, Tipp City, Ohio 45371, the site of Case No. 26-19, an application filed by Coast to Coast Heavy Haul Inc. seeking approval of a Basic Development Plan for commercial truck parking and service buildings. We are submitting this letter ahead of the July 14, 2026, Planning Commission meeting and ask that it be entered into the record.

This property was until recently farmland bordering our neighborhood, and several of our homes back directly up to it. We are concerned that converting it into a commercial truck parking and service operation will bring noise, bright lighting, and heavy truck traffic immediately adjacent to residential homes.

We respectfully ask the Commission to consider requiring the following as conditions of any approval:

- Restricted hours of operation, limiting truck movement and service activity during early morning, evening, and overnight hours.
- A substantial landscaped buffer, berm, and/or solid fencing along the property line shared with residential lots.
- Fully shielded, downcast lighting so no glare or spillover reaches neighboring homes.
- Truck ingress and egress routed away from residential streets.

We are not asking the Commission to deny the applicant the right to use its property, but we do ask that the impact on adjoining residential owners be given serious weight, and that reasonable conditions be attached to any approval.

Thank you for your time and consideration.

VII. New Business

1. **BASIC DEVELOPMENT PLAN – The applicant, COAST TO COAST HEAVY HAUL, INC, is requesting approval of a Basic Development Plan for an 8,800 SF truck maintenance building, a 2,000 SF office building, and parking for up to 43 trucks or trailers. Property is located at 4742 West National Road (BDP 26-19).**

   Mr. Sorrell stated that the applicant seeks basic development plan approval for freight hauling service with an 8,800 S.F maintenance building, a 2,000 S.F. office building and parking for up to 43 trucks or trailers. The site is zoned Planned Industrial and truck and motor freight terminals and hauling services are permitted uses.

   The site plan illustrates stormwater detention on the south side of the site, and staff has requested the existing tree line remain undisturbed to preserve the natural screening between this proposed development and the existing adjacent residences.

   The site is currently agricultural land, relatively flat and generally drains to the south. There is an existing tree line along the south fence.

Development Standards:

- The zoning code requires a 25-foot side and rear yard setback, or 75-feet if adjacent to a residential or PM District. The site plan illustrates 25-foot setbacks from the east and west property lines, and a 75-foot setback from the south property line which abuts a PM District. The proposed stormwater detention area provides an additional 50-foot setback of the building and parking areas from the rear lot line. All side and rear setbacks are consistent with the zoning code.
- The total lot coverage of buildings within the PI District cannot exceed 75 percent. The proposed buildings total 10,800 SF, and cover approximately 4% of the 6.25 acres. The lot coverage meets the code requirements.

Parking and Loading:

- Off-street parking facilities are prohibited in the front yards. The northernmost parking stall is in the front yard.
- The site plan is consistent with all other aspects of the parking regulations, although a landscaping plan has not yet been provided and will be reviewed with the detailed development plan application.

Building Materials:

- Building elevations were not submitted with the application. However, the applicant shall comply with the building material requirements in 1177.03(b)(8).

Landscaping:

- Landscaping will be reviewed through the detailed development plan application process.

Signs:

- Signage will be reviewed through the detailed development plan application process.

This proposed development is in the Northtown development pattern area along West National Road, adjacent to an existing industrial development and adjacent to the edge of the Carriage Trails subdivision. The land is zoned Planned Industrial and no rezoning is necessary.

The site has an existing rear tree line which serves as a natural buffer between the proposed development and the two adjacent residential lots. Staff feels the proposed use is consistent with other industrial uses along US 40 and will be rather benign in intensity. The code requires all uses to be within a fully enclosed building so there should be little to no outdoor storage of parts or vehicles related to the proposed maintenance facility.

No development schedule has been submitted at this time.

National Road has adequate capacity to serve the development.

Staff do not anticipate any undue burden on public services. The area has adequate utility capacity to service this proposed development. We are unaware of any policing concerns, and the development will comply with all building and fire code requirements.

Any conditions imposed by the Planning Commission or City Council will be memorialized in the PUD legislation and remain in effect unless modified by either body.

The landscaping requirements will be reviewed with the Detailed Development application.

The rear tree line will be protected and preserved to serve as a natural buffer between the proposed development and the adjacent residential uses.

The site is flat and limited grading will be necessary.

All utilities will be placed underground.

Staff does not anticipate the need for excessive additional public services to support this development.

All proposed uses are consistent with the Planned Industrial District. Staff do not anticipate excessive noise, traffic or fumes.

No rezoning is necessary.

The Fire Department comments are largely related to the future building construction and will be addressed during the building permit review process.

The City Engineer had no comments.

It is the staff's opinion that the proposal meets the standards outlined in Section 1171.06. Staff recommends approval of the Basic Development Plan submitted on June 29, 2026, with the following conditions:

1. The rear tree line shall be preserved and protected during and post-construction to serve as a natural buffer between this development and the adjacent residential uses. All dead or dying trees shall be replaced with dense evergreen trees at least six feet tall at the time of planting.
2. Parking setback shall be 25-feet from the US-40 planned right-of-way line, or 75-feet from the center line of US 40.
3. The outdoor storage of inoperable vehicles, junk parts, inventory or other materials shall be prohibited. Material Storage shall be limited to the temporary staging of materials being transported or delivered.

Ms. Vargo raised some questions concerning no engineer comments, temporary and little phrases, where they are operating now, overnight parking, number of trucks, how much maintenance, and how it’s zoned.

Mr. Sorrell addressed all concerns.

Ryan Lefeld, Choice One Engineering was present. He reiterated everything that has been discussed. Some stormwater concerns that will be looked at.

Ms. Vargo asked how much overnight parking, the consultant didn't know. Have the neighbors been spoken to? He didn't know. Water is still an issue to be fixed.

Ms. Thomas asked about hours of operations. Letter stated 7 to 7. Sunday can be different to accommodate the church.

Ian Manger, resident at 2591 Blueflag was present and spoke about his concerns. Noise and hours of operation, buffering and screening, lighting, traffic and access, stormwater drainage and runoff, and compatibility with surrounding use.
Other neighbors who signed a letter to the commission - Cindy and Mike Seibert, Christine and Taylor Smith, Amanda Peck, and Paul Petachl.
They are asking for the following conditions of any approval.

- Restricted hours of operation, limiting truck movement and service activity during early morning, evening, and overnight hours.
- A substantial landscaped buffer.
- Fully shielded downcast lighting
- Truck ingress and egress routed away from residential streets

Staff recommends approval of the Basic Development Plan application submitted on June 29, 2026, with the following conditions:

1. The rear tree line shall be preserved and protected during and post-construction to serve as a natural buffer between this development and the adjacent residential uses. All dead or dying trees shall be replaced with dense evergreen trees at least six feet tall at the time of planting.
2. Parking setback shall be 25-feet from the US-40 planned right-of-way line, or 75-feet from the center line of US 40.
3. The outdoor storage of inoperable vehicles, junk parts, inventory of other materials shall be prohibited. Material Storage shall be limited to the staging of materials being transported or delivered.
4. Transitory (less than 24 hours) parking or sleeping by drivers shall be prohibited.
5. Hours of operation shall be limited to:
    a. Monday: 7am – 7pm

Action

Ms. Thomas moved to approve the request by the applicant, Coast to Coash Heavy Haul, Inc., for a Basic Development Plan (BDP 26-19) in accordance with the recommendation of Staff's Memorandum dated July 7, 2026, and the Planning Commission amended Decision Record.

Seconded by Mr. Johnson. Roll call showed: YEAS: Mr. Johnson, Ms. Thomas, and Mr. Walton. NAYS: None. Ms. Vargo abstained. Motion to approve carried 3-0.

2. DETAILED DEVELOPMENT PLAN – The applicant, THE CITY OF HUBER HEIGHTS, is requesting approval of a Detailed Development Plan for a 67,900 SF Indoor Music Center. Property is located at 7151 Executive Blvd (DDP 26-17).

Mr. Sorrell stated that the applicant seeks approval for a Detailed Development Plan to facilitate the construction of a 67,900 SF indoor music venue accommodating approximately 4,000 patrons. The proposed facility will operate year-round and include complementary uses such as conference and banquet facilities when not used for concerts.

The Basic Development Plan was approved by City Council on November 10, 2025. Since approval, the facility has been enlarged from 56,400 SF to its current design of 67,900 SF.

The site is a flat, vacant parcel along Executive Boulevard near the Rose Music Center.

The Basic Development Plan contained the following conditions:

1) Development Standards:

Parking Setbacks:

- West: 25-feet
- North, East & South: 10-feet
- Parking pavement and travel lanes shall be no closer than 40 feet from any residential structure.

Building Setback: 50-feet

2) The site access plan shall generally be similar to the site plan labeled “Rendered Site Plan: Full Site” dated September 5, 2025.

Development Standards: The parking setbacks on the West and North side are 25-feet or greater, which is consistent with the required conditions. The South and East setbacks are generally greater than 10-feet, though there is a slight encroachment along Lehman Lane.

All parking and travel lanes are at least 40-feet from any residential structure.

The building setback exceeds the 50-foot minimum requirement.

Overall site plan consistency: In general, the site plan is consistent with the site plan submitted on September 5, 2025. The access points remain the same, and the locations of the building and parking areas have not been significantly altered. Changes to the site plan include:

a. The drainage swales within the parking areas were reduced to 10 feet wide, from 20 feet wide, to accommodate additional parking rows.

Purpose and Background

This legislation amends and supersedes certain authorizations contained in Resolution No. 2025-R-7581 and Resolution No. 2026-R-7643 for furniture, fixtures, and equipment provided by Elements APG. Resolution No. 2026-R-7643 authorized an amount not to exceed $350,000.00 for the Public Works Facility and the former City Hall Renovation Project, now known as the Finance, Tax and Utilities Center. That amount was established as a preliminary budgetary allowance based on conceptual furniture requirements before completion of the detailed space programming, final furniture layouts, product selections, quantities, delivery requirements, and installation requirements. Following completion of the design and furniture-selection process, the total cost for the Finance, Tax and Utilities Center and the Public Works Facility is $398,803.58, resulting in an increase of $48,803.58 over the prior authorization.

Additional furniture changes are required at the Richard F. Shomper City Governance Center, including $8,706.43 for conference room changes and $1,817.12 for bookcase additions. The City previously conducted a competitive bidding process for the City Governance Center furniture, fixtures, and equipment. APG has agreed to continue utilizing the applicable competitively procured pricing for substantially similar furniture purchases, delivery, installation, and related services.

On July 13, 2026, the City Council adopted Resolution No. 2026-R-7695 authorizing a purchase agreement for the building and approximately two acres at 7690 Timbercrest Drive for a proposed Communications Center. The proposed amendment is to develop reliable project costs for the Police Division renovations before the City Council considers a future construction contract. This action authorizes only design and pre-construction services and does not authorize construction. The Law Director has reviewed and approved the Project Development Agreement.
