3.32 **PROPOSAL FORMAT:** This solicitation is in the Request for Proposal format. As the specified date and time, each proposer's name will be publicly read aloud. No further information will be given at that time. Evaluation of the proposals will proceed as expeditiously as possible and successful, as well as unsuccessful, notification will be given.

3.33 **PROPOSER OBLIGATION:** Proposers shall become fully acquainted with conditions relating to the scope of the work detailed in this Request for Proposal. Failure to become acquainted with the existing conditions shall in no way absolve the proposer of any obligations with respect to this Request for Proposal or the Contract.

3.34 **PUBLIC RECORDS ACT:** Knox County is subject to the Tennessee Open Records Act 10-7-503 et seq. Proposers are cautioned that all documents submitted on behalf of this Request for Proposal shall be open to the public for viewing and inspection.

3.35 **QUANTITIES:** Knox County does not guarantee any quantity of services will be utilized under this solicitation. Services will be utilized on an as needed basis.

3.36 **REJECTION OF PROPOSALS:** Knox County reserves the right to reject any and all proposals received as a result of this request and to waive any informality, technical defect or clerical error in any proposal, as the interests of Knox County may require. Non-acceptance of any proposal will be devoid of any criticism of the proposal and of any implication that the proposal is deficient in any manner. Non-acceptance of any proposal shall be construed as meaning simply that the County does not deem the proposal acceptable or that another proposal was deemed more advantageous to Knox County for the particular services proposed.

3.37 **REMOVAL OF CONTRACTOR'S EMPLOYEES:** Contractor agrees to utilize only experienced, responsible and capable people in the performance of the work. Knox County may require that the Contractor remove from the job covered by this Contract, including employees who endanger persons or property or whose continued employment under this Contract is inconsistent with the interest of Knox County.

3.38 **SUBMIT QUESTIONS:** Prospective proposers may submit questions concerning this solicitation until **May 27, 2025 at 4:30 p.m. local time**.

3.39 **SUSPENSION AND DEBARMENT:** Vendor will notify Knox County Government if they become suspended, debarred, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities during the term of this proposal and during the term of any subsequent Contract for service.

3.40 **TENNESSEE REGISTRATION:** The successful proposer must meet any applicable State of Tennessee registration requirements.

SECTION IV SCOPE OF WORK

4.1 **BACKGROUND:** Knox County Schools (KCS) is a public education agency. It is responsible for the education of children from preschool through high school. There are approximately fifty-nine thousand (59,000) Pre-K through 12th-grade students and approximately seven thousand eight hundred (7,800) employees. For purposes related to this Request for Proposal, the district is comprised of ninety-two (92) schools that represent urban, suburban, and rural populations. In addition to Knox County Public Schools, funds are utilized to provide our non-public and the charter schools with resources/services.

4.2 **FACILITIES:** All facilities for the training will be provided by Knox County or Knox County's non-public schools.

4.3 **PARTICIPANTS:** Number of participants may vary. Vendors may work with an entire school staff or smaller school teams, and/or district teams, or any combination thereof. A defined number of trainings or participants is not guaranteed. Participants will be staff members serving students that may fall into historically underserved populations.

4.4 **SCOPE OF WORK:** Knox County Schools is seeking vendors to provide professional consultation to our schools and district to implement evidenced-based, content-specific strategies for instruction while building a coherent

academic and cultural model that is grounded in our district's four priorities: excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation.

Through a framework that supports adult learning; while embracing student-centered decision-making, educators will be empowered to collaborate in curriculum-embedded professional learning. Educators will build discernment by measuring their impact on student learning through routine student work analysis. The consultant will work with leaders to support the accurate capture of the state of instruction through participation in classroom walkthroughs and coaching during reflective debriefs. The consultant will provide support in developing strategic action plans aligned with the current state of instruction that embrace evidenced-based instructional strategies within the high-quality instructional materials utilized by the district. Educators will also focus on developing or sustaining a culture of learning within the school community to support academic competency and increase student proficiency and growth

4.5 **METHODOLOGY:** Proposer is to describe, in detail, their proposed approach to providing services including excerpts and/or examples of course content and materials to be used, description(s) of recommended content proposed including objectives, research base, and training scripts.

Proposer is also to include samples of modules and/or curriculum and/or resources used in past projects that are similar in scope to the proposed training. This information is to be provided in Section V, Tab III of this Proposal.

4.6 **DELIVERY OF SERVICES:** The successful Proposer **must** offer professional development training designed to achieve the objectives outlined in this Request for Proposal and support increased organizational capacity to sustain the application of learning and implementation of tools and strategies over time. The proposed program must be designed to enhance the skills and/or abilities of employees in evidence-based instructional strategies as related to the classroom and school environment to reduce disparities and enhance student academic performance as detailed in this Request for Proposal.

The professional learning delivery model must authentically engage participants based on the principles of adult learning. Participants will be prepared to effectively implement evidenced-based, curriculum-based professional learning strategies and respond based on content-specific feedback to increase student proficiency. Participants will collaboratively engage in structures to include:

- Surveys for measuring culture;
- Processes for educator collaboration;
- Processes for measuring impact on student learning;
- Processes for building educator discernment regarding evidence-based instructional strategies within high-quality instructional materials utilized by the district; and
- Processes for leader capacity building.

Training provided should support sustained implementation and the professional learning should provide evidence-based instructional strategies with a proven impact on student outcomes.

Proposers must provide comprehensive narrative statements that outline the implementation and management plans that it intends to follow. This information should fully illustrate how the plan will serve to accomplish the work and furnish the deliverables described.

Implementation may be requested upon execution of a contract.

4.7 **EXPERIENCE & REFERENCES:** Proposers are to detail their organization's previous experience working with school and district leadership teams to analyze underserved students and to promote high levels of achievement for all learners. For all relevant team members, proposers are to submit education credentials, relevant work experience, demonstrated outcomes, independent research, and publishing in the subject areas addressed by this Request for Proposal. This information is to be submitted in Section V, Tab V of the Proposal.

Proposers must provide three (3) references relating to work of a similar scope completed within the last five (5) years. Include the name of the agency or institution, point of contact with both a telephone number and email address, and the nature and size of the Contract. **Do not list Knox County Government or Knox County Schools as a reference.** References shall be submitted on Attachment A of this Request for Proposal.

SECTION V PROPOSAL FORMAT

The following guidelines should be followed when responding to the Request for Proposal. Negligence in adhering to the criteria listed below will be considered when reviewing the responses and evaluating the proposers. Knox County reserves the right to reject any proposal for failure to comply with the requested response specifications. The County reserves the right to amend the Request for Proposal by addendum prior to the final date of proposal submission.
PROPOSERS MUST HAVE THEIR BINDERS IN THE EXACT FORMAT LISTED BELOW.

- Knox County requests proposals be in sufficient detail to address all requirements.
- The County requests responses be submitted in a three-ring binder containing sections separated by tabs. **Do not submit spiral bound or glued responses.**
- Please submit one (1) marked original and one (1) exact copy.
- Proposers shall also submit an exact copy of the original proposal on a Flash drive. **This shall be in one (1) complete pdf file. Do not include multiple folders on the Flash drive.**
- Page numbers should be placed on bottom center of pages.

TAB I **COVER LETTER**

Include cover letter authorizing the submission of the proposal signed by the principal of the company.

TAB II **COMPANY PROFILE**

- Company Name, Address Telephone/Fax numbers
- Contact name(s) and information
- Proposer's Vendor Number as assigned by Knox County
- Employer Identification Number (EIN)
- Knox County Business Tax License for Organization (if applicable)
- Knox County Business Tax License(s) for Subcontractor(s) (if applicable)
- Acknowledgement of the receipt of any Addendum issued

TAB III **METHODOLOGY (30 POINTS)**

Proposers must demonstrate an understanding of Knox County's needs and fully explain overall approach to meet the County's requirements. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.4 and 4.5. Proposer is to describe, in detail, their proposed approach to providing services including excerpts and/or examples of course content and materials to be used, description(s) of recommended content proposed including objectives, research base, and training scripts.

Proposer is also to include samples of modules and/or curriculum used in past projects that are similar in scope to the proposed training.

TAB IV **DELIVERY OF SERVICES (30 POINTS)**

Proposers must provide and implementation plan and comprehensive narrative statements that outline the management plan it intends to follow. This information should fully illustrate how the plan will serve to accomplish the work and furnish the deliverables described in the scope of work within the County's project schedule. Proposers must thoroughly address each of the requirements outlined in the Delivery of Services portion of the Scope of Work. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.6.

TAB V **EXPERIENCE AND REFERENCES (20 POINTS)**

Proposers must thoroughly detail its approach to the Experience and References portion of the Scope of Work. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.7.

- References (Attachment A)
- Proposers must state the organization's number of years in business and provide a description of the organization to include office location(s).
- Proposers must describe the organization's experience with similar projects.
- Proposers must provide an organizational chart that illustrates the organization of the project team. The organizational chart must illustrate the lines of authority and designate the individual responsible and accountable for the completion of each component and deliverable of the Request for Proposal. Information about each person listed should include their a) title b) resume, including advanced education credentials, relevant work

experience, demonstrated outcomes, independent research, and publishing in the subject areas addressed by this Request for Proposal c) number of years with the organization and d) description of the type of work the individual will perform

TAB VI **PROPOSED COSTS (20 POINTS)**

Costs proposals must include all direct and indirect costs associated with the performance of the service. Proposed costs should be inclusive of all expenses. Proposer may include the methodology used to determine their proposed cost. Pricing must include all expenses, including transportation and ancillary out-of-pocket charges, if applicable. There will be no reimbursement for any such charges. Please state cost in a "per participant" format, noting any applicable volume discounts.

- Cost Sheet (Attachment E)

NOTE: This tab and Attachment E shall only be included in Section V behind Tab VI. This tab will be reviewed after the other sections of the vendor's proposal have been reviewed and scored.

TAB VII **OTHER INFORMATION**

Proposers may include any other information deemed pertinent to this solicitation.

TAB VIII **EXCEPTIONS**

Please note any and all exceptions taken to any part this Request for Proposal. If none are taken, please clearly state so. Do not mark through or otherwise alter the language of this Request for Proposal in your response.

TAB IX **ATTACHMENTS**

- Insurance Checklist (Attachment B)
- Criminal History Check Affidavit (Attachment C)
- Iran Divestment Act (Attachment D)

EXHIBIT A
GENERAL FEDERAL FUNDING REQUIREMENTS
KNOX COUNTY PROCUREMENT DIVISION
REQUEST FOR PROPOSAL NUMBER 3667

Equal Employment Opportunity

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Clean Air Act and Federal Water Pollution Control Act
Contractors and subcontractors will comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations will be reported to the U.S. Department of Education (DOE) and the Regional office of the Environmental Protection Agency (EPA).

Debarment and Suspension
A contract award will not be made to a party listed on the governmentwide exclusions in the System for Award Management (SAM).

Lobbying
The Contractor certifies, to the best of its knowledge and belief, that:

a. No federally appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

b. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any contract, grant, loan, or cooperative agreement, the Contractor shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying," in accordance with its instructions.

c. The Contractor shall require that the language of this certification be included in the award documents for all contractors and that all subcontractors shall certify and disclose accordingly.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into and is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352.

Procurement of recovered materials.
Contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Preferences for Products Produced or Manufactured in the U.S.
(a) This contract award prefers the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

(b) For purposes of this section:

(1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

EXHIBIT B
Sample Contract
Knox County Government
and
(Contractor Name)

This Contract, made and entered into by and between the Knox County Government, hereinafter referred to as the "County" and (Contractor Name) hereinafter referred to as "Contractor".

Whereas, the County requested proposals for Evidence-Based Instruction Strategies Consulting for Knox County Government and Knox County Schools (Request for Proposal #3667) and;

Whereas, Contractor submitted a proposal in accordance with said requested specifications, the response of which is the most responsible and responsive proposal meeting specifications accepted by the County;

Whereas, Contractor agrees and undertakes to provide said services for the County, as set forth in the Request for Proposal, and at the price quoted for said services by Contractor. Further, in accordance with the lawful directions of the County, the Contractor agrees in all respects, to be governed by the Request for Proposal's specifications and the Contractor's proposal and response.

Now, therefore in consideration of mutual covenants and promises contained herein, the parties hereto wish to enter into this Contract to set forth their respective rights and obligations and do mutually agree that;
Arises

Witnesseth:

1. Terms of this Contract. This Contract commences on the 1st day of September 2025 and ends upon the 31st day of August 2026 unless terminated in conformity with the terms of this Contract as contained in paragraphs 4 and 5. The County intends to issue a one-year (1) award. Upon the mutual agreement of the vendor and the County, the award may be extended for four (4) additional years, one (1) year at a time. This may result in a total of five (5) years. The County reserves the right to purchase these goods/services from other sources if the need arises. The County reserves the right to revoke the award if a pattern of unavailability with the vendor.

2. Payment. Contractor warrants that the pricing shall remain firm for the initial three (3) year period. However, due to the funding source, the County is required to renew the Contract on a yearly basis as per Paragraph 1 above. At the end of the first three (3) year period, and pursuant to the renewal terms in Paragraph 1, the Contractor may request a price increase for each subsequent renewal. Price increases will only be given at the renewal time and must remain in effect for the next one (1) year term. No price increases will be given during the term of a Contract. The County shall pay Contractor the amount as agreed upon in the County's Request for Proposal for Evidence-Based Instruction Strategies Consulting per the Contractor's response to Request for Proposal #3667; pursuant to all payments being subject to the County's review and approval. The Contractor shall receive, upon the need of the County, written notification to proceed. The Contractor shall pursue all work diligently until completion as directed by the County.

3. Invoicing and reporting requirements. Contractor shall invoice the County for Evidence-Based Instruction Strategies Consulting and Services pursuant to Request for Proposal #3667.

TBA

4. Termination. The County may terminate this Contract with or without cause, upon written notice of not less than thirty (30) days. Upon termination, the County will pay for services satisfactorily completed but not yet invoiced. Contractor shall not perform additional work without the expressed permission of the County.

Should the Contractor fail to provide Evidence-Based Instruction Strategies Consulting and Services detailed herein, the County will communicate the problem(s) to the Contractor both verbally and in writing and keep a written record as to what the problem(s) are and when the Contractor was contacted. The Contractor shall rectify the problem within thirty (30) business days of notification of the problem. If the same or other problems persist or reoccur, the County may terminate the Contract.

In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give the County at least one hundred twenty (120) days' advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

SAMPLE

5. Appropriations. In the event no funds are appropriated by the County for the Evidence-Based Instruction Strategies Consulting and Services in any fiscal year or insufficient funds exist to provide the services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

6. Independent contractor. Contractor acknowledges that Contractor and employees serve as independent contractors and that the County shall not be in any manner responsible for any payment, insurance, or incurred liability.

7. Compliance with all federal, state, and municipal laws. Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of the Evidence-Based Instruction Strategies Consulting and Services, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

8. Severability clause. If any provision of this Contract is declared illegal, void, or unenforceable the remaining provisions shall not be affected but shall remain in force and in effect.

9. Prohibition against assignment. Contractor shall not assign this Contract to any party, company, partnership, incorporation, or person without prior specific written consent of the County.

10. This Contract shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient form.

11. Right to inspect. The County reserves the right to make periodic inspections of the manner and means the services are performed.

12. Nondiscrimination and non-conflict statements. Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex, national origin or any individual trait or characteristic found to be an illegal consideration, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract, or in the employment practices of Contractor. Contractor shall upon request show proof of such non-discrimination and shall post in conspicuous places available to all employees and applicants notices of non-discrimination.

13. Books and records. Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the service under this Contract and make such materials available at their offices at all reasonable times during the contract period and for five (5) years from the date of the final payment under the Contract for inspection by the County or by any other governmental entity or agency participating in the funding of this Contract, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this Contract.

14. Contractor shall indemnify**,** defend, save and hold harmless, County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the Contract by Contractor, its subcontractors, agents or employees or due to any negligent act, occurrence, omission, commission of Contractor, its subcontractors, agents, or employees.

15. Delivery. Contractor shall render the Evidence-Based Instruction Strategies Consulting and Services for the County in accordance with Request for Proposal #3667.

16. Tax Compliance. Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its bid and signature that it is current in its respective Federal, State, County, and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Procurement Division.

17. Limitations of liability. In no event shall the County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if the County has been advised of the possibility of such damages

18. Contract documents. It is mutually agreed by both parties that the following documents are made part of this Contract and are incorporated herein by reference:

SAMPLE

A. Request for Proposal #3667
B. Contractor's Response to Request for Proposal #3667

It is agreed that this Contract, represents the **entire Contract** between the parties and no prior representations, promises, and agreements, oral or otherwise, not embodied herein, shall be of any force or effect.

In witness whereof, the parties hereto have caused this Contract to be executed in one original copy on the day and year last written below.

Addendum I to RFP No. 3667
Evidence-Based Instruction Strategies Consulting

Addendum Date: June 2, 2025

Buyer: Rachel Cabrera

Closing Date: June 13, 2025

The following is for clarification:

Question 1: Section 4.1. In reference to, "For purposes related to this Request for Proposal, the district is comprised of ninety-two (92) schools that represent urban, suburban, and rural populations." Should proposal responses encompass working with educators prek-12, or could proposal responses attend to working with a subset of grade-levels (i.e. Elementary only)? Will proposals be scored more favorably one way or another?

Answer 1: Proposals can attend to working with subsets of grade-levels. No, proposals will not be scored more favorably one way or the other.

Question 2: Section 5. Proposal Format: This section requests submissions in a three-ring binder and also requests two copies, 1 marked "original" and 1 exact copy. Should both "Original" and "Exact Copy" be in the same three-ring binder, or should each be submitted in their own binder?

Answer 2: They should be submitted in their own binder.

Question 3: Section 4.7 states "Proposers must provide three (3) references relating to work of a similar scope completed within the last five (5) years." However, Attachment A states "Proposers shall submit a list of three (3) projects of similar size which have been in service for at least five (5) years." Can you please clarify, do these references need to be related to work completed in the last five years, or work that is currently underway and has been in service for 5+ years? i.e. Could we submit a reference from the last five years of a similar project that had a 3-year duration?

Answer 3: The work could have been completed in the last five years or currently underway. Yes, your company could submit a reference from the last five years of a similar project that had a 3-year duration.

Question 4: Will all 92 schools necessarily receive consulting services, or is the number of schools to be determined?

Answer 4: Per Section 3.35 Knox County does not guarantee any quantity of services will be utilized under this solicitation. Services will be utilized on an as needed basis.

Question 5: Are you able to provide any more guidance on the participants? I see Section 4.3 notes that the number and type of participants may vary, but do you have an idea if it will mainly be district leaders, school leaders, or teachers? Are you able to provide any more guidance on the participants? I see Section 4.3 notes that the number and type of participants may vary, but do you have an idea if it will mainly be district leaders, school leaders, or teachers?

Answer 5: We have 92 schools in KCS. Participants will primarily include executive principals and school-level leadership teams but may include supporting educators. Participant numbers will vary based on the size of the school and the focus of the work.

Question 6: Does the district have instructional coaches, and if so, do you envision the consultants supporting them via a train-

the-trainer model?

Answer 6: KCS has an instructional coach in each elementary school. Some of our middle schools and high schools have instructional coaches. Train-the-trainer model is an option for support.

Question 7: Section 4.4 states, "The consultant will provide support in developing strategic action plans aligned with the current state of instruction that embrace evidenced-based instructional strategies within the high-quality instructional materials utilized by the district." Do you have any additional information about the kind of strategic action plans you are looking for here?

Answer 7: Strategic plans should align with the district plan and school plan, but deeply analyze how best to achieve positive outcomes for students based on an understanding of the current state of instruction utilizing district IPGs. The plan should embrace the use of the district-provided HQIM (ELA, MATH, SCIENCE). Strategies outlined in the plan must align not only with research but with evidenced-based practices.

Question 8: How will schools and participants be selected?

Answer 8: School leaders will have autonomy to elect services and design support.

Question 9: Is there a vendor currently providing this scope of work?

Answer 9: Yes, Knox County currently has Contracts with Catapult Learning, LLC, Corwin Press and National Institute for Excellence in Teaching for Evidence-Based Instruction Strategies Consulting.

Question 10: Is a hybrid approach that includes onsite and virtual training acceptable?

Answer 10: Yes

Question 11: Does the district currently leverage an LMS for professional development?

Answer 11: Yes, Canvas.

Question 12: What is the budget for this scope of work?

Answer 12: The budget varies based on school budget and district budget.

Question 13: Tab VI Proposed Costs requests a "per participant" price but Attachment E Cost Sheet specifies a number of participants per service. Please clarify what should be reflected in Attachment E.

Answer 13: Please complete the Attachment E Cost Sheet. Do not alter the cost sheet in any way. Failure to provide the completed cost sheet or deviations from the cost sheet may be just cause to deem your proposal non-responsive and not considered for award.

End of Addendum I

Note: Addendum must be acknowledged in Section V behind Tab II of the proposal.

June 10, 2025

Knox County Procurement Division
Suite 100
1000 North Central Street
Knoxville, TN 37917

Dear Knox County Leaders,

The National Institute for Excellence in Teaching (NIET) is pleased to present Knox County Schools with this response to Proposal Number 3667 Evidence-Based Instruction Strategies Consulting. NIET is a 501(c)(3) nonprofit organization with the mission to build educator excellence to give all students the opportunity for success. We are confident that our services will lead to continued improvements for teachers and students in Knox County Schools. You will find included in the following pages an outline of proposed services for training and support for Evidence-Based Instruction Strategies Consulting in response to the requirements described in Proposal Number 3667.

NIET has thoroughly reviewed the services desired by Knox County as described in Proposal Number 3667. NIET's response to the request for proposal on the following pages demonstrates our understanding of the desired services and our ability to perform them. NIET will perform the services described in this proposal in a professional and timely manner with a high level of skill due to our expertise in implementing and supporting evidence-based instruction strategies. This letter authorizes the submission of the proposal with acknowledgement and acceptance of the terms and conditions stated in the proposal document.

NIET Senior Vice President of Services and Partnerships, Ms. Vicky Condalary will serve as your main contact person. Her email address is vcondalary@niet.org.

We look forward to continuing a strong partnership with Knox County Schools.

Sincerely,

Joshua H. Barnett

Methodology

The National Institute for Excellence in Teaching (NIET) is a 501(c)(3) nonprofit organization with a mission to build educator excellence, giving all students the opportunity for success. NIET's vision is that every student in America is taught by an excellent teacher and supported by effective leaders every year – and that has been the foundation of NIET's work. NIET believes that intentional, sustained, and high-quality investments in educators directly result in students' success and are essential to eliminating equity gaps. NIET is optimistic about what leaders, teachers, and students are capable of, as we see our partners rise to new levels of success every day.

NIET's body of work and expertise align with the requests outlined in Proposal Number 3667 for Evidence-Based Instruction Strategies Consulting for Knox County, specifically with the priorities detailed in our approach to professional consultation for schools and districts and adult learning framework. NIET's Theory of Action (see Figure 1) visually represents our focused approach to professional consultation for schools and districts, and is a proven approach to build educator capacity through training, coaching, and thought partnership.

Figure 1: NIET Theory of Action

By supporting schools or districts in setting clear expectations with an intentional vision and goal-setting, educators are transformed into great educators in every school. Prioritizing and increasing instructional excellence and coherence of the instructional core to ensure alignment across standards, curriculum, instruction, assessment, observation and feedback increases outcomes for students and strengthens instructional practices for teachers.

While working with school and district partners across the country, NIET has identified key lessons in supporting the adoption and implementation of high-quality curricula that inform our approach to

professional consultation for schools and districts. These six key lessons outline a framework for critical supports for teachers and leaders:

1. Focus on leaders first.
2. Create time, structures, and formal roles to support ongoing, school-based collaborative professional learning.
3. Adopt a research-based instructional rubric to guide conversations about teaching and learning in relation to the curriculum.
4. Anchor coaching and feedback in the curriculum.
5. Recognize the stages of curriculum implementation and what teachers need to progress to higher stages.
6. Ensure that districts work closely with schools to plan, communicate, and implement school-based professional learning that integrates support for curriculum and instructional practices.

These key lessons inform our work, enabling us to support schools and districts nationwide in implementing high-quality instructional materials more effectively. More information on these six key lessons, outlined as recommendations, is detailed in (Example A) High-Quality Curriculum Implementation Recommendations, a summary of NIET's policy paper *High-Quality Curriculum Implementation: Connecting What to Teach with How to Teach It.*

NIET has seen firsthand how more demanding instructional materials require significant improvements in classroom teaching to enable students to master higher-level content. That is why NIET is committed to creating the conditions necessary for every teacher to access a high-quality curriculum and the instructional support that equips them to use those materials to accelerate student learning.

NIET supports executives, principals, school leadership teams, and instructional coaches by connecting curriculum implementation and evidence-based, content-specific strategies. NIET's professional consultation for districts and schools facilitates educators embedding curriculum across their professional learning systems and instructional structures, such as school leadership team meetings, professional learning communities, observation and feedback systems, principal meetings, and district-wide professional learning. By embedding curriculum implementation and professional learning that is grounded in evidence-based, content-specific strategies, teachers, instructional coaches, and school and district leaders can effectively implement HQIM with fidelity. This integration creates a cohesive and coherent academic and cultural model that maximizes the impact on teaching practice and, in turn, student achievement.

To ensure that the priorities of excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation are embedded in the goals and practices of Knox County Schools, NIET will begin by conducting a Curriculum Focused Strengths-Based Needs Assessment (SBNA) at identified campuses. The SBNA is a foundational element of NIET's adult learning framework and partnership approach. It serves as a diagnostic and strategic planning tool to identify each school's strengths, needs, and priorities through a comprehensive, collaborative process. NIET team members, experts in systems improvement, lead on-site reviews in coordination with district and school leadership. These reviews include classroom learning walks, interviews with educators, observation of professional learning and leadership meetings, and document analysis.

The SBNA process is grounded in four interrelated pillars of school success: instructional excellence, collaborative professional learning, collective leadership, and reflective culture. It ensures a deep understanding of each school's current state in the broader school community. This process captures

the current state of instruction and identifies opportunities to strengthen educator practice and leadership aligned to curriculum and student needs. The insights gained allow NIET to co-develop a tailored Partner Support Plan that builds on existing strengths and addresses areas of growth through aligned training, coaching, and systems support.

NIET's Partner Support Plan (Example B) is a foundational tool to ensure that each partnership with a district begins with a clear, shared understanding of purpose, priorities, and success measures. This plan outlines the partnership's goals, the roles and responsibilities of all stakeholders, and the specific outcomes that will define success. It also identifies the data sources and evidence that will be used to measure progress toward those outcomes. Importantly, the Partner Support Plan details the strategies, supports, and resources NIET will provide to build district and school capacity, ensuring that efforts are aligned, targeted, and responsive to each partner's unique context and needs. This collaborative and transparent approach lays the groundwork for impactful and sustained improvement in teaching and learning.

After the Partner Support Plan is strategically developed and implemented, NIET will support the implementation of Knox County's focus on evidence-based, content-specific strategies for instruction through facilitating learning walks, followed by a team debrief to identify trends and prepare coaching feedback. The analysis of the learning walk data will determine excellence in foundational skills within classrooms and evidence-based practices. These collaborative and leader-led learning walks will become one of the primary ways to monitor the implementation of professional learning provided to educators throughout each year, providing teachers with high-quality feedback grounded in curriculum, evidence-based practices, and connections to professional learning priorities.

NIET's collaborative analysis of classroom walkthroughs will inform next steps in curriculum-based collaborative learning and professional learning, particularly in the focus areas of evidence-based practices and content-specific strategies. Evidence of classroom walkthroughs and the routine use of student work analysis will support and strengthen a culture of learning within the school and community, promoting academic competence and increasing student proficiency. In addition, NIET will administer a professional survey to gather feedback from teachers and leaders on the culture of collaboration, the quality of professional learning, and their perceptions of instructional improvement efforts. The feedback will be used to assess educator engagement, inform strategic action planning, and adjust support in real-time. Findings will be reviewed collaboratively with district leadership teams to inform ongoing support and adjustments to the implementation of evidence-based instructional practices.

NIET's Student Work Analysis Protocol (Example C) builds discernment within teachers by supporting their professional learning by measuring their impact on student learning through routine student work analysis. As a result of engaging in NIET's Student Work Analysis Protocol, teachers will understand what students are thinking about the foundational skills, or concepts, that they are learning, provide effective feedback that progresses student learning, and decide on the next instructional moves. In addition, findings from the student analysis will inform the specific content focus on evidence-based instructional literacy strategies (Example D).

To ensure Knox County's fourth priority, career empowerment and preparation, NIET's services are designed to build school capacity by recruiting, developing, and retaining talent. This is achieved by helping schools create a support system and structure that enables teachers and leaders to thrive and motivates them to stay. For example, NIET's teacher leadership and professional learning systems

provide solutions for educators who seek ongoing support to advance their careers and opportunities to enhance their knowledge and skills by creating formal structures that empower teacher leaders with the responsibility, accountability, and authority to drive instruction. By restructuring the typical career and advancement pathways, NIET creates opportunities for educators to advance while directly impacting the classroom. NIET provides onsite and online coaching and support to help identify and develop instructional coaches and teacher leaders. The ultimate goal is to build their capacity as instructional leaders. NIET's teacher leadership system restructures leadership opportunities to help schools identify and train teachers as instructional leaders, who assume additional roles and responsibilities with commensurate pay. These teacher leaders offer support to their colleagues and principals. The mentoring role allows the teacher leaders to maintain close ties to the classroom, with some even teaching a class or two of their own, while having a broader impact on students by driving instruction schoolwide. NIET's support ensures schools maximize their teacher leaders by:

- Coaching principals and other school and district administrators to provide feedback and leadership that can foster development, improvement, and growth
- Defining specific teacher leadership roles and responsibilities
- Identifying essential experiences and characteristics required for teacher leaders
- Training teacher leaders to take on new roles and responsibilities in teacher observation and professional learning
- Developing accountability systems to measure performance in these roles
- Assisting schools in restructuring the school day to allow teacher leaders to maintain their classrooms while spending significant time co-teaching and providing professional learning for teachers

Through this approach, NIET supports leaders in conducting curriculum-anchored classroom walkthroughs, followed by coaching-focused reflective debriefs, which create ongoing opportunities to monitor instructional improvement and inform professional learning priorities. This process provides actionable insight into implementing high-quality instructional materials and evidence-based, content-specific teaching strategies. NIET's approach to supporting districts and schools is to foster a culture of continuous improvement, to cultivate exceptional educators, enhance foundational skill instruction, promote student success, and establish career pathways that empower and retain talented teachers and leaders.

- **Example A**: High Quality Curriculum Implementation Recommendations
- **Example B**: Strong Foundations Grant PSP Goals and Outcomes
- **Example C**: Effectively Using Student Work to Understand Student Progress
- **Example D**: Phonological Awareness Training Sample

Recommendation 1: Focus on leaders first.

Action Steps for District Leaders

- Invest time upfront for learning the new curriculum and how it aligns to other core instructional elements (standards, instruction, assessment, and evaluation and feedback).
- Identify any gaps between standards, curriculum, and assessments, both interim and summative.
- Communicate the connections and coherence between the new curriculum and other initiatives.
- Plan for curriculum implementation by creating specific, districtwide professional learning structures and identifying effective partners.
- **Virtual Strategy**: Guiding questions for planning virtual learning provide a tool for teachers as they consider objectives and the primary content for each lesson and make intentional connections across standards, instruction, and curriculum.

Action Steps for School Leaders

- Create opportunities for the school leadership team (including teacher leaders or instructional support staff) to learn the new curriculum.
- Communicate to teachers how the curriculum connects to other core instructional elements (standards, instruction, assessment, and evaluation and feedback).

Action Steps for Teacher Leaders

- Learn the new curriculum and how it connects to other core instructional elements (standards, instruction, assessments, and evaluation and feedback).
- **Virtual Strategy**: Use a standards recovery planning template to help teachers identify missed standards, make connections to where they are covered in the curriculum, and create an action plan for integrating those in instruction.

Recommendation 2: Create time, structures, and formal roles for ongoing, collaborative professional learning at the school level.

Action Steps for District Leaders

- Create, fund, and train formal, instructionally focused teacher leadership roles at the school level with the time and authority to provide support for curriculum implementation.
- Develop protocols to support and standardize the work of professional learning teams.

Action Steps for School Leaders

- Create time and structures for weekly, collaborative professional learning team meetings and school leadership team meetings.
- Analyze data, set goals, monitor progress, and adjust plans for curriculum support.
- Support teacher leaders to effectively lead collaborative professional learning.

Action Steps for Teacher Leaders

- Lead collaborative professional learning teams that focus on building teachers' instructional capacity to deliver their curriculum in the classroom.
- Serve on the school leadership team.
- **Virtual Strategy**: Support peers in their online instruction and ensure students are engaged with the content. Professional learning and coaching for teachers can move online, too.

Recommendation 3: Adopt a research-based instructional rubric to guide conversations around teaching and learning with the curriculum.

Action Steps for District Leaders

- Adopt a research-based instructional rubric that creates a common language to describe instructional practice at levels that increase in effectiveness.
- Communicate how instructional practices support curriculum implementation.
- **Virtual Strategy**: Use a rubric companion tool to show what use of high-quality instruction and materials can look like in a virtual setting.

Action Steps for School Leaders

- Strengthen teachers' implementation of curriculum lessons and units by using an instructional rubric to build their instructional skills.
- Build teacher leader skills in using the instructional rubric to support professional learning.

Action Steps for Teacher Leaders

- Observe and analyze classroom practice and student work to identify areas for improvement in the delivery of the curriculum.
- **Virtual Strategy**: Help teachers plan for how students will demonstrate that they know the content in a virtual environment. This can include being clear and intentional about success criteria, modeling, and providing strong examples.

Recommendation 4: Anchor coaching and feedback in the curriculum.

Action Steps for District Leaders

- Train district leaders to create coherence and consistency in coaching school leaders and teacher leaders.
- Observe, analyze, and support necessary adjustments as curriculum is implemented.

Action Steps for School Leaders

- Observe classrooms to identify challenges with curriculum implementation.
- Use curriculum resources and supports when coaching and providing feedback.
- Build teacher leader skills in providing high-quality coaching and feedback grounded in the curriculum.
- **Virtual Strategy**: Provide a strong lesson planning template for virtual learning to support teachers as they identify resources students will need.

Action Steps for Teacher Leaders

- Observe classroom lessons to understand how teachers are implementing the curriculum.
- Provide feedback and specific recommendations for improvement that are grounded in the curriculum and student work.
- **Virtual Strategy**: Using a rubric companion tool for virtual learning, look for intentional use of activities, materials, and tools on platforms such as Zoom or Google Classroom to analyze how a teacher uses the curriculum during the lesson.

Recommendation 5: Recognize the stages of curriculum implementation and what teachers need to progress to higher stages.

Action Steps for District Leaders

- Visit classrooms and work with principals and their leadership team members to identify specific challenges teachers are facing in implementing the curriculum with students.
- Ensure that professional learning and coaching for school leadership team members address the specific challenges classroom teachers are facing with curriculum implementation in their school.

Action Steps for School Leaders

- Build expertise in the skills and knowledge needed by each teacher to implement their curriculum well.
- Support professional learning teams to focus on the skills and knowledge that teachers in that team need to grow and develop.
- Provide individual coaching that helps teachers to improve their skills and knowledge using the curriculum.

Action Steps for Teacher Leaders

- Lead weekly professional learning that supports teams of teachers to improve their skills and knowledge in implementing specific units and lessons in the curriculum.
- Help classroom teachers to analyze their instructional practice, reflect on areas for improvement, and make steady improvements in their ability to teach using high-quality instructional materials.
- **Virtual Strategy**: Focus job-embedded professional learning on building the skills necessary to deliver lessons virtually, including modeling how to use high-quality content and observing and providing feedback to teachers on their virtual lessons.

Recommendation 6: Ensure that districts work closely with school leaders to plan for, communicate, and implement school-based professional learning that blends support for curriculum and instructional practice.

Action Steps for District Leaders

- Create professional learning structures and opportunities for leaders at all levels to collaborate on curriculum implementation throughout the year.
- Coordinate district training and support with the school-based work of teacher leaders and school leaders.
- Coordinate the work of different service providers working in schools.
- **Virtual Strategy**: Work closely with school leaders to plan ongoing and job-embedded professional learning.

Action Steps for School Leaders

- Coordinate with district leaders to plan for, communicate, and implement school-based professional learning that blends support for curriculum and instructional practice.

Action Steps for Teacher Leaders

- Engage in opportunities to work with district and school leaders on curriculum implementation.

NIET Partner Support Plan

Partner: *Strong Foundations Implementation Grant ISD*

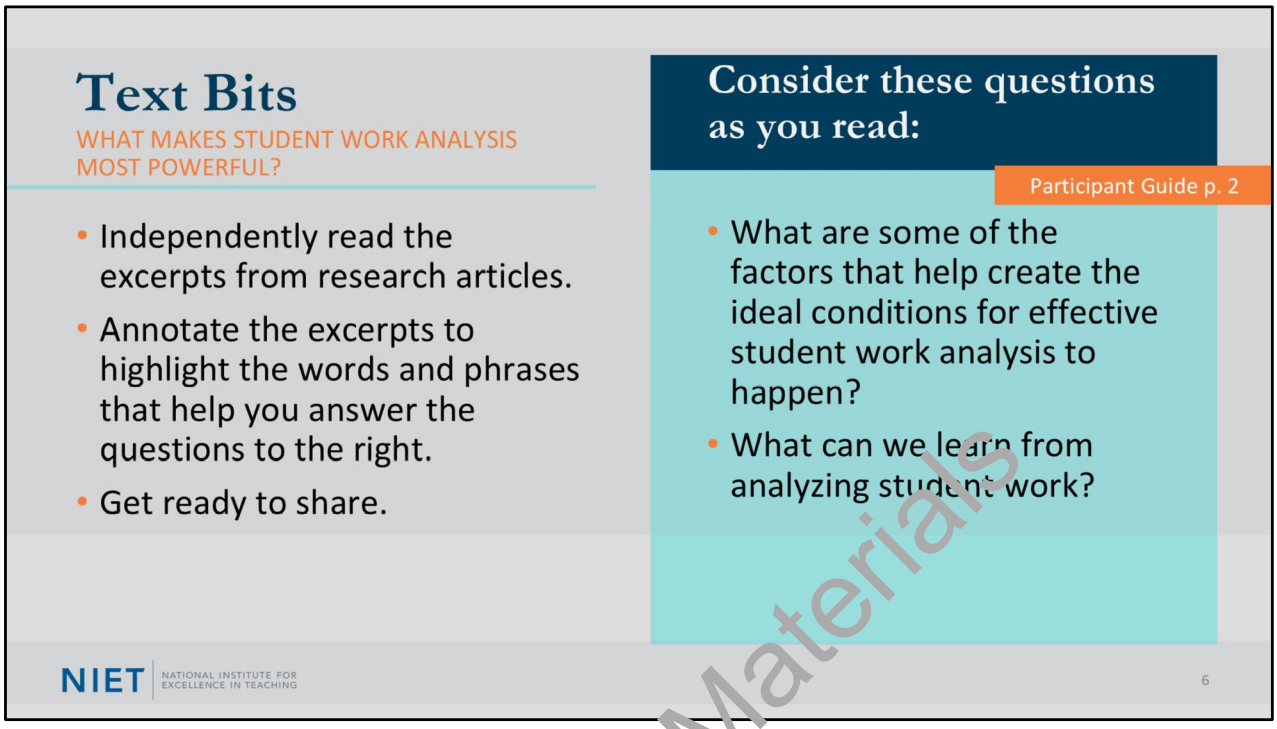
Agenda marker: The Power of Student Work Analysis

Proprietary Materials



Proprietary Materials

5 min

Opening reflection

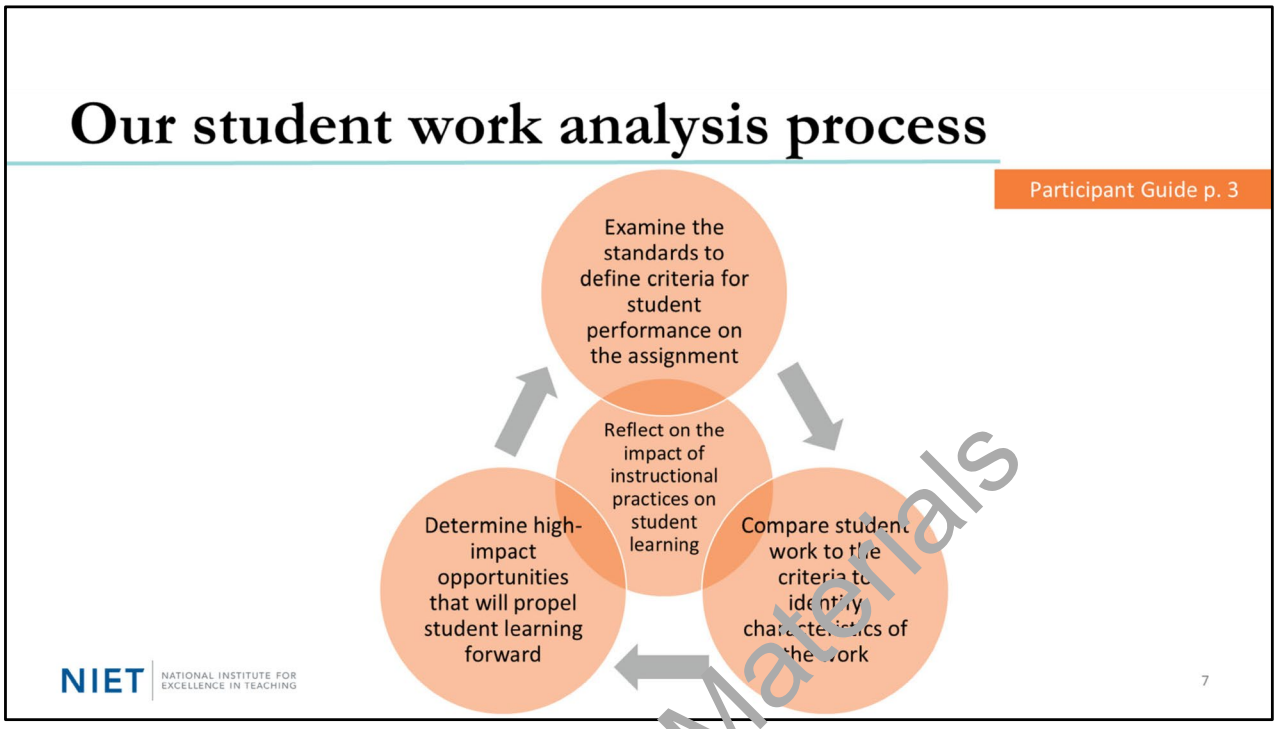
We will revisit this at the end of the day to take stock of our new learning

Key idea: We are all coming with a set of experiences and ideas related to analyzing student work. This session is an opportunity to build on those experiences and consider how you might *adopt* elements of the approach we'll take you through today, or *adapt* your current approach so that the efforts you put into student work analysis have rewarding benefits – not only for you as educators, but also for your students.

Proprietary Materials

16 min total

Notice the question in orange at the top of our slide - What makes student work analysis most powerful? To help us begin to answer that question, We're going to engage in an activity we like to call Text Bits. These text bits are all pulled from research that helps us understand the powerful outcomes that student work analysis can have on educators and students.



Directions for Text Bits activity:

1. 3 min: Independently review the different quotes pulled from different research articles.
2. 3 min: Individuals should annotate the excerpts to highlight the information that helps them respond to the questions in the blue box.
3. 5 min: either share at tables or get up and mix & mingle (choose best option based on training space & set up)
4. 3 min: return to seats. Whole group share of meaningful take-aways.

Transition: The literature makes clear is that analyzing student work is beneficial to 1) help us understand what and how students are learning, and 2) support reflection on our own

instructional practices. Let's look now at a student work analysis process that is specifically designed to achieve both of these outcomes.

Proprietary Materials

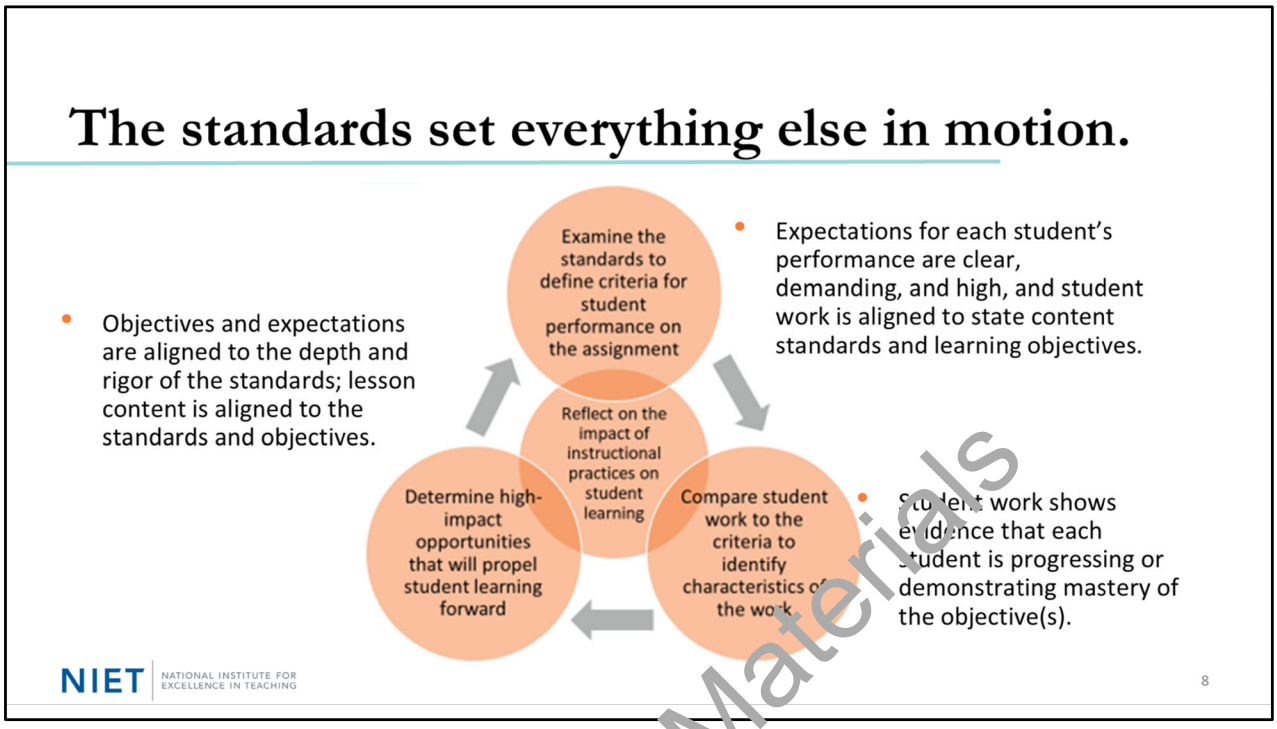
Proprietary Materials

5 min

Key Idea: The graphic on this slide represents the student work analysis process we'll work through today.

You'll notice a few **key features** of the process:

- There are **three key actions** that make up this cyclical process…
    1. This process begins with examining the standards that are central to the assignment and articulating the criteria that define mastery of those standards. This key action occurs before instruction begins because it gives teachers clarity on what to expect in terms of student performance – down to the level of detail of having an exemplar response to the task. Once we know what student success looks like for the target standards, we can then identify which criteria are aligned to the purpose of the assignment being analyzed. Once we have clarity on what the standards call for and what success looks like for a given assignment, then instruction takes place and students are given the opportunity to engage in the work of the lesson(s), we can move to the next key action.
        - NOTE: for training purposes today, we will not be able to complete this first key action prior to instruction. Additionally, there may be times as coaches, school leaders, or in collaborative settings (PLCs) you may find



yourselves defining criteria for student performance after instruction has taken place. As classroom teachers, however, we always push to complete this action step prior to instruction.

2. Key action 2 picks up again after instruction takes places and after students have a chance to complete the task or assignment. Here is where we then we compare student work to the performance criteria to identify characteristics of the work. It's this second key action where we compare student work to the standards and criteria to determine where students are in their learning process as it relates to the expectations of the assignment.
3. The third key action encourages us to determine what's next for students based on the analysis of the work so far: what's needed to take students further in their learning?

- The other important feature of this process is that it encourages **reflection on our own decisions and practices** as educators throughout each key action. This isn't just a process for analyzing student work, it's also a process to support professional reflection and growth. As we engage in the process we intentionally pause to consider how our actions impact student learning. Each action gives us an opportunity to reflect on our choices and practices as educators and make improvements that will support all students in their learning.

Transition: We'll talk more specifically about each key action today as we engage in the process and pause to reflect on our own practices.

Proprietary Materials

Proprietary Materials

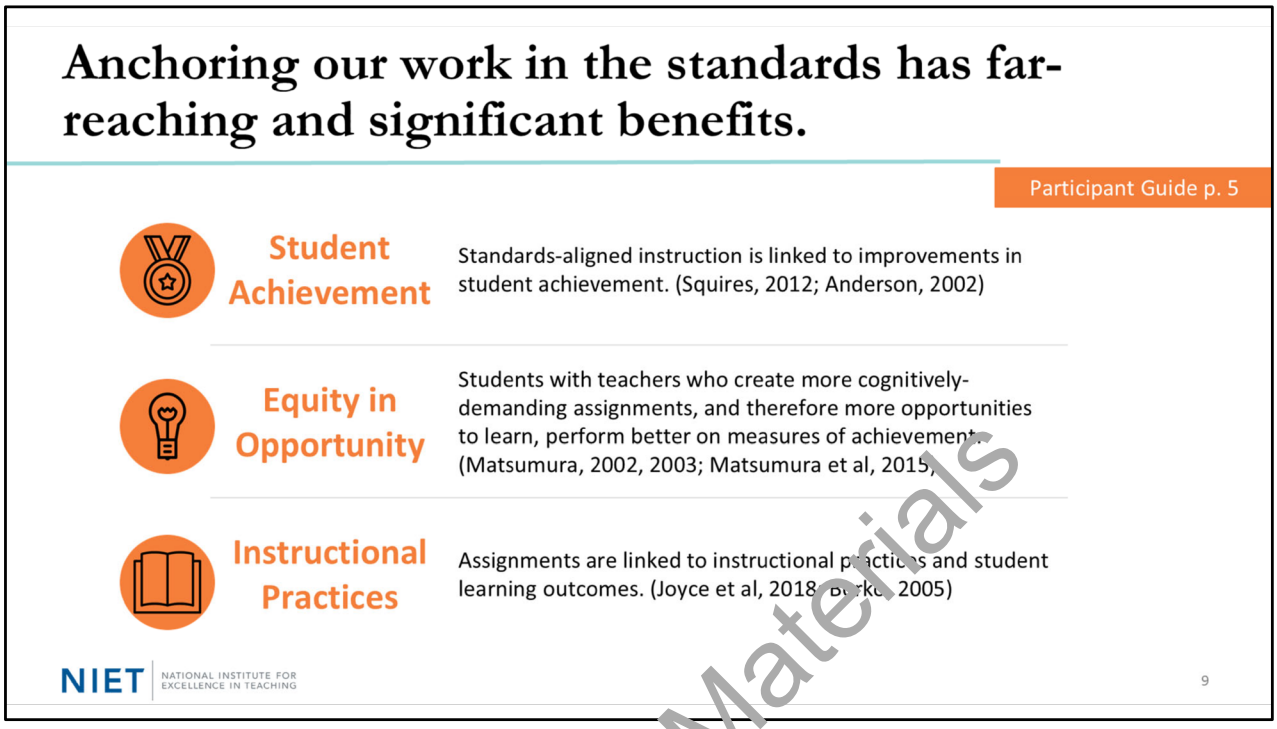
5-7 minutes

Key idea: This slide connects the student work analysis process to three specific descriptors from the Instruction domain within the Teaching and Learning Standards.

Facilitation Notes:

Just like you named in our discussion, the standards set everything else related to instruction and learning in motion. Standards and Objectives are the foundations for nearly everything else we do as educators. If we are not clear about the rigor of the standards and what we want students to know and be able to do, then the sequence of instruction cannot be developed or implemented. This includes being able to accurately assess and monitor student learning – and that has an implication for how we analyze and interpret student work.

Let's take a look at three specific descriptors and how they match up to the key actions in our student work analysis process. **<Click to reveal the image of the analysis process>**



- Prior to teaching any lesson, the teacher examines the standards and gains clarity

on what students must do to successfully meet the demands of the standard and how that translates to the task or assignment. **<click to reveal the aligned descriptor from the rubric>** This key action ensures that the lesson expectations and content are aligned to the depth and rigor of the standards.

- **<click to reveal the next aligned descriptor from the rubric>** Success criteria built from the standard are critical to establishing expectations for student performance on any given task.
- **<click to reveal the next descriptor>** Then, with clarity on what standards-aligned success is, we can examine the student work to determine to what extent students are demonstrating mastery and make additional instructional decisions to keep students progressing.

Transition – and the benefits of anchoring this work in the standards have far-reaching, significant benefits, as current research shows us…

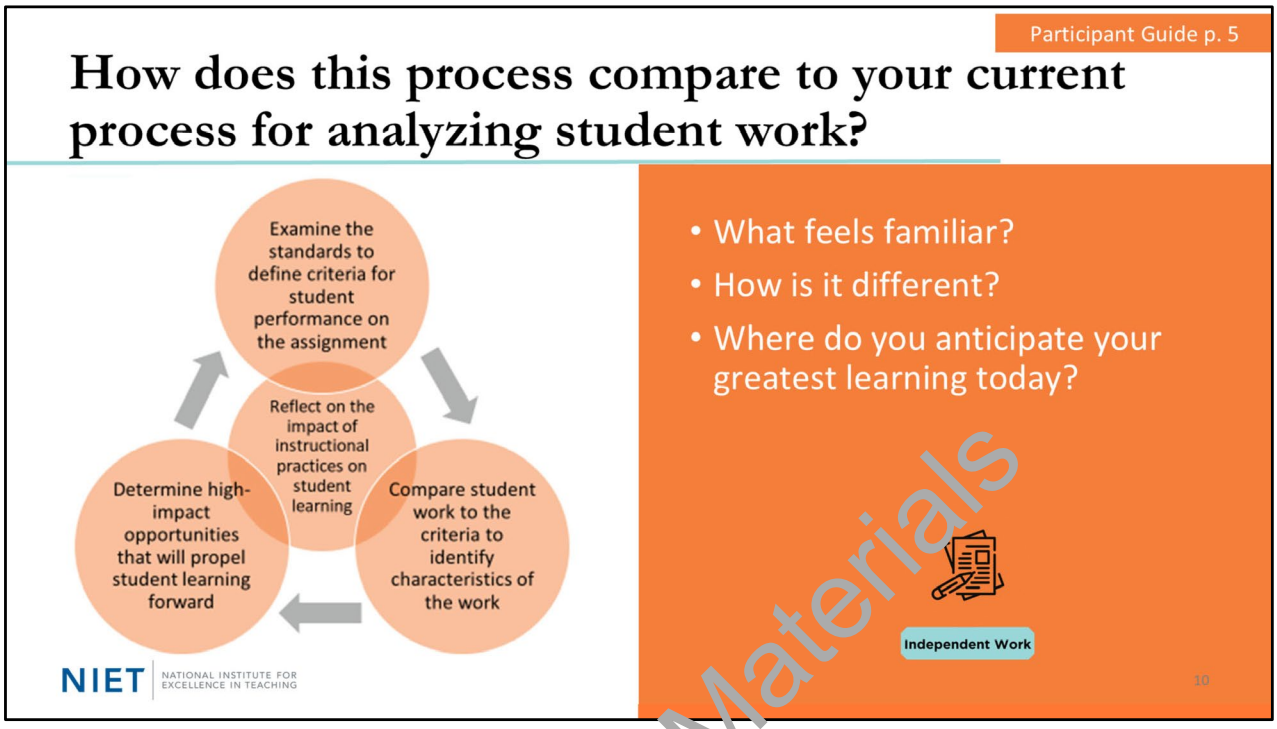
Proprietary Materials

5 min

Key Idea: Starting with the standards in our student work analysis is shown to have significant positive impact on student achievement, the opportunity to learn, and improvements in instructional practices.

Facilitation notes:
Much of what makes student work analysis most powerful is when we go deep, taking the time to truly understand the alignment to your state content standards. The role of standards: The standards drive the analysis of student work because 1) the standards help us define the quality of the assignments students are provided; 2) high-quality, standards-aligned assignments help teachers and leaders understand the status of student achievement, instructional practices, and equity in opportunity in their buildings.

And when we look closely at the body of research behind standards-aligned assignments we can clearly see that standards-aligned assignments can be a means to much greater ends:



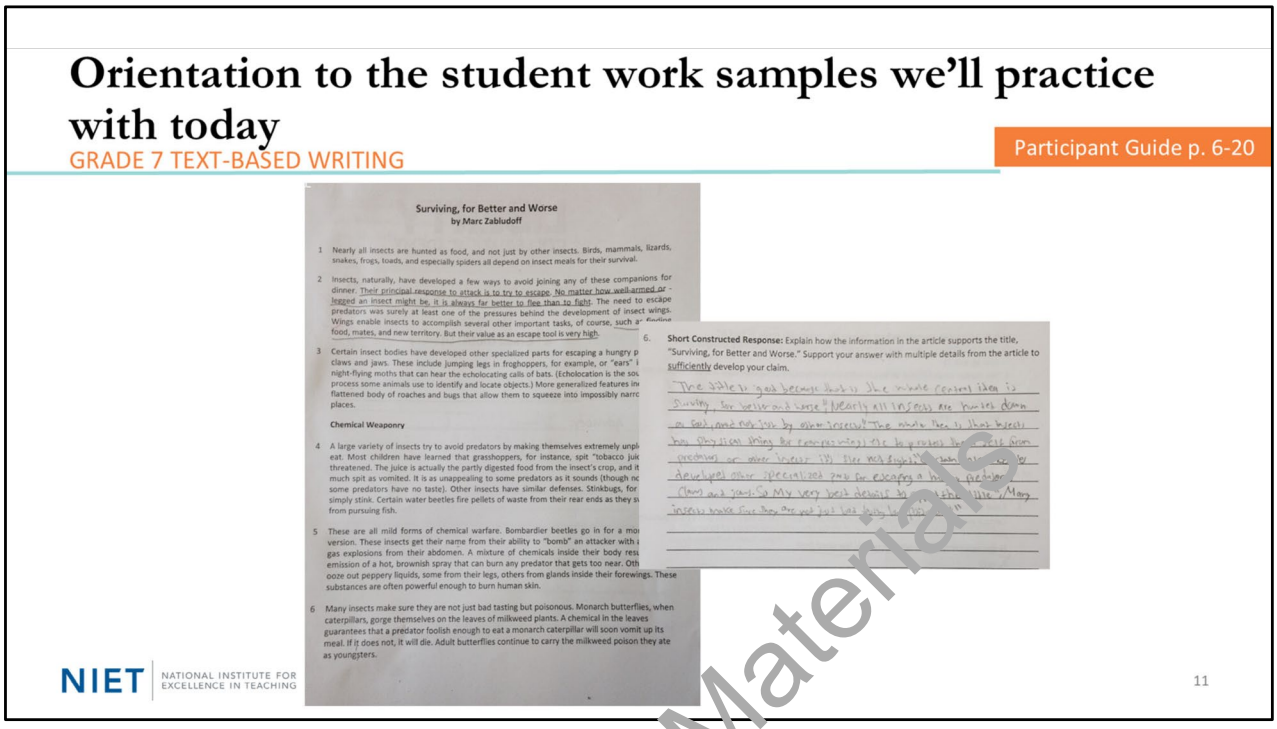
- **Student Achievement:** When instruction is aligned to the standards it is linked to significant improvements in student achievement; student achievement was positively correlated with the amount of skill-practice opportunities provided through curriculum

Proprietary Materials

materials like textbooks; and that the alignment between curriculum, lesson planning, and instruction yields positive outcomes for student academic success (Squires, 2012; Anderson, 2002).

- **Equity in opportunity**: *Cognitive demand studies focused on the extent to which instruction requires students to engage in higher-order thinking processes aligned to the content have also shed light on how opportunity-to-learn impacts student outcomes.* In a 2015 study, Matsumura et al. (2015) found that the cognitive demand of text-based writing assignments predicted multiple features of students' writing performance, including their ability to think analytically about the text, support their ideas using evidence from the text, and organize their writing. Findings from this study also suggest that the instruction and learning tasks that position students to engage with a text is more associated with student writing performance than the quality of the text, on its own. In Matusmura and colleagues (2003, 2002) showed that students who were exposed to teachers who created more cognitively-demanding assignments performed better on the Stanford Test of Achievement, Ninth Edition (Stanford 9).
- **Instructional Practices:** A segment of the research on strong classroom instruction provides evidence that *assignments and classroom artifacts (e.g. instructional materials, assignments, quizzes, tests, student work, teacher feedback on student work, wall and board displays, and teacher reflections) can be used to capture several aspects of classroom instructional practice* (Joyce et al, 2018; Borko, 2005), which show a positive relationship with student outcomes.

Proprietary Materials



4 min

Independent work time: Reflect, note any early questions, & set a personal goal for learning.

If time allows, can share at tables and/or encourage whole group sharing.

Transition: Your charge in this session is to take these learnings from the research and 1) apply them to hone your student work analysis skills and 2) use the experience to reflect on the best practices applied in student work analysis

Proprietary Materials

Proprietary Materials

USE FOR GRADE 7 TEXT-BASED WRITING SAMPLES

12 min

Key idea: *set the stage for the student work samples and proactively answer common questions that come up when looking at student work that is not one's own. Please remain neutral in your perspective about any published curricula used in this training - we should not advocate for the use of one set of high-quality materials over another.*

The student work samples that we will work with today for whole group practice are from a 7th-grade text-based writing task. We've intentionally selected this task because this type of writing parallels the writing in professional, scholarly texts and documents across multiple subject areas. The writing is thesis-driven and evidence-based – which reflects the reading and writing demands on students in nearly every subject.

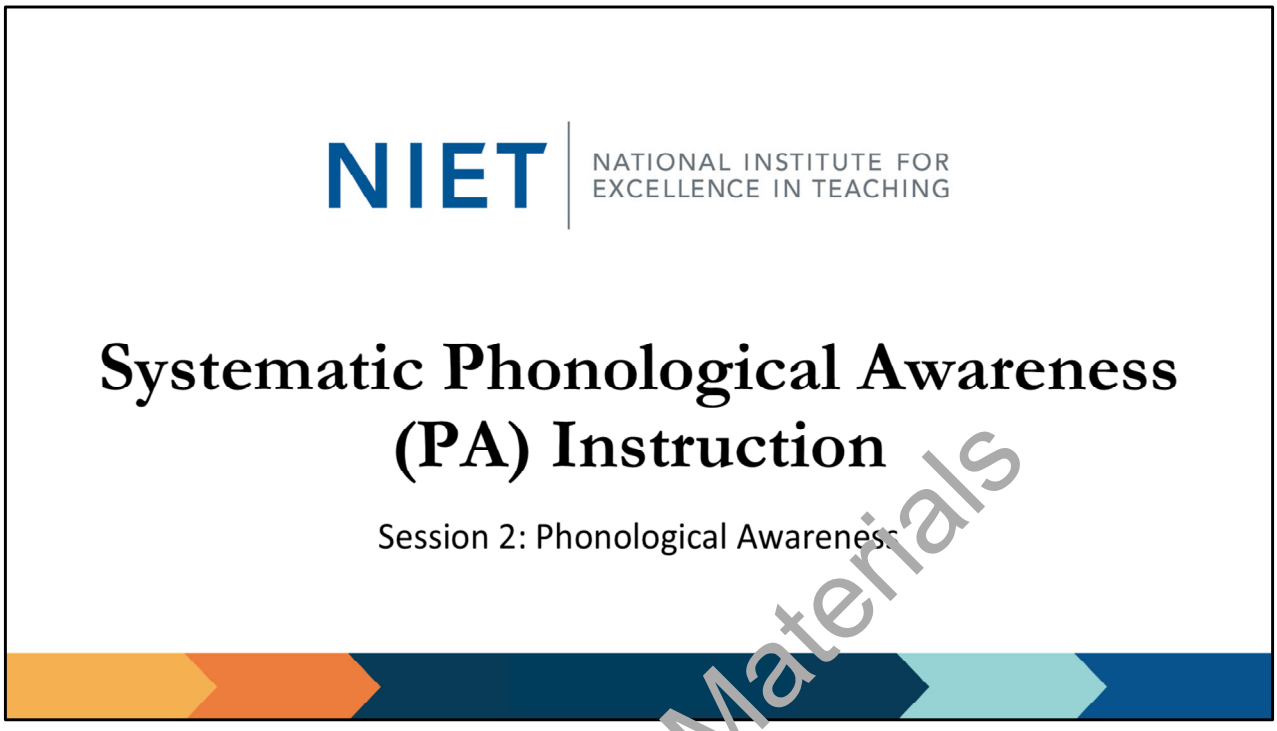
We'll be looking at both the named reading and writing standards for this assignment, using the national college and career readiness standards.

- Grade 7 Informational Reading #2: RI.7.2 Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text.

- W.7.2 Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content.
    - a Introduce a topic clearly, previewing what is to follow; organize ideas, concepts, and information, using strategies such as definition, classification, comparison/contrast, and cause/ effect; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension.
    - b Develop the topic with relevant facts, definitions, concrete details, quotations, or other information and examples.
    - c Use appropriate transitions to create cohesion and clarify the relationships among ideas and concepts.
    - d Use precise language and domain-specific vocabulary to inform about or explain the topic.
    - e Establish and maintain a formal style.
    - f Provide a concluding statement or section that follows from and supports the information or explanation presented.

Allow participants 5 minutes to skim the text used in the assignment. The text is the same for all 5 samples.

After participants read the text, allow time to scan the work samples without making any judgements:
You have 5 samples representing 5 different students (1 sample from each). The samples show how each student marked up the text in preparation for the writing portion of the activity. And, you also have each student's written work.



Pause again to allow participants to scan the five samples to become familiar with them. They don't need to analyze anything or make judgements at this point.

additional context for facilitators, if needed:
Skills in reading and comprehending complex text are directly connected to students writing skills. Writing requires a complex cognitive engagement for a learner. Complex text requires a student to think deeper. When students have opportunities to write consistently they often transfer their knowledge from reading to their writing. Our best models for writing is in authentic texts. Writing about reading makes comprehension visible and provides a window into a student's reading process and comprehension. Often in classrooms reading comprehension is accessed through oral questions. When students respond to reading comprehension type questions in writing it provides a stronger assessment for the teacher. The written response makes the student's thinking visible for the teacher. It provides a window in what are strengths and where learning breaks down for the student.
Reading and writing are interconnected processes of composing meaning; practice with one contributes to the success of the other. More information can be found here:

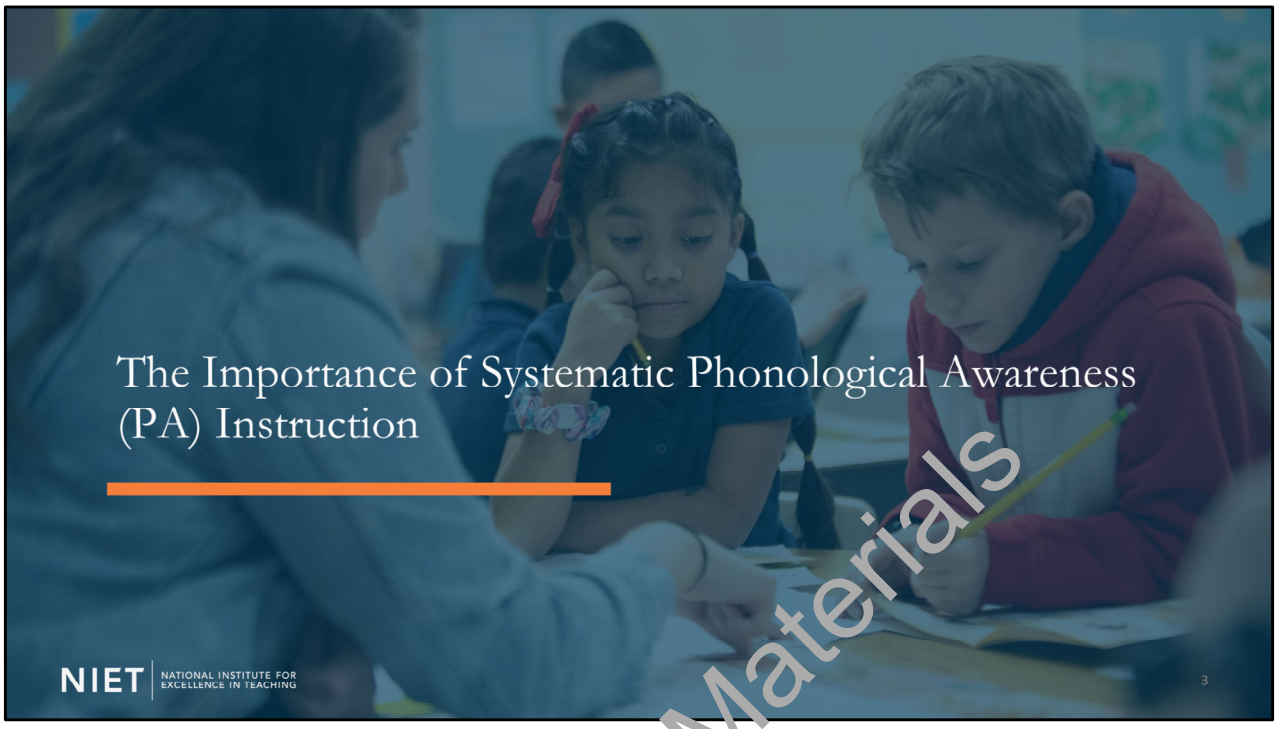
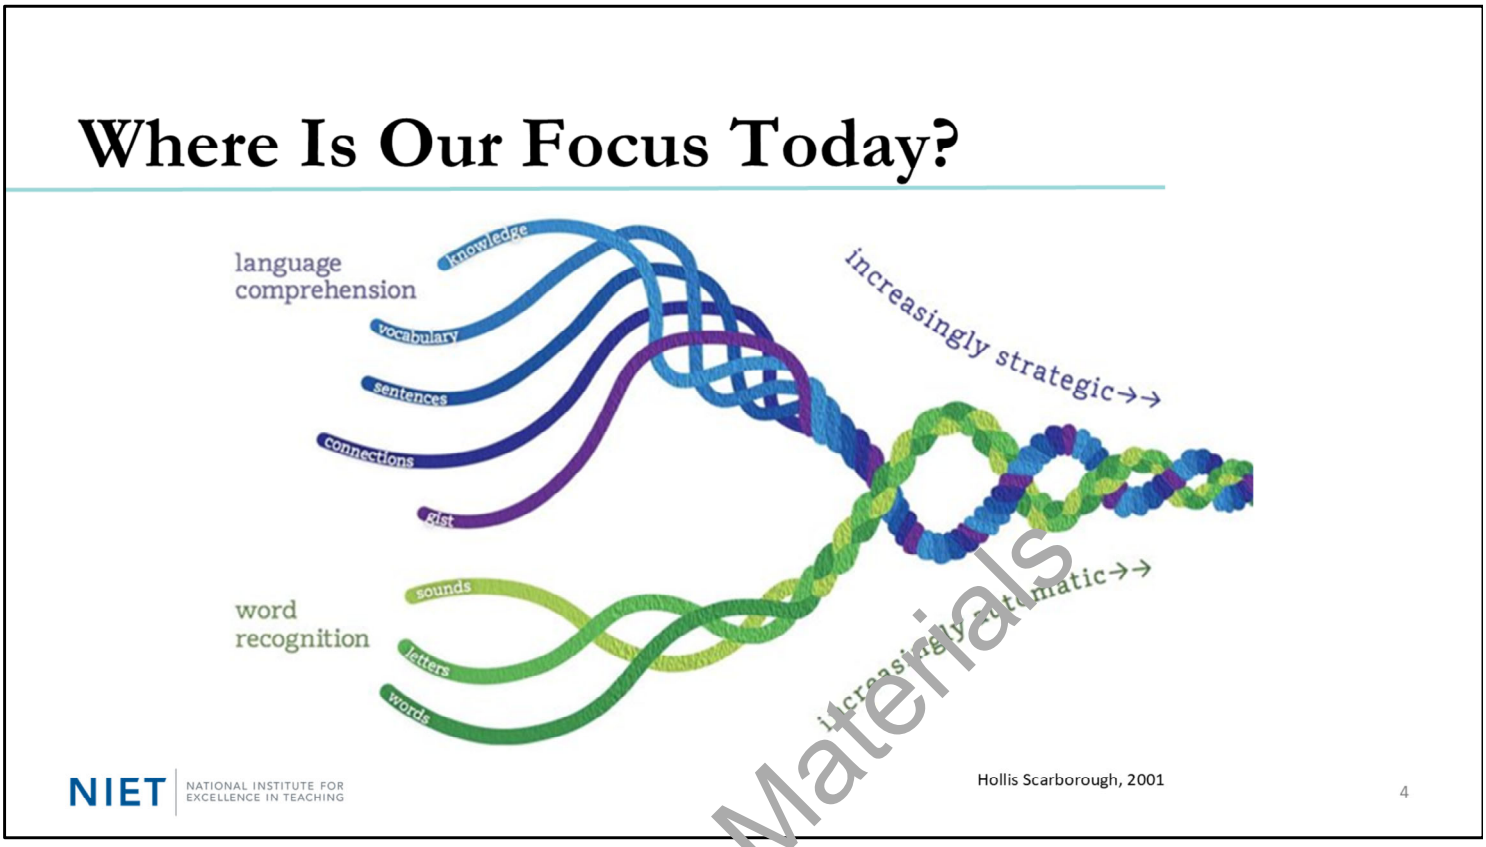
1 minute



Trainer: In this training, we will review the importance of systematic phonological awareness (PA) instruction and why it's foundational to early reading success. We'll take a close look at the instructional routines in CKLA that focus on developing PA, exploring how these routines build students' skills in listening, identifying, and manipulating sounds in spoken words. In addition to this review, participants will also have the opportunity to engage in unit preparation, working collaboratively to internalize the content and plan effectively for high-quality implementation in the classroom.

2 minutes



Trainer: In our session today, we will explore the critical role of systematic phonological awareness (PA) instruction in supporting foundational literacy skills, framed within the Science of Reading framework that includes vocabulary, decoding, fluency, and comprehension. We will dive into the instructional routines embedded in the CKLA curriculum that effectively build these essential PA skills, understanding how these routines serve as a bridge to broader literacy development. Finally, we will identify next steps and collaborate on unit preparation to ensure that our phonological awareness instruction is both systematic and seamlessly integrated, empowering all students to become confident and capable readers.

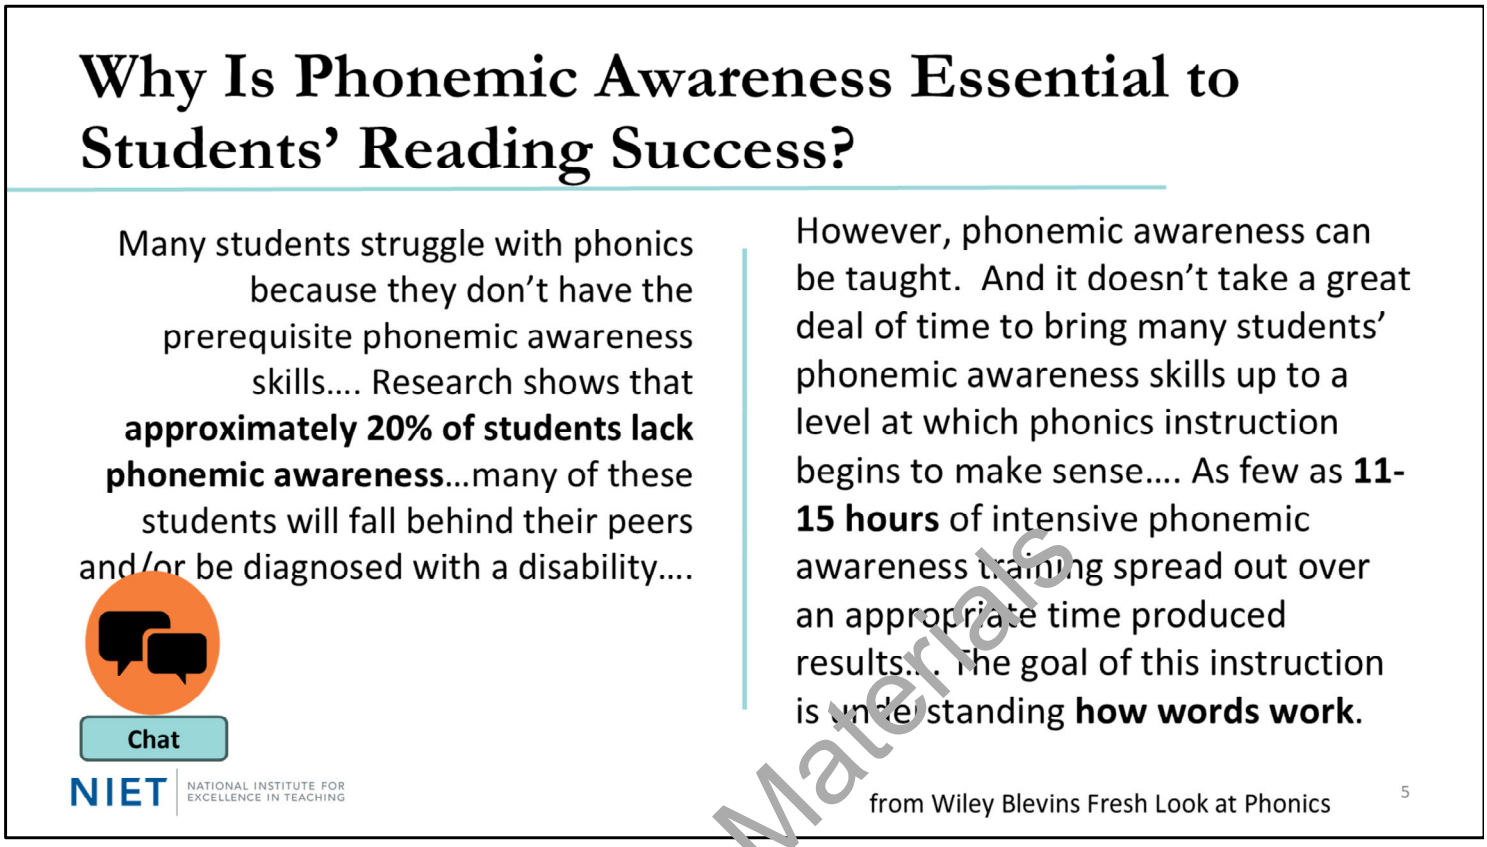
Trainer: Scarborough's Reading Rope is a widely recognized model that illustrates how skilled reading develops. The model, created by Hollis Scarborough in 2001, uses a rope metaphor to show how multiple strands of language and cognitive skills are woven together to produce skilled reading.
The rope is divided into two main strands:
•Language Comprehension (upper strand) – which includes background knowledge, vocabulary, language structures, verbal reasoning, and literacy knowledge.
•Word Recognition (lower strand) – which includes phonological awareness, decoding (and spelling), and sight recognition of familiar words.
As these strands become increasingly strategic and automatic over time, they are tightly woven together, leading to skilled reading. This model emphasizes that reading is not a single skill but a complex integration of language comprehension and word recognition processes.
In today's session, we're focusing on the word recognition strand, specifically phonological awareness, because it is the foundation for decoding and fluent reading.



Ask, based on the title of this session and the objectives, which parts of the reading rope are we targeting with our instruction?

- Word recognition – sounds

- Based on the theory of Scarborough's reading rope, what is the significance of starting

with the sounds of our language?

Time: 5 min- Chat Out

Trainer: I am going to give you a few minutes to internalize the following slide. We will then chat out what connections we make to this slide and research from the renowned Wiley Blevins.

[Have participants chat out and trainer recaps some thoughts] This data highlights an urgent need to prioritize phonemic awareness development before diving into phonics, ensuring no student is left behind from the very start. This means that phonemic awareness—the ability to hear and manipulate sounds in words—is not something students either just have or don't have; it's a skill that can be taught and developed. Importantly, it doesn't require a huge time investment to make a big difference. Research shows that with just 11 to 15 hours of focused, well-designed phonemic awareness activities, spread out over several weeks, many students can reach a level where learning phonics becomes meaningful and effective.
The core goal of this instruction is to help students understand the structure of words—how sounds fit together to make words—so they can confidently decode and spell words later on.
In other words, phonemic awareness training is a manageable and powerful way to give students the foundation they need for successful reading development.

Transition: We know that phonemic awareness (PA) is critical to addressing the needs of our diverse learners. PA provides an opportunity to lay the foundation of literacy and make meaningful connections to concurrent and later skills and processes.

Tab IV

Delivery of Services

NIET proposes a comprehensive professional learning delivery model designed to build educator capacity, support sustained implementation of evidence-based instructional strategies, and improve academic outcomes for all students. This model is grounded in the principles of adult learning and designed to authentically engage educators through a coherent sequence of training, coaching, and implementation support aligned with Knox County Schools' priorities: excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation.

NIET's approach supports both individual and system-wide growth by embedding collaborative learning cycles, coaching structures, and reflective practices throughout each phase of implementation. NIET's Five Steps of Effective Learning (Figure 1) serves as the core framework guiding our professional learning sessions, providing participants with opportunities to analyze their practice, apply new strategies aligned with high-quality instructional materials (HQIM), and evaluate their impact on student learning. Each session integrates collaborative protocols, actionable planning, and clear success criteria that connect directly to daily instructional practice.

To ensure implementation is sustained and impactful, NIET's delivery model combines strategic planning, leadership development, job-embedded coaching, and survey tools to measure school and district culture. NIET will administer a professional survey to gather feedback from teachers and leaders on the culture of collaboration, the quality of professional learning, and their perceptions of instructional improvement efforts. The feedback will be used to assess educator engagement, inform strategic action planning, and adjust support in real-time. Findings will be reviewed collaboratively with district leadership teams to inform ongoing support and adjustments to the implementation of evidence-based instructional practices.

Professional learning sessions are followed by on-site and virtual support to build school-based structures that reinforce implementation and accelerate student learning. Ongoing classroom walkthroughs, data reviews, and debrief cycles enable school leaders to monitor fidelity and effectiveness, adjust support based on real-time evidence, and strengthen teacher practice through individualized feedback and reflection.

A sample delivery timeline is outlined below to illustrate the sequencing and integration of services throughout the year. Each training and support activity is structured to build upon prior learning and promote deep implementation of evidence-based instructional strategies aligned to district HQIM.

Figure 1

Table 1

Timeline	**Participants**	**Professional Learning Activity**
August	District and School Leaders	Curriculum Focused Strengths-Based Needs Assessment at designated schools
Description	The Curriculum Focused Strengths-Based Needs Assessment process enables NIET to collaborate with partners in identifying the strengths, needs, and priorities of schools in the district, with a focus on instructional excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation. The Curriculum Focused Strengths-Based Needs Assessment will result in the development of strategic action plans aligned with the current state of instruction that incorporate evidence-based instructional strategies within the high-quality instructional materials used by the district.	

Timeline	Participants	Professional Learning Activity
September	District and School Leaders	Training: Learning Walks: Leverage Curriculum to Build Instructional Excellence Support
Description	This training will support district and school leaders in developing the knowledge and skills necessary to evaluate the quality of implementation of high-quality instructional materials. During classroom walkthroughs, leaders come together with intentionality to examine how instructional practices impact student learning, gather evidence to guide their decisions, determine trends across the classroom and system-level phenomena, and discuss their findings to inform the next steps for the team to support student learning more effectively.	
Timeline	**Participants**	**Professional Learning Activity**
Monthly October - May	District and School Leaders	Classroom Walkthroughs and Coaching During Reflective Debriefs, rooted in training on Learning Walks
Description	NIET will support leaders in capturing the state of instruction through participation in classroom walkthroughs and coaching during reflective debriefs. Classroom walkthroughs will focus on HQIM, evidence-based practices, and content-specific strategies. The process will also include analyzing each campus's collective and individual instructional needs.	
Timeline	**Participants**	**Professional Learning Activity**
October	District and School Leaders, Instructional Coaches	Training: Empowering Teachers During a Unit Preparation Process
Description	Task analysis and unit preparation, inclusive of evidence-based practices and content-specific strategies.	
Timeline	**Participants**	**Professional Learning Activity**
Following the October Training	School Leaders and Instructional Coaches	Onsite Support: Focused on Unit Preparation
Description	NIET will support school leaders and instructional coaches in leading unit preparation, focusing on effective use of HQIM, evidence-based practices, and content-specific strategies.	
Timeline	**Participants**	**Professional Learning Activity**
December	District and School Leaders,	Training: Enhancing Impact By

	Instructional Coaches	Supporting Teachers with Intentional Lesson Preparation
Description	Lesson preparation, inclusive of evidence-based practices and content-specific strategies.	
Timeline	**Participants**	**Professional Learning Activity**
Following the December Training	School Leaders and Instructional Coaches	Onsite Support: Focused Lesson Preparation
Description	NIET will support school leaders and instructional coaches in leading lesson preparation, focusing on effective use of HQIM, evidence-based practices, and content-specific strategies.	
Timeline	**Participants**	**Professional Learning Activity**
February	District and School Leaders, Instructional Coaches	Training: Using a Student Work Analysis Process to Strengthen Instructional Outcomes
Description	This training session will support educators in applying a standards-driven student work analysis process to examine student work samples alongside criteria. Participants will use data from their analyses to understand student progress and make intentional instructional decisions to propel student learning.	
Timeline	**Participants**	**Professional Learning Activity**
Following the February Training	School Leaders and Instructional Coaches	Onsite Support: Focused Student Work Analysis
Description	NIET will support school leaders and instructional coaches in leading student work analysis to improve the use of HQIM, evidence-based practices, and content-specific strategies.	
Timeline	**Participants**	**Professional Learning Activity**
Beginning and End of Year	Teachers	Engage in a professionalism survey to assess educator engagement, inform strategic action planning, and adjust support in real-time.

Management Plan and Implementation Plan

NIET will lead this project through a coordinated structure involving three core teams: the East Regional Team of senior specialists, NIET's Professional Learning Team, and national service leaders with Tennessee-specific experience. The East Regional Director will oversee project implementation, ensuring fidelity, alignment, and responsiveness to the priorities of Knox County Schools.

NIET's Professional Learning Team will design all training content, asynchronous learning modules, and aligned implementation tools. These resources will be continually refined based on survey and feedback data collected from participants and district leaders. The East Regional specialists will lead all training delivery, on-site coaching, and learning walks, leveraging their deep knowledge of Tennessee's academic standards and local context. These specialists are experienced in supporting curriculum-based implementation, coaching school teams, and addressing the needs of English Learners, Students with Disabilities, and economically disadvantaged students.

Project planning, timelines, and staff assignments will be managed through NIET's internal project management system, Mission Control, built on Salesforce. This ensures transparency, on-time delivery, and shared progress monitoring across NIET and district leaders. Regular check-ins and strategy reviews with Knox County Schools leadership will be embedded into the implementation cycle to ensure responsiveness and alignment with district goals.

NIET's model for delivering professional learning is grounded in sustainability, focused on strengthening leadership capacity, and responsive to the specific needs of individual schools. Through a combination of high-impact training, embedded coaching, and data-driven reflection, NIET will support Knox County Schools in achieving excellence in instruction and student outcomes across all schools.

Tab V

Experience and References

The National Institute for Excellence in Teaching (NIET) is a 501(c)(3) nonprofit organization based in Scottsdale, Arizona. NIET's mission has always been clear: to build educator effectiveness to give all students the opportunity for success. NIET's vision is that every student in America is taught by an excellent teacher and supported by effective leaders every year – and that has been the foundation of NIET's work for twenty-five years. From the revolutionary TAP System for Teacher and Student Advancement, launched in 1999, to our partnerships that have impacted 350,000 educators and 3.5 million students, NIET has helped our nation's highest-need schools and districts achieve historic results in student achievement. Through its comprehensive approach to educator evaluation, teacher leadership, professional development, and competitive compensation, the TAP System has created dynamic and collaborative learning environments for students and educators. Early TAP System adopters—including Arizona, South Carolina, and Louisiana—were led by state leaders with the foresight and conviction to enact transformative change. Those early successes spurred additional partnerships in diverse schools and districts across the nation.

NIET has supported school and district leadership teams in analyzing underserved students and promoting high levels of achievement for all learners since its inception in 2000. Specifically, the organization has supported districts in implementing high-quality instructional materials for over nine years. In the 2013-14 school year, NIET began supporting our partner districts in Louisiana as they sought to implement math curricula designated by the Louisiana Department of Education as Tier 1 or high-quality. The most recent math curriculum supports include NIET, which has served as an approved provider for 29 school districts through Tennessee's two-year Math Implementation Grant initiative. Through this grant-funded work, NIET expanded support for districts implementing high-quality math instructional materials for PreK–12 students, focusing on supporting districts in using the state's Instructional Practice Guides and Instructional Focus Documents. Over the two-year grant, NIET's support for districts deepened leaders' and educators' understanding of conceptual understanding, procedural skills, and fluency, while connecting learning outcomes to grade-level expectations. Through this work, NIET leveraged the strengths and systems of each district and/or school to enhance leadership capacity for implementing high-level curricula.

In addition to supporting districts with implementing high-quality instructional materials in math, NIET has served as one of two approved providers for the Tennessee Literacy Implementation Network, serving three networks and spanning seventeen school districts. In addition, NIET serves as the sole provider of a two-year contract for the Early Literacy Implementation Network, which expands literacy implementation support for early childhood grades PK-2. The 2024 TN Early Literacy Implementation Network opportunity includes 18 regional convenings, 10 virtual learning sessions, 48 regional learning walks, and 12 self-paced literacy learning modules to support educators across the state. In addition to supporting districts in literacy implementation in Tennessee, NIET also serves as an approved provider in Texas for the Texas Education Agency, providing training and support for Strong Foundations Literacy Planning and Implementation. This project spans twelve districts, delivering over 500 days of support to these partners in literacy implementation. NIET has collaborated with districts in Texas to develop and implement a math instructional framework based on research-based instructional strategies.NIET is also partnering with districts to implement, monitor, and support the implementation of the math HQIM curriculum (Eureka and Carnegie) as part of the grant. NIET works with districts to create a plan for implementing and monitoring the HQIM, a plan for unit and lesson internalization and rehearsals, as well

as the observation and feedback process, and the assessment strategy. NIET is an approved provider of product-specific training and collaborates with partners to conduct learning walks and product observations, ensuring implementation with fidelity and integrity.

The dedicated project personnel will deliver the required services and provide project oversight. NIET's on-the-ground team members will provide direct support. NIET's Tennessee-based East Regional Director will serve as project director, manage the team of specialists, and provide quality assurance of training and support. NIET's Director of Professional Development will support team members and the project director to ensure that content and implementation tools prepare participants to implement evidence-based, curriculum-based professional learning strategies effectively. This high-capacity team has implemented and supported district and school leaders in implementing high-quality instructional materials in multiple states.

A copy of NIET's organizational chart and key resumes are attached.

RFP Requirement	Key Responsibilities	Person Responsible
Project oversight and direction	Manage the project director and provide oversight and guidance to the project team, escalating any issues that arise.	Dr. Davita Lancelin, Vice President of Services
Project oversight and direction	Serve as project director, manage the team of specialists, and provide quality assurance of training and support.	Keely Potter, East Team Director
Content of professional learning sessions and training sessions	Support the quality assurance of training.	Dr. Angela Davis, Director of Professional Learning
Facilitation of training and support opportunities that focus on processes for educator collaboration, processes for measuring impact on student learning, processes for building educator discernment regarding evidence-based instructional strategies within high-quality instructional materials utilized by the district, and processes for leader capacity	Provide district and school-level training and support	East Team Senior Specialists Scott Duncan Kim Herring Christa Stewart

Completion: May 8, 1998

Leadership Experience

National Institute for Excellence in Teaching Nashville, TN
Vice President of Services (Present)

- Serve on NIET's Leadership Team
- Support the expansion of NIET partnerships
  - Provide guidance and support to regional directors to implement partnership development/outreach strategic plan
  - Provide guidance and support to directors with planning and oversight of regional networking/conference opportunities
- Build team members capacity to ensure quality services and supports are planned and delivered to maximize partner outcomes
  - Collaborate with Executive Directors of Services to ensure effective delivery of requested service days in assigned projects
  - Create and implement long range plans to professionally develop service team directors and specialist
  - Develop communications protocols to ensure partners receive regular communication around established goals
  - Provide formal and informal feedback to directors including but not limited to the organization's formal performance review process
- Develop, analyze, and maintain accurate time and effort reports
  - Monitor goals for service delivery across the organization

- Identify systems and structures needed to support the planning and communication of assignments with expectations and personnel assigned for delivery
- Maintain the team planning document to identify space for new projects, additional assignments, and new hire needs
- Collaborate with Director of Operations to determine capacity for completing internal and special projects

Executive Director, Service Operations (2021-2022)

- Serve on NIET's Leadership Team
- Provide oversight and management to regional directors
- Ensure delivery of scheduled services to NIET partners
  - Establish and monitor goals for service delivery across regional teams.
  - Lead regional directors to ensure all senior specialists understand scheduling and delivery processes
  - Support directs with the creation of assignments to regional projects
  - Create and review reports for the Executive Leadership team to monitor the progress of service delivery
- Provide organization-wide data and support
  - Maintain organization-wide time and effort document across projects to determine hiring priorities and capacity issues.
  - Advise when new hires are needed for new projects
  - Ensure specialists and directors receive a high quality onboarding experience.

Director of Louisiana and Louisiana BOLD (2020- 2021)

- Oversee Louisiana projects, grants, and program implementation and operations
- Ensure that partnership priorities and/or grant goals are defined, understood, and met
  - Foster a relationship of partnership, support, and collaboration with each district and school partner
  - Communicate regularly with assigned states, districts, schools to direct fidelity of program/service implementation
  - Work with district/school team to identify needs in each of the assigned districts/schools, research and implement educational strategies that will meet the specific needs, and provide on-going evaluation and feedback to enable immediate adjustments as necessary to ensure district/school success
  - Approve travel, expenses, and leave for specialists
  - Deliver support days, as necessary
  - Support partners in their use of NIET's online platforms, including data management systems, as necessary
- Support, coach, and evaluate Senior Specialists
  - Support and monitor specialists in developing and reaching their goals and successfully providing high-quality support to all partners assigned

- Observe, provide feedback to specialists in order to strengthen the quality of support being provided
- Provide regular support to specialists through ongoing check-in meetings and communication

Professional Summary

I have spent thirty-six wonderful years in education and will happily continue that pursuit of contributing to an environment where students can find joy and success. Growing up in a rural area and then teaching there for a large part of my career, I know that students can be successful wherever they are as long as they have the support they need. I am now in a position to provide support to school districts and educators, so they can be the lever of change for student success.

M

Experience

NIET, National Institute for Excellence in Teaching **June 2021 – Present**

Senior Specialist – *Virginia Curriculum Implementation Program* – support in adopting and implementing high quality instructional materials; *ATSI/TSI (Additional Targeted Support and Improvement)* – coaching and support around instructional shifts needed to move schools off of the ATSI list and improve student outcomes for targeted demographics as well as all students; *Math Implementation Grant* – coaching and support around the implementation of new math standards, adoption of high quality instructional materials, and the use of a math specific Instructional Practice guide; *TRAIN (Tennessee Rural Acceleration and Innovation Network grant)* - coaching and support of rural districts to design and implement comprehensive plans and professional learning for the continuity and acceleration of learning beyond the challenges of COVID learning loss; *General work with districts* to identify needs and determine strategies that will support their needs and improve educator effectiveness that will lead to student growth. *Grade level work spans kindergarten through high school*

Other Information

We have worked with districts in Tennessee and nationwide to support their teachers as they implement new curriculum. As a part of this support in Tennessee, we have leveraged the Tennessee Instructional Planning Guide (TN IPG) to ground our feedback and the implementation of instructional practices. Specifically, we have partnered with Knox County, Haywood County, Metro Nashville Public Schools, Cumberland County, Jackson County, Clinton City, and Trousdale County. We have also worked with 15 rural Tennessee districts as a part of the Tennessee Rural Innovation and Acceleration Network (TRAIN) program. Within TRAIN, we have supported the various instructional needs of partners, including implementing high-quality curriculum.

Knox County Government

and

PIVOT: School Improvement Leaders

This Contract, made and entered into between the Knox County Government, hereinafter referred to as the "County" and PIVOT: School Improvement Leaders, hereinafter referred to as "Contractor".

Whereas, the County requested proposals for Evidence-Based Instruction Strategies Consulting for Knox County Government (Request for Proposals #3667) and;

Whereas, Vendor submitted a bid in accordance with said requested specifications, the response of which is the most responsible and responsive bid meeting specifications accepted by the County;

Whereas, Vendor agrees and undertakes to provide said services for the County, as set forth in the Request for Proposals, and at the price quoted for said services by Contractor. Further, in accordance with the lawful directions of the County, the Contractor agrees in all respects, to be governed by the Request for Proposals specifications and the Contractor's bid and response.

Now, therefore in consideration of mutual covenants and promises contained herein, the parties hereto wish to enter into this Contract to set forth their respective rights and obligations and do mutually agree that;

Witnesseth:

1. Terms of this Contract. This Contract commences on the 1st day of September 2025 and ends the 31st day of August 2026 unless terminated in conformity with the terms of this Contract as contained in paragraphs 4 and 5. The County intends to issue a one-year (1) award. Upon the mutual agreement of the vendor and the County, the award may be extended for four (4) additional years, one (1) year at a time. This may result in a total of five (5) years. The County reserves the right to purchase these goods/services from other sources if the need arises. The County reserves the right to revoke the award if a pattern of unavailability arises with the vendor.

2. Payment. The County shall pay Contractor the amount as agreed upon in the County's Request for Proposals for Evidence-Based Instruction Strategies Consulting per the Contractor's response to Request for Proposals #3667; pursuant to all payments being subject to the County's review and approval. The Contractor shall receive, upon the need of the County, written notification to proceed. The Contractor shall pursue all work diligently until completion as directed by the County. Per Request for Proposals #3667, a minimum of thirty (30) days is required for processing of payment.

3. Invoicing and reporting requirements. Contractor shall invoice the County for Evidence-Based Instruction Strategies Consulting pursuant to Request for Proposals #3667.

4. Termination. The County may terminate this Contract with or without cause, upon written notice of not less than thirty (30) days. Upon termination, the County will pay for services satisfactorily completed but not yet invoiced. Contractor shall not perform additional work without the expressed permission of the County.

Should the Contractor fail to provide the Evidence-Based Instruction Strategies Consulting detailed herein, the County will communicate the problem(s) to the Contractor both verbally and in writing and keep a written record as to what the problem(s) are and when the Contractor was contacted. The Contractor shall rectify the problem within the time frame established by Tennessee State Law. If the same or other problems persist or reoccur, the County may terminate the Contract.

In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give the County at least 120 day advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

5. Appropriations. In the event no funds are appropriated by the County for the Evidence-Based Instruction Strategies Consulting in any fiscal year or insufficient funds exist to provide the services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

6. Independent contractor. Contractor acknowledges that Contractor and employees serve as independent contractors and that the County shall not be in any manner responsible for any payment, insurance, or incurred liability.

7. Compliance with all federal, state, and municipal laws. Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of the Evidence-Based Instruction Strategies Consulting, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

8. Severability clause. If any provision of this Contract is declared illegal, void, or unenforceable the remaining provisions shall not be affected but shall remain in force and in effect.

9. Prohibition against assignment. Contractor shall not assign this Contract to any party, company, partnership, incorporation, or person without prior specific written consent of the County.

10. This Contract shall be governed by the laws of the State of Tennessee both as to interpretation and performance. The Chancery Court and/or the Circuit Court of Knox County, Tennessee, shall have exclusive and concurrent jurisdiction of any disputes, which arise hereunder.

11. Right to inspect. The County reserves the right to make periodic inspections of the manner and means the services are performed.

12. Nondiscrimination and non-conflict statements. Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex, national origin, or any individual trait or characteristic found to be an illegal consideration shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract, or in the employment practices of Contractor. Contractor shall, upon request, show proof of such non-discrimination, and shall post in conspicuous places available to all employees and applicants notices of non-discrimination.

13. Books and records. Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the service under this Contract and make such materials available at their offices at all reasonable times during the contract period and for three (3) years from the date of the final payment under the Contract for inspection by the County or by any other governmental entity or agency participating in the funding of this Contract, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this Contract.

14. Contractor shall indemnify**,** defend, save and hold harmless, County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the Contract by Contractor, its subcontractors, agents or employees or due to any negligent act, occurrence, omission, commission of Contractor, its subcontractors, agents, or employees.

15. Delivery. Contractor shall render the Evidence-Based Instruction Strategies Consulting for the County in accordance with Request for Proposals #3667.

16. Tax Compliance. Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its bid and signature that it is current in its respective Federal, State, County, and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Purchasing Division.

17. Limitations of liability. In no event shall the County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if the County has been advised of the possibility of such damages.

17. Limitations of liability. In no event shall the County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if the County has been advised of the possibility of such damages.

18. Contract documents. It is mutually agreed by both parties that the following documents are made part of this Contract and are incorporated herein by reference:

A. Request for Proposals #3667 and Addendum I
B. Contractor's Response to Request for Proposals #3667

It is agreed that this Contract, represents the **entire Contract** between the parties and no prior representations, promises, and agreements, oral or otherwise, not embodied herein, shall be of any force or effect.

In witness whereof, the parties hereto have caused this Contract to be executed in one original copy on the day and year first above written.

_____
Date

The Procurement Division of Knox County, Tennessee will receive sealed proposals for the provision of **Evidence-Based Instruction Strategies Consulting** as specified herein. Proposals must be received by **2:00 p.m.** on **June 13, 2025**. Late proposals will neither be considered nor returned.

Deliver Proposals To:

Proposal Number 3667
Knox County Procurement Division
Suite 100
1000 North Central Street
Knoxville, Tennessee 37917

The Proposal Envelope must show the Company Name, Proposal Number, Proposal Name & Proposal Closing Date.

SECTION I PROPOSAL PREPARATION AND SUBMISSION

1.1 **ADDITIONAL INFORMATION:** Knox County wants requests for additional information routed to Rachel Cabrera, Senior Buyer, at 865.215.5751. Questions may be emailed to rachel.cabrera@knoxcounty.org. If you have not heard from the Buyer in a reasonable amount of time, please call for further assistance. Information about the Knox County Procurement Division and current solicitations may be obtained on the Internet at www.knoxcounty.org/procurement.

1.2 **ACCEPTANCE:** Vendors shall hold their price firm and subject to acceptance by Knox County for a period of one hundred twenty (120) business days from the date of the proposal closing, unless otherwise indicated in their proposal.

1.3 **ALTERNATIVE PROPOSALS:** Knox County will not accept alternate proposals (those not equal to specifications) unless authorized by the Request for Proposal.

1.4 **AUDIT HOTLINE:** Knox County has established an Audit Hotline to report potential fraud and waste. To report potential fraud, waste or abuse, please file a report online by accessing http://www.knoxcounty.org/audit/hotline.php.

Vendors are hereby cautioned that this Audit Hotline does not replace the Award Protest Procedures found in Section VI, Item M of the Knox County Procurement Regulations.

1.5 **AWARD:** Award will be made to the most responsive, responsible proposer(s) meeting specifications and presenting the product(s) and/or service(s) that is in the best interest of Knox County. Knox County reserves the right to award this proposal on an all-or-none basis, schedule basis or by multiple award. Knox County reserves the right to not award this proposal. Award will be made in accordance with the evaluation criteria specified herein.

1.6 **BUSINESS OUTREACH PROGRAM:** Knox County has established a Business Outreach Program which has the responsibility of increasing opportunity for small, minority and women owned businesses. This is being accomplished through community education programs, policy edification, active recruitment of interested businesses and process re-engineering.

Knox County is committed to ensuring full and equitable participation for all disadvantaged businesses. Knox County welcomes submittals from those disadvantaged businesses that have an interest in providing goods and/or services listed herein. In addition, Knox County strongly encourages the inclusion of disadvantaged businesses by non-disadvantaged Contractors who wish to partner or subcontract portions of this agreement in order to accomplish the successful delivery of goods and/or services. If you are a disadvantaged business and would like additional information about our Business Outreach Program, please contact:

Diane Woods, Business Outreach Administrator
Telephone: 865.215.5760
Fax: 865.215.5778
Email: diane.woods@knoxcounty.org

1.7 **CONFLICT OF INTEREST:** Vendors must have read and comply with the "Non-Conflict of Interest" statement provided in the vendor registration process prior to the closing of this solicitation. Knox County's Non-Conflict of Interest Policy is available for review at https://www.knoxcounty.org/purchasing/conflict_policy.php.

1.8 **COPIES:** Knox County requires that proposals be submitted as one (1) marked as original and one (1) exact copy. **Proposers must submit with their written response an exact electronic version of their proposal in a single PDF file on a flash drive format.**

1.9 **DECLARATIVE STATEMENTS:** Any statement or words (e.g.: must, shall, will) are declarative statements and the vendor must comply with the condition. Failure to comply with any such condition may result in the proposal being considered non-responsive and disqualified.

1.10 **ELECTRONIC TRANSMISSION OF PROPOSALS:** Knox County's Procurement Division will not accept electronically transmitted proposals. Facsimile and email submissions are strictly prohibited. Due to the nature of the information requested, all submissions shall be in written format.

1.11 **HOW TO DO BUSINESS:** Knox County utilizes a web-based Procurement software system, "KnoxBuys." The system provides our clients (vendors, county departments and the citizens of Knox County) with a more enhanced and end-user friendly means of accessing our services. The system allows for on-line vendor registration and maintenance, electronic receipt of purchase orders, on-line retrieval and submittal of quotes, bids and proposals for our vendor-clients and on-line requisitioning and receiving for our county departments. In order for the County to maximize its investment and minimize the cost associated with office operations, we need your help. When doing business with Knox County, we are urging you to please go to our website at www.knoxcounty.org/procurement, register as a vendor in our on-line Procurement system, "KnoxBuys," if you have not done so and whenever possible to conduct your business with the County through this site. If you have any questions, please contact the Procurement Division Representative listed in Section 1.1 of this document.

1.12 **INCURRED COSTS:** Knox County will not be responsible for any costs incurred by the proposer in the preparation of their proposal.

1.13 **MULTIPLE PROPOSALS:** Knox County will consider multiple proposals that meet specifications.

1.14 **NON-COLLUSION:** Proposers, by submitting a signed proposal, certify that the accompanying proposal is not the result of, or affected by, any unlawful act of collusion with any other person or company engaged in the same line of business or commerce, or any other fraudulent act punishable under Tennessee or United States law.

1.15 **PAYMENT METHOD:** Knox County will utilize a Purchase Order for placing an order for products and/or services. Purchase Orders will be issued from the Knox County Procurement Division via the method selected by the vendor during registration. The Purchase Order will detail the quantity, specific item(s) and the contracted price for each item. Work on this project must not commence until a signed Purchase Order is issued by Knox County Procurement.

1.16 **POSSESSION OF WEAPONS:** All vendors, their employees and their agents are prohibited from possessing any weapons on Knox County property without prior written consent from the County. In the case of a vendor whose Contract requires possession of firearms or other weapons to successfully complete their Contract, vendor must provide personnel who are bonded to bear said weaponry.

1.17 **PROCESSING TIME FOR PAYMENT:** Vendors are advised that a minimum of thirty (30) days is required to process invoices for payment.

1.18 **PROOF OF FINANCIAL AND BUSINESS CAPABILITY:** Vendors must, upon request, furnish satisfactory evidence of their ability to furnish products or services in accordance with the terms and conditions of these specifications. Knox County will make the final determination as to the vendor's ability.

1.19 **PROPOSAL DELIVERY:** Knox County requires proposers, when hand delivering proposals, to time and date stamp the envelope before depositing it in the bid box. Knox County will not be responsible for any lost or misdirected mail sent by common carrier, nor will Knox County be responsible for proposals delivered to addresses or Suites other than the delivery address and Suite specified at the top of this solicitation. The time clock in the Procurement Division shall serve as the official record of time.

Solicitations must be in a sealed envelope/box prior to entering the Procurement Division office. Procurement Division personnel are not allowed to see the submittal nor assist in placing documents in an envelope/box. Additionally, the Procurement Division is not responsible for providing materials (e.g. envelopes, boxes, tape) for submittals.

1.20 **RECYCLING:** Knox County, in its continuing efforts to lessen the amount of landfill waste and to further recycling efforts, requests that proposals being submitted on paper shall:

1.20.1 Be submitted on recycled paper;
1.20.2 Not include pages of unnecessary advertising;
1.20.3 Be made on both sides of each sheet of paper.

1.21 **RESTRICTIVE OR AMBIGUOUS SPECIFICATIONS:** It is the responsibility of the prospective proposer to review the entire Request for Proposal packet and to notify the Procurement Division if the specifications are formulated in a manner that would unnecessarily restrict competition. Any such protest or question regarding the specifications or proposing procedures must be received in the Procurement Division by **May 27, 2025 at 4:30 p.m. local time**. These requirements also apply to specifications that are ambiguous.

1.22 **SIGNING OF PROPOSALS:** In order to be considered, all proposals must be signed. Please sign the original in blue ink. By submitting a signed letter authorizing the submission of the proposal, the vendor acknowledges and accepts the terms and conditions stated in the proposal document.

1.23 **TAXES:** Knox County purchases are not subject to taxation. Tax exemption certificates will be provided upon request.

1.24 **TITLE VI OF THE 1964 CIVIL RIGHTS ACT AND TITLE IX OF THE EDUCATIONAL AMENDMENT OF 1972:** "Nondiscrimination in Federally Assisted Programs"—"No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." 42 U.S.C. Section 2000. It is the policy of Knox County Government that all its services and activities be administered in conformance with the requirements of Title VI and Title IX.

1.25 **UNFORESEEN CIRCUMSTANCES:** During periods of closure due to unforeseen circumstances in Knox County or closures at the direction of the Knox County Mayor, the Procurement Division will enact the following procedures in regard to solicitations and closures:

- If the Mayor closes the Administrative offices prior to the time set for solicitation opening of any business day, all solicitations due that same day will be moved to the next operational business day.
- Other unforeseen circumstances shall be at the sole discretion of the Procurement Director.
- Knox County shall not be liable for any commercial carrier's decision regarding deliveries during any unforeseen circumstances.

1.26 **USE OF PROPOSAL FORMS:** Vendors must complete the proposal forms contained in the proposal package. Failure to complete the proposal forms may result in proposal rejection.

1.27 **VENDOR DEFAULT:** Knox County reserves the right, in case of vendor default, to procure the articles or services from other sources and hold the defaulting vendor responsible for any excess costs occasioned thereby. Should vendor default be due to a failure to perform or because of a request for a price increase, Knox County reserves the right to remove the vendor from the County's bidder's list for twenty-four (24) months.

1.28 **VENDOR REGISTRATION:** Prior to the submission deadline for this solicitation, ***ALL PROPOSERS MUST*** be registered with the Procurement Division. If you are not already a registered vendor with Knox County, register on-line at our website at www.knoxcounty.org/procurement and click on "Knox Buys" and then select "Online Vendor Registration." Vendors must be registered with the Procurement Division **prior** to submitting their proposal. Knox County shall not be responsible for technical difficulties experienced by vendors trying to register electronically less than twenty-four (24) hours prior to the proposal closing time.

1.29 **WAIVING OF INFORMALITIES:** Knox County reserves the right to waive minor informalities or technicalities when it is in the best interest of Knox County.

SECTION II OBLIGATIONS, RIGHTS AND REMEDIES

These terms and conditions shall be part of the Contract. Knox County reserves the right to negotiate other terms and conditions it deems appropriate and necessary under the circumstances to protect the public's trust.

2.1 **ALTERATIONS OR AMENDMENTS:** No alterations, amendments, changes, modifications or additions to this Contract shall be binding on Knox County without the prior written approval of the County.

2.2 **APPROPRIATION:** In the event no funds are appropriated by Knox County for the goods or services in any fiscal year, or insufficient funds exist to purchase the goods or services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

2.3 **ASSIGNMENT:** Contractor shall not assign or sub-contract this agreement, its obligations or rights hereunder to any party, company, partnership, incorporation or person without the prior written specific consent of Knox County.

2.4 **BOOKS AND RECORDS:** Vendor shall maintain all books, documents, accounting records and other evidence pertaining to the goods and services provided under this Contract and make such materials available at its offices at all reasonable times during the Contract period and for five (5) years from the date of the final payment under this agreement for inspection by County or by any other governmental entity or agency participating in the funding of this agreement, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Vendor's costs of manufacturing, acquiring or delivering the products and services governed by this agreement.

2.5 **CHILD LABOR:** Contractor agrees that no products or services will be provided or performed under this Contract that have been manufactured or assembled by child labor.

2.6 **COMPLIANCE WITH ALL LAWS:** Contractor is assumed to be familiar with and agrees to observe and comply with all Federal, State, and Local laws, statutes, ordinances, and regulations in any manner affecting the provision of goods and/or services, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

2.7 **CRIMINAL HISTORY RECORDS CHECK:** Any and all successful proposers, Contractor's employees, Contractor's subcontractors and the employees of any subcontractors must submit to a criminal history records check at the Contractor's expense, conducted by the Tennessee Bureau of Investigation and the Federal Bureau of Investigation prior to permitting the employee to have contact with students or enter school grounds when students are present. Reference Tennessee Code Annotated Section 49-5-413. Proposers **must** submit with their proposals the Criminal History Affidavit of Compliance.

2.8 **DEFAULT:** If Contractor fails to perform or comply with any provision of this Contract or the terms or conditions of any documents referenced and made a part hereof, Knox County may terminate this Contract, in whole or in part, and may consider such failure or noncompliance a breach of Contract. Knox County expressly retains all its rights and remedies provided by law in case of such breach, and no action by Knox County shall constitute a waiver of any such rights or remedies. In the event of termination for default, Knox County reserves the right to purchase its requirements elsewhere, with or without competitive solicitation.

2.9 **GOVERNING LAW; VENUE:** This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient forum.

2.10 **INCORPORATION:** All specifications, drawings, technical information, Request for Proposal, Proposal, Award and similar items referred to or attached or which are the basis for this Contract are deemed incorporated by reference as if set out fully herein.

2.11 **INDEMNIFICATION—HOLD HARMLESS:** Contractor shall indemnify, defend, save and hold harmless Knox County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the agreement by Contractor, its subcontractors, suppliers, agents,

or employees or due to any negligent act or occurrence or any omission or commission of Contractor, its subcontractors, suppliers, agents or employees.

2.12 **INDEPENDENT CONTRACTOR:** Contractor shall acknowledge that it and its employees serve as independent contractors and that Knox County shall not be responsible for any payment, insurance or incurred liability.

2.13 **INSPECTION AND ACCEPTANCE:** Warranty periods shall not commence until Knox County inspects and formally accepts the goods and/or services. The terms, conditions and timing of acceptance shall be determined by Knox County. Knox County reserves the right to reject any or all items or services not in conformance with applicable specifications, and Contractor assumes the costs associated with such nonconformance. Acceptance of goods or services does not constitute a waiver of latent or hidden defects or defects not readily detectable by a reasonable person under the circumstances.

2.14 **IRAN DIVESTMENT ACT:** By submission of this Request for Proposal response, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint response, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each proposer is not on the list created pursuant to Tennessee Code Annotated § 12-12-106.

2.15 **LIMITATIONS OF LIABILITY:** In no event shall Knox County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if Knox County has been advised of the possibility of such damages.

2.16 **NO BOYCOTT OF ISRAEL:** Pursuant to Tennessee Code Annotated Title 12, Chapter 4, Part 1, by submission of a response to this solicitation, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint response each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each proposer is not currently engaged in, and will not for the duration of the Contract engage in, a boycott of Israel. Proposers must submit with their proposals the completed Iran Divestment Act/No Boycott of Israel Affidavit.

2.17 **NON-DISCRIMINATION AND NON-CONFLICT STATEMENT:** Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex **or** national origin any individual trait or characteristic found to be an illegal consideration, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this agreement or in the employment practices of vendor. Contractor shall upon request show proof of such non-discrimination and shall post in conspicuous places available to all employees and applicants notices of non-discrimination. Contractor covenants that it complies with the Fair Wage and Hour Laws, the National Labor Relations Act, and other Federal and State employment laws as applicable. Contractor covenants that it does not engage in any illegal employment practices.

Contractor covenants that it has no public or private interest and shall not acquire directly or indirectly any interest that would conflict in any manner with the provision of its goods or performance of its services. Contractor warrants that no part of the total Contract amount provided herein shall be paid directly or indirectly to any officer or employee of Knox County as wages, compensation, or gifts in exchange for acting as officer, agent, employee, subcontractor or consultant to Contractor in connection with any goods provided or work contemplated or performed relative to the agreement.

2.18 **ORDER OF PRECEDENCE:** In the event of inconsistent or conflicting provision of this Contract and referenced documents, the following descending order of precedence shall prevail: (1) Contract, (2) Request for Proposal, (3) Contractor's Response, (4) Award, (5) Special Terms and Conditions, (6) General Terms and Conditions, (7) Specifications, (8) Drawings.

2.19 **REMEDIES:** Knox County shall have all rights and remedies afforded under the U.C.C. and Tennessee law in Contract and in tort, including but not limited to, rejection of goods, rescission, and right of set-off, refund, incidental, consequential and compensatory damages and reasonable attorney's fees.

2.20 **RIGHT TO INSPECT:** Knox County reserves the right to make periodic inspections of the manner and means the service is performed or the goods are supplied and warehoused.

2.21 **SEVERABILITY:** If any provision of this Contract is declared illegal, void or unenforceable, the remaining provisions shall not be affected but shall remain in force and in effect.

2.22 **TAX COMPLIANCE:** Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its proposal or proposal and signature, it is current in its

respective Federal, State, County, and City taxes of whatever kind or nature, and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Procurement Division.

2.23 **TERMINATION:** County may terminate this agreement with or without cause at anytime. In the event of termination by either party, fees due for services satisfactorily performed or goods accepted prior to the termination date shall be paid. Contractor shall not perform additional work without the expressed permission of County. In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give Knox County at least one hundred twenty (120) business days' advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

2.24 **WARRANTY:** Contractor warrants to Knox County that all items delivered and all services rendered shall conform to the specifications, drawings, solicitation and/or other descriptions furnished and/or incorporated by reference, and will be fit for the particular purpose purchased of merchantable quality, good workmanship, and free from defects. Contractor extends to Knox County all warranties allowed under the U.C.C. Contractor shall provide copies of warranties to the County upon request. Return of merchandise not meeting warranties shall be at contractor's expense.

SECTION III SPECIAL TERMS AND CONDITIONS

3.1 **INTENT:** The intent of this document is to set forth and convey to prospective proposers the general requirements for vendors to provide Knox County Schools with Evidence-Based Instruction Strategies Consulting as desired by Knox County. Award will be based on Best Value. Best value means more than low cost. It includes cost, technical service quality, experience, qualifications and other factors detailed herein.

3.2 **ACCEPTANCE:** Vendors are advised that the payment of an invoice does not necessarily constitute as an acceptance of services that are provided. Acceptance requires a specific written action by Knox County so stating.

3.3 **ADDITIONS OR DELETIONS:** Knox County reserves the right to add or delete services as the need arises. If services are to be added, Knox County and the Contractor will arrive at a mutually agreed price. Any additions or deletions must be approved in writing by Knox County Procurement prior to any changes in service.

3.4 **AWARD LENGTH:** The pricing for this Contract must remain firm for thirty-six (36) months. However, due to the funding source Knox County does not allow automatic renewals, this Contract will need to be extended annually to continue services. Knox County will draft the Extension of Contract and send it to the vendor approximately ninety (90) days before expiration. The agreement may be renewed for four (4) one-year periods upon mutual consent, for a possible total of five (5) years. Following the initial thirty-six (36) months, the Contractor may request a change in price.

3.5 **CHANGES AFTER AWARD:** It is possible that after award, Knox County might change its needs or requirements. Knox County reserves the right to make such changes after consultation with the vendor. Should additional costs arise, Knox County reserves the right to consider accepting these charges provided the vendor can document the increased costs. Knox County also reserves the right to accept proposed service changes from the vendor if they will lower the cost to Knox County and/or provide improved service.

3.6 **COMMUNICATION:** The successful execution of this contract will require extensive communication between all involved parties. While information may be transmitted via telephone, it should always be followed up with an email. It is essential that the Contractor have an efficient email capabilities. The Contractor will be required to submit a list of individuals, along with direct phone numbers, cell phone numbers and email addresses for the agency's contacts. These individuals must be familiar with the Knox County Contract and have authority to make adjustments as requested by Knox County.

3.7 **COMPLIANCE WITH ALL APPLICABLE REGULATIONS:** Vendor agrees and covenants that the company, its agents and employees will comply with all City, County, State and Federal codes, laws, rules and regulations applicable to the business to be conducted under this contract. If the vendor performs any work knowing it to be contrary to such laws, ordinances, rules and regulations, the vendor shall bear all costs arising from such work.

3.8 **CONTACT PERSONNEL:** Essential to the success of this Contract is the development of a good working relationship between the vendor and Knox County. It is imperative that the Knox County account be handled efficiently and professionally. Knox County should be assigned no more than two (2) vendor contacts to handle billing inquiries and service related issues. In the event on or both contacts leave the Knox County account, the

vendor shall formally introduce the new contacts to Knox County personnel. These contacts must be knowledgeable of the County's account to avoid an interruption of service.

3.9 **CONTRACT EXECUTION:** The award of this proposal may result in a Contract between Knox County and the successful vendor(s). The Contract may require Knox County Board of Education and/or Knox County Commission approval. The successful vendor(s) may be required to be present at the Board of Education and/or County Commission meeting(s) to answer questions relating to the service to be performed. Adequate notification will be given by Knox County Procurement Division if the awarded vendor(s) will need to attend meetings. There shall be no cost to Knox County for attendance of the vendor(s). Knox County will draft the Contract. The Knox County Procurement Division will not accept any vendor's contract. A sample contract is under Exhibit B for review. If Master Agreements, Service Agreements, Terms and Conditions or other contract agreements are submitted they will not be accepted.

3.10 **CONTRACTOR DUTIES:** At the Contractor's own expense, the Contractor shall:

3.10.1 Provide competent supervision;
3.10.2 Provide competent personnel;
3.10.3 Take precautions necessary to protect persons or property against injury or damage and be responsible for any such damage or injury that occurs as a result of their fault or negligence.

3.11 **DESTINATION AND DELIVERY:** All shipments that are to be delivered must be Free on Board Destination to the department ordering the items. All shipping charges are to be included in the unit price of each item. All deliveries must be unloaded and delivered inside to the department location that is ordering the items.

3.12 **EVALUATION CRITERIA:** This proposal will be evaluated using the following criteria:

As per Section 1.5, Knox County will determine the award structure that is in its best interest.

Methodology	30 Points
Delivery of Service	30 Points
Experience & References	20 Points
Cost	20 Points

Knox County may select an Evaluation Committee for this solicitation to thoroughly review and score all submitted responsive and responsible proposals. Each evaluator will have the ability to award up to one hundred (100) points, based on the Evaluation Criteria, per submission.

3.13 **EVALUATION REVIEW:** Knox County reserves the right to use all pertinent information (including information learned from sources other than disclosed in the Request for Proposal process) that might affect the County's judgment as to the appropriateness of an award to the best evaluated vendor(s). This information may be appended to the proposal evaluation process results. Information on a service provider from reliable sources, and not within the service provider's proposal, may also be noted and made part of the evaluation file. Knox County shall have sole responsibility for determining a reliable source. Knox County reserves the right to conduct written and/or oral discussions/interviews after the proposal closing. The purpose of such discussions/interviews is to provide clarification and/or additional information to make an award that is in the best interest of Knox County.

3.14 **EXCEPTIONS TO SPECIFICATIONS:** Vendors taking exception to any part or section of these specifications shall indicate such exceptions on their submittal. A failure to indicate any exception(s) shall be interpreted as the vendor's intent to fully comply with the specifications as written. Conditional or qualified offer are subject to rejection in whole or in part. Any exceptions shall be included in Section V, Tab VIII of the submittal. **Do not strike through or in any other way alter the Request for Proposal. Exceptions listed within other sections of the submittal shall not be reviewed or considered.**

3.15 **GRANT FUNDING:** The products or services being procured under this solicitation are being funded by Federal Grant money. All awarded vendors will be required to adhere to Exhibit A of this solicitation in the performance of the Contract.

3.16 **GRATUITIES AND KICKBACKS:** It shall be a breach of ethical standards for any person or company to offer, give, or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling,

determination, claim, or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therefore. It shall be a breach of ethical standards for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or a person associated therewith, as an inducement for the award of a subcontract or order. Breach of the provisions of this paragraph is, in addition to a breach of this Contract, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under Knox County contracts.

3.17 **IDENTIFICATION:** Employees of the Contractor shall have proper photo identification displayed at all times while on property belonging to Knox County.

3.18 **INSURANCE:** The successful vendor(s) must carry the insurance as indicated on the Insurance Checklist Attachment hereto. As proof of the vendor's willingness to obtain and maintain the insurance, the vendor must complete, sign and have its insurance agent sign the attachment and submit it with the proposal. Upon the Notification of Intent to Award, the successful vendor will be required to submit a Certificate of Insurance (COI) including any corresponding endorsement page(s) with the specified coverage and listing Knox County as an additional insured. It shall be the successful vendor's responsibility to keep a current COI and endorsement page(s) on file with Knox County Procurement for as long as the contract is in effect.

3.19 **INTERPRETATION:** No oral interpretation will be made to any vendor regarding the meaning of specifications or the Scope of Work. All questions are to be submitted in writing via email and will be answered in the form of an addendum to the solicitation by the Knox County Procurement Division, if applicable.

3.20 **INVOICE DETAIL:** Knox County is requesting invoices to show the following detail to help expedite review and payment. The Contractor(s) may be required to modify invoicing procedures to show the detail. All potential Contractors are hereby cautioned that Knox County will only pay from original invoices and not facsimiles or copies. Invoices which do not adhere to these details may be returned to the Contractor for correction.

3.20.1 The invoice must show the amount due to the Contractor by Knox County;
3.20.2 The invoice must show a summary of completed work;
3.20.3 Invoices are to be original and uniquely pre-numbered;
3.20.4 Invoices which do not show this information are subject to rejection.

3.21 **INVOICING PROCEDURES:** Knox County requests that invoices be easy to read and understand. Invoices are to be original and uniquely pre-numbered. There shall be no additional charge for this information and these procedures to be included. Each invoice shall include a summary of service(s) provided and shall list the associated unit price. Supporting documentation shall be included with invoices as applicable. Invoices without this information will be returned to the Contractor for correction.

Invoices shall be sent to the billing address indicated on the Purchase Order. Each department or division of Knox County is responsible for its own budget. Departments cannot charge or pay bills for another department. Therefore, it is critical that the successful Contractor's invoices specify the correct department. Do not credit payments to another department's account. Invoices must be submitted in triplicate and must match the corresponding Purchase Order number. There shall be no component billing. Mail invoices for Knox County Schools to:

Knox County Schools Finance Department
Post Office Box 2188
Knoxville, TN 37902-1805
invoices@knoxschools.org

3.22 **INVOICE REVIEW:** Knox County shall review all invoices for adherence to the terms and conditions of the Contract. Variations from the Contract and Contract pricing are strictly prohibited. Any variance found on the invoice will result in rejection of that invoice. Rejected invoices will be returned to the Contractor(s) for correction. Repeated variations may result in termination.

3.23 **MINIMUM QUALIFICATION EXPECTATIONS:**

3.23.1 Respondent must address all submittal requirements as defined under Section IV.
3.23.2 Respondent shall have a minimum of five (5) years of experience and sufficient capabilities to carry out the work contemplated, as well as the equipment and personnel available for the work.

3.23.3 If the respondent has a permanent office in Knox County, respondent must have a current business license issued by Knox County. This requirement also applies to any of the Respondent's proposed subcontractors or subconsultants with a permanent office in Knox County. A Knox County business license is not required of any Respondent or proposed subcontractor or subconsultant who does not have a permanent office in Knox County. For more information, contact the Knox County Clerk's office at 865.215.2392.

3.24 **NEGOTIATION:** Knox County may select a successful proposer on the basis of initial offers received without discussions. Therefore, each proposal shall contain the proposer's best terms from a cost or price and service standpoint. Knox County reserves the right to enter into Contract negotiations with the highest-rated proposer. If Knox County and the selected proposer cannot negotiate a successful agreement, Knox County may terminate said negotiations and begin negotiations with the next highest-rated proposer. Knox County retains the right to negotiate with multiple proposers simultaneously. This process will continue until an agreement has been reached or all proposers have been rejected. No proposer shall have any rights against Knox County arising from such negotiations.

3.25 **NEWS RELEASES BY VENDORS:** As a matter of policy, Knox County does not endorse the services of a Contractor. A Contractor will not make news releases concerning any resultant contract from this solicitation without the prior written approval of Knox County.

3.26 **NO CONTACT POLICY:** After the date and time that the vendor receives this solicitation, any contact initiated by any proposer with any Knox County representative, other than the Procurement Division representative listed herein, concerning this Request for Proposal, is strictly prohibited. Any such unauthorized contact may cause the disqualification of the proposer from this procurement transaction.

3.27 **OFFER WITHDRAWAL:** No proposal can be withdrawn after it is filed unless the proposer makes a request in writing to the Knox County Procurement Division prior to the time set for the closing of proposals or unless the County fails to accept within one hundred twenty (120) business days after the date fixed for the closing the Request for Proposal.

3.28 **ORAL PRESENTATION/INTERVIEW:** Knox County may require proposers to give oral presentations/interviews in support of their proposal or to exhibit or otherwise demonstrate the information contained therein. These presentations/interviews may be conducted virtually through video conferencing or in person.

Knox County reserves the right to request oral presentations and/or interviews during the initial evaluation phase. The County also reserves the right to complete the initial evaluation phase and then request oral presentations and/or interviews from all proposers or the highest rated proposers. In this case, the evaluations may be revised based on additional information received during presentations.

3.29 **PRICING:** The proposer(s) warrants that the unit price stated shall remain firm for a period of thirty-six (36) months from the first day of the Contract period. If the Contractor's price is increased after the first contract period, Knox County must be given a written notice to consider. Such a request shall include as a minimum, (1) the cause for the adjustment; (2) the amount of the change requested with documentation to support the requested adjustment. Price increases will only be considered at the renewal period(s). If the price increase is rejected the contractor may:

- Continue with the existing prices;
- Request a lower price increase;
- Not accept the renewal offer.

If a price increase is approved by Knox County, the approval notification will be done in writing and the Contractor will be notified of the new price schedule and effective date of increase. This documentation will become part of the proposal file. No approvals will be authorized verbally.

3.30 **PROPOSAL CONTENT:** The proposer's response must contain a thorough description of the background of the proposer and sufficient evidence showing that the proposer is capable of providing the services. The proposer's response must thoroughly expound on the proposer's understanding of how the proposed services will meet Knox County's needs. The proposal must also contain an explanation of the implementation plan and the proposer's ongoing commitment to service.

3.31 **PROPOSAL EVALUATION:** In evaluation of submitted proposals, Knox County reserves the right to use any or all of the ideas from the proposals submitted without limitation and to accept any part or the entire successful proposal in selecting an operation which is judged to be in the best interest of Knox County. All material submitted becomes property of Knox County.

3.32 **PROPOSAL FORMAT:** This solicitation is in the Request for Proposal format. As the specified date and time, each proposer's name will be publicly read aloud. No further information will be given at that time. Evaluation of the proposals will proceed as expeditiously as possible and successful, as well as unsuccessful, notification will be given.

3.33 **PROPOSER OBLIGATION:** Proposers shall become fully acquainted with conditions relating to the scope of the work detailed in this Request for Proposal. Failure to become acquainted with the existing conditions shall in no way absolve the proposer of any obligations with respect to this Request for Proposal or the Contract.

3.34 **PUBLIC RECORDS ACT:** Knox County is subject to the Tennessee Open Records Act 10-7-503 et seq. Proposers are cautioned that all documents submitted on behalf of this Request for Proposal shall be open to the public for viewing and inspection.

3.35 **QUANTITIES:** Knox County does not guarantee any quantity of services will be utilized under this solicitation. Services will be utilized on an as needed basis.

3.36 **REJECTION OF PROPOSALS:** Knox County reserves the right to reject any and all proposals received as a result of this request and to waive any informality, technical defect or clerical error in any proposal, as the interests of Knox County may require. Non-acceptance of any proposal will be devoid of any criticism of the proposal and of any implication that the proposal is deficient in any manner. Non-acceptance of any proposal shall be construed as meaning simply that the County does not deem the proposal acceptable or that another proposal was deemed more advantageous to Knox County for the particular services proposed.

3.37 **REMOVAL OF CONTRACTOR'S EMPLOYEES:** Contractor agrees to utilize only experienced, responsible and capable people in the performance of the work. Knox County may require that the Contractor remove from the job covered by this Contract, including employees who endanger persons or property or whose continued employment under this Contract is inconsistent with the interest of Knox County.

3.38 **SUBMIT QUESTIONS:** Prospective proposers may submit questions concerning this solicitation until **May 27, 2025 at 4:30 p.m. local time**.

3.39 **SUSPENSION AND DEBARMENT:** Vendor will notify Knox County Government if they become suspended, debarred, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities during the term of this proposal and during the term of any subsequent Contract for service.

3.40 **TENNESSEE REGISTRATION:** The successful proposer must meet any applicable State of Tennessee registration requirements.

SECTION IV SCOPE OF WORK

4.1 **BACKGROUND:** Knox County Schools (KCS) is a public education agency. It is responsible for the education of children from preschool through high school. There are approximately fifty-nine thousand (59,000) Pre-K through 12th-grade students and approximately seven thousand eight hundred (7,800) employees. For purposes related to this Request for Proposal, the district is comprised of ninety-two (92) schools that represent urban, suburban, and rural populations. In addition to Knox County Public Schools, funds are utilized to provide our non-public and the charter schools with resources/services.

4.2 **FACILITIES:** All facilities for the training will be provided by Knox County or Knox County's non-public schools.

4.3 **PARTICIPANTS:** Number of participants may vary. Vendors may work with an entire school staff or smaller school teams, and/or district teams, or any combination thereof. A defined number of trainings or participants is not guaranteed. Participants will be staff members serving students that may fall into historically underserved populations.

4.4 **SCOPE OF WORK:** Knox County Schools is seeking vendors to provide professional consultation to our schools and district to implement evidenced-based, content-specific strategies for instruction while building a coherent

academic and cultural model that is grounded in our district's four priorities: excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation.

Through a framework that supports adult learning; while embracing student-centered decision-making, educators will be empowered to collaborate in curriculum-embedded professional learning. Educators will build discernment by measuring their impact on student learning through routine student work analysis. The consultant will work with leaders to support the accurate capture of the state of instruction through participation in classroom walkthroughs and coaching during reflective debriefs. The consultant will provide support in developing strategic action plans aligned with the current state of instruction that embrace evidenced-based instructional strategies within the high-quality instructional materials utilized by the district. Educators will also focus on developing or sustaining a culture of learning within the school community to support academic competency and increase student proficiency and growth

4.5 **METHODOLOGY:** Proposer is to describe, in detail, their proposed approach to providing services including excerpts and/or examples of course content and materials to be used, description(s) of recommended content proposed including objectives, research base, and training scripts.

Proposer is also to include samples of modules and/or curriculum and/or resources used in past projects that are similar in scope to the proposed training. This information is to be provided in Section V, Tab III of this Proposal.

4.6 **DELIVERY OF SERVICES:** The successful Proposer **must** offer professional development training designed to achieve the objectives outlined in this Request for Proposal and support increased organizational capacity to sustain the application of learning and implementation of tools and strategies over time. The proposed program must be designed to enhance the skills and/or abilities of employees in evidence-based instructional strategies as related to the classroom and school environment to reduce disparities and enhance student academic performance as detailed in this Request for Proposal.

The professional learning delivery model must authentically engage participants based on the principles of adult learning. Participants will be prepared to effectively implement evidenced-based, curriculum-based professional learning strategies and respond based on content-specific feedback to increase student proficiency. Participants will collaboratively engage in structures to include:

- Surveys for measuring culture;
- Processes for educator collaboration;
- Processes for measuring impact on student learning;
- Processes for building educator discernment regarding evidence-based instructional strategies within high-quality instructional materials utilized by the district; and
- Processes for leader capacity building.

Training provided should support sustained implementation and the professional learning should provide evidence-based instructional strategies with a proven impact on student outcomes.

Proposers must provide comprehensive narrative statements that outline the implementation and management plans that it intends to follow. This information should fully illustrate how the plan will serve to accomplish the work and furnish the deliverables described.

Implementation may be requested upon execution of a contract.

4.7 **EXPERIENCE & REFERENCES:** Proposers are to detail their organization's previous experience working with school and district leadership teams to analyze underserved students and to promote high levels of achievement for all learners. For all relevant team members, proposers are to submit education credentials, relevant work experience, demonstrated outcomes, independent research, and publishing in the subject areas addressed by this Request for Proposal. This information is to be submitted in Section V, Tab V of the Proposal.

Proposers must provide three (3) references relating to work of a similar scope completed within the last five (5) years. Include the name of the agency or institution, point of contact with both a telephone number and email address, and the nature and size of the Contract. **Do not list Knox County Government or Knox County Schools as a reference.** References shall be submitted on Attachment A of this Request for Proposal.

SECTION V PROPOSAL FORMAT

The following guidelines should be followed when responding to the Request for Proposal. Negligence in adhering to the criteria listed below will be considered when reviewing the responses and evaluating the proposers. Knox County reserves the right to reject any proposal for failure to comply with the requested response specifications. The County reserves the right to amend the Request for Proposal by addendum prior to the final date of proposal submission.
PROPOSERS MUST HAVE THEIR BINDERS IN THE EXACT FORMAT LISTED BELOW.

- Knox County requests proposals be in sufficient detail to address all requirements.
- The County requests responses be submitted in a three-ring binder containing sections separated by tabs. **Do not submit spiral bound or glued responses.**
- Please submit one (1) marked original and one (1) exact copy.
- Proposers shall also submit an exact copy of the original proposal on a Flash drive. **This shall be in one (1) complete pdf file. Do not include multiple folders on the Flash drive.**
- Page numbers should be placed on bottom center of pages.

TAB I **COVER LETTER**

Include cover letter authorizing the submission of the proposal signed by the principal of the company.

TAB II **COMPANY PROFILE**

- Company Name, Address Telephone/Fax numbers
- Contact name(s) and information
- Proposer's Vendor Number as assigned by Knox County
- Employer Identification Number (EIN)
- Knox County Business Tax License for Organization (if applicable)
- Knox County Business Tax License(s) for Subcontractor(s) (if applicable)
- Acknowledgement of the receipt of any Addendum issued

TAB III **METHODOLOGY (30 POINTS)**

Proposers must demonstrate an understanding of Knox County's needs and fully explain overall approach to meet the County's requirements. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.4 and 4.5. Proposer is to describe, in detail, their proposed approach to providing services including excerpts and/or examples of course content and materials to be used, description(s) of recommended content proposed including objectives, research base, and training scripts.

Proposer is also to include samples of modules and/or curriculum used in past projects that are similar in scope to the proposed training.

TAB IV **DELIVERY OF SERVICES (30 POINTS)**

Proposers must provide and implementation plan and comprehensive narrative statements that outline the management plan it intends to follow. This information should fully illustrate how the plan will serve to accomplish the work and furnish the deliverables described in the scope of work within the County's project schedule. Proposers must thoroughly address each of the requirements outlined in the Delivery of Services portion of the Scope of Work. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.6.

TAB V **EXPERIENCE AND REFERENCES (20 POINTS)**

Proposers must thoroughly detail its approach to the Experience and References portion of the Scope of Work. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.7.

- References (Attachment A)
- Proposers must state the organization's number of years in business and provide a description of the organization to include office location(s).
- Proposers must describe the organization's experience with similar projects.
- Proposers must provide an organizational chart that illustrates the organization of the project team. The organizational chart must illustrate the lines of authority and designate the individual responsible and accountable for the completion of each component and deliverable of the Request for Proposal. Information about each person listed should include their a) title b) resume, including advanced education credentials, relevant work

experience, demonstrated outcomes, independent research, and publishing in the subject areas addressed by this Request for Proposal c) number of years with the organization and d) description of the type of work the individual will perform

TAB VI **PROPOSED COSTS (20 POINTS)**

Costs proposals must include all direct and indirect costs associated with the performance of the service. Proposed costs should be inclusive of all expenses. Proposer may include the methodology used to determine their proposed cost. Pricing must include all expenses, including transportation and ancillary out-of-pocket charges, if applicable. There will be no reimbursement for any such charges. Please state cost in a "per participant" format, noting any applicable volume discounts.

- Cost Sheet (Attachment E)

NOTE: This tab and Attachment E shall only be included in Section V behind Tab VI. This tab will be reviewed after the other sections of the vendor's proposal have been reviewed and scored.

TAB VII **OTHER INFORMATION**

Proposers may include any other information deemed pertinent to this solicitation.

TAB VIII **EXCEPTIONS**

Please note any and all exceptions taken to any part this Request for Proposal. If none are taken, please clearly state so. Do not mark through or otherwise alter the language of this Request for Proposal in your response.

TAB IX **ATTACHMENTS**

- Insurance Checklist (Attachment B)
- Criminal History Check Affidavit (Attachment C)
- Iran Divestment Act (Attachment D)

EXHIBIT A
GENERAL FEDERAL FUNDING REQUIREMENTS
KNOX COUNTY PROCUREMENT DIVISION
REQUEST FOR PROPOSAL NUMBER 3667

Equal Employment Opportunity

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Clean Air Act and Federal Water Pollution Control Act
Contractors and subcontractors will comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations will be reported to the U.S. Department of Education (DOE) and the Regional office of the Environmental Protection Agency (EPA).

Debarment and Suspension
A contract award will not be made to a party listed on the governmentwide exclusions in the System for Award Management (SAM).

Lobbying
The Contractor certifies, to the best of its knowledge and belief, that:

a. No federally appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

b. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any contract, grant, loan, or cooperative agreement, the Contractor shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying," in accordance with its instructions.

c. The Contractor shall require that the language of this certification be included in the award documents for all contractors and that all subcontractors shall certify and disclose accordingly.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into and is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352.

Procurement of recovered materials.
Contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Preferences for Products Produced or Manufactured in the U.S.
(a) This contract award prefers the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

(b) For purposes of this section:

(1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

EXHIBIT B
Sample Contract
Knox County Government
and
(Contractor Name)

This Contract, made and entered into by and between the Knox County Government, hereinafter referred to as the "County" and (Contractor Name) hereinafter referred to as "Contractor".

Whereas, the County requested proposals for Evidence-Based Instruction Strategies Consulting for Knox County Government and Knox County Schools (Request for Proposal #3667) and;

Whereas, Contractor submitted a proposal in accordance with said requested specifications, the response of which is the most responsible and responsive proposal meeting specifications accepted by the County;

Whereas, Contractor agrees and undertakes to provide said services for the County, as set forth in the Request for Proposal, and at the price quoted for said services by Contractor. Further, in accordance with the lawful directions of the County, the Contractor agrees in all respects, to be governed by the Request for Proposal's specifications and the Contractor's proposal and response.

Now, therefore in consideration of mutual covenants and promises contained herein, the parties hereto wish to enter into this Contract to set forth their respective rights and obligations and do mutually agree that;
Arises

Witnesseth:

1. Terms of this Contract. This Contract commences on the 1st day of September 2025 and ends upon the 31st day of August 2026 unless terminated in conformity with the terms of this Contract as contained in paragraphs 4 and 5. The County intends to issue a one-year (1) award. Upon the mutual agreement of the vendor and the County, the award may be extended for four (4) additional years, one (1) year at a time. This may result in a total of five (5) years. The County reserves the right to purchase these goods/services from other sources if the need arises. The County reserves the right to revoke the award if a pattern of unavailability with the vendor.

2. Payment. Contractor warrants that the pricing shall remain firm for the initial three (3) year period. However, due to the funding source, the County is required to renew the Contract on a yearly basis as per Paragraph 1 above. At the end of the first three (3) year period, and pursuant to the renewal terms in Paragraph 1, the Contractor may request a price increase for each subsequent renewal. Price increases will only be given at the renewal time and must remain in effect for the next one (1) year term. No price increases will be given during the term of a Contract. The County shall pay Contractor the amount as agreed upon in the County's Request for Proposal for Evidence-Based Instruction Strategies Consulting per the Contractor's response to Request for Proposal #3667; pursuant to all payments being subject to the County's review and approval. The Contractor shall receive, upon the need of the County, written notification to proceed. The Contractor shall pursue all work diligently until completion as directed by the County.

3. Invoicing and reporting requirements. Contractor shall invoice the County for Evidence-Based Instruction Strategies Consulting and Services pursuant to Request for Proposal #3667.

TBA

4. Termination. The County may terminate this Contract with or without cause, upon written notice of not less than thirty (30) days. Upon termination, the County will pay for services satisfactorily completed but not yet invoiced. Contractor shall not perform additional work without the expressed permission of the County.

Should the Contractor fail to provide Evidence-Based Instruction Strategies Consulting and Services detailed herein, the County will communicate the problem(s) to the Contractor both verbally and in writing and keep a written record as to what the problem(s) are and when the Contractor was contacted. The Contractor shall rectify the problem within thirty (30) business days of notification of the problem. If the same or other problems persist or reoccur, the County may terminate the Contract.

In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give the County at least one hundred twenty (120) days' advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

SAMPLE

5. Appropriations. In the event no funds are appropriated by the County for the Evidence-Based Instruction Strategies Consulting and Services in any fiscal year or insufficient funds exist to provide the services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

6. Independent contractor. Contractor acknowledges that Contractor and employees serve as independent contractors and that the County shall not be in any manner responsible for any payment, insurance, or incurred liability.

7. Compliance with all federal, state, and municipal laws. Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of the Evidence-Based Instruction Strategies Consulting and Services, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

8. Severability clause. If any provision of this Contract is declared illegal, void, or unenforceable the remaining provisions shall not be affected but shall remain in force and in effect.

9. Prohibition against assignment. Contractor shall not assign this Contract to any party, company, partnership, incorporation, or person without prior specific written consent of the County.

10. This Contract shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient form.

11. Right to inspect. The County reserves the right to make periodic inspections of the manner and means the services are performed.

12. Nondiscrimination and non-conflict statements. Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex, national origin or any individual trait or characteristic found to be an illegal consideration, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract, or in the employment practices of Contractor. Contractor shall upon request show proof of such non-discrimination and shall post in conspicuous places available to all employees and applicants notices of non-discrimination.

13. Books and records. Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the service under this Contract and make such materials available at their offices at all reasonable times during the contract period and for five (5) years from the date of the final payment under the Contract for inspection by the County or by any other governmental entity or agency participating in the funding of this Contract, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this Contract.

14. Contractor shall indemnify**,** defend, save and hold harmless, County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the Contract by Contractor, its subcontractors, agents or employees or due to any negligent act, occurrence, omission, commission of Contractor, its subcontractors, agents, or employees.

15. Delivery. Contractor shall render the Evidence-Based Instruction Strategies Consulting and Services for the County in accordance with Request for Proposal #3667.

16. Tax Compliance. Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its bid and signature that it is current in its respective Federal, State, County, and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Procurement Division.

17. Limitations of liability. In no event shall the County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if the County has been advised of the possibility of such damages

18. Contract documents. It is mutually agreed by both parties that the following documents are made part of this Contract and are incorporated herein by reference:

SAMPLE

A. Request for Proposal #3667
B. Contractor's Response to Request for Proposal #3667

It is agreed that this Contract, represents the **entire Contract** between the parties and no prior representations, promises, and agreements, oral or otherwise, not embodied herein, shall be of any force or effect.

In witness whereof, the parties hereto have caused this Contract to be executed in one original copy on the day and year last written below.

Addendum I to RFP No. 3667
Evidence-Based Instruction Strategies Consulting

Addendum Date: June 2, 2025

Buyer: Rachel Cabrera

Closing Date: June 13, 2025

The following is for clarification:

Question 1: Section 4.1. In reference to, "For purposes related to this Request for Proposal, the district is comprised of ninety-two (92) schools that represent urban, suburban, and rural populations." Should proposal responses encompass working with educators prek-12, or could proposal responses attend to working with a subset of grade-levels (i.e. Elementary only)? Will proposals be scored more favorably one way or another?

Answer 1: Proposals can attend to working with subsets of grade-levels. No, proposals will not be scored more favorably one way or the other.

Question 2: Section 5. Proposal Format: This section requests submissions in a three-ring binder and also requests two copies, 1 marked "original" and 1 exact copy. Should both "Original" and "Exact Copy" be in the same three-ring binder, or should each be submitted in their own binder?

Answer 2: They should be submitted in their own binder.

Question 3: Section 4.7 states "Proposers must provide three (3) references relating to work of a similar scope completed within the last five (5) years." However, Attachment A states "Proposers shall submit a list of three (3) projects of similar size which have been in service for at least five (5) years." Can you please clarify, do these references need to be related to work completed in the last five years, or work that is currently underway and has been in service for 5+ years? i.e. Could we submit a reference from the last five years of a similar project that had a 3-year duration?

Answer 3: The work could have been completed in the last five years or currently underway. Yes, your company could submit a reference from the last five years of a similar project that had a 3-year duration.

Question 4: Will all 92 schools necessarily receive consulting services, or is the number of schools to be determined?

Answer 4: Per Section 3.35 Knox County does not guarantee any quantity of services will be utilized under this solicitation. Services will be utilized on an as needed basis.

Question 5: Are you able to provide any more guidance on the participants? I see Section 4.3 notes that the number and type of participants may vary, but do you have an idea if it will mainly be district leaders, school leaders, or teachers? Are you able to provide any more guidance on the participants? I see Section 4.3 notes that the number and type of participants may vary, but do you have an idea if it will mainly be district leaders, school leaders, or teachers?

Answer 5: We have 92 schools in KCS. Participants will primarily include executive principals and school-level leadership teams but may include supporting educators. Participant numbers will vary based on the size of the school and the focus of the work.

Question 6: Does the district have instructional coaches, and if so, do you envision the consultants supporting them via a train-

the-trainer model?

Answer 6: KCS has an instructional coach in each elementary school. Some of our middle schools and high schools have instructional coaches. Train-the-trainer model is an option for support.

Question 7: Section 4.4 states, "The consultant will provide support in developing strategic action plans aligned with the current state of instruction that embrace evidenced-based instructional strategies within the high-quality instructional materials utilized by the district." Do you have any additional information about the kind of strategic action plans you are looking for here?

Answer 7: Strategic plans should align with the district plan and school plan, but deeply analyze how best to achieve positive outcomes for students based on an understanding of the current state of instruction utilizing district IPGs. The plan should embrace the use of the district-provided HQIM (ELA, MATH, SCIENCE). Strategies outlined in the plan must align not only with research but with evidenced-based practices.

Question 8: How will schools and participants be selected?

Answer 8: School leaders will have autonomy to elect services and design support.

Question 9: Is there a vendor currently providing this scope of work?

Answer 9: Yes, Knox County currently has Contracts with Catapult Learning, LLC, Corwin Press and National Institute for Excellence in Teaching for Evidence-Based Instruction Strategies Consulting.

Question 10: Is a hybrid approach that includes onsite and virtual training acceptable?

Answer 10: Yes

Question 11: Does the district currently leverage an LMS for professional development?

Answer 11: Yes, Canvas.

Question 12: What is the budget for this scope of work?

Answer 12: The budget varies based on school budget and district budget.

Question 13: Tab VI Proposed Costs requests a "per participant" price but Attachment E Cost Sheet specifies a number of participants per service. Please clarify what should be reflected in Attachment E.

Answer 13: Please complete the Attachment E Cost Sheet. Do not alter the cost sheet in any way. Failure to provide the completed cost sheet or deviations from the cost sheet may be just cause to deem your proposal non-responsive and not considered for award.

End of Addendum I

Note: Addendum must be acknowledged in Section V behind Tab II of the proposal.

Re: Proposal Submission for RFP #3667 – Evidence-Based Instruction Strategies Consulting

Dear Ms. Cabrera,

On behalf of PIVOT, I am pleased to submit our proposal in response to RFP #3667 for Evidence-Based Instruction Strategies Consulting. We are enthusiastic about the opportunity to partner with Knox County Schools to enhance instructional outcomes through evidence-based, curriculum-embedded professional learning strategies that align with your district's four priorities.

Our team brings deep expertise in instructional leadership, curriculum based professional learning, adult learning, and leadership capacity building. We are confident that our approach will support educators in building instructional discernment, analyzing student work, and fostering academic growth for all learners.

Thank you for considering our proposal. We are excited about the potential to collaborate with Knox County Schools and contribute meaningfully to your vision.

Sincerely,

Amy Galloway, Ed.D.

PIVOT
SCHOOL IMPROVEMENT LEADERS

Tab III: Methodology

PIVOT
SCHOOL IMPROVEMENT LEADERS

Methodology

Overview

At PIVOT School Improvement Leaders, we ground our methodology in adult learning theory, student-centered practices, cognitive science, and research on effective professional learning. Our proposed consulting services for Knox County Schools are designed to advance instructional coherence, elevate teacher practice, building leadership capacity, and improve systems, resulting in stronger student outcomes across all contexts—urban, rural, and suburban.

PIVOT will support district leadership to advance their four priorities: excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation through the following approach:

1. Work with district leadership to determine the need or areas of focus.
2. Define the vision for success and milestones that represent progress.
3. Map the district leader, school leader, and teacher capacity building necessary to achieve the vision for success.
4. Execute the district leader, school leader, and teacher capacity building.
5. Measure progress along the way.

This five-step approach can be applied to instructional strategy and teacher capacity building, leadership capacity building, or general district wide strategy on any area of focus. The approach will always be grounded in research based adult learning principles.

Instructional Strategy and Teacher Capacity Building

Our model integrates evidence-based instructional strategies aligned with high-quality instructional materials (HQIM). Evidence based strategies include facilitating rigorous academic discourse, promoting productive struggle, differentiated scaffolding to increase grade-level access, responsive practices based on student needs, and strategic use of formative assessment and feedback loops. Our work draws from the following key sources:

- Peter Brown, Henry Roediger III, and Mark McDaniel's Make it Stick
- Héctor Ruiz Martín, How Do We Learn? A Scientific Approach to Learning and Teaching
- John Hattie's Visible Learning
- Meredith and David Liben's Know Better, Do Better, and Know Better, Do Better: Comprehension: Fueling the Reading Brain With Knowledge, Vocabulary, and Rich Language
- Peter Liljedahl's Building Thinking Classrooms in Mathematics, Grades K-12: 14 Teaching Practices for Enhancing Learning

Leadership Capacity Building

We will build leadership capacity by providing job-embedded coaching, cohort-based learning, and performance-aligned development that equips school and district leaders to drive instructional improvement and lead effective teams. Our work is grounded in the following sources:

- Darling-Hammond, L., Wechsler, M. E., Levin, S., Leung-Gagné, M., & Tozer, S. (2022). Developing effective principals: What kind of learning matters?
- Darling-Hammond, L., LaPointe, M., Meyerson, D., Orr. M. T., & Cohen, C. (2007). Preparing School Leaders for a Changing World: Lessons from Exemplary Leadership Development Programs.
- Aguilar, Elena. *The Art of Coaching*

General District Wide Strategy

We work side by side with district leaders to co-design and implement high-impact strategies that strengthen instructional, operational, and people systems, build leadership and teacher capacity, and drive success for all students, drawing from the following sources:

- Isobel Stevenson's The Strategy Playbook for Educational Leaders
- Bryk, Gomez, Grunow, and LeMahieu's Learning to Improve: How America's Schools Can Get Better at Getting Better
- Peter Senge's The Fifth Discipline, The Art and Practice of the Learning Organization

Adult Learning Theory

We ground all support in adult learning theory—emphasizing agency, relevance, reflection, collaboration, and practice—to ensure that professional learning leads to meaningful, sustained changes in practice. Our work is based in the following sources:

- Aspen Institute, *Developing a Professional Learning System for Adults in Service of Student Learners*,
- Darling-Hammond, L., Hyler, M. E., Gardner, M. *Effective Teacher Professional Development*.
- Gagne, R. *The Conditions of Learning*
- Guskey, Thomas R. *Evaluating Professional Development*
- Knowles, M.S. *The modern practice of adult education: From pedagogy to andragogy.*
- O'Connor, Bridget, Bronner, Michael and Chester Delaney. Training for Organizations
- Sullivan, R.L., Wircenski, J.L., Arnold, S.S., & Sarkees, M.D. *A Practical Manual for the Design, Delivery, and Evaluation of Training*
- Vella, Jane. *Training Through Dialogue*: *Promoting Effective Learning and Change with Adults*

General Approach to Our Work

PIVOT anchors development experiences in three evidence-based practices that make for effective capacity building experiences and result in changed behavior: coaching, learner community, and applied learning experiences. PIVOT's typical support involves all three components, customized to partner needs.

Coaching

We know effective coaching has the capacity to accelerate growth through habits of reflecting, planning, and executing. A coach serves the role of external eyes and ears, holding up a mirror and increasing capacity for self-awareness. PIVOT's coaching relationships are built on trust between coach and coachee and adapt to the unique needs of specific leaders and the demands of their environments. PIVOT's coaching is always focused on developing a coachee's mindsets and behaviors to achieve the coachee's goals. In this model, the coach focuses intentionally and specifically on the person experiencing the challenge, not only on the problem they are presenting.

PIVOT's goal is to grow people quickly. This means coaches take every opportunity to narrate what they see, view every situation as data, are not drawing conclusions, but are constantly trying to push a person a step forward. We use an adaptive coaching model where we vacillate between directive and facilitative coaching conversations based on the leader, their capacity for reflection and ownership, and the goals they are working to achieve. Concretely, this means that sometimes our coaching will look like traditional instructional coaching that involves classroom rounds, calibrating feedback, real time coaching, and conversation role plays; sometimes it will look like shared co-working time where a leader needs support designing a system or planning for rollout; sometimes it will look like consulting where a coach brings a solution or resource and supports the leader to implement; and many other things in between.

Learner Community

Learner community happens through leaders or teachers learning in partnership with each other in a collaborative classroom setting that is grounded in applied learning experiences, specifically: practice scenarios and consultancies. This group time allows for significant knowledge development; that is, participants are learning new things. Additionally, it allows participants to see other leaders and teachers doing the same work, wrestling with the same challenges. It is the only time a leader gets to see someone else think through the same decisions they are working through. They get to hear another peoples' analysis, rationale, and see their action planning. The topics of this focused learning time are determined thought a collaborative input process with stakeholders or through a school-based needs assessment.

Applied Learning Experiences

During both our one-on-one coaching sessions, and our group learning events, we rely heavily on applied learning experiences. This means that any topic leaders or teachers are working on growing in, they are doing practice that is directly applied to their schools, their data sets, their students, their teachers, their

materials, etc. This type of immediate application builds the leader's and teacher's capacity to execute independently in their schools even when they do not have the support of a coach.

As described above, all learning experiences are designed with adult learning principles at the center:

- Coherence and Relevance: Content is embedded in the instructional materials KCS already uses, ensuring transfer to classrooms.
- Application-Oriented: Each session includes modeling, practice, and action planning.
- Collaborative Learning Structures: Protocols such as consultancy, student work analysis, and learning walks are embedded.

Sample Materials

See attached (Tab VII – Additional Materials) for the following materials

Leader Learning Roadmap	This is a master list to be used as a starting place, in combination with district frameworks and tools, when designing learning experiences specifically for school-based leaders.
School based needs assessment	This is a tool that can help diagnose a school's needs and prioritize areas of focus for improvement.
School Improvement Plan	This is a tool that can be used to plan improvement and the required capacity building to make those improvements.
Leader Learning Plan	This is a tool used to design one-on-one coaching and development experiences based on leaders' specific areas of growth in relation to their school and district goals.
Team Culture Strategic Planning	This is a session that was planned and executed for 100+ leaders across the state of Tennessee. Materials include • Facilitator guide: this is the script for the person leading the session • Deck: the slide deck participant see during the session • Participant materials: the packet of materials participants learn from.
Leading for Literacy: Examining the Leader's Role in Literacy Success	This is a session that was planned and executed for 50+ leaders in West Tennessee. Materials include: • Facilitator guide: this is the script for the person leading the session • Deck: the slide deck participant see during the session • Participant materials: the packet of materials participants learn from. • Self-assessment Rubric: a tool participants used to reflect on their current state of academic enabling conditions at their schools.

PIVOT
SCHOOL IMPROVEMENT LEADERS

Tab IV: Delivery of Services

PIVOT
SCHOOL IMPROVEMENT LEADERS

Delivery of Services

PIVOT's approach to delivering services for Knox County Schools is grounded in adult learning theory, cognitive science, and research-backed professional learning practices. Our implementation and management plans are designed to deliver sustained improvements in teacher practice, leader capacity, and student outcomes—starting immediately upon contract execution and continuing through long-term implementation support.

Implementation Plan

We will use our proven five-step methodology to structure this engagement:

1. Identify Needs and Areas of Focus: In partnership with district and/or school leaders, we engage in a launch meeting or use a school-based needs assessment, if appropriate, and school/ district data to identify specific instructional priorities and opportunities.
2. Define the Vision and Milestones: Co-develop a shared vision for success with clear, measurable milestones.
3. Map Capacity-Building Pathways: Align teacher, leader, and system-level capacity building to support the defined vision.
4. Execute Capacity-Building Activities: Deliver multi-tiered professional learning and coaching tailored to classroom, school, and district contexts.
5. Monitor and Measure Progress: Use surveys, implementation metrics, student learning data, and reflection tools to track growth and adapt as needed.

This structure applies to all areas of focus—whether instructional strategy, leadership development, or district-wide improvement—and ensures coherence across all levels of the system.

Phase	Activities	Deliverables
Diagnostic & Planning	Identify Needs and Areas of Focus: • Data review (student outcomes, walkthrough notes, surveys) • Leadership launch meeting • Needs assessment, if applicable Define the Vision and Milestones Map Capacity-Building Pathways	• Site-specific action plan • Customized PD calendar

Learning & Application	Execute Capacity Building Activities • Professional development sessions • In-class modeling/coaching • Instructional rounds with IPG • Leader debriefs after walkthroughs • Small group coaching and strategy sessions • One-on-one coaching	• Session agendas & attendance logs • All session materials • Leader learning plans • Walkthrough tools • Observation reflection templates
Sustainability & Capacity Building	Monitor and Measure Progress • Use surveys, implementation metrics, student learning data, and reflection tools • Development of PLC facilitator guides • Leader coaching sessions • Virtual office hours	• Progress monitoring tracker • Progress reports quarterly • Sustainability plan with embedded protocols • Leader facilitation rubric

Professional Learning Model

Our delivery model integrates three key practices that research shows are most effective in driving adult behavior change:

- Coaching: PIVOT coaches use an adaptive model blending facilitative and directive support based on context. Coaching includes real-time instructional feedback, system design support, and leadership consulting.
- Learner Community: Cohort-based learning sessions engage educators and leaders in practice-based problem solving through protocols like consultancies, student work analysis, and peer observation.
- Applied Learning: Every professional learning experience involves immediate application to participants' real work—planning instruction, examining student data, or designing systems aligned to HQIM.

Engagement Formats

Format	Purpose	Participants
Full Staff PD	Build capacity across all teachers/ entire team on a shared vision, shared strategies, and clearly defined plans	Up to 50 participants per session

Small Group Coaching	Deepen teacher or leader skill development	Teacher teams, department chairs, APs, Principals
Leadership Intensives	Strengthen site-based capacity to lead cycles of learning	Principals, APs, Deans, instructional coaches
Virtual Learning	Reinforce content and provide follow-up support	PLC leaders, district content leads
Walkthrough & Debrief Cycles	Leaders practice observing, scripting feedback, debriefing lessons, drafting batch feedback, and having feedback conversations.	Principals, APs, Deans, instructional coaches, district leaders-if relevant
Culture Surveys	Capture baseline and post-support shifts in staff confidence, collaboration, and instructional clarity. Debrief all survey data with leadership teams.	Principals, APs, Deans, instructional coaches, district leaders-if relevant
Impact Protocols	• Instructional Look-For Guides calibrated to KCS priorities • Student Work Protocols grounded in HQIM tasks • Leveraging KCS lesson prep and unit prep protocols to strengthen PLC implementation	PLC leaders, Principals, APs, Deans, instructional coaches, district content leads

All sessions emphasize:

- Evidence-based instructional strategies proven to impact student achievement.
- Instructional discernment to help educators make high-quality decisions within the materials already used by KCS.
- Leadership capacity building through role-specific development aligned with instructional goals and district frameworks.

Alignment to Section 4.6 Requirements

The PIVOT delivery model includes all required components of Section 4.6:

- Authentic adult learning that centers participant voice, reflection, and real-world application.

- Structures for implementation and impact:
    - Surveys for measuring culture and implementation.
    - Collaborative protocols for teacher teams (e.g., PLC facilitation, lesson study).
    - Tools for analyzing student learning outcomes and connecting them to instructional practice.
    - Instructional discernment tools embedded in HQIM-aligned content.

- Coaching and leader development systems to sustain implementation.

Management Plan and Timeline

Implementation will begin upon contract execution. A dedicated project manager will oversee delivery, supported by a team of content experts, coaches, and data analysts. Our team will conduct biweekly check-ins with district or school stakeholders, provide monthly implementation updates, and produce quarterly progress reports. All services will be responsive to KCS's timeline, staffing structures, and instructional calendar.

Communication Highlights:

- Dedicated point-of-contact for scheduling and project oversight
- Shared project tracker with milestones, delivery dates, and session feedback summaries
- Monthly implementation updates
- Quarterly progress reports

All professional development is built for long-term coherence and internal sustainability. Our approach ensures that Knox County educators are not just trained—they are empowered to lead instructional improvement within their buildings.

PIVOT
SCHOOL IMPROVEMENT LEADERS

Tab V: Experience and References

PIVOT
SCHOOL IMPROVEMENT LEADERS

Experience and References

Overview and Experience

PIVOT's Core Programming is focused on equipping and empowering the most effective school leaders who drive results for every learner in our highest need schools.

PIVOT's outcomes include the following:

- Schools doubled the percent of school improvement indicators met
    - Before working with PIVOT = 31% of school improvement indicators met
    - After working with PIVOT = 62% of school improvement indicators met
        - Comparable schools stayed flat
        - School indicators include: ELA achievement, ELA growth, Math achievement, Math growth, chronic absenteeism, graduation rate, and ready grad rate
- Principals working with PIVOT have improved their teacher retention by an average of 17.3% and improved teacher satisfaction by an average of 22%.
- 7 KCS schools are included in the impact numbers above

PIVOT employs partner surveys as part of its ongoing program quality management systems. Survey results indicate the following:

- 100% of leaders agree or strongly agree on the following indicators:
    - PIVOT programming helps me be more effective in my role.
    - PIVOT programming helps me have a greater impact on teacher satisfaction.
    - PIVOT programming helps me have a greater impact on student learning.
    - I feel like I am growing as a leader.
    - PIVOT is a program I'd recommend to other leaders.
- 100% of partners (districts/CMO level team who oversee principals) agree or strongly agree on the following indicators:
    - PIVOT is a program I'd recommend to other districts looking to support their principals.
    - PIVOT is having a positive impact on our principal development.
    - The team from PIVOT does what they say they will do.
    - I enjoy working with the team from PIVOT.

Our team of full-time coaches hold:

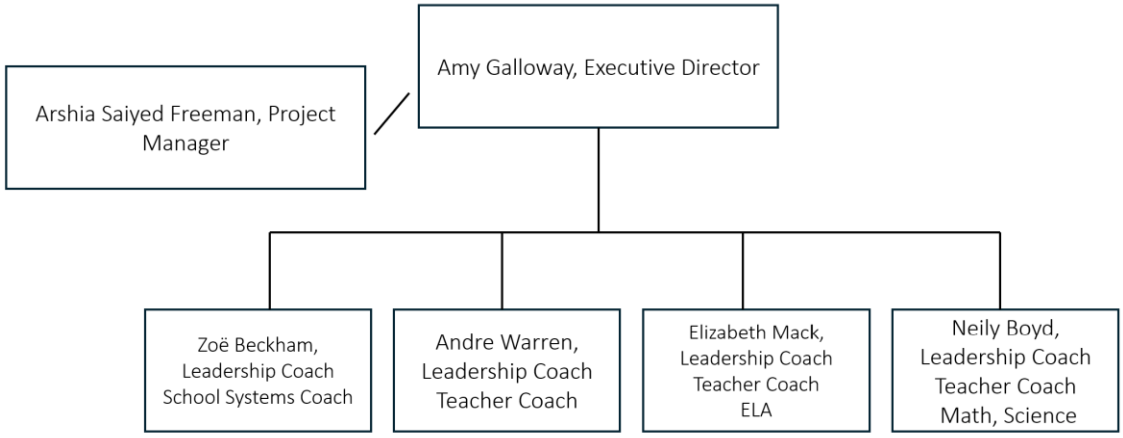
- Multiple advanced degrees
- Several years of district and charter experience
- Multiple leader licenses
- Various coaching certifications

PIVOT was founded, and is led by, people who have expertise in principal development and school improvement. Their backgrounds include:

- Six years of state agency work overseeing and running leadership development including improving existing programs, bringing the rural principal network and principal supervisor network inhouse because of the team's content expertise, when those programs were previously contracted out, launching new programs for teacher leaders and aspiring assistant principals, and diverse leaders development.
- Running the turnaround principal cohort during which time 20% of participating schools, all of whom had a CSI designation (Comprehensive Support and Improvement), exited the list.

While PIVOT: School improvement leaders was officially established as an organization in 2022, our team has a combined 19 years of school leadership experience, 13 years working with school and district leaders, and 59 years total teaching and leading in high need schools. Some outcomes from our time as principals and school administrators include:

- Moved school from priority status in 2015 to reward status in 2019.
- 400% increase in achievement across ELA and Math TCAP from 2015 to 2019.
- Moved math achievement from 2% proficient in 2015 to 36% proficient in 2019 (above the state average at the time).
- Over a five-year period
    - Increased % of students scoring "on track" or "mastered" on TN Ready from an average of 5% across math and ELA to an average of 26%.
    - Decreased % of students scoring "below" on TN Ready from an average of 72% across math and ELA to an average 36%.
- Decreased chronic absenteeism by 11% and mobility by 50% over a five-year period, while increasing student enrollment by over 100 students over a five-year period.
- Led exceptional staff retention, culture, and development over a five-year period including:
    - Average net promoter of 60.
    - 100% of the initial leadership team was still in role in year five.
    - 70% of the teaching team from year 1 was still in role in year five.
    - As of 22-23 school year, 60% of initial teachers held roles as Deans, Assistant Principals, or Principals in schools.
- Drove double digit math gains at a CSI designated high school from 2011-2014 including:
    - Algebra I improved from 6% proficient to 21% proficient
    - Algebra II improved from 4% to 35%
    - Additionally, math growth increased from a level 1 to a level 5
- During a three-year period from 2017-2020, a CSI designated middle school saw tremendous growth, ultimately resulting in the school moving out of the bottom 5%.
    - School-wide TVAAS increased from a level 1 to 3, Science TVAAS increased from a level 3 to 5, Math TVAAS increased from a level 1 to 5, and ELA TVAAS increased from a level 1 to 3.



- Additionally, the school exceeded Key Performance Indicators (50%) for NWEA MAP testing: Math (68%) and ELA (70%) while all grades grew at the 99th percentile.
- Lastly, student behavior incidents decreased by 40% and staff retention was 93%.

PIVOT's team is remotely based but has a shared office space for convenings in Nashville, TN.

Organizational Chart

The project team includes an executive director who is ultimately accountable for the work, will own quality control, is the final decision maker on plan design and implementation decisions, and will support the PIVOT project team to ensure execution is a high level. A project manager will ensure all operational components are smooth including project plan, data tracking, completion tracking, report deadlines, and first point of contact for communication. PIVOT will use a leadership coach for principals, and then a person with content expertise in ELA, math, and science as needed based on project details.

Project Team

Resumes of Key Personnel

(Included in the following pages)

AMY GALLOWAY
amy.galloway@pivotleaders.org

Leadership development and principal development expert. Developed senior leaders, principals, assistant principals, and principal supervisors across Tennessee. Results driven educator with 7 years of experience as a principal. Turned around the lowest performing elementary school in Nashville. Strong sense of personal responsibility, exceptional interpersonal and coaching skills, and a deep belief in the power of people and relationships. Instructional leader, people leader, operational leader.

EXPERIENCE

FEBRUARY 2023- PRESENT
CO-FOUNDER, EXECUTIVE DIRECTOR, LEADERSHIP COACH, PIVOT: SCHOOL IMPROVEMENT LEADERS

- Set the vision for our work developing principal skill sets and equipping them to lead the most effective schools possible.
- Scale our organization from 3 people generating $700,000 in revenue to 30+ people generating 7.5 million in revenue over the next five years.
- Oversee all core functions including talent, program, finance, partnerships, and operations.
- Serve as a Leadership Coach, responsible for leader learning goals, and school impact goals for all principals on my caseload.
- Own program development including scope and sequences, writing content, and learning facilitation.

JUNE 2020- FEBRUARY 2023
SENIOR DIRECTOR, PROFESSIONAL LEARNING AND LEADERSHIP DEVELOPMENT, TENNESSEE DEPARTMENT OF EDUCATION

- Oversaw the professional learning team including design, roll out, and implementation of our new adult learning framework across all teams at the department (400+ people).
- Ran the Rural Principal Network, including professional development and coaching for 45 principals per year across 26 rural districts, with the following results:
    - 100% of participants strongly agreed that “Programming was led by individuals who possess or have access to appropriate knowledge or expertise.”
    - 100% of participants rated the overall professional learning experience as outstanding or above average.
- Ran the Tennessee Academy for School Leadership, professional development for principals, assistant principals, and instructional supervisors across the state (525 combined enrollment in the three programs), with the following results:
    - 97% Agree or strongly agree that “I gained knowledge or strategies that directly impacted my leadership in positive ways.”
- Ran the Turnaround Principal Cohort, including professional development and coaching for 30 principals per year who led priority/ turnaround schools across 7 counties, with the following results:

    - 100% Agree or strongly agree that "My professional learning and coaching experience had a significant impact on teacher development.
    - 96% Agree or strongly agree that "My professional learning and coaching experience had a significant impact on student growth and achievement.
- Ran the Principal Supervisor Network, including professional development and coaching for 25 principal supervisors at district offices who were growing their skillset in coaching principals.
- Oversaw the creation of a free additional endorsement program in the areas of special education and ESL for any licensed teacher to add this endorsement.
- Oversaw the creation of a micro-credential program that included programing for teacher leaders.
- Wrote content for online professional development modules for Best for All Central, the online learning tool:
    - Current topics include trauma informed instruction and teacher leadership.
    - Accessed by over 5,000 educators.

NOVEMBER 2014 – MAY 2020

PRINCIPAL, KIPP NASHVILLE, KIPP KIRKPATRICK ELEMENTARY SCHOOL

- Turned around Kirkpatrick Enhanced Option School, a Priority School, to KIPP Kirkpatrick Elementary School, a Reward School, in 4 years.
    - Kirkpatrick was ranked at the 0.5th percentile in the state based on the 3-year success rate data from 2013, 2014, 2015 results, the lowest performing school in Davidson County and 8th lowest performing school in the state.
- Successfully managed challenging community dynamics during the conversion process.
- Increased enrollment by over 100 students.
- Decreased student mobility from 40% to 20%.
- Increased % of students scoring "on track" or "mastered" on TN Ready from an average of 5% (across 3rd-4th grades' math and ELA tests) to an average of 26%.
- Decreased % of students scoring "below" on TN Ready from an average of 72% (across 3rd-4th grades' math and ELA tests) to an average 36%.
- Five years of net promoter scores of 60+.
- 70% of my schools' founding team was still at KIPP Kirkpatrick 5 years later including 100% of my founding leadership team.
- 91% of families agree or strongly agree that they'd recommend KIPP Kirkpatrick to other families, 98% of families agree or strongly agree that they are proud that their child attends KIPP Kirkpatrick.
- Managed a team of 42+ people through strong coaching, team culture, valuing relationships, and emphasizing growth.
- Directly managed assistant principals, deans, and teachers with 10-13 direct reports at various points in time.
- Managed an operating budget of over four million dollars.

FEBRUARY 2007 – NOVEMBER 2014

KIPP PHILADELPHIA SCHOOLS

- KIPP Philadelphia Elementary Academy (Kindergarten- 4th grade)
    - Principal, June 2013- October 2014
- KIPP Philadelphia Schools/KIPP Foundation
    - Fisher Fellow, June 2012- June 2013 (3% selection rate, yearlong leadership development program to found a school)

- KIPP Philadelphia Elementary Academy (Kindergarten-1st grade), June 2010- June 2012
    - Assistant Principal
    - Special Education and Intervention Coordinator
    - Special Education Teacher
    - 1st grade teacher
- KIPP Philadelphia Charter School (5th-8th grades), February 2007- June 2010
    - Special Education Teacher
    - Special Education Coordinator
    - Saturday School Coordinator

JUNE 2006- AUGUST 2009

TEACH FOR AMERICA

- Corps Member Advisor, May 2009- August 2009
- Learning Team Leader, September 2008- June 2009
- Corps member, June 2006- June 2009
    - New York City, Department of Education, M.S. 241, Special Education Teacher, 6th grade, emotional support
    - KIPP Philadelphia Charter School, Special Education Teacher
    - Nominated for the Sue Lehmann Award for Excellence in Teaching

EDUCATION

MAY 2025

Expected completion.
Education Doctorate, Education Leadership and Policy, Vanderbilt University.

MAY 2009

Masters of Education, Secondary Education, K-12 special education concentration, Chestnut Hill College

JUNE 2006

Bachelor of Arts, Communication Arts and Sciences, Pennsylvania State University

KEY KNOWLEDGE AND SKILLS

- Strengths based coaching
- Proficient in Myers Briggs, Enneagram, True Colors, Strengths Finder, DiSC, 360
- Whitmore's coaching framework
- Building team culture
- Facilitating community circles
- Facilitating conversations about race and white privilege
- Data based coaching
- Direct and open communication
- Elementary literacy- science of reading/ knowledge building literacy
- Orton Gillingham trained
- LETRS trained
- Conceptual math
- Backwards planning
- Assessment creation
- Responsive Classroom trained
- Trauma informed schools and systems
- Certified counselor and advocate for survivors of domestic violence and sexual assault

EXPERIENCE

Tennessee SCORE Nashville, TN
Senior Director of Impact and Strategic Initiatives, March 2024- November 2024
Senior Director of Impact, March 2022- March 2024

- Designed and managed organization-wide annual strategic planning, goal-setting, and progress tracking
- Wrote and managed publication of monthly and annual donor and board-facing impact communications including organization's annual impact report and impact webpages
- Raised over $25 million from national and Tennessee-based philanthropic foundations through executing high-quality pitches, concept memos, letters of intent, applications, and grant budgets
- Led a team to win a national Response For Proposal (RFP) related to education and healthcare innovation that resulted in a $15.3 million investment in a rural nursing education program
- Improved organization-wide development systems through identifying efficiencies, leading grant team processes, creating systems for grant tracking and managing all stages of the grant cycle
- Designed and managed grantmaking processes for a multimillion dollar grant portfolio including diligence, selection, monitoring, and reporting; served as program officer for 30+ nonprofit organizations
- Designed and managed new grantmaking strategy and systems for multiple new grant initiatives that supported teacher talent pipelines, innovation in education, and education to work initiatives
- Managed a grants and impact team including direct supervision of a program officer and strategic initiatives manager and project-specific supervision over grant compliance, finance, and project management professionals

Nashville Classical Charter School Nashville, TN
Director of Talent & Development, July 2018-present
Director of Growth, Strategy, and Talent, May 2016- June 2018

- Created and managed talent processes including recruitment strategy, candidate materials, hiring manager materials, applicant tracking, and interview rubrics for instructional and non-instructional roles
- Achieved 85% teacher retention and 100% leader retention for three consecutive school years as staff size doubled by codifying human resource systems and implementing new workplace policies to increase satisfaction
- Met 100% of enrollment targets including class size, student diversity, and waitlist size for three enrollment seasons by designing student enrollment strategy to grow school from Kindergarten-3rd grade to Kindergarten-6th grade including marketing materials, outreach strategy, application tracking, and parent communications.
- Led a team of five school operations professionals rated in top quartile nationally for school operations on The New Teacher Project Insight Survey across six survey administrations
- Tripled individual giving in two years, increased school volunteers by 500%, and secured over $2.5 million in grants, corporate giving, and individual giving by designing and leading development initiatives
- Planned and facilitated professional development for staff related to school's mission & culture, diversity & equity, achievement data, and goal-setting
- Served as liaison for external partners including families, vendors, local school district, TN Department of Education, and education partner organizations including Teach for America and Building Excellent Schools

Whites Creek High School Nashville, TN
English 1 Teacher, August 2010-May 2013
Freshman Academy Team Leader, August 2012-May 2013

- Increased the school's English 1 End of Course Exam (TCAP) pass rate from 19% to 59% by creating and implementing an English 1 curriculum for over 500 9th graders
- Served as team leader for Freshman Academy which included holding planning meetings, planning professional development, and mediating conflict amongst team of five teachers, a school counselor, and assistant principal
- Rated in the 90th percentile in Tennessee TVAAS Teacher Effectiveness for three consecutive years

Experience

2024-present Leadership Coach • **PIVOT: School Improvement Leaders**
Coach, develop, and explicitly grow school-based leaders such that leaders achieve their development goals and drive school-based improvements that are aligned to standard improvement indicators.

- Write and progress monitor leader learning plans.
- Report progress on leader and school growth quarterly.
- Support content development, writing, and execution for small and whole group learning sessions.
- Ensure all leaders assigned to coach get 100% of their committed sessions and that the in person/virtual split aligns with program expectations and contract requirements.

2021-2024 Director of Leadership Development • **Tennessee Department of Education**
Develop, manage, support, and facilitate professional development programs for over 100 principals, 300 assistant principals, and 50 principal supervisors across the state of TN. Focusing on building and sustaining an effective leader at all phases of a leader's career by setting high standards for effective leadership based on

research and best practice, supporting leaders to reach those standards, and empowering districts to build a network of exceptional instructional leaders who get results.

- Define strategies for continuous improvement in professional development and training programs.
- Incorporated feedback, suggestions, and recommendations to enhance the effectiveness and value delivered to leaders.
- Design, maintain, and evaluate an annual professional development program initiative and budget for training opportunities for leaders across the state.
- Reduce attrition and have a positive impact on student outcomes in the state.
- Provide high quality professional learning experiences for new leaders to practice executing coaching support and skills.
- Supporting the focus to instructional leadership and continuous improvement for leaders as part of their daily core tasks.
- Support knowledge building around high-quality instructional materials.

2020-2021 Interim Principal • **Haynes Middle School**

- Serving as an instructional leader, supporting 43 teachers, approximately 485 students, along with a host of support staff and administrative personnel.
- Supervised staff, developed plans for staff and students returning for Covid-19, collected data for informing decisions, and created and maintained a positive environment for all stakeholders.
- Worked closely with teachers on curriculum design and implementation of instructional strategies.
- Facilitated the development, implementation, and monitoring of data driven school improvement plans.

2017-2020 Transition Academy Principal • **Madison Middle School**

Led and supported the mission and vision of the school with a specific focus on the Transition Academy, consisting of 23 teachers, nearly 270 students in the 5th and 8th grades, along with counselors, support staff, and administrative personnel. The scope of work consisted of providing effective research based instructional strategies for teachers and students, creating a system for assessing and evaluating instruction, providing high-quality feedback, and monitoring daily operations and systems of school.

- School-wide TVAAS increased from a level 1 to 5.
- Led Science, Math, MTSS, AVID, and Athletic departments.
    - Science TVAAS increased from a level 3 to 5 (2017-2018)
    - Math TVAAS increased from a level 1 to 3 (2017-2018) and from a level 3 to 5 (2018-2019)
    - ELA TVAAS increased from a level 1 to 3 (2018-2019)
    - Exceeded Metro Nashville Public Schools Key Performance Indicators for MAP testing: Math (68%) and ELA (70%), all grades grew at the 99th percentile (2018-2019)
    - Exceeded Metro Nashville Public Schools Key Performance Indicators for MAP testing: Math: 3 grades grew at the 99th percentile (2017-2018)
- Managed Student Funds Operation accounts for Athletics to ensure adequate funds are generated and sustainable for each program.
- Decreased student behavior incidents by 40% (2018-2019) and by 35% (2017-2018) by intentionally targeting students for restorative sessions.
- Designed a school wide PLT structure to meet the needs of all student subgroups while serving as MTSS Academic Lead.

2016-2017 Numeracy Coach • **McKissack Middle School**

Monitored school improvement plan for math and providing professional development to faculty and staff. Provided high-quality feedback to teachers through walkthroughs, planning sessions, and data.

- Increased instructional capacity of teachers through targeted professional development for strong implementation of weekly math tasks, which resulted in Math TVAAS growing from a level 1 to 3
- Created and executed a school-wide Continuous Improvement Model along with assessments to maintain an instructional focus and collect data for the
- school year. This resulted in all teachers intentionally aligning their instruction to the TN State Standards
- Maximize the use of technology to provide timely feedback and support to all teachers.

2014-2016 Mathematics Instructor • **East Nashville Magnet H.S.**

- Strengthened instructional capacity of teachers through targeted professional development for strong implementation on content pedagogy, data room, and data talks, which resulted in Math TVAAS growing from a level 1 to 5.
- Led East Nashville Magnet to gains and achievement in the District for Algebra I (36% increase) and Algebra II (44% increase) (2014-2015).

2005-2014 Mathematics Chair and Instructor • **Maplewood H.S./John Overton H.S.**

Strengthened instructional capacity of math teachers through targeted professional development, co-teaching models, content pedagogy, and data focused instructional practices.

- Led Maplewood school-wide TVAAS in Numeracy, which increased from a Level 1 to Level 5.
- Led Maplewood from single digit to double digit gains in the District for Algebra I (21%) and Algebra II (35%) (2012-2013 and 2013-2014).
- Served as Math Department Chair (2012-2014) – Accountable for developing common assessments, creating a scope and sequence, and facilitating weekly common planning meetings and modeling best practices.

Skills and Trainings

- Myers-Briggs (MBTI) certified/trained
- California Psychological Inventory (CPI) certified/trained
- Advancement Via Individual Determination (AVID)
- Restorative Practices trained
- TI Technologies (Texas Instruments)
- Project Based Learning (PBL)
- Backwards Planning
- Strength Finders
    - Adaptability
    - Analytical
    - Arranger
    - Consistency
    - Deliberative

ZOË BECKHAM

SUMMARY

Personable, strong critical and strategic thinker with a track record of exceptional success in change management, problem solving, building systems, and managing/influencing people and teams to yield strong, often remarkable outcomes. Experiences and skills as an educator, leader, coach, and operator aptly transfer to managing complex projects, partnerships, and organizations.

EXPERIENCE

CO-FOUNDER, PARTNERSHIPS, *PIVOT: School Improvement Leaders* *2023-present*

- Refine and evaluate the vision for PIVOT's work developing principal skill sets and equipping them to lead the most effective schools possible
- Serve as a Leadership Coach, responsible for leader learning goals, and school impact goals for all principals on caseload.
- Design and facilitate adult learning sessions across PIVOT's six strands of learning, soliciting and incorporating feedback from participants
- Own partnership development including long-term cycles planning, copy writing marketing materials, engage with potential partners and ensure maximized partner experience

DIRECTOR, LEADERSHIP & PROFESSIONAL LEARNING, *Tennessee Department of Education* *2020-2023*

- Ran two cohorts of specialized principal development (turnaround and rural principals) and implemented the Commissioner's Adult Learning Framework initiative.
- Turnaround Principal Cohort, including professional development and coaching for 30 principals per year who led priority/ turnaround schools across 7 counties.
    - Optimized scope and sequence based on current research and needs analyses of K-12 leaders, designed and facilitated monthly learning and networking sessions
    - Principal-reported quality, relevance, and impact grew from 78% in 19-20 to 95% in 20-21, sustained at 96% in 21-22
        - 100% Agree or strongly agree that "My professional learning and coaching experience had a significant impact on teacher development.
        - 96% Agree or strongly agree that "My professional learning and coaching experience had a significant impact on student growth and achievement.
- Rural Principal Network, including professional development and coaching for 45 principals per year across 26 rural districts, with the following results:
    - 100% of participants strongly agreed that "Programming was led by individuals who possess or have access to appropriate knowledge or expertise."
    - 100% of participants rated the learning experience as outstanding or above average.
- Adult Learning Framework
    - Led department-wide change management project; progress monitoring implementation of new framework for standardizing high-quality adult learning experiences, both internally and externally; adoption rates met/exceeded targets
    - Design, review, approve, and facilitate 100s of leadership and instructional skill development adult learning experiences for educational leaders across the state of Tennessee

ZOE.BECKHAM@GMAIL.COM • 985-705-3626 • NASHVILLE,TN

HUMAN RESOURCES, BUSINESS PARTNER, *Amazon* *2020-2021*

- Identified opportunities for system growth, implementing roll outs and change management as workforce more than tripled due to COVID-19 demand
  - Led re-design for new hire onboarding systems, which lead to increased retention and a 60% decrease in common onboarding defects negatively impacting new team member experience
  - Coached managers and HR team members on protocols and best practices for HR investigations, conflict management, and performance management
- Maximized team efficiency through metrics-driven system improvement and change management across teams and regional sites
  - Led culture correction between two main teams through data collection, analysis, and presentation, strategic group and 1:1 leader development, conflict resolution & team building

FOUNDING DIRECTOR OF OPERATIONS, *KIPP Nashville Public Schools* *April 2015 - February 2020*

- Pivotal founding leader in turnaround success of KIPP Kirkpatrick Elementary School; rank of 0.5th percentile of TN schools → 86th percentile in just four years
- Significant Achievement in Turnaround Success Indicators:
  - *Enrollment.* Canvassed, built trust and community within zoned neighborhood to grow from enrollment of 302 K-4th grades to an enrollment of 500+
  - *Mobility.* Identified and supported highest-need families to decreased mobility from 40% before the turnaround to 22% at the end of year three; decreased each subsequent year
  - *Attendance.* Used data and team input to create school-based plan that was later adopted as the regional plan for all 7 KIPP Nashville schools. Reduced chronic absenteeism by 11% in 3 years at single school site; chronic absence cut by 7% in the first year of region-wide implementation.
- Owned all non-academic work streams and outcomes including but not limited to:
  - *Financial Management.* Drafted and managed annual budget of $4-5 million, navigating federal compliance and regulations, actualizing within 5% of yearly projections
  - *Human Assets*. 60% founding team retention in year 5 (typical founding team retention in year 5 is less than 30%) through intentional culture design, relationship development, and strategic growth plans. Staff of 45+ team members.
    - Average school-based net promoter of 60 (across 8 data points and 5 years, 6/8 data points showed score of 58+; an excellent net promoter score is 50)
  - *Systems & Policies Creation.* Used change management strategies to create, implement, and progress monitor all systems for daily logistics, policies for staff members, and safety and crisis management. Multiple systems I created were adopted as network systems for all KIPP Nashville schools, and I worked with multiple schools to train and support implementation
  - *Partnerships & Vendors.* Managed contracts and served as the liaison between the school and 30+ vendors (food service, custodial, maintenance, events, promotional materials, safety, etc.), state and district education offices, city representatives, regional office, etc.

SUMMER LEARNING CAMPUS LEAD MANAGER, *Teach For America* *February 2014 – July 2015*

- Hired, trained, and coached 4 summer learning campus leads for separate summer training sites designed to train 50+ new teachers and educate 600+ students in five weeks
- Leveraged strong, short-term relationships to push targeted skill growth and strengthen work product outcomes in collaboration with multiple stakeholders
- Analyzed progress to goals and growth across sites, determining trends and bright spots to inform next steps with quick turnaround on 24-48 hour cycles

ZOE.BECKHAM@GMAIL.COM • 985-705-3626 • NASHVILLE,TN

MIDDLE SCHOOL TEACHER LEADER, *LEAD Public Schools* *July 2013 – 2015*

- Middle school English Language Arts teacher, instruction specifically tailored to meet behavioral needs of students (more than 70% of students with behavioral IEPs ranging in severity); increased TCAP proficiency by 32%
- Managed the 7th grade instructional team (seven teachers); worked with school leadership team to coordinate grade level team alignment and contribution to whole-school goals and initiatives; mentored and coached team members

ELEMENTARY TEACHER, *Teach For America* *June 2011-May 2013*

- Used data and summative assessments to dictate rigorous content and social development instruction; students achieved an average of 2.5+ years of academic growth in a single year

EDUCATION

LIPSCOMB UNIVERSITY, Nashville, TN *July 2011-December 2012*
Masters of Education in Instructional Practice, English Language Learners Endorsement

UNIVERSITY OF SOUTHERN MISSISSIPPI, Hattiesburg, MS *2006-2010*
Bachelor of Arts, English; American Studies, minor
Honors College Scholar, magna cum laude; published senior thesis

AREAS OF EXPERTISE

- Curriculum Design
- HQIM Implementation Strategy
- Data-driven STEM Instruction
- Strategic Planning
- Professional Development Design
- Teacher & Leader Development

PROFESSIONAL EXPERIENCE

Curriculum & Instruction Consultant March 2020 – present

- Independent consultant supporting public and private schools in five states, education-focused foundations, and several curriculum companies, with a speciality in math needs assessments, strategic planning, and ongoing staff training.
    - Provided curriculum implementation support to three KIPP regions serving over 1,000 students, which included professional development and on-site teacher and leader coaching. As a result, a KIPP middle school achieved the second-highest math growth in their large urban school district and 100% of teachers were using the curriculum as their primary instructional tool.
    - Led a needs assessment across two chronically low-performing urban district schools and the ongoing strategic planning with district leadership to create customized professional development, coaching arcs, and feedback tools to increase math instructional quality for over 700 students.
    - 100% of clients come from referrals from previous clients and 88% of clients have retained my services for additional consulting support after the completion of the initial project.
- Founder of Counting With Kids, a math company that supports families and early childhood professionals with building early math skills so children enter elementary school with foundational math skills. Company now supports thousands of families worldwide and shares free content with a social media community of almost 50,000.

KIPP Nashville

Director of STEM June 2017 – March 2020

- Designed and led a math program overhaul across all six of KIPP Nashville's elementary and middle schools aligned to the Standards for Mathematical Practice resulting in schools outperforming both district and state math averages.
    - In the 2018-19 school year, 7th and 8th grade state math test scores ranked fifth and sixth among Nashville middle schools. All grades at KIPP Nashville College Prep ranked among the top 10 of Nashville middle schools.
    - Math state test scores at KIPP Kirkpatrick Elementary increased more than 30 points moving them from a priority school in the bottom 5% in the state to a reward school in the top 5%.
- Led the successful implementation of Amplify Science across KIPP Nashville's six elementary and middle schools.

Prior title: *Director of Math*

7th Grade Math Teacher July 2016 – June 2017

- Pioneered a tasks and discourse teaching model using Eureka and Achievement First Math (now Leap). At the end of the year, 51% of my students ended in the top quartile on the nationally-normed Measures of Academic Progress (NWEA MAP) test compared to KIPP's national average of 23% in the top quartile.

STRIVE Prep Federal | Denver, CO

Data and Intervention Specialist, Math Coach July 2013 – June 2015

- Created a school-wide system for data analysis and data-driven coaching.
- Coached a team of five first- and second-year math teachers through a region-wide curriculum adoption, resulting in highest regional benchmark data in a network of 5 middle schools.

KIPP Academy Nashville

7th Grade Team Leader & Math Teacher June 2011 – June 2013

- Led students to achieving test scores that were 22% higher than the state average and 29% higher than the district average.
- Worked directly with the leadership team to earn the highest growth scores of any Metro Nashville Public Schools middle school in 2012 and 2013.

Teach For America (Metro Nashville Public Schools)

Algebra 1 Teacher June 2009 – May 2011

- Algebra 1 teacher at Stratford High School. Ranked a Level 5 teacher (on a scale of 1 – 5) on the Tennessee Value-Added Assessment System (TVAAS) by helping students make, on average, at least two years of growth during one school year. All student groups outperformed their state growth predictions.

EDUCATION

M.Ed., Lipscomb University, 2011

M.Ed. in Educational Leadership; GPA – 4.0

B.A., Vanderbilt University, 2009, *Magna Cum Laude*

Major in English; Minor in Corporate Strategy; GPA – 3.75; Dean's List, all semesters

PROFILE

As a leadership coach, I partner with school leaders to support their professional develop and ultimately, their school communities. My work is grounded in science improvement research as well as the power of relationships. Through regular coaching sessions, tailored learning plans, and innovative professional development content, I work to facilitate adult learning opportunities for school leaders to become more thoughtful and equitable leaders.

WORK EXPERIENCE

Director of Assistant Principal Program

PIVOT School Improvement Leaders 2024 - Present

- Coach, develop, and explicitly grow school-based APs such that they achieve their development goals and drive school-based improvements that are aligned to standard improvement indicators.
- Write and progress monitor leader learning plans.
- Report progress on leader and school growth quarterly.
- Support content development, writing, and execution for small and whole group learning sessions.

Assistant Principal

KIPP Nashville Public Schools 2022 - 2024

- Developed grade level teachers through weekly observations, lesson internalization, feedback cycles, data analysis, and mid-year and end of year evaluations.
- Coordinated school-wide systems for response to intervention and literacy curriculum.
- Developed instructional leaders using a yearly 70/20/10 coaching plan to track progress towards performance and development goals.
- Strategic planned towards region-wide goals and quarterly benchmarks.
- Retain 83% of novice teachers for 2 or more years.
- Led grade level to 88% of students meeting or above EOY reading expectations in 22-23 school year with 54% of students being multi-lingual learners.
- Achieved 80%+ student mastery across all modules in first year of new math curriculum implementation.
- Real-Time Coaching aligned to bite-size action steps for teacher development.

Leader Learning Roadmap- Principal

Purpose

The purpose of this document is to detail the competencies and content knowledge that effective principal use at a high level to lead schools that result in strong student academic and non-academic outcomes. This document serves as the master list of content for the specific role and will be used as the starting place, in connection with relevant district tools and frameworks, when customizing learning experiences for principals.

Definitions

- Competencies: knowledge, skills, and mindsets that leaders need to be effective; competencies span topics of specialized content
- Strands of Learning: topics of specialized content that leaders need to learn
- Sub strand, specific buckets within each strand (domain within the content

Competencies

Competency	Definition	What it Looks Like at a High Level
Self-Management	A leader's capacity to regulate his or her own behavior, thoughts, and emotions in a productive way.	Consistently and accurately anticipates how others perceive actions, comments, & tone; consistently regulates energy & emotions such that actions, comments, volume, & tone are intentional and appropriate; consistently organizes self & effectively manages personal time such that 90%+ of time is spent intentionally and effectively
Critical Thinking	A leader's capacity to effectively process and analyze information.	Can effectively gather, analyze, and process complex information; anticipate challenges; monitor own bias, see and evaluate potential options; does this consistently across buckets of work; able to articulate complexity among multiple variables
Building & Maintaining Relationships	A leader's capacity to invest in relationships with others.	Consistently develops and maintains strong relationships with and between people, across lines of difference, has trust of 90%+ teammates, adapts style when needed for impact, and can motivate action in others; Believes in others and empowers others to lead work
Strategic Planning	A leader's capacity to set a direction, align resources accordingly, and create short- and long-term plans to drive outcomes.	Aligns plans to larger vision, mission, & goals, methodically plans backwards breaking big/ long term outcomes into concrete small actions; consistently manages time and resources effectively; generates new ideas and approaches
System Design and Execution	A leader's capacity to develop the systems needed to run a school.	Designs interconnected school-based systems that include goals, clear roles and responsibilities, measurement systems and accountability loops; consistently executes systems as designed; Strengthens organizational capacity for performance

Strands of Learning

SAMPLE

Strand of Learning	*Definition*	*Sub strands*	
People Leadership	The work of positively impacting the people around you and the outcomes of your work through a focus on the human aspect of leadership.	Self & Others	Self- Awareness
			Self-Management
			Relationship Building
			Communication
		People Management	Talent Cycle
			Team Culture
Science of Improvement	An approach to problem-solving and improvement that uses a continuous inquiry cycle grounded in quantitative and qualitative data to identify the most effective ways to make changes and improve outcomes.	School Improvement	
		Principles of Improvement	
		Change Management	
Instructional Leadership	The work of improving teaching and learning.	Instructional Leadership Basics	
		Instructional Coaching	
		Intellectual Preparation Systems and Structures	
		Math Content Knowledge	
		Reading/ ELA Content Knowledge	
		Diverse Learners & Serving All Student Groups	
Serving All Students	The work of improving non-academic learning for students and ensuring people of all backgrounds feel welcomed and safe and that they have the support needed to perform to their fullest potential.	Trauma Informed Systems	
		Student Culture Enabling Systems	
		Inclusive Teams and Schools	
School Operations	The work of ensuring a smooth, efficient, and safe school experience for all stakeholders.	Financial Management	
		Schoolwide Systems	
		Family & Community Engagement

Contents

Section 1: Process Overview 2
Section 2: Synthesis of all Information Gathered 4
Section 3: Trends, Strengths, and Challenges 8
Section 4: Root Cause Analysis 9
Section 5: Prioritization of Needs 9
Section 6: Draft Plans 10
Section 7: Data Visualizations 10

Section 1: Process Overview

1. Synthesis of all Information Gathered:

The PIVOT team will understand the following about each school

- The Basics
    - Enrollment
    - Demographics
    - Neighborhood Context
    - Mission and Vision
- Leadership Team
    - Role and Responsibilities
    - Development and Support Systems
    - Evaluation and Accountability Systems
    - Alignment and Collaboration Systems
- Teacher Development
    - Expectation Setting
    - Coaching and Support Systems
    - Meetings and Professional Development Structures
    - Evaluation and Accountability Systems
    - Strategic Staffing
- Academic Performance
    - Student Growth and Achievement
        - Across content areas, grade levels, and student groups
    - Strategic Scheduling
    - Vision for Rigorous Instruction
    - Use of HQIM
    - Use of Data
    - Systems to Support All Learners
    - Communicating Academic Performance to Students and Families
- Student Culture
    - Student Satisfaction and Engagement
    - Student Attendance
    - Student Social Emotional Needs
    - Student Rewards, Opportunities, and Events
    - Student Discipline
- School Wide Operational Systems

- Staff Communication
- Family Communication
- Schoolwide Systems and Routines
  - Attendance
  - Arrival and Dismissal
  - Lunch
  - Assemblies
- Community and Family Engagement
- Extracurriculars

To do this the team will complete the following activities

- Observe a sampling of high performing, low performing, and middle performing teachers
- Observe across content areas and grade levels
- Observe school wide systems and routines
- Interview the principal
- Review key documents
- Review school communications
- Conduct a focus group with the school leadership team
- Conduct teacher focus groups
- Thorough data analysis
- Observe a leadership team meeting, grade team meeting, content team meeting, and whole team meeting
- Conduct student focus groups, from each grade level
- Conduct a family focus group
- Pending available data, conduct student, family, and employee surveys
- Engage in root cause analysis with a diverse group of school representatives

2. Identify trends, strengths, and challenges

3. Prioritization of Needs

Criteria for Prioritization

- Urgency and potential for impact
- Root cause that is able to be addressed in given timeframe
- Alignment with school mission and vision and mission and vision of District
- Alignment with priorities of other schools within District

Ranked Needs

- Priority 1
- Priority 2
- Priority 3

4. Draft Plans
    - School Improvement Plan: to guide the work in the given timeframe, see separate template

Section 2: Synthesis of all Information Gathered

- Meeting agendas
- Meeting notes
- Coaching logs

Who is on the leadership team? How clear are their roles and responsibilities? How much experience do they have at this school, and in general?	
What development and support is in place for leadership team members? Is there any gap between what is supposed to happen and what is actually happening? How effective is leadership team development?	
How are leadership team members evaluated? What outcomes are they accountable for? What does accountability look like?	
How does the leadership team work together? What systems and structures do or don't support their collaboration?	

Teacher Development

Data Analysis

- Teacher retention
- Teacher attendance
- Teacher satisfaction/ engagement

Document Analysis

- Professional development plans
- Meeting agendas

- Meeting notes
- Coaching templates
- Coaching logs
- Evaluation templates

What story does the relevant data from the last three years tell us?	
What expectations have been communicated to teachers? How have they been communicated?	
What development and support is in place for teachers? Is there any gap between what is supposed to happen and what is actually happening? How effective is teacher development?	
What is a teacher's meeting cadence? How are meetings used? How effective is meeting time in developing teachers?	
How are teachers evaluated? What outcomes are they accountable for? What does accountability look like?	
Are staffing decisions within the school strategic?	

Academic Performance

Data Analysis

- Student growth and achievement data across content areas, grade levels, and student groups
    - Aimsweb
    - i-Ready
    - Benchmark
    - TN Ready
- Student grad and ready grad

Document Analysis

- Meeting agendas
- Intellectual preparation templates

- Progress reports/ report cards

What story does the relevant data from the last three years tell us?	
How/ Is the schedule used as a strategic tool to support academic priorities?	
Is there a clear vision for what rigorous instruction looks like? Is everyone aligned? How effectively have people internalized it?	
How/ Is HQIM being implemented?	
How/ Is data being used?	
What systems exist to support all learners? How effectively are those systems implemented?	
How/ Do students and families understand their (student's) current academic standing?	

Student Culture

Data Analysis

- Student attendance
- Student attrition/ retention
- Student Satisfaction
- RTI^2-B
- Discipline incidents
- Suspensions

Document Analysis

- Handbooks
- Discipline logs

What story does the relevant data from the last three years tell us?	
How invested are students in coming to school and working hard to learn?	
Are student social and emotional needs being met?	

How positive is student culture? What opportunities do students have for pride and celebration?	
What story is student discipline data telling us?	

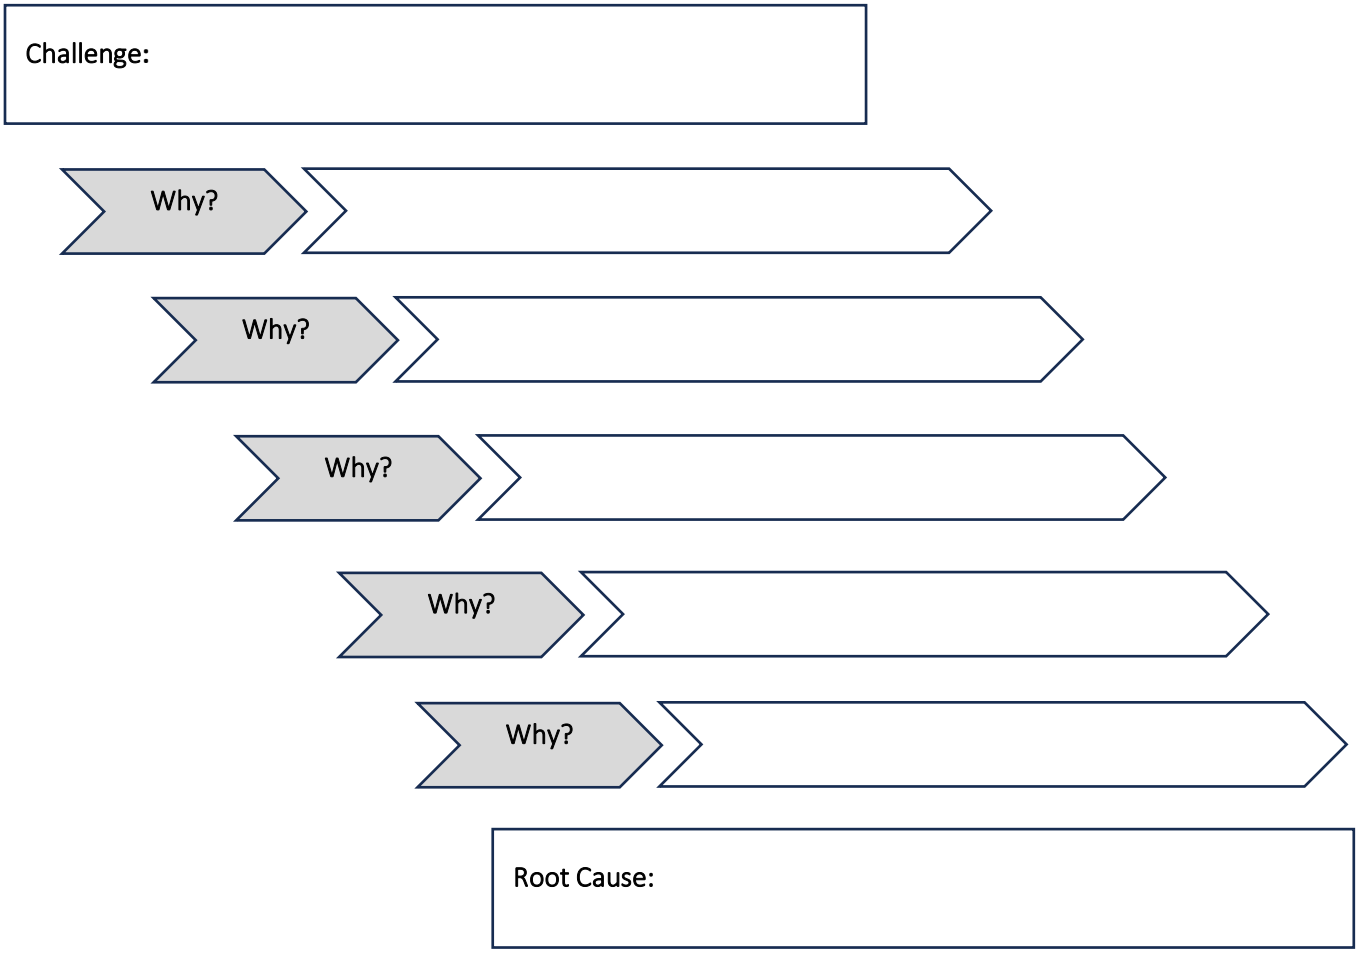
Schoolwide Operational Systems

Data Analysis

- Family/ student satisfaction
- Student attendance
- Student attrition/ retention
- Newsletter consumption data
- Extracurricular participation data

Document Analysis

- Newsletters
- Handbooks
- Relevant one pagers



What story does the relevant data from the last three years tell us?	
What communication systems exist? How effective are they?	
How smoothly do schoolwide systems run?	
What is the attendance system? How are students and families with attendance challenges supported?	
What does community and family engagement look like? How effective is it?	
What role do extracurriculars play for students?	

Section 3: Trends, Strengths, and Challenges

Trends	
Strengths	
Challenges	

Section 4: Root Cause Analysis

For the challenges identified in section 3, complete a root cause analysis, using 5 whys.

Section 5: Prioritization of Needs

Criteria for Prioritization

- Urgency and potential for impact
- Root cause that is able to be addressed in given timeframe
- Alignment with school mission and vision and mission and vision of District
- Alignment with priorities of other schools within District

Ranked Needs

Priority 1	

Priority 2	
Priority 3	

Additional Needs that are Being Deprioritized and Rationale

Need 4	
Need 5	
Need 6	

Section 6: Draft Plans

- See school specific School Improvement Plan to guide the work in the given timeframe

Section 7: Data Visualizations

- Insert relevant charts and graphs

School Improvement Plan

Purpose:

This plan is intended to be a guide for improvement work over the given timeframe.

Organization Note:

The actions that come out of this plan will be captured in a tracking template in excel to be managed as a project plan, so progress is visible and easily reported.

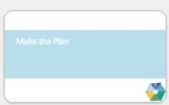
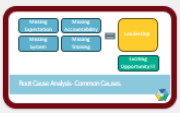
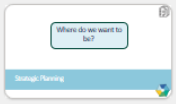
Introduction to Strategic Planning

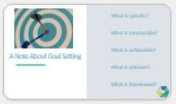


6/25/24

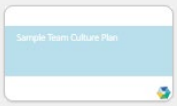


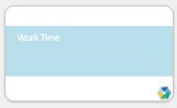
12:45-3:30

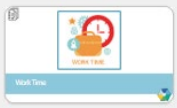




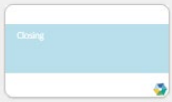
Agenda	Objectives
• The Impact of Trust and Safety on Teams • What Makes Strong Team Culture? • How to Shift Culture • Make the Plan • Closing	• Identify the key attributes of strong team culture • Examine actions we can take to make improvements on team culture - Strategically plan for the team culture we want to create in our schools







Slide	*Timestamp*	*Notes*
1  2  3  4 	12:45-12:47 2 minutes AG	Intro objectives, agenda, alignment - This is about people leadership and DEI because it is all about ensuring that all of our people, with their identities, strengths, areas for growth, traumas, etc. can bring their whole selves to school and be their best educator possible for our kids Framing note for APs - There will be times in this session where it makes the most sense to operate with a schoolwide lens and then times where it may be most helpful to think specifically about the team you manage and the culture within that team. Either mindset/ lens is ok.



5  6  7  8  9  10  11 	12:47-1:08 21 total minutes EM	We are going to start by watching a video of Simon Sinek. You have space in your handout to take notes. Afterwards we will have a brief discussion. https://youtu.be/P8ojeO9za84 watch 00:00-4:40 and 7:22-9:00 4 minutes on each question - Have you ever known a "Noah" in your own experience? Which version did you know, and what made them that way? - What is the benefit of people feeling comfortable enough to surface their mistakes proactively? - Is this true? - *"If you do not have trusting teams, what you do have is a group of people who show up to work every single day— lying, hiding, and faking.* 2 minutes to make a connection to the big idea that this work is the leaders job. We know that people quit bosses and not jobs. This research makes that especially clear in our work. And here is a quote from Dr. Jason's Grissom's recent work How Principals Affect Students and Schools • read the quote out loud
12  13  	1:08-1:12 4 minutes EM	Now let's talk about what actually makes a culture strong. Have a volunteer read this statement aloud. Here from 3-4 people about what it means to them. Stamp the idea that leaders must be intentional about what culture they want to build. We have to do this work on purpose with a plan.
14 	1:12-1:21 9 minutes EM	Let's dig into a resource that gives some clear guidance on what makes for a strong team culture. Pull our your resource that says Team Culture Criteria for Success and your reflection questions on the handout. Take 5 minutes to read through the document and answer the 3 reflection questions: - What stands out to you?

		- Is there anything you know but often forget? - Is there anything you think is missing? Take 3 minutes to surface interest reflections on the CFS doc
15 	1:21-1:27 6 minutes EM	Now in the spirit of what makes a strong team culture, take 3 minutes and write down five words or phrases that you want to describe your teams' culture this coming year. Have 5 people read their words/ phrases aloud.
16  17  18 	1:27-141 14 minutes EM	Now let's start shifting to the actions we need to drive the types of cultures we want to build. We are going to read an article about shifting culture in a company. Find your article titled Changing Company Culture Requires a Movement Not a Mandate. Feel free to take notes right in the margins. We'll take 8 minutes to read and then discuss. A bit of context: this is that last section and not the full article. Dr. Reddy's is a pharmaceutical company and Prasad is the CEO of that company. They use them for some examples of the actions they are discussing. When 8 minutes are up, ask what people's takeaways were. Facilitate a whole group discussion for 5 minutes. Stamp the five key actions from the article. Note that we are using some more typical education related language to name the actions that we discussed in the article.
19  20 	1:41-1:42 1 minute AG	And the way we ensure we do all of those things is that we make a plan. Each of those 5 key actions for how to change culture could be a driver in your plan. So let's get into the work of actually planning We are going to go through the strategic planning process that we went through earlier this morning. This time, we will anchor on a sample team culture plan and we will talk through a few of the components in more depth. You'll want to follow along on pager 3 of your handout where we have the team culture strategic plan model.

21  22 	1:42-1:43 1 minute AG	Our first section is where are we now. I want to go through a couple key ideas to ensure everyone understands what makes this process effective. The current state should be grounded in data. These are common pieces of data used to understand team culture. It's also helpful if there is a relative measure… our data says X compared to district data which says Y
23 	1:43-1:45 2 minutes AG	Look at the sample plan and read the current state. What do you notice?
24  25 	1:45-1:49 4 minutes AG	Now let's move onto root cause analysis. This is where we are going to determine some of the root causes for our current state. To do this we use the 5 whys approach, which means we ask ourselves why and then repeat that question 5 times to get to the actual root of the issue. Let's do 2 examples together. Walk through the two slides, each box is animated. Emphasize that we are asking why as a follow up to whatever answer we gave. Why were we late for work -> did have time to drop son -> why didn't we have time to drop son -> did not wake up early -> why didn't wake up early, etc.
26  27  28 	1:49-1:57 8 minutes AG	I want to call attention to some very common root causes. (animated) - Missing expectations - Missing systems - Missing accountability - Missing training What do all of these things go back to? Leadership. It's real, it's almost always us at the root cause in some way. AND it should be because that means we have control over the situation. This is exciting, because when the problem is us, we can fix it. A quick little video to remind us of this reality. Watch until 1m25 seconds of the video. Everything is our fault… and it should be. Personal responsibility, ownership over outcomes, ultimately we are responsible for the way our teams and schools function. And again, it's exciting because when it's on us, we can actually do something about it.

		OK. Take a minute to read through the root cause analysis on the sample plan. Note that they arrow is where they are asking "why." What do you notice?
29  30 ★ 	1:57-1:59 2 minutes AG	Let's move on to where do we want to be? As you are working on your vision for team culture, remember the things we talked about yesterday when we were deep in the weeds of school identity. Alignment here will be important. DO you have a district or CMO mission or vision that you want to align with? What about your school mission, vision, and values? This can be a great place to start to ensure alignment. Other things to consider here are leader non-negotiables, are there a few things that just REALLY care about and need to include? And finally, your team input. A note about this. The best to do this type of visioning work is on your own, then with admin/ LT, then with whole team. P's facilitate the sessions such that everyone has input, but you also know what you are driving towards, where you are willing to bend and where you are not.
31 	1:59-2:01 2 minutes AG	Now let's talk about goals. Make sure you are thinking about SMART goal practices as you set goals and benchmarks. Specific- it's clear what you care about. Measurable- you have a way to measure it. Achievable- they are realistic based on your current resources. Relevant- connected to your larger big picture work. Timebound- have a clear point in time when it will be measured.
32 	2:01-2:04 3 minutes AG	OK let's read through the Where do we want to be section of the sample plan. What do you notice?
34 ★ 	2:04-2:08 4 minutes AG	Now let's get into how can we get there. I want to take you through a couple resources you have access to, to help you think about your drivers, those big buckets of work, the actions, the smaller things within each larger bucket, and owners. Animated

		The first resource we looked at is the Team Culture CFS doc. This list things that could be drivers. Same with our 5 key takeaways from the article we read. These are all big buckets of work that would drive improvements in team culture. The final resource is the one pager called A Resource for Building Team Culture. This will give you some idea for actions- smaller things within each larger bucket that would align to improving relationships and trust. Take 2 minutes to review that document now.
35 	2:08-2:14 6 minutes AG	OK let's read through the How do we get there section of the sample plan. What do you notice?
36  37 	2:14-2:21 8 minutes AG	Now we are going to take about 3 minutes to review the sample plan in its entirety. As you are reading think about what strengths you see and what opportunities you see. Note that pages 6 -8 are an example of what a final formatting that you print for the whole team could look like. Have people share out at tables for 3 minutes and then name 3-4 interesting things you heard.
38  39 	2:21-3:21 1 hour AG	OK now it's time for you to dive in and work on your own team culture strategic plan for the next hour. The template is in your handout and we will email out a soft copy so you have it if you want to work on your computers. Work on whatever plan make the most sense given your role and current ownership level. APs and SLs can work together if both here. APs can work on team level plans if working on school level plan does not make sense. Both are valuable. Facilitators have zones/ assigned people to check in on.

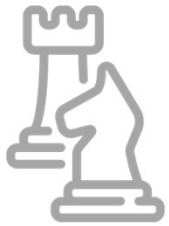
40  41  42 	AG	Bring the group together. Name 2-3 success from the work time. Have people reflect on these three questions and here from 5-6 people.

Team Culture Strategic Planning

Summer Prep 2024

Objectives:

- Identify the key attributes of strong team culture
- Examine actions we can take to make improvements on team culture
- Strategically plan for the team culture we want to create in our schools



Agenda

- The Impact of Trust and Safety on Teams
- What Makes Strong Team Culture?
- How to Shift Culture
- Make the Plan
- Closing

Alignment

Diversity, Equity, & Inclusion

The Impact of Trust and Safety on a Team

THE HIDDEN COST OF LOW
TRUST
IN TEAMS

Foundation of Culture: Trust

Discussion Question 1:

Have you ever known a “Noah” in your own experience? Which version did you know, and what made them that way?

Foundation of Culture: Trust

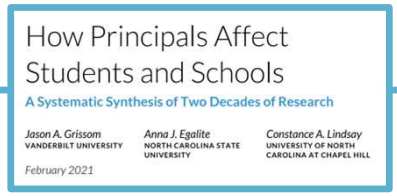
Discussion Question 2:

What is the benefit of people feeling comfortable enough to surface their mistakes proactively?

Foundation of Culture: Trust

Discussion Question 3:
Is this true?

"If you do not have trusting teams, what you do have is a group of people who show up to work every single day—lying, hiding, and faking."



Teachers regularly name principal support as one of the most important factors in their decisions to stay or leave a school (Podolsky et al., 2016)

Principals Impact Retention

Principals' relationships with teachers and their ability to build trust are important for teacher retention (Guin 2004)… it is even more beneficial for decreasing turnover among the strongest teachers. Indeed, high-growth schools are better at retaining high-performing teachers (Loeb, Kalogrides, and Béteille 2012). When schools lose effective teachers, student achievement is negatively affected (Kraft 2015).

How Principals Affect Students and Schools

A Systematic Synthesis of Two Decades of Research

Jason A. Grissom, Vanderbilt University; Anna J. Egalite, North Carolina State University; Constance A. Lindsay, University of North Carolina at Chapel Hill

February 2021

Principals Impact Retention

What Makes Strong Team Culture?

Whether intentional or not, your organization has a culture.

What Makes Strong Team Culture

PIVOT
SCHOOL IMPROVEMENT LEADERS

Team Culture Criteria for Success

1. Leaders believe in their people.
2. Leaders have a vision for team culture that aligns to the mission and vision for their school.
    - Have a vision, ideally co-created with the team.
    - Have concrete ways to define and measure that vision in action including what is looks, sounds, and feels like across various situations.
    - Strategies to measure the vision should include the team's voice.
3. Leaders have a plan and execute against it.
    - Actually do the progress monitoring and use the data to plan and support improvements.
    - Communicate improvements in an inspiring way and follow through on commitments.

What Makes Strong Team Culture

Write down five words or phrases that you want to describe your teams' culture.

What Makes Strong Team Culture

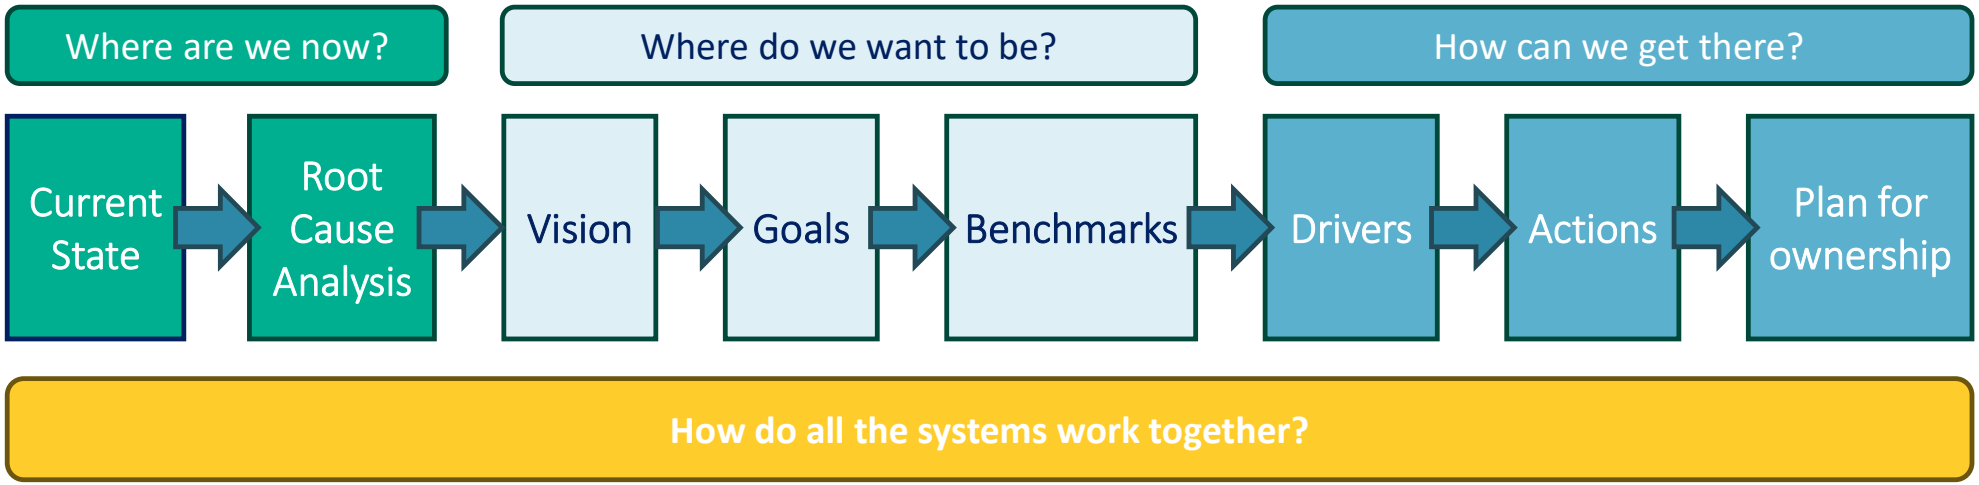
How to Shift Culture?

Changing Company Culture Requires a Movement, Not a Mandate

by Bryan Walker and Sarah A. Soule

June 20, 2017

Changing Company Culture Requires a Movement, Not a Mandate

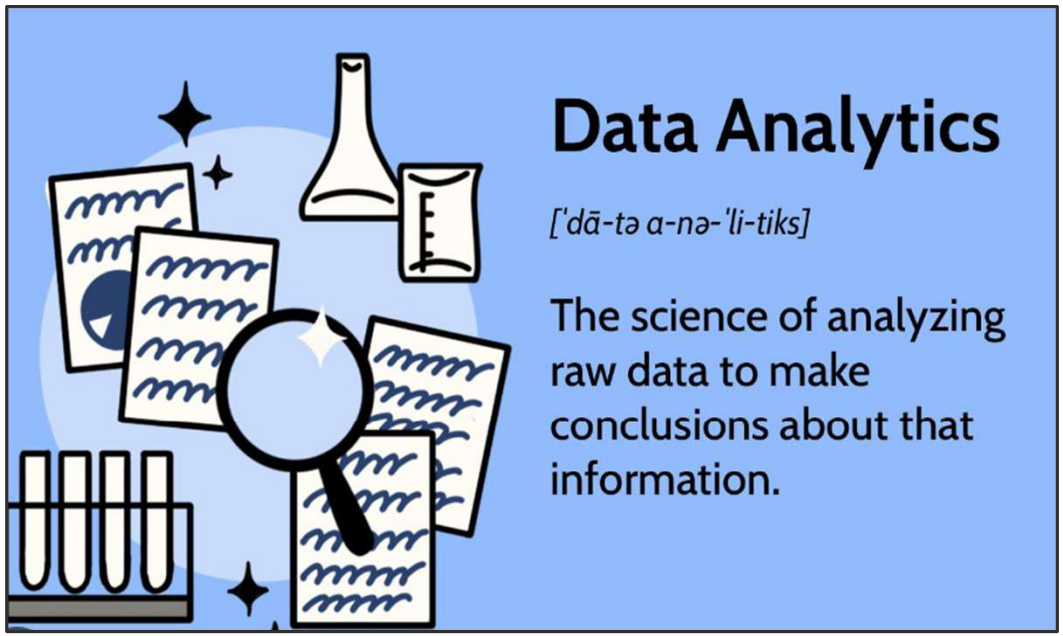


by Bryan Walker and Sarah A. Soule

June 20, 2017

Key Takeaways

1. Framing/ stories
2. Find and name wins/ celebrate the progress
3. Power of networks/ coalitions
4. Pilots (safe havens)
5. Symbols/ artifacts

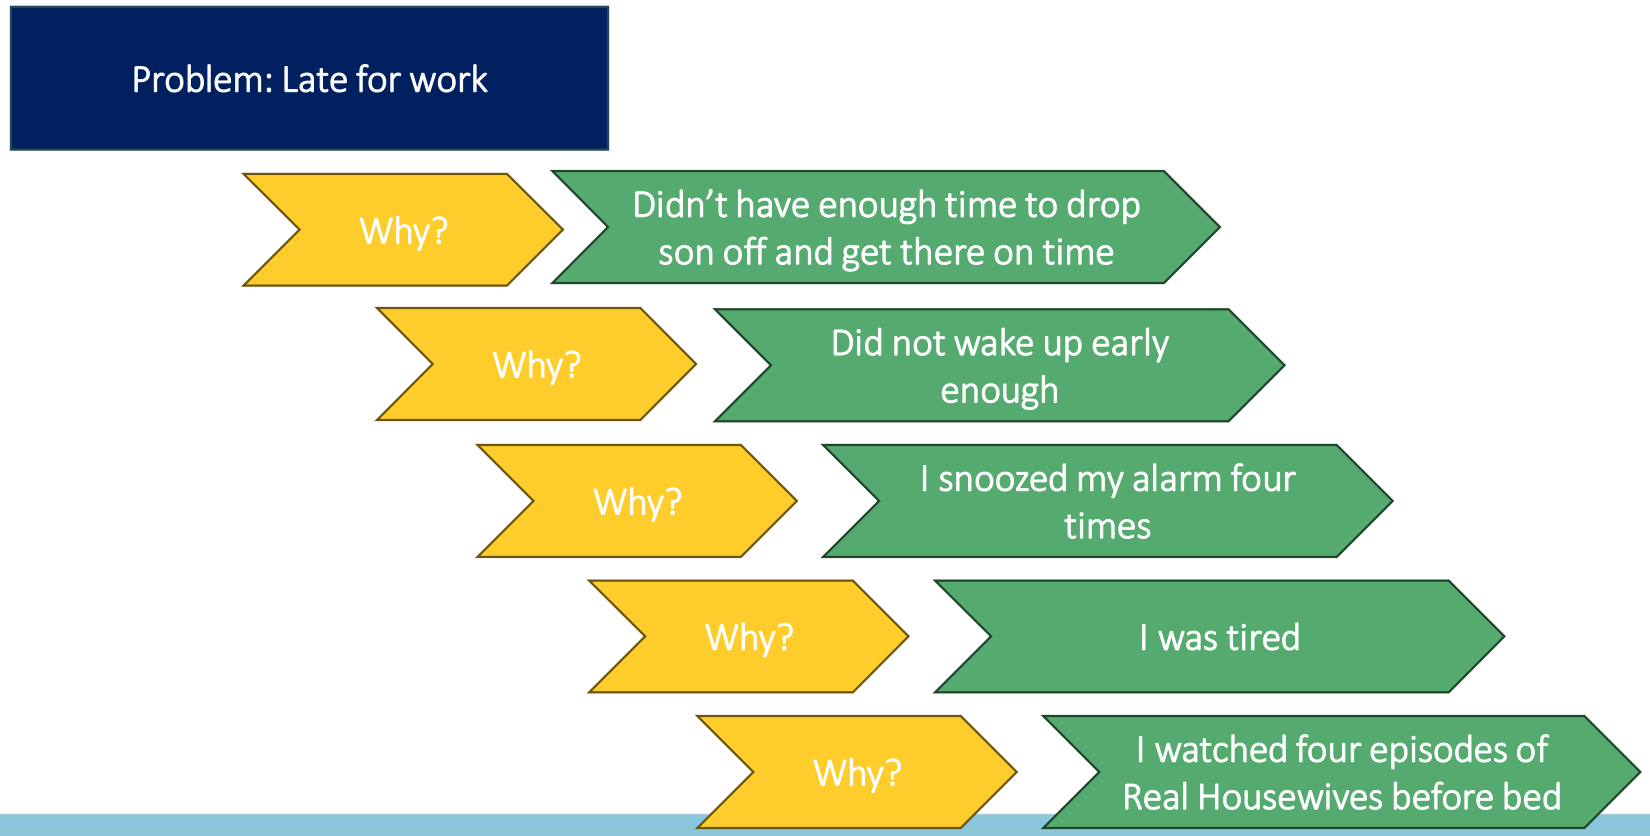


Strategic Planning

Make the Plan

Where are we now?

Strategic Planning



- Teacher Retention
- Internal Surveys
- TN Educator Survey
- One on ones
- Insight Survey
- Teacher attendance data
- Other qualitative data

Current State

Where are we now?

Current State	Teacher retention is 72%, lower than the state average of 92%. On the insight survey, peer culture and observation feedback are the two lowest domains, lower than the district average and lower than the national average. Anecdotal evidence from teachers suggests that there is low trust among teams or between teachers and leadership team.

Current State

School mission, vision, values

Team input

Vision Statement

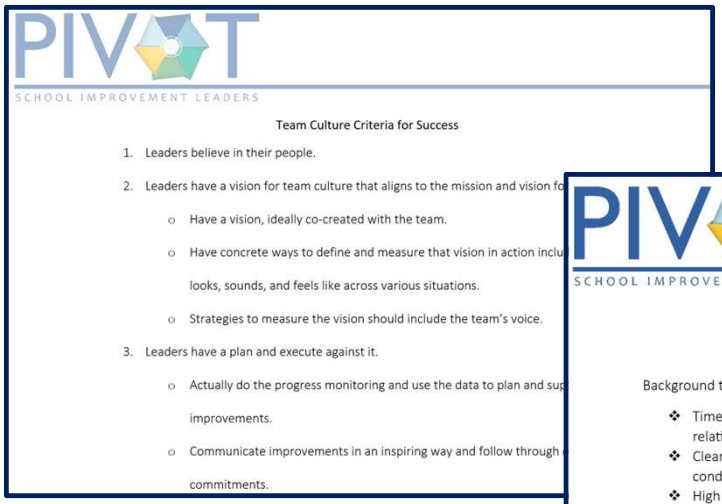
A Note About Goal Setting

What is specific?

What is measurable?

What is achievable?

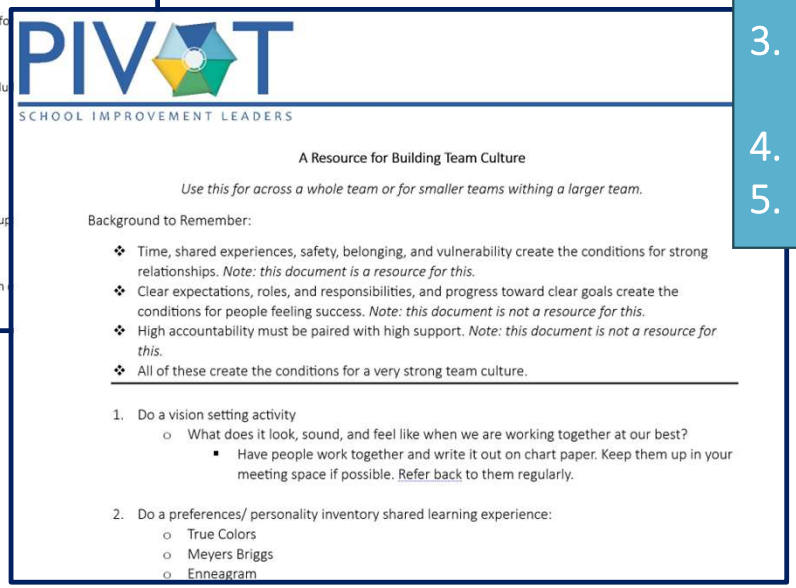
What is relevant?



What is timebound?

Where do we want to be?

Vision	We will have a collaborative, committed, optimistic, honest team that feels connected to our work and each other.
Goals	By August of next year, 85% of people invited to return choose to stay. In both fall and spring administration of insight survey, peer culture and observation feedback scores will improve at least half of a point to 4.7 and 5.1 respectively.
Benchmarks	Admin will do an internal team survey after summer PD wraps, at the end of August, end of Q1, end of Q2, end of Q3, end of year. The survey will be anonymous and will include the following items: • I feel connected to my teammates. • I want to collaborate with my teammates. • I am committed to our mission. • I can be honest with my teammates. • I know how we define great teaching at my school. • I am getting weekly feedback on my coaching. • The coaching I am getting is useful.



Strategic Planning

How can we get there?

PIVOT
SCHOOL IMPROVEMENT LEADERS

A Resource for Building Team Culture

Use this for across a whole team or for smaller teams withing a larger team.

Background to Remember:

- Time, shared experiences, safety, belonging, and vulnerability create the conditions for strong relationships. *Note: this document is a resource for this.*
- Clear expectations, roles, and responsibilities, and progress toward clear goals create the conditions for people feeling success. *Note: this document is not a resource for this.*
- High accountability must be paired with high support. *Note: this document is not a resource for this.*
- All of these create the conditions for a very strong team culture.

1. Do a vision setting activity
   - What does it look, sound, and feel like when we are working together at our best?
     - Have people work together and write it out on chart paper. Keep them up in your meeting space if possible. Refer back to them regularly.

2. Do a preferences/ personality inventory shared learning experience:
   - True Colors
   - Meyers Briggs
   - Enneagram

1. Framing/ stories
2. Find and name wins/ celebrate the progress
3. Power of networks/ coalitions
4. Pilots (safe havens)
5. Symbols/ artifacts

Drivers and Actions

How can we get there?

Drivers	Actions	Plan for Ownership
Defining our culture collaboratively and investing everyone in the ownership.	Whole group PD session where we build knowledge around culture, define what we want as a team, draft artifacts to document what we want. Having everyone commit to the agreed upon vision by signing a document that says they commit and explaining why they choose to commit. Posting these in the teacher work room. Team culture vision will be on the top of all agendas for whole staff and grade team meetings. Once a month we will reflect on it and discuss what is going well and what we could do better as a team.	Principal Principal and secretary Grade level leads

Team Culture

Where are we now?

Current State	Teacher retention is 72%, lower than the state average of 92%. On the insight survey, peer culture and observation feedback are the two lowest domains, lower than the district average and lower than the national average. Anecdotal evidence from teachers suggests that there is low trust among teams or between teachers and leadership team.
Root Cause Analysis	RCA #1 Teachers are not getting consistent support from admin -> we do not have a clear structure for which administrators are responsible for supporting which teacher and what exactly that support should look like -> we did not prioritize this last year -> we were very focused on implementing HQIM with fidelity because we knew it was a lever for student learning and missed that consistent teacher support is a huge lever for effective implementation too RCA #2 Teachers are not getting consistent support from each other; they do not show ownership over their teams' impact -> we have not talked about this with them, we haven't defined what it means, or thought about how to make it happen -> we did not view this as a lever for improvement

Where do we want to be?

Vision	We will have a collaborative, committed, optimistic, honest team that feels connected to our work and each other.
Goals	By August of next year, 85% of people invited to return choose to stay. In both fall and spring administration of insight survey, peer culture and observation feedback scores will improve at least half of a point to 4.7 and 5.1 respectively.
Benchmarks	Admin will do an internal team survey after summer PD wraps, at the end of August, end of Q1, end of Q2, end of Q3, end of year. The survey will be anonymous and will include the following items: • I feel connected to my teammates. • I want to collaborate with my teammates. • I am committed to our mission. • I can be honest with my teammates. • I know how we define great teaching at my school. • I am getting weekly feedback on my coaching. • The coaching I am getting is useful.

How can we get there?

Drivers	Actions	Plan for Ownership
Defining our culture collaboratively and investing everyone in the ownership.	Whole group PD session where we build knowledge around culture, define what we want as a team, draft artifacts to document what we want. Having everyone commit to the agreed upon vision by signing a document that says they commit and explaining why they choose to commit. Posting these in the teacher work room. Team culture vision will be on the top of all agendas for whole staff and grade team meetings. Once a month we will reflect on it and discuss what is going well and what we could do better as a team.	Principal Principal and secretary Grade level leads
Shared whole team experiences that intentionally build culture.	Whole group PD session where everyone shares their "why" or their story to root ourselves in our shared purpose for our work. Three group activities throughout the year that build team in a fun way off campus. Gratitude or shoutout circles during staff meetings. Top ten list during every whole staff meeting where principal names the 10 most amazing things that have happened in the school since last meeting and uses it to publicly celebrate teachers.	Principal Assistant principal Principal Principal
Shared sub team (grade, content, etc.) experiences that intentionally build culture.	Team builder during weekly grade team meeting. Team culture vision will be on the top of all agendas for whole staff and grade team meetings. Once a month we will reflect on it and discuss what is going well and what we could do better as a team. Grade teams celebrate each other's birthdays and life events.	Grade team leads, note that admin who oversees each grade level needs to attend twice per month to ensure they are viewed as connected to team and to monitor that culture work is happening.

Strategic Plan, Final, Model

Note: this is the version to share with the whole team

Team Culture

Vision Statement

We will have a collaborative, committed, optimistic, honest team that feels connected to our work and each other.

Our Goals

1. By August of next year, 85% of people invited to return chose to stay.
2. In both fall and spring administration of insight survey, peer culture and observation feedback scores will improve at last half of a point to 4.7 and 5.1 respectively.

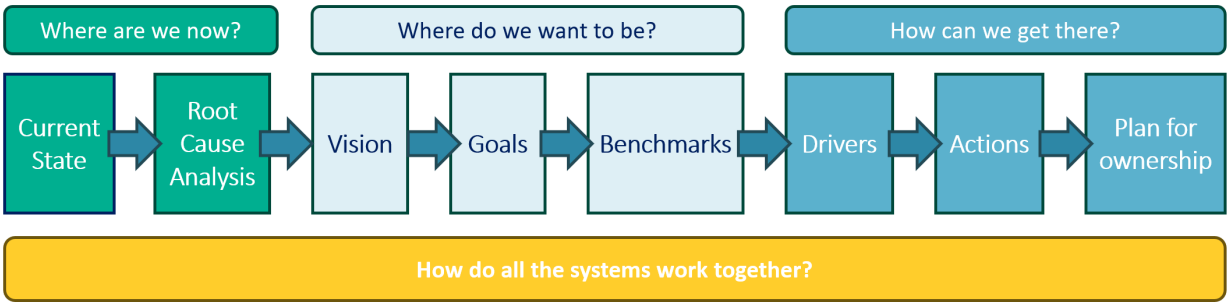
Benchmarks

We will know where we stand in relation to these goals through a regular internal team survey that is short but will provide real time information that we can use to make adjustments to our plan along the way.

Admin will do an internal team survey after summer PD wraps, at the end of August, end of Q1, end of Q2, end of Q3, end of year. The survey will be anonymous and will include the following items:

- I feel connected to my teammates.
- I want to collaborate with my teammates.
- I am committed to our mission.
- I can be honest with my teammates.
- I know how we define great teaching at my school.
- I am getting weekly feedback on my coaching.
- The coaching I am getting is useful.

Action Plan



We will achieve these outcomes through the following work:

Drivers	Actions	Plan for Ownership
Defining our culture collaboratively and investing everyone in the ownership.	Whole group PD session where we build knowledge around culture, define what we want as a team, draft artifacts to document what we want. Having everyone commit to the agreed upon vision by signing a document that says they commit and explaining why they choose to commit. Posting these in the teacher work room. Team Culture Criteria for Success

1. Leaders believe in their people.
2. Leaders have a vision for team culture that aligns to the mission and vision for their school.
    - Have a vision, ideally co-created with the team.
    - Have concrete ways to define and measure that vision in action including what is looks, sounds, and feels like across various situations.
    - Strategies to measure the vision should include the team's voice.
3. Leaders have a plan and execute against it.
    - Actually do the progress monitoring and use the data to plan and support improvements.
    - Communicate improvements in an inspiring way and follow through on commitments.
    - Dedicate time to actively building and maintain relationships with, between, and among the team.
4. Every person on the team has clear
    - Roles and responsibilities
    - Expectations for how
    - Clear goals
    - A way to see their successes
5. Everyone has a peer who is "their person" and everyone has a leader who is their "person." Generally, there are strong relationships across the team.
6. High accountability for outcomes paired with high support to grow.

A Resource for Building Team Culture

Use this for across a whole team or for smaller teams withing a larger team.

Background to Remember:

- Time, shared experiences, safety, belonging, and vulnerability create the conditions for strong relationships. *Note: this document is a resource for this.*
- Clear expectations, roles, and responsibilities, and progress toward clear goals create the conditions for people feeling success. *Note: this document is not a resource for this.*
- High accountability must be paired with high support. *Note: this document is not a resource for this.*
- All of these create the conditions for a very strong team culture.

---

1. Do a vision setting activity
    - What does it look, sound, and feel like when we are working together at our best?
        - Have people work together and write it out on chart paper. Keep them up in your meeting space if possible. Refer back to them regularly.

2. Do a preferences/ personality inventory shared learning experience:
    - True Colors
    - Meyers Briggs
    - Enneagram
    - Strengths finder
    - Etc.

3. Co-create norms
    - Anchor on them at the beginning of each meeting
    - Give shout outs grounded in them at the end of each meeting

4. Save 10 minutes in regular meetings to do a share
    - Have team members rotate who has to generate the share question. They can be fun/ surface level or deeper personal topics.

5. Save 10 minutes in regular meetings to do gratitude
    - Whip around the circle and everyone shares what they are grateful for today (personal or professional)
    - Whip around the circle and have everyone share a gratitude directed towards someone else in the room

6. Make time for some “mandatory fun”
    - Do a bonding activity outside of school

        - Escape room
        - Hiking
        - Scavenger hunt
        - Dinner together

7. Play games
    - Make fun games out of the normal work
        - How many pieces of positive feedback can we give the team today?
            - Hit a goal and celebrate… get to 100 pieces of positive feedback and get everyone coffee
        - Need to get referrals down: set a target and chase it together, tracking in meetings and celebrating along the way. Make a big celebration when you achieve it.
    - Play actual games that build team like catchphrase, taboo, heads up, just one, etc.

8. Make an award that gets passed from teammate to teammate
    - Leader gives it to someone for doing an exceptional job with a leadership team norm or expectation, then that person passes it to someone else and so on. The award changes hands each week.

Changing Company Culture Requires a Movement, Not a Mandate

by Bryan Walker and Sarah A. Soule

June 20, 2017

Summary. Culture is like the wind. It is invisible, yet its effect can be seen and felt. When it is blowing in your direction it makes for smooth sailing. When it is blowing against you, everything is more difficult. For organizations seeking to become more adaptive and innovative, culture change is often the most challenging part of the transformation. But culture change can't be achieved through top-down mandate. It lives in the collective hearts and habits of people and their shared perception of "how things are done around here." Culture change needs to happen through a movement, not a mandate. To create a movement in your organization, start by framing the issue in terms that stir emotion and incite action; then mobilize more supporters by demonstrating quick wins. Broadcast these wins to an even wider audience by leveraging employees' social networks, and using symbolism and pockets of innovation to keep momentum going. It's important to start with actions, not new mission statements or company structures, because culture change only happens when people *take action*. Show people the change you want to see. **close**

What Does a Movement Look Like?

To draw parallels between the journey of Dr. Reddy's and a movement, we need to better understand movements.

We often think of movements as starting with a call to action. But movement research suggests that they actually start with emotion — a diffuse dissatisfaction with the status quo and a broad sense that the current institutions and power structures of the society will not address the problem. This brewing discontent turns into a movement when a voice arises that provides a positive vision and a path forward that's within the power of the crowd.

What's more, social movements typically start small. They begin with a group of passionate enthusiasts who deliver a few modest wins. While these wins are small, they're powerful in demonstrating efficacy to nonparticipants, and they help the movement gain steam. The movement really gathers force and scale once this group successfully co-opts existing networks and influencers. Eventually, in successful movements, leaders leverage their momentum and influence to institutionalize the change in the formal power structures and rules of society.

Practices for Leading a Cultural Movement

Leaders should not be too quick or simplistic in their translation of social movement dynamics into change management plans. That said, leaders can learn a lot from the practices of skillful movement makers.

Frame the issue. Successful leaders of movements are often masters of framing situations in terms that stir emotion and incite action. Framing can also apply social pressure to conform. For example, "Secondhand smoking kills. So shame on you for smoking around others."

In terms of organizational culture change, simply explaining the need for change won't cut it. Creating a sense of urgency is helpful, but can be short-lived. To harness people's full, lasting commitment, they must feel a deep desire, and even responsibility, to change. A leader can do this by framing change within the organization's purpose — the "why we exist" question. A good organizational purpose calls for the pursuit of greatness in service of others. It asks employees to be driven by more than personal gain. It gives meaning to work, conjures individual emotion, and incites collective action. Prasad framed Dr. Reddy's transformation as the pursuit of "good health can't wait."

Demonstrate quick wins. Movement makers are very good at recognizing the power of celebrating small wins. Research has shown that demonstrating efficacy is one way that movements bring in people who are sympathetic but not yet mobilized to join.

When it comes to organizational culture change, leaders too often fall into the trap of declaring the culture shifts they hope to see. Instead, they need to spotlight *examples of actions* they hope to see more of within the culture. Sometimes, these examples already exist within the culture, but at a limited scale. Other times, they need to be created. When Prasad and his leadership team launched projects across key divisions, those projects served to demonstrate the efficacy of a nimble, innovative, and customer-centered way of working and of how pursuit of purpose could deliver outcomes the business cared about. Once these projects were far enough along, the Dr. Reddy's leadership used them to help communicate their purpose and culture change ambitions.

Harness networks. Effective movement makers are extremely good at building coalitions, bridging disparate groups to form a larger and more diverse network that shares a common purpose. And effective movement makers know how to activate existing networks for their purposes. This was the case with the leaders of the 1960s civil rights movement, who recruited members through the strong community ties formed in churches. But recruiting new members to a cause is not the only way that movement makers leverage social networks. They also use social networks to spread ideas and broadcast their wins.

Leadership at Dr. Reddy's did not hide in a back room and come up with their purpose. Over the course of several months, people from across the organization were engaged in the process. The approach was built on the belief that people are more apt to support what they have a stake in creating. And during the organization-wide launch event, Prasad invited all employees to make the purpose their own by defining how they personally would help deliver "good health can't wait."

Create safe havens. Movement makers are experts at creating or identifying spaces within which movement members can craft strategy and discuss tactics. Such spaces have included beauty shops in the Southern U.S. during the civil rights movement, Quaker work camps in the 1960s and 1970s, the Seneca Women's Encampment of the 1980s and early 1990s. These are spaces where the rules of engagement and behaviors of activists are different from those of the dominant culture. They're microcosms of what the movement hopes will become the future.

The dominant culture and structure of today's organizations are perfectly designed to produce their current behaviors and outcomes, regardless of whether those outcomes are the ones you want. If your hope is for individuals to act differently, it helps to change their surrounding conditions to be more supportive of the new behaviors, particularly when they are antithetical to the dominant culture. Outposts and labs are often built as new environments that serve as a microcosm for change. Dr. Reddy's established two innovation labs to explore the future of medicine and create a space where it's easier for people to embrace new beliefs and perform new behaviors.

Embrace symbols. Movement makers are experts at constructing and deploying symbols and costumes that simultaneously create a feeling of solidarity and demarcate who they are and what they stand for to the outside world. Symbols and costumes of solidarity help define the boundary between "us" and "them" for movements. These symbols can be as simple as a T-shirt, bumper sticker, or button supporting a general cause, or as elaborate as the giant puppets we often see used in protest events.

Dr. Reddy's linked its change in culture and purpose with a new corporate brand identity. Internally and externally, the act reinforced a message of unity and commitment. The entire company stands together in pursuit of this purpose.

The Challenge to Leadership

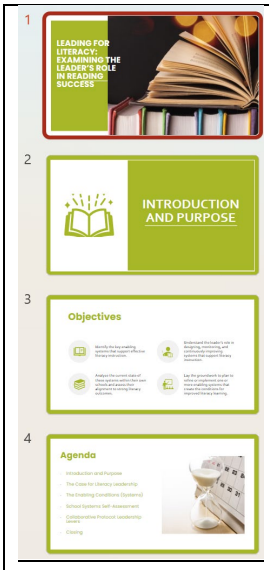
Unlike a movement maker, an enterprise leader is often in a position of authority. They can mandate changes to the organization — and at times they should. However, when it comes to culture change, they should do so sparingly. It's easy to overuse one's authority in the hopes of accelerating transformation.

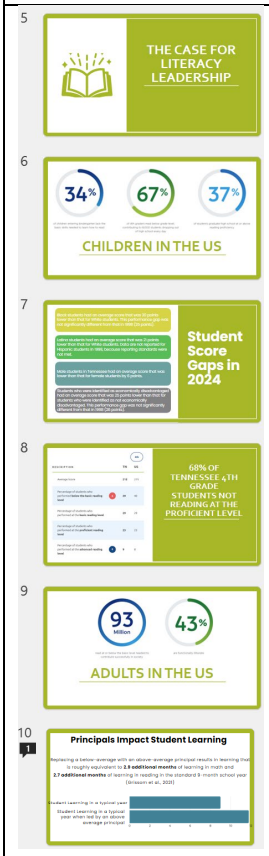
It's also easy for an enterprise leader to shy away from organizational friction. Harmony is generally a preferred state, after all. And the success of an organizational transition is often judged by its seamlessness.

In a movements-based approach to change, a moderate amount of friction is positive. A complete absence of friction probably means that little is actually changing. Look for the places where the movement faces resistance and experiences friction. They often indicate where the dominant organizational design and culture may need to evolve.

And remember that culture change only happens when people *take action*. So start there. While articulating a mission and changing company structures are important, it's often a more successful approach to tackle those sorts of issues after you've been able to show people the change you want to see.

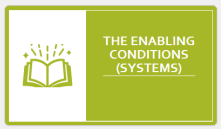
Leading for Literacy: Examining the Leader's Role in Reading Success

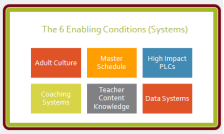


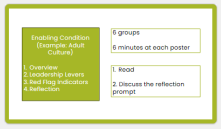


2 hours

Objectives:	**Agenda:**
- Identify the key enabling systems that support effective literacy instruction. - Understand the leader's role in designing, monitoring, and continuously improving systems that support literacy instruction. - Analyze the current state of these systems within their own schools and assess their alignment to strong literacy outcomes. - Lay the groundwork to plan to refine or implement one or more enabling systems that create the conditions for improved literacy learning.	- Introduction and Purpose - The Case for Literacy Leadership - The Enabling Conditions (Systems) - School Systems Self-Assessment - Collaborative Protocol: Leadership Levers - Closing





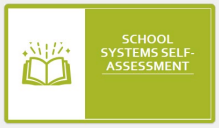


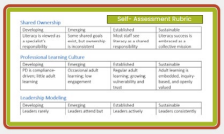
Context:
First content session- intended to lay the foundation for the leader's work in driving strong literacy results.

What will mastery look like?
Being able to identify leadership actions during the group discussion and committing to one thing in closing

Slide	*Timestamp*	*Notes*

	5 minutes	Strong literacy outcomes don't happen by chance—they happen by design. In this session, we will explore the critical role leaders play in creating the conditions for effective literacy instruction. We'll unpack the enabling systems that can make or break schoolwide reading success, including adult culture, master scheduling, high-impact PLCs, coaching structures, the development of teacher knowledge and skills, and data systems. Leaders will walk away with concrete strategies to strengthen these systems and align their leadership moves to accelerate literacy growth for all students. Review objectives and agenda
	30 minutes	The Case for Literacy Leadership Some Framing for this conversation that helps give more context for the data pertaining to student literacy outcomes: - We want to acknowledge that there are systemic structures—such as policies, practices, and historical inequities—that shape the educational experiences of students from marginalized communities - Those systems actively influence how students access opportunity, school funding, neighborhood and family resources, and achieve academic success. By explicitly analyzing these systems, educators can reflect on the work through a justice lens rather than charity, compliance, or a limited perspective of contributing factors.





11  		1. Student achievement data tells us there are tons of kids who aren't reading proficiently when they could and should be (go through slides 6-8) 2. This impacts people into adulthood and the options they have for economic mobility (slide 9) 3. There are 4. Principals and school leaders actually impact student learning (slide 10) Who has seen the Right to Read? Let 1-2 people share what it is about. Watch the trailer. - https://www.youtube.com/watch?v=ptUYVHDeHOw The film centers on the literacy crisis facing the U.S., where millions of children — particularly Black and Brown students — are not learning to read at grade level, despite research showing how effective reading instruction can be. The documentary follows key advocates: • Kareem Weaver, a former Oakland teacher and education activist fighting to change reading curricula. • Jasmine Lane, a first-grade teacher working to ensure her students become confident readers. • NAACP chapters and community leaders who are pushing for legislative and instructional change. It shows how parents, teachers, and community leaders are organizing to demand better literacy outcomes and holding school systems accountable.
12  		

		Discuss: *"How does this connect to your leadership role?"* *What impact could having strong systems for literacy in schools have on student outcomes?* Now we are going to jump into an EdWeek article: Principals have Role: https://www.edweek.org/leadership/principals-have-a-lead-role-in-the-science-of-reading-are-they-ready/2024/05 • 5 minutes to skim- likely won't be able to read the whole thing • Prompt: *Share 2 things that stood out to you* Stamp: Leadership matters: the way leaders design or don't for schools to enable literacy instruction to happen effectively absolutely impacts how much students learn. You all have an incredibly important job to do in this work. It is a privilege and a responsibility.
13  14  15 	45 minutes total 5 to set up 6 minutes per poster= 36 minutes total 4 minutes to wrap the activity whole group	The Enabling Conditions Name the 6 enabling conditions we'll dig into These will be 6 posters around the room- 1 for each enabling condition. On each poster is the following: 1. Brief overview (1-2 min read) 2. Leadership Levers: What does this look like when it's working? 3. Red Flag Indicators: What happens when this condition is weak? 4. Reflection: Principals jot down or discuss how this condition is showing up in their school.

		Break the room up into groups of 3-5, 6 groups total, pending the final number. Each group will start at a different poster and rotate between them; each group gets 6 minutes and each poster reads the prompts/ discusses. *(Facilitator note: The next few bullet points are potential participant responses/ things to lift up if not named.)* 1: Adult Culture • Overview: A learning-focused adult culture normalizes vulnerability, promotes professional growth, and encourages shared ownership of literacy outcomes. • Leadership Levers: Models adult learning, participates in or leads sessions, builds trust in feedback systems through consistent use and multidirectional feedback, prioritizes PD time. • Red Flags: Surface-level collaboration, compliance-driven PD, or isolation among teams. • Reflection: *How does our school culture signal that literacy growth is a collective priority?* 2: Master Schedule • Overview: A strategic schedule allocates protected time for Tier 1 instruction, small-group intervention, and teacher collaboration. • Leadership Levers: Blocks for foundational skills, intervention time, two teachers teaching small group instruction

		simultaneously during center rotations, additional support staff teaching small group instruction, PLC time during contract hours. • Red Flags: Literacy time shortened for test prep, scattered intervention coverage or cancellations, lack of collaboration time. • Reflection: *Does our schedule reflect our belief in the power of literacy?* Station 3: High-Impact PLCs • Overview: Effective PLCs regularly analyze student work and data, engage in unit and lesson level intellectual preparation and practice executing lessons, align to reading standards, and collaborate on instructional strategies. • Leadership Levers: Facilitator training, agenda protocols, connection to student data and texts, leadership physical engagement in PLCs. • Red Flags: PLCs that are focused on logistics, lack of shared planning, or disconnected from core instruction. • Reflection: *Do our PLCs directly improve reading instruction and student understanding?* 4: Coaching Systems • Overview: Coaching structures that are clearly defined, aligned to literacy goals, happen consistently, and support teacher development. • Leadership Levers: Co-observations, feedback cycles, coaching logs aligned to reading strategies.

		• Red Flags: Inconsistent feedback, coaching driven by compliance not development. • Reflection: *Do our coaching practices help teachers grow in literacy instruction?* 5: Teacher Content Knowledge • Overview: Teachers need deep knowledge of literacy components (e.g., phonemic awareness, fluency, comprehension). • Leadership Levers: Skill inventories, targeted PD, Science of Reading-aligned resources. • Red Flags: Lack of common language for instruction, one-size-fits-all PD. • Reflection: *Do we have a clear picture of where our teachers are in their literacy knowledge?* 6: Data Systems • Overview: High-functioning schools use data (screeners, diagnostics, progress monitoring) to inform instruction and intervention. They know the purpose for each assessment and are conscious about getting the info needed without over assessing. • Leadership Levers: Data cycles, team analysis protocols, data tied to action, provide clear expectations for school teams about collecting data regularly; and coaching and development about various ways to collect data and make data informed decisions. • Red Flags: Data that isn't timely or acted upon, analysis without instructional planning.

		• Reflection: *How well are we using literacy data to inform decisions at every level?* Who group wrap up: *what learnings did you have from your group's discussions?*
16  17 	18 minutes	School Systems Self-Assessment • Now that we've dug into each of the 6 systems you are going to get some reflection time to work through each of the 6 and score yourself on how effective they are in your current context. • Point people to the School Literacy Systems Rubric (rating each condition from "Developing" to "Sustainable") • 13 minutes of quiet time for leaders to assess and reflect on the current state. • 4 minute Discussion: *"Which one system, if strengthened, would have the biggest impact in your school?"*

18
 
 	
19
 
	17 minutes	Collaborative Protocol: Leadership Levers
		• Protocol:
		  ○ Share current-state reflections in triads
		  ○ Select 1 enabling system to improve
		  ○ Identify **3** specific leadership actions to strengthen that system (e.g., revise master schedule, launch PLC protocol, create PD plan)
		  ○ Peers give feedback using sentence stems (e.g., "One thing I wonder…")

20  	5 minutes	Closing share: *"One leadership move I commit to making for literacy is…".*

LEADING FOR LITERACY: EXAMINING THE LEADER'S ROLE IN READING SUCCESS

INTRODUCTION AND PURPOSE

Objectives

Identify the key enabling systems that support effective literacy instruction.

Understand the leader's role in designing, monitoring, and continuously improving systems that support literacy instruction.

Analyze the current state of these systems within their own schools and assess their alignment to strong literacy outcomes.

Lay the groundwork to plan to refine or implement one or more enabling systems that create the conditions for improved literacy learning.

Agenda

Introduction and Purpose

The Case for Literacy Leadership

The Enabling Conditions (Systems)

School Systems Self-Assessment

Collaborative Protocol: Leadership Levers

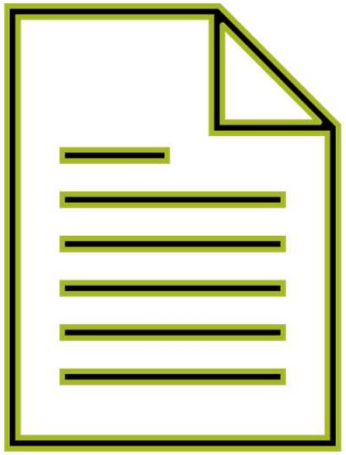
Principals Have a Lead Role in the 'Science of Reading.' Are They Ready?



By Olina Banerji — May 24, 2024 9 min read

THE ENABLING CONDITIONS (SYSTEMS)

The 6 Enabling Conditions (Systems)

Adult Culture	Master Schedule	High Impact PLCs
Coaching Systems	Teacher Content Knowledge	Data Systems

Enabling Condition (Example: Adult Culture)

1. Overview
2. Leadership Levers
3. Red Flag Indicators
4. Reflection

6 groups

6 minutes at each poster

1. Read

2. Discuss the reflection prompt

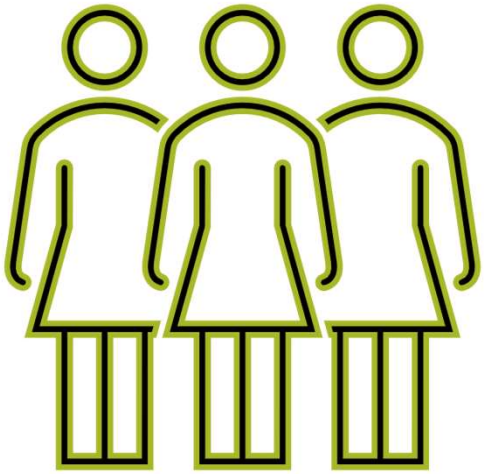
SCHOOL SYSTEMS SELF-ASSESSMENT

Self- Assessment Rubric

Shared Ownership

Developing	Emerging	Established	Sustainable
Literacy is viewed as a specialist's responsibility	Some shared goals exist, but ownership is inconsistent	Most staff see literacy as a shared responsibility	Literacy success is embraced as a collective mission

Professional Learning Culture



Developing	Emerging	Established	Sustainable
PD is compliance-driven; little adult learning	Occasional adult learning; low engagement	Regular adult learning; growing vulnerability and trust	Adult learning is embedded, inquiry-based, and openly valued

Leadership Modeling

Developing	Emerging	Established	Sustainable
Leaders rarely	Leaders attend but	Leaders actively	Leaders consistently

COLLABORATIVE PROTOCOL: LEADERSHIP LEVERS

- ✓ 15 minutes: 5 per person
- ✓ Groups of 3
- ✓ Each person picks 1 enabling condition to focus on
- ✓ Identify **3** specific leadership actions to strengthen that system (e.g., revise master schedule, launch PLC protocol, create PD plan)
- ✓ Peers give feedback

CLOSING

Leading for Literacy: Examining the Leader's Role in Reading Success

Objectives:	**Agenda:**
- Identify the key enabling systems that support effective literacy instruction. - Understand the leader's role in designing, monitoring, and continuously improving systems that support literacy instruction. - Analyze the current state of these systems within their own schools and assess their alignment to strong literacy outcomes. - Lay the groundwork to plan to refine or implement one or more enabling systems that create the conditions for improved literacy learning.	- Introduction and Purpose - The Case for Literacy Leadership - The Enabling Conditions (Systems) - School Systems Self-Assessment - Collaborative Protocol: Leadership Levers - Closing

The Case for Literacy Leadership

"One leadership move I commit to making for literacy is…"

Literacy Enabling Conditions Rubric

1. Adult Culture

Shared Ownership

Developing	Emerging	Established	Sustainable
Literacy is viewed as a specialist's responsibility	Some shared goals exist, but ownership is inconsistent	Most staff see literacy as a shared responsibility	Literacy success is embraced as a collective mission

Professional Learning Culture

Developing	Emerging	Established	Sustainable
PD is compliance-driven; little adult learning	Occasional adult learning; low engagement	Regular adult learning; growing vulnerability and trust	Adult learning is embedded, inquiry-based, and openly valued

Leadership Modeling

Developing	Emerging	Established	Sustainable
Leaders rarely participate in or model learning	Leaders attend but don't actively model learning	Leaders actively participate in PD and feedback systems	Leaders consistently model learning and create systems for multidirectional feedback

2. Master Schedule

Literacy Time Allocation

Developing	Emerging	Established	Sustainable
Core reading instruction time is inconsistent or reduced	Time for Tier 1 literacy is protected; interventions are irregular	Tier 1 and intervention blocks are consistent	Schedule optimizes core + intervention blocks with built-in time for PLCs

Collaboration Time

Developing	Emerging	Established	Sustainable
No common planning time for literacy	Inconsistent or optional planning blocks	Weekly PLC time built into schedule	All teachers have protected collaborative planning and data cycles weekly

Alignment to Need

Developing	Emerging	Established	Sustainable
Schedule reflects operational needs over instructional ones	Schedule attempts to meet instructional goals but has trade-offs	Schedule prioritizes literacy but may have gaps	Every minute is intentional and prioritized for student literacy growth

3. High-Impact PLCs

Focus & Content

Developing	Emerging	Established	Sustainable
PLCs focus on logistics or compliance	Some instructional planning; little depth	Regular data use + alignment to standards	PLCs drive instruction via analysis, prep, and practice

Leadership Support

Developing	Emerging	Established	Sustainable
No protocols; little admin presence	Loose structures; leaders monitor not engage	Facilitators supported; leaders sometimes attend	Leaders develop facilitators and regularly attend, engage, and coach in PLCs

Impact on Instruction

Developing	Emerging	Established	Sustainable
No evidence of PLC impact on literacy	Occasional planning changes; limited impact	Clear links to improved literacy instruction	Instruction is regularly adjusted based on deep PLC collaboration and student data

4. Coaching Systems

Consistency

Developing	Emerging	Established	Sustainable
No defined coaching structure or cadence	Coaching is occasional or leader-dependent	Coaches work with teachers on a cycle with feedback	Coaching is consistent, differentiated, and aligned to literacy goals

Quality of Feedback

Developing	Emerging	Established	Sustainable

Feedback is general, not literacy-specific	Some actionable feedback; limited follow-up	Specific literacy-focused feedback with follow-up	Coaching includes modeling, practice, and tracked growth over time

Literacy Alignment

Developing	Emerging	Established	Sustainable
Coaching is disconnected from literacy priorities	Some alignment; unclear focus areas	Feedback and goals are aligned to literacy improvement	Coaching is intentionally designed around the Science of Reading and observed need

5. Teacher Content Knowledge

Understanding of Literacy Science

Developing	Emerging	Established	Sustainable
Teachers have limited awareness of reading development	Some awareness; not yet consistent in practice	Majority can name and explain core literacy components	Deep, consistent knowledge across staff; can identify student needs

Professional Learning

Developing	Emerging	Established	Sustainable
No targeted PD in literacy knowledge	One-time PD sessions without follow-up	Ongoing PD with some skill tracking	PD is strategic, differentiated, and responsive to content knowledge needs

Knowledge Inventory

Developing	Emerging	Established	Sustainable
No formal understanding of staff knowledge	Leadership has informal sense of gaps	Partial inventory of staff knowledge/skills	Clear inventory used to tailor support and professional learning

6. Data Systems

Assessment Purpose

Developing	Emerging	Established	Sustainable
Assessments are numerous or unclear in purpose	Some alignment to purpose, but overlap or excess	Clear rationale for each assessment	Streamlined, intentional use of assessments tied to specific decisions

Data Use

Developing	Emerging	Established	Sustainable
Data is collected but not analyzed or used	Some data analysis; limited instructional changes	Data used to inform planning and interventions	Frequent, intentional cycles that lead to instructional shifts and follow-through

Team Analysis Structures

Developing	Emerging	Established	Sustainable
No system or protocol for team review	Ad hoc data discussions; few norms	Data meetings occur regularly with some protocols	Data analysis is routine, protocol-driven, and directly impacts literacy instruction

Knox County Government

and

TNTP Inc.

This Contract, made and entered into between the Knox County Government, hereinafter referred to as the "County" and TNTP, Inc., hereinafter referred to as "Contractor".

Whereas, the County requested proposals for Evidence-Based Instruction Strategies Consulting for Knox County Government (Request for Proposals #3667) and;

Whereas, Vendor submitted a bid in accordance with said requested specifications, the response of which is the most responsible and responsive bid meeting specifications accepted by the County;

Whereas, Vendor agrees and undertakes to provide said services for the County, as set forth in the Request for Proposals, and at the price quoted for said services by Contractor. Further, in accordance with the lawful directions of the County, the Contractor agrees in all respects, to be governed by the Request for Proposals specifications and the Contractor's bid and response.

Now, therefore in consideration of mutual covenants and promises contained herein, the parties hereto wish to enter into this Contract to set forth their respective rights and obligations and do mutually agree that;

Witnesseth:

1. **Terms of this Contract.** This Contract commences on the 1st day of September 2025 and ends the 31st day of August 2026 unless terminated in conformity with the terms of this Contract as contained in paragraphs 4 and 5. The County intends to issue a one-year (1) award. Upon the mutual agreement of the vendor and the County, the award may be extended for four (4) additional years, one (1) year at a time. This may result in a total of five (5) years. The County reserves the right to purchase these goods/services from other sources if the need arises. The County reserves the right to revoke the award if a pattern of unavailability arises with the vendor.

2. **Payment.** The County shall pay Contractor the amount as agreed upon in the County's Request for Proposals for Evidence-Based Instruction Strategies Consulting per the Contractor's response to Request for Proposals #3667; pursuant to all payments being subject to the County's review and approval. The Contractor shall receive, upon the need of the County, written notification to proceed. The Contractor shall pursue all work diligently until completion as directed by the County. Per Request for Proposals #3667, a minimum of thirty (30) days is required for processing of payment.

3. **Invoicing and reporting requirements.** Contractor shall invoice the County for Evidence-Based Instruction Strategies Consulting pursuant to Request for Proposals #3667.

4. **Termination.** The County may terminate this Contract with or without cause, upon written notice of not less than thirty (30) days. Upon termination, the County will pay for services satisfactorily completed but not yet invoiced. Contractor shall not perform additional work without the expressed permission of the County.

Should the Contractor fail to provide the Evidence-Based Instruction Strategies Consulting detailed herein, the County will communicate the problem(s) to the Contractor both verbally and in writing and keep a written record as to what the problem(s) are and when the Contractor was contacted. The Contractor shall rectify the problem within the time frame established by Tennessee State Law. If the same or other problems persist or reoccur, the County may terminate the Contract.

In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give the County at least 120 day advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

5. **Appropriations.** In the event no funds are appropriated by the County for the Evidence-Based Instruction Strategies Consulting in any fiscal year or insufficient funds exist to provide the services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

6. **Independent contractor.** Contractor acknowledges that Contractor and employees serve as independent contractors and that the County shall not be in any manner responsible for any payment, insurance, or incurred liability.

7. **Compliance with all federal, state, and municipal laws.** Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of the Evidence-Based Instruction Strategies Consulting, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

8. **Severability clause.** If any provision of this Contract is declared illegal, void, or unenforceable the remaining provisions shall not be affected but shall remain in force and in effect.

9. **Prohibition against assignment.** Contractor shall not assign this Contract to any party, company, partnership, incorporation, or person without prior specific written consent of the County.

10. **This Contract** shall be governed by the laws of the State of Tennessee both as to interpretation and performance. The Chancery Court and/or the Circuit Court of Knox County, Tennessee, shall have exclusive and concurrent jurisdiction of any disputes, which arise hereunder.

11. **Right to inspect.** The County reserves the right to make periodic inspections of the manner and means the services are performed.

12. **Nondiscrimination and non-conflict statements.** Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex, national origin, or any individual trait or characteristic found to be an illegal consideration shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract, or in the employment practices of Contractor. Contractor shall, upon request, show proof of such non-discrimination, and shall post in conspicuous places available to all employees and applicants notices of non-discrimination.

13. **Books and records.** Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the service under this Contract and make such materials available at their offices at all reasonable times during the contract period and for three (3) years from the date of the final payment under the Contract for inspection by the County or by any other governmental entity or agency participating in the funding of this Contract, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this Contract.

14. **Contractor** shall indemnify, defend, save and hold harmless, County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the Contract by Contractor, its subcontractors, agents or employees or due to any negligent act, occurrence, omission, commission of Contractor, its subcontractors, agents, or employees.

15. **Delivery.** Contractor shall render the Evidence-Based Instruction Strategies Consulting for the County in accordance with Request for Proposals #3667.

16. **Tax Compliance.** Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its bid and signature that it is current in its respective Federal, State, County, and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Purchasing Division.

17. **Limitations of liability.** In no event shall the County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if the County has been advised of the possibility of such damages.

18. Intellectual Property.

Contractor IPR. County acknowledges and agrees that as between County and Contractor, Contractor is and will remain the sole and exclusive worldwide owner of all Contractor IPR. For purposes of this Agreement, " **Contractor IPR**" means all patents, copyrights, trademarks, services marks, designs, logos, trade secrets, publicity, privacy or moral rights, and any other intellectual property or proprietary rights arising at any time under the applicable law of any jurisdiction anywhere in the world that subsists in, without limitation, the following: all technology, frameworks, processes, systems, methodologies, analytical tools, industry data and insights, layouts, TNTP tools, TNTP's Video Library, Learning Portal, Insight, Academic Scorecard and online platforms that Contractor owns or to which Contractor has a license; and any improvements, derivatives or modifications to any of the foregoing, Contractor owns all Contractor IPR in existence prior to or developed independently of this Agreement.

Work Product. County acknowledges and agrees that all intellectual property rights in any work created, produced or developed by Contractor, whether alone or jointly with others, in the course of providing the Services under this Agreement ("**Work Product**"), shall immediately upon creation or performance vest in and shall remain the sole and exclusive property of Contractor, and County shall acquire no right, title or interest in and to the same, except for the limited license rights expressly granted under this Agreement.

License to Work Product. Subject to County's payment in full to Contractor for the Services, Contractor grants County the following limited, revocable, non-commercial, non-exclusive, non-transferable, non-sublicensable license, to use the Work Product provided as part of the Scope of Services and any Contractor IPR that is necessarily included in Work Product, solely for County's own internal business operations, trainings, and analysis in connection with the Scope of Services. County agrees not to disclose the Work Product or any Contractor IPR included therein to any third party except as otherwise permitted under this Agreement

19. Use of Data. If required by the Scope of Services, County agrees to provide to Contractor, at no cost to Contractor, and within thirty (30) days of Contractor's written request, all requested student data ("**Student Data**"), teacher and staff related data ("**Staff Data**"), and demographic and school/district information ("**School Data**"). Student Data, Staff Data, and School Data is collectively referred to herein as "**Data**".

The parties agree that Data may be shared between the parties and may only be used by the parties for the purposes identified in this Agreement and in a manner consistent with the terms outlined in this Agreement. The parties agree to comply with all relevant federal, state, and local laws and regulations governing the privacy and security of personally identifiable information (including transmission of data), to the extent applicable.

For the purposes of this Agreement and pursuant to the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g , 34 CFR Part 99, a "school official" is a contractor that: (1) performs an institutional service or function for which the agency or institution would otherwise use employees; (2) is under the direct control of the agency or institution with respect to the use and maintenance of education records; and (3) is subject to CFR §99.33(a) governing the use and re-disclosure of personally identifiable information from student records. Client recognizes and agrees that for purposes of FERPA, County will designate Contractor to act in a "school official" role for the purposes outlined in the Scope of Services. Pursuant to this Agreement, Contractor is considered a school official with a legitimate educational interest, providing services that would otherwise be performed by County, and under the control and direction of County with respect to the education records. Contractor shall not disclose any information that would be considered "Personally Identifiable Information" (as such term is defined in FERPA) unless either the disclosure would be permissible under 34 C.F.R. § 99.31 or Contractor has obtained appropriate written consent to the disclosure.

Notwithstanding the above, County shall not provide or make available to TNTP any student's Personally Identifiable Information from education records (for purposes of FERPA) unless: (i) County has obtained, with respect to each student's Personally Identifiable Information provided to Contractor, appropriate written consent to disclose such Personally Identifiable Information to Contractor, and authorization for Contractor to use such Personally Identifiable Information in connection with performing the Services, and (ii) written notice identifying particular Student Data as Personally Identifiable Information.

20. Contract documents. It is mutually agreed by both parties that the following documents are made part of this Contract and are incorporated herein by reference:

A. Request for Proposals #3667 and Addendum I
B. Contractor's Response to Request for Proposals #3667

It is agreed that this Contract, represents the **entire Contract** between the parties and no prior representations, promises, and agreements, oral or otherwise, not embodied herein, shall be of any force or effect.

In witness whereof, the parties hereto have caused this Contract to be executed in one original copy on the day and year first above written.

The Proposal Envelope must show the Company Name, Proposal Number, Proposal Name & Proposal Closing Date.

SECTION I PROPOSAL PREPARATION AND SUBMISSION

1.1 **ADDITIONAL INFORMATION:** Knox County wants requests for additional information routed to Rachel Cabrera, Senior Buyer, at 865.215.5751. Questions may be emailed to rachel.cabrera@knoxcounty.org. If you have not heard from the Buyer in a reasonable amount of time, please call for further assistance. Information about the Knox County Procurement Division and current solicitations may be obtained on the Internet at www.knoxcounty.org/procurement.

1.2 **ACCEPTANCE:** Vendors shall hold their price firm and subject to acceptance by Knox County for a period of one hundred twenty (120) business days from the date of the proposal closing, unless otherwise indicated in their proposal.

1.3 **ALTERNATIVE PROPOSALS:** Knox County will not accept alternate proposals (those not equal to specifications) unless authorized by the Request for Proposal.

1.4 **AUDIT HOTLINE:** Knox County has established an Audit Hotline to report potential fraud and waste. To report potential fraud, waste or abuse, please file a report online by accessing http://www.knoxcounty.org/audit/hotline.php.

Vendors are hereby cautioned that this Audit Hotline does not replace the Award Protest Procedures found in Section VI, Item M of the Knox County Procurement Regulations.

1.5 **AWARD:** Award will be made to the most responsive, responsible proposer(s) meeting specifications and presenting the product(s) and/or service(s) that is in the best interest of Knox County. Knox County reserves the right to award this proposal on an all-or-none basis, schedule basis or by multiple award. Knox County reserves the right to not award this proposal. Award will be made in accordance with the evaluation criteria specified herein.

1.6 **BUSINESS OUTREACH PROGRAM:** Knox County has established a Business Outreach Program which has the responsibility of increasing opportunity for small, minority and women owned businesses. This is being accomplished through community education programs, policy edification, active recruitment of interested businesses and process re-engineering.

Knox County is committed to ensuring full and equitable participation for all disadvantaged businesses. Knox County welcomes submittals from those disadvantaged businesses that have an interest in providing goods and/or services listed herein. In addition, Knox County strongly encourages the inclusion of disadvantaged businesses by non-disadvantaged Contractors who wish to partner or subcontract portions of this agreement in order to accomplish the successful delivery of goods and/or services. If you are a disadvantaged business and would like additional information about our Business Outreach Program, please contact:

Diane Woods, Business Outreach Administrator
Telephone: 865.215.5760
Fax: 865.215.5778
Email: diane.woods@knoxcounty.org

1.7 **CONFLICT OF INTEREST:** Vendors must have read and comply with the "Non-Conflict of Interest" statement provided in the vendor registration process prior to the closing of this solicitation. Knox County's Non-Conflict of Interest Policy is available for review at https://www.knoxcounty.org/purchasing/conflict_policy.php.

1.8 **COPIES:** Knox County requires that proposals be submitted as one (1) marked as original and one (1) exact copy. **Proposers must submit with their written response an exact electronic version of their proposal in a single PDF file on a flash drive format.**

1.9 **DECLARATIVE STATEMENTS:** Any statement or words (e.g.: must, shall, will) are declarative statements and the vendor must comply with the condition. Failure to comply with any such condition may result in the proposal being considered non-responsive and disqualified.

1.10 **ELECTRONIC TRANSMISSION OF PROPOSALS:** Knox County's Procurement Division will not accept electronically transmitted proposals. Facsimile and email submissions are strictly prohibited. Due to the nature of the information requested, all submissions shall be in written format.

1.11 **HOW TO DO BUSINESS:** Knox County utilizes a web-based Procurement software system, "KnoxBuys." The system provides our clients (vendors, county departments and the citizens of Knox County) with a more enhanced and end-user friendly means of accessing our services. The system allows for on-line vendor registration and maintenance, electronic receipt of purchase orders, on-line retrieval and submittal of quotes, bids and proposals for our vendor-clients and on-line requisitioning and receiving for our county departments. In order for the County to maximize its investment and minimize the cost associated with office operations, we need your help. When doing business with Knox County, we are urging you to please go to our website at www.knoxcounty.org/procurement, register as a vendor in our on-line Procurement system, "KnoxBuys," if you have not done so and whenever possible to conduct your business with the County through this site. If you have any questions, please contact the Procurement Division Representative listed in Section 1.1 of this document.

1.12 **INCURRED COSTS:** Knox County will not be responsible for any costs incurred by the proposer in the preparation of their proposal.

1.13 **MULTIPLE PROPOSALS:** Knox County will consider multiple proposals that meet specifications.

1.14 **NON-COLLUSION:** Proposers, by submitting a signed proposal, certify that the accompanying proposal is not the result of, or affected by, any unlawful act of collusion with any other person or company engaged in the same line of business or commerce, or any other fraudulent act punishable under Tennessee or United States law.

1.15 **PAYMENT METHOD:** Knox County will utilize a Purchase Order for placing an order for products and/or services. Purchase Orders will be issued from the Knox County Procurement Division via the method selected by the vendor during registration. The Purchase Order will detail the quantity, specific item(s) and the contracted price for each item. Work on this project must not commence until a signed Purchase Order is issued by Knox County Procurement.

1.16 **POSSESSION OF WEAPONS:** All vendors, their employees and their agents are prohibited from possessing any weapons on Knox County property without prior written consent from the County. In the case of a vendor whose Contract requires possession of firearms or other weapons to successfully complete their Contract, vendor must provide personnel who are bonded to bear said weaponry.

1.17 **PROCESSING TIME FOR PAYMENT:** Vendors are advised that a minimum of thirty (30) days is required to process invoices for payment.

1.18 **PROOF OF FINANCIAL AND BUSINESS CAPABILITY:** Vendors must, upon request, furnish satisfactory evidence of their ability to furnish products or services in accordance with the terms and conditions of these specifications. Knox County will make the final determination as to the vendor's ability.

1.19 **PROPOSAL DELIVERY:** Knox County requires proposers, when hand delivering proposals, to time and date stamp the envelope before depositing it in the bid box. Knox County will not be responsible for any lost or misdirected mail sent by common carrier, nor will Knox County be responsible for proposals delivered to addresses or Suites other than the delivery address and Suite specified at the top of this solicitation. The time clock in the Procurement Division shall serve as the official record of time.

Solicitations must be in a sealed envelope/box prior to entering the Procurement Division office. Procurement Division personnel are not allowed to see the submittal nor assist in placing documents in an envelope/box. Additionally, the Procurement Division is not responsible for providing materials (e.g. envelopes, boxes, tape) for submittals.

1.20 **RECYCLING:** Knox County, in its continuing efforts to lessen the amount of landfill waste and to further recycling efforts, requests that proposals being submitted on paper shall:

1.20.1 Be submitted on recycled paper;
1.20.2 Not include pages of unnecessary advertising;
1.20.3 Be made on both sides of each sheet of paper.

1.21 **RESTRICTIVE OR AMBIGUOUS SPECIFICATIONS:** It is the responsibility of the prospective proposer to review the entire Request for Proposal packet and to notify the Procurement Division if the specifications are formulated in a manner that would unnecessarily restrict competition. Any such protest or question regarding the specifications or proposing procedures must be received in the Procurement Division by **May 27, 2025 at 4:30 p.m. local time**. These requirements also apply to specifications that are ambiguous.

1.22 **SIGNING OF PROPOSALS:** In order to be considered, all proposals must be signed. Please sign the original in blue ink. By submitting a signed letter authorizing the submission of the proposal, the vendor acknowledges and accepts the terms and conditions stated in the proposal document.

1.23 **TAXES:** Knox County purchases are not subject to taxation. Tax exemption certificates will be provided upon request.

1.24 **TITLE VI OF THE 1964 CIVIL RIGHTS ACT AND TITLE IX OF THE EDUCATIONAL AMENDMENT OF 1972:** "Nondiscrimination in Federally Assisted Programs"—"No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." 42 U.S.C. Section 2000. It is the policy of Knox County Government that all its services and activities be administered in conformance with the requirements of Title VI and Title IX.

1.25 **UNFORESEEN CIRCUMSTANCES:** During periods of closure due to unforeseen circumstances in Knox County or closures at the direction of the Knox County Mayor, the Procurement Division will enact the following procedures in regard to solicitations and closures:

- If the Mayor closes the Administrative offices prior to the time set for solicitation opening of any business day, all solicitations due that same day will be moved to the next operational business day.
- Other unforeseen circumstances shall be at the sole discretion of the Procurement Director.
- Knox County shall not be liable for any commercial carrier's decision regarding deliveries during any unforeseen circumstances.

1.26 **USE OF PROPOSAL FORMS:** Vendors must complete the proposal forms contained in the proposal package. Failure to complete the proposal forms may result in proposal rejection.

1.27 **VENDOR DEFAULT:** Knox County reserves the right, in case of vendor default, to procure the articles or services from other sources and hold the defaulting vendor responsible for any excess costs occasioned thereby. Should vendor default be due to a failure to perform or because of a request for a price increase, Knox County reserves the right to remove the vendor from the County's bidder's list for twenty-four (24) months.

1.28 **VENDOR REGISTRATION:** Prior to the submission deadline for this solicitation, ***ALL PROPOSERS MUST*** be registered with the Procurement Division. If you are not already a registered vendor with Knox County, register on-line at our website at www.knoxcounty.org/procurement and click on "Knox Buys" and then select "Online Vendor Registration." Vendors must be registered with the Procurement Division **prior** to submitting their proposal. Knox County shall not be responsible for technical difficulties experienced by vendors trying to register electronically less than twenty-four (24) hours prior to the proposal closing time.

1.29 **WAIVING OF INFORMALITIES:** Knox County reserves the right to waive minor informalities or technicalities when it is in the best interest of Knox County.

SECTION II OBLIGATIONS, RIGHTS AND REMEDIES

These terms and conditions shall be part of the Contract. Knox County reserves the right to negotiate other terms and conditions it deems appropriate and necessary under the circumstances to protect the public's trust.

2.1 **ALTERATIONS OR AMENDMENTS:** No alterations, amendments, changes, modifications or additions to this Contract shall be binding on Knox County without the prior written approval of the County.

2.2 **APPROPRIATION:** In the event no funds are appropriated by Knox County for the goods or services in any fiscal year, or insufficient funds exist to purchase the goods or services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

2.3 **ASSIGNMENT:** Contractor shall not assign or sub-contract this agreement, its obligations or rights hereunder to any party, company, partnership, incorporation or person without the prior written specific consent of Knox County.

2.4 **BOOKS AND RECORDS:** Vendor shall maintain all books, documents, accounting records and other evidence pertaining to the goods and services provided under this Contract and make such materials available at its offices at all reasonable times during the Contract period and for five (5) years from the date of the final payment under this agreement for inspection by County or by any other governmental entity or agency participating in the funding of this agreement, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Vendor's costs of manufacturing, acquiring or delivering the products and services governed by this agreement.

2.5 **CHILD LABOR:** Contractor agrees that no products or services will be provided or performed under this Contract that have been manufactured or assembled by child labor.

2.6 **COMPLIANCE WITH ALL LAWS:** Contractor is assumed to be familiar with and agrees to observe and comply with all Federal, State, and Local laws, statutes, ordinances, and regulations in any manner affecting the provision of goods and/or services, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

2.7 **CRIMINAL HISTORY RECORDS CHECK:** Any and all successful proposers, Contractor's employees, Contractor's subcontractors and the employees of any subcontractors must submit to a criminal history records check at the Contractor's expense, conducted by the Tennessee Bureau of Investigation and the Federal Bureau of Investigation prior to permitting the employee to have contact with students or enter school grounds when students are present. Reference Tennessee Code Annotated Section 49-5-413. Proposers **must** submit with their proposals the Criminal History Affidavit of Compliance.

2.8 **DEFAULT:** If Contractor fails to perform or comply with any provision of this Contract or the terms or conditions of any documents referenced and made a part hereof, Knox County may terminate this Contract, in whole or in part, and may consider such failure or noncompliance a breach of Contract. Knox County expressly retains all its rights and remedies provided by law in case of such breach, and no action by Knox County shall constitute a waiver of any such rights or remedies. In the event of termination for default, Knox County reserves the right to purchase its requirements elsewhere, with or without competitive solicitation.

2.9 **GOVERNING LAW; VENUE:** This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient forum.

2.10 **INCORPORATION:** All specifications, drawings, technical information, Request for Proposal, Proposal, Award and similar items referred to or attached or which are the basis for this Contract are deemed incorporated by reference as if set out fully herein.

2.11 **INDEMNIFICATION—HOLD HARMLESS:** Contractor shall indemnify, defend, save and hold harmless Knox County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the agreement by Contractor, its subcontractors, suppliers, agents,

or employees or due to any negligent act or occurrence or any omission or commission of Contractor, its subcontractors, suppliers, agents or employees.

2.12 **INDEPENDENT CONTRACTOR:** Contractor shall acknowledge that it and its employees serve as independent contractors and that Knox County shall not be responsible for any payment, insurance or incurred liability.

2.13 **INSPECTION AND ACCEPTANCE:** Warranty periods shall not commence until Knox County inspects and formally accepts the goods and/or services. The terms, conditions and timing of acceptance shall be determined by Knox County. Knox County reserves the right to reject any or all items or services not in conformance with applicable specifications, and Contractor assumes the costs associated with such nonconformance. Acceptance of goods or services does not constitute a waiver of latent or hidden defects or defects not readily detectable by a reasonable person under the circumstances.

2.14 **IRAN DIVESTMENT ACT:** By submission of this Request for Proposal response, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint response, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each proposer is not on the list created pursuant to Tennessee Code Annotated § 12-12-106.

2.15 **LIMITATIONS OF LIABILITY:** In no event shall Knox County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if Knox County has been advised of the possibility of such damages.

2.16 **NO BOYCOTT OF ISRAEL:** Pursuant to Tennessee Code Annotated Title 12, Chapter 4, Part 1, by submission of a response to this solicitation, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint response each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each proposer is not currently engaged in, and will not for the duration of the Contract engage in, a boycott of Israel. Proposers must submit with their proposals the completed Iran Divestment Act/No Boycott of Israel Affidavit.

2.17 **NON-DISCRIMINATION AND NON-CONFLICT STATEMENT:** Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex **or** national origin any individual trait or characteristic found to be an illegal consideration, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this agreement or in the employment practices of vendor. Contractor shall upon request show proof of such non-discrimination and shall post in conspicuous places available to all employees and applicants notices of non-discrimination. Contractor covenants that it complies with the Fair Wage and Hour Laws, the National Labor Relations Act, and other Federal and State employment laws as applicable. Contractor covenants that it does not engage in any illegal employment practices.

Contractor covenants that it has no public or private interest and shall not acquire directly or indirectly any interest that would conflict in any manner with the provision of its goods or performance of its services. Contractor warrants that no part of the total Contract amount provided herein shall be paid directly or indirectly to any officer or employee of Knox County as wages, compensation, or gifts in exchange for acting as officer, agent, employee, subcontractor or consultant to Contractor in connection with any goods provided or work contemplated or performed relative to the agreement.

2.18 **ORDER OF PRECEDENCE:** In the event of inconsistent or conflicting provision of this Contract and referenced documents, the following descending order of precedence shall prevail: (1) Contract, (2) Request for Proposal, (3) Contractor's Response, (4) Award, (5) Special Terms and Conditions, (6) General Terms and Conditions, (7) Specifications, (8) Drawings.

2.19 **REMEDIES:** Knox County shall have all rights and remedies afforded under the U.C.C. and Tennessee law in Contract and in tort, including but not limited to, rejection of goods, rescission, and right of set-off, refund, incidental, consequential and compensatory damages and reasonable attorney's fees.

2.20 **RIGHT TO INSPECT:** Knox County reserves the right to make periodic inspections of the manner and means the service is performed or the goods are supplied and warehoused.

2.21 **SEVERABILITY:** If any provision of this Contract is declared illegal, void or unenforceable, the remaining provisions shall not be affected but shall remain in force and in effect.

2.22 **TAX COMPLIANCE:** Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its proposal or proposal and signature, it is current in its

respective Federal, State, County, and City taxes of whatever kind or nature, and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Procurement Division.

2.23 **TERMINATION:** County may terminate this agreement with or without cause at anytime. In the event of termination by either party, fees due for services satisfactorily performed or goods accepted prior to the termination date shall be paid. Contractor shall not perform additional work without the expressed permission of County. In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give Knox County at least one hundred twenty (120) business days' advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

2.24 **WARRANTY:** Contractor warrants to Knox County that all items delivered and all services rendered shall conform to the specifications, drawings, solicitation and/or other descriptions furnished and/or incorporated by reference, and will be fit for the particular purpose purchased of merchantable quality, good workmanship, and free from defects. Contractor extends to Knox County all warranties allowed under the U.C.C. Contractor shall provide copies of warranties to the County upon request. Return of merchandise not meeting warranties shall be at contractor's expense.

SECTION III SPECIAL TERMS AND CONDITIONS

3.1 **INTENT:** The intent of this document is to set forth and convey to prospective proposers the general requirements for vendors to provide Knox County Schools with Evidence-Based Instruction Strategies Consulting as desired by Knox County. Award will be based on Best Value. Best value means more than low cost. It includes cost, technical service quality, experience, qualifications and other factors detailed herein.

3.2 **ACCEPTANCE:** Vendors are advised that the payment of an invoice does not necessarily constitute as an acceptance of services that are provided. Acceptance requires a specific written action by Knox County so stating.

3.3 **ADDITIONS OR DELETIONS:** Knox County reserves the right to add or delete services as the need arises. If services are to be added, Knox County and the Contractor will arrive at a mutually agreed price. Any additions or deletions must be approved in writing by Knox County Procurement prior to any changes in service.

3.4 **AWARD LENGTH:** The pricing for this Contract must remain firm for thirty-six (36) months. However, due to the funding source Knox County does not allow automatic renewals, this Contract will need to be extended annually to continue services. Knox County will draft the Extension of Contract and send it to the vendor approximately ninety (90) days before expiration. The agreement may be renewed for four (4) one-year periods upon mutual consent, for a possible total of five (5) years. Following the initial thirty-six (36) months, the Contractor may request a change in price.

3.5 **CHANGES AFTER AWARD:** It is possible that after award, Knox County might change its needs or requirements. Knox County reserves the right to make such changes after consultation with the vendor. Should additional costs arise, Knox County reserves the right to consider accepting these charges provided the vendor can document the increased costs. Knox County also reserves the right to accept proposed service changes from the vendor if they will lower the cost to Knox County and/or provide improved service.

3.6 **COMMUNICATION:** The successful execution of this contract will require extensive communication between all involved parties. While information may be transmitted via telephone, it should always be followed up with an email. It is essential that the Contractor have an efficient email capabilities. The Contractor will be required to submit a list of individuals, along with direct phone numbers, cell phone numbers and email addresses for the agency's contacts. These individuals must be familiar with the Knox County Contract and have authority to make adjustments as requested by Knox County.

3.7 **COMPLIANCE WITH ALL APPLICABLE REGULATIONS:** Vendor agrees and covenants that the company, its agents and employees will comply with all City, County, State and Federal codes, laws, rules and regulations applicable to the business to be conducted under this contract. If the vendor performs any work knowing it to be contrary to such laws, ordinances, rules and regulations, the vendor shall bear all costs arising from such work.

3.8 **CONTACT PERSONNEL:** Essential to the success of this Contract is the development of a good working relationship between the vendor and Knox County. It is imperative that the Knox County account be handled efficiently and professionally. Knox County should be assigned no more than two (2) vendor contacts to handle billing inquiries and service related issues. In the event on or both contacts leave the Knox County account, the

vendor shall formally introduce the new contacts to Knox County personnel. These contacts must be knowledgeable of the County's account to avoid an interruption of service.

3.9 **CONTRACT EXECUTION:** The award of this proposal may result in a Contract between Knox County and the successful vendor(s). The Contract may require Knox County Board of Education and/or Knox County Commission approval. The successful vendor(s) may be required to be present at the Board of Education and/or County Commission meeting(s) to answer questions relating to the service to be performed. Adequate notification will be given by Knox County Procurement Division if the awarded vendor(s) will need to attend meetings. There shall be no cost to Knox County for attendance of the vendor(s). Knox County will draft the Contract. The Knox County Procurement Division will not accept any vendor's contract. A sample contract is under Exhibit B for review. If Master Agreements, Service Agreements, Terms and Conditions or other contract agreements are submitted they will not be accepted.

3.10 **CONTRACTOR DUTIES:** At the Contractor's own expense, the Contractor shall:

3.10.1 Provide competent supervision;
3.10.2 Provide competent personnel;
3.10.3 Take precautions necessary to protect persons or property against injury or damage and be responsible for any such damage or injury that occurs as a result of their fault or negligence.

3.11 **DESTINATION AND DELIVERY:** All shipments that are to be delivered must be Free on Board Destination to the department ordering the items. All shipping charges are to be included in the unit price of each item. All deliveries must be unloaded and delivered inside to the department location that is ordering the items.

3.12 **EVALUATION CRITERIA:** This proposal will be evaluated using the following criteria:

As per Section 1.5, Knox County will determine the award structure that is in its best interest.

Methodology	30 Points
Delivery of Service	30 Points
Experience & References	20 Points
Cost	20 Points

Knox County may select an Evaluation Committee for this solicitation to thoroughly review and score all submitted responsive and responsible proposals. Each evaluator will have the ability to award up to one hundred (100) points, based on the Evaluation Criteria, per submission.

3.13 **EVALUATION REVIEW:** Knox County reserves the right to use all pertinent information (including information learned from sources other than disclosed in the Request for Proposal process) that might affect the County's judgment as to the appropriateness of an award to the best evaluated vendor(s). This information may be appended to the proposal evaluation process results. Information on a service provider from reliable sources, and not within the service provider's proposal, may also be noted and made part of the evaluation file. Knox County shall have sole responsibility for determining a reliable source. Knox County reserves the right to conduct written and/or oral discussions/interviews after the proposal closing. The purpose of such discussions/interviews is to provide clarification and/or additional information to make an award that is in the best interest of Knox County.

3.14 **EXCEPTIONS TO SPECIFICATIONS:** Vendors taking exception to any part or section of these specifications shall indicate such exceptions on their submittal. A failure to indicate any exception(s) shall be interpreted as the vendor's intent to fully comply with the specifications as written. Conditional or qualified offer are subject to rejection in whole or in part. Any exceptions shall be included in Section V, Tab VIII of the submittal. **Do not strike through or in any other way alter the Request for Proposal. Exceptions listed within other sections of the submittal shall not be reviewed or considered.**

3.15 **GRANT FUNDING:** The products or services being procured under this solicitation are being funded by Federal Grant money. All awarded vendors will be required to adhere to Exhibit A of this solicitation in the performance of the Contract.

3.16 **GRATUITIES AND KICKBACKS:** It shall be a breach of ethical standards for any person or company to offer, give, or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling,

determination, claim, or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therefore. It shall be a breach of ethical standards for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or a person associated therewith, as an inducement for the award of a subcontract or order. Breach of the provisions of this paragraph is, in addition to a breach of this Contract, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under Knox County contracts.

3.17 **IDENTIFICATION:** Employees of the Contractor shall have proper photo identification displayed at all times while on property belonging to Knox County.

3.18 **INSURANCE:** The successful vendor(s) must carry the insurance as indicated on the Insurance Checklist Attachment hereto. As proof of the vendor's willingness to obtain and maintain the insurance, the vendor must complete, sign and have its insurance agent sign the attachment and submit it with the proposal. Upon the Notification of Intent to Award, the successful vendor will be required to submit a Certificate of Insurance (COI) including any corresponding endorsement page(s) with the specified coverage and listing Knox County as an additional insured. It shall be the successful vendor's responsibility to keep a current COI and endorsement page(s) on file with Knox County Procurement for as long as the contract is in effect.

3.19 **INTERPRETATION:** No oral interpretation will be made to any vendor regarding the meaning of specifications or the Scope of Work. All questions are to be submitted in writing via email and will be answered in the form of an addendum to the solicitation by the Knox County Procurement Division, if applicable.

3.20 **INVOICE DETAIL:** Knox County is requesting invoices to show the following detail to help expedite review and payment. The Contractor(s) may be required to modify invoicing procedures to show the detail. All potential Contractors are hereby cautioned that Knox County will only pay from original invoices and not facsimiles or copies. Invoices which do not adhere to these details may be returned to the Contractor for correction.

3.20.1 The invoice must show the amount due to the Contractor by Knox County;
3.20.2 The invoice must show a summary of completed work;
3.20.3 Invoices are to be original and uniquely pre-numbered;
3.20.4 Invoices which do not show this information are subject to rejection.

3.21 **INVOICING PROCEDURES:** Knox County requests that invoices be easy to read and understand. Invoices are to be original and uniquely pre-numbered. There shall be no additional charge for this information and these procedures to be included. Each invoice shall include a summary of service(s) provided and shall list the associated unit price. Supporting documentation shall be included with invoices as applicable. Invoices without this information will be returned to the Contractor for correction.

Invoices shall be sent to the billing address indicated on the Purchase Order. Each department or division of Knox County is responsible for its own budget. Departments cannot charge or pay bills for another department. Therefore, it is critical that the successful Contractor's invoices specify the correct department. Do not credit payments to another department's account. Invoices must be submitted in triplicate and must match the corresponding Purchase Order number. There shall be no component billing. Mail invoices for Knox County Schools to:

Knox County Schools Finance Department
Post Office Box 2188
Knoxville, TN 37902-1805
invoices@knoxschools.org

3.22 **INVOICE REVIEW:** Knox County shall review all invoices for adherence to the terms and conditions of the Contract. Variations from the Contract and Contract pricing are strictly prohibited. Any variance found on the invoice will result in rejection of that invoice. Rejected invoices will be returned to the Contractor(s) for correction. Repeated variations may result in termination.

3.23 **MINIMUM QUALIFICATION EXPECTATIONS:**

3.23.1 Respondent must address all submittal requirements as defined under Section IV.
3.23.2 Respondent shall have a minimum of five (5) years of experience and sufficient capabilities to carry out the work contemplated, as well as the equipment and personnel available for the work.

3.23.3 If the respondent has a permanent office in Knox County, respondent must have a current business license issued by Knox County. This requirement also applies to any of the Respondent's proposed subcontractors or subconsultants with a permanent office in Knox County. A Knox County business license is not required of any Respondent or proposed subcontractor or subconsultant who does not have a permanent office in Knox County. For more information, contact the Knox County Clerk's office at 865.215.2392.

3.24 **NEGOTIATION:** Knox County may select a successful proposer on the basis of initial offers received without discussions. Therefore, each proposal shall contain the proposer's best terms from a cost or price and service standpoint. Knox County reserves the right to enter into Contract negotiations with the highest-rated proposer. If Knox County and the selected proposer cannot negotiate a successful agreement, Knox County may terminate said negotiations and begin negotiations with the next highest-rated proposer. Knox County retains the right to negotiate with multiple proposers simultaneously. This process will continue until an agreement has been reached or all proposers have been rejected. No proposer shall have any rights against Knox County arising from such negotiations.

3.25 **NEWS RELEASES BY VENDORS:** As a matter of policy, Knox County does not endorse the services of a Contractor. A Contractor will not make news releases concerning any resultant contract from this solicitation without the prior written approval of Knox County.

3.26 **NO CONTACT POLICY:** After the date and time that the vendor receives this solicitation, any contact initiated by any proposer with any Knox County representative, other than the Procurement Division representative listed herein, concerning this Request for Proposal, is strictly prohibited. Any such unauthorized contact may cause the disqualification of the proposer from this procurement transaction.

3.27 **OFFER WITHDRAWAL:** No proposal can be withdrawn after it is filed unless the proposer makes a request in writing to the Knox County Procurement Division prior to the time set for the closing of proposals or unless the County fails to accept within one hundred twenty (120) business days after the date fixed for the closing the Request for Proposal.

3.28 **ORAL PRESENTATION/INTERVIEW:** Knox County may require proposers to give oral presentations/interviews in support of their proposal or to exhibit or otherwise demonstrate the information contained therein. These presentations/interviews may be conducted virtually through video conferencing or in person.

Knox County reserves the right to request oral presentations and/or interviews during the initial evaluation phase. The County also reserves the right to complete the initial evaluation phase and then request oral presentations and/or interviews from all proposers or the highest rated proposers. In this case, the evaluations may be revised based on additional information received during presentations.

3.29 **PRICING:** The proposer(s) warrants that the unit price stated shall remain firm for a period of thirty-six (36) months from the first day of the Contract period. If the Contractor's price is increased after the first contract period, Knox County must be given a written notice to consider. Such a request shall include as a minimum, (1) the cause for the adjustment; (2) the amount of the change requested with documentation to support the requested adjustment. Price increases will only be considered at the renewal period(s). If the price increase is rejected the contractor may:

- Continue with the existing prices;
- Request a lower price increase;
- Not accept the renewal offer.

If a price increase is approved by Knox County, the approval notification will be done in writing and the Contractor will be notified of the new price schedule and effective date of increase. This documentation will become part of the proposal file. No approvals will be authorized verbally.

3.30 **PROPOSAL CONTENT:** The proposer's response must contain a thorough description of the background of the proposer and sufficient evidence showing that the proposer is capable of providing the services. The proposer's response must thoroughly expound on the proposer's understanding of how the proposed services will meet Knox County's needs. The proposal must also contain an explanation of the implementation plan and the proposer's ongoing commitment to service.

3.31 **PROPOSAL EVALUATION:** In evaluation of submitted proposals, Knox County reserves the right to use any or all of the ideas from the proposals submitted without limitation and to accept any part or the entire successful proposal in selecting an operation which is judged to be in the best interest of Knox County. All material submitted becomes property of Knox County.

3.32 **PROPOSAL FORMAT:** This solicitation is in the Request for Proposal format. As the specified date and time, each proposer's name will be publicly read aloud. No further information will be given at that time. Evaluation of the proposals will proceed as expeditiously as possible and successful, as well as unsuccessful, notification will be given.

3.33 **PROPOSER OBLIGATION:** Proposers shall become fully acquainted with conditions relating to the scope of the work detailed in this Request for Proposal. Failure to become acquainted with the existing conditions shall in no way absolve the proposer of any obligations with respect to this Request for Proposal or the Contract.

3.34 **PUBLIC RECORDS ACT:** Knox County is subject to the Tennessee Open Records Act 10-7-503 et seq. Proposers are cautioned that all documents submitted on behalf of this Request for Proposal shall be open to the public for viewing and inspection.

3.35 **QUANTITIES:** Knox County does not guarantee any quantity of services will be utilized under this solicitation. Services will be utilized on an as needed basis.

3.36 **REJECTION OF PROPOSALS:** Knox County reserves the right to reject any and all proposals received as a result of this request and to waive any informality, technical defect or clerical error in any proposal, as the interests of Knox County may require. Non-acceptance of any proposal will be devoid of any criticism of the proposal and of any implication that the proposal is deficient in any manner. Non-acceptance of any proposal shall be construed as meaning simply that the County does not deem the proposal acceptable or that another proposal was deemed more advantageous to Knox County for the particular services proposed.

3.37 **REMOVAL OF CONTRACTOR'S EMPLOYEES:** Contractor agrees to utilize only experienced, responsible and capable people in the performance of the work. Knox County may require that the Contractor remove from the job covered by this Contract, including employees who endanger persons or property or whose continued employment under this Contract is inconsistent with the interest of Knox County.

3.38 **SUBMIT QUESTIONS:** Prospective proposers may submit questions concerning this solicitation until **May 27, 2025 at 4:30 p.m. local time**.

3.39 **SUSPENSION AND DEBARMENT:** Vendor will notify Knox County Government if they become suspended, debarred, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities during the term of this proposal and during the term of any subsequent Contract for service.

3.40 **TENNESSEE REGISTRATION:** The successful proposer must meet any applicable State of Tennessee registration requirements.

SECTION IV SCOPE OF WORK

4.1 **BACKGROUND:** Knox County Schools (KCS) is a public education agency. It is responsible for the education of children from preschool through high school. There are approximately fifty-nine thousand (59,000) Pre-K through 12th-grade students and approximately seven thousand eight hundred (7,800) employees. For purposes related to this Request for Proposal, the district is comprised of ninety-two (92) schools that represent urban, suburban, and rural populations. In addition to Knox County Public Schools, funds are utilized to provide our non-public and the charter schools with resources/services.

4.2 **FACILITIES:** All facilities for the training will be provided by Knox County or Knox County's non-public schools.

4.3 **PARTICIPANTS:** Number of participants may vary. Vendors may work with an entire school staff or smaller school teams, and/or district teams, or any combination thereof. A defined number of trainings or participants is not guaranteed. Participants will be staff members serving students that may fall into historically underserved populations.

4.4 **SCOPE OF WORK:** Knox County Schools is seeking vendors to provide professional consultation to our schools and district to implement evidenced-based, content-specific strategies for instruction while building a coherent

academic and cultural model that is grounded in our district's four priorities: excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation.

Through a framework that supports adult learning; while embracing student-centered decision-making, educators will be empowered to collaborate in curriculum-embedded professional learning. Educators will build discernment by measuring their impact on student learning through routine student work analysis. The consultant will work with leaders to support the accurate capture of the state of instruction through participation in classroom walkthroughs and coaching during reflective debriefs. The consultant will provide support in developing strategic action plans aligned with the current state of instruction that embrace evidenced-based instructional strategies within the high-quality instructional materials utilized by the district. Educators will also focus on developing or sustaining a culture of learning within the school community to support academic competency and increase student proficiency and growth

4.5 **METHODOLOGY:** Proposer is to describe, in detail, their proposed approach to providing services including excerpts and/or examples of course content and materials to be used, description(s) of recommended content proposed including objectives, research base, and training scripts.

Proposer is also to include samples of modules and/or curriculum and/or resources used in past projects that are similar in scope to the proposed training. This information is to be provided in Section V, Tab III of this Proposal.

4.6 **DELIVERY OF SERVICES:** The successful Proposer **must** offer professional development training designed to achieve the objectives outlined in this Request for Proposal and support increased organizational capacity to sustain the application of learning and implementation of tools and strategies over time. The proposed program must be designed to enhance the skills and/or abilities of employees in evidence-based instructional strategies as related to the classroom and school environment to reduce disparities and enhance student academic performance as detailed in this Request for Proposal.

The professional learning delivery model must authentically engage participants based on the principles of adult learning. Participants will be prepared to effectively implement evidenced-based, curriculum-based professional learning strategies and respond based on content-specific feedback to increase student proficiency. Participants will collaboratively engage in structures to include:

- Surveys for measuring culture;
- Processes for educator collaboration;
- Processes for measuring impact on student learning;
- Processes for building educator discernment regarding evidence-based instructional strategies within high-quality instructional materials utilized by the district; and
- Processes for leader capacity building.

Training provided should support sustained implementation and the professional learning should provide evidence-based instructional strategies with a proven impact on student outcomes.

Proposers must provide comprehensive narrative statements that outline the implementation and management plans that it intends to follow. This information should fully illustrate how the plan will serve to accomplish the work and furnish the deliverables described.

Implementation may be requested upon execution of a contract.

4.7 **EXPERIENCE & REFERENCES:** Proposers are to detail their organization's previous experience working with school and district leadership teams to analyze underserved students and to promote high levels of achievement for all learners. For all relevant team members, proposers are to submit education credentials, relevant work experience, demonstrated outcomes, independent research, and publishing in the subject areas addressed by this Request for Proposal. This information is to be submitted in Section V, Tab V of the Proposal.

Proposers must provide three (3) references relating to work of a similar scope completed within the last five (5) years. Include the name of the agency or institution, point of contact with both a telephone number and email address, and the nature and size of the Contract. **Do not list Knox County Government or Knox County Schools as a reference.** References shall be submitted on Attachment A of this Request for Proposal.

SECTION V PROPOSAL FORMAT

The following guidelines should be followed when responding to the Request for Proposal. Negligence in adhering to the criteria listed below will be considered when reviewing the responses and evaluating the proposers. Knox County reserves the right to reject any proposal for failure to comply with the requested response specifications. The County reserves the right to amend the Request for Proposal by addendum prior to the final date of proposal submission.
PROPOSERS MUST HAVE THEIR BINDERS IN THE EXACT FORMAT LISTED BELOW.

- Knox County requests proposals be in sufficient detail to address all requirements.
- The County requests responses be submitted in a three-ring binder containing sections separated by tabs. **Do not submit spiral bound or glued responses.**
- Please submit one (1) marked original and one (1) exact copy.
- Proposers shall also submit an exact copy of the original proposal on a Flash drive. **This shall be in one (1) complete pdf file. Do not include multiple folders on the Flash drive.**
- Page numbers should be placed on bottom center of pages.

TAB I **COVER LETTER**
Include cover letter authorizing the submission of the proposal signed by the principal of the company.

TAB II **COMPANY PROFILE**
- Company Name, Address Telephone/Fax numbers
- Contact name(s) and information
- Proposer's Vendor Number as assigned by Knox County
- Employer Identification Number (EIN)
- Knox County Business Tax License for Organization (if applicable)
- Knox County Business Tax License(s) for Subcontractor(s) (if applicable)
- Acknowledgement of the receipt of any Addendum issued

TAB III **METHODOLOGY (30 POINTS)**
Proposers must demonstrate an understanding of Knox County's needs and fully explain overall approach to meet the County's requirements. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.4 and 4.5. Proposer is to describe, in detail, their proposed approach to providing services including excerpts and/or examples of course content and materials to be used, description(s) of recommended content proposed including objectives, research base, and training scripts.

Proposer is also to include samples of modules and/or curriculum used in past projects that are similar in scope to the proposed training.

TAB IV **DELIVERY OF SERVICES (30 POINTS)**

Proposers must provide and implementation plan and comprehensive narrative statements that outline the management plan it intends to follow. This information should fully illustrate how the plan will serve to accomplish the work and furnish the deliverables described in the scope of work within the County's project schedule. Proposers must thoroughly address each of the requirements outlined in the Delivery of Services portion of the Scope of Work. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.6.

TAB V **EXPERIENCE AND REFERENCES (20 POINTS)**
Proposers must thoroughly detail its approach to the Experience and References portion of the Scope of Work. At a minimum, information provided must thoroughly address each of the requirements outlined in Section 4.7.
- References (Attachment A)
- Proposers must state the organization's number of years in business and provide a description of the organization to include office location(s).
- Proposers must describe the organization's experience with similar projects.
- Proposers must provide an organizational chart that illustrates the organization of the project team. The organizational chart must illustrate the lines of authority and designate the individual responsible and accountable for the completion of each component and deliverable of the Request for Proposal. Information about each person listed should include their a) title b) resume, including advanced education credentials, relevant work

experience, demonstrated outcomes, independent research, and publishing in the subject areas addressed by this Request for Proposal c) number of years with the organization and d) description of the type of work the individual will perform

TAB VI **PROPOSED COSTS (20 POINTS)**

Costs proposals must include all direct and indirect costs associated with the performance of the service. Proposed costs should be inclusive of all expenses. Proposer may include the methodology used to determine their proposed cost. Pricing must include all expenses, including transportation and ancillary out-of-pocket charges, if applicable. There will be no reimbursement for any such charges. Please state cost in a "per participant" format, noting any applicable volume discounts.

- Cost Sheet (Attachment E)

NOTE: This tab and Attachment E shall only be included in Section V behind Tab VI. This tab will be reviewed after the other sections of the vendor's proposal have been reviewed and scored.

TAB VII **OTHER INFORMATION**

Proposers may include any other information deemed pertinent to this solicitation.

TAB VIII **EXCEPTIONS**

Please note any and all exceptions taken to any part this Request for Proposal. If none are taken, please clearly state so. Do not mark through or otherwise alter the language of this Request for Proposal in your response.

TAB IX **ATTACHMENTS**

- Insurance Checklist (Attachment B)
- Criminal History Check Affidavit (Attachment C)
- Iran Divestment Act (Attachment D)

EXHIBIT A
GENERAL FEDERAL FUNDING REQUIREMENTS
KNOX COUNTY PROCUREMENT DIVISION
REQUEST FOR PROPOSAL NUMBER 3667

Equal Employment Opportunity

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Clean Air Act and Federal Water Pollution Control Act
Contractors and subcontractors will comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations will be reported to the U.S. Department of Education (DOE) and the Regional office of the Environmental Protection Agency (EPA).

Debarment and Suspension
A contract award will not be made to a party listed on the governmentwide exclusions in the System for Award Management (SAM).

Lobbying
The Contractor certifies, to the best of its knowledge and belief, that:

a. No federally appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

b. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any contract, grant, loan, or cooperative agreement, the Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

c. The Contractor shall require that the language of this certification be included in the award documents for all contractors and that all subcontractors shall certify and disclose accordingly.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into and is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352.

Procurement of recovered materials.
Contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Preferences for Products Produced or Manufactured in the U.S.
(a) This contract award prefers the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

(b) For purposes of this section:

(1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

EXHIBIT B
Sample Contract
Knox County Government
and
(Contractor Name)

This Contract, made and entered into by and between the Knox County Government, hereinafter referred to as the "County" and (Contractor Name) hereinafter referred to as "Contractor".

Whereas, the County requested proposals for Evidence-Based Instruction Strategies Consulting for Knox County Government and Knox County Schools (Request for Proposal #3667) and;

Whereas, Contractor submitted a proposal in accordance with said requested specifications, the response of which is the most responsible and responsive proposal meeting specifications accepted by the County;

Whereas, Contractor agrees and undertakes to provide said services for the County, as set forth in the Request for Proposal, and at the price quoted for said services by Contractor. Further, in accordance with the lawful directions of the County, the Contractor agrees in all respects, to be governed by the Request for Proposal's specifications and the Contractor's proposal and response.

Now, therefore in consideration of mutual covenants and promises contained herein, the parties hereto wish to enter into this Contract to set forth their respective rights and obligations and do mutually agree that;
Arises

Witnesseth:

1. **Terms of this Contract.** This Contract commences on the 1st day of September 2025 and ends upon the 31st day of August 2026 unless terminated in conformity with the terms of this Contract as contained in paragraphs 4 and 5. The County intends to issue a one-year (1) award. Upon the mutual agreement of the vendor and the County, the award may be extended for four (4) additional years, one (1) year at a time. This may result in a total of five (5) years. The County reserves the right to purchase these goods/services from other sources if the need arises. The County reserves the right to revoke the award if a pattern of unavailability with the vendor.

2. **Payment.** Contractor warrants that the pricing shall remain firm for the initial three (3) year period. However, due to the funding source, the County is required to renew the Contract on a yearly basis as per Paragraph 1 above. At the end of the first three (3) year period, and pursuant to the renewal terms in Paragraph 1, the Contractor may request a price increase for each subsequent renewal. Price increases will only be given at the renewal time and must remain in effect for the next one (1) year term. No price increases will be given during the term of a Contract. The County shall pay Contractor the amount as agreed upon in the County's Request for Proposal for Evidence-Based Instruction Strategies Consulting per the Contractor's response to Request for Proposal #3667; pursuant to all payments being subject to the County's review and approval. The Contractor shall receive, upon the need of the County, written notification to proceed. The Contractor shall pursue all work diligently until completion as directed by the County.

3. **Invoicing and reporting requirements.** Contractor shall invoice the County for Evidence-Based Instruction Strategies Consulting and Services pursuant to Request for Proposal #3667.

TBA

4. **Termination.** The County may terminate this Contract with or without cause, upon written notice of not less than thirty (30) days. Upon termination, the County will pay for services satisfactorily completed but not yet invoiced. Contractor shall not perform additional work without the expressed permission of the County.

Should the Contractor fail to provide Evidence-Based Instruction Strategies Consulting and Services detailed herein, the County will communicate the problem(s) to the Contractor both verbally and in writing and keep a written record as to what the problem(s) are and when the Contractor was contacted. The Contractor shall rectify the problem within thirty (30) business days of notification of the problem. If the same or other problems persist or reoccur, the County may terminate the Contract.

In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give the County at least one hundred twenty (120) days' advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

5. **Appropriations.** In the event no funds are appropriated by the County for the Evidence-Based Instruction Strategies Consulting and Services in any fiscal year or insufficient funds exist to provide the services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

6. **Independent contractor.** Contractor acknowledges that Contractor and employees serve as independent contractors and that the County shall not be in any manner responsible for any payment, insurance, or incurred liability.

7. **Compliance with all federal, state, and municipal laws.** Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of the Evidence-Based Instruction Strategies Consulting and Services, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

8. **Severability clause.** If any provision of this Contract is declared illegal, void, or unenforceable the remaining provisions shall not be affected but shall remain in force and in effect.

9. **Prohibition against assignment.** Contractor shall not assign this Contract to any party, company, partnership, incorporation, or person without prior specific written consent of the County.

10. **This Contract** shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient form.

11. **Right to inspect.** The County reserves the right to make periodic inspections of the manner and means the services are performed.

12. **Nondiscrimination and non-conflict statements.** Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex, national origin or any individual trait or characteristic found to be an illegal consideration, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract, or in the employment practices of Contractor. Contractor shall upon request show proof of such non-discrimination and shall post in conspicuous places available to all employees and applicants notices of non-discrimination.

13. **Books and records.** Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the service under this Contract and make such materials available at their offices at all reasonable times during the contract period and for five (5) years from the date of the final payment under the Contract for inspection by the County or by any other governmental entity or agency participating in the funding of this Contract, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this Contract.

14. **Contractor** shall indemnify, defend, save and hold harmless, County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the Contract by Contractor, its subcontractors, agents or employees or due to any negligent act, occurrence, omission, commission of Contractor, its subcontractors, agents, or employees.

15. **Delivery.** Contractor shall render the Evidence-Based Instruction Strategies Consulting and Services for the County in accordance with Request for Proposal #3667.

16. **Tax Compliance.** Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its bid and signature that it is current in its respective Federal, State, County, and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Procurement Division.

17. **Limitations of liability.** In no event shall the County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if the County has been advised of the possibility of such damages

18. **Contract documents.** It is mutually agreed by both parties that the following documents are made part of this Contract and are incorporated herein by reference:

A. Request for Proposal #3667
B. Contractor's Response to Request for Proposal #3667

It is agreed that this Contract, represents the **entire Contract** between the parties and no prior representations, promises, and agreements, oral or otherwise, not embodied herein, shall be of any force or effect.

In witness whereof, the parties hereto have caused this Contract to be executed in one original copy on the day and year last written below.

Addendum I to RFP No. 3667
Evidence-Based Instruction Strategies Consulting

Addendum Date: June 2, 2025

Buyer: Rachel Cabrera

Closing Date: June 13, 2025

The following is for clarification:

Question 1: Section 4.1. In reference to, "For purposes related to this Request for Proposal, the district is comprised of ninety-two (92) schools that represent urban, suburban, and rural populations." Should proposal responses encompass working with educators prek-12, or could proposal responses attend to working with a subset of grade-levels (i.e. Elementary only)? Will proposals be scored more favorably one way or another?

Answer 1: Proposals can attend to working with subsets of grade-levels. No, proposals will not be scored more favorably one way or the other.

Question 2: Section 5. Proposal Format: This section requests submissions in a three-ring binder and also requests two copies, 1 marked "original" and 1 exact copy. Should both "Original" and "Exact Copy" be in the same three-ring binder, or should each be submitted in their own binder?

Answer 2: They should be submitted in their own binder.

Question 3: Section 4.7 states "Proposers must provide three (3) references relating to work of a similar scope completed within the last five (5) years." However, Attachment A states "Proposers shall submit a list of three (3) projects of similar size which have been in service for at least five (5) years." Can you please clarify, do these references need to be related to work completed in the last five years, or work that is currently underway and has been in service for 5+ years? i.e. Could we submit a reference from the last five years of a similar project that had a 3-year duration?

Answer 3: The work could have been completed in the last five years or currently underway. Yes, your company could submit a reference from the last five years of a similar project that had a 3-year duration.

Question 4: Will all 92 schools necessarily receive consulting services, or is the number of schools to be determined?

Answer 4: Per Section 3.35 Knox County does not guarantee any quantity of services will be utilized under this solicitation. Services will be utilized on an as needed basis.

Question 5: Are you able to provide any more guidance on the participants? I see Section 4.3 notes that the number and type of participants may vary, but do you have an idea if it will mainly be district leaders, school leaders, or teachers? Are you able to provide any more guidance on the participants? I see Section 4.3 notes that the number and type of participants may vary, but do you have an idea if it will mainly be district leaders, school leaders, or teachers?

Answer 5: We have 92 schools in KCS. Participants will primarily include executive principals and school-level leadership teams but may include supporting educators. Participant numbers will vary based on the size of the school and the focus of the work.

Question 6: Does the district have instructional coaches, and if so, do you envision the consultants supporting them via a train-

the-trainer model?

Answer 6: KCS has an instructional coach in each elementary school. Some of our middle schools and high schools have instructional coaches. Train-the-trainer model is an option for support.

Question 7: Section 4.4 states, "The consultant will provide support in developing strategic action plans aligned with the current state of instruction that embrace evidenced-based instructional strategies within the high-quality instructional materials utilized by the district." Do you have any additional information about the kind of strategic action plans you are looking for here?

Answer 7: Strategic plans should align with the district plan and school plan, but deeply analyze how best to achieve positive outcomes for students based on an understanding of the current state of instruction utilizing district IPGs. The plan should embrace the use of the district-provided HQIM (ELA, MATH, SCIENCE). Strategies outlined in the plan must align not only with research but with evidenced-based practices.

Question 8: How will schools and participants be selected?

Answer 8: School leaders will have autonomy to elect services and design support.

Question 9: Is there a vendor currently providing this scope of work?

Answer 9: Yes, Knox County currently has Contracts with Catapult Learning, LLC, Corwin Press and National Institute for Excellence in Teaching for Evidence-Based Instruction Strategies Consulting.

Question 10: Is a hybrid approach that includes onsite and virtual training acceptable?

Answer 10: Yes

Question 11: Does the district currently leverage an LMS for professional development?

Answer 11: Yes, Canvas.

Question 12: What is the budget for this scope of work?

Answer 12: The budget varies based on school budget and district budget.

Question 13: Tab VI Proposed Costs requests a "per participant" price but Attachment E Cost Sheet specifies a number of participants per service. Please clarify what should be reflected in Attachment E.

Answer 13: Please complete the Attachment E Cost Sheet. Do not alter the cost sheet in any way. Failure to provide the completed cost sheet or deviations from the cost sheet may be just cause to deem your proposal non-responsive and not considered for award.

End of Addendum I

Note: Addendum must be acknowledged in Section V behind Tab II of the proposal.

Tab I. Cover Letter

TNTP, Inc. respectfully submits this letter of intent in response to Knox County Procurement Division Request for Proposal **#3667 Evidence Based Instruction Strategies Consulting**. We hope to partner with Knox County on this important initiative and believe that as an organization we have the skills, experience, and mindsets to positively impact the students, families/caregivers, educators, and leaders of this community. We ground our approach to professional development in research-based best practices. Our comprehensive professional development services will be a driver to strengthen instructional practice, support educator growth, foster learning spaces that support all students, authentically engage and partner with families and caregivers, ultimately improving student experience and outcomes. TNTP would be honored to work together with Knox County Procurement Division to realize their transformative approach to education.

TNTP is the leading research, policy, and practice organization dedicated to transforming America's public education system to meet the needs of tomorrow—for students, families, communities, and the nation. Our mission is to create multiple pathways for young people to achieve academic, economic, and social mobility, leading to thriving lives in adulthood. We work alongside educators, system leaders, and communities across 36 states and in more than 6,000 districts nationwide to reach ambitious goals for student success. Our deep experience includes working with school systems and communities serving a high percentage of historically underserved young people. We customize support and intervention strategies to optimize educational outcomes for every student.

TNTP focuses on three key service areas to ensure teachers succeed and students thrive:

- Rigorous Academics: Are students studying challenging, engaging, and relevant content?
- Talented People: Are educators in the right roles with the right skills helping students thrive?
- Supportive Environments: Are policies, systems, and communities supporting great schools for all?

We work at every level of the school system to help our partners achieve their goals for students. Our nationwide reach allows us to design, share, and deliver promising innovations at a scale few other organizations can match. We are deeply aligned to the district's four priorities: excellence in foundational skills, great educators in every school, success for every student, and career empowerment and preparation. We bring a wealth of experience from across the state and nation in designing and implementing professional development services and will align our professional development with Knox County's instructional priorities, state standards, and strategic plan.

Tab III. Methodology

Our Understanding

Over the past few years, Knox County Schools (KCS) has realized significant gains in student outcomes by pursuing ambitious, student-centered goals through focused and innovative initiatives. KCS's 2024 affirmed that teachers across KCS have both a strong understanding of effective literacy instruction and a shared vision for helping students achieve ambitious goals. And leadership noted that KCS outpaced the state average in third- and fourth-grade reading proficiency.[1] literacy landscape analysis, for example, revealed a number of strengths in the district's current state of literacy instruction and this year, KCS outpaced the state average in third- and fourth-grade reading proficiency.[2] Building on this momentum, KCS continues to aim higher. As Superintendent Dr. Jon Rysewyk affirmed, the district's "work moving forward will be to consistently improve every year."[3] At the close of this school year, Dr. Rysewyk emphasized a particular focus on middle school achievement and special education, acknowledging both as critical levers for districtwide improvement.[4] State data also points to a need for continued progress the math and English language arts achievements in "state identified groups" including minority students, economically disadvantaged students, and English language learners.[5]

As KCS prepares to launch its 2030 Strategic Plan, it is laying the groundwork for a coherent, future-focused vision for instruction. The district has named five overarching priorities:

1. Excellence in Foundational Skills: Ensuring students are competitive in reading and math proficiency.
2. Great Educators in Every School: Equipping educators with the necessary resources and training.
3. Career Empowerment and Preparation: Preparing students for life after graduation by ensuring they are ready for enrollment, enlistment, or employment by the end of their high school journey.
4. Success for Every Student: Providing classrooms with evidence-based strategies to accelerate learning.
5. Community Engagement: Enhancing communication and engagement with stakeholders to improve the overall student experience.

KCS seeks a strategic partner to help advance its renewed instructional vision—particularly through content-specific strategies that support schools and educators in meeting the needs of all learners. A strong

partner will not only build on the district's many successes but also accelerate progress in the areas identified as opportunities.

Our Approach

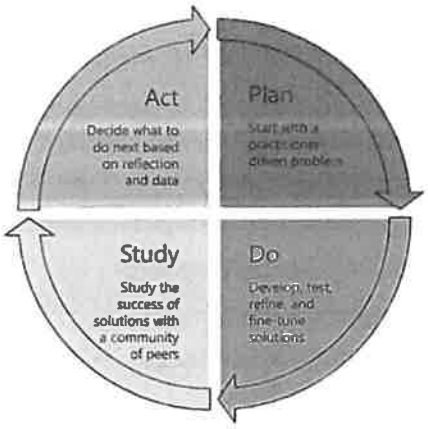
TNTP is uniquely qualified to serve as a partner in implementing instructional strategies for KCS and its schools because of our unparalleled experience and demonstrated capacity to support teacher and school leader training and development. TNTP has a track record of preparing school leaders to foster instructional excellence both through direct, site-based support and by working alongside partners and their districts. We propose a partnership with KCS that leverages its strengths and well-established systems while strategically addressing identified areas for growth to help the district reach its next level of success.

Our work is informed by our cutting-edge research. In TNTP's recent national report, *The Opportunity Myth,* we found that students spend much of their time in school without access to four key resources: grade-appropriate assignments, strong instruction, deep engagement, and teachers who hold high expectations. Students of color, students from low-income families, English language learners, and students with mild to moderate disabilities have even less access to these resources than their peers, leading to fewer opportunities to prepare for college and careers of their choice. Similar findings are echoed in the Public Consulting Group's recent report on special education in KCS.[6] In alignment with KCS's priority of *Success for Every Student*, we ground our work in the principles of *All Means All*, which means tending to students who have been traditionally furthest from opportunities in order to significantly improve outcomes for all learners. School leaders and instructional coaches can play a pivotal role in this shift to build more rigorous and engaging learning experiences for all students by strengthening and aligning existing coaching structures, routines, and classroom observation that elevate the four resources and suggest concrete next steps for teacher practice.

In our latest report, *The Opportunity Makers: How a Diverse Group of Public Schools Helps Students Catch Up—and How Far More Can*, we shine a spotlight on a small group of elementary and middle schools across the nation (just five percent of the nearly 28,000 we studied) that consistently help their students gain more than 1.3 years of learning per academic year. At a time when most students who fall behind stay behind, The Opportunity Makers highlights what's already working in schools across the nation and provides a free, open-source toolkit to help others achieve these same trajectory-changing results.

In line with this research and our best thinking on instructional support, TNTP proposes a series of practice-oriented learning experiences for KCS school leadership teams. We propose to frame all aspects of this work through an "improvement science" lens. Most improvement science literature centers on the idea that rapid testing of changes in practice can guide the development, revision, and fine-tuning of new approaches to ensure changes lead to improvement and progress toward key objectives. This ongoing testing should focus on three questions:

1. What, specifically, is the problem we are trying to solve?



2. What change might we introduce and why?

3. How will we know that change is actually an improvement?

This approach has successfully guided much of TNTP's previous academic work, including work related to professional development for teachers and developing vision and coaching skills for district-level and school-level leaders. We often apply the Plan-Do-Study-Act (PDSA) improvement science framework,

[6] https://www.wbir.com/article/news/education/kcs-special-education-knoxville-report/51-1028a089-be3f-40c3-829d-73bd85324c09

shown below. Using this cycle, each member of a professional learning community works to specify a problem of practice, designs a change or action to address that problem, studies the success of the action, and uses related data to inform next steps. We often call this "one next thing" coaching, as participants remain focused on bite-sized, immediate action steps to improve their practice.

Our Priorities

To execute on the approach outlined above, TNTP can provide curriculum-embedded professional learning across grade levels (PK–12) and content areas. Our proposal below focuses primarily on math, ELA, and science in the K-12 grades as emphasized in Addendum I to this RFP. However, it is safe to assume a similar approach is feasible, upon request, for other subjects. We understand that school leaders will retain autonomy in selecting services and shaping support for their individual school contexts. The components outlined below represent a comprehensive, phased scope and sequence, but they can also be incorporated as a flexible menu of service options tailored to individual school needs.

Our proposed focus for the partnership includes the following four priorities:

- **Priority 1 – Needs Assessment and Landscape Analysis:** Develop a clear understanding of current instructional practice and professional learning by examining classroom instruction, student work, and PD resources.
- **Priority 2 – Vision Setting and Strategy Building:** Support school leaders to develop a comprehensive vision and strategy to improve instructional outcomes for all students.
- **Priority 3 – Ongoing Capacity Building:** Build the capacity of school leaders and their leadership teams to recognize strong instruction and drive improvements in practice.
- **Priority 4 – Progress Monitoring:** Monitor progress toward a shared vision for excellent instruction and adjust course as necessary to achieve the vision.

Priority 1: Needs Assessment and Landscape Analysis
We know high-quality professional learning is critical to meeting the needs of school and district leaders who desire to strengthen and accelerate their ability to serve as effective leaders in service of the equity students deserve. As a starting point of our work with KCS, TNTP will engage a range of stakeholders to understand the needs of leaders and teachers across the school and review key data to understand current state of instruction and ensure our work together is prioritizing the leadership skills and instructional tools that will best allow leaders to increase their impact for teachers and students. We will explore student data trends, successes, challenges, and opportunities to inform professional development using existing data and fill any data gaps with our own research.

Our needs assessment process is based on the methods used in our seminal study, *The Opportunity Myth*, and consists of observations of classroom instruction, collection and review of assignments and samples of student work on those assignments, and interviews and/or focus groups with teachers and school leaders. Collection and analysis of these data are aimed at answering the following questions, to set the stage for district vision-setting and coach/leader capacity building:

- To what extent are adopted HQIM being used with fidelity?
- How often are students provided grade-level content during math, literacy, and science instruction?
- How do teachers and leaders expect students to perform on grade-level standards?
- What is the vision for excellent instruction in math, literacy, and science? How are teachers supported to bring that vision to life through the materials and professional development they receive?

- How do school leaders perceive the level of support they receive to deepen their knowledge of grade-level standards and to support teachers to provide excellent instruction with HQIM?

TNTP can also conduct a culture survey. Having reliable data around a school's instructional culture is a critical step in knowing what issues to address. TNTP will also lead a survey of the existing professional learning efforts and resources currently in use with leaders, assessing the degree to which materials and professional learning offerings are designed to align to district-provided HQIM. Supplemented by the information on curricula and materials already gathered, our culture survey will answer the following questions:

- What are stakeholders' understanding of, and investment in, the school's vision of excellent instruction?
- What is the strength of leadership practices at the school?
- What professional learning is currently offered, and what resources are allocated to it?
- What is currently offered district-wide and at the school level?
- How can TNTP design PD to be most responsive to the school's needs?

Educators complete the survey three times per year, supporting a cycle of continuous improvement and allowing school leaders to get a pulse check on their progress before the end of the school year.

Priority 2: Vision Setting and Strategy Building

With results of the needs assessment and culture survey in mind, TNTP will work with school leaders to develop a comprehensive vision and strategy to improve instructional outcomes for all students, including students in state-identified groups. School leaders should be the champion of excellence in their buildings, holding a high and consistent bar for what rigorous instruction and HQIM implementation looks like. They must be able to assess both the quality of teaching and build systems, processes, and resources to help educators improve. To guide those efforts, it is important that leaders have the space and time to build a shared vision of instructional excellence and HQIM implementation grounded in a shared understanding of the Tennessee Academic Standards and the instructional shifts required for college- and career-ready teaching and learning.

TNTP will work directly with the school leadership to support the articulation of this vision and draft the plan to achieve it. The vision and action plan may be drafted through a virtual or in-person retreat, or a series of strategic planning sessions. In past projects, we have structured this as a two-day retreat but we can adjust the format to align with the needs and goals of the school. During the retreat, we will specifically collaborate to execute the *Plan* stage of the PDSA cycle, including the following work:

- Define a **common vision for excellent literacy, math, and/or science instruction** that reflects the research behind effective instruction, the instructional shifts required by Tennessee's rigorous standards, and the design principles that informed the district's adopted curricula.
- Draft a **comprehensive plan to achieve this vision**, including a plan for leader and teacher development, and a plan to monitor and report on strategy and progress transparently.
- Set ambitious **goals for changes in teacher practice and student learning** and set a plan for reflection on progress and refinement of strategy at key benchmarks.

A sample scope is included below:

Day	Session	Objectives
1	Academic Excellence and the Role of the School Leader in Instructional Coherence	• Define instructional coherence and explain why instructional coherence is critical to accelerating instruction, improving student outcomes, and building a system that centers on the student experience and supports students on a path to economic and social mobility. • Reflect on your community and identify the components or conditions of instructional coherence that are in our locus of control as leaders. • Understand the impacts of incoherent instruction on learning acceleration at the classroom level in literacy, math, and science and particularly for students furthest from opportunity. • Using TNTP's Instructional Coherence Self-Assessment, (included in the Addendum), reflect on the instructional beliefs, policies, and practices that must be learned and unlearned, to achieve accelerated instruction and coherence.
	Establishing a Shared Vision for Rigorous Instruction – Norming	• Create a shared vision for rigorous instruction that creates a coherent experience for students and teachers • Calibrate on rigorous instruction using the observation tool and student work analysis protocol • Analyze classroom practice and identify high leverage feedback • Articulate how teachers and leaders will monitor their impact on student learning through routine student work analysis • Diagnose the current state of teaching and learning against this vision
2	The Observation Feedback Cycle and Effective Feedback	• Describe the observation feedback cycle (OFC) and explain the steps to effective feedback and common pitfalls • Prioritize a high leverage development area and bite-sized feedback for a teacher based on low-inference data from an observation • Articulate how the quality of evidence gathered influences our ability to rate teachers accurately and give them useful feedback
	The Observation Feedback Cycle: Teacher Development Goals	• Articulate the characteristics and purpose of teacher development goals • Practice generating high leverage teacher development goals • Improve your ability to identify the key action steps in classroom observation and give effective feedback that invests teachers and supports their implementation of high quality instructional materials
	The Observation Feedback Cycle: Connecting Action Steps to Goals	• Generate and sequence action steps to move teachers

		toward their agreed upon goals • Articulate bite-sized action steps that will lead teachers to achieve their goals • Practice identifying curriculum-based resources to share during feedback conversations that support teachers in meeting their goals and improving instruction
	Analyzing School Level Data - Setting Measurable School Goals	• Analyze school level data at a range of levels (grade, department) • Implement a coherence self-assessment to gauge the current state of instructional coherence within a system • Define quality criteria for measurable school level goals • Determine priority areas for school improvement and draft goals
	Planning for Coherence to Achieve the Vision for Rigorous Instruction	• Develop strategic action plans that build instructional coherence with evidence-based instructional strategies and high-quality instructional materials that are rooted in the Vision for Rigorous Instruction • Use coherence self-assessment data to incorporate a plan to build and sustain a culture of learning that leads to improved student outcomes • Understand how to engage in cycles of continuous improvement, grounded in data from classroom observations and student work analysis, to drive improvements in student growth and teacher practice

Priority 3: Ongoing School Leadership Capacity Building

To reach the intended depth of instructional change Knox County Schools is seeking and to sustain that change, school leaders will need to continually build their own knowledge about the current state of instruction in their schools in the context of the district's articulated vision for excellence, and they will need to drive improvements in practice and student learning.

Under Priority 3, TNTP will design and implement a professional learning community (PLC) series for school leaders and their leadership teams focused on 1) deepening understanding of the vision for excellent HQIM implementation and 2) supporting improvements in teacher practice. We believe that principals are the leaders of this work in their buildings and strongly recommend that principals engage in the PLCs.

The PLC will provide a framework for school-level implementation of a PDSA cycle in which knowledge building and application in the PLC sessions generate a clear plan that participants then enact in the school. During each PLC session, school leadership teams will spend a day building (and reinforcing) shared understanding of the vision for excellent instruction. In addition, the PLC will provide frequent opportunities to observe instruction. We will ground the work in the need to provide an equitable experience for all students, including English language learners and students with learning and thinking differences.

The PLC will consist of three main components:

1. **Professional learning (knowledge building)**: Our work will support leadership teams to deeply understand the demands of the Tennessee ELA, Math, and Science standards, to understand how those standards are reflected in adopted HQIM, and to consider how to develop teachers to improve the student experience in classrooms.

Through interactive learning sessions, we will:

- Develop an understanding of the shifts called for by the TN ELA, Math, and Science Standards.
- Use the Knox County Schools vision of excellent instruction to deepen leaders' understanding of excellent instruction and illustrate it with examples—including examples from the HQIM in use in Knox County, such as student tasks and videos of instruction.
- Examine how adopted HQIM reflect the demands of the standards and vision of excellent instruction. TNTP will collaborate with school leaders to create a scope and sequence for the PLC series at the start of our partnership. This plan will be a living document, as the content of PLCs will be data-driven based on data collected through learning walks, student work analysis, and feedback from school leaders. The table below illustrates a sample of PLC session key learnings for ELA, Math, and/or Science. All content would be grounded in examples from the instructional materials in use across Knox County Schools.

Learning Cycle	ELA	Math	Science
1	**Key Content:** reading comprehension and the importance of keeping complex texts at the center of instruction *How do we use a text's **central understanding and specific complexity demands** to inform planning that keeps text at the center of instruction? What moves can we make to support all students to access complex text while leaving the cognitive lift to students?*[8]	**Key Content:** The structure of the TN Standards supports all students to learn mathematics at high levels. *How do we disrupt current narratives to ensure the expectation is that **all students can learn mathematics at high levels**? How did cognitive science research guide the development and structure of the of TN Standards: **focus, coherence, and rigor?** How does the design and content of the curriculum support instruction to **reach all learners**? How can **analysis of student work** help us understand student performance and experience and adjust instruction accordingly?*	**Key Content:** The structure of the new TN Standards supports all students to learn science at high levels and develop supportive learning environments where students can develop knowledge and skills needed for post-secondary and career pursuits. *How do the **learning progressions** embedded into the TN Standards support an interconnected understanding of science? How do we use the **coherence** built into our curriculum to take an **acceleration** versus remedial approach to engaging students with **grade-level content**?*
2	**Key Content:** reading and writing as a reciprocal process[9], and the importance of evidence-based discussion and writing	**Key Content:** The coherence of the standards supports increased independence and acceleration of students' mathematical learning.	**Key Content:** the new TN science curriculum integrates engineering and technology to engage students in scientific inquiry and problem solving

	*What do **intentionally sequenced questions** that keep students grounded in the text **look like in practice**? How can we integrate writing and student talk to ensure all students are effectively supported with the work of the lesson? What protocols and routines deepen discourse and support English Language learners and/or students with learning and thinking differences to engage fully?*[10]	*How do we support teaching organized to create an **interconnected understanding** of mathematics and a **meta-cognitive approach** to learning? How do the **learning progressions** embedded into the TN Standards support an interconnected understanding of mathematics? How do we use the **coherence** built into our curriculum to take an **acceleration** versus remedial approach to engaging students with **grade-level content**?*	*How do we support teachers in building students' understanding of **scientific and engineering ideas** through the **practices of inquiry and discourse**? How do we use **research and evidence-based practices** suggested by HQIM to help students make meaning of the world?*
3	**Key Content:** reading comprehension and the role of content knowledge and vocabulary[11] *How do strong **text sets** build content knowledge and vocabulary for students? How do we enhance the learning experiences of students far behind or with language needs? How can **analysis of student work** help us understand student performance and experience and adjust instruction accordingly?*	**Key Content:** The standards for mathematical practice develop the processes and habits of mind necessary for engaging in increasingly complex mathematics. *What are the **connections** between the standards for mathematical practice and the content standards? How do we identify opportunities in the curriculum for students to develop in the standards for mathematical practice? How can we use **instructional reasoning routines** to intentionally **incorporate the mathematical practices** into instruction?*	**Key Content:** Explore scientific phenomena and build science knowledge and skills *How do we build progressively more complex explanations of science and natural phenomena across grade-levels? How do we identify opportunities in the curriculum for students to build exposure to phenomena and solve problems using models?*
4	**Key Content:** developing reading fluency in secondary classrooms *How do we effectively develop **students' ability to read fluently** while also **exposing them to rigorous, grade-appropriate texts?** What strategies can be used in secondary classrooms to*	**Key Content:** The language of mathematics is an integral part of learning mathematics. *How do mathematical understandings and **mathematical language** develop interdependently? How do we use our curriculum materials to incorporate meaningful*	**Key Content:** Effective communication within a scientific context requires students to apply literacy skills in reading, vocabulary, speaking and listening, and writing *How do mathematical skills and **science literacy** develop interdependently? How*

	promote fluent reading in an effective and efficient way?	*discourse into daily instruction? How can* ***Math Language Routines***[12] *(MLRs) support* ***equity-based teaching practices****?*[13]	*do we use our curriculum materials to incorporate meaningful discourse into daily instruction?*

These are sample topics. Actual topics and sequence would be determined in collaboration with district and school leaders and will be aligned to any related district and school systems and structures. In addition, learning around reading foundational skills can be added as needed.

2. **Vision Walks (application)**: Learning sessions for school leaders will be coupled with a chance to apply the learning in the field through a classroom walkthrough protocol. On alternating months, TNTP staff will conduct side-by-side classroom walkthroughs (which can be done either in-person or virtually) with small teams of school leaders. During these walks, school leaders will:
   - Norm on the vision and build shared expectations for excellent instruction
   - Surface trends in instruction and identify the conditions that lead to successful implementation of standards-aligned curricula in classrooms
   - Collect data to inform modifications to the comprehensive plan to improve academic outcomes and implementation of HQIM across the district

Participants will have the opportunity, in small groups, to do a walkthrough looking for evidence of the vision for excellent instruction in ELA, math, and/or science and the particular focus of the learning cycle. This work will build the capacity of district leaders to use the walkthrough model as a strategic progress monitoring tool and provide ongoing normed progress monitoring data to the district. Walkthroughs will be led by TNTP staff and, as capacity is built, district or building leaders can take on more of a leadership role. District leaders are welcomed and encouraged to join TNTP and school leaders for all instructional walkthroughs.

3. **Bringing to Action (reflection and action)**: Through the course of professional learning and vision walks, TNTP will provide school leaders with tools to monitor progress toward the vision of excellent instruction, as well as resources to support schools with implementation of the vision with HQIM. These resources may include, for example, lesson preparation protocols, observation protocols, and student work analysis protocols. In the final portion of each learning cycle, participants will plan how to bring their learning to their buildings and leadership teams.

Following each PLC session, participants will collect data on HQIM implementation. The start of the next session will provide an opportunity to reflect on implementation and refine strategy. In this way, the PLCs will align to the improvement science (PDSA) model outlined above.

Priority 4: Progress Monitoring

Under Priority 4, TNTP will support school leaders to monitor progress toward a shared vision for excellent instruction in ELA, Math, and Science and adjust course as necessary to achieve the vision. The desired changes in student outcomes, as measured by state assessments, will take time and relentless focus. To maintain investment and sustain change, it will be imperative that Knox County and its schools measure progress on leading indicators, like those collected during the needs assessment, including the extent to which lessons reflect the TN Standards and the extent to which teachers are implementing HQIM with integrity. TNTP has found these leading indicators to be useful guideposts as districts work to build capacity throughout the system to implement a strong vision of instruction.

Throughout our classroom walks with leaders, TNTP will collect data using the same tools and metrics used in The Opportunity Myth to gauge the quality of instruction and the alignment of student assignments to TN Standards. This will provide a quantitative window into the student experience. At the

mid- and end-point of the year, we will provide updates to district and school leadership on the data collected and recommended next steps in a formal report to inform ongoing strategy. In addition, these progress monitoring data points provide a useful and practical way for Knox County leaders to determine if their strategic plan is working and to complete the "study" phase of the improvement science (PDSA) framework. Ongoing strategy can be tweaked and refined based on the data to continue the PDSA cycle.

As mentioned in Priority 1, TNTP will also readminister the culture survey at the contract's halfway point, supporting a cycle of continuous improvement and allowing school leaders to get a pulse check on their progress before the end of the school year.

Should the district or school desire to engage in more robust progress monitoring, including teacher and leader perceptions of the adopted materials, quality of implementation, and district and vendor supports, TNTP can conduct twice-yearly teacher and leader focus groups or other stakeholder engagement opportunities like surveys. TNTP is also open to providing additional support to the district in responding to the data gathered through in-person or virtual step-backs, during which we will analyze the data side-by-side with Knox County Schools leaders and set next steps for implementation.

Tab IV. Delivery of Services

Success in implementing the priorities outlined above will require a carefully orchestrated and executed change management strategy that motivates and supports leaders and teachers to reorient their daily work. The tables below illustrate how the project team can deliver on the phases explained above, as well as what structures and deliverables a school will receive during each phase of implementation. The suggested phases and timeline below are designed with a 12-month sequence in mind. Note that the structure of the proposed timeline may vary, depending on the needs of a school and the start date of TNTP's partnership. We will work with district and school leaders to develop a timeline that is most appropriate for the desired scope of work. In addition, we have provided sample strategic priorities and benchmarks for each phase of support. Exact benchmarks will be established in collaboration with district or school leadership.

Sample Timeline and Delivery of Services

Phase I: Starting Strong (Months 1-3)

Essential Question: What is the current state of instruction? What is the school's vision for enhancing teaching and learning?

This phase is focused on assessing current instruction, building a shared vision for literacy, math, and/or science across the school and/or district, and introducing and establishing instructional tools to support the vision.

Example Support Strategies	Sample Strategic Priorities and Benchmarks
Initial Diagnostic/Needs Assessment (Priority 1): • TNTP will conduct an initial needs assessment (including observations, student work analysis, and stakeholder engagement) at the start of the partnership. Our work will include analysis and reporting from which we can identify current trends in the state of materials implementation and student experiences. This will drive initial vision and goal setting and support TNTP in adjusting proposed supports to meet the unique needs of the school. • **Deliverables:** Needs Assessment Report and Culture Survey Results *Vision Setting and Strategy Building (Priority 2)*: • TNTP will lead a vision setting retreat (virtually or in person), to support leaders in understanding the needs assessment data, defining a common vision for excellent instruction using strong materials, and developing a comprehensive strategy and goals for achieving that vision through implementation. • Virtual strategy calls	*Teachers*: • Most teachers deliver units and lessons with fidelity – as written and intended by the curriculum. • Can identify the purpose of each lesson during unit and lesson preparation protocols • Build trust and confidence in the unit and lesson materials • Begin to identify what works and what doesn't for them and their students • Sample Target: 80%+ of classrooms demonstrate strong Core Action 1 results in ELA and in Math • Sample Target: 20%+ of classrooms demonstrate improvement in Core Action 2 in ELA and Math *Schools*: • Establish consistent school-level teacher development structures (PLCs, observation/feedback loops) to support instruction • Instructional team members can independently facilitate preparation protocols.

- **Deliverables:** Content and materials for two-day vision-setting retreat or a series of retreat sessions

Ongoing Capacity Building (Priority 3):

- TNTP will lead the first school leader PLC, with content to be determined and differentiated for ELA, Math, and/or Science based on trends and information from the needs assessment, likely focusing on implementation of preparation protocols specific to selected instructional materials.
- **Deliverables:** Content and materials for first school leader PLC; materials-specific unit and lesson preparation protocols

Phase II: Honing Our Craft (Months 4-6)

Essential Question: How do we hone our craft to implement strong materials with increasing success?

Once teachers have established basic routines in the use of the materials, this phase pushes them toward more successful implementation through deeper planning, feedback, and reflection.

Example Support Strategies

Ongoing Capacity Building (Priority 3):

- School leaders deepen understanding of the preparation protocols to unpack the essential understandings and critical text-dependent questions for teachers to attend to (ELA).
- School leaders will work with new protocols, including student work analysis in order to support teachers to make strong choices in implementation (ELA, Math, and Science).
- School leaders will learn and practice skills for delivering effective feedback and coaching to support teacher growth.
- **Deliverables:** Content, materials, and facilitation for school leader PLC.

Progress Monitoring (Priority 4):

- TNTP will deliver a mid-contract assessment of progress to goals and will work with district leadership to adjust strategy and goals as necessary.
- TNTP will readminister culture survey allowing school leaders to get a pulse check on their progress before the end of the school year.

Sample Strategic Priorities and Benchmarks

Teachers:

- All teachers regularly implement materials with fidelity
- Make modifications to materials that do not decrease rigor of content, but enhance to meet the needs of their students
- Regularly and systematically engage in protocols for unit and lesson preparation; take on increasing independence in lesson preparation
- Mindsets reflect high expectations for what students can accomplish
- Sample Target: 35%+ of classes improve in Core Action 2 in ELA and Math

Schools:

- Instructional coaching time devoted to literacy, math, and science is spent on high-leverage activities aligned to the school's priorities and the role of the instructional team members; teachers receive regular feedback aligned to observation tools and materials
- Teachers can articulate the school's priorities for literacy, math, and science instruction and the role the materials play in the vision
- Can accurately evaluate classrooms using walkthrough tools and can use the core

• **Deliverables:** Progress monitoring report and culture survey results	actions to set priorities for the school and drive improvements in teacher development • Principal can connect instructional coach role and priorities to larger school improvement goals

Phase III: Refining Practice to Reach All Students (Months 7-9)

Essential Question: How do I make strategic adjustments and decisions to improve impact for ALL students?

This phase builds on a foundation of strong instruction and aims to have teachers and leaders make strategic decisions to improve the impact of materials for students.

Example Support Strategies	Sample Strategic Priorities and Benchmarks
Ongoing Capacity Building (Priority 3): • Instructional leadership team members will continue to collaborate on supporting teachers and strategic modifications to materials to reach all learners; the student work analysis protocol will be introduced to support teachers to use student data to make instructional decisions that accelerate rather than remediate content. • Instructional leaders will dig deeper into resources within and outside of the curriculum that support teachers to reach all learners (e.g., refining fluency routines at the secondary level; utilizing the student support resources embedded in ELA, Math, and Science instructional materials; incorporating Math Language Routines, providing "just in time" support so all students learn grade-level content). • Leaders will continue to learn and practice skills for delivering effective feedback and coaching to support teacher growth. • **Deliverables:** Content, materials, and facilitation for school leader PLC. *Progress Monitoring (Priority 4):* • Ongoing data collection during PLCs	Teachers: • Deeply internalize content and routines in each curriculum and understand desired results for learners, how students will demonstrate results, and how lesson experiences build to the desired results • Deliver units and lessons with integrity, maintaining the intent of the curriculum but making strategic adjustments and decisions to improve the impact for students • Sample Target: 60%+ of classrooms have strong Core Action 2 results in ELA and Math Schools: • Provide teachers with curriculum-specific support to deepen and refine teacher unit/lesson preparation with a focus on desired results for learners • Introduce and support the use of new protocols, including task analysis • Provide teachers with regular observation and feedback cycles to support their effective implementation of materials

Phase IV: Sustaining Momentum (Months 10-11)

Essential Question: How do I empower my students to own their learning?

This phase builds on the previous phases and aims to have teachers and leaders reflectively practice such that increasing numbers of students are responsible for the cognitive load in classrooms. It also

provides opportunity for reflection and preparation for the following school year, semester, or quarter, depending on the timing of work.

Example Support Strategies	Sample Strategic Priorities and Benchmarks
Ongoing Capacity Building (Priority 3): • School leaders will continue to dig into the resources and work with other resources provided by TNTP to identify specific strategies to support student ownership of learning and thinking (e.g., total participation techniques, protocols for academic student discourse, additional routines to incorporate the Math and Science Practices). • School leaders will work with new protocols aimed at supporting teachers in development in student ownership, including video analysis. • Instructional leaders will dig deeper into resources within and outside of the curriculum that support teachers to reach all learners (e.g., refining fluency routines at the secondary level; utilizing the student support resources embedded in ELA, Math, and Science instructional materials; incorporating Math Language Routines). • Leaders will continue to learn and practice skills for delivering effective feedback and coaching to support teacher growth. • **Deliverables:** Content, materials, and facilitation for school leader PLC. *Progress Monitoring (Priority 4):* • Ongoing data collection during PLCs	Teachers: • Empower students to own their learning • Establish regular routines and engage in consistent protocols for reflection on student learning • Establish and employ instructional strategies that give all students the chance to do the cognitive work and deeply engage in their learning • Sample Target: 30%+ of classrooms demonstrate strong Core Action 3 results • Sample Target: 60%+ of classrooms demonstrate strong overall ratings for all 3 Core Actions Schools: • Provide teachers with ongoing support to reflect on practice and outcomes in one-on-one coaching and grade level PLCs. Introduce video analysis protocol and support its use as part of the reflective process. • Introduce specific instructional strategies that will provide more students the chance to own the thinking and support teachers to include these in their lesson preparation

Phase V: Supporting Sustainability (Months 12 and beyond)

Essential Question: How do we ensure our systems and structures support sustainability of change over time?

This phase aims to build increased independence with schools in their second year of implementation by providing the opportunity to reflect on and systematize elements of implementation that have worked over time.

Example Support Strategies	Sample Strategic Priorities and Benchmarks
Ongoing Capacity Building (Priority 3): • Instructional team members reflect on successes and challenges and codify systems and structures that led to positive outcomes.	Teachers: • Continue to refine practice to improve outcomes for students, including through collaboration with peers and instructional coaches

- **Deliverables:** Protocols for leaders to craft strategy to sustain/support future progress

Progress Monitoring (Priority 4):

- TNTP will deliver an end-of-contract assessment of progress to goals and will work with district leadership to identify high-leverage actions to support and sustain progress in the future.
- **Deliverables:** Final progress monitoring report

- Continue making strategic choices in preparation and implementation of the materials
- Sample Target: Consistent practice in Core Actions 1 and 2 and overall alignment; consistently improving practice on Core Action 3 (math and ELA)

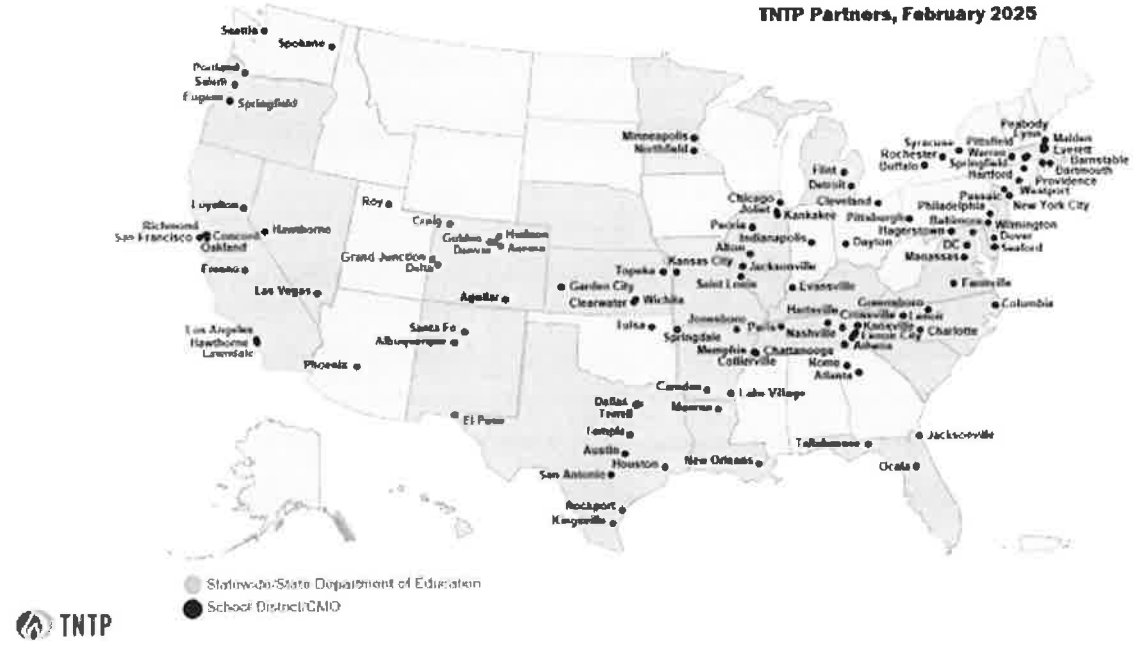
Schools:

- Establish priorities, routines, and systems to support and sustain the work beyond high-touch support

The timeline above outlines one year of support, but we know from our experience and research that changing instructional practice and student outcomes at scale can take more than one year. Therefore, TNTP is open to providing ongoing support on the priorities listed above. We will draw on our experience working on multi-year academic projects across Tennessee and the country, as well as the rich school-specific data set we will collect, to build on the successes of the first year of support and address ongoing gaps to continually drive improvement.

Goals & Evaluation

In addition to benchmarks outlined above, as well as data collected through needs assessment and progress monitoring, TNTP would continually monitor the success of our professional development efforts. To measure the success of our professional development, TNTP applies Thomas Guskey's (2002) model for program evaluation.14 Guskey outlines five levels for assessing program success, including (1) participants' reactions, (2) participants' learning, (3) organization support and change, (4) participants' use of new knowledge and skills, and (5) student learning outcomes. A positive change in student learning outcomes is the overarching goal toward which other aspects of the program build. In our work with Knox County Schools, TNTP will use program evaluation metrics like those outlined below to measure progress toward our goals. TNTP will partner with Knox County leaders to finalize goals and evaluation metrics to ensure they align with the district's priorities for teacher and student growth.



Program Evaluation Level	Example Metrics	Possible Data Sources
Participants' Reactions	• % of participants who agree they are more prepared to deliver or support effective instruction with HQIM • % of participants who enjoy professional development opportunities	• teacher surveys or exit tickets • coach surveys or exit tickets
Participants' Learning	• % of participants who demonstrate increased understanding of key knowledge or skills following professional development	• pre- and post-PD self-assessments • participant models or demonstrations • participant knowledge surveys

Organization Support and Change	• % of participants who perceive district investment in instructional practices	• teacher survey • coach surveys • leader surveys
Participants' Use of New Knowledge and Skills	• % of participants who attempt to implement new skills • quality of application or implementation	• instructional observation data • participant lesson plans
Student Learning Outcomes	• % of students who have opportunities to engage with grade-level, standards-aligned assignments • % of students who are successful on grade-level, standards-aligned assignments	• student work analysis • student assessments • observation of student engagement and discourse

Tab V. Experience and References

For over 25 years, TNTP has provided executive coaching and strategic advising to many of our partners. We bring a wealth of experience across the state and nation, focused on helping systems coalesce around a shared vision of effective instruction and on building knowledge, skills, and support systems to help all teachers deliver on that vision. Below please find examples of our recent projects.

TNTP is currently partnering with 6,000 districts across 36 states, ranging from small rural districts to those that serve the nation's largest student populations.

We have specific experience in literacy nationwide, but especially in TN, having helped many districts with building a vision for instruction with senior instructional leaders. Our organization brings a longstanding commitment to the students of Tennessee.

Our Experience Supporting Districts in Tennessee

Tennessee Department of Education. TNTP partnered at the systems level across the state of Tennessee to coach and support district and school leaders to improve teacher practice and improve outcomes for students. From March 2016 - 2019, TNTP worked closely with Tennessee SCORE (the State Collaborative on Reforming Education) and LIFT (Leading Innovation for Tennessee Education), a group of TN superintendents working together to improve literacy outcomes and create transformational change. TNTP experts partnered with these districts to build knowledge, skill, and investment in evidence-based instruction using high-quality instructional materials. We helped build leaders' capacity to use tools such as Student Achievement Partners' Instructional Practice Guide and the EQuIP student work protocol as well as transformational leadership skills. After three years of implementation support, TN LIFT districts demonstrated sustained improvement in K-5 ELA:

- Classroom instruction: Nearly 60% of lessons observed during SY2019-2020 showed some or full alignment to the Tennessee ELA standards (compared to 6% in the initial reviews).
- Student learning: 62% of students met the demands of grade-level standards on assignments, compared with 5% during initial reviews.

From 2021 - 2023, TNTP trained PK-5 teachers across the state of Tennessee in 1) the research and science behind how students learn to read and 2) the effective implementation of high-quality instructional materials aligned to the science and best practices. TNTP provided teachers an online, asynchronous course based on research and the science of early literacy. Teachers learned key principles including phonemic and phonological awareness, phonics, fluency, vocabulary and comprehension. TNTP then led an in-person, five-day course that focused on analyzing and implementing Tennessee's early literacy curriculum. This training helped illustrate what Science of Reading instruction looks like using high-quality instructional materials (HQIM). Teachers were able to deeply understand their instructional materials and to plan and practice delivery of lessons with the support of colleagues and experts.

TNTP trained 250 cohorts of teachers across the state every week in the summer of 2021, including education preparation providers. TNTP hired and trained over 50 facilitators for this purpose, and over 8,000 participants completed the course. The feedback from teachers on the program as a whole (asynchronous online learning and in-person training) has been overwhelmingly positive. In feedback surveys, the 8,000 plus teachers reported the following:

- 97.3% agreed that "The Early Reading Training has prepared me to better support my students in developing phonics-based reading skills." 63.7% Strongly Agreed
- 96.8% agreed that "I feel equipped to implement the skills I learned in the Early Reading Training in my classroom." 59.9% Strongly Agreed

For more information about our statewide literacy improvement work in the state of Tennessee, see this case study.

TNTP also served as the primary vendor for the Tennessee Department of Education's Early Literacy Network, in which TNTP directly supported 59 of the 92 districts in the network to improve early literacy practices. Through this partnership, TNTP provided customized early literacy assistance tailored to the specific requirements of each district while also offering aid and professional growth opportunities to educators and administrators statewide. Additionally, TNTP developed asynchronous online learning modules for teachers, providing guidance on specific topics related to Foundational Reading Skills instruction. The most recent TN state data revealed that from 2022 to 2023, in ELN districts, there was a 4.2% increase in 3rd -grade students scoring "Met" or "Exceeded Expectations" (formerly "On Track" or "Mastered") in ELA.

Metro Nashville Public Schools. For three years (2017-2020), TNTP partnered with **Metro Nashville** to help the district improve its quality of instruction. TNTP provided in-depth training to district leaders at central leadership meetings, as well as to school leaders and school-based literacy coaches at Curriculum and Instruction meetings. Professional learning focused on deepening understanding of the design of the TN ELA Standards, the instructional shifts, and the core actions for ELA. District leaders learned collaboratively through interactive professional learning sessions as well as vision walkthroughs led by TNTP experts. TNTP has advised MNPS's CAO on literacy strategy and specific modifications to the district's Core Actions Walkthrough Tool to align to district needs as well as the research and design behind Student Achievement Partners' original Instructional Practice Guide. TNTP has supported MNPS in ongoing progress monitoring in ELA classrooms to show progress and provide recommendations for the district to improve instruction and alignment to the TN ELA Standards and shifts. In this work, TNTP visited a range of classrooms and collected data from observations, analyzed student assignments, and conducted interviews or surveys with teachers and leaders. We provided the district with a comprehensive snapshot of literacy instruction, as well as adult knowledge and beliefs around literacy, and supported our findings with tailored recommendations for the district.

In addition, TNTP supported the MNPS Schools of Innovation Office and several of their schools—elementary, middle, and high—in coaching work focused on ELA instruction using an improvement science lens. We operated with the theory of action that if we build the capacity of Innovation Schools' literacy coaches to effectively support teachers in standards-aligned literacy instruction grounded in strong materials, then teachers will plan and execute lessons aligned to the core actions in literacy and student outcomes will improve. We worked directly with school-based literacy coaches as well as the network literacy coaches in a range of settings: one-on-one coaching (in person and virtual), collaborative PLCs, training and professional learning sessions, and guided walkthroughs. Our work was in concert with the Schools of Innovation Office to support literacy leaders in the four components of their role (coach, student work expert, lesson preparation consultant, and literacy vision manager) and in using the Instructional Practice Guide. We partnered directly with principals in walkthroughs to build their vision and help them align systems and structures in their buildings to support implementation of strong materials.

In our work with MNPS, we saw tremendous results in our high-touch schools: stronger materials are in front of students, schools are moving out of turnaround status, and teachers are changing practice to align to state standards and instructional shifts. In particular, teachers and schools in their second year of implementation made great progress, which underscores the intense effort required by leaders and teachers to see impact in this work. For example, in 2017-2018, second-year implementers more than doubled the percent of classrooms where lessons fully reflected the shifts required by the TN Standards and demonstrated consistent overall positive performance between spring and summer.

Our National Experience

In addition to work in Tennessee, TNTP brings extensive experience supporting school districts and systems across the country in the four key areas of this proposal - **Needs Assessment and Landscape Analysis, Vision Setting and Strategy Building, Ongoing Capacity Building, and Progress Monitoring.**

Learning Acceleration Network (LAN): Since 2021 we have partnered with the Massachusetts Department of Elementary and Secondary Education to engage districts from across the Commonwealth in a three-year cohort learning experience focused on vision setting and capacity building to ensure teaching and learning in the pursuit of learning acceleration for all. District instructional leadership teams engage in professional learning and job-embedded support from TNTP to pursue academic strategies that will lead to improved student outcomes. Specifically, we support district instructional leadership teams to:

- Build their vision for excellent instruction in a targeted content area (i.e., instruction that is consistent with evidence-based practices, the Massachusetts Curriculum Frameworks, and responsive to the diverse needs of students in the district).
- Diagnose the current state of teaching and learning against this vision.
- Reflect on their current systems, structures and resources and consider how they contribute to student experiences and outcomes.
- Identify improvement priorities and operationalize a plan to reimagine current systems and structures to drive improvements in the targeted content area.
- Engage in cycles of continuous improvement, grounded in data on student experiences and outcomes, to drive improvements in the targeted content area.

There is evidence that, as a result of participating in the Network, more students in Learning Acceleration Network (LAN) districts are engaging with high-quality content and instruction that meets the demands of Massachusetts' rigorous standards.

Bastrop ISD (Texas). TNTP partnered with Bastrop ISD to strengthen instructional leadership across the district by developing a clear vision and sustainable systems for coaching and support. Over several months, we worked closely with district leaders to build their capacity through targeted professional development, a "train the trainer" model, and hands-on coaching aligned to five high-impact strategies.

Leaders engaged in active observation, provided specific feedback, and practiced instructional moves grounded in student data. We supported the codification of a district-wide Instructional Leadership Vision informed by classroom practice and stakeholder input. This work culminated in a 3-day Instructional Leadership Summit to launch the 2023-24 school year with shared goals and aligned expectations. Ongoing virtual and on-site coaching reinforced the vision through real-time feedback, monthly development sessions, and instructional walks.

As a result, BISD leaders are now equipped to independently lead and sustain high-quality instructional coaching across the district. As a continuation of TNTP's work with Bastrop ISD, TNTP has supported leaders and educators in their implementation of HQIM. Through TEA's Strong Foundations Implementation grant, TNTP has worked directly with LEAs at all stages of the HQIM implementation process to establish implementation best practices; develop teachers, Directors and school leaders; and support LEA leaders to manage change effectively. TNTP partnered with Bastrop ISD to strengthen instructional leadership and ensure high-quality instructional materials (HQIM) were effectively implemented across all grade bands. We facilitated a strategic planning retreat to align priorities for K–12 math and K–5 RLA, incorporating existing initiatives and continuous improvement strategies. District and school leaders received targeted professional learning and advising on HQIM best practices, change management, and progress monitoring. Together, we refined the Bastrop Coaching Model, updated key protocols to include support for multilingual learners, and aligned training content with district goals. Ongoing support included learning walks, customized coaching institutes, and TEA-aligned deliverables to ensure sustainability and readiness for future implementation cycles.

Maricopa County Education Service Agency, Arizona. TNTP led a series of professional learning sessions throughout 2024 with Maricopa County schools in Arizona to provide instructional coherence training and strategic advising aligned to learning acceleration. The goals of the series were to:

- Develop a shared vision for instructional coherence and learning acceleration across stakeholders (district leaders, school leaders, instructional leader, educators, classroom teachers, etc.).
- Identify the elements of this vision that are within the locus of control of each group of stakeholders.
- Build the knowledge and skills necessary for each stakeholder group to be able to support instructional coherence and learning acceleration within their locus of control, leveraging the system's existing resources.

During this AZ partnership, TNTP conducted professional development with district and campus leaders, led fall coherence empathy walks, and then implemented this training and support model in four different districts (Tolleson Elementary, Phoenix Elementary, Liberty Elementary, and Nadaburg Unified) across Maricopa County, tailoring the approach to meet the unique needs of each context. Professional learning session participants consistently rated the session highly, with most awarding top marks (5 out of 5) across dimensions such as presenter effectiveness, opportunities for practice, practical content, and overall session value. Many appreciated the tools and time provided to "walk in the shoes" of students and examine the real-world impact of their decisions.

Passaic Public Schools, New Jersey. Since 2021, TNTP has partnered with Passaic Public Schools in New Jersey to improve the academic experiences of students across Grades K-12. The work began with an audit of assessments, instructional materials, and classroom practices and has evolved to focus on the selection and implementation of newly adopted instructional materials, including Amplify CKLA and Amplify Caminos. Our work in Passaic has also included a significant dual language focus, with a targeted effort support bilingual literacy classroom instruction.

Passaic began implementing the new curriculum in the 2022-2023 school year, and early figures showed immense promise. The percentage of in-class lessons using grade-level content jumped from just 47% in October 2021 to 90% in November 2022, while the percentage of assignments with grade-level content increased from 45% to 79%. The new curriculum strongly impacted the in-class teaching, with the percentage of lessons with strong instruction jumping from 19% in October 2021 to 50% in November 2022. More than 80% of teachers feel that the instructional materials benefit their students, and more than half

feel students are more engaged with the new curriculum than with the old one. In addition, leaders were encouraged by the fact that students mastered grade-level standards as soon as they had the chance. In October 2021, students were meeting grade-level standards in only 30% of their work; by April 2023, that figure had climbed to 74%. Bilingual classrooms demonstrated comparable growth to non-bilingual classrooms, with grade-appropriate assignments increasing from 17% to 50% and lessons with strong instruction increasing from 17% to 50%. For a more detailed information on our partnership with Passaic Public Schools see this case study.

Organization Overview

TNTP is the leading research, policy, and practice organization dedicated to transforming America's public education system to meet the needs of tomorrow—for students, families, communities, and the nation. Our mission is to create multiple pathways for young people to achieve academic, economic, and social mobility, leading to thriving lives in adulthood. An education nonprofit since 1997, TNTP has grown from preparing new teachers to supporting school systems serving over 40 percent of students in the United States. Today, we work side by side with educators, system leaders, and communities across 42 states and in more than 6,000 districts nationwide to reach ambitious goals for student success.

We have deep experience working with school systems and communities serving a high percentage of historically underserved young people, including students experiencing poverty, students of color, multilingual learners, students with disabilities, and students with learning and thinking differences. TNTP's nationwide reach allows us to design, share, and deliver promising innovations at a scale few other organizations can match. As we work alongside communities, we combine insight, courage, and action to conceive scalable solutions that address complex challenges from the classroom to the systems level. Through research and publications, we share what we are learning, promote practical solutions, and engage diverse stakeholders in dialogue and debate about issues of educational equity.

Our groundbreaking original research has inspired changes to policies and practices across the country, beyond the schools where we work directly. *The Opportunity Myth* (2018) was TNTP's most ambitious research project to date and remains a cornerstone of our current work.

Currently, we are orienting our work and research toward a broader vision, asking how young people's experiences can become true engines of economic and social mobility. In the first paper in the Paths of Opportunity (2024) research series, TNTP revealed five interconnected factors that are vital for young people to achieve economic and social mobility:

- **A strong academic foundation** that enables young people to learn on grade level
- **Career-connected learning** to build the skills and experience for evolving careers
- **Opportunities to build social capital** and activate networks to advance goals
- **Personal support in their lives** to navigate toward goals and stay on track
- **Civic and community engagement** to participate fully in society and shape a better future

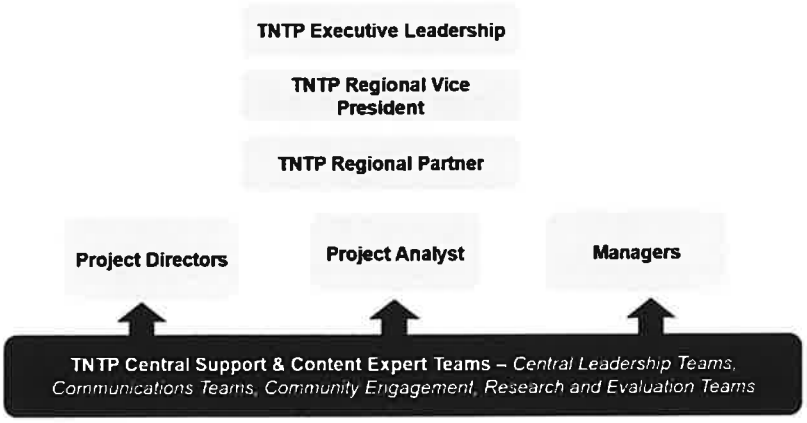
TNTP's new Research Center of Excellence is studying each factor of mobility and exploring the connections among them. Over the next several years, we will collaborate with our many partners to build a holistic road map for mobility for all young people. We look forward to joining like-minded leaders in ongoing efforts to ensure that all young people have the combination of resources and experiences they need to thrive in the futures they choose.

Programs Overview

Since our founding in 1997, the heart of TNTP's work has been partnerships and coalition-building with the people who serve young people directly every day. Our staff of 650+ works in cities and communities nationwide, allowing us to understand our local partners' daily challenges and nimbly meet their needs with programs and services ranging from targeted projects to multiyear support.

Our vision pushes beyond school walls, catalyzing cross-sector collaboration to create pathways for young people to achieve academic, economic, and social mobility. Our personalized, data-driven approach and the broad range of programs and services we offer has made us a trusted partner at all levels of the PK-12 education system.

Our programs and services include:



- **Impact Consulting:** Through academic and talent consulting, TNTP creates student-centered solutions in partnership with school system leaders, educators, families, and community stakeholders to ensure every student has access to a high-quality education that will set them on a pathway to prosperity.
- **Leadership Development and Talent Services:** TNTP partners with schools and systems to ensure that every young person learns from diverse, effective educators who bring academic programming to life and set students up for a lifetime of agency and success.
- **Community Engagement and Coalition Building:** TNTP collaborates with partners to shape a common vision for student success. Everyone–including teachers, families, caregivers, and community leaders–has a role in that vision. Leveraging coalition-building activities, TNTP builds partnerships to deliver the educational outcomes students deserve.
- **Research, Policy, and Advocacy:** TNTP leverages research and advocacy to create policy conditions conducive to student success. We use research, data, and fieldwork to understand relevant policies, and advocate for the school experiences and social conditions that make it possible for all students to thrive.

Organizational Structure and Capacity

TNTP is organized into geographic regions and supported by robust central and context expert teams. With over 680 full-time staff members, we bring the capacity and expertise to support Knox County Schools in providing evidence-based, content-specific instructional strategies. Founded in 1997, our 501(3)c non-profit organization is led by an 18-person leadership team representing a range of perspectives and experiences and governed by a Board of Directors.

Project Staffing

Our work with Knox County Schools will combine the activities of a project-based team and remote staff who provide expertise, vetted tools, and resources while working in communications, technology, assessment, research, and evaluation. This efficient staffing model keeps staffing costs low, reduces time to implementation for new strategies and activities, and enables TNTP to deliver consistently excellent services.

TNTP maintains a flexible staffing model that allows us to allocate staff to projects based on their skill set and expertise. This staffing model has proven cost-effective as it allows a deep pool of TNTP specialists to support projects where and when needed to achieve project goals. As a result, we cannot guarantee specific staff members until Knox County Schools and TNTP enter a formal engagement. The staff below are active TNTP employees engaged in facilitating leader and teacher professional development, planning, and coaching, including data collection and analysis, and have deep academic and curriculum implementation expertise. They represent the TNTP staff that could be assigned to work on this project. In addition, each TNTP project leverages the support of a central team of specialists who are among the nation's best thinkers in their respective areas of expertise. Given our deep partnerships within Tennessee, we have developed a team of staff members dedicated to supporting our Tennessee partners. The Director-level staff who will support this work have all previously supported our Tennessee work and have spent considerable time engaging in Tennessee-specific learning and community building. Our Consulting Partners have executive-level experience in statewide strategic planning, leadership development, developing cross-functional partnerships, and creating professional learning opportunities. Please see the anticipated staff roles and sample bios below.

ROLE	PROJECT-SPECIFIC RESPONSIBILITIES
Partner	The Partner is responsible for the overall success of the project and management of the team. They will maintain the business relationships with Knox County Schools.
Director(s)	The Director will bring expertise in instructional leadership and will oversee the strategy for the school and supervise the rest of the team in driving toward outcomes. In addition, the Director will be the lead on project vision, goals, and metrics.
Senior Manager	As a senior leader of the scope of work, the Senior Manager will manage and execute the strategy and is responsible for the team's delivery of results, innovative solutions, and achievement of goals. The Senior manager will deliver curriculum-embedded professional development sessions grounded in adult learning theory, provide ongoing coaching and support through classroom walkthroughs, reflective debriefs, and strategic action planning, and identify other mechanisms to capture key stakeholder feedback to ensure continuous improvement and sustainability. Additionally, the Senior Manager will help gather and analyze pertinent data and develop recommendations focusing on improving student experiences.
Data Analyst	The Analyst will develop the strategy for collection, management, analysis, and representation of data. The analyst will set up or manage existing structures to capture data effectively and efficiently and then lead the analysis and synthesis of the data collected. This includes the analysis of qualitative and quantitative research/data and identification of key trends from these.
National Support & Specialist Team	Access to TNTP's 600+ education experts to respond to unique needs and share best practices from our 25-year evidence base and the field at large.

Team bios and resumes

Stephanie Aguilera-Hawk, Partner. Currently, Stephanie is a Partner at TNTP serving the Southeast & Midwest region. Stephanie has worked with the Texas Education Agency and local school districts to lead and monitor initiatives that support the implementation of HQIM, research-based instructional strategies, and instructional leadership development. Before TNTP, Stephanie served as an assistant principal and taught middle school math at a Blue Ribbon School in San Antonio, Texas. As a first-generation college

graduate and daughter of immigrants, Stephanie eagerly joined Teach for America to work with students from backgrounds similar to her own. She earned her bachelor's degree from the University of Notre Dame and a master's degree from the Teachers College at Columbia University.

Dr. Virginia Avalos, Director. Virginia is a director at TNTP serving as a consultant in the southwest. Virginia served as a special educator for 15 years before joining TNTP. She has worked as a behavior, resource, and inclusion teacher, and campus special education lead. Virginia has central office experience including her roles as a special education instructional specialist in high-incidence disabilities and a special education coordinator supporting and overseeing programming in a district of 32 schools in high-incidence disabilities, low-incidence disabilities, autism, and behavior. Virginia collaborated with campus, central office, and community stakeholders in this role to ensure quality programming. Virginia earned her Bachelor's and Master's degrees from Texas State University and is currently enrolled in the fourth year of her doctoral program at Texas A&M Commerce. Virginia's dissertation area of focus is on school system organizational structures and their impact on student achievement in the area of special education.

Elisha McCardell, Director/Leadership Coach. Elisha McCardell is a Director of Consulting at TNTP with over two decades of experience in leadership development, school turnaround, and strengthening systems in K-12 education. She has played a key role in cultivating strong teams, empowering leaders, and driving academic excellence through strategic, goal-driven systems and aligned visions. Elisha holds a Bachelor of Science in Professional Writing, a Master of Science in Psychology, and is currently completing her dissertation for a Doctorate in Educational Leadership. Her commitment to transformational change has contributed to successful turnaround efforts across numerous districts in Texas.

Andrea Mousa, Senior Manager. As a Senior Manager, Andrea supports clients in academic and instructional leadership initiatives. Since joining TNTP, Andrea has supported a variety of district partners with academic programs aimed at improving instruction in ELA and Math for school based and district level leaders. These projects include serving as an external operator for a turnaround school in Volusia County. Through TNTP partnership with this school, the school grade improved from a D to a C, moving the school out of state turnaround oversite. Before joining TNTP, Andrea served as an Assistant Principal of multiple turnaround schools in Duval County focusing on improving ELA and Math instruction along with providing academic professional development to school-based leaders and coaches. Specifically, Andrea served as a leader of a turnaround elementary school through her leadership, students' proficiency in grades 3-5 improved in ELA proficiency from 28% to 40%. In addition, improving math in grades 3-5 from 40% to 64% learning gains. Ultimately the school grade improved from a F to a C over the course of a year. Andrea is a native of Florida, and began her teaching career in Gainesville, FL.

Rachael Smilowitz, Senior Manager. Rachael Smilowitz is a Senior Manager in the Consulting Division at TNTP, working on various projects focused on leader and teacher development in PreK-12 and Higher Education. She supports planning and facilitating professional development training around math education, curriculum implementation, and content understanding for teachers, coaches, and school leaders. Rachael has also worked on projects in higher education focusing on teacher preparation programs and integrating high-quality curriculum materials. Before coming to TNTP, Rachael worked as a district math curriculum specialist, an assistant principal, and a teacher coach. As a district lead, Rachael worked to support the adoption and implementation of high-quality curriculum materials across 20 middle schools. Rachael has two master's degrees in education, one in middle school math and another in educational administration. She is certified in South Carolina for Elementary, Middle School Math, and Elementary/Middle Administration. She is currently a doctoral candidate at Clemson University in Educational Systems Improvement Science with an anticipated graduation date of December 2025.

Samantha Bommelje, Data Analyst. Samantha is a data and policy analyst with over a decade of experience driving school improvement through rigorous data analysis and strategic planning. She currently serves as an Analyst at TNTP, where she partners with education leaders to evaluate program effectiveness and support instructional initiatives. Previously, she held multiple roles at Denver Public Schools, leading districtwide strategies for tiered supports and progress monitoring. Samantha holds a

Master of Public Policy from Georgetown University and a Bachelor's in Political Science and History from Boston University. She brings deep expertise in data visualization, educational policy, and continuous improvement.

Conditions for Coherence: Self-Assessment

Read me first:

With instructional coherence at the forefront of many education discussions, there are several coherence tools on the market. While coherence research argues for the importance of coherence at the educator level, the power of this research is in understanding what coherence can mean for students—particularly students often furthest from opportunity.

At TNTP, we believe that the students who have historically been furthest from opportunity – the students who we should be most intentional about supporting – are the students who tend to have the most disjointed experiences at school. It is our job – as leaders of evolving systems – to practice self-awareness and build relational trust by coming off of the balcony level and listening and learning from these experiences on the ground.

The only real way to measure coherence is to examine the student and family experience. As a systems-level tool, the purpose of this self-assessment is not to determine whether a not a system is coherent, but to analyze the existence of the **conditions** that make coherence possible. That is to say, this tool is designed to uncover the **why** behind the source of incoherence - it is **not** an assessment of how coherent the system is. If this is instead what you are seeking, compare the results of stakeholders' experience in schools (students, families, teachers, leaders). If there are significant inconsistencies, this in and of itself is a testament to the lack of coherence.

How to use this document:

1. *Ideally before completing the self-assessment* – Gather voices of students, families and educators in your school/system to understand their experience with coherence and compare it against your perceptions in this self-assessment (see page 2). Are the experiences and perceptions aligned or different? **This is where the work begins.**
2. Gather a representative team to complete this self-assessment together. Ensure that leaders at various levels and across various teams are represented (see page 3).
3. Reflect on the questions by lever. Be sure to cite evidence of where/how each indicator is influencing students' experience. It is ok to do one lever at a time or to prioritize certain levers that represent your priorities (i.e. If you are working on a literacy strategy, perhaps you focus on Vision and HQIM/Instructional Strategies).

Therefore, to understand coherence, we must begin with students. **Before leveraging this tool**, which captures the adult perspective on the conditions for coherence, it is of the utmost importance for system leaders to gather first-hand information from students, families, and staff, about **where** they are experiencing incoherence as their perspectives are the **most** critical to truly reaping the benefits. There are a range of ways to understand the student experience, including the example methods provided below, which are categorized according to complexity, increasing from levels 1-

TNTP

Example Methods of Coherence Analysis				
Perspective	**Level 1**	**Level 2**	**Level 3**	**Level 4**
Student	Conduct a targeted coherence student survey and/or asynchronous listening tour.	Gather a week's worth of student work (across all tiers of instruction and support) to analyze the level of variance between topics covered.	Conduct student interviews or focus groups and student shadowing to get a firsthand understanding of the coherence of the student experience.	Contract with TNTP for a comprehensive student experience coherence diagnostic.
Family	Conduct a targeted coherence family survey and/or asynchronous listening tour.	Conduct an audit of family communications and data sharing, including report cards and newsletters, to analyze the coherence of 360-degree communication.	Conduct family interviews or focus groups and home visits to get a firsthand understanding of the coherence of the family experience.	Contract with TNTP for a comprehensive family experience coherence diagnostic.
Staff	Conduct a targeted coherence staff-survey and/or asynchronous listening tour.	Examine artifacts such as PD calendar, instructional visions, onboarding priorities, master schedules, and PLC planning documents.	Conduct staff interviews or focus groups and 1:1 interviews to gain an understanding of the coherence of the staff experience.	Contract with TNTP for a comprehensive staff experience coherence diagnostic.

TNTP

Building a Cross-Departmental Team

This tool is intended to be used collaboratively by a team of school leaders, educators, support staff, and community members. When reviewing data and making decisions about students, it is critical to engage team members with multiple perspectives and areas of expertise, especially those who support students furthest from opportunity. Use the tables below as a starting point for identifying team members who should be part of this important conversation.

If completing this assessment at the district/system level: The sample below represents several cross-departmental district level leaders. Customize to reflect the reality of your system, without compromising on the goal of ensuring broad collaboration.

Team Member (District-Level)	Role In Ensuring Instructional Coherence
C-Level Student Supports Lead	
C-Level Academics Lead	
C-Level Special Education Lead	
C-Level Dual Language or Multilingual Learner Lead	
Data Administrator	
Family Engagement Lead

TNTP

Conditions for Instructional Coherence: Self-Assessment Tool

The following indicator questions are categorized by domain from the 6 Levers for Sustaining Academic Foundations, and are intended to be rated on a four-point scale:

0. I don't know/I need to find out
1. Not Yet
2. Somewhat
3. Mostly
4. Yes

In addition to rating the indicator questions, please include any evidence of student impact in the Notes/Reflections column of the table for each indicator. Evidence should include quantitative or qualitative outputs and outcomes. Be sure you have student-level data to support your rating.

Vision of Excellent Instruction and The Student Experience			
Domain	**Indicator questions**	**Rating**	**Notes/reflections** • *What evidence do we have that this is changing outcomes for kids?* • *What is working well and how can it be leveraged?* • *What is not working and how can it be improved?*
Stated Vision	Can you name the short term and long-term student outcomes your system/school wants to achieve for all students' academic, linguistic, and cultural experiences, especially those furthest from opportunity such as multilingual students and students with learning and thinking differences?		
	Can you confidently articulate the ways your vision is clear and easy to understand for all key stakeholders, such as leaders, teachers, parents and caregivers, and students – and that they know their role in enacting these changes?		
Vision Implementation	Can you name the system-wide codified expectations, strategies, and practices that are enacted in all spaces for all students?		
	Can you name a narrow set of clear and manageable priorities to focus on for the year to move the needle toward your instructional visions? How do these priorities align with the envisioned student-level change?		
	What is your data mechanism for monitoring your visions and intervening and/or adjusting course as needed towards the envisioned student level change?		

TNTP

Overall, to what extent is your vision for strong instruction – across all content areas, tiers, and groups of students – alive for students? What are your strengths in this lever? What are your weaknesses?

If the total score of the Vision section is 5 or less, stop here. A clear and well-articulated vision for excellent instruction and the student experience is your starting point.

High-quality Instructional Resources and Evidence-based Academic & Developmental Best Practice			
Domain	**Indicator questions**	**Rating**	**Notes/reflections** • *What evidence do we have that this is changing outcomes for kids?* • *What is working well and how can it be leveraged?* • *What is not working and how can it be improved?*
Materials and Content	What materials do students access and use with integrity in Tier I, Tier II, and Tier III (as available)? Describe all content areas and grade levels.		
	What are the evidence-based practices that are at the core of your system/school's instructional program that ensure that all student experiences are valued and leveraged across their learning experience?		
	What practices and structures does your system/school utilize to ensure alignment between materials and content of Tier 1 and other extended learning opportunities (Tier II, Tier III, tutoring, extension?)		
Implementation	What curriculum-based training do your educators receive to deeply understand the purpose, design and how to use the materials most effectively? Which educators participate in the training and how is information shared and codified?		
	Have all Tier II and III educators and tutors (if applicable) received training on your intervention or tutoring approach and the instructional materials?		
	How does your system/school utilize lesson/unit internalization processes so that all educators are prepared to lead high quality instruction in Tier I, II, and III which leverages a deep		

TNTP

	understanding of their students' cognitive and linguistic identities to provide supportive learning experiences?		
	What are the systems and structures for regular collaboration between the educators leading different instructional tiers of support for students?		
Data and Assessment	Can you name the most useful assessments in your system/school that drive daily instruction and their alignment to the instructional materials, if any?		
	How do you use Tier I curriculum-based assessments and appropriate language assessments —both placement assessments and throughout the year—to (1) identify what students know and do not yet know and (2) inform what is taught across tiers of support (if applicable)?		
	How do educators use data from your student assessment program to identify which of our students are not yet effectively supported – and problem solve around reentering the planning or testing phase to ensure that those students achieve at high levels?		
Overall, do students have exposure to strong materials and teachers who know how to utilize the materials across their day?			
If your overall score in this section was 7 or less, stop here. High quality materials and evidence-based practice is your starting point.			

TNTP

Student-Centered Policies and Practices			
Domain	**Indicator questions**	**Rating**	**Notes/reflections** • *What evidence do we have that this is changing outcomes for kids?*
Data Systems	How does the data that systems/schools collect and track align with the stated and enacted instruction vision?		
	What data systems and structures offer opportunities for leaders and educators to analyze the data of specific subgroups, particularly students often furthest from opportunity (e.g., multilingual learners, students with learning and thinking differences, and students experiencing economic insecurity)?		
	To what extent are decisions about a student's instructional program/access/supports based in data and made in collaboration with a student's support team, including their family?		
Instructional Practices	What evidence-based best practices that meet the needs of language learners and students with learning and thinking differences are evident across all tiers of instruction and language spaces?		
	What systems and structures are in place to ensure that students have access to the different academic, linguistic, and developmental supports they need?		
	To what extent are students provided with the appropriate amount of time to engage in different learning experiences?		
Mindsets and Beliefs	What do you do when you notice differences across student learner subgroups occurring in your system?		
Overall, do your policies and practices create a student-centered learning environment for students?			

TNTP

Organizational and People Management			
Domain	**Indicator questions**	**Rating**	**Notes/reflections** • *What evidence do we have that this is changing outcomes for kids?*
Change Management	What systems and structures are in place to ensure that system-level decisions are made and adjusted thoughtfully based on school-level, classroom-level, student-level, and community engagement data?		
	How are your change management and continuous improvement efforts clearly connected to your vision?		
Time	Can you describe how the master schedule has been purposely and strategically organized to allow for educators across tiers and content areas have within the school day for collaboration, lesson reflection, lesson preparation, and instruction?		
Coaching and Collaboration	What role do leaders play in regularly guiding and supporting lesson and unit reflection and preparation to ensure teachers deeply understand their instructional materials and can prepare for lessons in ways that reach the intentions of those materials?		
	How often do system- and school-based leaders regularly engage in observations and feedback conversations centered around the student experience?		
Personnel and Capacity	To what extent do school-level leaders and other staff understand their role in advancing the district's strategy and have the time, space, and expectation to focus deeply on this work?		
Overall, do the adults in your system have the information, support, time, and capacity to center the student experience across all spaces?			

TNTP

Workforce Experience, Selection, Support, Collaboration, and Design			
Domain	**Indicator questions**	**Rating**	**Notes/reflections** • *What evidence do we have that this is changing outcomes for kids?*
Recruitment and Retention	What are the system/school recruitment and selection strategies that will lead to set of educators with skills to serve students furthest from opportunity?		
	What are the clear retention strategies that will support your system in retaining your irreplaceable staff and educators?		
	To what extent does your district or system's workforce align with the needs and vision articulated in your instructional program, as well as the learning needs of the students you serve?		
Development and Evaluation	How often do school-based educators have regular opportunities to receive professional learning aligned with the district or system's vision and priorities?		
	How often do school-based educators regularly receive observation, feedback, coaching, and support aligned with the district or system's vision and priorities?		
	What structures exist for departments across the district (or individuals within a school) to collaborate effectively and efficiently to improve coherence across all learning spaces, including multi-tiered systems of support and bilingual program models?		
Aligned Progress Monitoring	How do school instructional leaders regularly monitor progress toward the district or system's vision and adjust supports and priorities for teachers and students as needed?		
	How are leaders and educators evaluated and coached using tools (e.g., rubrics) that align with your instructional vision's strategies, practices, and priorities?		
Overall, do students have teachers and leaders who seek to uphold the system's vision for the student experience?			

TNTP

Authentic Community and Stakeholder Engagement & Investment			
Domain	**Indicator questions**	**Rating**	**Notes/reflections** • *What evidence do we have that this is changing outcomes for kids?*
General Communication	What community engagement strategies are used that attend to the needs and assets of all families and students, including communication in their home language?		
	How often do stakeholders get frequent, honest, and clear information regarding student-level data, with communication about how the system plans to respond to the data?		
	What are the strategies used to leverage the assets of your community to better serve your students, including authentically partnering with community-based organizations?		
Additional Vision/Strategy-Specific Communication	What are the mechanisms for soliciting and incorporating stakeholder feedback on the progress or implementation of the vision?		
Overall, does your community engagement strategy support students in experiencing shared learning between home and school?

MEMORANDUM OF UNDERSTANDING
BETWEEN
KNOX COUNTY HEALTH DEPARTMENT
AND
KNOX COUNTY SCHOOL SYSTEM

THIS MEMORANDUM OF UNDERSTANDING made and entered into this 1st day of July 2025, by and between Knox County Health Department, hereinafter referred to as KCHD, and Knox County Board of Education, hereinafter referred to as Board, Knox County Schools, or KCS which provides school-based nursing services.

RECITALS

A. KCHD has established the **"In School Health Program"** to specifically address the health needs of all public school children in Knox County, Tennessee.

B. The KCS has a school health services department whose mission is to provide safe delivery of comprehensive school health services to the people of Knox County schools.

C. The KCS has a Physical Education and Health department whose mission is to develop, implement, coordinate, and evaluate the curriculum in nutrition and health education.

D. KCHD, through the **"In School Health Program,"** desires to provide school nursing services to selected schools assessed to be in need of increased school health nursing services, and nutritional services to the Department of Physical Education and Health.

E. KCHD desires that the school health services department of KCS provide those needed nursing services to select Knox County schools as determined by KCHD and KCS based on student nursing needs.

F. KCHD desires that the Department of Physical Education and Health provide nutritional services based on departmental needs as determined by KCHD and KCS.

G. KCHD desires that the Department of Humanities provide instruction to students in the health education curriculum in the needed subject areas as determined by KCS and KCHD.

H. KCS and KCHD have cooperated in services since 1987. The Medical Director for the Health Services Department of KCS has been either the Director of KCHD or a medical doctor from KCHD.

I. KCHD and KCS agree that no services shall be provided pursuant to this Memorandum of Understanding except in accordance with applicable federal, state, and local laws and regulations governing the provision of health care services.

SECTION ONE
DURATION AND CANCELLATION

A. **This Memorandum of Understanding will begin on July 1, 2025 and shall extend through June 30, 2026**. This Memorandum of Understanding may be terminated by either party by giving written notice to the other at least sixty (60) days before the effective date of such termination. In that event, KCS shall be entitled to receive just and equitable compensation for any and all satisfactory authorized work completed as of the termination date. If KCS fails to fulfill in a timely and proper manner its obligations under the Memorandum of Understanding, or if KCS shall violate any of the terms of this Memorandum of Understanding, KCHD shall have the right to immediately terminate this Memorandum of Understanding and withhold payments in excess of fail compensation for any and all work completed, and to require KCS to repay KCHD any funds extended to contravention of such conditions. If KCHD fails to fulfill in a timely and proper manner its obligations under the Memorandum of Understanding, or if KCHD shall violate any of the terms of this Memorandum of Understanding, KCS shall have the right to immediately terminate this Memorandum of Understanding.

B. This Memorandum of Understanding may be modified only by written amendment executed by the parties hereto and approved by the appropriate official(s).

C. This Memorandum of Understanding shall not be binding upon the parties until it is approved by the Knox County Commission and the Knox County Mayor, and the Knox County Board of Education, and a copy of said approved Memorandum of Understanding delivered to KCS.

SECTION TWO
SCOPE OF SERVICES

A. Student Services

Outlined in job description, Appendix A., B., C., and D,

B. Program Guidelines

The goals and objectives establishing program guidelines are outlined in the School Nurse Evaluation Component, Nutrition Component, and the Health Educator Component plans completed by the respective departmental supervisors.

C. The parties will cooperate in gathering TennCare statistics regarding the Knox County School System. KCHD will provide medical coverage and assistance in obtaining medical supplies for immunization programs, as needed.

D. The Medical Director (Public Health Officer) for the KCHD will approve all medical documents produced by the Health Services Department of KCS.

E. Collaborate on school-based health projects.

SECTION THREE
EXPENDITURES AND REIMBURSEMENTS

A. KCHD shall reimburse KCS for expenditures associated with this program, but not to exceed a total **SIX HUNDRED FORTY EIGHT THOUSAND ONE HUNDRED NINETY FIVE DOLLARS AND EIGHTY NINE CENTS ($648,195.89)** during the one (1) year memorandum of understanding period. (See Appendix D. for budget breakdown.) KCS shall submit a statement of expenditures, with all supporting documentation, on a quarterly basis during the memorandum of understanding year. KCHD will not be responsible for expenses incurred in the previous quarter and not submitted by the 15th of the following month with appropriate documentation, KCHD shall reimburse for all reasonable expenses by the 30th of the month following the quarter in which the expenditures were accrued. For the purpose of this Memorandum of Understanding, allowable expenses shall include direct costs of salaries, and fringe benefits.

B. KCS shall pay KCHD for medical supplies as described in Section Two, paragraph C. the cost paid by KCHD for said supplies from the manufacturer.

SECTION FOUR
ESSENTIAL TERMS AND CONDITIONS

A. Assurances

1. The books, records and documents of KCS, insofar as they relate to work performed or money received under this Contract, shall be maintained for a period of three (3) full years from the date of the final payment, and shall be subject to audit, at any reasonable time during normal business hours upon reasonable notice, by KCHD, or their duly appointed representative.

2. KCS shall, as reasonable requested, submit brief periodic progress reports to KCHD.

3. Both KCS and KCHD shall maintain strict confidentiality of client medical records and other similar records in accordance with state and federal law and established ethical standards.

IN WITNESS WHEREOF, the parties have by their duly authorized representative set their signature and have executed this Memorandum of Understanding on_____, 2025 in Knox County, State of Tennessee.

APPENDIX A.

REGISTERED PROFESSIONAL NURSE
HEALTH SERVICES

JOB SUMMARY

To assist in the implementation of the Health Services program in Knox County Schools facilities.

QUALIFICATIONS

- Graduate of an accredited Professional School of Nursing with a current Tennessee Registered Nurse License
- At least two (2) years actual nursing experience
- Dependable transportation to various sites
- Such alternatives to the above qualifications as the Superintendent may find appropriate and acceptable

RESPONSIBILITIES/JOB DUTIES

- Report to Health Services Supervisor
- Assume primary responsibility for medications given at school
- Consult with physicians and health care providers regarding medications and medical procedures provided at school
- Observe and monitor students for adverse reactions and side effects to medications being received
- Document pertinent medical information on students, as needed
- Conduct screenings and access health status of students
- Serve as resource person in control of communicable diseases
- Interpret health data for school personnel and parents
- Monitor school's compliance with State Health Regulations
- Teach delegated medical skills to non-nursing personnel
- Supervise Licensed Practical Nurses when applicable
- Perform other duties as assigned

APPENDIX B.

SYSTEM-WIDE NUTRITION FACILITATOR
INSTRUCTIONAL DEPARTMENT

ESSENTIAL FUNCTIONS

The nutrition facilitator's primary function is to provide focused, specialized leadership for a specific area of the instructional program. This leadership provides essential curricular, instructional, and professional support to teachers, central office staff and building level administrators as all stakeholders seek to provide programs for student success and high levels of student achievement.

QUALIFICATIONS

- Master's Degree
- Minimum of three years' experience in actual focus area
- Knowledgeable of effective programs, practices, and assessment tools in the field
- Dependable transportation to various sites
- Such alternatives to the above qualifications as the superintendent may find appropriate and acceptable

RESPONSIBILITIES

- Report to the Supervisor of Physical Education and Health
- Coordinate, develop, implement, and evaluate curriculum in nutrition and health education
- Develop, coordinate, and evaluate in-service training for teachers, administrators, parents, and appropriate others
- Serve as a consult for acquiring and assisting in the coordination of resources integrating nutrition education into the core curriculum
- Work with teachers in evaluating instructional material/supplies for nutrition and health education
- Work with teachers in developing curriculum guides for nutrition and health education
- Assist health supervisor with nutrition and health budget
- Serve as a school system liaison to local community health organizations in program coordination
- Attend elementary and middle schools principal's meetings
- Attend local and regional professional meeting associated with nutrition and health education
- Perform other duties as assigned.

APPENDIX C.

VIRTUAL BEHAVIORAL HEALTH LIAISON SYSTEM-WIDE

JOB SUMMARY

This position will coordinate district-wide efforts to provide behavioral health supports to staff and students working in a virtual learning environment. The VBH Liaison will work collaboratively with school teams to assess behavioral health needs of staff and students and develop support plans to be implemented in a virtual environment. The VBH Liaison will provide training and on-going consultation and support to the school team to determine and implement the appropriate behavioral health strategies for staff to utilize to support students experiencing significant challenges.

QUALIFICATIONS

- The Liaison shall be licensed as a teacher, counselor, social worker or psychologist, in accordance with state law and the regulations of the Tennessee State Department of Education. Such license shall be on file in the office of the Superintendent prior to beginning employment
- It is the responsibility of the employee to secure a certificate and to maintain its validity. The employment agreement must be terminated if the employee's certificate has lapsed or otherwise become invalid, the Superintendent shall immediately suspend the employee without pay pending disposition of the matter. The employee shall be notified of the reason for the suspension and given an opportunity for a hearing before the Board
- The VBH Liaison must demonstrate competency based on the current job assignment and performance standards as outlined in the appropriate state model for local evaluation.
- Such alternatives to the above qualifications as the Superintendent may find appropriate and acceptable
- Training and experience working with students who exhibit challenging behaviors which interfere with their learning or the learning of others
- Training and experience in developing and implementing positive behavior support and trauma informed strategies
- Training and experience in developing virtual platforms and content to support staff and students in a virtual environment

ESSENTIAL FUNCTIONS/JOB DUTIES

- Report to Director of School Culture
- To coordinate district-wide efforts to provide behavioral health supports to staff and students working in a virtual learning environment
- To assist in development of distinct-wide protocols and procedures for providing behavioral health supports for staff and students in a virtual environment

- To provide on-going professional development training and support to schools/programs and staff in the area of behavioral health supports in a virtual environment
- To help facilitate communication with the base schools regarding student's progress in the virtual learning environment
- To follow Knox County procedure and guidelines when one knows or reasonably suspects that a child's health or welfare has been or appears to have been harmed as a result of abuse or neglect
- Establish and maintain satisfactory, respectful working relationships within the program environment
- To facilitate the response to behavioral health emergency situations in virtual programs throughout the system.
- Attend in-service, staff development activities and other required meetings.
- Participate in local, state, or national staff development activities as requested.
- Stay abreast of current research and best practices in the field of behavioral health management.
- Maintain appropriate documentation as determined by the supervisor.
- Maintain confidentiality and comply with all pertinent federal, state and district regulations and policies.
- Attend School Support Team Meetings and other student focused team meetings as necessary or directed by the supervisor.
- Perform other duties as assigned.

Project Details

Knox County (470) Public District - FY 2026 - CTE Perkins Reserve - Rev 0 - Secondary Application

Instructions

Provide a thorough overview of the proposed project.

This should include the following essential components.

Project Theory of Action

Students enrolled in the Audio and Video Production pathways in Knox County high schools are set to launch an exciting collaboration with East Tennessee PBS, producing monthly local programming that highlights the work and stories emerging from Career and Technical Education (CTE) pathways across the district. Through this partnership, students will gain real-world, work-based learning experience in broadcast production—planning, scripting, filming, editing, and delivering content for a public audience.

This initiative offers students the opportunity to work alongside industry professionals, sharpening technical skills in camera operation, audio engineering, digital editing, and storytelling, while also developing essential soft skills such as communication, teamwork, and project management. By contributing directly to a professional media outlet, students not only build competitive portfolios but also gain a deeper understanding of the fast-paced world of media production. These students are also participating in Dual-Credit opportunities through our partnership with Pellissippi State Community College, and this would also have the potential to satisfy a portfolio requirement tied to earning that EPSO credit.

For the broader community, these monthly segments will offer a behind-the-scenes look at the impactful, hands-on learning happening throughout Knox County Schools' CTE programs—from culinary arts and automotive technology to healthcare and cybersecurity. It's a dynamic way to connect students' learning to local industry needs while raising awareness of the value and variety within CTE. This collaboration demonstrates the district's commitment to preparing students for postsecondary success while enriching the local media landscape with authentic student voices and stories.

This grant will allow KCS CTE to devote needed funds towards production costs, added equipment, and staff professional development to aid in building out this valuable work-based learning experience.

Action Step	Outcome	Evaluation Strategy	Timeline													State Priorities				Type of Partnership						Action Step Priority Ranking		
			Monthly	July	Aug.	Sept.	Oct.	Nov.	Dec.	Jan.	Feb.	March	April	May	June	Seamless Transitions	Workbased Learning	Industry Credentials	Individualized Advising	TCAT or Community College	University	Workforce or economic development entity	Industry Partner	Community Partner	Other	High	Medium	Low
Through consultation with CTE Specialists, industry partners and East TN PBS specifically, the CTE Director will develop an equipment plan to address needs related to producing high-level, professional quality audio/video material. These A/V programs across the district will be supported through the addition of classroom equipment, software, and resources that support students in meeting classroom standards, participating in industry certifications, and engaging in early postsecondary opportunities.	CTE Equipment upgrades and additions will allow teachers to provide instruction that meets post-secondary and industry standards, ultimately increasing the success rates of students participating in this experience.	The CTE Director will utilize a needs assessment completed by related stakeholders to guide the purchase of equipment, software, and resources for this specific initiative.	☑	☐	☐	☐	☐	☐	☐	☐	☐	☐	☐	☐	☐	☑	☐	☐	☑	☐	☐	☑	☑	☐	☑	☐	☐

WHEREAS, Knox County Schools has received a grant contract from the Tennessee Department of Transportation for an Aeronautics Division 2025 Aviation Education Grant for Powell High School, as further described in the Scope of Services and Deliverables section of the attached grant contract; and

WHEREAS, the proposed grant contract is in the amount not to exceed $20,000.00 for the term beginning June 30, 2025 and ending June 29, 2026; and

WHEREAS, this grant contract does not require a local match from Knox County Schools; and

WHEREAS, the Knox County Board of Education approved this grant contract at its regularly scheduled meeting on August 7, 2025.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The grant contract with the Tennessee Department of Transportation for an Aeronautics Division 2025 Aviation Education Grant for Powell High School is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the grant contract with the Tennessee Department of Transportation for an Aeronautics Division 2025 Aviation Education Grant for Powell High School shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

Grantee Selection Process Summary

☒ Competitive Selection

For every project, the airport owner, sponsor or educational program must submit a letter of request and an application to the Aeronautics Division. The Aeronautics Division staff reviews all project requests monthly. The review is based on the Division's established criteria and policies. The review results are presented to the Commissioner for approval. Grant award amounts will be based upon available funds and the amount requested, and such funding will be continued in order of application approval..

☐ Non-competitive Selection

Describe the reasons for a non-competitive grantee selection process.

Budget Officer Confirmation: There is a balance in the appropriation from which obligations hereunder are required to be paid that is not already encumbered to pay other obligations.

GRANT CONTRACT
BETWEEN THE STATE OF TENNESSEE, DEPARTMENT OF TRANSPORTATION AND KNOX COUNTY SCHOOLS

This grant contract ("Grant Contract"), by and between the State of Tennessee, State of Tennessee Department of Transportation, hereinafter referred to as the "State" or the "Grantor State Agency" and Grantee Knox County Schools, hereinafter referred to as the "Grantee," is for the provision of education, as further defined in the "SCOPE OF SERVICES AND DELIVERABLES."

Grantee Edison Vendor ID # 3940

A. SCOPE OF SERVICES AND DELIVERABLES:

A.1. The Grantee shall provide the scope of services and deliverables ("Scope") as required, described, and detailed in this Grant Contract.

A.2. The purpose of this grant shall be to provide financial assistance for the promotion of aeronautics in the State of Tennessee pursuant to the provisions of Tennessee Code Annotated 42-2-218 or Tennessee Code Annotated 4-3-2313 and 2314, Aeronautics Economic Development Fund.

A.3 Incorporation of Additional Documents. Each of the following documents is included as a part of this Grant Contract by reference or attachment. In the event of a discrepancy or ambiguity regarding the Grantee's duties, responsibilities, and performance hereunder, these items shall govern in order of precedence below.

a. this Grant Contract document with any attachments or exhibits (excluding the items listed at subsections b. and c., below);

b. the State grant proposal solicitation as may be amended, if any;

c. the Grantee's proposal (**Attachment One**) incorporated to elaborate supplementary scope of services specifications.

B. TERM OF CONTRACT:

B.1. This Grant Contract shall be effective on **June 30th, 2025** ("Effective Date") and extend for a period of **twelve (12) months** after the Effective Date ("Term"). The State shall have no obligation to the Grantee for fulfillment of the Scope outside the Term.

B.2. Renewal Options. This Grant Contract may be renewed upon satisfactory completion of the Term. The State reserves the right to execute up to **four (4)** renewal options under the same terms and conditions for a period not to exceed twelve (12) months each by the State, at the State's sole option. In no event, however, shall the maximum Term, including all renewals or extensions, exceed a total of sixty (60) months.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Maximum Liability. In no event shall the maximum liability of the State under this Grant Contract exceed **Twenty Thousand Dollars and Zero Cents ($20,000.00)** ("Maximum Liability"). The Grant Budget, attached and incorporated as **Attachment Two** is the maximum amount due the Grantee under this Grant Contract. The Grant Budget line-items include, but are not limited to, all applicable taxes, fees, overhead, and all other direct and indirect costs incurred or to be incurred by the Grantee.

C.2. Compensation Firm. The Maximum Liability of the State is not subject to escalation for any reason unless amended. The Grant Budget amounts are firm for the duration of the Grant Contract and are not subject to escalation for any reason unless amended, except as provided in Section C.6.

C.3. Payment Methodology. The Grantee shall be reimbursed for actual, reasonable, and necessary costs based upon the Grant Budget, not to exceed the Maximum Liability established in Section C.1. Upon progress toward the completion of the Scope, as described in Section A of this Grant Contract, the Grantee shall submit invoices prior to any reimbursement of allowable costs.

C.4. Travel Compensation. Reimbursement to the Grantee for travel, meals, or lodging shall be subject to amounts and limitations specified in the "State Comprehensive Travel Regulations," as they are amended from time to time, and shall be contingent upon and limited by the Grant Budget funding for said reimbursement.

C.5. Invoice Requirements. The Grantee shall invoice the State no more often than monthly, with all necessary supporting documentation, and present such to:

Department of Transportation – Aeronautics Division
https://www.blackcataviation.com

a. Each invoice shall clearly and accurately detail all of the following required information (calculations must be extended and totaled correctly).

(1) Invoice/Reference Number (assigned by the Grantee).
(2) Invoice Date.
(3) Invoice Period (to which the reimbursement request is applicable).
(4) Grant Contract Number (assigned by the State).
(5) Grantor: Department of Transportation – Aeronautics Division
(6) Grantor Number (assigned by the Grantee to the above-referenced Grantor).
(7) Grantee Name.
(8) Grantee Tennessee Edison Registration ID Number Referenced in Preamble of this Grant Contract.
(9) Grantee Remittance Address.
(10) Grantee Contact for Invoice Questions (name, phone, or fax).
(11) Itemization of Reimbursement Requested for the Invoice Period— it must detail, at minimum, all of the following:

i. The amount requested by Grant Budget line-item (including any travel expenditure reimbursement requested and for which documentation and receipts, as required by "State Comprehensive Travel Regulations," are attached to the invoice).
ii. The amount reimbursed by Grant Budget line-item to date.
iii. The total amount reimbursed under the Grant Contract to date.
iv. The total amount requested (all line-items) for the Invoice Period.

b. The Grantee understands and agrees to all of the following.

(1) An invoice under this Grant Contract shall include only reimbursement requests for actual, reasonable, and necessary expenditures required in the delivery of service described by this Grant Contract and shall be subject to the Grant Budget and any other provision of this Grant Contract relating to allowable reimbursements.
(2) An invoice under this Grant Contract shall not include any reimbursement request for future expenditures.

(3) An invoice under this Grant Contract shall initiate the timeframe for reimbursement only when the State is in receipt of the invoice, and the invoice meets the minimum requirements of this section C.5.

(4) An invoice under this Grant Contract shall be presented to the State within sixty (60) days after the end of the calendar month in which the subject costs were incurred or services were rendered by the Grantee. An invoice submitted more than sixty (60) days after such date will NOT be paid. The State will not deem such Grantee costs to be allowable and reimbursable by the State unless, at the sole discretion of the State, the failure to submit a timely invoice is warranted. The Grantee shall submit a special, written request for reimbursement with any such untimely invoice. The request must detail the reason the invoice is untimely as well as the Grantee's plan for submitting future invoices as required, and it must be signed by a Grantee agent that would be authorized to sign this Grant Contract.

C.6. Budget Line-items. Expenditures, reimbursements, and payments under this Grant Contract shall adhere to the Grant Budget. The Grantee may vary from a Grant Budget line-item amount by up to one percent (1%) of the line-item amount, provided that any increase is off-set by an equal reduction of other line-item amount(s) such that the net result of variances shall not increase the total Grant Contract amount detailed by the Grant Budget. Any increase in the Grant Budget, grand total amounts shall require an amendment of this Grant Contract.

C.7. Disbursement Reconciliation and Close Out. The Grantee shall submit any final invoice and a grant disbursement reconciliation report within sixty (60) days of the Grant Contract end date, in form and substance acceptable to the State.

a. If total disbursements by the State pursuant to this Grant Contract exceed the amounts permitted by the section C, payment terms and conditions of this Grant Contract, the Grantee shall refund the difference to the State. The Grantee shall submit the refund with the final grant disbursement reconciliation report.

b. The State shall not be responsible for the payment of any invoice submitted to the State after the grant disbursement reconciliation report. The State will not deem any Grantee costs submitted for reimbursement after the grant disbursement reconciliation report to be allowable and reimbursable by the State, and such invoices will NOT be paid.

c. The Grantee's failure to provide a final grant disbursement reconciliation report to the State as required by this Grant Contract shall result in the Grantee being deemed ineligible for reimbursement under this Grant Contract, and the Grantee shall be required to refund any and all payments by the State pursuant to this Grant Contract.

d. The Grantee must close out its accounting records at the end of the Term in such a way that reimbursable expenditures and revenue collections are NOT carried forward.

C.8. Indirect Cost. Should the Grantee request reimbursement for indirect costs, the Grantee must submit to the State a copy of the indirect cost rate approved by the cognizant federal agency or the cognizant state agency, as applicable. The Grantee will be reimbursed for indirect costs in accordance with the approved indirect cost rate and amounts and limitations specified in the attached Grant Budget. Once the Grantee makes an election and treats a given cost as direct or indirect, it must apply that treatment consistently and may not change during the Term. Any changes in the approved indirect cost rate must have prior approval of the cognizant federal agency or the cognizant state agency, as applicable. If the indirect cost rate is provisional during the Term, once the rate becomes final, the Grantee agrees to remit any overpayment of funds to the State, and subject to the availability of funds the State agrees to remit any underpayment to the Grantee.

C.9. Cost Allocation. If any part of the costs to be reimbursed under this Grant Contract are joint costs involving allocation to more than one program or activity, such costs shall be allocated and reported in accordance with the provisions of Central Procurement Office Policy Statement 2013-007 or any amendments or revisions made to this policy statement during the Term.

C.10. Payment of Invoice. A payment by the State shall not prejudice the State's right to object to or question any reimbursement, invoice, or related matter. A payment by the State shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.

C.11. Non-allowable Costs. Any amounts payable to the Grantee shall be subject to reduction for amounts included in any invoice or payment that are determined by the State, on the basis of audits or monitoring conducted in accordance with the terms of this Grant Contract, to constitute unallowable costs.

C.12. State's Right to Set Off. The State reserves the right to set off or deduct from amounts that are or shall become due and payable to the Grantee under this Grant Contract or under any other agreement between the Grantee and the State of Tennessee under which the Grantee has a right to receive payment from the State.

C.13. Prerequisite Documentation. The Grantee shall not invoice the State under this Grant Contract until the State has received the following, properly completed documentation.

a. The Grantee shall complete, sign, and return to the State an "Authorization Agreement for Automatic Deposit (ACH Credits) Form" provided by the State. By doing so, the Grantee acknowledges and agrees that, once this form is received by the State, all payments to the Grantee under this or any other grant contract will be made by automated clearing house ("ACH").

b. The Grantee shall complete, sign, and return to the State the State-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Grantee's Federal Employer Identification Number or Social Security Number referenced in the Grantee's Edison registration information.

D. STANDARD TERMS AND CONDITIONS:

D.1. Required Approvals. The State is not bound by this Grant Contract until it is signed by the parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Grant Contract, the officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

D.2. Modification and Amendment. This Grant Contract may be modified only by a written amendment signed by all parties and approved by the officials who approved the Grant Contract and, depending upon the specifics of the Grant Contract as amended, any additional officials required by Tennessee laws and regulations (the officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

D.3. Termination for Convenience. The State may terminate this Grant Contract without cause for any reason. A termination for convenience shall not be a breach of this Grant Contract by the State. The State shall give the Grantee at least thirty (30) days written notice before the effective termination date. The Grantee shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the State be liable to the Grantee for compensation for any service that has not been rendered. The final decision as to the amount for which the State is liable shall be determined by the State. The Grantee

shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the State's exercise of its right to terminate for convenience.

D.4. Termination for Cause. If the Grantee fails to properly perform its obligations under this Grant Contract, or if the Grantee violates any terms of this Grant Contract, the State shall have the right to immediately terminate this Grant Contract and withhold payments in excess of fair compensation for completed services. Notwithstanding the exercise of the State's right to terminate this Grant Contract for cause, the Grantee shall not be relieved of liability to the State for damages sustained by virtue of any breach of this Grant Contract by the Grantee.

D.5. Subcontracting. The Grantee shall not assign this Grant Contract or enter into a subcontract for any of the services performed under this Grant Contract without obtaining the prior written approval of the State. If such subcontracts are approved by the State, each shall contain, at a minimum, sections of this Grant Contract pertaining to "Conflicts of Interest," "Lobbying," "Nondiscrimination," "Public Accountability," "Public Notice," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Grantee shall remain responsible for all work performed.

D.6. Conflicts of Interest. The Grantee warrants that no part of the total Grant Contract Amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Grantee in connection with any work contemplated or performed relative to this Grant Contract.

D.7. Lobbying. The Grantee certifies, to the best of its knowledge and belief, that:

a. No federally appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

b. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this contract, grant, loan, or cooperative agreement, the Grantee shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

c. The Grantee shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into and is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352.

D.8. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Grant Contract shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by email or facsimile transmission with recipient confirmation. All communications, regardless of method of transmission, shall be addressed to

the respective party as set out below:
The State:

Evan Rodgers
Transportation Program Monitor
TN Dept. of Transportation – Aeronautics Division
7335 Centennial Boulevard
Nashville, TN 37209
Telephone: 615-741-3208

The Grantee:

Dr. Jon Rysewyk, Superintendent
Knox County Schools
400 W. Summit Hill Drive
Knoxville, TN 37902
Email: heather.henderlight@knoxschools.org
Telephone: 865-594-8080

A change to the above contact information requires written notice to the person designated by the other party to receive notice.

All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

D.9. Subject to Funds Availability. This Grant Contract is subject to the appropriation and availability of State or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate this Grant Contract upon written notice to the Grantee. The State's right to terminate this Grant Contract due to lack of funds is not a breach of this Grant Contract by the State. Upon receipt of the written notice, the Grantee shall cease all work associated with the Grant Contract. Should such an event occur, the Grantee shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Grantee shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.10. Nondiscrimination. The Grantee hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Grant Contract or in the employment practices of the Grantee on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal, Tennessee state constitutional, or statutory law. The Grantee shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.11. HIPAA Compliance. As applicable, the State and the Grantee shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Health Information Technology for Economic and Clinical Health Act (HITECH) and any other relevant laws and regulations regarding privacy (collectively the "Privacy Rules"). The obligations set forth in this Section shall survive the termination of this Grant Contract.

a. The Grantee warrants to the State that it is familiar with the requirements of the Privacy Rules and will comply with all applicable HIPAA requirements in the course of this Grant Contract.

b. The Grantee warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the

Privacy Rules, in the course of performance of this Grant Contract so that both parties will be in compliance with the Privacy Rules.

c. The State and the Grantee will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and the Grantee in compliance with the Privacy Rules. This provision shall not apply if information received by the State under this Grant Contract is NOT "protected health information" as defined by the Privacy Rules, or if the Privacy Rules permit the State to receive such information without entering into a business associate agreement or signing another such document.

D.12. Public Accountability. If the Grantee is subject to Tenn. Code Ann. § 8-4-401 *et seq.*, or if this Grant Contract involves the provision of services to citizens by the Grantee on behalf of the State, the Grantee agrees to establish a system through which recipients of services may present grievances about the operation of the service program. The Grantee shall also display in a prominent place, located near the passageway through which the public enters in order to receive Grant supported services, a sign at least eleven inches (11") in height and seventeen inches (17") in width stating:

NOTICE: THIS AGENCY IS A RECIPIENT OF TAXPAYER FUNDING. IF YOU OBSERVE AN AGENCY DIRECTOR OR EMPLOYEE ENGAGING IN ANY ACTIVITY WHICH YOU CONSIDER TO BE ILLEGAL, IMPROPER, OR WASTEFUL, PLEASE CALL THE STATE COMPTROLLER'S TOLL-FREE HOTLINE: 1-800-232-5454.

The sign shall be on the form prescribed by the Comptroller of the Treasury. The Grantor State Agency shall obtain copies of the sign from the Comptroller of the Treasury, and upon request from the Grantee, provide Grantee with any necessary signs.

D.13. Public Notice. All notices, informational pamphlets, press releases, research reports, signs, and similar public notices prepared and released by the Grantee in relation to this Grant Contract shall include the statement, "This project is funded under a grant contract with the State of Tennessee." All notices by the Grantee in relation to this Grant Contract shall be approved by the State.

D.14. Licensure. The Grantee, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

D.15. Records. The Grantee and any approved subcontractor shall maintain documentation for all charges under this Grant Contract. The books, records, and documents of the Grantee and any approved subcontractor, insofar as they relate to work performed or money received under this Grant Contract, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Grantee's records shall be subject to audit at any reasonable time and upon reasonable notice by the Grantor State Agency, the Comptroller of the Treasury, or their duly appointed representatives.

The records shall be maintained in accordance with Governmental Accounting Standards Board (GASB) Accounting Standards or the Financial Accounting Standards Board (FASB) Accounting Standards Codification, as applicable, and any related AICPA Industry Audit and Accounting guides.

In addition, documentation of grant applications, budgets, reports, awards, and expenditures will be maintained in accordance with U.S. Office of Management and Budget's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Grant expenditures shall be made in accordance with local government purchasing policies and procedures and purchasing procedures for local governments authorized under state law.

The Grantee shall also comply with any recordkeeping and reporting requirements prescribed by the Tennessee Comptroller of the Treasury.

The Grantee shall establish a system of internal controls that utilize the COSO Internal Control - Integrated Framework model as the basic foundation for the internal control system. The Grantee shall incorporate any additional Comptroller of the Treasury directives into its internal control system.

Any other required records or reports which are not contemplated in the above standards shall follow the format designated by the head of the Grantor State Agency, the Central Procurement Office, or the Commissioner of Finance and Administration of the State of Tennessee.

D.16. Monitoring. The Grantee's activities conducted and records maintained pursuant to this Grant Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.

D.17. Progress Reports. The Grantee shall submit brief, periodic, progress reports to the State as requested.

D.18. Annual and Final Reports. The Grantee shall submit, within three (3) months of the conclusion of each year of the Term, an annual report. For grant contracts with a term of less than one (1) year, the Grantee shall submit a final report within three (3) months of the conclusion of the Term. For grant contracts with multiyear terms, the final report will take the place of the annual report for the final year of the Term. The Grantee shall submit annual and final reports to the Grantor State Agency. At minimum, annual and final reports shall include: (a) the Grantee's name; (b) the Grant Contract's Edison identification number, Term, and total amount; (c) a narrative section that describes the program's goals, outcomes, successes and setbacks, whether the Grantee used benchmarks or indicators to determine progress, and whether any proposed activities were not completed; and (d) other relevant details requested by the Grantor State Agency. Annual and final report documents to be completed by the Grantee shall appear on the Grantor State Agency's website or as an attachment to the Grant Contract.

D.19. Audit Report. The Grantee shall be audited in accordance with applicable Tennessee law.

At least ninety (90) days before the end of its fiscal year, the Grantee shall complete the Information for Audit Purposes ("IAP") form online (accessible through the Edison Supplier portal) to notify the State whether or not Grantee is subject to an audit. The Grantee should submit only one, completed form online during the Grantee's fiscal year. Immediately after the fiscal year has ended, the Grantee shall fill out the End of Fiscal Year ("EOFY") (accessible through the Edison Supplier portal).

When a federal single audit is required, the audit shall be performed in accordance with U.S. Office of Management and Budget's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

A copy of the audit report shall be provided to the Comptroller by the licensed, independent public accountant. Audit reports shall be made available to the public.

D.20. Procurement. If other terms of this Grant Contract allow reimbursement for the cost of goods, materials, supplies, equipment, or contracted services, such procurement shall be made on a competitive basis, including the use of competitive bidding procedures, where practical. The Grantee shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Grant Contract. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement. If the Grantee is a subrecipient, the Grantee shall comply with 2 C.F.R. §§ 200.317—200.327 when

procuring property and services under a federal award.

The Grantee shall obtain prior approval from the State before purchasing any equipment under this Grant Contract.

For purposes of this Grant Contract, the term "equipment" shall include any article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds five thousand dollars ($5,000.00).

D.21. Strict Performance. Failure by any party to this Grant Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Grant Contract is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Grant Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.22. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Grant Contract. The parties acknowledge that they are independent contracting entities and that nothing in this Grant Contract shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.23. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Grant Contract. In no event will the State be liable to the Grantee or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Grant Contract or otherwise. The State's total liability under this Grant Contract (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally established in Section C.1 of this Grant Contract. This limitation of liability is cumulative and not per incident.

D.24. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Grant Contract. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Grant Contract arising from a Force Majeure Event is not a default under this Grant Contract or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Grantee's representatives, suppliers, subcontractors, customers or business apart from this Grant Contract is not a Force Majeure Event under this Grant Contract. Grantee will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Grantee's performance longer than forty-eight (48) hours, the State may, upon notice to Grantee: (a) cease payment of the fees until Grantee resumes performance of the affected obligations; or (b) immediately terminate this Grant Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Grantee will not

increase its charges under this Grant Contract or charge the State any fees other than those provided for in this Grant Contract as the result of a Force Majeure Event.

D.25. Tennessee Department of Revenue Registration. The Grantee shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Grant Contract.

D.26. **Reserved.**

D.27. No Acquisition of Equipment or Motor Vehicles. This Grant Contract does not involve the acquisition and disposition of equipment or motor vehicles acquired with funds provided under this Grant Contract.

D.28. State and Federal Compliance. The Grantee shall comply with all applicable state and federal laws and regulations in the performance of this Grant Contract. The U.S. Office of Management and Budget's Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is available here: http://www.ecfr.gov/cgi-bin/text-idx?SID=c6b2f053952359ba94470ad3a7c1a975&tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl

D.29. Governing Law. This Grant Contract shall be governed by and construed in accordance with the laws of the State of Tennessee, without regard to its conflict or choice of law rules. The Grantee agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Grant Contract. The Grantee acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under Tenn. Code Ann. §§ 9-8-101 through 9-8-408.

D.30. Completeness. This Grant Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Grant Contract supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.

D.31. Severability. If any terms and conditions of this Grant Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Grant Contract are declared severable.

D.32. Headings. Section headings are for reference purposes only and shall not be construed as part of this Grant Contract.

D.33. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101, *et seq.*, addressing contracting with persons as defined at Tenn. Code Ann. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Grant Contract. The Grantee certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.34. Debarment and Suspension. The Grantee certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Grant Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offence in connection with obtaining, attempting to obtain, or performing a public

(federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Grant Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Grantee shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded or disqualified, or presently fall under any of the prohibitions of sections a-d.

D.35. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Grantee by the State or acquired by the Grantee on behalf of the State that is regarded as confidential under state or federal law shall be regarded as "Confidential Information." Nothing in this Section shall permit Grantee to disclose any Confidential Information, regardless of whether it has been disclosed or made available to the Grantee due to intentional or negligent actions or inactions of agents of the State or third parties. Confidential Information shall not be disclosed except as required or permitted under state or federal law. Grantee shall take all necessary steps to safeguard the confidentiality of such material or information in conformance with applicable state and federal law.

The obligations set forth in this Section shall survive the termination of this Grant Contract.

D.36. State Sponsored Insurance Plan Enrollment. The Grantee warrants that it will not enroll or permit its employees, officials, or employees of contractors to enroll or participate in a state sponsored health insurance plan through their employment, official, or contractual relationship with Grantee unless Grantee first demonstrates to the satisfaction of the Department of Finance and Administration that it and any contract entity satisfies the definition of a governmental or quasigovernmental entity as defined by federal law applicable to ERISA.

E. SPECIAL TERMS AND CONDITIONS:

E.1. Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Grant Contract, the special terms and conditions shall be subordinate to the Grant Contract's other terms and conditions.

E.2. Grantee Participation. Grantee Participation amounts detailed in the Grant Budget are intended as a goal for the total project, and the amount of actual Grantee Participation expenditures will not impact the maximum amounts reimbursable to the Grantee as detailed by the Grant Budget column, "Grant Contract."

E.3. Reimbursements to Reflect Match/Share. Reimbursements to Grantee shall reflect the percentage of Grantee Match/Share detailed in the Grant Budget. Reimbursements are subject to the other provisions of this Grant Contract, including but not limited to, the maximum liability amount in Section C.1.

E.4. No Retainage Allowed. The Grantee may not withhold retainage on progress payments from the prime contractor and the prime contractor may not withhold retainage from their subcontractors.

E.5. Printing Authorization. The Grantee agrees that no printing/publication shall be printed pursuant to this Grant Agreement without the prior authorization of the State even if printing costs are included in the budget line items, and shall be contingent upon and limited by the Grant Budget funding for said reimbursement. The Grantee and its employees may publish the results of the research in whole or in part as they deem appropriate without authorization by the State if it is at no cost to the Grantor State Agency.

E.6. Travel Requirements. Travel must be project related and ALL conference and/or out-of-state travel must be preapproved by the Grantor State Agency even if included in the budget line items, and shall be contingent upon and limited by the Grant Budget funding for said reimbursement.

The Grantee, upon request, must include (in addition to other invoice requirements of this Grant Agreement) a complete itemization of travel compensation requested in accordance with and attaching to the invoice appropriate documentation and receipts as required by the above-referenced "State Comprehensive Travel Regulations."

E.7. Ban on Texting While Driving. In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, October 1, 2009 and DOT Order 3902.10, Text Messaging While Driving, December 30, 2009, the State and subrecipients are encouraged to:

a. Adopt and enforce workplace safety policies to decrease crashes by distracted drivers, including policies to ban text messaging while driving when performing any work related to this grant or subgrant.
b. Conduct workplace safety initiatives in a manner commensurate with the size of the business, such as:
(1) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and
(2) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

E.8. Completion of Project and Repayment of Funds. The Grantee agrees to use best efforts to ensure timely completion of the Project. If the Grantee elects not to complete the Project, then the Grantee shall notify the State in writing within thirty (30) days after having made such determination and, at the discretion of the State, the Grantee may be required upon written notice to repay to the State some or all of the funds paid to the Grantee pursuant to this Agreement. The State shall have the sole determination over the amount of funds owed by the Grantee. If the State determines that any funds are owed by the Grantee, the Grantee shall pay said funds within one hundred eighty (180) days of receipt of written notice from the State.

Formstack Submission For: Aviation Education Program

Submitted at 05/14/25 4:18 PM

Date of Request:	May 14, 2025
Name of Program or Organization:	Knox County Schools: Powell High School
Point of Contact:	Heather Henderlight
Position or Title:	Grant Writer
Address:	400 W. Summit Hill Drive Knoxville, TN 37902
Phone:	(865) 594-8080
Email:	heather.henderlight@knoxschools.org
Amount of Funds Requested::	191561
Project Description:	As part of Knox County Schools' (KCS) transformation of all comprehensive high schools into career-connected 865 Academy models, Powell High School responded to student and community needs through the implementation of pathways in four Academies: Freshman, Commerce and Transportation, Digital Creation and Design, and Health Science and Human

Services. A lynchpin in the Academy of Commerce and Transportation is the district's first and only Aviation Flight Pathway. With Aviation Program Education grant funding, KCS will launch and fully implement Powell Aviation at Powell High School (PHS) in Knoxville, Tennessee. This program has a newly designed space and a newly qualified instructor, but it lacks the current technology needed to provide a state-of-the-art aviation experience to students.

When fully funded, Powell Aviation will introduce students to the fundamentals of aviation through a combination of classroom instruction, simulator training, and introductory flight experiences. The curriculum will integrate STEM disciplines with real-world aviation applications, preparing students for post-secondary education and careers in aviation and aerospace.

Powell Aviation will offer:

- Semester-long courses in aviation science (district-supported)
- Guest lectures from aviation professionals (district-supported)
- Field trips to local airports and aviation facilities (district-supported)
- Visits to post-secondary institutions with aviation pathways (district-supported)
- A capstone project involving drone technology or flight planning (with funding)
- Hands-on flight simulation labs (with funding)

Powell Aviation will be a cornerstone of the Academy of Commerce and Transportation and will serve as a pipeline to post-secondary aviation programs and careers.

Powell High School serves 1,178 students, with 294 enrolled in the Commerce and Transportation Academy. Currently, 32 freshmen have joined the Aviation Flight Pathway. As a Cohort 3 school in the Knox County 865 Academies model, Powell High School will use this grant to expand access, retention, and engagement in the pathway.

Over the next five years, approximately 200 students will receive instruction across the program of study—from foundational knowledge in Introduction to Aerospace through advanced practice in Aviation II: Advanced Flight and the Unmanned Aircraft Systems Pilot course.

Students will gain technical expertise, earn FAA-aligned certifications, and become career-ready through immersive

	hands-on simulation and unmanned aircraft training. This expansion will support the broader district initiative to align high school programming with regional labor demands and postsecondary readiness.
Goals and Objectives:	Tennessee faces a growing demand for skilled aviation professionals. However, many students—especially in rural and underserved areas—lack access to aviation education. Powell High School, in the north central area of Knox County, has a school zone reaching from the city limits of Knoxville to the outskirts of the county bordering rural Anderson County. PHS' diversity is a model for this grant-funded program. Powell Aviation will address this gap by providing hands-on aviation training and exposure to post-secondary aviation pathways in Tennessee. Funding from TDOT Aeronautics Division is essential to cover costs for flight simulator equipment, flight hours, instructional materials, and exposure that will supplement in-class instruction. KCS will utilize funding for Powell Aviation to accomplish six primary goals and associated objectives: Enrollment in Aviation Pathways will increase through targeted recruitment in the Commerce and Transportation Academy, leveraging hands-on engagement through simulators and drone technologies to provide early exposure to our freshman and sustained interest across grades 10–12, and also attract underrepresented populations. Students will graduate with foundational knowledge in aerospace systems, aviation regulations, and flight operations, aligned with FAA Part 61 and Part 107 standards, preparing them for both higher education and workforce entry Students will earn Aviation-associated Early Postsecondary Opportunities (EPSOs) including the FAA Remote Pilot Certification (Part 107) in the Unmanned Aircraft Systems Pilot course and credentials aligned with industry needs as published on the TN Department of Education's Student Industry Credential list. Students will master core workforce development skills by learning to conduct flight planning, apply decision-making protocols in simulated emergencies, communicate using FAA phraseology, and demonstrate technical proficiency with avionics systems. Students will become proficient in aeronautical theory, aircraft systems, FAA regulations, and simulator-based flight operations, preparing them for both crewed and uncrewed aviation roles. Students will develop an interest in workforce opportunities

	related to aviation flight careers, including commercial aviation, aerospace engineering, aviation maintenance, and air traffic control, all of which are projected to grow significantly in the region. Students will be prepared to enter higher education pathways in aviation programs such as those offered at MTSU (Aerospace) and Pellissippi State Community College (Airframe & Powerplant).
Curriculum/Subject Areas Addressed: :	Powell High School has made strides towards the implementation of Powell Aviation with the hiring of an instructor, published availability of the Pathway, and dedicated space. Upon funding, KCS will gain KCS Board of Education approval of funding and procure requested equipment immediately to ensure student access within the 2025-26 school year. With the purchase of the Redbird MCX Flight Simulator, students will gain access to realistic, FAA-standardized training to master flight maneuvers, aircraft instrumentation, and emergency procedures. The simulator supports mastery of standards in Aviation I and Aviation II and prepares students for the Private Pilot written exam and eventual solo flight. With the purchase of DJI drones and supporting resources, students will apply aeronautical decision-making, flight planning, and operational safety standards within the Unmanned Aircraft Systems Pilot course. This supports the attainment of the FAA Part 107 certification and career readiness for commercial drone operation. Instruction will align with the Tennessee Department of Education's Transportation career cluster standards and incorporate career readiness, literacy, and mathematical reasoning competencies.
Performance Measurements:	Tennessee's aviation and aerospace sector is experiencing significant growth, with an expected 60.4% increase in airline pilot roles and 38.5% growth in avionics technician jobs by 2022. The Aviation Flight Pathway at Powell High aligns directly with these regional needs. The pathway serves as a launchpad for high-wage, high-demand opportunities in air traffic control, piloting, and aerospace engineering—fields essential to East Tennessee's workforce development. Project success will be measured using the following quantifiable metrics:

- Enrollment and Retention: Number of students enrolling in and progressing through the Aviation Flight Pathway each year.
- Credential Attainment: Number of students earning the FAA Part 107 certification and preparing for the FAA Private Pilot written exam.
- Course Completion Rates: Monitoring successful completion of all aviation pathway courses, including Introduction to Aerospace, Aviation I, Aviation II, and Unmanned Aircraft Systems Pilot.
- Simulator Use Metrics: Logs of student training hours on the Redbird MCX and Gleim simulators.
- Postsecondary and Career Placement: Number of students entering aviation postsecondary programs or employment in related fields.
- Work-Based Learning (WBL) Participation: Engagement in embedded WBL experiences including job shadowing, mentorships, and externships with aviation professionals.
- Additional data such as simulator usage logs, flight mission completion, and drone operation reports will also be maintained to track instructional effectiveness.

Knox County Schools is committed to the 865 Academy model, ensuring appropriate school and district-level support, continued investments through local and federal Perkins funding, and ongoing student recruitment and placement into pathways, including the Powell High School Aviation Pathway. KCS is: Hiring CTE-endorsed teachers with FAA certifications; Creating industry partnerships to support Work Based Learning through job shadowing experiences with pathway alignment; Maintaining articulation agreements with postsecondary programs for dual enrollment and career advancement; and Consistently recruiting students via the Commerce and Transportation Academy and middle school career exploration and outreach.

This grant will assist Powell High School in establishing a sustainable aviation education pipeline in the greater Knoxville Metropolitan area and encourage students to pursue further education for careers in aviation. By fostering early exposure and interest, Powell High School aims to contribute to the growth of Tennessee's aviation workforce and industry.

Number of direct participants in program.:	32

In which Grand Division of the state is the school/program located?:	East
Justification of need for funding::	The Aviation program is in it's first year, has a newly designed space and a newly qualified instructor, but it lacks the current technology needed to provide a state-of-the-art aviation experience to students. The budget for KCS CTE across all 16 high schools organization is listed below, but specific FY26 school budget information was not available at the deadline for this grant.
Total budget of the organization::	15713717
Total budget of the program::	117175
Percentage of the program TDOT Aeronautics is being asked to fund::	62
Other contributors or anticipated contributors and the amount contributed::	None at this time.

Importance: High

Good morning!

After much deliberation, the 2025 Aviation Education Grant Award selections have been made. It is with great pleasure that TDOT Aeronautics has selected **Knox County Schools: Powell High School** to receive **$20,000.00** in award. We have decided to fund the following program items:

- **2 Gleim Simulators & instruction/reference materials**

More information will be provided in the very near future, and you will be notified when the grant is ready. If you have any questions regarding your award, my email is evan.rodgers@tn.gov. Thank you for your participation, and congratulations on your award!

Evan,

Thank you so much for reaching out. Yes, we would be happy to receive $20,000 to fund 2 Gleim flight simulators. Please let me know what else I can do to help with the grant application. I am back in the office this week.

We appreciate you reaching out.

Good morning Heather!

The TDOT Aeronautics 2025 Aviation Education scoring committee reviewed your application submittal yesterday morning.

The committee is proposing a compromise on the request amount in order to diversify & spread out funding throughout the state:

They are offering the school a total award amount of $20,000.00 in order to fund 2 Gleim flight simulators and the student reference materials.

Please let me know your thoughts on this proposal at your earliest convenience. Thank you!

From Reese:

2 Gleim FE-BATDs: A request was made for one of these in the grant, which would give us a total of 3 of the FE-BATD FAA approved simulators. This would be really helpful when we get to the point of being an FAA approved program in some capacity. At least, that's my long-range goal (3 to 5 years or sooner).

The Gleim FETs (6 assembled; 2 in storage; 4 requested in the grant giving us 12 total) are a great and effective tool for programs like ours to introduce aviation concepts and maneuvers to students.

All of this is with scaffolding in mind: Intro to Avaition and Aviation 1 will be using the Gleim FETs; Aviation 2 will be using the Gleim FE-BATDs as a flight simulation testing platform (with instructor manipulation of the flight environment for situational awareness, emergencies, difficult conditions, etc.) for students to graduate to the fully immersive flight experience of the FAA approved Redbird simulator that was requested in the grant.

Side note: The Gleim FE-BATDs and the Redbird simulators are approved by the FAA to build seat time, which fits in with the long-range goals.

I hope this helps.

Executive Summary/Program Overview

As part of Knox County Schools' (KCS) transformation of all comprehensive high schools into career-connected 865 Academy models, Powell High School responded to student and community needs through the implementation of pathways in four Academies: Freshman, Commerce and Transportation, Digital Creation and Design, and Health Science and Human Services. A lynchpin in the Academy of Commerce and Transportation is the district's first and only Aviation Flight Pathway. With Aviation Program Education grant funding, KCS will launch and fully implement *Powell Aviation* at Powell High School (PHS) in Knoxville, Tennessee. This program has a newly designed space and a newly qualified instructor, but it lacks the current technology needed to provide a state-of-the-art aviation experience to students.

When fully funded, *Powell Aviation* will introduce students to the fundamentals of aviation through a combination of classroom instruction, simulator training, and introductory flight experiences. The curriculum will integrate STEM disciplines with real-world aviation applications, preparing students for post-secondary education and careers in aviation and aerospace.

Powell Aviation will offer:

- Semester-long courses in aviation science (district-supported)
- Guest lectures from aviation professionals (district-supported)
- Field trips to local airports and aviation facilities (district-supported)
- Visits to post-secondary institutions with aviation pathways (district-supported)
- A capstone project involving drone technology or flight planning (with funding)
- Hands-on flight simulation labs (with funding)

Powell Aviation will be a cornerstone of the Academy of Commerce and Transportation and will serve as a pipeline to post-secondary aviation programs and careers.

Goals and Objectives of Program

Tennessee faces a growing demand for skilled aviation professionals. However, many students—especially in rural and underserved areas—lack access to aviation education. Powell High School, in the north central area of Knox County, has a school zone reaching from the city limits of Knoxville to the outskirts of the county bordering rural Anderson County. PHS' diversity is a model for this grant-funded program. *Powell Aviation* will address this gap by providing hands-on aviation training and exposure to post-secondary aviation pathways in Tennessee. Funding from TDOT Aeronautics Division is essential to cover costs for flight simulator equipment, flight hours, instructional materials, and exposure that will supplement in-class instruction.

KCS will utilize funding for *Powell Aviation* to accomplish six primary goals and associated objectives:

Enrollment in Aviation Pathways will increase through targeted recruitment in the Commerce and Transportation Academy, leveraging hands-on engagement through simulators and drone technologies to provide early exposure to our freshman and sustained interest across grades 10–12, and also attract underrepresented populations.

Students will graduate with foundational knowledge in aerospace systems, aviation regulations, and flight operations, aligned with FAA Part 61 and Part 107 standards, preparing them for both higher education and workforce entry

Students will earn Aviation-associated Early Postsecondary Opportunities (EPSOs) including the FAA Remote Pilot Certification (Part 107) in the Unmanned Aircraft Systems Pilot course and credentials aligned with industry needs as published on the TN Department of Education's Student Industry Credential list.

Students will master core workforce development skills by learning to conduct flight planning, apply decision-making protocols in simulated emergencies, communicate using FAA phraseology, and demonstrate technical proficiency with avionics systems.

Students will become proficient in aeronautical theory, aircraft systems, FAA regulations, and simulator-based flight operations, preparing them for both crewed and uncrewed aviation roles.

Students will develop an interest in workforce opportunities related to aviation flight careers, including commercial aviation, aerospace engineering, aviation maintenance, and air traffic control, all of which are projected to grow significantly in the region.

Students will be prepared to enter higher education pathways in aviation programs such as those offered at MTSU (Aerospace) and Pellissippi State Community College (Airframe & Powerplant).

Expected Program Outcomes/Impact

Powell High School serves 1,178 students, with 294 enrolled in the Commerce and Transportation Academy. Currently, 32 freshmen have joined the Aviation Flight Pathway. As a Cohort 3 school in the Knox County 865 Academies model, Powell High School will use this grant to expand access, retention, and engagement in the pathway.

Over the next five years, approximately 200 students will receive instruction across the program of study—from foundational knowledge in *Introduction to Aerospace* through advanced practice in *Aviation II: Advanced Flight* and the *Unmanned Aircraft Systems Pilot* course.

Students will gain technical expertise, earn FAA-aligned certifications, and become career-ready through immersive hands-on simulation and unmanned aircraft training. This expansion will support the broader district initiative to align high school programming with regional labor demands and postsecondary readiness.

Program Implementation Strategy/Program Planning

PHS has made strides towards the implementation of *Powell Aviation* with the hiring of an instructor, published availability of the Pathway, and dedicated space. Upon funding, KCS will gain KCS Board of Education approval of funding and procure requested equipment immediately to ensure student access within the 2025-26 school year.

With the purchase of the Redbird MCX Flight Simulator, students will gain access to realistic, FAA-standardized training to master flight maneuvers, aircraft instrumentation, and emergency procedures. The simulator supports mastery of standards in *Aviation I* and *Aviation II* and prepares students for the Private Pilot written exam and eventual solo flight.

With the purchase of DJI drones and supporting resources, students will apply aeronautical decision-making, flight planning, and operational safety standards within the *Unmanned Aircraft Systems Pilot* course. This supports the attainment of the FAA Part 107 certification and career readiness for commercial drone operation.

Instruction will align with the Tennessee Department of Education's Transportation career cluster standards and incorporate career readiness, literacy, and mathematical reasoning competencies.

Consistency with Local Need/Community Impact

Tennessee's aviation and aerospace sector is experiencing significant growth, with an expected 60.4% increase in airline pilot roles and 38.5% growth in avionics technician jobs by 2022. The Aviation Flight Pathway at Powell High aligns directly with these regional needs. The pathway serves as a launchpad for high-wage, high-demand opportunities in air traffic control, piloting, and aerospace engineering—fields essential to East Tennessee's workforce development.

Ability to Measure and Quantify Project Outcomes

Project success will be measured using the following quantifiable metrics:

- **Enrollment and Retention**: Number of students enrolling in and progressing through the Aviation Flight Pathway each year.
- **Credential Attainment**: Number of students earning the FAA Part 107 certification and preparing for the FAA Private Pilot written exam.
- **Course Completion Rates**: Monitoring successful completion of all aviation pathway courses, including *Introduction to Aerospace*, *Aviation I*, *Aviation II*, and *Unmanned Aircraft Systems Pilot*.
- **Simulator Use Metrics**: Logs of student training hours on the Redbird MCX and Gleim simulators.
- **Postsecondary and Career Placement**: Number of students entering aviation postsecondary programs or employment in related fields.

- **Work-Based Learning (WBL) Participation**: Engagement in embedded WBL experiences including job shadowing, mentorships, and externships with aviation professionals.
- **Additional data** such as simulator usage logs, flight mission completion, and drone operation reports will also be maintained to track instructional effectiveness.

Program Sustainability

Knox County Schools is committed to the 865 Academy model, ensuring appropriate school and district-level support, continued investments through local and federal Perkins funding, and ongoing student recruitment and placement into pathways, including the Powell High School Aviation Pathway. KCS is: Hiring CTE-endorsed teachers with FAA certifications; Creating industry partnerships to support Work Based Learning through job shadowing experiences with pathway alignment; Maintaining articulation agreements with postsecondary programs for dual enrollment and career advancement; and Consistently recruiting students via the Commerce and Transportation Academy and middle school career exploration and outreach.

This grant will assist Powell High School in establishing a sustainable aviation education pipeline in the greater Knoxville Metropolitan area and encourage students to pursue further education for careers in aviation. By fostering early exposure and interest, Powell High School aims to contribute to the growth of Tennessee's aviation workforce and industry.

Program Budget and Schedule (see below)

Category	Item	TDOT Grant Funded	KCS Contribution (SY 25-26)	Total Program Cost (SY 25-26)
KCS In-Kind	Powell Aviation Instructor (estimated salary and benefits for 25-26)		$110,000.00	$110,000.00
KCS In-Kind	Student Guaranteed Experiences (estimated at $350/bus x 2 postsecondary visits and 2 industry experiences in 25-26)		$1,400.00	$1,400.00
KCS In-Kind	FAA Part 107 Drone/UAS Student Certification Exams (estimated at $175 each x 25 students)		$4,375.00	$4,375.00
Instructor Professional Development	Redbird Simulator K-12 Instructor Training	$5,500.00		$5,500.00
Fight Simulators	Redbird MCX and Gleim Flight Simulators and Supporting Equipment	$156,944.59		$156,944.59
Instructional Resources	Aviation Mechanics, Maintenance, Pilot Instruction Manuals	$2,617.20		$2,617.20
Unmanned Aircraft Systems	DJI Quadcopter and DJI mini drones, drone obstacle course	$26,499.19		$26,499.19
Total *Powell Aviation* Budget		**$191,560.98**	**$115,775.00**	**$307,335.98**

Month	Activity
June/July 2025	TDOT Aviation Education Program Grant Notifications
July 2025	KCS Grants Office to research state purchasing contracts for equipment order for Powell Aviation; Submit grant award to KCS Board of Education
August 2025	KCS Grants Office to secure quotes and purchase orders for Powell Aviaition equpment and supplies; Submit requests to KCS IT and Maintenance for installation support
September 2025	Supplies and Equipment ordered for Powell Aviation; Professional Development opportunties requests submitted to KCS Grants office by Powell Aviation
October 2025	Instructional supplies and Unmanned Aircraft Systems delivered to Powell Aviation
December 2025	Flight simulator supplies and equipment delivered and installed for Powell Aviation
December 2025 (and annually thereafter)	Metrics gathered and progress to goals reviewed
May 2026 (and annually thereafter)	Metrics gathered and progress to goals reviewed
Spring 2026 (an annually thereafter)	75% of Powell Aviation students sit for certification tests
School Year 25-26 (and annually thereafter)	Student 865 Academy Guaranteed Experiences (postsecondary and industry visits)

TN TDOT Department of Transportation

PROGRAM BUDGET - EQUIPMENT, SUPPLIES and MATERIAL COSTS.

Budget for entire program indicating what TDOT's grant would pay for.

ITEM	Category*	QUANTITY	COST	TOTAL	OTHER	AMOUNT OF REQUEST
Instructor Professional Development	Professional Development	1	$5,500.00	$5,500.00	$0.00	$5,500.00
Redbird and Gleim Flight Simulators, supporting equipment and training	Flight Simulators	1 Redbird, 5 Gleim	$156,944.59	$156,944.59		$156,944.59
Student reference materials for aviation mechanics, maintenance, drones and pilot certifications	Instructional Supplies	12 Gleim, 1 of each ebook/guide	$2,617.20	$2,617.20		$2,617.20

* Categorize the item being purchased in terms of the type of program it is supporting (i.e. A&P, UAS, Flight Instruction, Simulators, Workshops, Field trips, Other Equipment)

FUNDING SHARES	APPLICANT CONTRIBUTION	TDOT AERONAUTICS	TOTAL
	$117,175.00	$191,560.98	$308,735.98

SUMMARY OF FINANCIAL INFORMATION NEEDED

- COPY OF CURRENT W-9

  Period of performance is not to exceed one (1) calendar year from the date the funds are formally approved for the grant application.

- FINANCIAL REPORT (OR AUDIT) AND COMPLETION REPORT REQUIREMENTS
  A detailed Financial Report (Grants $10,000 or less) OR AUDIT (Grants $10,001 or more) that includes all expenditures for the program, both monetary and in-kind, must be submitted to TAD within sixty (60) days following completion of the program.

- The Completion Report shall give a thorough account of the program and the goals met during the course of the program. The Completion Report must be submitted to the TAD within sixty (60) days following completion of the program. Failure to meet reporting requirements will result in ineligibility for future funding.

- INVOICES
  Invoices will not be processed without corresponding receipts for the items purchased.

- PAYMENTS
  Payment will be processed upon submission of receipts and canceled checks.

- RECORDS
  Records of expenditures shall be maintained for not less than three (3) years. Reasonable access to these records will be provided at the grantees regular place of business. Records will be available for audit by the Tennessee State Auditor and Inspector.

WHEREAS, the Knox County Board of Education has deemed it in the best interest of the Knox County Schools to apply for and receive public and private grants for the benefit of the Knox County Schools; and

WHEREAS, the Knox County Board of Education is also thankful for the generous donations it receives to help further the important work of the Knox County Schools; and

WHEREAS, the attached list itemizes the (1) grantor/donor; (2) the amount of the grant or donation; (3) the school to which the grant or donation applies; and (4) the purpose of each grant or donation; and

WHEREAS, the Knox County Commission desires to authorize the acceptance of the grant funds and donations; and

WHEREAS, at its regularly scheduled meeting on August 7, 2025, the Knox County Board of Education individually approved the grants and donations listed on the attached document.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Knox County Commission hereby authorizes the acceptance of grant funds and donations for the Knox County Schools as specifically shown on the list of grants and donations attached hereto and incorporated herein by reference and in the total amount of $111,615.86. A copy of the grant or donation notification letter and/or other information provided with each grant or donation is also attached hereto.

BE IT FURTHER RESOLVED, that the Knox County Mayor is hereby authorized to execute any and all contracts or other documents which may be required to signify Knox County's acceptance of the listed grants or donations, subject to the review and approval of the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

Wonderful news!! I would like to talk with you about about next steps and I will need to get this on the school board agenda for approval. Vickie Beckers officially retired last week, and our new administrative assistant (Monica Albright Smith) will not fully transition to this position until mid to late July so any help would be greatly appreciated. Thank you for your help with this grant - I am SUPER excited to get to work!

CAUTION: External Email. This message originated from outside of the KCS e-mail system.

Katherine,

We are happy to share with you that the TPS Southern Region will fund your project – "Inquiry Starts Here: Exploring Social Studies Standards Through Sources" for $24,915.86.

Please review the Post-Award Project Checklist. This will detail the next administrative

steps for you as you get your project started. The first step will be completing the New Sub recipient Information Form and the Title VI and Title IX Survey (see attached). These should be returned to me promptly via email. If you or the designated institution business official have questions about either form, please email Michelle Willard AND myself.

As you get started on your project, we will be in touch regarding an orientation session and providing you with a designated point of contact to assist you throughout the completion of your project.

FDP Cost Reimbursement Subaward

Federal Awarding Agency: Other [Type in Agency]

Pass-Through Entity (PTE):	**Subrecipient:**
Middle Tennessee State University	Knox County Schools
PTE PI: Dr. C. Van West	Sub PI: Katherine Shultz
PTE Federal Award No: FAIN GA25C0001	Subaward No: 537687-777C7-01

Project Title: Implementing Inquiry-Based Learning in Elementary Social Studies through Historical Sources

Subaward Budget Period: Start: 07/01/2025 End: 04/30/2026	Amount Funded This Action (USD): $ 24,915.86
Estimated Period of Performance: Start: 07/01/2025 End: 04/30/2026	Incrementally Estimated Total (USD): $ 24,915.86

Terms and Conditions

1. PTE hereby awards a cost reimbursable subaward, (as determined by 2 CFR 200.331), to Subrecipient. The Statement of Work and budget for this Subaward are as shown in Attachment 5. In its performance of Subaward work, Subrecipient shall be an independent entity and not an employee or agent of PTE.

2. Subrecipient shall submit invoices not more often than monthly and not less frequently than quarterly for allowable costs incurred. Upon the receipt of proper invoices, the PTE agrees to process payments in accordance with this Subaward and 2 CFR 200.305. All invoices shall be submitted using Subrecipient's standard invoice, but at a minimum shall include current and cumulative costs (including cost sharing), breakdown by major cost category, Subaward number, and certification, as required in 2 CFR 200.415(a). Invoices that do not reference PTE Subaward number shall be returned to Subrecipient. Invoices and questions concerning invoice receipt or payments shall be directed to the party's Financial Contact, shown in Attachment 3A.

3. A final statement of cumulative costs incurred, including cost sharing, marked "FINAL" must be submitted to PTE's Financial Contact, as shown in Attachment 3A, not later than 60 days after the final Budget Period end date. The final statement of costs shall constitute Subrecipient's final financial report.

4. All payments shall be considered provisional and are subject to adjustment within the total estimated cost in the event such adjustment is necessary as a result of an adverse audit finding against the Subrecipient.

5. Matters concerning the technical performance of this Subaward shall be directed to the appropriate party's Principal Investigator as shown in Attachments 3A and 3B. Technical reports are required as shown in Attachment 4.

6. Matters concerning the request or negotiation of any changes in the terms, conditions, or amounts cited in this Subaward, and any changes requiring prior approval, shall be directed to the PTE's Administrative Contact and the Subrecipient's Administrative Contact shown in Attachments 3A and 3B. Any such change made to this Subaward requires the written approval of each party's Authorized Official as shown in Attachments 3A and 3B.

7. The PTE may issue non-substantive changes to the Budget Period(s) and Budget Unilaterally. Unilateral modification shall be considered valid 14 days after receipt unless otherwise indicated by Subrecipient when sent to Subrecipient's Administrative Contact, as shown in Attachment 3B.

8. Each party shall be responsible for its negligent acts or omissions and the negligent acts or omissions of its employees, officers, or directors, to the extent allowed by law.

9. Either party may terminate this Subaward with 30 days written notice. Notwithstanding, if the Awarding Agency terminates the Federal Award, PTE will terminate in accordance with Awarding Agency requirements. PTE notice shall be directed to the Administrative Contact, and Subrecipient notice shall be directed to the Administrative Contact as shown in Attachments 3A and 3B. PTE shall pay Subrecipient for termination costs as allowable under Uniform Guidance, 2 CFR 200, or 45 CFR Part 75 Appendix IX, as applicable

10. By signing this Subaward, including the attachments hereto which are hereby incorporated by reference, Subrecipient certifies that it will perform the Statement of Work in accordance with the terms and conditions of this Subaward and the applicable terms of the Federal Award, including the appropriate Research Terms and Conditions ("RTCs") of the Federal Awarding Agency, as referenced in Attachment 2. The parties further agree that they intend this subaward to comply with all applicable laws, regulations, and requirements.

Attachment 1
Certifications and Assurances

Subaward Number:
537687-777C7-01

Certification Regarding Lobbying (2 CFR 200.450)
By signing this Subaward, the Subrecipient Authorized Official certifies, to the best of his/her knowledge and belief, that no Federal appropriated funds have been paid or will be paid, by or on behalf of the Subrecipient, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement in accordance with 2 CFR 200.450.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or intending to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the Subrecipient shall complete and submit Standard Form -LLL, "Disclosure Form to Report Lobbying," to the PTE.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Debarment, Suspension, and Other Responsibility Matters (2 CFR 200.214 and 2 CFR 180)
By signing this Subaward, the Subrecipient Authorized Official certifies, to the best of his/her knowledge and belief that neither the Subrecipient nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any federal department or agency, in accordance with 2 CFR 200.214 and 2 CFR 180.

Audit and Access to Records
Subrecipient certifies that it will provide PTE with notice of any adverse findings which impact this Subaward. Subrecipient certifies compliance with applicable provisions of 2 CFR 200.501-200.521. If Subrecipient is not required to have a Single Audit as defined by 200.501, Awarding Agency requirements, or the Single Audit Act, then Subrecipient will provide notice of the completion of any required audits and will provide access to such audits upon request. Subrecipient will provide access to records as required by parts 2 CFR 200.332 (a)(5), 200.337, and 200.338 as applicable.

Program for Enhancement of Contractor Employee Protections (41 U.S.C 4712)
Subrecipient is hereby notified that they are required to: inform their employees working on any federal award that they are subject to the whistleblower rights and remedies of the program; inform their employees in writing of employee whistleblower protections under 41 U.S.C §4712 in the predominant native language of the workforce; and include such requirements in any agreement made with a subcontractor or subgrantee.

The Subrecipient shall require that the language of the certifications above in this Attachment 1 be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Use of Name
Neither party shall use the other party's name, trademarks, or other logos in any publicity, advertising, or news release without the prior written approval of an authorized representative of that party. The parties agree that each party may use factual information regarding the existence and purpose of the relationship that is the subject of this Subaward for legitimate business purposes, to satisfy any reporting and funding obligations, or as required by applicable law or regulation without written permission from the other party. In any such statement, the relationship of the parties shall be accurately and appropriately described.

Prohibition on Certain Telecommunication and Video Surveillance Services or Equipment
Pursuant to 2 CFR 200.216, Subrecipient will not obligate or expend funds received under this Subaward to: (1) procure or obtain; (2) extend or renew a contract to procure or obtain; or (3) enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services (as described in Public Law 115-232, section 889) as a substantial or essential component of any system, or as a critical technology as part of any system.

Key Personnel Per NOA: C Van West

This Subaward Is:

■ Research & Development ☐ Subject to FFATA

General Terms and Conditions

By signing this Subaward, Subrecipient agrees to the following:

1. To abide by the conditions on activities and restrictions on expenditure of federal funds in appropriations acts that are applicable to this Subaward to the extent those restrictions are pertinent. This includes any recent legislation noted on the Federal Awarding Agency's website:
   https://www.loc.gov/
2. 2 CFR 200
3. The Federal Awarding Agency's grants policy guidance, including addenda in effect as of the beginning date of the period of performance or as amended found at:
   https://www.loc.gov/programs/teachers/about-this-program/teaching-with-primary-sources-partner-program/tps-grants/tps-faqs/
4. Applicable Research Terms and Conditions, including any Federal Awarding Agency's Specific Requirements found at:
   https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200?toc=1 except for the following :
   a. No-cost extensions require the written approval of the PTE. Any requests for a no-cost extension shall be directed to the Administrative Contact shown in Attachment 3A, not less than 30 days prior to the desired effective date of the requested change.
   b. Any payment mechanisms and financial reporting requirements described in the applicable Federal Awarding Agency Terms and Conditions and Agency-Specific Requirements are replaced with Terms and Conditions (1) through (4) of this Subaward; and
   c. Any prior approvals are to be sought from the PTE and not the Federal Awarding Agency.
   d. Title to equipment as defined in 2 CFR 200.1 that is purchased or fabricated with research funds or Subrecipient cost sharing funds, as direct costs of the project or program, shall vest in the Subrecipient subject to the conditions specified in 2 CFR 200.313.
   e. Prior approval must be sought for a change in Subrecipient PI or change in Key Personnel (defined as listed on the NOA).
5. Treatment of program income: Additive

Special Terms and Conditions:

Data Sharing and Access:
Subrecipient agrees to comply with the Federal Awarding Agency's data sharing and/or access requirements as reflected in the NOA or the Federal Awarding Agency's standard terms and conditions as referenced in General Terms and Conditions 1-4 above.

No additional requirements

Data Rights:
Subrecipient grants to PTE the right to use data created in the performance of this Subaward solely for the purpose of and only to the extent required to meet PTE's obligations to the Federal Government under its PTE Federal Award.

Copyrights:
Subrecipient Grants to PTE an irrevocable, royalty-free, non-transferable, non-exclusive right and license to use, reproduce, make derivative works, display, and perform publicly any copyrights or copyrighted material (including any computer software and its documentation and/or databases) first developed and delivered under this Subaward solely for the purpose of and only to the extent required to meet PTE's obligations to the Federal Government under its PTE Federal Award.

Subrecipient grants to PTE the right to use any written progress reports and deliverables created under this Subaward solely for the purpose of and only to the extent required to meet PTE's obligations to the Federal Government under its Federal Award.

Promoting Objectivity in Research (COI):
Subrecipient must designate herein which entity's Financial Conflicts of Interest policy (COI) will apply: Subrecipient

If applying its own COI policy, by execution of this Subaward, Subrecipient certifies that its policy complies with the requirements of the relevant Federal Awarding Agency as identified herein: Library of Congress

Subrecipient shall report any financial conflict of interest to PTE's Administrative Representative or COI contact, as designated on Attachment 3A. Any financial conflicts of interest identified shall, when applicable, subsequently be reported to Federal Awarding Agency. Such report shall be made before expenditure of funds authorized in this Subaward and within 45 days of any subsequently identified COI.

Reporting and Prior Approval Terms

Subaward Number: 537687-777C7-01

Subrecipient agrees to submit the following reports (PTE contacts are identified in Attachment 3A):

Technical Reports:

☐ Monthly technical/progress reports will be submitted to the PTE's Administrative Contact within 15 days of of the end of the month.

☒ Quarterly technical/progress reports will be submitted within 30 days after the end of each project quarter to the PTE's Administrative Contact.

☒ Annual technical / progress reports will be submitted within 60 days prior to the end of each budget period to the PTE's Administrative Contact. Such report shall also include a detailed budget for the next Budget Period, updated other support for key personnel, certification of appropriate education in the conduct of human subject research of any new key personnel, and annual IRB or IACUC approval, if applicable.

☒ A Final technical/progress report will be submitted to the PTE's Administrative Contact within 60 days of the end of the Project Period or after termination of this award, whichever comes first.

☐ Technical/progress reports on the project as may be required by PTE's Administrative Contact in order for the PTE to satisfy its reporting obligations to the Federal Awarding Agency.

Prior Approvals:

Carryover:
Carryover is automatic

Other Reports:

☐ In accordance with 37 CFR 401.14, Subrecipient agrees to notify both the Federal Awarding Agency via designated portal and PTE's Administrative Contact within 60 days after Subrecipient's inventor discloses invention(s) in writing to Subrecipient's personnel responsible for patent matters. The Subrecipient will submit a final invention report using Federal Awarding Agency specific forms to the PTE's Administrative Contact within 60 days of the end of the Project Period to be included as part of the PTE's final invention report to the Federal Awarding Agency.

A negative report is required: No

☐ Property Inventory Report (only when required by Federal Awarding Agency), specific requirements below.

Additional Technical and Reporting Requirements:

See attached Addendum 1

Full NOA available upon request.

Statement of Work, Cost Sharing, Indirects & Budget

Statement of Work

(•) Below ( ) Attached, [ ] pages

If award is FFATA eligible and SOW exceeds 4000 characters, include a *Subrecipient Federal Award Project Description*

This project will train a cohort of KCS teachers as they prepare for new state standards implementation through inquiry-based instruction. Additionally, the cohort will train other teachers through system-wide professional development opportunities as we prepare for Fall 2027. The first half of training days will consist of new learning led by district social studies facilitators while the afternoon will include time for participants to create lessons using Library of Congress sources for our new standards training and roll out. District facilitators will model best practices as well as provide feedback and lesson refinement between each training. At the conclusion of the project, revised and completed standards-aligned, inquiry-based lessons to use in 3rd, 4th, 5th grade social studies classrooms will be available to use in future district level trainings and standards implementation.

◉ Not incorporating the NOA or any additional documentation to this Subaward.

Addendum 1

9. Intellectual Property Rights and Data Availability. The Awardee and its sub-awardees hereby provide an open license to the public for the Project Content, including, without limitation, any new copyrightable materials created in whole, or in part, with these award funds and any copyrightable modifications made to pre-existing content using these award funds. The Awardee and its sub-awardees are solely and exclusively responsible for obtaining any necessary clearances, permissions, and/or releases for the creation, distribution, performance and other uses of the Project Content. The Awardee will ensure that neither the Project nor any related materials associated with the Project will interfere with or violate any rights of third parties, any copyright, trademarks, license, or any other right, and will contain no matter that is libelous or in violation of any rights of privacy or that is otherwise contrary to law. To the maximum extent possible, the Awardee will obtain necessary consents and open licenses for non-commercial public use.

This license is worldwide, non-exclusive, royalty-free, perpetual, and irrevocable, and grants the public permission to access, reproduce, publicly perform, publicly display, adapt, distribute, and otherwise use, for any purposes, copyrightable intellectual property created with the funds, provided that the licensee gives attribution to the designated authors of the intellectual property. All materials must be labeled as open educational resources (OER). All computer software source code developed or created with these award funds must be openly licensed under an intellectual property license that allows the public to freely use and build upon source code created or developed pursuant to this grant of funds.

All data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, valuation products or other scientific assessments in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual, resulting from a financial assistance agreement is available for use by the Library of Congress, including being available in a manner that is sufficient for independent verification. The Federal Government has the right to: (1) Obtain, reproduce, publish, or otherwise use the data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, produced under a Federal award; and (2) Authorize others to receive, reproduce, publish, or otherwise use such data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, for Federal purposes, including to allow for meaningful third-party evaluation.

10. Definitions.

Project Content: Information or materials required to be delivered, under this Agreement and subawards, including Underlying Content and Digital Content.

Underlying Content: The original, non-digital version of any or all images, text, data, and/or other works of authorship from which digital copies are created or developed in connection with, or that are otherwise incorporated into, the Project. (The following examples are not comprehensive, but Underlying Content may include chapters or sections from books in draft or published, articles, research papers, photographs, and similar works in whole or in part included in the delivered Project.)

Digital Content:

• Any or all digital copies of any Underlying Content,

• Any or all images, text, data (including without limitation metadata), and/or other works of authorship that are originally created or developed in digital form in connection with the Project, and/or

• Any or all databases or other compilations of any of the foregoing (including without limitation the organizational structure of any such compilation), in each case that are created or developed in connection with, or otherwise incorporated into, the Project.

11. Accessibility Requirements. The Library is committed to ensuring that information communication technology (ICT) allows Library employees and members of the public with disabilities to access and use information and data comparable to access and use by individuals without disabilities. For purposes of ICT, the Library has adopted standards used by executive branch agencies under section 508 of the Rehabilitation Act (29 U.S.C. 794d), established in appendices of 36 C.F.R. 1194.1 and the references cited therein (hereinafter "Section 508 Standards"). Because the goal is that Awardee Project materials be as widely accessible as possible including potential access via Library websites, all Awardee Project Content and materials required to be provided to the Library must meet or exceed applicable Revised Section 508 Standards and Web Content Accessibility Guidelines (WCAG) Standards.

12. Restriction on use of Generative Artificial Intelligence Tools. The Awardee must not use generative artificial intelligence (generative AI) to create or produce any Project Content. For purposes of this restriction, generative AI tools are those that produce synthetic text, images, code, video, and music in response to user prompts and include, but are not limited to, ChatGPT, BARD, DALL-E, MidJourney, and Stable Diffusion. For purposes of this restriction, generative AI does not include the use of AI-enhanced word processing, email, or search tools that are already widely incorporated in day-to-day life such as AI tools embedded in image editing applications and spell or grammar checking functions.

Project Title:

Implementing Inquiry-Based Learning in Elementary Social Studies through Historical Sources

Project Leader Contact Information:

Katherine Shultz, K-12 Social Studies Supervisor, Knox County Schools (KCS)

Katherine.shultz@knoxschools.org

Background:

Knox County Schools 2nd Congressional District

The Knox County Social Studies Department (KCS SSD) currently serves all K-12 social studies teachers by providing in-person and asynchronous professional development sessions to support content and pedagogical knowledge. We have district wide learning days three times a year where content sessions are provided for 300 secondary social studies teachers as well as approximately 2800 elementary teachers.

KCS SSD department has been awarded grants from Governor Bill Lee to enhance civics education in our district, Open Educational Resources for World History teachers in middle and high schools, Teaching With Primary Sources to support a cohort of 8th grade U.S. History teachers, and a Knoxville Educational Fund (KEF) grant which allowed our department to create a mobile museum that can travel to all elementary schools. All grants were successfully overseen, executed, and sustained by the KCS Social Studies Department.

Project Leader's TPS Professional Development Experience

Katherine Shultz has participated in numerous TPS PDs at the East TN Historical Center from 2012-2019. Additionally, Katherine Shultz provided partnership support for the TPS Regional Grant awarded to the East TN Historical Society that involved KCS 8th grade teachers during the 2023-2024 school year.

Project Rationale

New Tennessee state social studies standards will be implemented Fall 2027 and there will be substantial change for grades 3, 4, and 5. Content training for teachers along with aligned resources to support teaching and learning for students is vital for successful implementation. This project will provide teachers the opportunity to learn, plan for the standards shift, and prepare materials as they train colleagues throughout the district as we move towards full standards implementation.

Project goals and objectives:

This project will train a cohort of KCS teachers as they prepare for new state standards implementation through inquiry-based instruction. Additionally, the cohort will train other teachers through system-wide professional development opportunities as we prepare for Fall 2027. The first half of training days will consist of new learning led by district social studies facilitators while the afternoon will include time for participants to create lessons using Library of Congress sources for our new standards training and roll out. District facilitators will model best practices as well as provide feedback and lesson refinement between each training. At the conclusion of the project, revised and completed standards-aligned, inquiry-based lessons to use in 3rd, 4th, 5th grade social studies classrooms will be available to use in future district level trainings and standards implementation.

Project Staff:

Katherine Shultz, project leader will oversee the planning, implementation, budget, evaluation, and all documentation from start to finish.

Kristin Risdahl, 3rd grade lead, Angie Maxey, 4th grade lead, Dean Burress, 5th grade lead. All KCS facilitators will oversee a specific grade work and will collaborate as a team to plan and lead teacher teams. They will also provide lesson plan feedback and support any needed revisions. Facilitators will guide district-wide standards implementation at teacher inservice.

Target Audience

Participants will be selected to work on this project through an application process that includes 30 teachers (10 3rd, 10 4th, 10 5th) representing all five KCS regions. These 30 teacher leaders will then lead our district standards implementation training for all intermediate elementary social studies teachers for Knox County Schools (approximately 1500 teachers) at district learning inservice days.

Project Events and/or Products to be developed

The first half of the four days of in-person training (meeting quarterly) will consist of new learning led by district social studies facilitators while the afternoon will include time for participants to create lessons using Library of Congress sources for our new standards training and roll out. District facilitators will model best practices as well as provide feedback and lesson refinement between each training. Feedback and refinement will take place virtually and participants will work independently with support from their grade level lead. New content for 3rd grade teachers will include the Revolutionary War, creating a new government, and the growth of the Republic. Fourth grade new content will focus on industrialization through the Civil Rights Movement, while fifth grade will concentrate on Tennessee History and World Geography. Collections used will include accessing primary source sets and presentations under the Classroom Materials Teacher section, as well as Index of Library of Congress Research Guides along with TPS primary source analysis tools. These materials will be used to create inquiry-based lessons that align to state standards and require students to engage with the content through a compelling question, investigate to learn content specific information, and then take informed action with information learned.

Project Outcomes

The desired outcome is to train a cohort of teacher leaders from all regions of our district that will be able to lead the standards implementation as we approach Fall 2027 using standards-aligned resources. Additionally, Implementing Inquiry-Based Learning in Elementary Social Studies through Historical Sources will support teachers in creating inquiry-based lessons using resources from the Library of Congress. While learning new content and developing new lesson plans using LOC resources, teachers will also practice refining their research and analytical skills by utilizing the Library of Congress resources online. Participants will also work collaboratively to share and receive feedback with the opportunity to refine and revise their lessons. Finally, teacher leaders will have the opportunity to lead colleagues using LOC materials as the anchor of new learning as our standards shift and teachers begin to seek standards-aligned materials to teach new content. These lessons will be used for Tier One instruction in the social studies classrooms throughout Knox County. This model will be sustained through KCS Social Studies Department support, as well as ongoing professional development learning opportunities for all teachers and access to materials through our learning management platform (Canvas). Ultimately, this project will result in a comprehensive roll out of new content and resources in a timely fashion to support teachers and students as content standards shift in our state.

Project Evaluation

Success will be determined by teacher participation in training in the cohort and at the district level. The creation and accessibility of new standards-aligned inquiry based lessons will also provide evidence of a successful project upon completion. Ultimately, student learning will demonstrate project success.

Project Dissemination

Outcomes will be shared in our Regional Instructional Leadership Team meetings that occur three times a year with district and school leadership. These meetings occur in all five regions of our district. Additionally, outcomes will be shared with the KCS Social Studies Department team that meets weekly, and a final report will be shared with timeline accomplishments with the Executive Director of Teaching and Learning for Knox County Schools.

Project Sustainability

This project will allow teachers to continue to build their own library of resources through ongoing trainings and regional support over the next ten years (standards will be revised according to the Tennessee Department of Education on a ten-year cycle). The trainings will be led by the KCS Social Studies Department as well as the teacher leader cohort. Teacher leaders and participants will be able to work collaboratively to align resources with inquiry-based lessons from the examples created and shared through this project.

Project Timeline

See attached timeline

Budget

Financial Contact Information

Financial Contact Ron McPherson, Chief Financial Officer

Financial Contact email Ron.McPherson@knoxschools.org

Financial Contact telephone number 865-594-1681

EIN 621514781

UEI QCB4DPK11ZH5

TPS Funds Requested $24,804.38

Budget Narrative

Cost	Use of cost	Recipient(s)
$16,800	Substitutes for 30 teachers for 4 in-person trainings. This is an estimate based on the KCS substitute pay schedule. 120 sub days x $140/day. Substitute pay is an estimated average as actual costs vary based on school, day of week, and substitute type (certified, non-certified, or retired KCS employee).	Substitutes to cover the 30 KCS teacher's 4 training days while out of their classrooms.
$5,254.41	Stipends for off contract work for three KCS Social Studies Facilitators to co-plan, lead grade level work, model lessons and provide ongoing feedback to participants. $1,751.47 x 3	Three KCS Social Studies Facilitators
$745.59	Fringe benefits (social security and retirement) = $745.59	Kristin Risdahl Angie Maxey Dean Burress

$1,291.92	Fringe benefits (Social Security) = $1,291.92	120 total substitute teachers (coverage for 30 teachers x 4 days)
$823.94	Total indirect costs	

Grant funds will primarily cover the costs for substitutes ($18,091.92) to provide classroom coverage while teacher cohorts step away from the classroom to attend the in-person trainings. Knox County Schools has a range of pay for substitutes based upon the individual (licensure, non licensure, or retired KCS employee) as well as the school (high needs, day of the week, special day school, etc.). The most current KCS Substitute Pay Scale is linked here and attached to the application as well. It is challenging to estimate the exact cost of substitute coverage without the teacher teams in place; the budget is estimated for sufficient coverage for teachers to attend the training with their grade level cohort.

It is increasingly difficult to train teachers on a scale the size of our district outside of regular contract time. The demands teachers have on their time make after school or Saturday professional development sessions very difficult. Elementary Social Studies teachers receive the least amount of professional development, planning time, or resources yet are facing the greatest challenge in state standards as we approach new standards implementation (Fall 2027). While our efforts to support K-12 social studies are robust and no prerequisite to attend training exists, we need time with teacher leaders to build a strong cohort that is anchored in deep content knowledge and best practices with access to aligned primary and secondary sources.

Additionally, grant funds will provide stipends for the three KCS Social Studies Facilitators who will work off contract time to co-plan, lead grade level work, train participants on new content standards, model lessons, and provide ongoing feedback for lesson plans created. The stipends are $1,720 each plus social security and state retirement ($5,892.20 total).

Project Budget

See email attachment.

Appendices:

Staff:

Katherine Shultz, Project Manager

Katherine Shultz began her teaching career in 2000 in Knox County School, Knoxville, TN. After thirteen years in the classroom, she became a district wide lead teacher and then Social Studies Instructional Coach supporting 90 schools K-12. Katherine planned and led professional development for social studies teachers at the school, local, state, and national level before becoming the K-12 Social Studies Supervisor for Knox County Schools in 2020. Since then she has led her department of five facilitators to support district initiatives, has served on two state standards review committees, chairing the most recent committee in 2024, and has successfully pursued and completed the first four grants KCS Social Studies has been awarded. Katherine is passionate about sharing Social Studies content with students and teachers in a meaningful, purposeful, and relevant way to develop the next generation of historians, geographers, economists, and civic-minded citizens.

Katherine Shultz Vita Attached

Kristin Risdahl, KCS Social Studies Facilitator, 3rd Grade Project Lead

Kristin Risdahl has a passion for creating meaningful and engaging learning experiences for students and educators alike. You can often find her dressed up as different historical people, taking on different roles and personalities in order to capture the interest of young learners. With twenty years of combined teaching and instructional coaching experience, she currently serves as a K-12 Social Studies Facilitator for Knox County Schools. Her teaching philosophy centers on making social studies meaningful and memorable for all by sparking curiosity, encouraging engagement, and igniting an enthusiasm for learning that extends beyond the classroom. One of her biggest passion projects was co-creating a Social Studies Mobile Museum in order to provide an interactive, hands-on learning environment for elementary students to dive deep into learning about colonial American history.

Angie Maxey, KCS Social Studies Facilitator, 4th Grade Project Lead

Angie Maxey is an experienced K–12 Social Studies Facilitator for Knox County Schools, committed to enhancing instructional quality and student engagement across all grade levels. She specializes in developing curriculum resources, leading professional development sessions, supporting Professional Learning Communities, and providing targeted feedback through classroom walkthroughs. Angie is passionate about fostering a lifelong love for social studies among students and educators alike. Among her notable accomplishments are the creation of engaging lessons using National Geographic Giant Maps, the co-development of Geography and Government on the Go box lessons featuring hands-on artifacts, and the co-creation of the Social Studies Mobile Museum—an interactive, hands-on learning experience designed for elementary students.

Dean Burress KCS Social Studies Facilitator, 5th Grade Project Lead

Dean Burress serves as a K–12 Social Studies Instructional Facilitator for Knox County Schools in Knoxville, Tennessee. He has taught at both the K–12 and collegiate levels and has presented at multiple state and national conferences. A committed instructional leader, he has participated in several national summer teacher institutes and collaborated with the Tennessee Department of Education on statewide initiatives. He is currently completing a dissertation on the role of teacher education in shaping the civic ideological development of novice secondary social studies teachers. He is newly married and has two cats, Pancho and Lefty.

Project Collaboration Partner

Lisa Oakley, East TN Historical Society, Project Consultant

Mrs. Oakley will provide ongoing support and feedback as the year progresses. Lisa Oakley is a regular partner of the KCS Social Studies Department and will provide consultative support, feedback, and guidance throughout the project but will have no impact on the requested budget total. Additionally, it is possible the East Tennessee Historical Center may provide workspace and additional materials if necessary for grade level cohorts.

Grant Project Implementation Timeline

Projected Start Date: 08/18/2025 **To** **Projected End Date:** 04/30/2026

Quarter	Year	Description of Project Activities	Expected Outcomes
Example: Apr-June	*2025*	*Meeting with workshop development team*	*Initial assignments, draft meeting schedule*
July-Sept	2025	Appliations go out and teacher grade level cohorts are notified.	Facilitator leads will notify teachers who are selected to participate and provide next steps and information on first in-person meeting. Facilitators will also continue to work on/finalize model lessons.
July-Sept	2025	Meeting with grade level teams for first training.	Cohorts will be participate in an immersive learning experience and then create a lesson using inquiry-design template with primary/secondary sources.
Oct-Dec	2025	Facilitators will provide feedback and cohorts will make revisions to lessons.	Grade level cohorts will finalize first lessons and will be prepared to share with collueagues and facilitators.
Oct-Dec	2025	2nd meeting with grade level teams. Facilitators will provide feedback and cohorts will make revisions as necessary	Cohorts will be participate in an immersive learning experience and then create a lesson using inquiry-design template with primary/secondary sources. Feedback and revisions will follow to finalize lessons.
Jan-Mar	2026	3rd and 4th trainings will occur (January and March) following the same process	learning experience and then create a lesson using inquiry-design template with primary/secondary sources. Feedback and revisions will follow to finalize lessons.
Apr-June	2026	All lessons will be finalized, the final meeting will celebrate successes, and summer prep will be mapped out for district level training teams.	Participants will have completed all lesson preparation and the project will be completed.

Reporting Reminders:

- Submit Quarterly Quantitative Reports on *October 1, January 1, April 1, July 1*
- The End of Project Narrative Report is *due within 30 days* of project completion

Cost sharing amounts and justification must be included in the subrecipient's budget.

F&A: Do you have a Negoiated Indirect Costs Rate Agreement with a U.S. cognizant agency?

☑ YES: Our federally negotiated F&A rates for this type of work, or a reduced F&A rate that we hereby agree to accept. (If this box is checked, a copy of your F&A rate agreement or a URL link to the agreement must be furnished to MTSU.)

☐ NO: Unless other restrictions or sponsor conditions exist, the Uniform Guidance (2 CFR 200.414(f)) *de minimis* 15% MTDC indirect costs will apply.

☐ Not applicable (No F&A costs are requested by subrecipient)

F&A Rate Agreement URL

Fringe Benefit rates included in this proposal have been calculated based on the following:

☐ Rates consistent with or lower than our federally negotiated rates. (If this box is checked, a copy of your fringe benefit rate agreement or a URL link to the agreement must be provided.)

☑ Actual Rates as explained in the budget justification.

☐ Other rates (Please specify the basis on which the rate has been calculated in Section E Comments.)

Fringe Rate Agreement URL

REQUIRED SUBRECIPIENT CERTIFICATIONS

Large Business Small Business* Institution of Higher Education Other

***If a small business*, identify business*:**

☐ Small disadvantaged business ☐ Women-owned small business

☐ Veteran-owned small business ☐ Service-disabled veteran-owned small business

☐ HUBZone small business concern

**Certified by the Small Business Administration*

AUDIT: Does the subrecipient receive an annual audit in accordance with OMB Circular A-133? YES ☑ NO ☐

YES ☐ NO ☐ Were any audit findings reported? Most recent fiscal year audit completed

Note: A complete copy of subrecipient's most recent audit report, or the URL link to a complete copy, must be furnished to MTSU before a subaward can be issued.

URL: Fiscal Year End (M/D/YY) 6/30/25

Does the subrecipient receive overall federal funding of at least $750,000 per year? YES ☑ NO ☐

Subrecipient is a:

- ☐ For-profit entity that expends Federal or Sub-Federal funds and has a DCAA audited rate
- ☐ For-profit entity that does not expend Federal funds or have annual audits
- ☐ Foreign entity
- ☐ Non-profit (under Federal funding threshold)
- ☑ Government entity

COMPLIANCE

Human Subjects?	YES ☐	If YES: FWA#	Human Stem Cells	YES	☐
Animal Subjects?	YES ☐	If YES: Assurance #	Animals Euthanized	YES	☐

CONFLICT OF INTEREST: Subrecipient organization/institution hereby certifies that it has an active and enforced conflict of interest policy that is consistent with the provision of 42 CFR Part 50, Subpart F, "Responsibility of Applicants for Promoting Objectivity in Research." YES ☑ NO ☐

If No, Subrecipient hereby agrees to abide by MTSU's policy.

RCR: Subrecipient certifies that a Responsible Conduct of Research (RCR) training plan is in place for all undergraduates, graduate students, and postdoctoral researchers consistent with agency requirements. YES ☐ NO ☐ N/A ☑

Debarment: Is the PI or any other employee or student participating in this project, debarred, suspended or otherwise excluded? YES ☐ NO ☑

The Organization Certifies they (answer all questions below):

Has PI or any other employee or student participating in this project, within three (3) years preceding this offer, been convicted of or had a civil judgment rendered against them for commission of fraud or criminal offense in connection with obtaining , attempting to obtain, or performing a public (federal, state, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commissions of contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements or receiving stolen property. YES ☐ NO ☑

Has PI or any other employee or student participating in this project, within three (3) years preceding this offer, had one or more contracts terminated for default by any federal agency YES ☐ NO ☑

Fiscal Responsibility: The organization certifies that its financial system is in accordance with generally accepted accounting principles and:

- ☑ has the capability to identify, in its accounts, all Federal awards received and expended and the Federal programs under which they were received.
- ☐ maintains internal controls to assure that it is managing Federal awards received and expended and the Federal programs under which they were received.
- ☐ complies with applicable laws and regulations.
- ☐ Can prepare appropriate financial statements, including the schedule of expenditures of federal awards.
- ☐ There are no outstanding audit findings which would impact this project. If there are findings, submit a copy of the most recent report that describes the finding and steps to be taken to correct the finding.

Federal Funding Accountability and Transparency Act (FFATA):

- ☑ Not applicable because this project is under $30,000.

YES ☑ NO ☐ Subrecipient organization/institution hereby certifies that it is registered with SAM.gov or will be registered prior to an agreement being issued for completion of this proposal.

YES ☐ NO ☑ During the previous fiscal year, did the subrecipient receive 80% or more of its annual gross revenues in Federal awards AND $25 million or more in annual gross revenues from federal awards AND is not subject to SEC and IRS compensation reporting requirements?

YES ☐ NO ☑ Does the public have access to information about the compensation of the top five executives of the organization through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d) or section 6104 of the Internal Revenue Code of 1986?

Lobbying (for U.S. Federal projects):

YES ☑
NO ☐

The organization certifies that no payments have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this proposed project (If "No," attach explanation).

Export Controls:

Subrecipient is individually responsible for ascertaining its compliance with federal export laws and procedures and certifies that an export control officer, or other authorized person will ensure that policy and procedures are in place to comply with federal export laws and procedures.

SUBRECIPIENT CERTIFICATION

The appropriate program and administrative personnel of the institution involved in this application are aware of the sponsoring agency's guidelines and are prepared to enter into good faith negotiations to establish the necessary inter-institutional agreement(s). The institution makes all applicable assurances/certifications.

Hi Lana,

I did issue the $50K grant to Dogwood Elementary a moment ago via the American Endowment Fund. You all should receive in the next week or so I would expect.

Nathan Morton

Date: March 9, 2025

RE: Follow-up on Grants to Dogwood Elementary Special Education/Executive Function

Hello Lana,

Per our recent discussion, I wanted to reiterate that any previous funding from Melissa's Hope Foundation, paid on 6/14/23 for $125,000 and on 5/29/24 for $85,700 equating to a total of $210,700 and any residual proceeds leftover from these previous years should continue to be utilized for the purposes listed out on the grant, to Dogwood Elementary's special education program per the requirements of the American Endowment Foundation and any applicable law.

I am glad to hear you continue to see positive results in your SPED kids and I appreciate your overall efforts. I intend to continue this grant for next year's fiscal year and will know the amount later in the summer '25. If you can communicate what residual amount remains from previous years I would appreciate it.

Look forward to speaking to again. If you have any questions, please contact me at 843-566-2308.

RE: 2024-2025 Grant to Special Education/Executive Function

Hello Lana,

Per our recent discussion, I have the intention of providing another grant to Dogwood Elementary in support off the SPED program for the 2024-2025 school year. I'm happy to hear of the progress this year and intend on granting $80,000 minimum to Dogwood late spring/early summer. All funds from this grant and any excess remaining funds provided in last year's $125K grant should be directed to the Executive Function coaching program you initiated this year for your special education students and for no other unintended school district purposes.

Prior to next year's school year, I would like to visit Dogwood in May 2024, and receive a status update and where specifically these funds will be directed for this program. I will be in Tennessee visiting a Kingsport high school and a middle school, this grant is also supporting tentatively around mid-May and we can keep in touch as to what may be convenient for you.

Look forward to speaking to again. If you have any questions, please contact me at 843-566-2308.

Nathan Morton

Operation Brain Architects

Overall Goal: Motivate students to develop executive function skills to improve academic readiness and ability.

Dogwood Elementary School will partner with the *Melissa Hope Foundation* to develop and implement a program that explores best practices for optimizing instruction based on the latest brain research. After field testing, these best practices will be pushed out to teachers by utilizing professional learning communities (PLCs) and an embedded coaching model. We will explore specialized education in the classroom setting and how these cognitive processes can be seamlessly integrated into content areas.

Short-Term Plan: Year 1 Goals

- Advertise and hire an AA to manage the project and assist with other AA duties.
- Build staff's common knowledge of brain research and associated vocabulary.
- Set up two field testing class labs to implement and assess lessons that explicitly develop students' executive functioning skills. These two classrooms will also serve as co-taught classrooms that include special education students.
- Develop resources that can be used in elementary school to explicitly teach executive functioning skills in core content areas.
- Establish a shared drive so all teachers can access electronic resources, research, and videos supporting the project.

Long-Term Plan: Year: 2-5 Goals

- Provide professional development around the available resources in the shared drive.
- Develop a curriculum highlighting the critical attributes of each executive functioning skill and how they can be embedded in daily instruction.
- Continue the field testing class labs and offer teacher observations of the lab.
- Arrange model lessons in teacher classrooms to collaborate on best practices beyond the lab setting.
- Ensure new teachers are trained yearly on the common knowledge of brain research and associated vocabulary.

Program Evaluation

- Pre/Post staff survey to determine base knowledge and growth in subsequent years.
- Evaluate teacher lessons and provide feedback to ensure the application of new knowledge.
- Improve the behavior of all students as measured by office referrals.
- Grow all students' executive functioning ability as measured by teacher assessment and student survey.

***Budget Year 1: $125**

Proposed Activity	**Cost**
Administrative Assistant (AA) Salary & Benefits (estimate)	$88,090
Professional Development: Possible speaker, Adele Diamond and/or other experts. Stipends for after-school or other training needs	$20,000
Executive Function Skills in the Classroom Books and other literature for book studies, research, and training	$ 1,000
Substitutes for Teacher Observation	$ 1,000
Misc. materials, supplies, and equipment TBD based on check-in conversations with funder Nathan Morton and district.	$14,910
Total	**$125,000**

*The budget in subsequent years will be developed based on program assessment and need. It will continue to include funding for an AA and professional development costs.

JOB SUMMARY

ADMINISTRATIVE ASSISTANT

Use leadership, supervisory, administrative, and management skills to assist the principal in the promotion of the educational development of each student in compliance with all applicable rules, regulations, and policies of Knox County Schools.

QUALIFICATIONS

- Valid Tennessee teaching license with proper area of endorsement and a Master's Degree
- Minimum of three years of acceptable classroom teaching experience in an approved or accredited school at the appropriate grade level
- Administrative experience preferred but not required
- Such alternatives to the above qualifications as the Superintendent may find appropriate and acceptable

ESSENTIAL FUNCTIONS/JOB DUTIES

- Direct line report to the Principal
- Assist the principal with the supervision of the school's educational program
- Assist in the implementation and observance of Board policies/regulations
- Assist with the implementation and evaluation of the curriculum
- Assist the principal with the supervision of all professional, paraprofessional, certified and classified personnel at the school
- Assist with interviewing, training, assigning, and evaluating the staff
- Assist the principal in the safety, maintenance, and supervision of the school
- Supervise student transportation, conduct, discipline, attendance, records and reports
- Assist with in-service orientation and training of teachers
- Arrange conferences between parents and teachers
- Conduct staff meetings
- Recommend removal of staff members with unsatisfactory work
- Establish and maintain satisfactory, respectful working relationships with the

school environment

- Perform other duties as assigned

Phone	865-594-1324
Nature of the Project	Outdoor Sensory Garden Sensory gardens provide intimate spaces where young children can be immersed in the scents, textures and colors of plants and related elements. Along with specially selected plants, sensory gardens also include elements such as a boulder water feature, rope run, wind chimes, wind socks, flags, and children's art. Over time, students will design and build installations to add to the space. This will be a peaceful place for students/classes/staff to visit which will entertain the five senses while in nature. The space will be used as a learning environment, art space, and social and emotional learning/ calming space.

Subject: TVA EnergyRight: SUP Learning Environment Grant Project Approval – Green Magnet Academy

CAUTION: External Email. This message originated from outside of the KCS e-mail system.

Dear Sandy Morris and Laura Denton,

CURRENT STATUS:

Congratulations! Your **Learning Environment Grant** for Green Magnet Academy located at 801 Lula Powell Dr, Knoxville, TN has been **approved** to receive an estimated grant amount of **$10,000.00**. The grant amount was determined based on the completion of the program requirements.

According to the Learning Environment Grant guidelines, installation must be completed by **3/1/2026 and final project paperwork submitted to the Program at completion. If you run into any issues with completion by this date, please reach out to your Implementation Specialist or Energy Coach.**

Scope1: Sensory Garden

Possible elements: sensory paths, Steppingstones (natural stone, concrete or made by children), Glass/clay bricks, wind chimes, color wall or arch w/large plastic color inserts, building/climbing log area, seating area, outdoor mini stage, log/rock/wood tic tac toe games, string bottle cap "wall".

NEXT STEPS:

✓ Follow State or School Board RFP or procurement guidelines to begin project.

✓ Once fully installed and operational, please reach out to your Implementation Specialist, Brittany Conatser to ensure the timeliness of processing your reimbursement.

✓ Submit the following completion paperwork upon finalization of the project work:

- Final invoices/receipts that include the quantity, manufacturer, model number and price per quantity
- Photos of project installed and in place
- Specification Sheets (*if* applicable)
- Valid W9
- Payee Info:
  - Attention To
  - Email
  - Phone Number
  - Street, City, State, Zip

Any change in project cost may affect final incentive amount. Incentive amounts are subject to adjustment based on

final invoicing. Please note that if the project costs go over the granted funding amount awarded, the school is responsible for any overages.
Lastly, TVA EnergyRight for Business and Industry has an incentive program that covers pre-approval projects for LED Lighting, HVAC, Refrigeration, and Custom, For more information, please visit www.EnergyRight.com
If you have any questions or concerns, please let me know.
Sincerely,

Brittany H Conatser, Implementation Specialist

Loans. The prequalification application requires NO hard credit check and can be completed in a few minutes. Most loans fund within 48 hours. As a nationwide provider of home improvement loans, HFS provides access to a wide array of financial programs. Please complete your application using the Acadia Landscape link:
https://www.hfsfinancial.net/promo/AcadiaLandscapeCoTN

ACCESS AND CONDITIONS:

Acadia Landscape Co. will work to complete the services in a manner that causes the least amount of disturbance as possible. Adequate access will be needed to operate equipment in an efficient manner. Any restrictions of access may incur additional charges.

This estimate is provided based upon initial observations of the site. Any site conditions that are not readily visible that may impede the construction and installation of this project may incur additional charges. Acadia Landscape Co. will not be held responsible for damages to underground utilities, irrigation lines, and driveways. If damage to these or other items occur, we will provide a cost to have the repairs completed at an additional charge.

HARDSCAPE WARRANTY:

Acadia Landscape Co. is an ICPI certified installer and provides a (5) five year warranty for hardscape installations. We are an authorized installer of Belgard, Paverlock, and Unilock products. Belgard warrants the installation of its products by authorized installer for (2) two years and provides a warranty for the installation of products that are 60 millimeters and above for as long as the owner owns their home. Other manufacturers may provide other additional warranties and can be provided by Acadia Landscape Co. upon request.

Acadia Landscape Co. will warranty other work to be free from defects in materials and workmanship for a period of (1) one year from the date of final completion. We will repair or replace defective materials or workmanship of which we are notified within said warranty period. Grass restoration includes seeding only unless otherwise agreed upon in writing. Minor cracking mortar and concrete may occur within the first year and is not covered under warranty. Acadia Landscape Co. offers no other warranties other than those set forth above.

PLANT WARRANTY:

Acadia Landscape Co. will warranty work to be free from defects in materials and workmanship for a period of (1) one year from the date of final completion. We will repair or replace defective materials or workmanship of which we are notified within said warranty period. Plant materials are replaced once within the warranty period and will not be replaced if problems occur due to lack of proper watering and maintenance. Grass restoration includes seeding only unless otherwise agreed upon in writing. Minor cracking mortar and concrete may occur within the first year and is not covered under warranty. Acadia Landscape Co. offers no other warranties other than those set forth above.

Application Form

Application Overview and Project Summary

An investment in the effectiveness and future sustainability of East Tennessee's nonprofit community.

The East Tennessee Foundation's (ETF) Opportunity Endowment Fund and other unrestricted funds support the capacity building of charitable organizations in our 25-county service area and their ability to collectively address our community's needs. Grants awarded from these funds are to help organizations identify collaborative solutions and utilize partnerships to improve operational, financial, data/information, and programmatic systems so that together, they have a cohesive impact on the community.

Requests should indicate collaboration between organizations and show there are matching funds to support the proposed project. The East Tennessee Foundation values the spirit and potential for collective, community-level impact of organizations who work together and can leverage funds to secure other support, and ETF believes in organizations' abilities to work together to address shared problems faced by our communities. The Foundation also appreciates projects with outcomes that can be shared across organizations' networks and/or easily duplicated among similar charitable organizations. Additionally, ETF values prevention-focused programs which address adverse childhood experiences (ACEs), drivers of health, and early childhood education.

Examples of this work include but are not limited to projects that: bring organizations together to improve efficiencies and/or sustainability; enhance and/or streamline evaluation/outcome, human resources, operational, or logistics systems; create long-term financial systems and plans; develop improved donor engagement and education strategies; build effective leadership and boards of directors; assess community needs and promote data sharing; grow professional development and continuing education opportunities for the field; convene peers and subject matter experts; increase access to quality information technology and infrastructure; and help organizations diversify revenue streams.

There are four additional sections of the application:

- **Establishing Eligibility** - Confirm your organization's eligibility.
- **Part I - Project Information** - Information about the project for which your organization is requesting support.
- **Part II - Organization Information** - General information about your organization.
- **Certification and Electronic Signature**

Project Name*

Name of Project

Nature-Inspired Learning: Enhancing Outdoor Classrooms for K–5 Development Project Summary

Project Summary*

Provide a brief description of the project for which funds are being requested.

Green Magnet Academy requests $20,000 to transform a limited outdoor area into a fully accessible, engaging classroom for 375 inner-city K–5 students. These students face poverty, trauma, and a lack of safe green spaces. The grant will fund seating, learning tools, and accessibility features to promote engagement, physical activity, and emotional growth. Only with this grant can the school create and sustain this vital learning space.

Amount Requested*

Organizations may apply for an amount up to $25,000.

$20,000.00

Establishing Eligibility

As the primary applicant organization for the collaborative project, confirm your organization's eligibility by answering each question below. The East Tennessee Foundation will separately conduct its required due diligence of all partner organizations listed in this application. For more information, visit General Eligibility and Funding Criteria.

If you have any questions about your organization's eligibility, please contact a member of the East Tennessee Foundation's Grantmaking Team by email at grantmaking@etf.org or by phone at 865-524-1223 or toll-free at 877-524-1223. You may also visit our website to reach out to our individual team members.

Is your organization a 501c3 public charity, unit of government, or public educational institution?*

Yes

Is your organization in good standing with the IRS?*

Yes

If applicable, has your organization filed the latest Form 990?*

Yes

Does your organization comply with ETF's Diversity and Non-Discrimination Statement?*

Applicant organizations must be organized and operated as equal opportunity providers of services and employment. The applicant organization must provide services and employ personnel without regard to race, color, ethnicity, genetic information, national origin, ancestry, citizenship, religion, creed, sex, gender identity, pregnancy, sexual orientation, marital or domestic partnership status, family status, age, disability, economic status, military or veteran status, or any other classification or characteristic protected by federal, state, or local law, unless otherwise permissible under federal or state law. The East Tennessee Foundation values organizations that reflect and promote the diversity of our region and ensure services are delivered to those who have historically been underserved or underrepresented.

Yes

Is your project open to those who do not wish to participate in religious activities or services?*

Faith based organizations and houses of worship are welcome to apply. However, projects that have explicit religious content, express a particular religious view, limit participation based on faith affiliation, or require

participation in religious activities or services will not be considered.
For example, a collaboration of churches working to expand access to healthy food in their communities may be awarded funding if participation in the program is not limited based on faith or attendance.

Yes

Is your organization located in and/or provide services to Tennessee residents?*

If your organization is not physically located within the East Tennessee Foundation's 25-county service area, you are still eligible to apply for a grant from our Opportunity Endowment Fund, provided that the project for which you are applying for funds directly serves residents located in one or more of the 25 counties.

Yes

Part I - Project Information

Project Description*

Describe how your organization and partner organization(s) would benefit from the requested grant amount.

- In what way will this project build capacity across your organizations or field to carry out your efforts in addressing community needs?
- Please be sure to describe the partnership(s) and how you work together.

The students at Green Magnet Academy experience the compounded effects of systemic inequity, with many facing economic hardship, trauma, food insecurity, and limited outdoor recreational space. These challenges directly impact attendance, academic performance, and emotional regulation. Currently, the school's outdoor classroom area cannot meet these students' needs—it is inaccessible to all learners, lacks proper seating to accommodate a full class of 30 students at once, and does not include sensory or interactive learning features that would excite and motivate children to attend school and engage in lessons. A revitalized outdoor learning space would serve as a refuge, a laboratory, and a launchpad for imagination and growth. It would offer not just a new way to teach the curriculum, but a new way to help children thrive. With this grant, Green Magnet Academy will create a space that invites curiosity, builds confidence, fosters healthy relationships, and supports early academic achievement through sustainable, creative, nature-based education.

Target Beneficiaries:

This project will serve approximately 375 K–5 students annually and indirectly benefit teachers, families, and the broader East Knoxville community. Many students who qualify for free or reduced lunch, coming from economically disadvantaged households, stand to benefit academically, socially, and emotionally from consistent access to a thoughtfully designed outdoor classroom.

Plans for Success:

This is Green Magnet Academy's first major investment in revitalizing its outdoor learning space. The school has established partnerships with reliable community organizations eager to collaborate on planning, developing, and using the space long-term. These include:

- **Tremont Institute** (for place-based environmental education),
- **Keep Knoxville Beautiful** (for beautification and sustainability),
- **Knoxville Community Garden Alliance** (for edible education),
- **SEEED** (Socially Equal Energy Efficient Development—for youth empowerment and green infrastructure),
- **University of Tennessee Extension Office**,
- **Knoxville Parks and Recreation**, and
- the **Local PTA**.

These partnerships will help develop programs, lead student workshops, and support parent involvement. This will not only bring life to the outdoor space but also initiate and sustain community and parent buy-in

for Green Magnet Academy as a whole.

Goals:

- Improve academic performance in STEM, literacy, and environmental science.
- Improve healthy physical and mental development through daily exposure to outdoor activities.
- Support emotional growth, socialization skills, and cognitive development in early learners.
- Address the need for daily exercise and movement in K–5 students.
- Increase student engagement by providing interactive materials and spaces that inspire creativity and learning.
- Reduce behavioral incidents and promote a sense of ownership and pride in learning.

Project Dates and Timeline*

Provide approximate dates and a timeline for the implementation of this project.

Date	Activity
Aug–Sep 2025	Finalize site plan; purchase materials
Oct–Dec 2025	Install seating, shade structures, pathways
Jan 2026–Feb 2026	Develop learning modules with teachers
Mar–May 2026	Launch spring outdoor curriculum
Fall 2026–Spring 2027	Ongoing programming, data collection
July 2027	Project review and final reporting

Project Evaluation*

Please describe how your organization(s) will evaluate this project. Be specific about outcomes that indicate success and how you will track or measure your project's impact.

Quantitative Criteria to Measure Impact:

- **Academic Performance:** Pre/post assessments in science, reading, and math.
- **Attendance Rates:** Monitored for increases tied to outdoor class days.
- **Behavioral Improvement:** Decrease in behavioral incidents (monitored via PBIS tracking).
- **Utilization Logs:** Documenting increased use by teachers.
- **Physical Activity:** Survey data showing an increase in active school minutes.

Qualitative Criteria to Measure Impact:

- **Teacher Evaluations:** Semester surveys and reflection logs.
- **Student Voice:** Outdoor journals, drawings, and feedback activities.
- **Parent Testimonials:** Gathered through interviews and family engagement events.
- **Community Engagement:** Attendance and participation in events held in the outdoor space.
- **Photographic Documentation:** Ongoing visual evidence of progress and engagement.

Project Budget and Explanation*

Provide an itemized outline of the use of funds, including the dollar amount and short explanation of all proposed expenses. List other sources of funding for this project and indicate if those sources are pending or committed.

The East Tennessee Foundation values organizations that can leverage this grant to secure other funding support. If your organization and partner organization(s) can turn this grant into a matching grant, please include a description of how this will be accomplished.

The project budget and explanation may either be provided in the text area below OR as an uploaded document.

ItemAmountExplanation

Permanent shade structures (2)$4,500 Protect students from sun/rain and extend usability into warmer months

Weather-resistant seating 3,000 ADA-compliant benches, and stump seating to accommodate diverse learners

Raised garden beds & native plants $ 2,000 Promote hands-on science and environmental stewardship

Interactive learning stations $ 3,000 Includes outdoor whiteboards, magnetic boards, and a STEM play station

Sensory path & materials $2,000 Designed for neurodiverse learners to improve sensory integration

Trail improvement and mulch paths $ 1,500. Improve accessibility and reduce erosion around activity areas

Curriculum development & teacher training $2,000 Outdoor learning lesson plans, training stipends for staff

Materials for ongoing programming $1,000 Art supplies, journals, STEM kits, nature scavenger hunt materials

Signage and interpretation panels$1,000 Help children self-navigate stations and learn independently

Total: $20,000

Part II - Organization Information

Organization Information*

As the primary applicant organization for the collaborative project, please provide an overview of your organization. Examples of what to share include but are not limited to:

- background about the organization and its history
- staff size
- mission statement
- vision statement
- key accomplishments you would like to highlight

Additionally, what are the needs and ongoing concerns in your work and/or in the geographic footprint your organization serves? Are there areas where additional resources or support might be needed?

Annual Operating Budget*

What is your organization's annual operating budget? Provide an overview of yearly expenses and revenues.
The budget may either be provided in the text area below OR as an uploaded document.

Population Served*

Please answer the following two questions and provide as much detail as you are able.

1. Who are you trying to serve through your organization's programs and services?
2. How do you know you are reaching your target population?

Approximately 375 students annually over two years.

Service Area*

Your organization must propose a project that serves one or more counties in the East Tennessee Foundation's 25-county service area. Select the county or counties that will be served by the proposed project. If your organization serves additional counties outside the Foundation's service area, please share those as well by selecting "Other" and completing the additional pop-up question.

Knox

Partner Organization Information*

Provide a brief summary of your partner organization(s), their staff size, and their service area. ETF wants to be mindful in supporting organizations of all different sizes and capacities.

Partner Organization Contact Information*

Please list the contact information of all partner organizations and their staff members who will be involved with the proposed collaborative project. Include names, titles, email addresses, and phone numbers.

Optional - Comments or Feedback

Please enter any feedback relating to this grant application that you would like to share. This question is optional. Providing or not providing feedback will not affect your grant application or funding status. Only your organization and the East Tennessee Foundation staff will see your response, should you choose to share with us.

Certification and Electronic Signature

Enter your full name and job title.

Full Name*

Job Title*

Certification*

By entering your signature information above and checking "I Agree" below, you certify to the best of your knowledge that:

- I am (or am authorized to sign on behalf of) the Primary Contact Person listed on this application;
- All information included in this application is correct; and
- The tax exempt status of this organization is still in effect.

CITY OF KNOXVILLE, TENNESSEE

City Council Office

West High School
3300 Sutherland Avenue
Knoxville, TN 37919

Dear Ashley Speas,

The City Council Office received your request for Community Improvement (202) Funds. Enclosed you will find a check for the funds that were appropriated as well as a spreadsheet explaining which Councilmember appropriated what amount.

A copy of the Ordinance appropriating these funds and explaining the expected use of said funds can be provided by the office if needed. Should you need a copy the ordinance, the number is O-83-2025.

These funds are not personal donations; therefore, the organization does not need to provide a charitable contribution letter for tax purposes.

In accordance with Section 1-17 of the City of Knoxville Code of Ordinances, this appropriation is not made as a sponsorship or with expectation of recognition.

Religious organizations receiving funding may not utilize funds to engage in any of the following activities:

1. Perform inherently religious activities such as worship, religious instruction, or proselytization;
2. Acquire, construct, or rehabilitate structures or properties that shall be used for inherently religious activities, including sanctuaries and chapels; and
3. Discriminate against any beneficiary on the basis of religion or belief.

Feel free to contact me at (865) 215-3022 or skirk@knovxilletn.gov if you have any questions.

Respectfully,

Savannah Kirk

Phone (865) 594-4477

Dear Knoxville City Council,

I am writing to request a $6000 donation from the City Council Community Improvement (202) funds for the Orchestra Program at West High School. This program begins at West High School in the school year 25-26. We have begun the process of slowly acquiring instruments and are in need of racks to store them safely and properly, as well as some more instruments if your generous help allows us to do so.

Due to the lack of funding, the few instruments we have are on the floor and cannot be readily accessed by students for daily class and are not safe from foot traffic. Furthermore, we have a beginning class of at least 40 students, for which we do not have enough instruments. Please find attached estimates for the instrument racks and as well as some instruments depending on the funds granted. The Orchestra Program at West High School has been long awaited by families, and the community is so excited to finally see it happen. We would be so grateful for your help!

We would like to purchase 2 bass and 2 cello stands from this vendor to be able to store more instruments properly:

- Bass stands: https://www.westmusic.com/classroom-furniture-equipment/classroom-carts-storage/wenger-4-unit-string-bass-rack-maple-530481
- Cello stands: https://www.westmusic.com/a-s-crafted-products-band-room-6-unit-cello-rack-358040
- The total cost for the 4 stands is $4,220
- Bass stands: 2 x $998 each = $1,996

- Cello stands: 2 x $1,112 each = $2,224
- Shipping for all 4: $580
  TOTAL of Racks: $4,800

  Instruments as the budget allows: please see attached estimate with a variety of possibilities depending on the budget.

  Instruments: $1,200

  GRAND TOTAL: $6,000

We appreciate your consideration of this request.

Sincerely,

Dr. Ashley Speas, Principal

DESCRIPTION

Storing and transporting your valuable instruments is at the core of Wenger's product offering. The soft rungs and heavy-duty supports are designed to ensure that your instruments will be safe, secure, and protected from dings/dents. The hard rubber swivel casters take the hard work out of moving through doorways and narrow hallways anywhere in your venue.

Specifications

- 80 5/8" Wide x 26" Deep x 60 1/2" High, 83 lbs
- Stores up to four 1/4 sized or larger string basses
- Includes brass bow pegs
- Lower cross supports are plywood core laminated panels with flexible soft PVC edging to protect instruments
- Upper cross supports are plywood core laminated panels with PVC bonded edging to protect instruments
- End panels are 3/4" thick formaldehyde-free industrial grade composite wood with a polyester laminate finish in Wenger standard colors
- Racks have four 2.5" swivel casters in yellow zinc finish for easy transport
- Front casters are locking
- Smooth-rolling design for easy transport through doorways
- Closed ends for extra protection
- GREENGUARD Indoor Air Quality Certified and GREENGUARD Children & Schools Certified
- 5-year manufacturer's warranty
- Assembly required

Please note: This item ships direct from the manufacturer. Flat rate shipping applies. Please allow 6-8 weeks for shipping.

DESCRIPTION

For music teachers whose classrooms are already cluttered with smaller instruments, risers, and music stands, making space for cellos is difficult. And leaning them against the wall can be a risky proposition. Good news... we've got just what you need —introducing the Band Room™ Mobile Cello Rack. It can hold 1/2, 3/4, and 4/4 size cellos and their bows. Felt lining on all contact points protects against scratching and scuffing.

Easy Transport

All Band Room racks include heavy-duty wheels allowing you to push this cart around your classroom easily. It's designed to fit through standard 32" wide classroom doorways with plenty of room to spare.

Easy Assembly

Easily assembled with just the hex wrenches (included) and a friend (not included, lol).

American-Made Craftmanship

It's constructed of hardwood rails, scuff-resistant, high-pressure laminate sides with a brushed aluminum finish and a decorative F-hole cut-out. All Band Room products are made in the USA, designed and built to last by a passionate team of people who deeply care about your satisfaction.

Features

- Can accommodate 1/2, 3/4, and 4/4 cellos
- Attractive F-hole-shaped cutout on the sides
- Fits through 32" wide doorways
- Sturdy rolling chassis with heavy-duty wheels
- Felt lining at all contact points protects against scratching and scuffing
- Hardwood rails and scuff-resistant high-pressure laminate sides with a brushed aluminum finish

Specifications

- Capacity: Holds six cellos and bows
- Dimensions: 76" width x 23" depth x 43" height (height is with wheels)

PROPOSAL
4/30/25 (1.V3)

West High School Branding Signage + Murals

PREPARED FOR: ASHLEY SPEAS, FRANK LEONARD, REAGAN WOMACK

OVERVIEW

West High School is embarking on an exciting endeavor to streamline its identity and create a cohesive, inspiring environment for students, staff, and the community. This initiative seeks to modernize the school's image by establishing a unified brand experience that reflects its values and vision. By organizing and streamlining the many existing variations of logos, fonts, and signs, the school aims to develop a clear and consistent visual language. This system of visual cues will be applied throughout the campus, enhancing the environmental experience through updated signage and vibrant murals. These changes will not only bring a fresh, modern feel to the school but also foster a sense of pride and connection among all who walk its halls.

AUDIT / DISCOVERY

Robin Easter Design (RED) will work with West High School students as they conduct a comprehensive audit. RED will provide instructions and a list of what is needed and students will gather and organize the information. RED will evaluate all existing uses of the school's logo, various fonts, different signage styles, signage content, and the materials utilized throughout the campus. This review will help identify inconsistencies, redundancies, and opportunities for improvement, serving as the crucial first step toward creating a cohesive and modern visual identity for West High School.

BRAND IDENTITY REFINEMENT

To enhance West High School's current spirit, RED will streamline your brand identity and develop a brand guide for cohesive use of the brand going forward. We will determine a specific set of brand fonts and specify colors for all mediums (print, digital, paint, vinyl) in the guide. Brand refinement may include cleaning up and minor refinements your. The current logos are trademarked and any changes will need approval by the superintendent. RER AS

BRAND GUIDE

- Logo usage
- Color specification for different mediums including:
  - Printing in 4-color process (CMYK) and Pantone
  - On-screen, RGB and HEX
  - Paint colors
  - Vinyl signage material
- Typography*
- Secondary graphics if applicable
- Paper specification

LOGO PACKAGE

- Logo files in the primary use color
- Print and web versions
- Multiple formats: ai, pdf, jpg

*Fonts are not included because of copyright licensing. Links will be provided for purchasing brand fonts.

The brand guide and logo package are typically delivered at the end of the project to allow the design team to work out all the details of the branding on actual materials before solidifying the final guidelines.

SIGNAGE

Based on the audit provided by West High students, RED will create a comprehensive signage plan, identifying sign types, levels, locations, sign content, and ADA compliance needs. RED will work with the WHS signage committee to determine priorities for phase one design in order to meet the budget.

PHASE 1 - CONCEPT DESIGN: RED will design one of each sign type and one mural for approval. Moodboards for mural style will be presented for feedback prior to design. Once the designs are approved we will provide estimates for phases 2 -4.

PRELIMINARY LIST OF SIGN TYPES

Some signs may be added or eliminated in the comprehensive plan.

CONCEPT DESIGN - 1 MOCKUP OF EACH SIGN TYPE INCLUDED IN PRIIORITY LIST

MURAL CONCEPT - MOCKUP OF 1 MURAL, RANGE BASED ON COMPLEXITY OF GRAPHICS

TOTAL up to $25,000

TERMS + CONDITIONS

Fifty percent ($12,500) of the total is due to begin. The remainder will be billed in monthly increments based on time spent. All invoices are due net 15 days and may be subject to sales tax. Outside expenses are not included and, if incurred, will be billed net due upon receipt.

Acceptance of this proposal confirms that Robin Easter Design has been hired by **West High School** for the work described in this proposal. This estimate is subject to the terms and provisions in the RED General Working Agreement.

NAME: Ashley Spears DATE: 7-9-2025

NAME: Robin Easter Reeves DATE: 7.9.2025

GENERAL WORKING AGREEMENT

PROFESSIONAL SERVICES

We calculate our estimates based on anticipated hours required to complete a specific project. The total cost for the project will not exceed the estimate unless the scope of the project changes, in which case you will be notified and we will either provide an estimate for the additional work or bill on an hourly basis. One round of design revisions is included. Beyond that revisions will be billed on an hourly basis at $150 per hour. Service fees are subject to sales tax.

OUTSIDE EXPENSES

We prefer to coordinate such items as new photography, printing, production, fabrication, special programming, hosting and other purchases relating to specific projects. This places the responsibility with Robin Easter Design and gives the client the advantage of having us involved in making sure outside contracts are handled consistently with the intent of the overall project. We obtain competitive bids from qualified vendors and help select the best provider based on your needs. Outside expenses are subject to sales tax.

PROOFING

Although we make every effort to ensure proper spelling and grammar, this alone is not sufficient. It is the client's responsibility to ensure that all information is correct, free from copyright infringement, and relevant. The client is responsible for proofreading of all materials to ensure accuracy and will be responsible for the cost of correcting any such errors. Ink colors do not look accurate on screen. Proofs are not final files. After receiving client approval, the file(s) will be finalized for production and sent to print.

SAMPLES

In the printing industry, it's not unusual to encounter a slight variance of plus or minus 10 percent on the final, delivered quantity. If you need an exact number, we recommend ordering extra to make sure you have enough. Robin Easter Design will retain up to 20 samples for our records. Should the client handle printing, the client shall provide 20 samples to Robin Easter Design upon completion of the project. Please note that print prices are not guaranteed past 30 days. Print turn around time is typically two weeks.

SCHEDULES

Robin Easter Design makes every effort to provide services and materials in a manner that will accommodate client deadlines. We shall not be held responsible for changes in schedules or damages to the client that result from any delay or other cause beyond our control. Nor shall RED be responsible for changes in schedules or damages to the client that result from delays in receiving approvals, payments, information or materials from the client or any of the client's agents. If the basic services covered in this estimate are not completed within one year of the approval date, through no fault of Robin Easter Design, such as failure by the client to meet deadlines for submission of materials or failure by the client to grant approvals, extension of services may carry an additional fee. Should the client request services or materials to be done on a faster than normal or agreed upon basis, additional costs may be reflected in the billing.

TERMS Robin Easter Design agrees to provide services and/or materials under the terms described in the estimate. We reserve the right to not begin, complete or deliver any work until the appropriate fees are paid according to the indicated terms. If projects are canceled or postponed prior to completion the client will pay for the services and materials up to that point. Any initial payments made to Robin Easter Design to begin a project are considered non-refundable deposits, unless otherwise specified. Should any of Robin Easter Design's invoices not be paid within the payment terms, the client agrees to pay one and one-half percent interest per month (18 percent annually). Charging interest to past due invoices does not indicate that Robin Easter Design has agreed to extend terms. All of Robin Easter Design's invoices remain payable as originally indicated. ~~In the event that it is necessary for Robin Easter Design to place collection of fees in the hands of a collection agency or attorney, the client agrees to pay all costs of collection, including reasonable attorney fees.~~ The client shall pay any sales, use or other transfer taxes that may be applicable to the services and materials provided, including any tax that may be assessed on audit of Robin Easter Design's tax returns. Robin Easter Design's estimates do not reflect taxes unless specified. Proposal agreements and estimates returned by facsimile or e-mail are legal and binding.

RIGHTS + OWNERSHIP

Any design elements provided by the client, such as stock photography, illustration, copy, videos, working files, .pdfs, etc. to be incorporated into work for the client will remain the property of the client. Original graphic elements and layered native files or editable files developed by RED are the property of RED and are not included in this proposal. In other words all drawings, artwork, specifications, and other visual presentation materials, including preliminary concepts, visual presentations, electronic files, working files, digital proofs and .pdfs are the property of Robin Easter Design and are not for client use. If the client wishes to make additional use of the materials, the client agrees to seek permission from Robin Easter Design and make payment for the use of files and the time associated with preparation of files and materials. Where alterations are necessary, Robin Easter Design will be given the opportunity to make such changes at an agreed additional charge.

The rights granted to Client are for usage of the Final Works in their original form only. Client may not crop, distort, manipulate, reconfigure, mimic, animate, edit, extract portions, intentionally alter the color of the Final Works, or otherwise create derivative works based on the Final Works.

For questions about this, refer to AIGA Standard Form of Agreement for Design Services, Schedule A. Intellectual Property Provisions, Option 2: Exclusive License.

Photographers, illustrators, and other similar artists contract for specific rights to use their images and works. Robin Easter Design cannot release any property to the client that may be subject to these conditions. This includes original photographs, illustrations or other similar items actually owned by artists. The client agrees to be bound by any terms and conditions, including required credits, with respect to the reproduction of such material as may be imposed on Robin Easter Design by contracted artists unless transfer of ownership is signed away by the artist. Should the client desire ownership or unlimited rights to a photograph, illustration or similar work, Robin Easter Design can negotiate those rights on the client's behalf.

WHEREAS, the Knox County Sheriff's Office desires to enter into an agreement with the Tennessee Bureau of Investigation and the Tennessee Dangerous Drugs Task Force for the use of Law Enforcement under the Heroin/Opioid Investigation Overtime Expense Program; and

WHEREAS, this agreement provides reimbursement of overtime expenses incurred by the Knox County Sheriff's Office in an amount up to $9,600.00 per law enforcement officer assisting with such investigations, as further detailed in the attached agreement.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Agreement with the Tennessee Bureau of Investigation and the Tennessee Dangerous Drugs Task Force for the use of Law Enforcement under the Heroin/Opioid Investigation Overtime Expense Program for the reimbursement of up to $9,600.00 per officer in overtime expenses incurred by the Knox County Sheriff's Office is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the aforementioned Agreement with the Tennessee Bureau of Investigation and the Tennessee Dangerous Drugs Task Force shall be executed subject to such amendment or action not affecting the substantive provisions of the agreement as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

AGREEMENT

FOR THE USE OF LAW ENFORCEMENT HEROIN/OPIOID INVESTIGATION OVERTIME EXPENSE PROGRAM

Date of Agreement: 7/1/25

Overtime Grant Funding Term:
Resources are contingent upon the availability of grant funding. Advance notice will be provided prior to the expenditure of all overtime funds.

Law Enforcement Agency Information:

Federal Tax ID #: 62-6007979
Contact Person: Candi Brandl
Telephone No: 865-215-4508
E-Mail Address: candace.brandl@knoxsherif

Law Enforcement Agency Name and Address:
Knox County Sheriff's Office
400 Main Street Suite L-148
Knoxville, TN 37902

This agreement is between the above-named law enforcement agency, the Tennessee Bureau of Investigation (TBI) (Grantee Agency) and the Tennessee Dangerous Drugs Task Force (TDDTF). This agreement shall be effective when signed by an authorized Law Enforcement Agency Official, TDDTF Director and the Assistant Director of the Drug Investigation Unit at the TBI. This Overtime Reimbursement Program is subject to and contingent upon the availability of state and/or federal funds. In the event that the funds are not available, the TBI and TDDTF reserve the right to terminate this program.

1. It is agreed that the law enforcement officers named on this agreement will assist in investigations and prosecutions in accordance with State and Federal regulations and report all overdose incidents and related information into the TDDTF DI^3 Law Enforcement Portal. The law enforcement agency agrees to provide law enforcement officers who are identified in this agreement to work on heroin/opioid investigations. All approving officials must agree to any change in law enforcement officers assigned.

2. The agencies that are parties to the Agreement, pursuant to T.C.A 12-9-101-109 will cooperate with the other parties for their mutual advantage in the provision of services and facilities necessary to investigate the production, sale, trafficking, use of heroin/opioids and processing the crime scenes.

Each local government entering into this agreement agrees that all officers assigned to the TDDTF Heroin/Opioid Investigation Overtime Program will be entitled to all rights, duties, powers, privileges, exceptions and immunities in every jurisdiction covered by this Agreement as if such duty or activity were performed within the jurisdiction of the local government by which the officer is employed.

Each local government entering this Agreement agrees that each and every law enforcement officer assigned to the TDDTF Heroin/Opioid Investigation Overtime Program may enter into its jurisdiction upon request of a TDDTF member for the purposes of investigating the production, sale or use of heroin/opioids and mitigating the crime scene and that such officer will have the same rights, powers, duties, privileges and immunities in its jurisdiction as one of its own law enforcement officers.

Each law enforcement officer assigned to the TDDTF Heroin/Opioid Investigation Overtime Program will remain an employee of the local government by which the officer was employed prior the assignment. The conduct and actions of such officer will remain the responsibility of the local government employing the officer. Any civil liability arising from the actions of a law enforcement officer's activities will be assumed by the employing local government in the same manner and to the same extent as if the actions were committed within the jurisdiction of the employing local government during the normal course of the officer's employment, independent of the Task Force.

TDDTF Heroin/Opioid Investigation Overtime Program participating officers will be considered employees of the city or county hiring them, within the meaning of the Tennessee Governmental Tort Liability Act. At no time will such officers be considered the employees of another city or county.

Each participating local government agrees that it will make no claim for compensation for any damages or loss of its equipment, or for personal injury, including death, to its employees occurring as a consequence of the Task Force activities, against any other participating local government and that all such claims are expressly waived.

3. Officers shall possess no law enforcement authority other than that conferred by virtue of their position as a commissioned officer of their parentagency.

4. Any law enforcement officers assigned to a heroin/opioid investigation in accordance with this agreement are not considered Federal or Grantee Agency employees and do not take on the benefits of Federal or Grantee Agency employment by virtue of their participation in the investigation.

5. The Grantee Agency, Tennessee Bureau of Investigation, will provide operational and administrative support that is mutually agreed to by the parties to this Agreement for the administration of overtime payments.

6. If there are any **OTHER FUNDS** available within the participating agency for use for overtime, such as OCDETF, HIDTA, COPS, BJA or individual state or federal heroin/opioid block/hotspot grants, these funds **MUST** be used first before requesting reimbursement from this grant.

7. The Grantee Agency, Tennessee Bureau of Investigation, will reimburse the law enforcement agency for approved overtime costs for law enforcement officers assigned to heroin/opioid investigations. The designated agency is responsible for paying its employees for their overtime. To ensure proper complete utilization of heroin/opioid investigation overtime, reimbursement claims must be submitted on the proper reimbursement request forms **within 30 days after the end of the month. Anything after that will require review/approval by the TDDTF prior to the submission of reimbursement request.** Analysis of reimbursement claims by the Grantee agency may result in a modification of the obligation of funds contained within this agreement as well as the time period covered. The agency affected by any such modification will be telephonically advised at least thirty (30) days in advance with follow-up confirmation in writing. Overtime payments, in any event, may not, on an annual per person basis (July 1st - June 30th), exceed the set $13,200 salary rate in effect at the time of the original agreement if the population of the County is less than 100,000. If the population of the County is more than 100,000, the set annual salary rate cannot exceed $9,600 per person. The law enforcement agency is responsible for ensuring that this annual payment is not exceeded. The Grantee Accounting Manager and TDDTF Director will also monitor these payments. Overtime payments shall be limited to true overtime.

8. In no event will the law enforcement agency charge any indirect costs for the administration or implementation of this agreement. In addition, any overtime hours worked by the employee shall be compensated at their hourly rate for overtime, with no additional fringe benefits, premiums, or other compensation applied to these hours. **Overtime hours are capped at 20 hours per officer per investigation.**

9. The law enforcement agency shall maintain complete and accurate records and accounts of all obligations and expenditures of funds under this agreement in accordance with generally accepted accounting principles and instructions required by the Grantee Agency to facilitate inspection and auditing of such records and accounts.

10. The law enforcement agency shall permit and have readily available for examination and auditing by representatives of TBI/TDDTF, the U.S. Department of Justice, the Comptroller General of the United States, and/or any of their duly authorized agents and representatives, any and all records, documents, accounts, invoices, receipts, or expenditures relating to this agreement. In addition, the agency will maintain all such foregoing reports and records until all audits and examinations are completed and resolved, or for a period of six (6) years after termination of this agreement, whichever is sooner.

11. The law enforcement agency will comply with Title VI of the Civil Rights Act of 1964 and all requirements applicable to the Tennessee Dangerous Drugs Task Force agreements pursuant to the regulations of the Department of Justice (See, e.g., 28 C.F.R. Part 42, Subparts C and G, 28 C.F.R. 50.3 (1991) issued pursuant to Title VI relating to discrimination on the grounds of race, color, sex, age, national origin or handicap.

12. This agreement may be terminated by any of the parties by written notice to the other parties thirty (30) days prior to termination. The Grantee Agency shall receive billing for outstanding obligations within thirty (30) days of the termination.

13. The law enforcement agency agrees as a general requirement to comply with Federal, State and local environmental, health, and safety laws and regulations applicable to the investigation.

14. The law enforcement agency agrees to submit to the Tennessee Dangerous Drugs Task Force Director for review and approval any curricula, training materials, or any other written material that will be published, web-based materials and web materials and web-site content through funds from this grant at least forty-five (45) working days prior to the targeted dissemination date.

15. The law enforcement agency shall submit to the Tennessee Dangerous Drugs Task Force Director all reports and proposed publications. Any written, visual, or audio publications, with the exception of press releases, whether published at the grantees' or government's expense MUST contain the following statements: "This project was supported by Grant No. (Contact the TBI/TDDTF Office for appropriate grant number reference) Anti-Heroin Task Force (AHTF) by the Office of Community Oriented Policing (COPS) for State and Locals. The Bureau of Justice Assistance (BJA) and COPS are components of the Department of Justice, which include one or all of the following: the Office of Justice Programs, the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, and the Office for Victims of Crime. Points of view or opinions in this document are those of the author and do not represent the official position or policies of the United State Department of Justice."

This agreement is not a contract or obligation to commit Federal funds in the maximum amounts projected. Funding allocations for the time period set forth and agreed to herein represent projections only and are based upon consultation between the sponsoring Tennessee Dangerous Drugs Task Force and the law enforcement agency. They are, therefore, subject to modification by the Tennessee Dangerous Drugs Task Force Executive Board based upon the progress and needs of the Task Force. Additionally, resources are contingent on the availability of funds.

Knoxville, TN 37902

This agreement is between the above-named law enforcement agency, the Tennessee Bureau of Investigation (TBI) (Grantee Agency) and the Tennessee Dangerous Drugs Task Force (TDDTF). This agreement shall be effective when signed by an authorized Law Enforcement Agency Official, the TDDTF Director and the Assistant Director of the Drug Investigation Unit at the TBI. This Overtime Reimbursement Program is subject to and contingent upon the availability of state and/or federal funds. In the event that the funds are not available, the TBI and TDDTF reserve the right to terminate this program.

1. It is agreed that the law enforcement officers named on this agreement will assist in investigations and prosecutions in accordance with State and Federal regulations and report all incidents, including overdose incidents, into the TDDTF DI^3 Law Enforcement Portal.

2. The law enforcement agency agrees to provide law enforcement officers who are identified in this agreement to work on methamphetamine investigations. All approving officials must agree to any change in law enforcement officers assigned.

3. The agencies that are parties to the Agreement, pursuant to T.C.A 12-9-101-109 will cooperate with the other parties for their mutual advantage in the provision of services and facilities necessary to investigate the production, sale, trafficking, or use of methamphetamine and processing the crime scenes that result from the domestic production of methamphetamine.

Each local government entering into this agreement agrees that all officers assigned to the TDDTF Methamphetamine Investigation Overtime Program will be entitled to all rights, duties, powers, privileges, exceptions and immunities in every jurisdiction covered by this Agreement as if such duty or activity were performed within the jurisdiction of the local government by which the officer is employed.

Each local government entering this Agreement agrees that each and every law enforcement officer assigned to the TDDTF Methamphetamine Investigation Overtime Program may enter into its jurisdiction upon request of a TDDTF member for the purposes of investigating the production, sale or use of methamphetamine and mitigating the crime scene of methamphetamine production and that such officer will have the same rights, powers, duties, privileges and immunities in its jurisdiction as one of its own law enforcement officers.

Each law enforcement officer assigned to TDDTF Methamphetamine Investigation Overtime Program will remain an employee of the local government by which the officer was employed prior the assignment. The conduct and actions of such officer will remain the responsibility of the local government employing the officer. Any civil liability arising from the actions of a law enforcement officer's activities will be assumed by the employing local government in the same manner and to the same extent as if the actions were committed within the jurisdiction of the employing local government during the normal course of the officer's employment, independent of the Task Force.

TDDTF Methamphetamine Investigation Overtime Program participating officers will be considered employees of the city or county hiring them, within the meaning of the Tennessee Governmental Tort Liability Act. At no time will such officers be considered the employees of another city or county.

Each participating local government agrees that it will make no claim for compensation for any damages or loss of its equipment, or for personal injury, including death, to its employees occurring as a consequence of the Task Force activities, against any other participating local government and that all such claims are expressly waived.

4. Officers shall possess no law enforcement authority other than that conferred by virtue of their position as a commissioned officer of their parent agency.

5. Any law enforcement officers assigned to a methamphetamine investigation in accordance with this agreement are not considered Federal or Grantee Agency employees and do not take on the benefits of Federal or Grantee Agency employment by virtue of their participation in the investigation.

6. The Grantee Agency, Tennessee Bureau of Investigation, will provide operational and administrative support that is mutually agreed to by the parties to this Agreement for the administration of overtime payments.

7. If there are any **OTHER FUNDS** available within the participating agency for use for overtime, such as OCDETF, HIDTA, COPS, BJA or individual state or federal methamphetamine block / hotspot grants, these funds **MUST** be used first before requesting reimbursement from this grant.

8. The Grantee Agency, Tennessee Bureau of Investigation, will reimburse the law enforcement agency for approved overtime costs for law enforcement officers assigned to methamphetamine investigations. The designated agency is responsible for paying its employees for their overtime. To ensure proper complete utilization of methamphetamine

overtime, reimbursement claims must be submitted on the proper reimbursement request forms **within 30 days after the end of the month. Anything after that will require review/approval by the TDDTF prior to the submission of reimbursement request**. Analysis of reimbursement claims by the Grantee agency may result in a modification of the obligation of funds contained within this agreement as well as the time period covered. The agency affected by any such modification will be telephonically advised at least thirty (30) days in advance with follow-up confirmation in writing. Overtime payments, in any event, may not, on an annual per person basis (July 1st - June 30th), exceed the set $13,200 salary rate in effect at the time of the original agreement if the population of the County is less than 100,000. If the population of the County is more than 100,000, the set annual salary rate cannot exceed $9,600 per person. The law enforcement agency is responsible for ensuring that this annual payment is not exceeded. The Grantee Accounting Manager and TDDTF Director will also monitor these payments. Overtime payments shall be limited to true overtime.

9. In no event will the law enforcement agency charge any indirect costs for the administration or implementation of this agreement. In addition, any overtime hours worked by the employee shall be compensated at their hourly rate for overtime, with no additional fringe benefits, premiums, or other compensation applied to these hours. Overtime hours are capped at 20 hours per officer per investigation.

10. The law enforcement agency shall maintain complete and accurate records and accounts of all obligations and expenditures of funds under this agreement in accordance with generally accepted accounting principles and instructions required by the Grantee Agency to facilitate inspection and auditing of such records and accounts.

11. The law enforcement agency shall permit and have readily available for examination and auditing by representatives TBI/TDDTF, the U.S. Department of Justice, the Comptroller General of the United States, and/or any of their duly authorized agents and representatives, any and all records, documents, accounts, invoices, receipts, or expenditures relating to this agreement. In addition, the agency will maintain all such foregoing reports and records until all audits and examinations are completed and resolved, or for a period of six (6) years after termination of this agreement, whichever is sooner.

12. The law enforcement agency will comply with Title VI of the Civil Rights Act of 1964 and all requirements applicable to Tennessee Dangerous Drugs Task Force agreements pursuant to the regulations of the Department of Justice (See, e.g., 28 C.F.R. Part 42, Subparts C and G, 28 C.F.R. 50.3 (1991) issued pursuant to Title VI relating to discrimination on the grounds of race, color, sex, age, national origin or handicap.

13. This agreement may be terminated by any of the parties by written notice to the other parties thirty (30) days prior to termination. The Grantee Agency shall receive billing for outstanding obligations within thirty (30) days of the termination.

14. The law enforcement agency agrees as a general requirement to comply with Federal, State, and local environmental, health, and safety laws and regulations applicable to the investigation and closure of clandestine methamphetamine laboratories and the removal and the disposal of the chemicals, equipment, and wastes used in or resulting from the operations of these laboratories.

15. The law enforcement agency agrees to specific requirements and agrees that any program or initiative involved in the identification, seizure, or closure of clandestine methamphetamine laboratories, hereafter referred to as the "Program", can result in adverse health, safety, and

environmental impacts to (1) the law enforcement and other governmental personnel involved; (2) any residents, occupants, users, and neighbors of the site of a seized clandestine laboratory; (3) the seized laboratory site's immediate and surrounding environment of the site(s) where any remaining chemicals, equipment, and wastes from a seized laboratory's operations are placed or come to rest.

Therefore, the law enforcement agency further agrees that in order to avoid or mitigate the possible adverse health, safety, and environmental impacts of its Program, it will (1) include the nine protective measures or components within its Program; (2) provide for their adequate funding to include funding, as necessary, beyond that provided by the grant agreement; and (3) implement these protective measures throughout the life of this agreement. In so doing, the law enforcement agency understands that it may implement these protective measures directly through the use of its own resources and staff or may secure the qualified services of other agencies, contractors, or other qualified third parties.

1) Provide medical screening of personnel assigned by the designated agency and the Grantee to the seizure or closure of clandestine methamphetamine laboratories;

2) Provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and other personnel assigned to seizure, closure and clean up of clandestine methamphetamine laboratories;

3) As determined by their specific duties, equip personnel assigned to the Program with OSHA required site specific protective equipment, personal protective equipment, and other required safety supplies;

4) Assign properly trained personnel to prepare a comprehensive contamination report on each closed laboratory;

5) Employ qualified disposal contractors to remove all chemicals and associated glassware, equipment, contaminated materials and wastes removed from the site(s) of each seized clandestine laboratory;

6) Dispose of the chemicals, equipment, and contaminated materials and wastes removed from the sites of seized laboratories at properly licensed disposal facilities or, when allowable, properly licensed recycling facilities;

7) Monitor the transport, disposal, and recycling components of subparagraphs numbered(e) and (f) immediately above in order to ensure proper compliance;

8) Have in place and implement an inter-agency agreement or other form of commitment with a responsible state environmental agency that provides for that agency's (1) timely evaluation of the environmental conditions at and around the site of a closed clandestine laboratory and (2) coordination with the responsible party, property owner, or others to ensure that any residual contamination is remediated, if necessary, and in accordance with existing state and federal requirements; and

9) Include among the personnel involved in seizing clandestine methamphetamine laboratories, or have immediate access to, qualified personnel who can respond to the potential health needs of any of the offender(s)' children or other children present or living at the seized laboratory site. Response actions should include, at a minimum and as necessary, taking children into protective custody, immediately

testing them for methamphetamine toxicity, and arranging for any necessary follow-up medical tests, examinations, or health care.

10) Subsections 2) through 9) in this section are services that are leveraged by the TDDTD through the same grant funding stream that provides the overtime reimbursement. These services are made available to law enforcement entities when requested, and the cost is covered by the grant funding. Entities signing this agreement can utilize these amenities when the TDDTS has the funding available to provide them.

16. The law enforcement agency acknowledges that it has received and reviewed the environmental assessment, including its appendices (Sections 12 through 14 contained herein), that has been prepared for the grant by the Tennessee Bureau of Investigation (Grantee Agency) as taken from the "Special Conditions" prepared by the Office of Justice Programs. The law enforcement agency understands that this environmental assessment was prepared under the requirements of the National Environmental Policy Act, 42 U.S.C. 4321 et seq., and that this assessment provides both the basis for the above listed protective measures as well as references to several statutes, regulations, and guidelines that are particularly relevant to the implementation of these measures.

17. The law enforcement agency agrees to submit to the TDDTF Director for review and approval any curricula, training materials, or any other written material that will be published, web-based materials and web materials and web-site content through funds from this grant at least forty-five (45) working days prior to the targeted dissemination date.

18. The law enforcement agency shall submit to the TDDTF Director all reports and proposed publications. Any written, visual, or audio publications, with the exception of press releases, whether published at the grantees' or government's expense MUST contain the following statements: This project was supported by Grant No. (Contact the TBI/TDDTF Office for appropriate grant number reference) COPS Anti-Methamphetamine Program (CAMP) by the Office of Community Oriented Policing (COPS) for State and Locals. The Bureau of Justice Assistance (BJA) and COPS are components of the Department of Justice, which include one or all of the following: the Office of Justice Programs, the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, and the Office for Victims of Crime. Points of view or opinions in this document are those of the author and do not represent the official position or policies of the United State Department of Justice."

This agreement is not a contract or obligation to commit Federal funds in the maximum amounts projected. Funding allocations for the time period set forth and agreed to herein represent projections only and are based upon consultation between the sponsoring Tennessee Dangerous Drugs Task Force and the law enforcement agency. They are, therefore, subject to modification by the Tennessee Dangerous Drugs Task Force Executive Board based upon the progress and needs of the Task Force. Additionally, resources are contingent on the availability of funds.

WHEREAS, by means of Resolution R-25-8-401, the Knox County Commission approved an engineering design contract with LDA Engineering for the Bakertown Road Widening and Realignment Project (the "Project"); and

WHEREAS, Knox County and LDA Engineering desire to enter into a supplement in the amount of $45,000.00 to provide for additional work to extend the scope of improvements on Bakertown Road, which services are further detailed in the attached supplement agreement.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The supplement agreement with LDA Engineering for additional work to extend the scope of improvements on Bakertown Road is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the supplement agreement with LDA Engineering for additional work to extend the scope of improvements on Bakertown Road shall be executed subject to such amendment or action not affecting the substantive provisions of the supplement as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

LDA ENGINEERING

July 18, 2025

Mr. Ben A. Friend, P.E.
Civil Engineering Manager
Knox County Engineering and Public Works
205 W Baxter Ave
Knoxville, TN 37917

Reference: Bakertown Road Realignment and Widening
Scope and Fee Supplement Request No. 1

Dear Ben,

We appreciate the opportunity to work with Knox County Engineering on this project. Below is our supplement request to provide additional engineering services outside of the original scope of work.

PROJECT DESCRIPTION

LDA is currently under contract with Knox County Engineering to provide surveying and engineering services related to the realignment and widening of Bakertown Road. This scope and fee supplement is for additional effort related to several items as outlined below.

ADDITIONAL SCOPE OF SERVICES

Task 2 – Engineering & Design

A. Revise the Preliminary Plans (Plans) to eliminate all roadway reconstruction, except at the intersection of Bakertown Road and Ball Camp Pike. This change occurred in early April, shortly after the initial set of Plans was submitted on March 27, 2025. Revised Plans were resubmitted on April 25, 2025. The following sheets were affected by the revision.

- Typical Sections and Pavement Schedule
- R.O.W. Acquisition Table
- Property Map
- Removal and Relocation Plan
- Plan and Profile
- Side Street and Driveway Profiles
- Signing and Pavement Marking Plan
- Cross Sections

B. Add 130 feet to the approach tapers on Ball Camp Pike, thereby extending the project limits 260 feet. This design change was relatively minor, but it also included additional field survey and data processing for the extended project limits.

C. Add modifications to the existing Schaad Road medians. This was done to eliminate the offset in opposing left turn lanes, and allow for a permissive left turn phase for the new traffic signal. A layout sheet was added to the plans for Schaad Road.
D. Provide traffic count data at the intersection of Bakertown Road and Ball Camp Pike for a right turn lane analysis (southbound Bakertown to westbound Ball Camp).
E. Divide the project into two phases: (1) Schaad to Ball, and (2) Ball Camp to Schaad. This expanded the deliverables and bidding services to two times the original scope, i.e. two standalone sets of plans, construction quantities, bidding documents and bidding phases (see Task 5A below).

Task 5 – Pre-Construction & Bidding

A. Provide bidding services and documents for the two separate project phases, as described in Task 2E above. This consists of bid advertisements, project manuals, pre-bid meetings, responses to bidders' questions and associated addenda, bid openings, and bid tabulations.

PROJECT FEES

LDA proposes to provide the services described above for a lump sum amount of $45,000. All services will be billed monthly, based on percent completion of the tasks. This supplement increases the total budget for Task 2 from $152,000 to $193,000 and Task 5 from $4,000 to $8,000.

If all conditions of this proposal are acceptable, please sign below for authorization to proceed. Thank you again for this opportunity.

Respectfully,

Jason C. Elliott, P.E.
Principal / Engineer

WHEREAS, Knox County has received an Agreement from the Tennessee Department of Transportation (TDOT) for the purpose of providing for the maintenance of State-Aid Route #SA 4751-3, namely, Hill Road from Andersonville Pike to East Raccoon Valley Drive; and

WHEREAS, the proposed Agreement provides for the resurfacing of 6.264 miles of Hill Road (the "Project"); and

WHEREAS, Knox County desires to accept this contract award as the Project will benefit Knox County and the citizens thereof; and

WHEREAS, the total estimated cost of the Project is $1,633,332.22 with $1,600,665.58 (98%) being provided by TDOT and $32,666.64 (2%) being provided by Knox County.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of Hill Road from Andersonville Pike to East Raccoon Valley Drive is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of Hill Road from Andersonville Pike to East Raccoon Valley Drive shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

AGREEMENT
BETWEEN THE STATE OF TENNESSEE
DEPARTMENT OF TRANSPORTATION
AND
KNOX COUNTY

THIS AGREEMENT is entered into between the State of Tennessee, Department of Transportation, hereinafter referred to as the "Department," and **Knox County**, hereinafter referred to as the "Local Government," for the purpose of providing for maintenance of the State-Aid system of local routes in accordance with Tenn. Code Ann. 54-4-401 *et seq*., as further defined in the "SCOPE OF SERVICES AND DELIVERABLES."

PREAMBLE:

WHEREAS, a state-aid highway system consisting of certain routes in the county road network was established by Tenn. Code Ann. 54-4-401 *et seq*. ("State-Aid"); and

WHEREAS, the parties want to enter into agreement to provide for certain maintenance of a State-Aid route(s) as described herein; and

WHEREAS, the Local Government has prepared plans and specifications for the following maintenance activities:

State-Aid Route #: **SA 4751-3**
State Project #: **47SAR1-S8-036**
Route Name: **Hill Road**
From: **Andersonville Pike** To **East Raccoon Valley Drive**
(If Applicable) Contractor Name: **APAC-Atlantic, Inc.**
(If Applicable) Shoulders resurfaced with: **N/A**
PIN: **136676.00**
TDOT Contract Number: **250217**

hereinafter referred to as the "Project"; Resurfacing with D mix 6.264 miles of Hill Road in Knox County**.**

NOW, THEREFORE, in consideration of the premises, the Department and the Local Government enter into this Agreement to provide for the funding and performance of the Project.

A. SCOPE OF SERVICES AND DELIVERABLES:

A.1. The Local Government shall provide plans and specifications for the construction of the Project for the Department's approval. If the Project includes replacement or construction of a bridge, then the plans shall be prepared by an engineer licensed in the State of Tennessee and designed in accordance with the latest AASHTO LRFD Standard Specifications for Highway Bridges, with Addenda, in effect on the Effective Date. If the

Project is for resurfacing only, then the Local Government shall provide, in lieu of plans, a typical section drawing including the paving schedule for the Department's approval.

A.2. All construction shall be performed in accordance with the approved construction plans, the Department's Standard Specifications of Road and Bridge Construction (current Edition), as amended and supplemented by the Department's Supplemental Specifications, the Manual on Uniform Traffic Control Devices, and normally accepted construction practices.

A.3. The Department hereby approves Attachment One, which is attached hereto and incorporated herein as a part of this Agreement, detailing the Project work to be performed by the Local Government. The Local Government agrees that where any State-Aid Route intersects with a state highway or other public road the Project work will continue across the right-of-way of the intersecting state highway or public road to the point where the State-Aid-Route abuts with the roadway of the state highway or public road.

A.4. Construction Schedule: Work to begin as soon as possible after execution of this Agreement and to be completed on or before **June 30, 2026**.

A.5. The Project shall be constructed subject to the approval of the Department only for conformity with the plans and specifications.

A.6. The Local Government shall adhere to the provisions of Tenn. Code Ann. § 54-4-401 *et seq.*, the Department's State-Aid Program Guidelines, and to the Local Government's own adopted rules and regulations, and hereby certifies that these provisions, guidelines, and rules and regulations will be carried out. In the event of any conflict between the Department's State-Aid Program Guidelines and the Local Government's own adopted rules and regulations, the Department's State-Aid Program Guidelines shall control.

A.7. Final determination of actual costs allowable under the terms of this Agreement shall be based upon a final review and approval by the Department of quantities and agreed unit prices, as certified to by the Local Government's engineer. The Local Government shall permit, and shall require its contractor and engineer to permit, the Department to inspect all work, materials, payrolls, and other data and records with regard to the Project and to audit the books, records and accounts of the Local Government and its contractor with regard to the Project.

A.8. If applicable, the Local Government has requested that it be authorized to perform with its own forces those items of work identified on the "Estimated Quantities of Work and Agreed Unit Prices," attached hereto and incorporated herein as Attachment One, and the Department, having found the Local Government to be equipped and qualified to perform such work, hereby concurs in said request. The Local Government has elected to have the remaining work, if any, identified on Attachment One to be accomplished by awarding a construction contract after advertising for bids in a newspaper having circulation in the county where the Project is located for at least two (2) weekly issues prior to the date of accepting bids. The Local Government shall comply with its adopted rules and regulations governing competitive bid procedures, consistent with laws governing the awarding of highway or road construction contracts.

A.9. The Department has encumbered its share of the Project cost. In the event the work under the contract is not completed in the current fiscal year, the encumbered funds will be carried over to the next fiscal year.

B. TERM OF CONTRACT:

This Agreement shall be effective on the last date of signature ("Effective Date") and extend until June 30, 2026 ("Term"). The Department shall have no obligation to the Local Government for fulfillment of the Scope outside the Term.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Estimated Maximum Liability. The estimated total cost of the Project under this Agreement is **One Million Six Hundred Thirty-Three Thousand Three Hundred Thirty-Two Dollars and Twenty-Two Cents ($1,633,332.22**) ("Estimated Maximum Liability"). The "Department Share" listed in Section C.2. of this Agreement is the maximum amount due the Local Government under this Agreement; provided that with advance written approval of the Department, the final total cost of the Project and the parties' pro rata share thereof may increase as follows without execution of an amendment to this Agreement:

If the Department provides advance written approval for the actual cost of the Project to exceed the Estimated Maximum Liability, and if the Local Government has any unexpended balance of the current fiscal year State-Aid program funds to cover the costs, then the Department and the Local Government shall pay the amount above the Estimated Maximum Liability in the pro rata percentages set forth in Section C.2., and the Local Government's share thereof shall be paid from its unexpended balance of the current fiscal year State-Aid program funds. In the event that the Local Government's current fiscal year State-Aid program funds all have been expended, the costs above the Estimated Maximum Liability shall be paid entirely from Local Government funds. The Department shall not participate in any Project costs once the Local Government's current fiscal year State-Aid program funds all have been expended, and the Department shall not participate in any Project costs for which advance written approval has not been given.

C.2. Department Share and Local Government Share. In accordance with Tenn. Code Ann. 54-5-404, the Local Government shall provide at least two percent (2%) of the approved Project cost in cash from Local Government funds or in-kind Project work approved by the commissioner of the Department, or both.

The parties agree that their respective shares of the Estimated Maximum Liability for the Project shall be as follows:

Department Share:	(**98**%)	**$ 1,600,665.58**
Local Government Share:	(**2**%)	**$ 32,666.64**

Total Project Cost: **$ 1,633,332.22**

C.3. Reimbursements to Reflect Match/Share. Reimbursements to Local Government shall reflect the percentage of Local Government Share detailed in Section C.2. Reimbursements are subject to the other provisions of this Agreement, including but not limited to, Section C.1.

C.4. Invoice Requirements. The Local Government shall invoice the Department no more often than monthly, with all necessary supporting documentation, and present such to:

Tennessee Department of Transportation
Nolan Kign, Region 1 State-Aid Office
7345 Region Lane
Knoxville, TN 37914
Email: nolan.king@tn.gov
Telephone # (423) 353-5302

a. Each invoice shall clearly and accurately detail all of the following required information (calculations must be extended and totaled correctly).

(1) Invoice/Reference Number (assigned by the Local Government).
(2) State Aid Number.
(3) State Project Number.
(4) Local Road Name.
(5) Invoice Date.
(6) Invoice Period (to which the reimbursement request is applicable).
(7) Agreement Number (assigned by the Department).
(8) Local Government Name.
(9) Local Government Remittance Address.
(10) Local Government Contact for Invoice Questions (name, phone or fax).
(11) Itemization of Reimbursement Requested for the Invoice Period— it must detail, at minimum, all of the following:

i. All line-item numbers as shown in Attachment 1 in numerical order
ii. Item Description
iii. Estimated Quantities
iv. Current Quantities
v. Previous Quantities
vi. Unit
vii. Unit Price
viii. The current amount requested
ix. The previous amount requested
x. Total amount reimbursed to date

b. The Local Government understands and agrees to all of the following.

(1) An invoice under this Agreement shall include only reimbursement requests for actual, reasonable, and necessary expenditures required in the delivery of service described by this Agreement and shall be subject to Attachment One and any other provision of this Agreement relating to allowable reimbursements.

(2) An invoice under this Agreement shall not include any reimbursement request for future expenditures.

(3) An invoice under this Agreement shall initiate the timeframe for reimbursement only when the Department is in receipt of the invoice, and the invoice meets the minimum requirements of this Section C.4.

C.5. Payment Methodology. Payments will be made by the Department to the Local Government on the basis of actual quantities of items of work performed at the agreed unit price(s) set forth in Attachment One, including any adjusted unit prices and/or additional required pay items applicable to the Project as provided in the TDOT Standard Specifications for Road and Bridge Construction (current Edition).

Payment to the Local Government may be a sum made in advance, upon the Department's approval of the invoice submitted by the Local Government's contractor to the Local Government. For such payments, the Local Government shall pay its contractor within thirty (30) days of the Local Government's receipt of such funds from the Department and shall retain records of such payments.

C.6. Payment of Invoice. A payment by the Department shall not prejudice the Department's right to object to or question any reimbursement, invoice, or related matter. A payment by the Department shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.

C.7. Non-allowable Costs. Any amounts payable to the Local Government shall be subject to reduction for amounts included in any invoice or payment that are determined by the Department, on the basis of audits or monitoring conducted in accordance with the terms of this Agreement, to constitute unallowable costs.

C.8. Department's Right to Set Off. The Department reserves the right to set off or deduct from amounts that are or shall become due and payable to the Local Government under this Agreement or under any other agreement between the Local Government and the Department under which the Local Government has a right to receive payment from the Department.

C.9. Prerequisite Documentation. The Local Government shall not invoice the Department under this Agreement until the Department has received the following, properly completed documentation.

a. The Local Government shall complete, sign, and return to the Department an "Authorization Agreement for Automatic Deposit (ACH Credits) Form" provided by the Department. By doing so, the Local Government acknowledges and agrees that, once this form is received by the Department, all payments to the Local Government under this or any other Agreement will be made by automated clearing house ("ACH").

b. The Local Government shall complete, sign, and return to the Department the Department-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Local Government's Federal Employer Identification Number or Social Security Number referenced in the Local Government's Edison registration information.

D. STANDARD TERMS AND CONDITIONS:

D.1. Required Approvals. The Department is not bound by this Agreement until it is signed by the parties and approved by appropriate officials.

D.2. Modification and Amendment. This Agreement may be modified only by a written amendment signed by all parties.

D.3. Termination for Convenience. The Department may terminate this Agreement without cause for any reason. A termination for convenience shall not be a breach of this Agreement by the Department. The Department shall give the Local Government at least thirty (30) days written notice before the effective termination date. The Local Government shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the Department be liable to the Local Government for compensation for any service that has not been rendered. The final decision as to the amount for which the Department is liable shall be determined by the Department. The Local Government shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the Department's exercise of its right to terminate for convenience.

D.4. Termination for Cause. If the Local Government fails to properly perform its obligations under this Agreement, or if the Local Government violates any terms of this Agreement, the Department shall have the right to immediately terminate this Agreement and withhold payments in excess of fair compensation for completed services. Notwithstanding the exercise of the Department's right to terminate this Agreement for cause, the Local Government shall not be relieved of liability to the Department for damages sustained by virtue of any breach of this Agreement by the Local Government.

D.5. Subcontracting. The Local Government shall not assign this Agreement or enter into a subcontract for any of the services performed under this Agreement without obtaining the prior written approval of the Department. If such subcontracts are approved by the Department, each shall contain, at a minimum, sections of this Agreement pertaining to "Conflicts of Interest," "Nondiscrimination," "Debarment and Suspension," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Local Government shall remain responsible for all work performed.

D.6. Conflicts of Interest. The Local Government warrants that no part of the total Agreement Amount shall be paid directly or indirectly to an employee or official of the Department of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Local Government in connection with any work contemplated or performed relative to this Agreement.

D.7. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Agreement shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by email or facsimile transmission with recipient confirmation. All communications, regardless of method of transmission, shall be addressed to the respective party as set out below:

The Department:

Lisa Dunn / Manager State-Aid Office
Suite 600, James K. Polk Office Building
505 Deaderick Street
Nashville, TN 37243
Email: Lisa.Dunn@tn.gov
Telephone # (615) 253-2684
FAX # (615) 741-9673

The Local Government:

Jim Snowden / Road Superintendent
Knox County Highway Department
205 W Baxter Ave
Knoxville, TN 37917
Email: Jim.Snowden@knoxcounty.org
Telephone # (865) 215-5800

A change to the above contact information requires written notice to the person designated by the other party to receive notice.

All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

D.8. Subject to Funds Availability. This Agreement is subject to the appropriation and availability of State funds. In the event that the funds are not appropriated or are otherwise unavailable, the Department reserves the right to terminate this Agreement upon written notice to the Local Government. The Department's right to terminate this Agreement due to lack of funds is not a breach of this Agreement by the Department. Upon receipt of the written notice, the Local Government shall cease all work associated with the Agreement. Should such an event occur, the Local Government shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Local Government shall have no right to recover from the Department any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.9. Nondiscrimination. The Local Government hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the Local Government on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal,

Tennessee state constitutional, or statutory law. The Local Government shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.10. Licensure. The Local Government, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

D.11. Records. The Local Government and any approved subcontractor shall maintain documentation for all charges under this Agreement. The books, records, and documents of the Local Government and any approved subcontractor, insofar as they relate to work performed or money received under this Agreement, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Local Government's records shall be subject to audit at any reasonable time and upon reasonable notice by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.12. Monitoring. The Local Government's activities conducted and records maintained pursuant to this Agreement shall be subject to monitoring and evaluation by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.13. Progress Reports. The Local Government shall submit brief, periodic, progress reports to the Department as requested.

D.14. Strict Performance. Failure by any party to this Agreement to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Agreement is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Agreement shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.15. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Agreement. The parties acknowledge that they are independent contracting entities and that nothing in this Agreement shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.16. Limitation of Department's Liability. The Department shall have no liability except as specifically provided in this Agreement. In no event will the Department be liable to the Local Government or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Agreement or otherwise. The Department's total liability under this Agreement (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally

established in Section C.1 of this Agreement. This limitation of liability is cumulative and not per incident.

D.17. Debarment and Suspension. The Local Government certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default.

The Local Government shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

D.18. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Agreement. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Agreement arising from a Force Majeure Event is not a default under this Agreement or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Local Government's representatives, suppliers, subcontractors, customers or business apart from this Agreement is not a Force Majeure Event under this Agreement. Local Government will promptly notify the Department of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the Department within one (1) day of the inception of the delay) that a Force

Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Local Government's performance longer than forty-eight (48) hours, the Department may, upon notice to Local Government: (a) cease payment of the fees until Local Government resumes performance of the affected obligations; or (b) immediately terminate this Agreement or any purchase order, in whole or in part, without further payment except for fees then due and payable. Local Government will not increase its charges under this Agreement or charge the Department any fees other than those provided for in this Agreement as the result of a Force Majeure Event.

D.19. Procurement. If other terms of this Agreement allow reimbursement for the cost of goods, materials, supplies, equipment, or contracted services, such procurement shall be made on a competitive basis, including the use of competitive bidding procedures, where practical. The Local Government shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Agreement. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement.

D.20. Tennessee Department of Revenue Registration. The Local Government shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Agreement.

D.21. State and Federal Compliance. The Local Government shall comply with all applicable state and federal laws and regulations in the performance of this Agreement.

D.22. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Tennessee. The Local Government agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Agreement. The Local Government acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under Tenn. Code Ann. §§ 9-8-101 through 9-8-407.

D.23. Completeness. This Agreement is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Agreement supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.

D.24. Severability. If any terms and conditions of this Agreement are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Agreement are declared severable.

D.25. Headings. Section headings are for reference purposes only and shall not be construed as part of this Agreement.

D.26. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101 *et seq*., addressing contracting with persons as defined at T.C.A. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Agreement. The Local Government certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.27. Maintenance. Pursuant to T.C.A. § 54-1-126(b), upon completion of the construction of the Project, the Local Government shall be solely responsible for the maintenance of the completed Project. The Local Government acknowledges that where any county road intersects with a state highway or other public road, the Local Government's maintenance responsibility for the county road, including but not limited to traffic control devices, continues across the right-of-way of the intersecting state highway or public road to the point where the local road abuts the roadway of the state highway or public road.

D.28. No Retainage Allowed. The Local Government may not withhold retainage on progress payments from the prime contractor and the prime contractor may not withhold retainage from their subcontractors.

WHEREAS, Knox County has received an Agreement from the Tennessee Department of Transportation (TDOT) for the purpose of providing for the maintenance of State-Aid Route #SA 4712-4, namely, Ball Road from Frostland Lane to Oak Ridge Highway; and

WHEREAS, the proposed Agreement provides for the resurfacing of 3.03 miles of Ball Road (the "Project"); and

WHEREAS, Knox County desires to accept this contract award as the Project will benefit Knox County and the citizens thereof; and

WHEREAS, the total estimated cost of the Project is $862,111.69 with $844,869.46 (98%) being provided by TDOT and $17,242.23 (2%) being provided by Knox County.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of Ball Road from Frostland Lane to Oak Ridge Highway is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of Ball Road from Frostland Lane to Oak Ridge Highway shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

AGREEMENT
BETWEEN THE STATE OF TENNESSEE
DEPARTMENT OF TRANSPORTATION
AND
KNOX COUNTY

THIS AGREEMENT is entered into between the State of Tennessee, Department of Transportation, hereinafter referred to as the "Department," and **Knox County**, hereinafter referred to as the "Local Government," for the purpose of providing for maintenance of the State-Aid system of local routes in accordance with Tenn. Code Ann. 54-4-401 *et seq*., as further defined in the "SCOPE OF SERVICES AND DELIVERABLES."

PREAMBLE:

WHEREAS, a state-aid highway system consisting of certain routes in the county road network was established by Tenn. Code Ann. 54-4-401 *et seq*. ("State-Aid"); and

WHEREAS, the parties want to enter into agreement to provide for certain maintenance of a State-Aid route(s) as described herein; and

WHEREAS, the Local Government has prepared plans and specifications for the following maintenance activities:

State-Aid Route #: **SA 4712-4**
State Project #: **47SAR1-S8-035**
Route Name: **Ball Road**
From: **Frostland Lane** To **Oak Ridge Highway**
(If Applicable) Contractor Name: **APAC-Atlantic, Inc.**
(If Applicable) Shoulders resurfaced with: **N/A**
PIN: **136675.00**
TDOT Contract Number: **250216**

hereinafter referred to as the "Project"; Resurfacing with D mix 3.03 miles of Ball Road in Knox County.

NOW, THEREFORE, in consideration of the premises, the Department and the Local Government enter into this Agreement to provide for the funding and performance of the Project.

A. SCOPE OF SERVICES AND DELIVERABLES:

A.1. The Local Government shall provide plans and specifications for the construction of the Project for the Department's approval. If the Project includes replacement or construction of a bridge, then the plans shall be prepared by an engineer licensed in the State of Tennessee and designed in accordance with the latest AASHTO LRFD Standard Specifications for Highway Bridges, with Addenda, in effect on the Effective Date. If the

Project is for resurfacing only, then the Local Government shall provide, in lieu of plans, a typical section drawing including the paving schedule for the Department's approval.

A.2. All construction shall be performed in accordance with the approved construction plans, the Department's Standard Specifications of Road and Bridge Construction (current Edition), as amended and supplemented by the Department's Supplemental Specifications, the Manual on Uniform Traffic Control Devices, and normally accepted construction practices.

A.3. The Department hereby approves Attachment One, which is attached hereto and incorporated herein as a part of this Agreement, detailing the Project work to be performed by the Local Government. The Local Government agrees that where any State-Aid Route intersects with a state highway or other public road the Project work will continue across the right-of-way of the intersecting state highway or public road to the point where the State-Aid-Route abuts with the roadway of the state highway or public road.

A.4. Construction Schedule: Work to begin as soon as possible after execution of this Agreement and to be completed on or before **June 30, 2026**.

A.5. The Project shall be constructed subject to the approval of the Department only for conformity with the plans and specifications.

A.6. The Local Government shall adhere to the provisions of Tenn. Code Ann. § 54-4-401 *et seq.*, the Department's State-Aid Program Guidelines, and to the Local Government's own adopted rules and regulations, and hereby certifies that these provisions, guidelines, and rules and regulations will be carried out. In the event of any conflict between the Department's State-Aid Program Guidelines and the Local Government's own adopted rules and regulations, the Department's State-Aid Program Guidelines shall control.

A.7. Final determination of actual costs allowable under the terms of this Agreement shall be based upon a final review and approval by the Department of quantities and agreed unit prices, as certified to by the Local Government's engineer. The Local Government shall permit, and shall require its contractor and engineer to permit, the Department to inspect all work, materials, payrolls, and other data and records with regard to the Project and to audit the books, records and accounts of the Local Government and its contractor with regard to the Project.

A.8. If applicable, the Local Government has requested that it be authorized to perform with its own forces those items of work identified on the "Estimated Quantities of Work and Agreed Unit Prices," attached hereto and incorporated herein as Attachment One, and the Department, having found the Local Government to be equipped and qualified to perform such work, hereby concurs in said request. The Local Government has elected to have the remaining work, if any, identified on Attachment One to be accomplished by awarding a construction contract after advertising for bids in a newspaper having circulation in the county where the Project is located for at least two (2) weekly issues prior to the date of accepting bids. The Local Government shall comply with its adopted rules and regulations governing competitive bid procedures, consistent with laws governing the awarding of highway or road construction contracts.

A.9. The Department has encumbered its share of the Project cost. In the event the work under the contract is not completed in the current fiscal year, the encumbered funds will be carried over to the next fiscal year.

B. TERM OF CONTRACT:

This Agreement shall be effective on the last date of signature ("Effective Date") and extend until June 30, 2026 ("Term"). The Department shall have no obligation to the Local Government for fulfillment of the Scope outside the Term.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Estimated Maximum Liability. The estimated total cost of the Project under this Agreement is **Eight Hundred Sixty-Two Thousand One Hundred Eleven Dollars and Sixty-Nine Cents ($862,111.69)** ("Estimated Maximum Liability"). The "Department Share" listed in Section C.2. of this Agreement is the maximum amount due the Local Government under this Agreement; provided that with advance written approval of the Department, the final total cost of the Project and the parties' pro rata share thereof may increase as follows without execution of an amendment to this Agreement:

If the Department provides advance written approval for the actual cost of the Project to exceed the Estimated Maximum Liability, and if the Local Government has any unexpended balance of the current fiscal year State-Aid program funds to cover the costs, then the Department and the Local Government shall pay the amount above the Estimated Maximum Liability in the pro rata percentages set forth in Section C.2., and the Local Government's share thereof shall be paid from its unexpended balance of the current fiscal year State-Aid program funds. In the event that the Local Government's current fiscal year State-Aid program funds all have been expended, the costs above the Estimated Maximum Liability shall be paid entirely from Local Government funds. The Department shall not participate in any Project costs once the Local Government's current fiscal year State-Aid program funds all have been expended, and the Department shall not participate in any Project costs for which advance written approval has not been given.

C.2. Department Share and Local Government Share. In accordance with Tenn. Code Ann. 54-5-404, the Local Government shall provide at least two percent (2%) of the approved Project cost in cash from Local Government funds or in-kind Project work approved by the commissioner of the Department, or both.

The parties agree that their respective shares of the Estimated Maximum Liability for the Project shall be as follows:

Department Share:	(**98**%)	**$ 844,869.46**
Local Government Share:	(**2**%)	**$ 17,242.23**
Total Project Cost:		**$ 862,111.69**

C.3. Reimbursements to Reflect Match/Share. Reimbursements to Local Government shall reflect the percentage of Local Government Share detailed in Section C.2. Reimbursements are subject to the other provisions of this Agreement, including but not limited to, Section C.1.

C.4. Invoice Requirements. The Local Government shall invoice the Department no more often than monthly, with all necessary supporting documentation, and present such to:

Tennessee Department of Transportation
Nolan Kign, Region 1 State-Aid Office
7345 Region Lane
Knoxville, TN 37914
Email: nolan.king@tn.gov
Telephone # (423) 353-5302

a. Each invoice shall clearly and accurately detail all of the following required information (calculations must be extended and totaled correctly).

(1) Invoice/Reference Number (assigned by the Local Government).
(2) State Aid Number.
(3) State Project Number.
(4) Local Road Name.
(5) Invoice Date.
(6) Invoice Period (to which the reimbursement request is applicable).
(7) Agreement Number (assigned by the Department).
(8) Local Government Name.
(9) Local Government Remittance Address.
(10) Local Government Contact for Invoice Questions (name, phone or fax).
(11) Itemization of Reimbursement Requested for the Invoice Period— it must detail, at minimum, all of the following:

i. All line-item numbers as shown in Attachment 1 in numerical order
ii. Item Description
iii. Estimated Quantities
iv. Current Quantities
v. Previous Quantities
vi. Unit
vii. Unit Price
viii. The current amount requested
ix. The previous amount requested
x. Total amount reimbursed to date

b. The Local Government understands and agrees to all of the following.

(1) An invoice under this Agreement shall include only reimbursement requests for actual, reasonable, and necessary expenditures required in the

delivery of service described by this Agreement and shall be subject to Attachment One and any other provision of this Agreement relating to allowable reimbursements.

(2) An invoice under this Agreement shall not include any reimbursement request for future expenditures.

(3) An invoice under this Agreement shall initiate the timeframe for reimbursement only when the Department is in receipt of the invoice, and the invoice meets the minimum requirements of this Section C.4.

C.5. Payment Methodology. Payments will be made by the Department to the Local Government on the basis of actual quantities of items of work performed at the agreed unit price(s) set forth in Attachment One, including any adjusted unit prices and/or additional required pay items applicable to the Project as provided in the TDOT Standard Specifications for Road and Bridge Construction (current Edition).

Payment to the Local Government may be a sum made in advance, upon the Department's approval of the invoice submitted by the Local Government's contractor to the Local Government. For such payments, the Local Government shall pay its contractor within thirty (30) days of the Local Government's receipt of such funds from the Department and shall retain records of such payments.

C.6. Payment of Invoice. A payment by the Department shall not prejudice the Department's right to object to or question any reimbursement, invoice, or related matter. A payment by the Department shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.

C.7. Non-allowable Costs. Any amounts payable to the Local Government shall be subject to reduction for amounts included in any invoice or payment that are determined by the Department, on the basis of audits or monitoring conducted in accordance with the terms of this Agreement, to constitute unallowable costs.

C.8. Department's Right to Set Off. The Department reserves the right to set off or deduct from amounts that are or shall become due and payable to the Local Government under this Agreement or under any other agreement between the Local Government and the Department under which the Local Government has a right to receive payment from the Department.

C.9. Prerequisite Documentation. The Local Government shall not invoice the Department under this Agreement until the Department has received the following, properly completed documentation.

a. The Local Government shall complete, sign, and return to the Department an "Authorization Agreement for Automatic Deposit (ACH Credits) Form" provided by the Department. By doing so, the Local Government acknowledges and agrees that, once this form is received by the Department, all payments to the Local Government under this or any other Agreement will be made by automated clearing house ("ACH").

b. The Local Government shall complete, sign, and return to the Department the Department-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Local Government's Federal Employer Identification Number or Social Security Number referenced in the Local Government's Edison registration information.

D. STANDARD TERMS AND CONDITIONS:

D.1. Required Approvals. The Department is not bound by this Agreement until it is signed by the parties and approved by appropriate officials.

D.2. Modification and Amendment. This Agreement may be modified only by a written amendment signed by all parties.

D.3. Termination for Convenience. The Department may terminate this Agreement without cause for any reason. A termination for convenience shall not be a breach of this Agreement by the Department. The Department shall give the Local Government at least thirty (30) days written notice before the effective termination date. The Local Government shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the Department be liable to the Local Government for compensation for any service that has not been rendered. The final decision as to the amount for which the Department is liable shall be determined by the Department. The Local Government shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the Department's exercise of its right to terminate for convenience.

D.4. Termination for Cause. If the Local Government fails to properly perform its obligations under this Agreement, or if the Local Government violates any terms of this Agreement, the Department shall have the right to immediately terminate this Agreement and withhold payments in excess of fair compensation for completed services. Notwithstanding the exercise of the Department's right to terminate this Agreement for cause, the Local Government shall not be relieved of liability to the Department for damages sustained by virtue of any breach of this Agreement by the Local Government.

D.5. Subcontracting. The Local Government shall not assign this Agreement or enter into a subcontract for any of the services performed under this Agreement without obtaining the prior written approval of the Department. If such subcontracts are approved by the Department, each shall contain, at a minimum, sections of this Agreement pertaining to "Conflicts of Interest," "Nondiscrimination," "Debarment and Suspension," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Local Government shall remain responsible for all work performed.

D.6. Conflicts of Interest. The Local Government warrants that no part of the total Agreement Amount shall be paid directly or indirectly to an employee or official of the Department of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Local Government in connection with any work contemplated or performed relative to this Agreement.

D.7. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Agreement shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by email or facsimile transmission with recipient confirmation. All communications, regardless of method of transmission, shall be addressed to the respective party as set out below:

The Department:

Lisa Dunn / Manager State-Aid Office
Suite 600, James K. Polk Office Building
505 Deaderick Street
Nashville, TN 37243
Email: Lisa.Dunn@tn.gov
Telephone # (615) 253-2684
FAX # (615) 741-9673

The Local Government:

Jim Snowden / Road Superintendent
Knox County Highway Department
205 W Baxter Ave
Knoxville, TN 37917
Email: Jim.Snowden@knoxcounty.org
Telephone # (865) 215-5800

A change to the above contact information requires written notice to the person designated by the other party to receive notice.

All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

D.8. Subject to Funds Availability. This Agreement is subject to the appropriation and availability of State funds. In the event that the funds are not appropriated or are otherwise unavailable, the Department reserves the right to terminate this Agreement upon written notice to the Local Government. The Department's right to terminate this Agreement due to lack of funds is not a breach of this Agreement by the Department. Upon receipt of the written notice, the Local Government shall cease all work associated with the Agreement. Should such an event occur, the Local Government shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Local Government shall have no right to recover from the Department any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.9. Nondiscrimination. The Local Government hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the Local Government on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal,

Tennessee state constitutional, or statutory law. The Local Government shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.10. Licensure. The Local Government, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

D.11. Records. The Local Government and any approved subcontractor shall maintain documentation for all charges under this Agreement. The books, records, and documents of the Local Government and any approved subcontractor, insofar as they relate to work performed or money received under this Agreement, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Local Government's records shall be subject to audit at any reasonable time and upon reasonable notice by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.12. Monitoring. The Local Government's activities conducted and records maintained pursuant to this Agreement shall be subject to monitoring and evaluation by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.13. Progress Reports. The Local Government shall submit brief, periodic, progress reports to the Department as requested.

D.14. Strict Performance. Failure by any party to this Agreement to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Agreement is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Agreement shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.15. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Agreement. The parties acknowledge that they are independent contracting entities and that nothing in this Agreement shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.16. Limitation of Department's Liability. The Department shall have no liability except as specifically provided in this Agreement. In no event will the Department be liable to the Local Government or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Agreement or otherwise. The Department's total liability under this Agreement (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally

established in Section C.1 of this Agreement. This limitation of liability is cumulative and not per incident.

D.17. Debarment and Suspension. The Local Government certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default.

The Local Government shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

D.18. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Agreement. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Agreement arising from a Force Majeure Event is not a default under this Agreement or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Local Government's representatives, suppliers, subcontractors, customers or business apart from this Agreement is not a Force Majeure Event under this Agreement. Local Government will promptly notify the Department of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the Department within one (1) day of the inception of the delay) that a Force

Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Local Government's performance longer than forty-eight (48) hours, the Department may, upon notice to Local Government: (a) cease payment of the fees until Local Government resumes performance of the affected obligations; or (b) immediately terminate this Agreement or any purchase order, in whole or in part, without further payment except for fees then due and payable. Local Government will not increase its charges under this Agreement or charge the Department any fees other than those provided for in this Agreement as the result of a Force Majeure Event.

D.19. Procurement. If other terms of this Agreement allow reimbursement for the cost of goods, materials, supplies, equipment, or contracted services, such procurement shall be made on a competitive basis, including the use of competitive bidding procedures, where practical. The Local Government shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Agreement. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement.

D.20. Tennessee Department of Revenue Registration. The Local Government shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Agreement.

D.21. State and Federal Compliance. The Local Government shall comply with all applicable state and federal laws and regulations in the performance of this Agreement.

D.22. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Tennessee. The Local Government agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Agreement. The Local Government acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under Tenn. Code Ann. §§ 9-8-101 through 9-8-407.

D.23. Completeness. This Agreement is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Agreement supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.

D.24. Severability. If any terms and conditions of this Agreement are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Agreement are declared severable.

D.25. Headings. Section headings are for reference purposes only and shall not be construed as part of this Agreement.

D.26. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101 *et seq*., addressing contracting with persons as defined at T.C.A. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Agreement. The Local Government certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.27. Maintenance. Pursuant to T.C.A. § 54-1-126(b), upon completion of the construction of the Project, the Local Government shall be solely responsible for the maintenance of the completed Project. The Local Government acknowledges that where any county road intersects with a state highway or other public road, the Local Government's maintenance responsibility for the county road, including but not limited to traffic control devices, continues across the right-of-way of the intersecting state highway or public road to the point where the local road abuts the roadway of the state highway or public road.

D.28. No Retainage Allowed. The Local Government may not withhold retainage on progress payments from the prime contractor and the prime contractor may not withhold retainage from their subcontractors.

WHEREAS, Knox County has received an Agreement from the Tennessee Department of Transportation (TDOT) for the purpose of providing for the maintenance of State-Aid Route #SA 4708-4, namely, Yarnell Road from Everett Road to Lovell Road; and

WHEREAS, the proposed Agreement provides for the resurfacing of 5.53 miles of Yarnell Road (the "Project"); and

WHEREAS, Knox County desires to accept this contract award as the Project will benefit Knox County and the citizens thereof; and

WHEREAS, the total estimated cost of the Project is $1,728,913.83 with $1,694,335.55 (98%) being provided by TDOT and $34,578.28 (2%) being provided by Knox County.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of Yarnell Road from Everett Road to Lovell Road is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of Yarnell Road from Everett Road to Lovell Road shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

AGREEMENT
BETWEEN THE STATE OF TENNESSEE
DEPARTMENT OF TRANSPORTATION
AND
KNOX COUNTY

THIS AGREEMENT is entered into between the State of Tennessee, Department of Transportation, hereinafter referred to as the "Department," and **Knox County**, hereinafter referred to as the "Local Government," for the purpose of providing for maintenance of the State-Aid system of local routes in accordance with Tenn. Code Ann. 54-4-401 *et seq*., as further defined in the "SCOPE OF SERVICES AND DELIVERABLES."

PREAMBLE:

WHEREAS, a state-aid highway system consisting of certain routes in the county road network was established by Tenn. Code Ann. 54-4-401 *et seq*. ("State-Aid"); and

WHEREAS, the parties want to enter into agreement to provide for certain maintenance of a State-Aid route(s) as described herein; and

WHEREAS, the Local Government has prepared plans and specifications for the following maintenance activities:

State-Aid Route #: **SA4708-4**
State Project #: **47SAR1-S8-033**
Route Name: **Yarnell Road**
From: **Everett Road** To **Lovell Road**
(If Applicable) Contractor Name: **APAC-Atlantic, Inc.**
(If Applicable) Shoulders resurfaced with: **N/A**
PIN: **136673.00**
TDOT Contract Number: **250213**

hereinafter referred to as the "Project"; Resrufacing with D mix 5.53 miles of Yarnell Road in Knox County**.**

NOW, THEREFORE, in consideration of the premises, the Department and the Local Government enter into this Agreement to provide for the funding and performance of the Project.

A. SCOPE OF SERVICES AND DELIVERABLES:

A.1. The Local Government shall provide plans and specifications for the construction of the Project for the Department's approval. If the Project includes replacement or construction of a bridge, then the plans shall be prepared by an engineer licensed in the State of Tennessee and designed in accordance with the latest AASHTO LRFD Standard Specifications for Highway Bridges, with Addenda, in effect on the Effective Date. If the

Project is for resurfacing only, then the Local Government shall provide, in lieu of plans, a typical section drawing including the paving schedule for the Department's approval.

A.2. All construction shall be performed in accordance with the approved construction plans, the Department's Standard Specifications of Road and Bridge Construction (current Edition), as amended and supplemented by the Department's Supplemental Specifications, the Manual on Uniform Traffic Control Devices, and normally accepted construction practices.

A.3. The Department hereby approves Attachment One, which is attached hereto and incorporated herein as a part of this Agreement, detailing the Project work to be performed by the Local Government. The Local Government agrees that where any State-Aid Route intersects with a state highway or other public road the Project work will continue across the right-of-way of the intersecting state highway or public road to the point where the State-Aid-Route abuts with the roadway of the state highway or public road.

A.4. Construction Schedule: Work to begin as soon as possible after execution of this Agreement and to be completed on or before **June 30, 2026**.

A.5. The Project shall be constructed subject to the approval of the Department only for conformity with the plans and specifications.

A.6. The Local Government shall adhere to the provisions of Tenn. Code Ann. § 54-4-401 *et seq.*, the Department's State-Aid Program Guidelines, and to the Local Government's own adopted rules and regulations, and hereby certifies that these provisions, guidelines, and rules and regulations will be carried out. In the event of any conflict between the Department's State-Aid Program Guidelines and the Local Government's own adopted rules and regulations, the Department's State-Aid Program Guidelines shall control.

A.7. Final determination of actual costs allowable under the terms of this Agreement shall be based upon a final review and approval by the Department of quantities and agreed unit prices, as certified to by the Local Government's engineer. The Local Government shall permit, and shall require its contractor and engineer to permit, the Department to inspect all work, materials, payrolls, and other data and records with regard to the Project and to audit the books, records and accounts of the Local Government and its contractor with regard to the Project.

A.8. If applicable, the Local Government has requested that it be authorized to perform with its own forces those items of work identified on the "Estimated Quantities of Work and Agreed Unit Prices," attached hereto and incorporated herein as Attachment One, and the Department, having found the Local Government to be equipped and qualified to perform such work, hereby concurs in said request. The Local Government has elected to have the remaining work, if any, identified on Attachment One to be accomplished by awarding a construction contract after advertising for bids in a newspaper having circulation in the county where the Project is located for at least two (2) weekly issues prior to the date of accepting bids. The Local Government shall comply with its adopted rules and regulations governing competitive bid procedures, consistent with laws governing the awarding of highway or road construction contracts.

A.9. The Department has encumbered its share of the Project cost. In the event the work under the contract is not completed in the current fiscal year, the encumbered funds will be carried over to the next fiscal year.

B. TERM OF CONTRACT:

This Agreement shall be effective on the last date of signature ("Effective Date") and extend until June 30, 2026 ("Term"). The Department shall have no obligation to the Local Government for fulfillment of the Scope outside the Term.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Estimated Maximum Liability. The estimated total cost of the Project under this Agreement is **One Million Seven Hundred Twenty-Eight Thousand Nine Hundred Thirteen Dollars and Eighty-Three Cents ($1,728,913.83**) ("Estimated Maximum Liability"). The "Department Share" listed in Section C.2. of this Agreement is the maximum amount due the Local Government under this Agreement; provided that with advance written approval of the Department, the final total cost of the Project and the parties' pro rata share thereof may increase as follows without execution of an amendment to this Agreement:

If the Department provides advance written approval for the actual cost of the Project to exceed the Estimated Maximum Liability, and if the Local Government has any unexpended balance of the current fiscal year State-Aid program funds to cover the costs, then the Department and the Local Government shall pay the amount above the Estimated Maximum Liability in the pro rata percentages set forth in Section C.2., and the Local Government's share thereof shall be paid from its unexpended balance of the current fiscal year State-Aid program funds. In the event that the Local Government's current fiscal year State-Aid program funds all have been expended, the costs above the Estimated Maximum Liability shall be paid entirely from Local Government funds. The Department shall not participate in any Project costs once the Local Government's current fiscal year State-Aid program funds all have been expended, and the Department shall not participate in any Project costs for which advance written approval has not been given.

C.2. Department Share and Local Government Share. In accordance with Tenn. Code Ann. 54-5-404, the Local Government shall provide at least two percent (2%) of the approved Project cost in cash from Local Government funds or in-kind Project work approved by the commissioner of the Department, or both.

The parties agree that their respective shares of the Estimated Maximum Liability for the Project shall be as follows:

Department Share:	(**98**%)	**$ 1,694,335.55**
Local Government Share:	(**2**%)	**$ 34,578.28**

Total Project Cost: **$ 1,728,913.83**

C.3. Reimbursements to Reflect Match/Share. Reimbursements to Local Government shall reflect the percentage of Local Government Share detailed in Section C.2. Reimbursements are subject to the other provisions of this Agreement, including but not limited to, Section C.1.

C.4. Invoice Requirements. The Local Government shall invoice the Department no more often than monthly, with all necessary supporting documentation, and present such to:

Tennessee Department of Transportation
Nolan King, Region 1 State-Aid Office
7345 Region Lane
Knoxville, TN 37914
Email: nolan.king@tn.gov
Telephone # (423) 353-5302

a. Each invoice shall clearly and accurately detail all of the following required information (calculations must be extended and totaled correctly).

(1) Invoice/Reference Number (assigned by the Local Government).
(2) State Aid Number.
(3) State Project Number.
(4) Local Road Name.
(5) Invoice Date.
(6) Invoice Period (to which the reimbursement request is applicable).
(7) Agreement Number (assigned by the Department).
(8) Local Government Name.
(9) Local Government Remittance Address.
(10) Local Government Contact for Invoice Questions (name, phone or fax).
(11) Itemization of Reimbursement Requested for the Invoice Period— it must detail, at minimum, all of the following:

i. All line-item numbers as shown in Attachment 1 in numerical order
ii. Item Description
iii. Estimated Quantities
iv. Current Quantities
v. Previous Quantities
vi. Unit
vii. Unit Price
viii. The current amount requested
ix. The previous amount requested
x. Total amount reimbursed to date

b. The Local Government understands and agrees to all of the following.

(1) An invoice under this Agreement shall include only reimbursement requests for actual, reasonable, and necessary expenditures required in the delivery of service described by this Agreement and shall be subject to Attachment One and any other provision of this Agreement relating to allowable reimbursements.

(2) An invoice under this Agreement shall not include any reimbursement request for future expenditures.

(3) An invoice under this Agreement shall initiate the timeframe for reimbursement only when the Department is in receipt of the invoice, and the invoice meets the minimum requirements of this Section C.4.

C.5. Payment Methodology. Payments will be made by the Department to the Local Government on the basis of actual quantities of items of work performed at the agreed unit price(s) set forth in Attachment One, including any adjusted unit prices and/or additional required pay items applicable to the Project as provided in the TDOT Standard Specifications for Road and Bridge Construction (current Edition).

Payment to the Local Government may be a sum made in advance, upon the Department's approval of the invoice submitted by the Local Government's contractor to the Local Government. For such payments, the Local Government shall pay its contractor within thirty (30) days of the Local Government's receipt of such funds from the Department and shall retain records of such payments.

C.6. Payment of Invoice. A payment by the Department shall not prejudice the Department's right to object to or question any reimbursement, invoice, or related matter. A payment by the Department shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.

C.7. Non-allowable Costs. Any amounts payable to the Local Government shall be subject to reduction for amounts included in any invoice or payment that are determined by the Department, on the basis of audits or monitoring conducted in accordance with the terms of this Agreement, to constitute unallowable costs.

C.8. Department's Right to Set Off. The Department reserves the right to set off or deduct from amounts that are or shall become due and payable to the Local Government under this Agreement or under any other agreement between the Local Government and the Department under which the Local Government has a right to receive payment from the Department.

C.9. Prerequisite Documentation. The Local Government shall not invoice the Department under this Agreement until the Department has received the following, properly completed documentation.

a. The Local Government shall complete, sign, and return to the Department an "Authorization Agreement for Automatic Deposit (ACH Credits) Form" provided by the Department. By doing so, the Local Government acknowledges and agrees that, once this form is received by the Department, all payments to the Local Government under this or any other Agreement will be made by automated clearing house ("ACH").

b. The Local Government shall complete, sign, and return to the Department the Department-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Local Government's Federal Employer Identification Number or Social Security Number referenced in the Local Government's Edison registration information.

D. STANDARD TERMS AND CONDITIONS:

D.1. Required Approvals. The Department is not bound by this Agreement until it is signed by the parties and approved by appropriate officials.

D.2. Modification and Amendment. This Agreement may be modified only by a written amendment signed by all parties.

D.3. Termination for Convenience. The Department may terminate this Agreement without cause for any reason. A termination for convenience shall not be a breach of this Agreement by the Department. The Department shall give the Local Government at least thirty (30) days written notice before the effective termination date. The Local Government shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the Department be liable to the Local Government for compensation for any service that has not been rendered. The final decision as to the amount for which the Department is liable shall be determined by the Department. The Local Government shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the Department's exercise of its right to terminate for convenience.

D.4. Termination for Cause. If the Local Government fails to properly perform its obligations under this Agreement, or if the Local Government violates any terms of this Agreement, the Department shall have the right to immediately terminate this Agreement and withhold payments in excess of fair compensation for completed services. Notwithstanding the exercise of the Department's right to terminate this Agreement for cause, the Local Government shall not be relieved of liability to the Department for damages sustained by virtue of any breach of this Agreement by the Local Government.

D.5. Subcontracting. The Local Government shall not assign this Agreement or enter into a subcontract for any of the services performed under this Agreement without obtaining the prior written approval of the Department. If such subcontracts are approved by the Department, each shall contain, at a minimum, sections of this Agreement pertaining to "Conflicts of Interest," "Nondiscrimination," "Debarment and Suspension," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Local Government shall remain responsible for all work performed.

D.6. Conflicts of Interest. The Local Government warrants that no part of the total Agreement Amount shall be paid directly or indirectly to an employee or official of the Department of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Local Government in connection with any work contemplated or performed relative to this Agreement.

D.7. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Agreement shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by email or facsimile transmission with recipient confirmation. All communications, regardless of method of transmission, shall be addressed to the respective party as set out below:

The Department:

Lisa Dunn / Manager State-Aid Office
Suite 600, James K. Polk Office Building
505 Deaderick Street
Nashville, TN 37243
Email: Lisa.Dunn@tn.gov
Telephone # (615) 253-2684
FAX # (615) 741-9673

The Local Government:

Jim Snowden / Road Superintendent
Knox County Highway Department
205 W Baxter Ave
Knoxville, TN 37917
Email: Jim.Snowden@knoxcounty.org
Telephone # (865) 215-5800

A change to the above contact information requires written notice to the person designated by the other party to receive notice.

All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

D.8. Subject to Funds Availability. This Agreement is subject to the appropriation and availability of State funds. In the event that the funds are not appropriated or are otherwise unavailable, the Department reserves the right to terminate this Agreement upon written notice to the Local Government. The Department's right to terminate this Agreement due to lack of funds is not a breach of this Agreement by the Department. Upon receipt of the written notice, the Local Government shall cease all work associated with the Agreement. Should such an event occur, the Local Government shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Local Government shall have no right to recover from the Department any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.9. Nondiscrimination. The Local Government hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the Local Government on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal,

Tennessee state constitutional, or statutory law. The Local Government shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.10. Licensure. The Local Government, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

D.11. Records. The Local Government and any approved subcontractor shall maintain documentation for all charges under this Agreement. The books, records, and documents of the Local Government and any approved subcontractor, insofar as they relate to work performed or money received under this Agreement, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Local Government's records shall be subject to audit at any reasonable time and upon reasonable notice by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.12. Monitoring. The Local Government's activities conducted and records maintained pursuant to this Agreement shall be subject to monitoring and evaluation by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.13. Progress Reports. The Local Government shall submit brief, periodic, progress reports to the Department as requested.

D.14. Strict Performance. Failure by any party to this Agreement to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Agreement is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Agreement shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.15. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Agreement. The parties acknowledge that they are independent contracting entities and that nothing in this Agreement shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.16. Limitation of Department's Liability. The Department shall have no liability except as specifically provided in this Agreement. In no event will the Department be liable to the Local Government or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Agreement or otherwise. The Department's total liability under this Agreement (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally

established in Section C.1 of this Agreement. This limitation of liability is cumulative and not per incident.

D.17. Debarment and Suspension. The Local Government certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default.

The Local Government shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

D.18. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Agreement. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Agreement arising from a Force Majeure Event is not a default under this Agreement or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Local Government's representatives, suppliers, subcontractors, customers or business apart from this Agreement is not a Force Majeure Event under this Agreement. Local Government will promptly notify the Department of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the Department within one (1) day of the inception of the delay) that a Force

Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Local Government's performance longer than forty-eight (48) hours, the Department may, upon notice to Local Government: (a) cease payment of the fees until Local Government resumes performance of the affected obligations; or (b) immediately terminate this Agreement or any purchase order, in whole or in part, without further payment except for fees then due and payable. Local Government will not increase its charges under this Agreement or charge the Department any fees other than those provided for in this Agreement as the result of a Force Majeure Event.

D.19. Procurement. If other terms of this Agreement allow reimbursement for the cost of goods, materials, supplies, equipment, or contracted services, such procurement shall be made on a competitive basis, including the use of competitive bidding procedures, where practical. The Local Government shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Agreement. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement.

D.20. Tennessee Department of Revenue Registration. The Local Government shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Agreement.

D.21. State and Federal Compliance. The Local Government shall comply with all applicable state and federal laws and regulations in the performance of this Agreement.

D.22. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Tennessee. The Local Government agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Agreement. The Local Government acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under Tenn. Code Ann. §§ 9-8-101 through 9-8-407.

D.23. Completeness. This Agreement is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Agreement supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.

D.24. Severability. If any terms and conditions of this Agreement are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Agreement are declared severable.

D.25. Headings. Section headings are for reference purposes only and shall not be construed as part of this Agreement.

D.26. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101 *et seq*., addressing contracting with persons as defined at T.C.A. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Agreement. The Local Government certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.27. Maintenance. Pursuant to T.C.A. § 54-1-126(b), upon completion of the construction of the Project, the Local Government shall be solely responsible for the maintenance of the completed Project. The Local Government acknowledges that where any county road intersects with a state highway or other public road, the Local Government's maintenance responsibility for the county road, including but not limited to traffic control devices, continues across the right-of-way of the intersecting state highway or public road to the point where the local road abuts the roadway of the state highway or public road.

D.28. No Retainage Allowed. The Local Government may not withhold retainage on progress payments from the prime contractor and the prime contractor may not withhold retainage from their subcontractors.

WHEREAS, Knox County has received an Agreement from the Tennessee Department of Transportation (TDOT) for the purpose of providing for the maintenance of State-Aid Route #SA 4709-4, namely, North Campbell Station Road from Ridgeland Drive to Hardin Valley Road; and

WHEREAS, the proposed Agreement provides for the resurfacing of 2.27 miles of North Campbell Station Road (the "Project"); and

WHEREAS, Knox County desires to accept this contract award as the Project will benefit Knox County and the citizens thereof; and

WHEREAS, the total estimated cost of the Project is $691,977.09 with $678,137.55 (98%) being provided by TDOT and $13,839.54 (2%) being provided by Knox County.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of North Campbell Station Road from Ridgeland Drive to Hardin Valley Road is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the Agreement with the Tennessee Department of Transportation for State Aid for the resurfacing of North Campbell Station Road from Ridgeland Drive to Hardin Valley Road shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

AGREEMENT
BETWEEN THE STATE OF TENNESSEE
DEPARTMENT OF TRANSPORTATION
AND
KNOX COUNTY

THIS AGREEMENT is entered into between the State of Tennessee, Department of Transportation, hereinafter referred to as the "Department," and **Knox County**, hereinafter referred to as the "Local Government," for the purpose of providing for maintenance of the State-Aid system of local routes in accordance with Tenn. Code Ann. 54-4-401 *et seq*., as further defined in the "SCOPE OF SERVICES AND DELIVERABLES."

PREAMBLE:

WHEREAS, a state-aid highway system consisting of certain routes in the county road network was established by Tenn. Code Ann. 54-4-401 *et seq*. ("State-Aid"); and

WHEREAS, the parties want to enter into agreement to provide for certain maintenance of a State-Aid route(s) as described herein; and

WHEREAS, the Local Government has prepared plans and specifications for the following maintenance activities:

State-Aid Route #: **SA4709-4**
State Project #: **47SAR1-S8-034**
Route Name: **North Campbell Station Road**
From: **Ridgeland Drive** To **Hardin Valley Road**
(If Applicable) Contractor Name: **APAC-Atlantic, Inc.**
(If Applicable) Shoulders resurfaced with: **N/A**
PIN: **136674.00**
TDOT Contract Number: **250214**

hereinafter referred to as the "Project"; Resurfacing with D mix 2.27 miles of North Campbell Station Road in Knox County.

NOW, THEREFORE, in consideration of the premises, the Department and the Local Government enter into this Agreement to provide for the funding and performance of the Project.

A. SCOPE OF SERVICES AND DELIVERABLES:

A.1. The Local Government shall provide plans and specifications for the construction of the Project for the Department's approval. If the Project includes replacement or construction of a bridge, then the plans shall be prepared by an engineer licensed in the State of Tennessee and designed in accordance with the latest AASHTO LRFD Standard Specifications for Highway Bridges, with Addenda, in effect on the Effective Date. If the

Project is for resurfacing only, then the Local Government shall provide, in lieu of plans, a typical section drawing including the paving schedule for the Department's approval.

A.2. All construction shall be performed in accordance with the approved construction plans, the Department's Standard Specifications of Road and Bridge Construction (current Edition), as amended and supplemented by the Department's Supplemental Specifications, the Manual on Uniform Traffic Control Devices, and normally accepted construction practices.

A.3. The Department hereby approves Attachment One, which is attached hereto and incorporated herein as a part of this Agreement, detailing the Project work to be performed by the Local Government. The Local Government agrees that where any State-Aid Route intersects with a state highway or other public road the Project work will continue across the right-of-way of the intersecting state highway or public road to the point where the State-Aid-Route abuts with the roadway of the state highway or public road.

A.4. Construction Schedule: Work to begin as soon as possible after execution of this Agreement and to be completed on or before **June 30, 2026**.

A.5. The Project shall be constructed subject to the approval of the Department only for conformity with the plans and specifications.

A.6. The Local Government shall adhere to the provisions of Tenn. Code Ann. § 54-4-401 *et seq.*, the Department's State-Aid Program Guidelines, and to the Local Government's own adopted rules and regulations, and hereby certifies that these provisions, guidelines, and rules and regulations will be carried out. In the event of any conflict between the Department's State-Aid Program Guidelines and the Local Government's own adopted rules and regulations, the Department's State-Aid Program Guidelines shall control.

A.7. Final determination of actual costs allowable under the terms of this Agreement shall be based upon a final review and approval by the Department of quantities and agreed unit prices, as certified to by the Local Government's engineer. The Local Government shall permit, and shall require its contractor and engineer to permit, the Department to inspect all work, materials, payrolls, and other data and records with regard to the Project and to audit the books, records and accounts of the Local Government and its contractor with regard to the Project.

A.8. If applicable, the Local Government has requested that it be authorized to perform with its own forces those items of work identified on the "Estimated Quantities of Work and Agreed Unit Prices," attached hereto and incorporated herein as Attachment One, and the Department, having found the Local Government to be equipped and qualified to perform such work, hereby concurs in said request. The Local Government has elected to have the remaining work, if any, identified on Attachment One to be accomplished by awarding a construction contract after advertising for bids in a newspaper having circulation in the county where the Project is located for at least two (2) weekly issues prior to the date of accepting bids. The Local Government shall comply with its adopted rules and regulations governing competitive bid procedures, consistent with laws governing the awarding of highway or road construction contracts.

A.9. The Department has encumbered its share of the Project cost. In the event the work under the contract is not completed in the current fiscal year, the encumbered funds will be carried over to the next fiscal year.

B. TERM OF CONTRACT:

This Agreement shall be effective on the last date of signature ("Effective Date") and extend until June 30, 2026 ("Term"). The Department shall have no obligation to the Local Government for fulfillment of the Scope outside the Term.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Estimated Maximum Liability. The estimated total cost of the Project under this Agreement is **Six Hundred Ninety-One Thousand Nine Hundred Seventy-Seven Dollars and Nine Cents ($691,977.09**) ("Estimated Maximum Liability"). The "Department Share" listed in Section C.2. of this Agreement is the maximum amount due the Local Government under this Agreement; provided that with advance written approval of the Department, the final total cost of the Project and the parties' pro rata share thereof may increase as follows without execution of an amendment to this Agreement:

If the Department provides advance written approval for the actual cost of the Project to exceed the Estimated Maximum Liability, and if the Local Government has any unexpended balance of the current fiscal year State-Aid program funds to cover the costs, then the Department and the Local Government shall pay the amount above the Estimated Maximum Liability in the pro rata percentages set forth in Section C.2., and the Local Government's share thereof shall be paid from its unexpended balance of the current fiscal year State-Aid program funds. In the event that the Local Government's current fiscal year State-Aid program funds all have been expended, the costs above the Estimated Maximum Liability shall be paid entirely from Local Government funds. The Department shall not participate in any Project costs once the Local Government's current fiscal year State-Aid program funds all have been expended, and the Department shall not participate in any Project costs for which advance written approval has not been given.

C.2. Department Share and Local Government Share. In accordance with Tenn. Code Ann. 54-5-404, the Local Government shall provide at least two percent (2%) of the approved Project cost in cash from Local Government funds or in-kind Project work approved by the commissioner of the Department, or both.

The parties agree that their respective shares of the Estimated Maximum Liability for the Project shall be as follows:

Department Share:	(**98**%)	**$ 678,137.55**
Local Government Share:	(**2**%)	**$ 13,839.54**
Total Project Cost:		**$ 691,977.09**

C.3. Reimbursements to Reflect Match/Share. Reimbursements to Local Government shall reflect the percentage of Local Government Share detailed in Section C.2. Reimbursements are subject to the other provisions of this Agreement, including but not limited to, Section C.1.

C.4. Invoice Requirements. The Local Government shall invoice the Department no more often than monthly, with all necessary supporting documentation, and present such to:

Tennessee Department of Transportation
Nolan Kign, Region 1 State-Aid Office
7345 Region Lane
Knoxville, TN 37914
Email: nolan.king@tn.gov
Telephone # (423) 353-5302

a. Each invoice shall clearly and accurately detail all of the following required information (calculations must be extended and totaled correctly).

(1) Invoice/Reference Number (assigned by the Local Government).
(2) State Aid Number.
(3) State Project Number.
(4) Local Road Name.
(5) Invoice Date.
(6) Invoice Period (to which the reimbursement request is applicable).
(7) Agreement Number (assigned by the Department).
(8) Local Government Name.
(9) Local Government Remittance Address.
(10) Local Government Contact for Invoice Questions (name, phone or fax).
(11) Itemization of Reimbursement Requested for the Invoice Period— it must detail, at minimum, all of the following:

i. All line-item numbers as shown in Attachment 1 in numerical order
ii. Item Description
iii. Estimated Quantities
iv. Current Quantities
v. Previous Quantities
vi. Unit
vii. Unit Price
viii. The current amount requested
ix. The previous amount requested
x. Total amount reimbursed to date

b. The Local Government understands and agrees to all of the following.

(1) An invoice under this Agreement shall include only reimbursement requests for actual, reasonable, and necessary expenditures required in the

delivery of service described by this Agreement and shall be subject to Attachment One and any other provision of this Agreement relating to allowable reimbursements.

(2) An invoice under this Agreement shall not include any reimbursement request for future expenditures.

(3) An invoice under this Agreement shall initiate the timeframe for reimbursement only when the Department is in receipt of the invoice, and the invoice meets the minimum requirements of this Section C.4.

C.5. Payment Methodology. Payments will be made by the Department to the Local Government on the basis of actual quantities of items of work performed at the agreed unit price(s) set forth in Attachment One, including any adjusted unit prices and/or additional required pay items applicable to the Project as provided in the TDOT Standard Specifications for Road and Bridge Construction (current Edition).

Payment to the Local Government may be a sum made in advance, upon the Department's approval of the invoice submitted by the Local Government's contractor to the Local Government. For such payments, the Local Government shall pay its contractor within thirty (30) days of the Local Government's receipt of such funds from the Department and shall retain records of such payments.

C.6. Payment of Invoice. A payment by the Department shall not prejudice the Department's right to object to or question any reimbursement, invoice, or related matter. A payment by the Department shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.

C.7. Non-allowable Costs. Any amounts payable to the Local Government shall be subject to reduction for amounts included in any invoice or payment that are determined by the Department, on the basis of audits or monitoring conducted in accordance with the terms of this Agreement, to constitute unallowable costs.

C.8. Department's Right to Set Off. The Department reserves the right to set off or deduct from amounts that are or shall become due and payable to the Local Government under this Agreement or under any other agreement between the Local Government and the Department under which the Local Government has a right to receive payment from the Department.

C.9. Prerequisite Documentation. The Local Government shall not invoice the Department under this Agreement until the Department has received the following, properly completed documentation.

a. The Local Government shall complete, sign, and return to the Department an "Authorization Agreement for Automatic Deposit (ACH Credits) Form" provided by the Department. By doing so, the Local Government acknowledges and agrees that, once this form is received by the Department, all payments to the Local Government under this or any other Agreement will be made by automated clearing house ("ACH").

b. The Local Government shall complete, sign, and return to the Department the Department-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Local Government's Federal Employer Identification Number or Social Security Number referenced in the Local Government's Edison registration information.

D. STANDARD TERMS AND CONDITIONS:

D.1. Required Approvals. The Department is not bound by this Agreement until it is signed by the parties and approved by appropriate officials.

D.2. Modification and Amendment. This Agreement may be modified only by a written amendment signed by all parties.

D.3. Termination for Convenience. The Department may terminate this Agreement without cause for any reason. A termination for convenience shall not be a breach of this Agreement by the Department. The Department shall give the Local Government at least thirty (30) days written notice before the effective termination date. The Local Government shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the Department be liable to the Local Government for compensation for any service that has not been rendered. The final decision as to the amount for which the Department is liable shall be determined by the Department. The Local Government shall not have any right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount for the Department's exercise of its right to terminate for convenience.

D.4. Termination for Cause. If the Local Government fails to properly perform its obligations under this Agreement, or if the Local Government violates any terms of this Agreement, the Department shall have the right to immediately terminate this Agreement and withhold payments in excess of fair compensation for completed services. Notwithstanding the exercise of the Department's right to terminate this Agreement for cause, the Local Government shall not be relieved of liability to the Department for damages sustained by virtue of any breach of this Agreement by the Local Government.

D.5. Subcontracting. The Local Government shall not assign this Agreement or enter into a subcontract for any of the services performed under this Agreement without obtaining the prior written approval of the Department. If such subcontracts are approved by the Department, each shall contain, at a minimum, sections of this Agreement pertaining to "Conflicts of Interest," "Nondiscrimination," "Debarment and Suspension," and "Records" (as identified by the section headings). Notwithstanding any use of approved subcontractors, the Local Government shall remain responsible for all work performed.

D.6. Conflicts of Interest. The Local Government warrants that no part of the total Agreement Amount shall be paid directly or indirectly to an employee or official of the Department of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Local Government in connection with any work contemplated or performed relative to this Agreement.

D.7. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Agreement shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by email or facsimile transmission with recipient confirmation. All communications, regardless of method of transmission, shall be addressed to the respective party as set out below:

The Department:

Lisa Dunn / Manager State-Aid Office
Suite 600, James K. Polk Office Building
505 Deaderick Street
Nashville, TN 37243
Email: Lisa.Dunn@tn.gov
Telephone # (615) 253-2684
FAX # (615) 741-9673

The Local Government:

Jim Snowden / Road Superintendent
Knox County Highway Department
205 W Baxter Ave
Knoxville, TN 37917
Email: Jim.Snowden@knoxcounty.org
Telephone # (865) 215-5800

A change to the above contact information requires written notice to the person designated by the other party to receive notice.

All instructions, notices, consents, demands, or other communications shall be considered effectively given upon receipt or recipient confirmation as may be required.

D.8. Subject to Funds Availability. This Agreement is subject to the appropriation and availability of State funds. In the event that the funds are not appropriated or are otherwise unavailable, the Department reserves the right to terminate this Agreement upon written notice to the Local Government. The Department's right to terminate this Agreement due to lack of funds is not a breach of this Agreement by the Department. Upon receipt of the written notice, the Local Government shall cease all work associated with the Agreement. Should such an event occur, the Local Government shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Local Government shall have no right to recover from the Department any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.9. Nondiscrimination. The Local Government hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the Local Government on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal,

Tennessee state constitutional, or statutory law. The Local Government shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

D.10. Licensure. The Local Government, its employees, and any approved subcontractor shall be licensed pursuant to all applicable federal, state, and local laws, ordinances, rules, and regulations and shall upon request provide proof of all licenses.

D.11. Records. The Local Government and any approved subcontractor shall maintain documentation for all charges under this Agreement. The books, records, and documents of the Local Government and any approved subcontractor, insofar as they relate to work performed or money received under this Agreement, shall be maintained in accordance with applicable Tennessee law. In no case shall the records be maintained for a period of less than five (5) full years from the date of the final payment. The Local Government's records shall be subject to audit at any reasonable time and upon reasonable notice by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.12. Monitoring. The Local Government's activities conducted and records maintained pursuant to this Agreement shall be subject to monitoring and evaluation by the Department, the Comptroller of the Treasury, or their duly appointed representatives.

D.13. Progress Reports. The Local Government shall submit brief, periodic, progress reports to the Department as requested.

D.14. Strict Performance. Failure by any party to this Agreement to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Agreement is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Agreement shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.

D.15. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Agreement. The parties acknowledge that they are independent contracting entities and that nothing in this Agreement shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

D.16. Limitation of Department's Liability. The Department shall have no liability except as specifically provided in this Agreement. In no event will the Department be liable to the Local Government or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Agreement or otherwise. The Department's total liability under this Agreement (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally

established in Section C.1 of this Agreement. This limitation of liability is cumulative and not per incident.

D.17. Debarment and Suspension. The Local Government certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default.

The Local Government shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

D.18. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Agreement. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Agreement arising from a Force Majeure Event is not a default under this Agreement or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Local Government's representatives, suppliers, subcontractors, customers or business apart from this Agreement is not a Force Majeure Event under this Agreement. Local Government will promptly notify the Department of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the Department within one (1) day of the inception of the delay) that a Force

Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Local Government's performance longer than forty-eight (48) hours, the Department may, upon notice to Local Government: (a) cease payment of the fees until Local Government resumes performance of the affected obligations; or (b) immediately terminate this Agreement or any purchase order, in whole or in part, without further payment except for fees then due and payable. Local Government will not increase its charges under this Agreement or charge the Department any fees other than those provided for in this Agreement as the result of a Force Majeure Event.

D.19. Procurement. If other terms of this Agreement allow reimbursement for the cost of goods, materials, supplies, equipment, or contracted services, such procurement shall be made on a competitive basis, including the use of competitive bidding procedures, where practical. The Local Government shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Agreement. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement.

D.20. Tennessee Department of Revenue Registration. The Local Government shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Agreement.

D.21. State and Federal Compliance. The Local Government shall comply with all applicable state and federal laws and regulations in the performance of this Agreement.

D.22. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Tennessee. The Local Government agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Agreement. The Local Government acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising there from, shall be subject to and limited to those rights and remedies, if any, available under Tenn. Code Ann. §§ 9-8-101 through 9-8-407.

D.23. Completeness. This Agreement is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions agreed to by the parties. This Agreement supersedes any and all prior understandings, representations, negotiations, or agreements between the parties, whether written or oral.

D.24. Severability. If any terms and conditions of this Agreement are held to be invalid or unenforceable as a matter of law, the other terms and conditions shall not be affected and shall remain in full force and effect. To this end, the terms and conditions of this Agreement are declared severable.

D.25. Headings. Section headings are for reference purposes only and shall not be construed as part of this Agreement.

D.26. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101 *et seq*., addressing contracting with persons as defined at T.C.A. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Agreement. The Local Government certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.27. Maintenance. Pursuant to T.C.A. § 54-1-126(b), upon completion of the construction of the Project, the Local Government shall be solely responsible for the maintenance of the completed Project. The Local Government acknowledges that where any county road intersects with a state highway or other public road, the Local Government's maintenance responsibility for the county road, including but not limited to traffic control devices, continues across the right-of-way of the intersecting state highway or public road to the point where the local road abuts the roadway of the state highway or public road.

D.28. No Retainage Allowed. The Local Government may not withhold retainage on progress payments from the prime contractor and the prime contractor may not withhold retainage from their subcontractors.

WHEREAS, Knox County and Products (SE) Pipe Line Corporation desire to enter into an Encroachment Agreement due to the construction of the Canton Hollow Road Improvement Project; and

WHEREAS, the proposed Encroachment Agreement allows Knox County to construct, maintain, operate, inspect, repair, replace and remove the dirt that will be placed over the pipeline to accommodate the widening of existing Canton Hollow Road across Products (SE) Pipe Line Corporation's pipeline-related facilities within its easement, subject to the terms and conditions set forth in the Encroachment Agreement.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Encroachment Agreement with Products (SE) Pipe Line Corporation needed for the construction of the Canton Hollow Road Improvement Project is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the Encroachment Agreement with Products (SE) Pipe Line Corporation needed for the construction of the Canton Hollow Road Improvement Project shall be executed subject to such amendment or action not affecting the substantive provisions of the agreement as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

ENCROACHMENT AGREEMENT JP2106038

Line: 8KX Jersey Station to Knoxville

Tract: PPL ROW – R3 Alignment sheet - 8 JY_KX - 095

County: Knox

State: TN

THIS ENCROACHMENT AGREEMENT (this "Agreement") is made and entered into as of the __ day of _____, 2025 ("Effective Date") by and between Products (SE) Pipe Line Corporation, a Delaware and Virginia corporation with an office at Land Department, 1001 Louisiana St. Suite 1000 Houston, TX 77002 (the "Company"), and Knox County, a Tennessee political subdivision of the State of Tennessee whose address is 205 West Baxter Avenue, Knoxville, TN 37917 (the "Owner"). Company and Owner may be individually referred to in this Agreement as a "Party" and collectively referred to in this Agreement as the "Parties".

WHEREAS, Plantation Pipe Line Company entered into a certain Pipe Line Easement (the "Company Easement") executed on August 25, 1941 and recorded on November 18, 1941 at Book of Deeds 601, Page 519 of the records of the Register of Deeds Office, Knox County, Tennessee; and

WHEREAS, Company is successor to Plantation Pipe Line Company and to the above-referenced Pipe Line Easement; and

WHEREAS, Company operates certain pipelines and pipeline-related facilities, (the "Company Facilities") under, upon, over, through and across the Company Easement; and

WHEREAS, Owner owns all or a portion of the property (the "Parcel"), which is subject to the Company Easement, described as follows:

> All that certain piece, parcel of land situate in the 10th Civil District of Knox County, State of Tennessee, and more particularly described as follows: Tract One, containing about 30 acres, more or less, and Tract Two, containing 15 acres, more or less. For more particular description of property herein conveyed, specific reference is made to Warranty Deed Book 605, Page 106 in the Register's Office of Knox County, Tennessee.

BEING a portion of the same property conveyed to Knox County, Tennessee, a governmental entity of Knox County, Tennessee by Warranty Deed from Goldia R. Malone, widow of Gary L. Malone, married, dated May 14, 2020, and recorded May 15, 2020 in the Register of Deeds Office, Knox County, Tennessee, in Instrument No. 202005150075997.

WHEREAS, Company is hereby willing, at the request of Owner, to allow Owner to construct, maintain, operate, inspect, repair, replace and remove, at Owner's sole risk and expense, the dirt that will be placed over the pipeline to accommodate the widening of existing Canton Hollow Road (hereinafter the "Encroachment", whether one or more) across the Company Facilities within the Company Easement at the location or locations and in conformity with the specifications designated in Exhibit "A" attached hereto and made a part hereof.

NOW, THEREFORE in consideration of the mutual covenants herein stated, Company and Owner agree as follows:

1. Company agrees to allow the Owner to construct, maintain, operate, inspect, repair, replace and remove the Encroachment within the Company Easement, but only insofar as the Encroachment affects the Company Easement within the Parcel. The permission granted herein is limited exclusively to the Encroachment.

2. Owner shall construct, own, operate, maintain, use, modify, replace, and remove the Encroachment in accordance with Company's O&M Procedure L-O&M 204 L-OM200-29 titled "Guidelines for Design and Construction near Kinder Morgan Hazardous Liquid Operated Facilities", (the "Guidelines") which is attached hereto as Exhibit "B" and made a part hereof. **A Company representative shall be on-site to monitor any construction activities within twenty-five feet (25') of Company Facilities. Owner shall notify Company at (956) 239-0862 at least seventy-two (72) hours prior to commencing any construction activities (exclusive of Saturdays, Sundays, and legal holidays).** Company's representative will confirm clearances, as applicable, and may suspend any work or activity not being performed in accordance with this Agreement and the Guidelines or any activity or work that, in his/her reasonable opinion endangers the public safety, operations, or otherwise interferes in any way with Company's rights under the Company Easement, until such time as corrective action is taken. Company will not be liable to Owner for any costs or expenses caused by Company's on-site representative's suspension of any work or activity while such corrective action is being taken by Owner.

3. After initial construction of the Encroachment, Owner shall own, operate, maintain, use, modify, replace, and remove the Encroachment in accordance with the Guidelines, as may be updated from time to time. Except for routine operational and maintenance activities that do not involve excavation or blasting, Owner shall provide Company at least three (3) business days' advance notice prior to commencing any construction (including excavation or blasting), repair, replacement, and removal of the Encroachment and resolve any location, grade or other encroachment-related problems.

4. All digging and excavation within the Company Easement shall be conducted solely by a Company-approved mechanical excavation method or as otherwise agreed upon in writing by Company, up to and within twenty-four inches (24") of the Company Facilities, at which point all excavation shall be conducted solely by a Company-approved soft-digging method.

5. Company requires that each contractor or subcontractor associated with the Encroachment, submit a Tennessee One Call (8-1-1) Ticket(s) for each different phase of the Encroachment that involves earth disturbance (grading, excavating, trenching, digging, etc.), as required by Tennessee One Call (8-1-1) and applicable Tennessee law.

6. Owner shall not park any heavy equipment or vehicles on the Company Easement. Heavy equipment shall only be allowed to cross Company Facilities at locations designated by Company during construction of the Encroachment. Owner shall comply with all precautionary measures required by Company to protect Company Facilities and the Company Easement.

7. Owner shall not (i) store or stockpile equipment, material, fill, or spoil on the Company Easement, (ii) construct any permanent structure, building(s) or obstructions (including power poles, light standards, or any other improvements or appurtenances) within the Company Easement, other than the Encroachment in accordance with the Exhibit "A", (iii) plant or install any landscaping, including shrubs or trees, within the Company Easement, or (iv) burn trash, brush, etc. within the Company Easement.

8. Owner shall not perform or permit to be performed excavation or grading which could result in erosion or which could render the Company Easement inaccessible unless approved in advance by Company. No water impoundments shall be permitted on the Company Easement. Owner agrees, at its expense to restore the Company Easement to as near as its original condition as it existed immediately prior to such work as possible and provide reasonable protection to the Company Facilities.

9. Owner shall not reduce the depth of cover on, or permit such alteration anywhere on, or alter the drainage of the Company Easement without Company's prior written consent, which Company may withhold or condition in its sole discretion. Owner shall be solely responsible for, and shall bear the expense of repairs attributable to, any loss of subjacent or lateral support to the Company Easement and/or Company Facilities caused by the Encroachment.

10. Owner shall be entitled to modify and replace the Encroachment, subject to Company's written approval, such approval not to be unreasonably withheld, and as long as any such modification and replacement does not adversely affect the Company Facilities and so long as such modification adheres to the Guidelines. Owner shall submit plans for proposed modifications to Company not less than thirty (30) days before construction of such modification or replacement begins, at which point Company shall approve such plans or suggest plan changes that will be acceptable to the Company and all provisions of this Agreement shall be complied with, as applicable, with respect to such modifications or replacement.

11. Should Company's construction, reconstruction, operation, maintenance, alteration, repair, replacement, removal, addition, or changing the size of any of its Company Facilities within the Company Easement (individually, a "Company Activity") in any way, shape, manner, or form affect or damage the Encroachment, or any portion thereof, Owner agrees to bear all costs to repair or replace the Encroachment, including any costs and expenses associated with the loss of the use of the Encroachment as a result of the Company Activity, and Owner hereby releases and holds harmless Company, Company's affiliates, subsidiaries and parent companies, and their respective directors, officers, agents, representatives, contractors, and subcontractors from any and all damages resulting from such Company Activity subject to applicable law.

12. During the term of this Agreement, Owner shall carry and maintain, and shall cause its contractors to carry and maintain the following insurance from carriers with an A.M. Best rating of not less than A-/VII:

    a. Statutory Coverage Workers' Compensation Insurance (including Occupational Disease Coverage) in accordance with the laws of the states where the work is to be performed.

    b. Employer's Liability Insurance with limits of not less than $1,000,000 per occurrence and $1,000,000 per disease/each employee.

    c. Commercial General Liability Insurance insuring the indemnity provisions set forth in this Agreement with a combined single limit of not less than $5,000,000 per occurrence and $5,000,000 in the aggregate. All policies shall remove any exclusion for explosion, collapse and underground operations (XCU), sudden and accidental pollution and include coverage for blanket contractual liability assumed hereunder.

    d. Comprehensive Automobile Liability Insurance covering liability arising out of any auto (owned, hired and non-owned); with a combined single limit of not less than $1,000,000.

    e. Umbrella/Excess Liability Insurance with a minimum limit of not less than $5,000,000 per occurrence. Such umbrella policy shall follow the form of the Employer's Liability Insurance, Commercial General Liability Insurance and Business Automobile Liability Insurance set out above, be in excess of those underlying policies without gaps in limits and provide coverage as broad as those underlying policies.

    All insurance policies of Owner shall include a waiver of subrogation in favor of Company and each of its respective subsidiary or affiliated companies and entities, and shall name Company and each of its respective subsidiary or affiliated companies and entities, and their respective directors, officers, agents and employees as additional insureds (except for Workers' Compensation). All such insurance coverages required of Owner shall apply as primary insurance with respect to any other insurance or self-insurance programs afforded to or maintained by or for the benefit of Company. Prior to beginning any operations under this Agreement, Owner shall furnish Company with certificates of insurance evidencing insurance coverage and provisions provided for in this Agreement. Notwithstanding the foregoing, Owner may self-insure to meet the insurance requirements of this Section. If Owner elects to self-insure any of the requirements above, Owner's self-insurance program shall respond in the same manner as commercial insurance with regard to additional insured and waiver of subrogation.

13. Owner hereby agrees to maintain a minimum of two feet (2') of separation underneath Company's Facilities.

14. Should Owner remove the Encroachment, in its entirety, from the Company Easement for a term of one hundred twenty (120) consecutive days, this Agreement shall be deemed null and void. Should Owner fail to commence

construction of the Encroachment within three hundred sixty-five (365) days from the Effective Date of this Agreement (herein defined below), this Agreement shall be null and void.

15. Owner shall be solely responsible for the construction, operation, maintenance, use, and removal of the Encroachment. Subject to applicable law, owner agrees to indemnify, defend and hold harmless Company, its parent, affiliates, and each of their respective officers, directors, agents, representatives, employees, contractors, and subcontractors and their respective successors and assigns (individually and collectively, "Company Indemnitees"), against and from any and all claims, actions, causes of actions, suits, demands, damages, losses, costs, expenses or liability whatsoever, excluding attorney and expert fees and investigation costs (collectively, "Claims"), to the extent arising out of, incidental to, or otherwise related in any way to (1) the existence of the Encroachment, or (2) Owner's exercise of its rights under this Agreement, to the extent such Claims arising from Owner's exercise of its rights under this Agreement are caused by or arise from Owner's negligence, gross negligence and/or willful misconduct of Owner, Owner's employees, contractors, representatives, agents, successors and assigns, whether such Claims are brought during or after the term of this Agreement.

16. If any part, term or provision of this Agreement is, by a court of competent jurisdiction or regulatory authority having jurisdiction over the Company Easement, held to be illegal, void or unenforceable, or to be in conflict with the law of the state which the Company Easement lies, the validity of the remaining provisions or portion hereof shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if this Agreement did not contain the particular part, term, or provision held to be invalid.

17. This Agreement may be signed in counterparts and all such counterparts shall be deemed as originals and binding upon each party executing any counterpart and upon their respective heirs, personal representatives, successors, and assigns.

18. The terms and conditions of this Agreement shall be binding on the Parties hereto, their heirs, successors and assigns.

19. Governing Law; Venue: This Agreement shall be exclusively construed, governed and controlled by the laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction territory, country, and/or province.

IN WITNESS WHEREOF, the Parties hereunto subscribed their names as of the date first above written.

KINDER MORGAN

Guidelines for Design and Construction near Kinder Morgan Hazardous Liquid Operated Facilities

Name of Company: Products (SE)

The list of design, construction and contractor requirements, including but not limited to the following, for the design and installation of foreign utilities or improvements on KM right-of-way (ROW) are not intended nor do they waive or modify any rights KM may have under existing easements or ROW agreements. Reference existing easements and amendments for additional requirements. This list of requirements is applicable for KM facilities on easements only. Encroachments on fee property should be referred to the ROW Department.

Design

- KM shall be provided sufficient prior notice of planned activities involving excavation, blasting, or any type of construction on KM's ROW to determine and resolve any location, grade or encroachment problems and provide protection of our facilities and the public **before** the actual work is to take place.

- Encroaching entity shall provide KM with a set of drawings for review and a set of final construction drawings showing all aspects of the proposed facilities in the vicinity of KM's ROW. The encroaching entity shall also provide a set of as-built drawings showing the proposed facilities in the vicinity of KM's ROW.

- Only facilities shown on drawings reviewed by (Company) will be approved for installation on KM's ROW. All drawing revisions that effect facilities proposed to be placed on KM's ROW must be approved by KM in writing.

- KM shall approve the design of all permanent road crossings.

- Any repair to surface facilities following future pipeline maintenance or repair work by KM will be at the expense of the developer or landowner.

- The depth of cover over the KM pipelines shall not be reduced nor drainage altered without KM's written approval.

- Construction of any permanent structure, building(s) or obstructions within KM pipeline easement is **not** permitted.

- Planting of shrubs and trees is not permitted on KM pipeline easement.

- Irrigation equipment i.e. backflow prevent devices, meters, valves, valve boxes, etc. shall not be located on KM easement.

- Foreign line, gas, water, electric and sewer lines, etc., may cross perpendicular to KM's pipeline within the ROW, provided that a minimum of two (2) feet of vertical clearance is maintained between KM pipeline(s) and the foreign pipeline. Constant line elevations must be maintained across KM's entire ROW width, gravity drain lines are the only exception. Foreign line crossings below the KM pipeline must be evaluated by KM to ensure that a significant length of the KM line is not exposed and unsupported during construction. When installing underground utilities, the last line should be placed beneath all existing lines unless it is impractical or unreasonable to do so. Foreign line crossings above the KM pipeline with less than 2 feet of clearance must be evaluated by KM to ensure that additional support is not necessary to prevent settling on top of the KM hazardous liquids pipeline.

- A foreign pipeline shall cross KM facilities at as near a ninety-degree angle as possible. A foreign pipeline shall not run parallel to KM pipeline within KM easement without written permission of KM.

- The foreign utility should be advised that KM maintains cathodic protection on their pipelines. The foreign utility must coordinate their cathodic protection system with KM's. At the request of KM, foreign utilities shall install (or allow to be installed) cathodic protection test leads at all crossings for the purposes of monitoring cathodic protection. The KM Cathodic Protection (CP) technician and the foreign utility CP technician shall perform post construction CP interference testing. Interference issues shall be resolved by mutual agreement between foreign utility and KM. All costs associated with the correction of cathodic protection problems on KM pipeline as a result of the foreign utility crossing shall be borne by the foreign utility for a period of one year from date the foreign utility is put in service.

- The metallic foreign line shall be coated with a suitable pipe coating for a distance of at least 10 feet on either side of the crossing unless otherwise requested by the KM CP Technician.

KINDER MORGAN

Guidelines for Design and Construction near Kinder Morgan Hazardous Liquid Operated Facilities

- AC Electrical lines must be installed in conduit and properly insulated.
- DOT approved pipeline markers shall be installed so as to indicate the route of the foreign pipeline across the KM ROW.
- No power poles, light standards, etc. shall be installed on KM easement
- No pipeline may be located within 50 feet (15 meters) of any private dwelling, or any industrial building or place of public assembly in which persons work, congregate, or assemble.

Construction

- Contractors shall be advised of KM's requirements and be contractually obligated to comply.
- The continued integrity of KM's pipelines and the safety of all individuals in the area of proposed work near KM's facilities are of the utmost importance. Therefore, contractor must meet with KM representatives prior to construction to provide and receive notification listings for appropriate area operations and emergency personnel. **KM's on-site representative will require discontinuation of any work that, in his opinion, endangers the operations or safety of personnel, pipelines or facilities.**
- The Contractor must expose all KM pipelines prior to crossing to determine the exact alignment and depth of the lines. A KM representative must be present. In the event of parallel lines, only one pipeline can be exposed at a time.
- KM will not allow pipelines to remain exposed overnight without consent of KM designated representative. Contractor may be required to backfill pipelines at the end of each day.
- A KM representative shall do all line locating. A KM representative shall be present for hydraulic excavation. The use of probing rods for pipeline locating shall be performed by KM representatives only, to prevent unnecessary damage to the pipeline coating.
- Notification shall be given to KM at least 72 hours before start of construction. A schedule of activities for the duration of the project must be made available at that time to facilitate the scheduling of Kinder Morgan, Inc.'s work site representative. Any Contractor schedule changes shall be provided to Kinder Morgan, Inc. immediately.
- Heavy equipment will not be allowed to operate directly over KM pipelines or in KM ROW unless written approval is obtained from (Company). Heavy equipment shall only be allowed to cross KM pipelines at locations designated by Kinder Morgan, Inc. Contractor shall comply with all precautionary measures required by KM to protect its pipelines. When inclement weather exists, provisions must be made to compensate for soil displacement due to subsidence of tires. Equipment excavating within ten (10) feet of KM Pipelines will have a plate guard installed over the teeth to protect the pipeline.
- Excavating or grading which might result in erosion or which could render the KM ROW inaccessible shall not be permitted unless the contractor/developer/owner agrees to restore the area to its original condition and provide protection to KM's facility.
- A KM representative shall be on-site to observe any construction activities within ten (10) feet of a KM pipeline or aboveground appurtenance. The contractor **shall not** work within this distance without a KM representative being on site. Only hand excavation shall be permitted within two (2) feet of KM pipelines, valves and fittings unless State requirements are more stringent. However, proceed with extreme caution when within three (3) feet of the pipe.
- A KM representative will monitor construction activity within 25 feet of KM facilities during and after the activities to verify the integrity of the pipeline and to ensure the scope and conditions agreed to have not changed. Monitoring means to conduct site inspections on a pre-determined frequency based on items such as: scope of work, duration of expected excavator work, type of equipment, potential impact on pipeline, complexity of work and/or number of excavators involved.
- Ripping is only allowed when the position of the pipe is known and not within ten (10) feet of KM facility unless company representative is present.
- Temporary support of any exposed KM pipeline by Contractor may be necessary if required by KM's on-site representative. Backfill below the exposed lines and 12" above the lines shall be replaced with sand or other selected material as approved by KM's on-site representative and thoroughly compacted in 12" lifts to 95% of standard proctor dry density minimum or as approved by KM's on-site representative. This is to adequately protect against stresses that may be caused by the settling of the pipeline.

KINDER MORGAN

Guidelines for Design and Construction near Kinder Morgan Hazardous Liquid Operated Facilities

- No blasting shall be allowed within 1000 feet of KM's facilities unless blasting notification is given to KM including complete Blasting Plan Data. A pre-blast meeting shall be conducted by the organization responsible for blasting.
  KM shall be indemnified and held harmless from any loss, cost of liability for personal injuries received, death caused or property damage suffered or sustained by any person resulting from any blasting operations undertaken within 500 feet of its facilities. The organization responsible for blasting shall be liable for any and all damages caused to KM's facilities as a result of their activities whether or not KM representatives are present. KM shall have a signed and executed Blasting Indemnification Agreement before authorized permission to blast can be given.

  No blasting shall be allowed within 300 feet of KM's facilities unless blasting notification is given to KM a minimum of one week before blasting. *(note: covered above)* KM shall review and analyze the blasting methods. A written blasting plan shall be provided by the organization responsible for blasting and agreed to in writing by KM in addition to meeting requirements for 500' and 1000' being met above. A written emergency plan shall be provided by the organization responsible for blasting. *(note: covered above)*

- **Any** contact with any KM facility, pipeline, valve set, etc. shall be reported immediately to KM. If repairs to the pipe are necessary, they will be made and inspected before the section is re-coated and the line is back-filled.

- KM personnel shall install all test leads on KM facilities.

- Burning of trash, brush, etc. is not permitted within the KM ROW.

Insurance Requirements

- All contractors, and their subcontractors, working on Company easements shall maintain the following types of insurance policies and minimum limits of coverage. All insurance certificates carried by Contractor and Grantee shall include the following statement: "Kinder Morgan and its affiliated or subsidiary companies are named as additional insured on all above policies (except Worker's Compensation) and waiver of subrogation in favor of Kinder Morgan and its affiliated or subsidiary companies, their respective directors, officers, agents and employees applies as required by written contract." **Contractor shall furnish Certificates of Insurance evidencing insurance coverage prior to commencement of work and shall provide thirty (30) days notice prior to the termination or cancellation of any policy.**

1. Statutory Coverage Workers' Compensation Insurance in accordance with the laws of the states where the work is to be performed. If Contractor performs work on the adjacent on navigable waterways Contractor shall furnish a certificate of insurance showing compliance with the provisions of the Federal Longshoreman's and Harbor Workers' Compensation Law.
2. Employer's Liability Insurance, with limits of not less than **$1,000,000** per occurrence and **$1,000,000** disease each employee.
3. Commercial General Liability Insurance with a combined single limit of not less than **$2,000,000** per occurrence and in the aggregate. All policies shall include coverage for blanket contractual liability assumed.
4. Comprehensive Automobile Liability Insurance with a combined single limit of not less than **$1,000,000.** If necessary, the policy shall be endorsed to provide contractual liability coverage.
5. If necessary Comprehensive Aircraft Liability Insurance with combined bodily injury, including passengers, and property damage liability single limits of not less than **$5,000,000** each occurrence.
6. Contractor's Pollution Liability Insurance this coverage shall be maintained in force for the full period of this agreement with available limits of not less then **$2,000,000** per occurrence.
7. Pollution Legal Liability Insurance this coverage must be maintained in a minimum amount of **$5,000,000** per occurrence.

MEMO OF UNDERSTANDING- FUNDING AGREEMENT
July 8, 2025

Failure to adhere to the requirements of this Funding Agreement will jeopardize your grant award.
All purchases must match the quantities and equipment approved in the original grant request and approved quote.

Firehouse Subs Public Safety Foundation Responsibilities

- Firehouse Subs Public Safety Foundation will award funding to **Knox County, TN Government, on behalf of Knox County Fire Bureau, Knoxville, TN** for **$41,324.00** to be used toward the direct purchase of **Polaris Ranger Crew XD 1500.**

Knox County, TN Government, on behalf of Knox County Fire Bureau Responsibilities

1. An ACH transfer will be remitted to the organization name as stated in this memo of understanding and **must** match the EIN number submitted on the grant request and bank account information listed on the ACH Authorization. If there is a change in either information, you must submit a W-9.
2. **Purchase** the equipment on Approved Quote from Knoxville Powersports, dated 1/9/25.
    a. **NOTE:** DO NOT PREPAY for the equipment order at the time of purchase
3. **Confirm Receipt of ACH Transfer** by emailing procurementfoundation@firehousesubs.com

4. **Verify Purchase and Delivery** by providing Firehouse Subs Public Safety Foundation with the following:
    a. All signed and dated packing slips
    b. Copies of paid invoices, verifying your organization's name as the customer and matching the vendor quote(s)
    c. A copy of the cleared check(s), verifying the payee and payment amount matches the vendor quote(s)

5. In the event that the purchased equipment costs less than the dollar amount awarded, all excess funds must be returned to Firehouse Subs Public Safety Foundation.
    a. Email procurementfoundation@firehousesubs.com with notification of excess funds within 30 days of purchase
    b. Return Excess Funds within 30 days of receipt of excess funds invoice to Firehouse Subs Public Safety Foundation, Attention: Gina Brown, Deerwood North, 4600 Touchton Rd. East, Bldg. 100, Ste. 300, Jacksonville, FL 32246

6. If purchases exceed funding, **Knox County, TN Government, on behalf of Knox County Fire Bureau** is responsible for the additional amount.

VERY IMPORTANT: Deadline for submitted documentation is December 31, 2025.

BILL LEE
GOVERNOR

RALPH ALVARADO, MD, FACP
COMMISSIONER

LETTER OF AGREEMENT:
DIRECT APPROPRIATION GRANT
FOR GOVERNMENTAL ENTITIES

Date: **07/21/2025**

To: **Kevin Parton, Senior Director**
Knox County Health Department
140 Dameron Avenue
Knoxville, TN 37917

From: **Ralph Alvarado, MD, FACP**
Commissioner, Tennessee Department of Health

The State's budget for the fiscal year beginning July 1, 2025, includes a direct appropriation grant payable to your organization.

This appropriation is in addition to any other funding or appropriation provided to you by the State of Tennessee. Section 7, Item 62 of the 2025 Appropriations Act reads as follows:

> "Department of Health, in Section 1, Title 111-16, appropriations for the State HIV Surveillance and Prevention Program shall be subject to the provisions of Section 21 of this act."
>
> **Local Health Department Grants – Knox County – Grant - $206,100**

If you choose to accept this award:

1. Sign this agreement (include your taxpayer identification number and a daytime phone number) in the space provided as your acceptance of the following terms and conditions:
    a) A direct appropriation shall not be disbursed until the recipient has filed with the head of the State agency through which such disbursement is being made a plan specifying the proposed use of such funds and the benefits anticipated to be derived therefrom and has agreed to file quarterly interim reports during the effective dates (June 1, 2025 – June 30, 2026) of the grant describing the use of such funds. The interim reports shall include quarterly status changes for funding disbursement, quarterly efforts towards linkage to care, re-engagement, and other high-impact activities, and quarterly numbers reflecting HIV prevention activities including: (1) the continuation of existing participation in HIV re-engagement efforts; (2) the continuation of existing processes for timely investigation and documentation in state reporting systems of positive, detectable, reactive HIV test results; and (3) assisting the Tennessee Department of Health with HIV cluster response.

b) HIV Prevention activity shall be focused on first responders, victims of human trafficking, and pregnant women and infants, as well as traditional nationally recognized high-risk populations.

c) You agree that you shall not subcontract with any entities.

d) As a prerequisite to the receipt of such direct appropriation, the recipient shall agree to provide to the State agency head, within ninety (90) days of the close of the fiscal year within which such direct appropriation was received, an accounting of the actual expenditure of such funds including a notarized statement that the report is true and correct in all material respects; provided, however, that the head of the State agency through which such disbursement is being made may require, in lieu of the accounting as provided above, an audited financial statement of the non-governmental agency or entity. A copy of such accounting or audit, as the case may be, also shall be filed with the office of the Comptroller of the Treasury.

e) Your records and documents, insofar as they relate to the performance of your obligations or to payments received under this agreement, shall be maintained in a manner consistent with the accounting procedures of the Comptroller of the Treasury, pursuant to T.C.A. 4-3-304 and applicable rules and regulations thereunder.

f) The funds received shall be placed in an interest bearing account until such time as they are needed for the purposes set out in the Appropriations Act. In the event that any portion of the funds is not expended, the unexpended portion plus any accrued interest shall be returned to the State.

g) You must complete the attached Substitute W-9 Form and return it with this signed Letter of Agreement. You are responsible for and assume the liability for failure to provide the correct taxpayer identification number for IRS purposes.

2. Return to the State agency head the following materials together:

a) This signed Letter of Agreement; and

b) Substitute W-9 Form.

We encourage you to return these materials as soon as possible. The State is prepared to process this agreement and issue payment in a timely fashion, upon receipt of these materials.

If you should have any questions or comments or need any assistance responding to this request, please contact **Robertson Nash at (615) 532-9254.**

WHEREAS, Knox County is the owner of surplus real property located at 1028 Old Cedar Bluff Road (Parcel ID 105 078) (the "Property"); and

WHEREAS, Knox County determined that the Property is not needed for public use and, therefore, it is appropriate to dispose of the Property; and

WHEREAS, disposing of the Property through auction was deemed most advantageous to Knox County; and

WHEREAS, accordingly, a public auction for the Property was held on July 30, 2025; and

WHEREAS, Rakesh Battineni was the highest bidder for the Property with a bid price of $2,100,000.00 plus a three percent (3%) buyer's premium in the amount of $63,000.00 to be paid to Powell Auction & Realty, LLC; and

WHEREAS, in accordance with Section 2-581(4) and Section 2-712(b)(3) of the Knox County Code, it is necessary for the Knox County Commission to approve the sale of the Property.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Specific Performance Real Estate Sales Contract with Rakesh Battineni for the sale of real property located at 1028 Old Cedar Bluff Road (Parcel ID 105 078) is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the Specific Performance Real Estate Sales Contract with Rakesh Battineni for the sale of real property located at 1028 Old Cedar Bluff Road (Parcel ID 105 078) shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that the Mayor of Knox County is authorized to execute the appropriate quit claim deed conveying the Property from Knox County, Tennessee to Rakesh Battineni and is further authorized to execute any and all other documents which may be necessary to effectuate and complete said conveyance, subject to the review and approval of the Knox County Law Director's Office.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

SPECIFIC PERFORMANCE REAL ESTATE SALES CONTRACT

THIS CONTRACT made and entered into this 30th day of July, 2025 by and between KNOX COUNTY TENNESSEE, A POLITICAL SUBDIVISION OF THE STATE OF TENNESSEE hereinafter called "Seller(s)", and RAKESH BATTINENI of KNOXVILLE, State of TN hereinafter called "Buyer(s)":

WITNESSETH: That the Buyer(s) hereby agrees to purchase and the Seller(s) hereby agrees to sell, subject to the terms, conditions and for the consideration hereinafter set forth, the following real property: Located in Knox County, Tennessee, and being further described real property as follows: 1028 Old Cedar Bluff Road, Knoxville, TN 37923 – Parcel/Tax ID: 105 078

1) **EARNEST MONEY:** Buyer(s) has deposited with POWELL AUCTION & REALTY, LLC, of Knoxville, Tennessee, hereinafter called "Agent", the sum of $ 210,000.00, as earnest money to guarantee the performance by Buyer(s) hereunder and which will be applied as partial payment of purchase price. Both parties agree that Agent shall deposit and hold Earnest Money in an escrow account and will be disbursed pursuant to the terms of this contract. If buyer has purchased online, Earnest Money payment is to be made within 48 hours of sale conclusion.

2) **PURCHASE PRICE & TERMS:** Buyer(s) agree to pay and Seller(s) agree to accept the sum of $2,163,000.00. Upon the following terms: the bid price of $2,100,000.00 plus the buyer's premium of 3% in the amount of $63,000.00, together will be the total purchase price to be paid by the Buyer(s), PAID IN US DOLLARS. Property sold "AS- IS, WHERE-IS WITH ALL FAULTS", without any warranties expressed, implied, as to condition or title. Sale is NOT contingent upon financing. Balance to be paid in full at closing. Buyer is purchasing with any remaining personal property conveying with the property to the Buyer. **Attached Auction Terms & Conditions and any additional documents pertaining to the sale are part of the Sales Contract. SALE IS SUBJECT TO KNOX COUNTY COMMISSION APPROVAL.**

3) **POSSESSION:** Possession of real property to be given AT CLOSING.

4) **TITLE TRANSFER:** For the above consideration, Seller (s) agrees to give a good and merchantable title by Quit Claim Deed, free and clear of all encumbrances except: **NONE.**
Title to be conveyed subject to all prior restrictions, easements, conditions, encumbrances, condemnation, right of ways, joint permanent easements, covenants or restrictions of record, zoning ordinances or laws of any government authority, status of mineral rights, status of oil and gas rights, or any type leases or assignments, taxes of any type, properties in FEMA flood zone, and other matters recorded or unrecorded, known or unknown. Mobile Homes Are Sold WITHOUT TITLE. Buyer shall pay, but not limited to: HOA requirements, Buyers Occurred expense, ALL Transfer Fees and or Membership Fees, if applicable.

5) **QUIT CLAIM DEED:** QUIT CLAIM DEED shall be made to: AS DIRECTED BY THE BUYER

6) **TENANTS:** The Buyer(s) understands and acknowledges that IF properties are occupied by tenants/previous owners, they are buying the property with the tenants/previous owners in possession and purchases the property subject to the rights of the tenants/previous owners in possession and all applicable rules and regulations relating thereto. Seller and Auctioneer make no representations or warranties regarding the same.

7) **CLOSING DATE:** ALL parties agree the closing date of this sale shall be on or before **30 DAYS AFTER KNOX COUNTY COMMISSION APPROVAL.** The Seller reserves the option to extend the closing 30 days if needed to resolve title issues without further notice.

8) **TAXES:** REAL ESTATE TAXES START AT CLOSING FOR THE BUYER.

9) **BUYER(S)' AS-IS ACKNOWLEDGEMENT: The property is sold "AS-IS, WHERE-IS and WITH ALL FAULTS", without any warranties expressed, implied or guarantees of any kind or accuracy to information.** Buyer accepts all faults and defects of the property; whether known or unknown, disclosed or undisclosed, presently existing or that may hereafter arise. Purchase is not contingent upon viewing the property after purchasing. By bidding, the Buyer is agreeing that they have had the opportunity to inspect the property prior to bidding and have inspected the property and all appurtenances thereto and are agreeing that they will sign the sales contract and other required documents immediately at the conclusion of the auction or if Buyer has purchased online within 12 hours of being provided said documents for signing. It is further agreed that this contract & terms contains the entire agreement between the parties and except as contained herein and that this property is purchased on an "AS-IS, WHERE-IS and with ALL FAULTS" basis. All announcements made at the auction take precedence over all other advertising and/or any type and/or kind of material.

10) **AGENCY DISCLOSURE:** Powell Auction & Realty LLC, its auctioneer(s) and employee(s) are acting as Agent(s) and represent the Seller(s) and is compensated by the Seller(s) in this transaction.

11) **RISK OF LOSS:** Risk of loss shall remain with the Seller(s) until closing. In the event any improvements to the property be destroyed or damaged by fire or other destructive force which cannot be repaired prior to closing, this contract may be voided at the option of the Buyer(s) and the earnest money shall be returned to Buyer(s).

12) **FAILURE TO CLOSE:**

(A) If Seller(s) fails to convey the property as provided in this contract: Buyer(s) may only obtain a return of the earnest money actually deposited.

(B) If Buyer(s) fail to purchase the property as provided in this contract: Seller(s) may exercise legal remedies including suit for specific performance or damages. Seller(s) may elect to retain Earnest Money deposit as liquidated damages for breach of contract, in this case, it is agreed that Agent may retain from such Earnest Money deposit an amount not greater than his total commission of the sale had been consummated and the residue, if any, will be paid to Seller(s).

(C) Buyer(s) and Seller(s) further agree that in the event of default by either that results in litigation, all parties are responsible for their own attorney fees and costs.

13) **CONDITION OF PROPERTY:** The property will be sold by the Seller to the Buyer on an "AS-IS, WHERE-IS and WITH ALL FAULTS" basis. Buyer accepts all faults and defects of the property whether known or unknown, presently existing or that may hereafter arise. Buyer acknowledges and agrees that the Seller and the Agents have not made, does not make and specifically negates and disclaims any representations, warranties, promises, covenants, agreements or guarantees of any kind or character whatsoever, whether expressed or implied, oral or written, past, present or future, or concerning to or with respect to: **(i)** the value, nature, quality or condition of the property, including without limitation: lease or rent information; noise disturbances; waste and/or septic disposal systems; marked or unmarked cemeteries/burial grounds; soil results for septic disposal systems; city or well water, either availability, connectivity or purity of; timber; soil; earth; rock; caverns; sinkholes; wood destroying organisms or infestations; geology; utilities either availability or connectivity; acreage of parcel; square footage or condition of structure; any improvements; all photographs; age; any measurements; and working or non-working components; **(ii)** the income to be derived from the property; **(iii)** the suitability of the property for any and all activities and uses which buyer may conduct from there; **(iv)** the compliance of by the property or its operation with any laws, rules, ordinances, or regulations of any governmental authority or body; **(v)** the habitability, merchantability, marketability, profitability, or fitness for a particular purpose of the property; **(vi)** the manner or quality of the construction or materials, if any, incorporated into the property; **(vii)** the manner, quality, state of repair of the property; **(viii)** the existence of any view from the property or that any existing view will not be obstructed in the future; or **(ix)** any other matter with respect to the property, and specifically, without limitation, that seller has not made, does not make, and specifically disclaims any representation regarding compliance with the Americans with Disabilities Act or with any environmental protection, pollution or land use laws, rules, orders or requirements; including solid waste (as defined by the U.S. Environmental Protection Agency regulations at 40 c.f.r., part 261), or the disposal or existence of any type or kind of hazardous substance in or on the property, such as mold/fungus, radon, lead, asbestos, landfills, aldehydes/chemicals, pesticides, by-products of methamphetamines, or storage of any type of hazardous waste or substances AND as defined by the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, and regulations thereunder.

14) **ALL ONLINE BIDDING:** will have the same Terms & Conditions as live auctions, unless otherwise specified.

15) **FAIR HOUSING:** All parties understand that the federal Fair Housing Act of 1989 prohibits the discrimination of housing based on race, color, national origin, religion, sex, familial status, and disability and the Agents will not discriminate against anyone for any reason.

16) **TIME IS OF THE ESSENCE:** Time is of the essence in this contract.

17) **RESPONSIBILITY TO COOPERATE:** Buyer and seller agree to immediately take actions if needed to correct any clerical errors or pay any amounts due; by reason of mistake, clerical errors, omissions, or the result of erroneous information.

18) **WIRE FRAUD WARNING:** Never trust bank wiring instructions sent via email. Always independently confirm instructions in person or via a telephone call to a trusted and verified telephone number. Never wire money without double-checking that the wiring instructions are correct.

19) **GOVERNING LAW; VENUE:** This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses base on personal jurisdiction, venue and inconvenient forum.

All parties hereto bind themselves, their heirs, executors, or administrators to the faithful Performance of this agreement and affix their signatures the day and date first above written.

TERMS & CONDITIONS OF REAL ESTATE AUCTION SALE

SELLER: KNOX COUNTY TENNESSEE, A POLITICAL SUBDIVISION OF THE STATE OF TENNESSEE
ADDRESS: 1028 OLD CEDAR BLUFF ROAD – KNOXVILLE, TN 37923
KNOX COUNTY PARCEL/TAX ID: 105 078

PROPERTY INSPECTION: We recommend that you preview the property. The property is being sold "AS-IS, WHERE-IS and WITH ALL FAULTS", without any warranties expressed, implied, or guarantees of any kind or accuracy to information. All information concerning the auction sale was derived from sources believed to be correct, but not guaranteed. Buyer shall rely on his/her own information, judgment and inspection of the property and records. Agent or Seller makes no warranty as to square footage, acreage or age. All announcements made at the auction take precedence over all other advertising and/or any type and/or kind of material. Title to be conveyed subject to all prior restrictions, easements, conditions, encumbrances, condemnation, right-of-ways, joint permanent easements, covenants or restrictions of record, zoning ordinances or laws of any governmental authority, status of mineral rights, status of oil and gas rights, any type of leases or assignments, taxes of any type, properties located in FEMA Flood Zones, and other matters recorded or unrecorded, known or unknown. Mobile Homes are sold WITHOUT TITLE. By bidding, the Buyer is agreeing that they have had the opportunity to inspect the property prior to bidding and have inspected the property and all appurtenances thereto and are agreeing that they will sign the sales contract and other required documents within 12 hours of being provided said documents for signing.

TERMS: The successful high bidder on this property will be required to sign the Specific Performance Real Estate Contract immediately upon conclusion of the bidding and will make an **Earnest Money deposit of Ten Percent (10%) of the bid.** A THREE PERCENT (3%) Buyer's Premium will be added to the high bid to establish the total sales price. The balance is to be paid in full at the closing. The contract will NOT be contingent upon financing. If property is applicable, Tennessee Residential Property Exemption and Lead-Based Paint Disclosure Waiver will be a part of the sales contract. Buyer is purchasing with any remaining personal property conveying with the property to the Buyer.

SALE IS SUBJECT TO KNOX COUNTY COMMISSION APPROVAL.
Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, bidders hereby acknowledge by submission of their bid or proposal that they are current in their respective Federal, State, County, and City taxes of whatever kind or nature and are not delinquent in any way. Bidders delinquent on any taxes, or who have been delinquent within the last 5 years, of whatever kind are not eligible and risk debarment from future sales. Bids from bidders who are found to be delinquent will not be considered. In no event shall Knox County or Powell Auction & Realty be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if Knox County has been advised of the possibility of such damages. If a purchaser fails to close on a property, they forfeit their full earnest money deposit and Buyer's Premium and may be banned from future Knox County auctions.

TAXES: REAL ESTATE TAXES START AT CLOSING FOR THE BUYER.

CONDUCT OF THE AUCTION: Conduct of the auction and increments of bidding are at the discretion of the Auctioneer. The Auctioneer's decision is final in the event of a dispute over any matter. The Auctioneer reserves the right to accept bids in any increments he deems to be in the best interest of his client, and reserves the right to waive any previously announced requirements. Bid rigging and bid suppression schemes are violations of the Sherman Antitrust Act and are deemed illegal and punishable as a federal felony.

CLOSING: QUIT CLAIM DEED closing will take place within 30 DAYS AFTER KNOX COUNTY COMMISSION APPROVAL. Buyer will be advised as to the day and location of closing. Seller to furnish a QUIT CLAIM DEED only. Buyer is responsible for recording and must record the Deed.

EXCLUSIVE CLOSING AGENT: **Knox County Law Director's Office**
City County Building – 400 W Main Street, Suite 612 – Knoxville, TN 37902
865-215-5790

POSSESSION: Possession of the property will be delivered upon closing, subject to rights of tenants/previous owners in possession.

GOVERNING LAW; VENUE: This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses base on personal jurisdiction, venue and inconvenient forum.

AGENCY DISCLOSURE: Powell Auction & Realty LLC, a Tennessee Real Estate and Auction Company, and its auctioneer(s) and employee(s) are representing the Seller(s) as the Seller(s)' Agent(s).

THESE TERMS AND CONDITIONS ARE A PART OF THE CONTRACT OF SALE AND SHALL STAND AS SUCH UNTIL THE DELIVERY AND ACCEPTANCE OF THE DEED. ***SIGNED THIS 30TH DAY OF JULY, 2025:***

POWELL
Auction & Realty, LLC

WORKING WITH A REAL ESTATE PROFESSIONAL

Pursuant to the Tennessee Real Estate Broker License Act, every Real Estate Licensee owes the following duties to every Buyer and Seller, Tenant and Landlord (collectively "Buyers" and "Sellers"):

1. To diligently exercise reasonable skill and care in providing services to all parties to the transaction;
2. To disclose to each party to the transaction any Adverse Facts of which Licensee has actual notice or knowledge;
3. To maintain for each party in a transaction the confidentiality of any information obtained by a Licensee prior to disclosure to all parties of a written agency agreement entered into by the Licensee to represent either or both parties in the transaction. This duty of confidentiality extends to any information which the party would reasonably expect to be held in confidence, except for any information required by law to be disclosed. This duty survives both the subsequent establishment of an agency relationship and the closing of the transaction;
4. To provide services to each party to the transaction with honesty and good faith;
5. To disclose to each party to the transaction timely and accurate information regarding market conditions that might affect such transaction only when such information is available through public records and when such information is requested by a party;
6. To give timely account for earnest money deposits and all other property received from any party to a transaction; and
7. A) To refrain from engaging in self-dealing or acting on behalf of Licensee's immediate family, or on behalf of any other individual, organization or business entity in which Licensee has a personal interest without prior disclosure of such personal interest and the timely written consent of all parties to the transaction; and

   B) To refrain from recommending to any party to the transaction the use of services of another individual, organization or business entity in which the Licensee has an interest or from whom the Licensee may receive a referral fee or other compensation for the referral, other than referrals to other Licensees to provide real estate services, without timely disclosure to the party who receives the referral, the Licensee's interest in such a referral or the fact that a referral fee may be received.

In addition to the above, the Licensee has the following duties to Client if the Licensee has become an Agent or Designated Agent in a transaction:

8. Obey all lawful instructions of the client when such instructions are within the scope of the agency agreement between the Licensee and Licensee's client;
9. Be loyal to the interests of the client. Licensee must place the interests of the client before all others in negotiation of a transaction and in other activities, except where such loyalty/duty would violate Licensee's duties to a customer in the transaction; and
10. Unless the following duties are specifically and individually waived in writing by a client, Licensee shall assist the client by:
    - A) Scheduling all property showings on behalf of the client;
    - B) Receiving all offers and counter offers and forwarding them promptly to the client;
    - C) Answering any questions that the client may have in negotiation of a successful purchase agreement within the scope of the Licensee's expertise; and
    - D) Advising the client as to whatever forms, procedures and steps are needed after execution of the purchase agreement for a successful closing of the transaction.

Upon waiver of any of the above duties contained in 10. above, a consumer must be advised in writing by such consumer's agent that the consumer may not expect or seek assistance from any other licensees in the transaction for the performance of said duties.

This form is copyrighted and may only be used in real estate transactions in which Kenny Phillips is involved as a Tennessee REALTORS® authorized user. Unauthorized use of the form may result in legal sanctions being brought against the user and should be reported to Tennessee REALTORS® at 615- 321-1477.

Responsibilities of Sellers and Buyers regarding presence of Recording Devices:

Seller is responsible for compliance with state or federal law regarding usage of video or audio recording devices while marketing or showing the property. Seller should seek legal advice regarding their rights or limitations related to their actions.

Buyer is advised of the possibility that some properties may utilize security devices that record physical movements or audio conversations. Therefore, Buyers should limit making comments concerning the value, features, or condition while viewing any property.

AN EXPLANATION OF TERMS

Facilitator/Transaction Broker (not an agent for either party). The Licensee is not working as an agent for either party in this consumer's prospective transaction. A Facilitator may advise either or both of the parties to a transaction but cannot be considered a representative or advocate of either party. "Transaction Broker" may be used synonymously with, or in lieu of, "Facilitator" as used in any disclosures, forms or agreements. [By law, any licensee or company who has not entered into a written agency agreement with either party in the transaction is considered a Facilitator or Transaction Broker until such time as an agency agreement is established.]

Agent for the Seller. The Licensee's company is working as an agent for the property seller and owes primary loyalty to the seller. Even if the Licensee is working with a prospective buyer to locate property for sale, rent, or lease, the Licensee and licensee's company are legally bound to work in the best interests of any property owners whose property is shown to this prospective buyer. An agency relationship of this type cannot, by law, be established without a written agency agreement.

Agent for the Buyer. The Licensee's company is working as an agent for the prospective buyer, owes primary loyalty to the buyer, and shall work as an advocate for the best interests of the buyer. An agency relationship of this type cannot, by law, be established without a written buyer agency agreement.

Disclosed Dual Agent (for both parties). Refers to a situation in which the Licensee has agreements to provide services as an agent to more than one party in a specific transaction and in which the interests of such parties are adverse. This agency status may only be employed upon full disclosure to each party and with each party's informed consent.

Designated Agent for the Seller. The individual Licensee that has been assigned by the Managing Broker and is working as an agent for the Seller or property owner in this consumer's prospective transaction, to the exclusion of all other licensees in licensee's company. Even if someone else in the Licensee's company represents a possible buyer for this Seller's property, the Designated Agent for the Seller shall continue to work as an advocate for the best interests of the Seller or property owner. An agency relationship of this type cannot, by law, be established without a written agency agreement.

Designated Agent for the Buyer. The individual Licensee that has been assigned by the Managing Broker and is working as an agent for the Buyer in this consumer's prospective transaction, to the exclusion of all other licensees in the company. Even if someone else in the Licensee's company represents a seller in whose property the Buyer is interested, the Designated Agent for the Buyer shall continue to work as an advocate for the best interests of the Buyer. An agency relationship of this type cannot, by law, be established without a written agency agreement.

Adverse Facts. "Adverse Facts" means conditions or occurrences generally recognized by competent licensees that have a negative impact on the value of the real estate, significantly reduce the structural integrity of improvements to real property or present a significant health risk to occupants of the property.

Confidentiality. By law, every licensee is obligated to protect some information as confidential. This includes any information revealed by a consumer which may be helpful to the other party IF it was revealed by the consumer BEFORE the Licensee disclosed an agency relationship with that other party. AFTER the Licensee discloses that licensee has an agency relationship with another party, any such information which the consumer THEN reveals must be passed on by the Licensee to that other party.

CONFIRMATION OF AGENCY STATUS

Every real estate licensee is required to disclose licensee's agency status in a real estate transaction to any buyer or seller who is not represented by an agent and with whom the Licensee is working directly in the transaction. The purpose of this Confirmation of Agency Status is to acknowledge that this disclosure occurred. Copies of this confirmation must be provided to any signatory thereof. As used below, "Seller" includes sellers and landlords; "Buyer" includes buyers and tenants. Notice is hereby given that the agency status of this Licensee (or Licensee's company) is as follows in this transaction:

The real estate transaction involving the property located at:

POWELL
Auction & Realty, LLC

COMMERCIAL LEAD-BASED PAINT DISCLOSURE

Federal law mandates that Sellers of housing constructed prior to 1978 must complete certain Lead-Based Paint Disclosure requirements. These should be completed before the Buyer makes an offer and certainly before the Seller accepts a purchase offer, otherwise the Buyer may not be obligated under any contract to purchase such housing.

Lead Warning Statement

Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The Seller of any interest in residential real property is required to provide the Buyer with any information on lead-based paint hazards from risk assessments or inspections in the Seller's possession and notify the Buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

Property Address: 1028 Old Cedar Bluff Road Knoxville, TN 37923

Seller Disclosure

Seller to check one box below:

☒ Seller has no knowledge, records, or reports of lead-based paint and/or lead-based paint hazards in the housing.

☐ Seller is aware of the presence of lead-based paint and/or lead-based paint hazards in the housing and has provided the Buyer with all available records and reports pertaining to lead-based paint and/or lead-based paint hazards in the housing. List any records, reports and/or additional information, including but not limited to the basis for the determination that lead-based paint and/or lead-based paint hazards exists, the location of the lead-based paint and the conditions of the painted surfaces. This requirement includes records or reports regarding common areas. It also includes records or reports of other residential dwellings in multifamily housing, provided that such information is part of an evaluation or reduction of lead-based paint and/or lead-based paint hazards in the target housing as a whole. If no reports or records are available, Seller shall indicate as such.

_____

_____

Buyer Acknowledgment

1) Buyer has received copies of all records, reports and information listed above (if any);
2) Buyer has read the Lead Warning Statement (above) and understands its contents;
3) Buyer has received the lead hazard information pamphlet, "Protect Your Family From Lead In Your Home" (Copies available at http://www.hud.gov and http://www.epa.gov);
4) Buyer has received a 10-day opportunity (unless the parties mutually agreed upon a different period of time) before becoming obligated under the contract to purchase the housing to conduct a risk assessment or inspection for the presence of lead-based paint hazards. This opportunity is waived if Buyer checks the second box below.

Buyer to check one box below:

☐ Contract is subject to Buyer's approval of the results of a risk assessment or inspection of the property for the presence of lead-based paint and/or lead-based paint hazards, to be completed at the Buyer's expense. This contingency shall be satisfied **within 10 calendar days after the Binding Agreement Date.**

This form is copyrighted and may only be used in real estate transactions in which Kenny Phillips is involved as a Tennessee REALTORS® authorized user. Unauthorized use of the form may result in legal sanctions being brought against the user and should be reported to Tennessee REALTORS® at 615- 321-1477.

TRANSACTIONS TransactionDesk Edition

☒ Buyer ***waives the opportunity to conduct a risk assessment or inspection*** for the presence of lead-based paint and/or lead-based paint hazards.

Licensee Acknowledgment

Licensees have informed the Seller of the Seller's obligations under 42 U.S.C. § 4852d, as amended, and are aware of listing and selling licensees' duty to ensure compliance.

Certification of Accuracy

The Sellers, Buyers, and Licensees have reviewed the information above and certify, to the best of their knowledge, that the information they have provided is true and accurate and they have received a copy hereof.

The parties agree that the Licensees' signatures on this document are for certification and acknowledgment purposes only as required and do not make either said Licensee a party to the Purchase and Sale Agreement.

The party(ies) below have signed and acknowledge receipt of a copy.

WHEREAS, Knox County desires to have a contractor provide an online auction system for surplus property; and

WHEREAS, the Knox County Procurement Division requested proposals for this purpose and it has been determined that Liquidity Services Operations LLC dba GovDeals submitted the proposal that is most responsible and responsive and best conforms to the specifications and needs of Knox County; and

WHEREAS, the proposed contract with Liquidity Services Operations LLC dba GovDeals is effective for a one (1) year term beginning on September 1, 2025 and may be extended for four (4) additional one (1) year terms, which may result in a total of five (5) years; and

WHEREAS, Liquidity Services Operations LLC dba GovDeals has the necessary qualifications to provide the services for Knox County.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The contract with Liquidity Services Operations LLC dba GovDeals for the provision of an online auction system for surplus property is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the contract with Liquidity Services Operations LLC dba GovDeals for the provision of an online auction system for surplus property shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

Knox County Government

and

Liquidity Services Operations LLC dba GovDeals

This Contract, made and entered into this ____day of _____, 2025 between Knox County Government, hereinafter referred to as "County" and Liquidity Services Operations LLC dba GovDeals, hereinafter referred to as "Contractor".

Whereas, County requested proposals for an Online Auction System for Surplus Property, (Request for Proposals #3672) and;

Whereas, Contractor submitted a proposal in accordance with said requested specifications, the response of which is the most responsible and responsive proposal meeting specifications accepted by County;

Whereas, Contractor agrees and undertakes to provide an Online Auction System for Surplus Property for the County, as set forth in the Request for Proposals, and at the price quoted for said services by Contractor. Further, in accordance with the lawful directions of the County, the Contractor agrees in all respects, to be governed by the Request for Proposals and the Contractor's response.

Now, therefore in consideration of mutual covenants and promises contained herein, the parties hereto wish to enter into this Contract to set forth their respective rights and obligations and do mutually agree that;

Witnesseth:

1. Terms of this Contract. This Contract commences on the 1st day of September 2025 and ends the 31st day of August 2026, unless terminated in conformity with the terms of this Contract as contained in paragraphs 4 and 5. Upon the mutual agreement of the Contractor and Knox County, the contract may be extended for four (4) additional one (1) year terms. This may result in a total of five (5) years. Knox County reserves the right to obtain these services from other sources if the need arises. Knox County reserves the right to revoke the award if a pattern of unavailability arises with the Contractor.

2. Payment. County shall pay Contractor the amount as agreed upon in Contractor's written response to Request for Proposals #3672 pursuant to all payments being subject to the County's review and approval. The Contractor shall receive, upon the need of the County, written notification to proceed. The Contractor shall pursue all work diligently until completion as directed by Knox County.

3. Invoicing and reporting requirements. Contractor shall invoice Knox County upon the successful completion of services as detailed in Request for Proposals #3672. Invoices and payment reports shall be sent to:

Property Manager
Attn: Russ Lonas
1000 N. Central Street, Suite 100
Knoxville, TN 37917
russ.lonas@knoxcounty.org

4. Termination. County may terminate this Contract with or without cause, upon written notice of not less than sixty (60) calendar days. Upon termination, County will pay for services satisfactorily completed but not yet invoiced. Contractor shall not perform additional work without the prior specific written permission of County.

In the event Contractor intends to interrupt or discontinue service under this Contract, Contractor agrees to give Knox County at least sixty (60) calendar day advance written notice of said interruption or discontinuance of service prior to interrupting or discontinuing same. Any interruption or discontinuance of service without said advance notice shall constitute a material breach of this Contract.

5. Appropriations. In the event no funds are appropriated by the County for an Online Auction System for Surplus Property in any fiscal year or insufficient funds exist to provide the services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

6. Independent contractor. Contractor acknowledges that Contractor and employees serve as independent contractors and that County shall not be in any manner responsible for any payment, insurance, or incurred liability.

7. Compliance with all federal, state, and municipal laws. Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of an Online Auction System for Surplus Property and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

8. Severability clause. If any provision of this Contract is declared illegal, void, or unenforceable the remaining provisions shall not be affected but shall remain in force and in effect.

9. Prohibition against assignment. Contractor shall not assign this Contract to any party, company, partnership, incorporation, or person without prior specific written consent of County.

10. Governing Law; Venue. This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient forum.

11. Right to inspect. County reserves the right to make periodic inspections of the manner and means the services are performed.

12. Nondiscrimination and non-conflict statements. Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex or national origin, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract, or in the employment practices of Contractor. Contractor shall upon request show proof of such non-discrimination, and shall post in conspicuous places available to all employees and applicants notices of non-discrimination.

13. Books and records. Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the service under this Contract and make such materials available at their offices at all reasonable times during the contract period and for five (5) years from the date of the final payment under the Contract for inspection by County or by any other governmental entity or agency participating in the funding of this Contract, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this Contract.

14. Contractor shall indemnify**,** defend, save and hold harmless, County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the Contract by Contractor, its subcontractors, suppliers, agents or employees or due to any negligent act or occurrence or any omission or commission of Contractor, its subcontractors, suppliers, agents, or employees.

15. Delivery. Contractor shall render Consulting Services for an Online Auction System for Surplus Property in accordance with Request for Proposals #3672.

16. Tax Compliance. Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its bid and signature that it is current in its respective Federal, State, County, and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Procurement Division.

17. Limitations of liability. In no event shall County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if County has been advised of the possibility of such damages.

18. Contract documents. It is mutually agreed by both parties that the following documents are made part of this Contract and are incorporated herein by reference:

A. Request for Proposals #3672 and Addendum I to Request for Proposals #3672
B. Contractor's Response to Request for Proposals #3672

It is agreed that this Contract, represents the **entire Contract** between the parties and no prior representations, promises, and agreements, oral or otherwise, not embodied herein, shall be of any force or effect.

In witness whereof, the parties hereto have caused this Contract to be executed in one original copy on the day and year first above written.

Attachment A
Request for Proposals #3672 and Addendum I to Request for Proposals #3672

The Procurement Division of Knox County, Tennessee will receive sealed proposals for the provision of **Online Auction System for Surplus Property** as specified herein. Proposals must be received by **2:00 p.m. local time** on **July 23, 2025**. Late proposals will neither be considered nor returned.

Deliver Proposal To:

Proposal Number 3672
Knox County Procurement Division
Suite 100
1000 North Central Street
Knoxville, Tennessee 37917

The Proposal Envelope must show the Company Name, Proposal Number, Proposal Name & Proposal Closing Date.

SECTION I GENERAL TERMS AND CONDITIONS

1.1 **ADDITIONAL INFORMATION:** Knox County wants requests for additional information routed to Ben Sharbel, CPPO, CPPB, Supervisor of Property Development and Asset Management, at 865.215.5765. Questions may be emailed to ben.sharbel@knoxcounty.org. Information about the Knox County Procurement Division and current solicitations may be obtained on the internet at www.knoxcounty.org/procurement.

1.2 **ACCEPTANCE:** Vendors shall hold their proposal firm and subject to acceptance by Knox County for a period of ninety (90) calendar days from the date of the proposal closing.

1.3 **ALTERNATIVE PROPOSALS:** Knox County will not accept alternate proposals. Proposers must strictly adhere to the proposal format in Section V.

1.4 **AUDIT HOTLINE:** Knox County has established an Audit Hotline to report potential fraud and waste. To report potential fraud, waste or abuse file a report online by accessing **https://www.knoxcounty.org/audit/hotline.php.**

Vendors are hereby cautioned that this Audit Hotline does not replace the Award Protest Procedures found in Section VI, Item M of the Knox County Procurement Regulations.

1.5 **AWARD:** Award will be made to the most responsive, responsible proposer(s) meeting specifications, who presents the product and/or service that is in the best interest of Knox County. Knox County reserves the right to award this proposal on an all-or-none basis or by multiple award. **Knox County reserves the right to not award this proposal.** Award will be made in accordance with the evaluation criteria specified herein.

1.6 **BUSINESS OUTREACH PROGRAM:** Knox County has established a Business Outreach Program, which has the responsibility of increasing opportunity for small, minority and women owned businesses. This is being accomplished through community education programs, policy edification, active recruitment of interested businesses and process re-engineering.

Knox County is committed to ensuring full and equitable participation for all disadvantaged businesses. Knox County welcomes submittals from those disadvantaged businesses who have an interest in providing goods and/or services listed herein. In addition, Knox County strongly encourages the inclusion of disadvantaged businesses by non-disadvantaged contractors who may wish to partner or subcontract portions of this agreement in order to accomplish the successful delivery of goods and/or services. If you are a disadvantaged business and would like additional information about our Business Outreach Program please contact:

Diane Woods, CPPB, Business Outreach Administrator
Knox County Procurement
Telephone: 865.215.5760
Fax: 865.215.5778
E-Mail: diane.woods@knoxcounty.org

1.7 **CONFLICT OF INTEREST:** Vendors must have read and complied with the “non-conflict of interest” statement provided in the vendor registration process prior to the closing of this solicitation.

1.8 **COPIES:** Knox County **requires** that all proposals be submitted with one (1) **marked original** and two (2) exact copies. Proposers **must** also scan their entire response into one (1) .pdf file and submit on a flash drive.

1.9 **DECLARATIVE STATEMENT:** Any statement or words (e.g.: must, shall, will) are declarative statements and the vendor **must** comply with the condition. Failure to comply with any such condition may result in their proposal being non-responsive and disqualified.

1.10 **DEFAULT:** Knox County reserves the right, in case of Contractor default, to terminate the Contract and hold the defaulting Contractor responsible for any excess costs occasioned thereby. Should the Contractor default be due to a failure to perform, Knox County reserves the right to remove the Contractor from the County's bidder's list for twenty-four (24) months.

1.11 **DESTINATION AND DELIVERY:** Proposers must include all destination and delivery charges in their price**. There will be no extra hidden charges. Delivery must be "free on board" to the County department.**

1.12 **ELECTRONIC TRANSMISSION OF PROPOSALS:** Due to the nature of this solicitation, the Knox County Procurement Division **will not** accept electronically submitted proposals. Email and facsimile submission is strictly prohibited.

1.13 **HOW TO DO BUSINESS:** Knox County utilizes a web-based Procurement software system, "KnoxBuys". The system provides our clients (vendors, county departments and the citizens of Knox County) with a more enhanced and end-user friendly means of accessing our services. The system allows for on-line vendor registration and maintenance, electronic receipt of purchase orders, on-line retrieval and submittal of quotes, bids and proposals for our vendor-clients and on-line requisitioning and receiving for our county departments. In order for the County to maximize its investment and minimize the cost associated with office operations we need your help. When doing business with Knox County we are urging you to please go to our website at www.knoxcounty.org/procurement, register as a vendor in our on-line Procurement system, "KnoxBuys", if you have not done so and whenever possible to conduct your business with the County through this site. If you have any questions, please contact the Procurement Division Representative listed in Section 1.1 of this document.

1.14 **INCURRED COSTS:** Knox County will not be liable in any way for costs incurred by any proposer in the preparation and submission of its proposal in response to this RFP, nor for the presentation of its proposal and/or participation in any required meetings, discussions or negotiations. If any oral presentations are required, Knox County advises vendors to be thorough and complete in submission of information.

1.15 **NON-COLLUSION:** Vendors, by submitting a signed proposal, certify that the accompanying proposal is not the result of, or affected by, any unlawful act of collusion with any other person or company engaged in the same line of business or commerce, or any other fraudulent act punishable under Tennessee or United States law.

1.16 **PAYMENT METHOD:** Knox County utilizes two (2) methods of placing orders for products/services. The first is the use of Purchase Orders. These Purchase Orders will be issued from Knox County Procurement Division via the method selected by the vendor during registration. The Purchase Order will detail the quantity, specific item(s) and the contracted price for each item.

The second method is the use of the Knox County Credit Card (VISA). Knox County intends to pay for these products using either a Knox County issued purchase order or a Knox County purchasing card (VISA). Vendors must be able to accept the Knox County credit card (VISA) for these types of transactions. Proposers that are not able to accept the credit card will not be considered for this term contract.

1.17 **POSSESSION OF WEAPONS:** All vendors and their employees and their agents are prohibited from possessing any weapons on Knox County property without prior written consent from the County. In the case of a vendor whose contract requires possession of firearms or other weapons to successfully complete their contract, vendor must provide personnel who are bonded to bear said weaponry.

1.18 **PROCESSING TIME FOR PAYMENT:** Vendors are advised that a minimum of thirty (30) days may be required to process invoices for payment.

1.19 **PROOF OF FINANCIAL AND BUSINESS CAPABILITY:** Vendors must, upon request, furnish satisfactory evidence of their ability to furnish products or services in accordance with the terms and conditions of these specifications. Knox County will make the final determination as to the vendor's ability.

1.20 **PROPOSAL DELIVERY:** Knox County **requires** proposers, when hand delivering proposals, to time and date stamp the envelope before depositing it in the proposal box. Knox County will not be responsible for any lost or misdirected mail. The time clock in the Procurement Division shall serve as the official record of time. Knox County shall not be responsible for deliveries of proposals to addresses other than the address listed on Page 1.

Solicitations must be in a sealed envelope/box prior to entering the Procurement Division office. Procurement Division personnel are not allowed to see the submittal nor assist in placing documents in an envelope/box. Additionally, the Procurement Division is not responsible for providing materials (e.g.: envelopes, boxes, tape) for submittals.

1.21 **RECYCLING:** Knox County, in its continuing efforts to lessen the amount of landfill waste and to further recycling efforts, requests that proposals being submitted on paper shall:

- Be submitted on recycled paper
- Not include pages of unnecessary advertising
- Be made on both sides of each sheet of paper

1.22 **RESTRICTIVE OR AMBIGUOUS SPECIFICATIONS:** It is the responsibility of the prospective proposer to review the entire Request for Proposal (RFP) packet and to notify the Procurement Division if the specifications are formulated in a manner that would unnecessarily restrict competition. Any such protest or question regarding the specifications or proposal procedures must be received in the Procurement Division by **July 9, 2025 at 4:30 p.m. local time**. These requirements also apply to specifications that are ambiguous.

1.23 **SIGNING OF PROPOSALS:** When submitting your proposal, in order to be considered, all proposals **must** be signed. Please sign the original in blue ink.

1.24 **TAXES:** Knox County purchases are not subject to taxation. Tax exemption certificates will be provided upon request.

1.25 **TITLE VI OF THE 1964 CIVIL RIGHTS ACT:** "Non-discrimination in Federally Assisted Programs" - "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." 42 U.S.C. section 2000 et seq. It is the policy of Knox County Government that all its services and activities be administered in conformance with the requirements of Title VI.

1.26 **UNFORESEEN CIRCUMSTANCES:** During periods of closure due to unforeseen circumstances in Knox County or closures at the direction of the Knox County Mayor, the Procurement Division will enact the following procedures in regards to solicitations and closures:

- If the Mayor closes the Administrative offices prior to the time set for solicitation opening of any business day, all solicitations due that same day will be moved to the next operational business day.
- Other unforeseen circumstances shall be at the sole discretion of the Procurement Director.
- Knox County shall not be liable for any commercial carrier's decision regarding deliveries during any unforeseen circumstances.

1.27 **VENDOR REGISTRATION:** Prior to the closing of this proposal, ***ALL PROPOSERS*** must be registered with the Procurement Division. A vendor application may be submitted online at www.knoxcounty.org/procurement. Select the On-Line Vendor Registration link and complete the forms. Vendors must be registered with the Procurement Division **prior** to submitting their proposal. Knox County shall not be responsible for technical difficulties experienced by vendors trying to register less than twenty-four (24) hours prior to the bid opening time.

1.28 **WAIVING OF INFORMALITIES:** Knox County reserves the right to waive minor informalities or technicalities when it is in the best interest of Knox County.

SECTION II OBLIGATIONS, RIGHTS AND REMEDIES

These terms and conditions shall be part of the contract. Knox County reserves the right to negotiate other terms and conditions it deems appropriate and necessary under the circumstances to protect the public's trust.

2.1 **ALTERATIONS OR AMENDMENTS:** No alterations, amendments, changes, modifications or additions to this Contract shall be binding on Knox County without the prior written approval of the County.

2.2 **APPROPRIATION:** In the event no funds are appropriated by Knox County for the goods or services in any fiscal year or insufficient funds exist to purchase the goods or services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

2.3 **ASSIGNMENT:** Contractor shall not assign or sub-contract this agreement, its obligations or rights hereunder to any party, company, partnership, incorporation or person without the prior written specific consent of Knox County.

2.4 **BOOKS AND RECORDS:** Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the goods and services provided under this Contract and make such materials available at its offices at all reasonable times during the contract period and for five (5) years from the date of the final payment under this agreement for inspection by County or by any other governmental entity or agency participating in the funding of this agreement, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this agreement.

2.5 **CHILD LABOR:** Contractor agrees that no products or services will be provided or performed under this Contract that have been manufactured or assembled by child labor.

2.6 **COMPLIANCE WITH ALL LAWS:** Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of goods and/or services, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

2.7 **DEFAULT:** If Contractor fails to perform or comply with any provision of this Contract or the terms or conditions of any documents referenced and made a part hereof, Knox County may terminate this Contract, in whole or in part, and may consider such failure or noncompliance a breach of contract.

Knox County expressly retains all its rights and remedies provided by law in case of such breach, and no action by Knox County shall constitute a waiver of any such rights or remedies. In the event of termination for default, Knox County reserves the right to purchase its requirements elsewhere, with or without competitive solicitation.

2.8 **GOVERNING LAW; VENUE:** This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses based on personal jurisdiction, venue and inconvenient forum.

2.9 **INCORPORATION:** All specifications, drawings, technical information, Request for Proposal, Proposal Award and similar items referred to or attached or which are the basis for this Contract are deemed incorporated by reference as if set out fully herein.

2.10 **INDEMNIFICATION/HOLD HARMLESS:** Contractor shall indemnify, defend, save and hold harmless Knox County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the agreement by Contractor, its subcontractors, suppliers, agents, or employees or due to any negligent act or occurrence or any omission or commission of Contractor, its subcontractors, suppliers, agents or employees.

2.11 **INDEPENDENT CONTRACTOR:** Contractor shall acknowledge that it and its employees serve as independent contractors and that Knox County shall not be responsible for any payment, insurance or incurred liability.

2.12 **INSPECTION AND ACCEPTANCE:** Warranty periods shall not commence until Knox County inspects and formally accepts the goods and/or services. The terms, conditions and timing of acceptance shall be determined by Knox County. Knox County reserves the right to reject any or all items or services not in conformance with applicable specifications, and Contractor assumes the costs associated with such nonconformance. Acceptance of goods or services does not constitute a waiver of latent or hidden defects or defects not readily detectable by a reasonable person under the circumstances.

2.13 **IRAN DIVESTMENT ACT:** By submission of this RFP, each respondent and each person signing on behalf of any respondent certifies, and in the case of a joint submittal each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each respondent is not on the list created pursuant to Tennessee Code Annotated § 12-12-106. Proposers must submit with their proposals the completed Exhibit A Iran Divestment Act/ No Boycott of Israel.

2.14 **LIMITATIONS OF LIABILITY:** In no event shall Knox County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if Knox County has been advised of the possibility of such damages.

2.15 **NO BOYCOTT OF ISRAEL:** Pursuant to Tennessee Code Annotated Title 12, Chapter 4, Part 1, by submission of a response to this solicitation, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint response each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each proposer is not currently engaged in, and will not for the duration of the contract engage in, a boycott of Israel. Proposers must submit with their proposals the completed Exhibit A Iran Divestment Act/ No Boycott of Israel.

2.16 **NON-DISCRIMINATION AND NON-CONFLICT STATEMENT:** Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex, national origin, or any trait or characteristic found to be an illegal consideration, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this agreement, or in the employment practices of vendor. Contractor shall upon request show proof of such non-discrimination, and shall post in conspicuous places available to all employees and applicants notices of non-discrimination. Contractor covenants that it complies with the Fair Wage and Hour Laws, the National Labor Relations Act, and other federal and state employment laws as applicable. Contractor covenants that it does not engage in any illegal employment practices.

Contractor covenants that it has no public or private interest, and shall not acquire directly or indirectly any interest which would conflict, in any manner, with the provision of its goods or performance of its services. Contractor warrants that no part of the total contract amount provided herein shall be paid directly or indirectly to any officer or employee of Knox County as wages, compensation, or gifts in exchange for acting as officer, agent, employee, subcontractor or consultant to Contractor in connection with any goods provided or work contemplated or performed relative to the agreement.

2.17 **ORDER OF PRECEDENCE:** In the event of inconsistent or conflicting provision of this Contract and referenced documents, the following descending order of precedence shall prevail: (1) Contract, (2) Request for Proposal (3) Contractor's Response, (4) Award, (5) Special Terms and Conditions, (6) General Terms and Conditions, (7) Specifications, (8) Drawings.

2.18 **REMEDIES:** Knox County shall have all rights and remedies afforded under the U.C.C. and Tennessee law in contract and in tort, including but not limited to rejection of goods, rescission, right of offset, refund, incidental, consequential and compensatory damages and reasonable attorney's fees.

2.19 **RIGHT TO INSPECT:** Knox County reserves the right to make periodic inspections of the manner and means the service is performed or the goods are supplied.

2.20 **SEVERABILITY:** If any provision of this Contract is declared illegal, void or unenforceable, the remaining provisions shall not be affected but shall remain in force and in effect.

2.21 **TAX COMPLIANCE:** Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges by submission of their signed bid or proposal that they are current in its respective Federal, State, County and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Procurement Division.

2.22 **TERMINATION:** Knox County may terminate this agreement with or without cause at any time. In the event of termination by either party, fees due for services satisfactorily performed or goods accepted prior to the termination date shall be paid.

2.23 **WARRANTY:** Contractor warrants to Knox County that all items delivered and all services rendered shall conform to the specifications, drawings, proposal and/or other descriptions furnished and/or incorporated by reference, and will be fit for the particular purpose purchased, of merchantable quality, good workmanship, and free from defects.

Contractor extends to Knox County all warranties allowed under the U.C.C. Contractor shall provide copies of warranties to the County. Return of merchandise not meeting warranties shall be at contractor's expense.

SECTION III SPECIAL TERMS AND CONDITIONS

3.1 **INTENT:** The intent of this proposal is to set forth and convey to prospective proposers the general requirements for an Online Auction System for Surplus Property for Knox County. Award will be based on Best Value. Best Value means more than low cost. It includes initial cost, service quality, and other factors detailed herein.

3.2 **ACCEPTANCE:** Proposers are advised that the payment of an invoice does not necessarily constitute as an acceptance of services that are provided. Acceptance requires a specific written action by Knox County so stating.

3.3 **ADDITIONS/DELETIONS:** Knox County reserves the right to add goods and/or services or delete goods and/or services that Knox County deems necessary. Any additions/deletions must be approved in writing by Knox County Procurement prior to any changes in service.

3.4 **AWARD STATUS:** Knox County intends to issue a one (1) year award. Upon the mutual agreement of each vendor and Knox County, the award may be extended for four (4) additional years, one (1) year at a time. This may result in a total of five (5) years. Knox County reserves the right to purchase these items/services from other sources if the need arises. Knox County reserves the right to revoke the award if a pattern of unavailability arises with the vendor. Should Knox County desire not to renew, no reason needs to be given.

3.5 **CHANGES AFTER AWARD:** It is possible that after award, Knox County might change its needs or requirements. Knox County reserves the right to make such changes after consultation with the vendor. Should additional costs arise, Knox County reserves the right to consider accepting these charges provided the vendor can document the increased costs. Knox County also reserves the right to accept proposed service changes from the vendor if they will lower the cost to Knox County and/or provide improved service.

3.6 **COMPLIANCE WITH ALL APPLICABLE REGULATIONS:** Successful proposer agrees and covenants that the company, its agents and employees will comply with all City, County, State and Federal codes, laws, ordinances, rules and regulations applicable to the business to be conducted under this Contract. If the vendor performs any work knowing it to be contrary to such codes, laws, ordinances, rules and regulations, the vendor shall bear all costs arising from them.

3.7 **CONTACT PERSONNEL:** It shall be essential to the success of this Contract to develop a good working relationship with the Contractor. It is imperative that the Knox County account be handled efficiently and professionally. Knox County should be assigned no more than two (2) Contractor contacts to handle billing inquiries and service related issues. In the event one (1) or both contacts leave the Knox County account, the Contractor shall formally introduce the new contacts to County personnel. These contacts must be knowledgeable of the Knox County account to avoid any interruption of service.

3.8 **CONTRACT EXECUTION:** The award of this proposal may result in a Contract between Knox County and the successful vendor. The Contract must be voted on by Knox County Commission and receive a majority vote. The successful vendor may be required to be present at the Knox County Commission Meetings to answer questions relating to the services performed.

Adequate notification will be given by the Knox County Procurement Division if the vendor will need to attend the meetings. The Knox County Procurement Division will draft the Contract. Knox County **will not** accept any vendor's contract. If these types of Master Agreements, Service Agreements, Terms of Agreements, or other submitted contract agreements/forms are submitted they **will not** be accepted. Vendors are hereby cautioned that the Knox County Mayor is the only individual who can legally bind Knox County to a contractual agreement.

3.9 **EVALUATION CRITERIA:** This proposal will be evaluated using the following criteria:

Cost	40 Points
System Capabilities	35 Points
Qualifications and Experience	25 Points

Knox County may select an Evaluation Committee for this solicitation to thoroughly review and score all submitted responsive and responsible proposals. Each evaluator will have the ability to award up to 100 points, based on the Evaluation Criteria, per submission.

3.10 **EVALUATION REVIEW:** Knox County reserves the right to use all pertinent information that might affect the County's judgment as to the appropriateness of an award to the best evaluated proposer. This information may be appended to the proposal evaluation process results. Information on a service provider from reliable sources, and not within the service provider's proposal, may also be noted and made part of the evaluation file. Knox County shall have sole responsibility for determining a reliable source. Knox County reserves the right to conduct written and/or oral discussions/interviews after the proposal closing. The purpose of such discussions/interviews is to provide clarification and/or additional information to make an award that is in the best interest of Knox County.

3.11 **EXCEPTIONS TO SPECIFICATIONS:** Vendors taking exception to any part or section of these specifications shall indicate such exceptions in their proposal response. Failure to indicate any exceptions shall be interpreted as the vendor's intent to fully comply with the specifications as written. Conditional or qualified offers are subject to rejection in whole or in part. Any exceptions shall be included in Section V, Part VIII of the submittal.

3.12 **GRATUITIES AND KICKBACKS:** It shall be a breach of ethical standards for any person or company to offer, give, or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim, or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therefore.

3.13 **NEGOTIATION:** Knox County may select a successful Proposer on the basis of initial offers received without discussions. Therefore, each proposal shall contain the Proposer's best terms from a service and cost standpoint. Knox County reserves the right to enter into Contract negotiations with the highest-rated Proposer. If Knox County and the selected Proposer cannot negotiate a successful agreement, Knox County may terminate said negotiations and begin negotiations with the next highest-rated Proposer. This process will continue until a Contract has been executed or all proposals have been rejected. No Proposer shall have any rights against Knox County arising from such negotiations.

3.14 **NEWS RELEASES BY VENDORS:** As a matter of policy, Knox County/KCS does not endorse the services of a Contractor. A Contractor will not make news releases concerning any resultant contract from this solicitation without the prior written approval of Knox County/KCS.

3.15 **PROHIBITION AGAINST DISSEMINATING INFORMATION:** Contractor shall not sell, disburse, disseminate or in any other way provide information to any outside party without the expressed written consent of Knox County.

3.16 **PROPOSAL CONTENT:** The Proposer's response must contain a thorough description of the background of the Proposer and sufficient evidence showing that the Proposer is capable of providing the services. The Proposer's response must thoroughly expound on the Proposer's understanding of how the proposed services will meet Knox County's needs. The proposal must also contain an explanation of the implementation plan and the Proposer's ongoing commitment to service.

3.17 **PROPOSAL EVALUATION:** In evaluating the proposals, Knox County reserves the right to use any or all of the ideas from the proposals submitted without limitation and to accept any part or all, of the successful proposal in selecting an operation which is judged to be in the best interest of the Knox County. All material submitted becomes the property of Knox County.

3.18 **PROPOSER INTERVIEWS:** Knox County reserves the right to request proposers to demonstrate their capabilities from those displaying a thorough knowledge of the intent of this RFP. The purpose of these interviews is to gain additional insight into the capabilities and features of the proposed services and to ask questions regarding any portion of same.

3.19 **PROPOSAL FORMAT:** This solicitation is in the Request for Proposal (RFP) format. At the specified date and time, each Proposer's name will be publicly read aloud. No further information will be given at that time. Evaluation of the proposals will proceed as expeditiously as possible and successful, as well as unsuccessful, notification will be given.

3.20 **PUBLIC RECORDS ACT:** Knox County is subject to the Tennessee Public Records Act 10-7-503 et seq. Proposers are cautioned that all documents submitted on behalf of this Request for Proposal (RFP) shall be open to the public for viewing and inspection, and Knox County will comply with all legitimate requests.

3.21 **QUALIFICATION OF PROPOSERS:** Each Proposer may be required, before the award of any contract, to show to the complete satisfaction of the Procurement Director that it has the necessary facilities, ability, and financial resources to furnish the service specified herein in a satisfactory manner, and the Proposer may also be required to show past history and references which will enable the Procurement Director to be satisfied as to the proposer's qualifications. Failure to qualify according to the foregoing requirements will justify rejection.

3.22 **REJECTION OF PROPOSALS:** Knox County reserves the right to reject any and all proposals received as a result of this request and to waive any informality, technical, defect or clerical error in any proposal, as the interests of the County may require. Non-acceptance of any proposal will be devoid of any criticism of the proposal and of any implication that the proposal is deficient in any manner. Non-acceptance of any proposal shall be construed as meaning simply that the County does not deem the proposal to be acceptable or that another proposal was deemed to be more advantageous to Knox County for the particular services proposed.

3.23 **REMOVAL OF VENDOR'S EMPLOYEES:** The successful Contractor agrees to utilize only experienced, responsible and capable people in the performance of the work. Knox County may require that the successful Contractor remove from the job covered by this contract, employees who endanger persons or property or whose continued association under this contract is inconsistent with the interest of Knox County.

3.24 **SUBMIT QUESTIONS:** Prospective proposers may submit questions concerning this solicitation until **July 9, 2025 at 4:30 p.m. local time**. Submit questions as noted in Section 1.1.

3.26 **THIRD-PARTY CONTRACTORS:** Contractors whom submit a proposal and plan on using a third party for providing any service for their proposal, must have expressed written approval from Knox County before proceeding with the service. Contractors and their third party must adhere to all terms and conditions set forth for this proposal. Knox County will not have any contractual liability for any third-party Contractors. All third-party contractors that may be used for providing services must be listed in the proposal.

SECTION IV SPECIFICATIONS

4.1 **SCOPE OF WORK:** Knox County desires a turnkey solution that will be used to sell surplus assets via an online auction. The following features/services must be included:

- Self-service functionality so that Knox County employees may securely post and manage each auction
- Widespread marketing, customer database, and outreach to potential bidders
- Real-time, secure reporting
- Real-time assistance with posting/managing auctions
- Real-time assistance for bidders
- On demand training for new employees and system upgrades
- Secure, online payment collection

4.2 **REPORTS:** Knox County requires the system to have a reporting function accessible in real-time. The reporting function shall include at a minimum the following items:

- Date/Time of Sale of Asset
- ID Number of Knox County Asset
- Customer name, address, phone, and email address
- Price that asset sold for
- Additional Price charged to customer (ie: buyer's premium)
- Total payment amount to County

4.3 **SYSTEM CAPABILITIES:** Proposers must provide a complete description of the proposed system. At a minimum, each proposal should address the following:

- How Knox County posts an item on the site
- How a bidder submits a bid
- What requirements a bidder must meet in order to qualify to bid on an item
- How Knox County is notified
- How a successful bidder is notified
- How Knox County changes an item or re-posts an item
- Description of customer support for Knox County and for proposer
- Collection of Auction proceeds
- Any charges to Knox County and charges to the customer
- System security (payment collection, fraud prevention, etc.)

SECTION V PROPOSAL FORMAT

Proposers shall use the following format for the preparation and submission of their proposals. Failure to follow this format may be just cause for rejection of proposals. Cost of preparation of proposals is the sole responsibility of the proposer. Knox County requires that proposals being submitted be one (1) marked original and two (2) exact copies. An electronic copy on flash drive, in one complete file, is also required.

Part I **SIGNED (in blue ink) TRANSMITTAL LETTER AUTHORIZING THE PROPOSAL**

Part II **PROPOSER INFORMATION**

- Company Name, Address, and telephone numbers
- Contact name(s), telephone number(s), and current email address
- Proposers Vendor Number as assigned by Knox County Procurement Division
- Proposer's Knox County Business License (if applicable)
- Proposer's Employer Identification Number (EIN)
- Copies of licenses and professional certifications for company and key personnel
- Acknowledgment of Addenda (if applicable)

Part III **COST**

Proposers must state the fee structure. All costs must be included and a description of how fees are collected (i.e. invoices, buyer's premium, etc.)

Part IV **SYSTEM CAPABILITIES**

Proposers must provide a complete description of the capabilities of the proposed system addressing in detail all of the specifications listed in Section IV above. Proposers are to provide details regarding how the system is marketed both locally and elsewhere as well as outreach to potential bidders. Proposers should include any information necessary including but not limited to system screenshots, sample reports, sample training materials, etc. to describe the complete capabilities of the proposed system/solution.

Part V **QUALIFICATIONS AND EXPERIENCE**

- Proposers must provide a brief description of the firm submitting the proposal including background, organizational history, and office location(s).
- Proposers must provide number of years providing services (as the submitting entity) similar to those requested in the RFP.
- Proposers are to detail the capability and relevant experience of the personnel providing the services requested in the RFP.
- Proposers are to provide a comprehensive record of public sector clients currently using the proposed system.
- Include other information necessary to provide the firm's complete qualifications and experience to provide the services listed in this RFP.

Part VI **ATTACHMENT**

- Submit the Affidavit of Compliance with the Iran Divestment Act & No Boycott of Israel (Exhibit A) per Sections 2.13 and 2.15.

Part VII **ADDITIONAL INFORMATION**

Proposers may submit additional information that may add value to their proposal.

Part VIII **EXCEPTIONS**

Proposers are to include any and all exceptions taken to this solicitation under this part per Section 3.11. Do not mark through or otherwise alter the language of this RFP in your response

Failure to include any of the above information or any other information requested may result in the proposer being disqualified.

EXHIBIT A
KNOX COUNTY PROCUREMENT DIVISION
IRAN DIVESTMENT ACT/NO BOYCOTT OF ISRAEL
RFP NUMBER 3672

By submission of this proposal, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint proposal each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each proposer is not on the list created pursuant to Tennessee Code Annotated Section 12-12-106.

Pursuant to Tennessee Code Annotated Title 12, Chapter 4, Part 1, by submission of a response to this solicitation, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint response each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each proposer is not currently engaged in, and will not for the duration of the contract engage in, a boycott of Israel.

Addendum I to Request for Proposals 3672
Online Auction System for Surplus Property

Addendum Date: **July 16, 2025** **Buyer:** **Ben Sharbel**

Closing Date: **July 23, 2025 at 2:00 p.m.** **Total Page(s):** **Two (2)**

Questions and Answers:

Question 1: Can you share the sales data from 2022,2023 and 2024?

Answer 1: 2022: $386,346.90
2023: $664,897.63
2024: $496,643.58

Question 2: Have any of the assets been seized?

Answer 2: This data is not available. While it is possible for seized assets to be sent as surplus, it is rare.

Question 3: Are vehicles and equipment included in this solicitation? If yes, who is responsible for removing decals and doing light detail services?

Answer 3: Yes. Decals are removed before they item is delivered to Property Management. Items are sold as-is.

Question 4: Will salvage or total loss assets be included in this solicitation?

Answer 4: Yes.

Question 5: Is a sales commission to the county part of the " PART III " under the proposal format?

Answer 5: That is up to the Proposer.

Question 6: Will any of the assets be transported to the proposer's property? If yes, who is responsible for the transportation cost?

Answer 6: No.

Question 7: If the assets will only be sold on county property, is there any available support staff that can assist with photos, preview day or buyer pickups?

Answer 7: County staff handles all photos, uploads to the sales website, previews, and pickups.

Question 8: Can the assets be sold in the proposers regular weekly sale or will they need to be sold separately?

Answer 8: County staff manages the sales online determining in-house the beginning/ending date of each sale. Items are sold as they are delivered, via item or groups of items as determined by County staff. A single weekly sale is not preferred.

Question 9: Can the proposer use its regular tiered buy fee schedule?

Answer 9: That is up to the Proposer.

End of Addendum I.

RE: Response to Online Auction System for Surplus Property RFP

Dear Evaluation Committee:

Liquidity Services Operations LLC dba GovDeals is pleased to submit our proposal in response to the **Online Auction System for Surplus Property** Request for Proposals Number 3672.

With 20+ years as partners, Knox County is aware that GovDeals is the largest online marketplace providing government-specific auction services. We understand that Knox County seeks an online auction system for its surplus property. GovDeals can assure the County that our services will continue to meet and exceed the County's objectives through a comprehensive and well-structured plan.

Our approach to implementing and performing these services includes the following key elements:

- **Strategies and Safeguards:** Our services include a robust auction process, from vehicle preparation to final sale. We will ensure performance through regular monitoring, quality control measures, and risk management practices.
- **Project Management:** We use a structured project management method that includes assigning key team members to manage your auctions and being available for consultations and adjustments at every step.
- **Tracking and Reporting in Real-Time:** Our system provides access to instant, real-time reports that cover surplus sale items, bid details, winning bidders' names, and cumulative data within your chosen date range. Purchasing officials can be confident that their processes align with surplus disposition policies, and data can easily be exported to Microsoft Excel for further analysis and record-keeping.
- **Equipment and Software Considerations:** Our web-based platform requires no hardware or software installation.
- **Training and Ongoing Support:** We will onboard the County's account and provide ongoing support to ensure smooth operations and maximum efficiency. Our dedicated account manager and customer support help desk are available for technical support and best practice recommendations.

We are confident that our premier government auction service will achieve your objectives and provide a seamless and efficient disposition process for your surplus sales needs. We look forward to continuing to work with Knox County and contributing to your success.

Respectfully submitted,

Scott Starcher
Vice President, Operations

Proposers Vendor Number as assigned by Knox County Procurement Division

GovDeals Vendor ID is 76647.

Proposer's Knox County Business License (if applicable)

In lieu of a business license, we have provided the necessary documentation to demonstrate that GovDeals does not require a license. Please see the following pages.

STATE OF TENNESSEE
DEPARTMENT OF REVENUE

Certificate of Registration
Business Tax

May 19, 2022

Letter ID: L1923100032
Account ID: 1001026850-BUS
Account Type: Business Tax
Effective Date: October 1, 2021

GILMA CHUTE
LIQUIDITY SERVICES OPERATIONS LLC
1920 L ST NW FL 6
WASHINGTON DC 20036-5004

You have filed an application for business tax registration for the business at the location shown below:

Location No.: 1001528248

Location Address: LIQUIDITY SERVICES OPERATIONS LLC
6931 ARLINGTON RD STE 200
BETHESDA MD 20814-5269

To ensure proper processing of your correspondence or return, please include your account ID on all documents you submit to the Department of Revenue.

Business Licenses
This certificate is not your business license. To complete your registration, you must get a business license from your county and/or city clerk. You must pay a $15 fee to the city and/or county clerk for each initial license. If you have not already paid this fee locally, please contact your city and/or county clerk. You need a certificate of registration and a business license for each of your business locations.

Taxpayers in these business tax classifications **are not required** to obtain a business license:

- Classification 1, 2, 3, and 4B taxpayers with no established physical location in Tennessee,
- Classification 4A contractors with no established physical location in Tennessee and with $50,000 or less in sales in any city or county,
- Classification 5A taxpayers (industrial loan and thrift companies)

Note that out-of-state Classification 4A contractors must get a business license in any city and/or county where they earn more than $50,000 in compensation.

Tax Returns
Taxpayers must file and pay business tax returns online. You must file your consolidated business tax return each year on the 15th day of the fourth month after the close of your business year end. If your business is set up on a calendar year, your tax return is due April 15 of the following year. To avoid penalty and interest charges, taxpayers must file all returns and payments on or before the due date.

TAX DEPARTMENT
LIQUIDITY SERVICES OPERATIONS LLC
6931 ARLINGTON RD STE 200
BETHESDA MD 20814-5269

Letter ID: L2107985280
Account ID: 1000093042-SLC
Account Type: Sales and Use Tax

The above named taxpayer has been granted authority in accordance with Tenn. Code Ann. § 67-6-102 and Tenn. Comp. R. & Regs. 1320-05-01-.62 and 1320-05-01-.68 to make purchases intended for subsequent resale without payment of sales or use tax. Any merchandise or other taxable item purchased without the payment of tax upon this resale certificate that is used or consumed in any manner by the taxpayer, or is given away, must be reported and the tax paid directly to the Tennessee Department of Revenue.

It is a misdemeanor to misuse the certificate of resale for the purpose of obtaining taxable property or services without the payment of the sales or use tax when it is due and such wrongful use is grounds for the Commissioner to revoke the taxpayer's Certificate of Registration.

The taxpayer must furnish its supplier(s) at the time of purchase with a copy of the enclosed certificate with the lower portion properly completed. The original certificate should be retained **for copy purposes.** The supplier must maintain a file copy as evidence of the sales tax exemption. Later purchases do not require the submission of additional copies. The taxpayer must notify the seller in writing if the certificate is no longer valid.

Page 1 of 1

Acknowledgment of Addenda (if applicable)

GovDeals acknowledges that it is in receipt of Addendum 1, dated July 16.

Part III: Cost

Proposers must state the fee structure. All costs must be included and a description of how fees are collected (i.e. invoices, buyer's premium, etc.

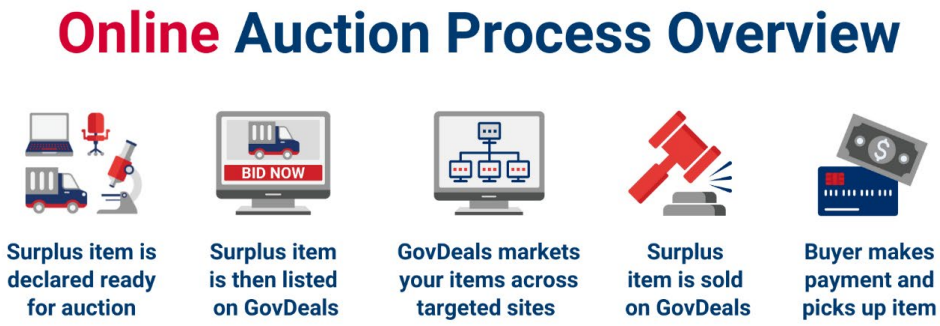
In gratitude for our 20+ year partnership, we are offering a discounted fee from our standard rate of 12.5% to 11.25% Buyer's Premium.

Our fee structure is based entirely on a percentage of the actual winning bid amount (excluding sales tax) and is collected as a buyer's premium. The County will not be required to pay any fees for GovDeals' standard services under this contract and will always have the option of a zero-fee structure. GovDeals collects auction payments directly from buyers, withholds the buyer's premium, and remits 100% of each agency's auction proceeds weekly via ACH payment. No invoices are issued to the County for standard services. Additional charges may apply only for optional value-added services, which are offered on a case-by-case basis. There are no membership fees, inspection fees, or loading/unloading fees charged to the County for standard services.

Part IV: System Capabilities

Proposers must provide a complete description of the capabilities of the proposed system addressing in detail all of the specifications listed in Section IV above. Proposers are to provide details regarding how the system is marketed both locally and elsewhere as well as outreach to potential bidders. Proposers should include any information necessary including but not limited to system screenshots, sample reports, sample training materials, etc. to describe the complete capabilities of the proposed system/solution.

For over 24 years, GovDeals has provided agencies with our state-of-the-art online auction system and hands-on customer service. Today, over 22,000 state and local governments have transitioned some or all of their surplus auctions to GovDeals.com, and our company has facilitated the sale of over 3.2 million government-owned assets/lots for total auction sales surpassing $4.6 billion. In Tennessee alone, over 1,000 government entities have successfully sold over 302,600 surplus assets/lots for total auction sales exceeding $382.6 million.



Armed with this experience, GovDeals is the most capable vendor to continue providing Knox County with a turnkey online auction platform and on-demand photography/auction creation services on a mutually agreed-upon schedule.

Access to the GovDeals system can be tailored to the job duties of the County employees through the use of five security levels, including a "view only" setting that is useful for accounting staff to access sales and reconciliation reports.

Our specialized auction website enables prospective buyers to view unlimited photographs, videos, and detailed descriptions, ask questions, and place bids for the County's surplus property. The items will be auctioned under your terms and conditions, including County-dictated time frames for payment and pickup.

GovDeals' online auction platform and service includes, at no additional cost:

- Turnkey auction functionality with unlimited user accounts.
- Real-time reporting tools within a secure account.
- Five million active GovDeals bidders — verified through GovDeals' multi-layer registration process that includes vetting against the anti-terrorism watch list by E2Open's global trade management software.
- Personal service by the County's locally based account manager with on-call support; on-site service appointments will be provided to photograph assets and create auction listings.
- Extensive marketing outreach to targeted bidders at GovDeals' expense — drives competitive bidding, increasing the final selling price of auctioned assets. See pages 19-22 for more information.

SCOPE OF WORK: Knox County desires a turnkey solution that will be used to sell surplus assets via an online auction. The following features/services must be included:

- **Self-service functionality so that Knox County employees may securely post and manage each auction**
- **Widespread marketing, customer database, and outreach to potential bidders**
- **Real-time, secure reporting**
- **Real-time assistance with posting/managing auctions**
- **Real-time assistance for bidders**
- **On demand training for new employees and system upgrades**
- **Secure, online payment collection**

Our proposed solution, GovDeals, is a fully web-based, turnkey platform designed to meet all requirements outlined for Knox County's online surplus asset auctions.

- **Self-Service Functionality:** The GovDeals platform enables the County employees to post and manage auctions through an intuitive seller dashboard securely. Employees can take photographs, complete asset inspection forms, and upload descriptions directly into the system. The platform supports an unlimited number of user accounts, allowing as many employees as needed to participate. Approval workflows can be established so that supervisors review auctions before they go live. No hardware or software installation is required — only an internet connection and a web browser.
- **Widespread Marketing, Customer Database, and Outreach:** GovDeals provides access to a marketplace of over five million qualified global buyers with a specific interest in government surplus.

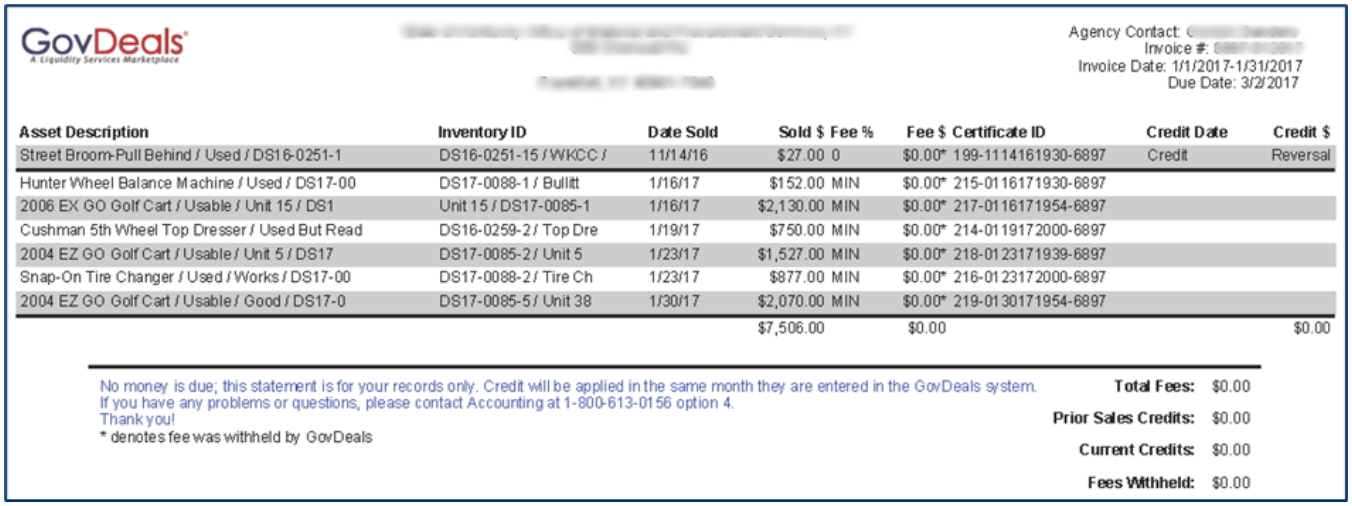
Our marketing department conducts targeted campaigns for high-value or specialized assets, including ads, press releases, and email marketing. Each agency receives a unique URL for its auctions, which can be promoted on local websites and social media to increase local participation. We conduct extensive marketing outreach at no additional cost to the agency, driving competitive bidding and maximizing returns.

- **Real-Time, Secure Reporting:** The system offers real-time reporting tools within a secure account. Users can track auction performance, asset status, and financials. Reports are exportable to Microsoft Excel and include features such as digital tracking of assets diverted from landfills for sustainability reporting. The platform maintains a perpetual audit trail for all transactions.
- **Real-Time Assistance with Posting/Managing Auctions:** Each agency is assigned a dedicated account management team for hands-on support, technical operations, and best practices guidance. On-demand live support is available via phone, email, and live chat 24/7/365. If needed, GovDeals staff can assist with asset listing services, including lotting, photographing, and writing descriptions, either remotely or on-site, as a value-added service.
- **Real-Time Assistance for Bidders:** Bidders have access to live support and a Q&A system for inquiries during active auctions. The account manager monitors auctions for quality assurance and assists with bidder questions as needed.
- **On-Demand Training for New Employees and System Upgrades:** Comprehensive training is provided at onboarding and, as needed, either in-person or online. Training encompasses the entire auction cycle, including the seller dashboard and bidder-facing website. Hands-on training within the live account ensures immediate familiarity. Ongoing training and updates are available on demand.
- **Secure, Online Payment Collection:** Winning bidders must settle payment online within five business days (adjustable by the agency). Accepted payment methods include credit/debit cards, PayPal, and wire transfers. The system generates bills of sale and notifies the agency upon payment. GovDeals accepts responsibility for chargebacks and fraud, so the agency is not liable for payment disputes. Remittance is processed electronically, and funds can be distributed to multiple accounts as needed.

REPORTS: Knox County requires the system to have a reporting function accessible in real-time. The reporting function shall include at a minimum the following items:

• Date/Time of Sale of Asset • ID Number of Knox County Asset • Customer name, address, phone, and email address • Price that asset sold for • Additional Price charged to customer (ie, buyer's premium) • Total payment amount to County

Through GovDeals' online platform, the County's procurement department and end users will have full transparency through secure, auditable reporting of surplus sale items, including the number of bids received, the date and time of each bid, and the names of winning bidders, as well as cumulative data for any chosen date range. These real-time reports will give purchasing officials peace of mind that their processes comply with their surplus disposition policies. The most recent 12 months of GovDeals' online auction results are available to anyone searching at GovDeals.com, providing transparency to the public.



GovDeals will record all bids and provide real-time reporting and summary reports within your account. Users will have 24/7 access to an array of real-time reports, as well as the ability to view a detailed bid

history and audit trail of all the County's auctions at any time during the auction or after its close, without expiration or archiving.

GovDeals' interactive reports are accurate and detailed, enabling the County to track all assets from when they are loaded into the GovDeals system to when they are sold and the proceeds are collected. GovDeals' reports can be viewed online, sorted, printed, and/or exported to Microsoft Excel. Many reports can be customized to the unique needs of the County. Whether or not under contract with GovDeals, you will continue to have perpetual access to its GovDeals reports without limitation or expiration, ever.

Invoicing Report

The Invoicing Report, also known as the reconciliation statement, details all monthly assets sold. This statement is available to the seller to summarize the month's financial transactions. The report, available in PDF and hard copy, displays item description, inventory ID number, date sold, sold amount, fee percentage and amount, seller/buyer certificate ID number, and credit details, if any.

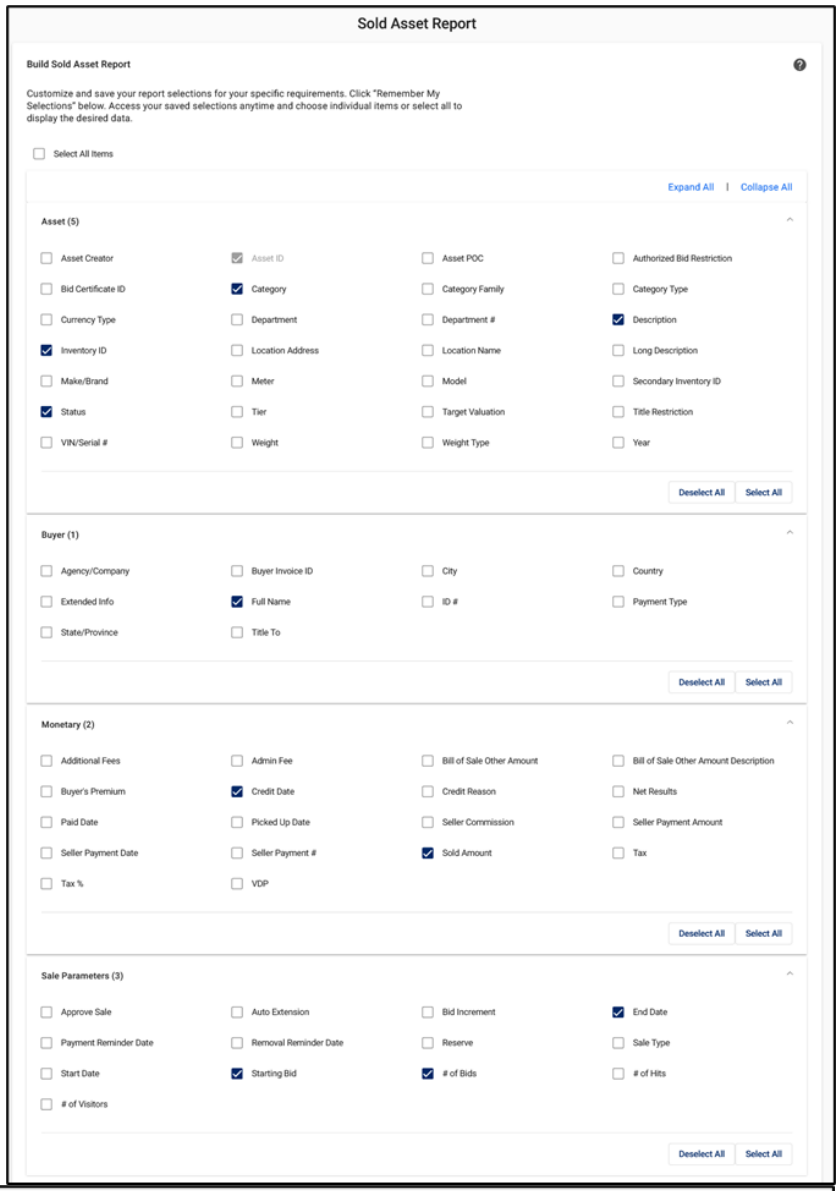
If you have any problems or questions, please contact Accounting at 1-800-613-0156 option 4.
Thank you!
* denotes fee was withheld by GovDeals

Total Fees: $0.00
Prior Sales Credits: $0.00
Current Credits: $0.00
Fees Withheld: $0.00



The total sold amount for the month and the total fee amount are also included in this report. While the vast majority of selling governments elect to use GovDeals to withhold our fees and remit the net proceeds, this report also serves as the monthly invoice for sellers who collect their buyer payments or prefer to receive gross proceeds. In these cases, the Invoicing Report will provide a calculation of the total fee amount due to GovDeals with terms of net 30 days.

Sold Assets Report

Ad hoc reporting options and an example report are shown.

The Sold Assets Report provides detailed data on all assets sold within any selected date range. With the ability to export to Microsoft Excel with a single click, this report can be easily imported into the seller's other record-keeping systems, merged with additional inventory data, or filtered by department, category, and so on.

More than 70 data fields can be reported with this ad hoc reporting tool. Criteria and filters can be saved to your GovDeals account, allowing you to run custom reports as needed.

Bill of Sale

A Bill of Sale will be automatically populated with the seller's information (including the County logo/seal if desired); the winning bidder's name; all the information regarding the asset sold, such as inventory number, VIN, make, model, etc.; sale price, tax amount if applicable; payment date and method; and the date sold. The Bill of Sale can be emailed to the winning bidder or printed and given to the bidder when they arrive to pick up the item won at auction.

The Bill of Sale contains a disclaimer: "Asset is sold as is, where is, and without warranty. Once the asset is removed from the seller's premises, there is no refund of monies previously paid." This language may be customized. The County is encouraged to obtain a Bill of Sale for every item picked up to retain documentation that the buyer has signed, agreeing that no money will be refunded. The signed Bill of Sale may be uploaded to the completed auction.

Subject: GovDeals.com Payment Received

Your payment has been received for Invoice ID 393765. Promptly contact the seller(s) to discuss times and location for pickup. Please present the certificate(s) to the seller to receive the item(s) purchased. Thank you for using GovDeals.

The following assets are ready for pickup:

Certificate ID: 45-0706161642-8245
Description: 1999 Ford Taurus
Sold Amount: $2,500.00
Buyer's Premium: $275.00
Tax: * $156.25
Additional Fees: $0.00
Subtotal: $2,931.25
Total: $2,931.25

SYSTEM CAPABILITIES: Proposers must provide a complete description of the proposed system. At a minimum, each proposal should address the following:

• How Knox County posts an item on the site • How a bidder submits a bid • What requirements a bidder must meet in order to qualify to bid on an item • How Knox County is notified • How a successful bidder is notified • How Knox County changes an item or re-posts an item • Description of customer support for Knox County and for proposer • Collection of Auction proceeds • Any charges to Knox County and charges to the customer • System security (payment collection, fraud prevention, etc.

After an asset is declared surplus, the County should take photographs and gather descriptive details. GovDeals can provide various types of asset inspection forms that many clients find helpful to streamline information gathering.

Photos and asset descriptions are then uploaded into the simple, auction creation template within the County's GovDeals account. The built-in auction calculator can recommend starting bids, bid increments, and auction dates; these values can also be input manually.

For high-value and specialized assets, GovDeals' marketing department will develop a marketing plan and, upon request, present it to the County for advance review and approval before the auction. The marketing campaign will run concurrently with the auction, which is open for online bidding.

In most cases, the auction(s) will be open for bidding for 7-10 days. While the auctions are live, the County can monitor its progress at www.GovDeals.com. The County should answer any bidder questions posted via the GovDeals Q&A system. The County's GovDeals account manager will also monitor auctions for quality assurance.

After the auction has ended, the County will automatically email a seller's certificate with details of the sale and contact information for the winning bidder. Simultaneously, the winning bidder will automatically be emailed award notification(s) with a link(s) to the buyer's certificate(s) with sale and payment details.

The winning bidder is responsible for making payment on GovDeals.com within five business days after the auction closes (this time period may be shortened or lengthened by the County if desired). Upon the buyer's successful payment by credit/debit card, PayPal, or wire transfer, the County will receive notification that payment has been made, along with a copy of the bill of sale.

The buyer is required to collect assets within 10 business days after the auction (this time period may be adjusted by the County if desired). The winning bidder is responsible for scheduling a pickup/removal appointment with the County. At pickup/removal, the winning bidder must present a photo ID, and the County should verify the bidder's documentation. Following verification and signing of the GovDeals Bill of Sale by both parties, the asset is released to the winning bidder. The signed Bill of Sale and any additional documents can be uploaded to the auction record.

When the County marks the asset "Picked Up" in the GovDeals system, the payment is processed in the next week's cycle. GovDeals will withhold the agreed-upon fee and will electronically remit the balance to the County. If applicable, GovDeals will also remit taxes to the appropriate taxing authorities.

The County's remittance payment may be sent to multiple accounts as desired, such as individual selling departments. Even if sent to a general fund, data can easily be separated for auditing purposes using a department code, and all reports are exportable to Microsoft Excel.

Unlike other vendors, GovDeals accepts responsibility for chargebacks and fraud that may occur, so the County will not be liable for any payment disputes.

What requirements a bidder must meet in order to qualify to bid on an item

All bidders are verified through GovDeals' multi-layer registration process, which includes vetting against the anti-terrorism watch list using E2Open's global trade management software. All bidders must agree to the posted Terms and Conditions set forth by the County and GovDeals. The County will be able to impose Bidder Restrictions to limit the bidders allowed to place bids on certain assets. However, the public can view these assets to maximize the marketing exposure of the auctions. Information on types of restrictions is available upon request.

How Knox County changes an item or re-posts an item

Your account manager can make edits to live auctions upon request. Should an item need to be re-posted, your account manager or the County can do so at the click of a button.

System security (payment collection, fraud prevention, etc.)

GovDeals employs leading content delivery and security technologies to ensure the availability and protection of its online services, along with the confidentiality and integrity of client data across our platforms.

The GovDeals system and website exist in a fully redundant environment. The site is load-balanced across multiple servers. The infrastructure is hosted on the Microsoft Azure cloud platform, which supports our redundancy and scalability goals. All critical auction and customer data is fully replicated.

GovDeals utilizes multiple internal and external site monitoring systems to ensure appropriate responses to any warnings, critical issues, or other matters that require immediate attention 24 hours a day, 7 days a week, and 365 days a year.

Part V: Qualifications and Experience

Proposers must provide a brief description of the firm submitting the proposal including background, organizational history, and office location(s).

GovDeals, a subsidiary of Liquidity Services, Inc. (NASDAQ: LQDT), was established in 1999 and acquired by Liquidity Services in 2008.

Our primary line of business is providing government-specific auction services through our online marketplace, which facilitates the sale of surplus assets for government and educational entities. We serve over 22,000 government sellers, including federal, state, and local agencies across the United States and Canada. Our platform offers over 250 categories of items, ranging from heavy machinery to office supplies, with a success rate exceeding 94%. Our vision is to provide a secure, transparent, and efficient auction platform that maximizes returns for our clients. We continue to invest in our people, technology, and infrastructure to maintain competitive services and solutions.

GovDeals is headquartered at 6931 Arlington Rd., Suite 460, Bethesda, MD 20814, and has over 100 direct full-time employees, with more than half working remotely to best serve clients locally.

Proposers must provide number of years providing services (as the submitting entity) similar to those requested in the RFP.

GovDeals has over 24 years of experience providing online auction services to government entities. We have successfully facilitated the sale of over 3.6 million government-owned assets/lots, totaling over $5.3 billion in sales.

Proposers are to detail the capability and relevant experience of the personnel providing the services requested in the RFP.

Our personnel supporting online auction services comprises experienced auction professionals and a dedicated account management team. Each client is served by one or more team members, who facilitate training, auction operations, technical support, and problem resolution. We provide hands-on support, best practices guidance, and 24/7/365 technical assistance via phone, email, and live chat. Our staff is equipped to assist with all aspects of the online auction process, including asset listing, bidder inquiries, and transaction settlement. All personnel are trained to deliver a fully supported, self-service surplus disposition experience, ensuring a seamless and professional auction process for our clients.

The proposed team members for the County engagement include:

Account Management

Mark Moritz, Senior Manager, Client Relationships – East
Steve Mort, Account Manager – TN

The account management team provides support for clients' day-to-day auction needs. The team will work closely with GovDeals' marketing representatives to develop and curate promotional strategies that ensure competitive bidding for your surplus assets.

Steve will be the County's primary point of contact for questions, advice, onboarding, and onsite auction creation assistance throughout the business relationship. He is available for support by phone, email, and on-site or remote meetings to coordinate auction strategies 24 hours a day, 7 days a week.

Business Development

Les Bailey, Senior Manager, Business Development – East
Sarah Schultz, Business Development Manager – TN

The business development team is responsible for account implementation and contract compliance and is committed to the overall success of the County's liquidation goals. The team examines the County's processes and evaluates your needs to recommend strategies to ensure GovDeals meets your demands.

Sarah will confirm that our services meet your specific needs and requirements and will ensure contract compliance.

Marketing and Client Support

Angela Jones, Director of Digital Marketing

Angela handles the advertising and promotion of the assets being auctioned. She will market the County's assets to targeted bidders to maximize competition and return on investment.

The marketing team will place advertisements, write press releases, and design custom marketing plans for the County.

Samantha McCall, Senior Manager, Client Success Operations

Sam oversees the customer support help desk team, which provides service and support to sellers. The team assists bidders with registration and ensures compliance with the terms and conditions of the County's auctions.

The help desk provides on-call support by toll-free phone, live chat, and email, assisting with technical support, auction guidance, etc. The asset entry team assists clients in creating auction listings when a government agency requires assistance with uploading photos and descriptions. This service is available at no charge for our clients.

Proposers are to provide a comprehensive record of public sector clients currently using the proposed system.

Include other information necessary to provide the firm's complete qualifications and experience to provide the services listed in this RFP.

GovDeals excels at promoting our clients' assets through targeted advertising and marketing strategies, boosting competitive bidding, and enhancing revenue for government clients, like the County. We invest substantial effort and resources into these marketing campaigns, with GovDeals covering all associated marketing expenses, ensuring maximum exposure at no cost to the County.

Our marketing team manages thousands of monthly ads, social media posts, and email promotions, attracting the right bidders through research-driven strategies and decades of experience. GovDeals promotes auctions through a variety of channels, including press releases, mailings, targeted vertical ads, email campaigns, and other promotional efforts, creating demand that directly drives revenue for our clients.

For the County, your GovDeals account manager and the marketing department will work closely with your team to keep you engaged in decision-making, including approval for ads and press releases, and provide insights on all marketing efforts via your GovDeals account and email. This transparency enables the County to track the impact of each initiative and maximize its effectiveness.

Overview of Marketing Strategies

Niche Marketing: Running/valuable vehicles, heavy equipment, unique, and high-value assets that the County wishes to sell on the GovDeals auction website will be advertised or listed on niche websites that will expose your assets to targeted buyers. For example:

- Heavy trucks and highway equipment are advertised in Commercial Truck Trader, Equipment Trader, and www.MyLittleSalesman.com, as well as other trade publications.
- Cars, trucks, and vans are advertised at www.CarDaddy.com.
- Medical and laboratory items are promoted at www.DotMed.com, www.LabX.com, and www.EquipMatching.com.
- Transit and school buses are advertised at www.BusesOnline.com and www.BusNut.com.
- Garbage trucks are advertised at www.TrashTrucksOnline.com, and fire trucks, ambulances, and other rescue equipment are advertised on www.1stResponder.com.

Email Marketing to Targeted Bidders: GovDeals has bidders in all 50 states and 160 foreign countries. We have hundreds of thousands of active bidders within a 250-mile radius of Knoxville alone. Under the umbrella of Liquidity Services' marketplaces and shared bidder base, your auctions will reach an audience of approximately five million potential buyers.

Email blasts (e-flyers) are sent to previous bidders and buyers of relevant categories to harness the strength of this extensive bidder base for asset marketing. This has repeatedly proven to be one of our most successful marketing strategies.

Local Marketing: GovDeals already has a large and active bidder base in the Knoxville area. To further inform local residents about the County's auctions, GovDeals' marketing department will implement strategies to publicize its GovDeals auctions, including preparing press releases and placing ads as needed. Strategic marketing efforts, such as outdoor signage and public access TV ads, may be utilized as

needed. GovDeals can also provide outdoor banners for high-traffic areas and flyers for bulletin boards to distribute to local businesses and residents.

Notifying Your Previous Bidders: If desired, GovDeals will inform the County's previous auction and/or sealed bid participants that you are now selling surplus on GovDeals.com. Depending on your wishes and the contact methods available to reach past participants, this can be accomplished via a postcard or an email blast.

Real Estate Marketing: Real property assets you wish to sell on GovDeals' auction website will be advertised or listed on niche websites that will expose your assets to targeted buyers. For example: AdLandPro.com, ClassifiedAds.com, Landwatch.com, Landsofamerica.com, Landandfarm.com, Classifieds.com, Domesticsale.com, and Mylittlesalesman.com.

MLS listings will be utilized for particularly valuable properties. GovDeals will provide yard signs to be placed on County-owned parcels, directing prospective bidders to the GovDeals website for bidding.

Custom Marketing Plans: When the County has specialty assets to auction, the GovDeals marketing department will develop custom promotion and advertising strategies designed to bring the highest possible dollar amount for each asset. Various types of unique, high-value, or specialty assets may be considered for this custom marketing, which involves identifying target audiences and niche media. Such assets may include, but are not limited to, helicopters and aircraft, classic or custom automobiles, specialty equipment, firearms and accessories, jewelry and collectibles, real estate properties, machinery and industrial equipment, and cost avoidance or demolition projects.

News Coverage: GovDeals periodically receives local, regional, and national broadcast, online, and print media coverage. This not only promotes specific assets but also drives bidder sign-ups. For example, a news report by MSN Money resulted in a 250% increase in daily registrations.

The following pages provide examples of recent marketing outreach and results obtained for our clients' surplus property sales.

Explanation of the implementation plan and the Proposer's ongoing commitment to service

GovDeals is committed to continuing to provide a seamless and efficient online auction experience for the County, leveraging our extensive resources, knowledge, and expertise to meet all specified needs and enhance the value of the agreement. Our implementation plan for online auction services is designed for rapid deployment and comprehensive support. Your account manager, Steve Mort, will continue to monitor auction performance, address inquiries, and guide the team through the auction cycle, including closing and property removal.

Our ongoing commitment to service will continue to include a fully supported self-service surplus disposition model, with one-on-one partnership from a dedicated account team for hands-on support, technical operation, problem resolution, and best practices guidance. We provide on-demand live support via phone, email, and live chat, as well as digital asset management services. Our service is available 24/7/365, and we offer both standard and emergency support regardless of location. Real-time reporting tools, unlimited user accounts, and continuous training and updates are included.

WHEREAS, Knox County is the owner of surplus real property located at 0 Sutherland Avenue (Parcel ID 108AE020) (the "Property"); and

WHEREAS, Knox County desires to sell the eastern portion of the Property, as further described in the attached Agreement of Sale; and

WHEREAS, pursuant to Sec. 2-712(b)(3) of the Knox County Code, the Knox County Procurement Director conducted a market analysis and has determined that due to the unique nature of the Property, only one (1) purchaser, Sutherland Partners, LLC, would reasonably be expected to seek to purchase the Property; and

WHEREAS, accordingly, the negotiated sales method for the disposition of the Property was utilized and the amount of $31,500.00 was agreed upon by Knox County and Sutherland Partners, LLC for the sale of the Property; and

WHEREAS, the Knox County Mayor and the Senior Director of Finance have both approved the method of disposal of the Property by means of negotiated sale; and

WHEREAS, in accordance with Section 2-581(4) and Section 2-712(b)(3) of the Knox County Code, it is necessary for the Knox County Commission to approve the sale of the Property.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Agreement of Sale with Sutherland Partners, LLC for the eastern portion of 0 Sutherland Avenue (Parcel ID 108AE020) is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the Agreement of Sale with Sutherland Partners, LLC for the eastern portion of 0 Sutherland Avenue (Parcel ID 108AE020) shall be executed subject to such amendment or action not affecting the substantive provisions of the agreement as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that the Mayor of Knox County is authorized to execute the appropriate quit claim deed conveying the Property from Knox County, Tennessee to Sutherland Partners, LLC and is further authorized to execute any and all other documents which may be necessary to effectuate and complete said conveyance, subject to the review and approval of the Knox County Law Director's Office.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

AGREEMENT OF SALE

THIS CONTRACT, entered into this _____ day of _____, 2025, between SUTHERLAND PARTNERS, LLC("Purchaser") and KNOX COUNTY, TENNESSEE ("Seller").

WITNESSETH

Seller desires to sell and Purchaser desires to purchase, subject to the conditions hereinafter set out; the following described property located at 0 Sutherland Avenue (Eastern Portion only 21.8 ft.by 135 ft. per Exhibit A, survey map and legal description), Tax Map 108, parcel AE020 Knox County, Tennessee.

NOW THEREFORE for the good and valuable consideration of $10.00, the covenants herein described and other good and valuable consideration, the parties agree as follows:

Commission Approval. This sales agreement is subject to the approval of the Knox County Commission.

Purchase Price. Purchaser shall pay to Seller the total sum of thirty-one thousand five hundred ($31,500.00) dollars for the Property. Taxes shall be prorated as of the date of closing.

Closing. The sale shall be closed thirty (30) days from the date of Commission approval. Seller shall convey the Property to Second Party by Quit Claim Deed at closing. The purchase price is to be fully paid at closing.

Access to Property. Seller shall allow Purchaser reasonable access to the Property for purposes of conducting due diligence.

Merger and Modification. This sales agreement contains the entire agreement between the parties. Any attempt to modify this agreement shall be contained in a writing signed by the Seller and Purchaser. The Seller and Purchaser acknowledge that they have read and understand this Agreement and have received a copy hereof.

SA0KnoxCo - Commercial Lot Land Purchase and Sale Agreement $31.5k Jul 1 2025.pdf

---

Mr Sharbel,

Please accept this email as my Offer to purchase the Eastern portion of the vacant lot known as 0 Sutherland Ave, parcel 108AE020. Per the Appraisal dated Jun 26 2025 we are offering $31,500 full appraisal price with no earnest down to close by July 31 2025 or at a time before Aug 29 2025 that suits Knox County. Suggested title company is Crown Title or attorney/company chosen by Knox County.

If you prefer a detailed commercial lot/land purchase agreement please see attached 9 page TAR (Tenn Association of Realtors) form. Some paragraphs may not apply so some sections are left blank.

Please advise if you would like proof of funds or other info to present to Knox County Commission. Not sure when next meeting is but assume I do not need to be present.

Thank you very much!

OFFICE OF COUNTY MAYOR GLENN JACOBS

Procurement Division, 1000 N. Central Street, Suite 100, Knoxville, TN 37917

To: Knox County Commission

From: Matt Myers, Knox County Procurement Division MFM

Date: August 4, 2025

Re: 0 Sutherland Avenue

The eastern portion of the property at 0 Sutherland Avenue is being recommended for disposition via the negotiated sale method. Furthermore, Mayor Jacobs and Chris Caldwell, CFO, approve of this disposition. The eastern portion of this lot is surplus and is being offered for sale to Sutherland Partners – Mr. Robert Holmes. Mr. Holmes has provided the County with a written offer of thirty-one thousand five hundred dollars ($31,500), equal to the property's appraised value.

This small parcel of land is approximately .13 of an acre. A portion of the property is part of the entrance to the County's John Tarleton Park. The divided property as surveyed by Robert Campbell & Associates is shown on Exhibit A to the sales contract. The eastern portion of the property to be sold is adjacent to property owned by Sutherland Properties (Mr. Holmes) at 2437 Sutherland Avenue (Parcel ID 108AE019) and 2433 Sutherland Avenue (Parcel ID 108AE018). Mr. Holmes desires to work with the City of Knoxville to close the alley that runs through the eastern portion of the County's property and through/behind his and other properties. Due to the fact that Mr. Holmes property is the only property directly adjoining the County's property and to allow him to properly work with the City of Knoxville to close the alley next to the County's entrance to John Tarleton, Sutherland Partners is the only reasonable buyer of the eastern portion of the County's property at 0 Sutherland Avenue.

Therefore, it is my opinion that this property should be disposed of by negotiated sale pursuant to the policies and procedures set forth in the Knox County Procurement Regulations.

SOFTWARE LICENSE and RELATED PROFESSIONAL SERVICES AGREEMENT

APPRAISAL TECHNOLOGY INTEGRATION TO FACILITATE KNOX COUNTY, TN'S DISCOVERY & APPRAISAL OF REAL ESTATE AND EQUALIZATION OF VALUES

This Software License and Professional Services Agreement ("Agreement") is made as of the effective date specified in this agreement by and between Woolpert, Inc. ("Woolpert" or "Supplier") an Ohio corporation having a principal place of business at 4454 Idea Center Blvd., Suite 100, Dayton, Ohio 45430 and Knox County, TN, City County Building, Suite 204, 400 Main Street, Knoxville, TN 37902 ("Customer"). Collectively, Supplier and Customer shall be known as the Parties.

RECITALS

WHEREAS Customer, pursuant to state law, is responsible for uniform and accurate real estate assessments according to fair market value, and

WHEREAS Customer has the desire to acquire and implement a number of technology-based resources for improved and more cost-efficient performance of assessment demands and responsibilities, and

WHEREAS Customer has instituted a performance plan for the discovery and valuation of new construction, scheduled appraisal updates, and on-going equalization based upon the approach of empowering in-house resources in conjunction with its already implemented technologies (e.g., GIS) and CAMA databases without requiring a time-consuming rollout period, and

WHEREAS Customer wishes to now bring those technologies and databases into an integrated and synchronized mobile environment for onsite property data verification and correction, new construction data collection, Board of Equalization and appeal related property reviews, and values equalization including scheduled appraisal updates and on-the-fly uniformity assurance efforts, and

WHEREAS Supplier is engaged in the business of developing and selling **CAMACloud® software**; including MobileAssessor®, and its desktop Administrative & Quality Control modules (hereinafter referred to as "Software"), and providing services with respect to the same, and

WHEREAS Supplier possesses the expertise and the resources to perform the professional services as required to meet the herein stated goals and requirements of Customer.

NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL AGREEMENTS HEREIN CONTAINED, THE PARTIES HERETO MUTUALLY AGREE AS FOLLOWS:

1) **Term.** This Agreement, including the End User License Agreement ("EULA") attached hereto and incorporated herein by reference, and in which Customer shall be referred to as "Licensee", shall **commence on the Effective Date of this Agreement (page 7)** and **end on June 30, 2030** then automatically renew each subsequent year with annual maintenance and support running from July 1 through June 30 of the subsequent year until Customer provides written notice to terminate no less than 60 days prior to an upcoming renewal term. The services hereunder shall be provided by Supplier in accordance with the following schedule:

   a) **Estimated Project Start:** beginning the later of 90 days after Supplier receives a fully executed copy of this Agreement; or, 60 days after Supplier receives the initial payment as referenced in Section 3)a)i).

   b) **Implementation:** beginning the later of 75 days after Supplier receives the initial payment as referenced in Section 3)a)i); or, within 75 days after Supplier receives remote access to Customer's CAMA system (Enterprise Assessment, Tyler-hosted API).

   c) **Delivery of Production Software and Training:** unless a later date is approved by Customer, training shall begin the later of 135 days after Supplier receives remote access to Customer's CAMA system; or, within 95 days after Customer approves of Software screen layouts presented by Supplier during the above referenced implementation period.

      i) Provided that Customer has provided Supplier with remote access to install Software on a server or virtual machine with **ODBC access to the CAMA database and read/write privileges to the photo storage directories within 21 days of Supplier's request**.

         (a) Each day after the above referenced remote access isn't provided to Supplier; then, Supplier may shift all delivery dates by one or more days, at Supplier's sole discretion.

   d) **Software Subscription, Hosting, Maintenance and Support:** beginning within 30 days after Supplier received remote access to Customer's CAMA system and ending at 11:59PM June 30, 2030, then automatically renew each July 1 through June 30 of each subsequent year until Customer provides written notice to terminate no less than 60 days prior to an upcoming renewal term.

2) **Scope of Services.** Supplier shall provide to Customer professional services regarding the provision, set-up, and implementation of Software for up to:

- **210,000 real property accounts/parcels** (including all real property types; i.e., residential, commercial, exempt, industrial, mixed use, etc.), and
- **26 Named User Devices** (CAMACloud® licensed devices not to exceed **15 iPads** + **11 desktop PC's**), and
  - **24-72 Floating Users,** broken down as follows;
    - MobileAssessor® = 23,
    - Administrative Console (49):
      - Appraisal Task Control = 1-11,
      - Quality Control = 1-11,
      - Reports = 1-11,
      - Field Tracking = 1-11,
      - Basic Settings = 1-5;
- and, training of Software on Customer hardware, including:

a) Field appraiser mobile devices (see section 2)c) for supported devices) loaded with Customer's technology-based resources including CAMA data, GIS data, and up to one street level photograph of each parcel.

Each of the CAMACloud® licensed devices can be operated in at least one or more combinations

of the following functions (depending on final configurations, role settings, and mobile field appraisal versus office quality control):

- Automated/Dynamic parcel visitation routing
- New construction field listing
- Updated street level photography
- Sales and market data validation
- Desktop review of properties via the admin console with streaming dashboards, Quality Control, Tracking, and Reporting modules
- Reappraisal data verification / collection
- Market areas statistical review and delineation notation
- Land and building values equalization review
- Reappraisal valuations final field review
- Administrative monitoring of work performance with real-time management QC review, management of field operations, live mobile application tracking, and audit trails.
- Appeals' field checks

b) **Upgrades included as part of this Agreement for MobileAssessor®:** Advanced Maps with EagleView integration.

c) Configuration assistance of up to **fifteen (15) Customer provided iPads** (supported models = 4G-5G cellular, "Air" or "Pro", with an A14 processor, or better; e.g., A15, M1, M2, M4, etc.). Hardware maintenance is not provided by Supplier and not covered by this Agreement.

d) Onsite, hands-on training of Customer in the use of Software, including the field appraisal functions and administrative management functions; not to exceed 2.5 days in total. Onsite training shall be in conducted in the following allotment(s):

   i) no more than one session containing 3 consecutive business days; and

   ii) no more than 30 Customer participants/trainees.

   Additional days of training can be purchased on an as-needed basis.

e) Software as a Service (SaaS) hosting and implementation, covering all pertinent residential real property CAMA data-field mapping (see ii below), by Supplier for the duration of licensed use by Customer.

   i) Customer must provide CAMA data, GIS shapefiles, and subject matter experts related to Customer data, workflow, and business processes in a format and manner deemed acceptable by Supplier (e.g., Microsoft Access database, csv's, and/or SQL export; parcel boundaries shapefile, etc.). All such data provided by Customer shall remain the property of Customer, notwithstanding anything in this Agreement, including Exhibit "A", to the contrary.

   ii) Up to 200 read-only fields and 200 editable fields, across 20 CAMA tables or less (excluding lookup/reference tables). Each extra read-only field would require an additional $100 one-time fee plus $25/field/year in additional annual maintenance and support. Each extra editable field would require an additional $500 one-time fee plus $150/field/year in additional annual maintenance and support. Each extra CAMA table would require an additional $1,500 one-time fee plus $500 per CAMA table above 20, per year, in additional annual maintenance and support. If additional data or tables above

and beyond the included quantities listed above are requested by Customer, then Supplier may shift all delivery dates by one or more days, at Supplier's sole discretion.

f) Standard Maintenance and Support as described in this Agreement & the attached EULA. In the event of any conflict between the provisions of this Agreement and the EULA, the terms of this Agreement shall control.

- *Premium Support and Professional Services are available for an additional time and materials fee, or a discounted rate for longer term commitments. Some examples of premium services include analyses of Customer specific use cases by Supplier staff with executive authority with regard to software enhancements, change orders, and project management decisions; including, (a) mobile device mass appraisal and integrated field review best practices, (b) business process/requirements analysis, change management, and workflow optimization, and (c) appraisal analytics, consultation, and rates development. Onsite observations and findings shall be applied to Software training as applicable to the proper collection and incorporation of market data.*

Any professional services in excess of the amounts described in this Agreement shall be billable by Supplier to Customer on a time and materials basis, as may be needed and only as preapproved by Customer.

3) **License and Professional Fees for Software and/or Hardware and Initial Subscription Services.** All licensing and implementation services set forth in this Agreement shall be completed for a sum not to exceed **$119,128** (including SaaS fees through June 30, 2026) **plus $3,450 per mobile license granted in this Agreement** *(including any upgraded modules; reference Section 2) through 2)b) for license quantity and applicable upgrades)*.

a) All bills properly rendered shall be due within thirty (30) days of the receipt of the invoice.

i) The following shall be invoiced upon the due execution of this Agreement:

(1) 50% of Software License and Professional Fees = $67,475 ($134,950 * 0.50)

(2) 100% of Initial Subscription Services Fees = $35,928 (pro-rated SaaS / maintenance fees through 6/30/2026 – 8 months * 4,491 monthly rate)

(3) Hardware Services = $0

First installment of one-time fees not to exceed $103,403.

ii) The following shall be invoiced upon the CAMACloud® Synchronization Service being installed on Customer's server:

(1) 50% of Software License and Professional Fees = $67,475 ($134,950 * 0.50)

Final installment of one-time fees not to exceed $67,475.

b) Customer may add additional licenses after the execution of this Agreement under the following conditions:

(1) Customer requests a Purchase Order estimate/quote from Supplier,

(2) Customer provides purchase authorization via Purchase Order provided to Supplier,

(3) 100% of additional license fees are paid within 30 days of activation,

(a) additional mobile licenses can be purchased set at then current rates, each, and

(b) additional desktop administrative console licenses are $1,000 each.

c) Customer may add additional CAMACloud® modules after the execution of this Agreement under the following conditions:

(1) Customer requests a Purchase Order estimate/quote from Supplier,

(2) Customer provides purchase authorization via Purchase Order provided to Supplier,

(3) 100% of additional upgrades fees are paid within 30 days of activation,

(a) additional modules will be set at then current rates,

(b) additional upgrades will be set at then current rates.

d) If Customer determines that Supplier is not in compliance with the terms of this Agreement, Customer may suspend payments until Supplier is in compliance with the terms and conditions of this Agreement.

i) Full payment by Customer to Supplier shall be immediately due if the parties agree that Supplier was not able to fulfill the requirements of this Agreement due to any inability of Customer to rectify any unreasonable working environment issues, for which Customer is accountable for, that interferes with Supplier's ability to successfully complete agreed upon services.

4) **Annual SaaS Fees: Hosting, Maintenance and Support for Software.** Customer shall pay Supplier annual SaaS Fees not to exceed **$40,950.00 plus $862.50 per mobile license.** In exchange for such fees, the Supplier shall provide the annual hosting, maintenance, and support of Software during the term of this Agreement; for which Customer will be entitled to all product updates that prevent or correct identified errors in Software (including revisions required due to third-party operating system or browser updates).

a) Annual SaaS fees (yearly hosting, maintenance and support fees) may increase to then current rates if Customer adds additional modules, switches CAMA systems, or upgrades after the execution of this Agreement as referenced in Sections 3)b) and 3)c).

b) There is no credit or refund in the one-time license fees if the quantity of mobile licenses or upgrades is decreased at any point in the future, but the annual maintenance and support fees shall decrease by the then applicable and respective maintenance rate(s) per removed license or upgrade, per year.

c) **Full (non-discounted and not pro-rated) annual maintenance begins July 1st of each year.**

i) Example: The 7/1/2025 – 6/30/2026 pro-rated and discounted SaaS Fees ("Initial Subscription Services") in the amount of $35,928 will be due as stipulated in Section 3 of this Agreement; then **$53,888 for the first full year shall be due by 7/31/2026** (for services running 7/1/2026 – 6/30/2027); then ~$53,888 for the second full year shall be due by 7/31/2027; then ~$53,888 for the third full year shall be due by 7/31/2028; then ~$53,888 for the fourth full year shall be due by 7/31/2029 for which maintenance and support (and all access to Software) shall terminate at the end of 6/30/2030 if Customer provided a sixty (60) day notice to cancel, else Software hosting, maintenance, support, and applicable fees shall continue for any extension of the Term.

(a) The tilde symbol (~) above is to represent an approximation of future annual amounts due while considering the following: the above amounts can increase or decrease based upon the then current, applicable, and respective number of licenses or upgrades added or removed after the execution of this Agreement, in accordance

with Sections 3 and 4; or, if in the event of no upgrades then the annual maintenance amounts may increase by an amount not to exceed 4.45% from one year to the next.

d) Supplier will provide standard support services on Software products in use by Customer and will use reasonable efforts to respond to all service inquiries within three (3) business days. However, Supplier cannot guarantee response times for those inquiries requiring substantial research or if Customer does not provide sufficient details or reproduction steps.

e) For each software product for which Customer has purchased, they will be provided with installation, basic set-up, problem analysis, problem resolution, and preventative or corrective service information and efforts to reproduce and correct errors identified by Customer or determine that errors are not reproducible.

5) **Reimbursement of Expenses.** Supplier shall be responsible for all direct expenses of Supplier with regard to its performance of its services under this Agreement, including travel, lodging and per diem expenses; with exception for any support or professional services in excess of any of the above-described hours/days/licenses shall be billable by Supplier to Customer on a time and materials basis, as may be needed and only as preapproved by Customer.

6) **Mutual Mediation Clause.** Upon demand by either party, the parties agree to mediate any dispute, claim or controversy arising out of or relating to this Agreement or the breach, termination, enforcement, interpretation or validity thereof, including but not limited to the determination of the scope or applicability of this agreement to mediate. This clause shall not prevent either party from initiating any claim or suit, but if exercised by a party, both parties agree to stay any litigation for a reasonable time pending the mediation. If either party chooses to exercise this right to demand mediation, then, by doing so, that party shall also consent and agree to toll any limitations periods applicable to any claims that the other party may have against the party demanding mediation, such that all applicable limitations periods shall be extended by the same number of days as the period of time from when the demand for mediation was first placed into the mail or otherwise actually communicated to the other party, until the day on which mediation is completed ("Mediation Delay"); and the party demanding mediation shall waive all defenses based on statutes of limitations where litigation is actually commenced within an amount of time from the date that the statute of limitations would have otherwise run equal to the length of the Mediation Delay.

7) **Non-Waiver by Parties.** No act or omission of any party shall be construed as constituting or implying a waiver by such party of any default hereunder or of any breach or non-observance of the provisions hereof on the part or the other party or as a surrender of any of the rights of such party resulting therefrom, unless expressly consented to in writing by the party waiving such right.

8) **Confidentiality.** The parties agree to hold each party's confidential information in strict confidence and to take reasonable precautions to protect such confidential information (including, without limitation, all precautions each party employs with respect to its own confidential information); unless disclosing-party of confidential information authorizes disclosure in writing. Customer shall not be in breach of this Agreement, including Exhibit "A", in the event Customer is required by law, court order or enforceable subpoena to turn over any information, software or other data that is otherwise confidential hereunder. Provided however Customer will give Supplier written notice within twenty-four hours of Customer's receipt of any request, order or subpoena to allow Supplier to seek whatever protections it deems advisable against such disclosure.

9) **Severability.** In the event that any one or more of the provisions contained in this Agreement shall for any reason be held to be unenforceable, illegal or otherwise invalid in any respect under the laws governing this Agreement or its performance, such unenforceability, illegality or invalidity shall not affect any other provisions of this Agreement and this Agreement shall then be construed as if such

unenforceable, illegal or invalid provisions had never been contained herein.

10) **Amendments.** This Agreement may not be modified or changed in any respect whatsoever except by written amendment signed by each party.

11) **Designated Representative.** Any notice that must be given under the present Agreement must be communicated in writing at the following addresses:

Person in charge of this project who will be available, knowledgeable, and authorized to execute binding agreements on behalf of Supplier or Customer:

Woolpert: Daniel T. Anderson *
E-mail: daniel.anderson@woolpert.com *
*or then current Data Cloud Solutions' Practice Leader,
Copy to: jon.downey@woolpert.com

Customer: Phil Ballard**
Email: Phil.Ballard@knoxcounty.org**
**or then current Property Assessor

12) **Entire Agreement.** The present Agreement, attached Schedules, and/or Purchase Orders constitutes the full and complete understanding and agreement of Supplier and Customer (and Software Licensee) and supersedes all prior negotiations, understandings and agreements pertaining to the subject matter of this Agreement. This Agreement may be supplemented by one or more Purchase Orders, which will be deemed to be part of this Agreement when signed by each party.

THE PARTIES HEREBY AGREE TO ALL OF THE ABOVE TERMS AND HAVE EXECUTED THIS AGREEMENT BY A DULY AUTHORIZED REPRESENTATIVE.

EXHIBIT "A"
End User License Agreement

1 DEFINITIONS.

1.1 "Purchase Order" has the meaning set forth in Section 2.

1.2 "Floating User" means the number of undesignated concurrent users specified in this Agreement (or any subsequent and mutually agreeable Purchase Order or amendment related thereto), who may simultaneously access and use the Licensed Software via Named User-Devices, subject to the license granted herein.

1.3 "Named User-Device" means the number of users specified in this Agreement (or any subsequent and mutually agreeable Purchase Order or amendment related thereto), who are employees or authorized contractors of Licensee and specifically designated to use the Licensed Software, subject to the license granted herein.

1.4 "Licensed Software" means the proprietary software of Data Cloud Solutions, a Woolpert Company ("Woolpert", "Woolpert, Inc."), in object-code (end-user interface) format only; for such Software that is identified in the recitals of this Agreement (or any subsequent and mutually agreeable Purchase Order or amendment related thereto).

1.5 "Business Unit" means the specific municipal division (e.g., real estate assessment) or operations unit identified in a Purchase Order for which Licensee is authorized to use the Licensed Software.

1.6 "Intellectual Property Rights" means any and all rights, whether or not registered, that may exist from time to time in this or any other jurisdiction under patent law, copyright law, moral rights law, publicity rights law, trade secret law, trademark law, unfair competition law or other similar protections.

2 PURCHASE ORDERS.

2.1 Licensee may issue to Data Cloud Solutions, a Woolpert Company ("Woolpert", "Woolpert, Inc.") written Purchase Orders identifying the Licensed Software and services Licensee desires to obtain from Woolpert (the "Purchase Order(s)"). Such Purchase Orders shall be consistent with the terms and conditions of this Agreement. It is the parties' intent that a quote/estimate be generated by Woolpert for each Purchase Order Licensee intends to issue to Woolpert. Woolpert shall accept any mutually agreeable Purchase Orders or alterations thereto which do not establish new or conflicting terms and conditions from those set forth in this Agreement and the exhibit(s) attached hereto or entered into pursuant to the terms of this Agreement. In the event of a conflict between the terms of this Agreement and a Purchase Order, the applicable terms of this Agreement shall prevail over the conflicting terms of such Purchase Order. Woolpert may reject a Purchase Order that does not meet the conditions described above by promptly providing to Licensee a written explanation of the reasons for such rejection. Each executed Purchase Order shall be attached hereto and incorporated herein as Purchase Order 1, 2, et seq.

3 LICENSE.

3.1 Grant of License. Subject to the terms of this Agreement and any applicable Purchase Order, Woolpert hereby grants to Licensee a non-exclusive, non-transferable, non-sublicensable, restricted license to use the Licensed Software for internal purposes only, for the specific business purposes and Business Unit (if applicable), and during the license term specified in a Purchase Order (the "License"). The License permits employees and authorized users of Licensee to use the Licensed Software, subject to the number of Floating Users and/or Named User-Devices specified in the Purchase Order.

3.2 Prohibited Uses. Licensee may not (i) transfer all or any portion of the Licensed Software to a different computer configuration or permit use by third parties or other functionally independent business units affiliated with Licensee or affiliates of Licensee, (ii) reinstall or use the Licensed Software or documentation following the expiration or termination of this Agreement unless it enters into an additional license agreement with Woolpert, (iii) attempt to circumvent any technical devices of the License Software that are directed at, or have the effect of, enforcing the terms of this Agreement, (iv) make copies of the Licensed Software other than for backup, training, testing or other internal support reasons, or (v) modify, create derivative works, translate, decompile or create or attempt to create, by reverse engineering or otherwise, the source code from the object code supplied to Licensee. Licensee may not remove, modify or obscure any copyright, trade secret, confidentiality, trademark, service mark or other proprietary rights, notice or legend on any copy of the Licensed Software, the media on which it is contained, or related data, documentation or other materials. Licensee may not market, sell, lend, rent, lease, or otherwise distribute the Licensed Software. Except as otherwise expressly provided herein, Licensee may not assign, sublicense or otherwise transfer any rights in or

to the Licensed Software. The Licensed Software shall not be used under any circumstance whatsoever directly or indirectly in a computer service business or service bureau or in a rental or commercial timesharing arrangement.

3.3 Designated Hardware. Licensee agrees to operate the Licensed Software on hardware meeting or exceeding the requirements as specified in a Purchase Order or this Agreement or otherwise recommended by Woolpert. Licensee acknowledges and agrees that the License is restricted to official Customer operations only, and that the Licensed Software may not be installed on hardware not owned and operated by Licensee.

3.4 Database Objects of Licenses Software. Licensee agrees that the database objects created by Woolpert and its architecture are key components of Licensed Software that is also being licensed concurrently with this Agreement. The database objects may be subject to copyright protection by Woolpert. Licensee acknowledges that any alteration of the database objects – even in the case of changing data that may be owned by Licensee – that is performed by software that is not the Licensed Software and/or by an agent that is not associated with Woolpert is inconsistent with the License granted under this Agreement and may cause the Licensed Software to malfunction or affect the integrity of the data in the License Software database and/or Customer's CAMA database, and that Woolpert can no longer warrant the accuracy of the data or the above referenced databases. Licensee shall not permit any third party or third-party software product to access the Licenses Software database objects except with the prior written consent of Woolpert.

4 SERVICES.

4.1 Professional Services. Woolpert shall provide professional services ("Services") as described in Purchase Orders to assist with data conversion, system implementation and configuration, customization, and installation, or in connection with other activities as may be described in Purchase Orders. Subject to the mutual agreement of the parties in a Purchase Order or this Agreement, Woolpert personnel will perform these Services at the rate and charges set forth in such Purchase Order; plus applicable travel, meal and lodging expenses if preapproved by Customer.

4.2 Maintenance and Support Services. Woolpert shall provide maintenance and support services ("Maintenance") as described in Purchase Orders or this Agreement to maintain the Licensed Software and to provide technical support, Licensed Software updates, and other services as described in Purchase Orders or this Agreement. Unless otherwise set forth in an applicable Purchase Order, support calls for service will be provided during normal business hours, and will be responded to within 3 business days for standard inquiries and 10 business hours for emergency inquiries from the time the call was placed or 5 business hours for premium support services (if purchased); or otherwise resolved as soon as reasonably possible as defined within this Agreement. Licensee understands and agrees that if Licensee discontinues and then resumes the use of Maintenance, Licensee will be required to pay Woolpert the entire Annual Maintenance and Support Services Fees for the period of discontinuance, plus any Maintenance Services then commencing.

5 SUSPENSION OF SaaS DUE TO NON-PAYMENT.

5.1 In consideration for the License and the Services and Maintenance to be provided by Woolpert, Licensee shall pay the Annual SaaS Fees as indicated in Section 4 of the Agreement. Licensee shall pay these fees within thirty (30) days of the receipt of the invoice, unless otherwise stipulated in this Agreement. Licensee agrees that the SaaS CAMACloud® applications are available only through a rental time-based subscription basis and the failure to pay any fees related thereto greater than sixty (60) days shall permit Woolpert to deny Licensee access to those aspects of the Software until full payment for all amounts owing are paid in full.

6 PROPRIETARY RIGHTS AND CONFIDENTIALITY.

6.1 Licensee understands and agrees that the Licensed Software, related data, documentation, and all other information and materials provided by Woolpert to Licensee (the "Proprietary Information") are confidential and that Woolpert has and will have exclusive Intellectual Property Rights in such Proprietary Information. Notwithstanding the foregoing, Woolpert understands and agrees that Licensee is subject to its state's Open Records Act. Woolpert further understands that information which Woolpert considers or treats as confidential may be made public or disclosed to members of the public, if such disclosure is required by law.

6.2 Licensee acknowledges and agrees that no title or ownership of the Licensed Software or any of Woolpert's Intellectual Property Rights is transferred to Licensee by this Agreement and that the Licensed Software and all Intellectual Property Rights are and will remain the exclusive property of Woolpert. Except as otherwise expressly set forth in any Purchase Order or this Agreement, Woolpert shall own all right, title, and interest in and to all Deliverables that are written or created by Woolpert personnel alone or jointly with Licensee or third parties in connection with this Agreement. "Deliverable" shall mean any work product, software, co-development, analysis, or other

deliverable(s) produced for or delivered to Licensee under this Agreement in connection with a Purchase Order.

6.3 Licensee agrees not to make any claim or representation of ownership of any of the Licensed Software and all related data, documentation and other materials, including any Deliverables. Subject only to the rights expressly granted to Licensee under this Agreement according to the non-exclusive License herein, all rights, title and interest in and to the Licensed Software including without limitation the Proprietary Rights will remain with and belong exclusively to Woolpert. This is a software license agreement and not an agreement for the sale of the Licensed Software.

6.4 Except as required or prohibited by law, Licensee agrees to keep all Licensed Software (including all related data, documentation and other materials) and other confidential information of Woolpert confidential and agrees not to sell, assign, distribute or disclose any Licensed Software or any portion of the Licensed Software to any other person or entity. Licensee agrees to advise its employees, agents and consultants of the confidential and proprietary nature of the Licensed Software (including all related data, documentation and other materials) and of the restrictions imposed by this Agreement, and agrees to confine access to Licensee's employees, agents and consultants solely on a need-to-know basis, subject to all restrictions imposed by this Agreement. Except as required or prohibited by law, demonstrating the capability of the system to competing property assessment jurisdictions, competing vendors, and/or competing agents/consultants shall be a disclosure of the Licensed Software that constitutes a material breach of this Agreement.

6.5 Woolpert agrees to keep confidential all of Licensee's confidential information, and agrees not to sell, assign, distribute or disclose any such confidential information to any other person or entity. Woolpert agrees to advise its employees, agents, and consultants of the confidential and proprietary nature of such confidential information and of the restrictions imposed by this Agreement, and agrees to confine access to Woolpert's employees, agents and consultants solely on a need-to-know basis, subject to all restrictions imposed by this Agreement and by law.

6.6 The provisions of this Section 6 apply to the Licensed Software as originally delivered by Woolpert and as modified or otherwise enhanced and to any data, documentation, other materials and information regarding the Licensed Software that has been given to Licensee prior to the Effective Date, and apply to Licensee and to all employees, agents, consultants and affiliates of Licensee.

6.7 To the extent that Licensee is authorized by law to do so, Licensee agrees to assist Woolpert in stopping and preventing any possession or use of the Licensed Software (including all related data, documentation and other materials) by any person or entity not authorized by this Agreement to have such possession or use, and will cooperate with Woolpert in any litigation that Woolpert determines is reasonably necessary to protect the Proprietary Rights.

6.8 The parties agree that any breach of the provisions of this Section 6 will cause substantial damages, that the amount of such damages is difficult to determine with precision, and that any remedies at law for such a breach will entitle the owner of the confidential information or Proprietary Information as the case may be, in addition to any other remedies it may have, to temporary and permanent injunctive and other relief, without the necessity of posting bond or proving actual damages. Woolpert further agrees that, to the extent that any disclosure of information is required by law, or the concealing of information is prohibited by law, including information of any type considered under this Agreement to be confidential, Woolpert shall not be entitled to any damages or other legal or equitable relief whatsoever.

7 INDEMNITY.

7.1 Woolpert will indemnify and defend Licensee, at Woolpert's expense, against any claim or any action brought, and will pay any and all costs, liabilities, expenses, settlements, or judgments finally awarded in favor of a third party against Licensee, based upon any claim that the Licensed Software infringes any valid U.S. patent, copyright or trade secret, provided that Licensee: (i) promptly notifies Woolpert in writing of any such claim; (ii) gives Woolpert full authority and control of the settlement and defense of the claim; (iv) has not made any admission or offer to settle and (iv) fully cooperates with Woolpert in the defense of such claims, including providing adequate assistance and information. Woolpert shall keep Licensee informed of, and consult with Licensee in connection with the progress of such litigation or settlement. Woolpert may not settle any Claim unless it unconditionally releases Licensee of all liability. The indemnity provided hereunder shall not apply to amounts paid in settlement of any claim if such settlement is made without Woolpert's prior written consent.

7.2 This indemnity does not apply to, and Woolpert will have no obligation to Licensee for, any infringement claim that arises from: (i) any modification to the Licensed Software by anyone other than Woolpert unless approved in writing by Woolpert; (ii) modifications made by Woolpert at Licensee's request in compliance

with Licensee's design, specifications or instructions; (iii) use of the Licensed Software other than as specified in this Agreement or in the applicable documentation; (iv) use of the Licensed Software in conjunction with third-party software, hardware or data other than that with which the Licensed Software is specifically designed to be used, solely as expressly specified in the documentation or this Agreement, or (v) use of a prior version of the Licensed Software, if the infringement claim could have been avoided by the use of the current version of the Licensed Software.

7.3 If an infringement claim arises, or in Woolpert's reasonable opinion is likely to arise, Woolpert may at its own expense and in its own discretion obtain for Licensee the right to continue using the Licensed Software, modify the Licensed Software to make it non-infringing, or substitute other Licensed Software of substantially similar capability and functionality. If none of these options are reasonably available to Woolpert, Woolpert may terminate the License for the infringing Licensed Software and refund to Licensee the License fee paid for the infringing Licensed Software, less a reasonable charge for Licensee's use of the Licensed Software prior to such termination. THIS SECTION 7 STATES THE ENTIRE OBLIGATION OF WOOLPERT AND THE EXCLUSIVE REMEDIES OF LICENSEE WITH RESPECT TO ANY CLAIMS OF INFRINGEMENT OR INTELECTUAL PROPERTY RIGHTS VIOLATIONS.

8 WARRANTY AND LIMITATION OF LIABILITY.

8.1 Woolpert warrants that as of the Effective Date of this Agreement, (i) it has the authority to grant the License under this Agreement to Licensee; (ii) any Services provided under this Agreement and any Purchase Orders will be performed in a professional and workmanlike manner; and (iii) the Licensed Software will conform substantially to its documentation for thirty (30) days from go-live delivery. Licensee's sole remedy for a breach of the express warranties in this section shall be repair or replacement of the Licensed Software or reperformance of any applicable Services within a reasonable time.

8.2. WOOLPERT MAKES NO WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE. WOOLPERT DOES NOT WARRANT THAT THE PRODUCT WILL OPERATE WITHOUT INTERRUPTION OR BE ERROR FREE. EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT OR ANY APPLICABLE PURCHASE ORDER, WOOLPERT HAS NO DUTY TO UPDATE, MAINTAIN OR PROVIDE ANY ENHANCEMENTS FOR THE LICENSED SOFTWARE.

9 TERM AND TERMINATION.

9.1. The term of this Agreement shall begin on the Effective Date and continue in effect until terminated as provided herein or otherwise stipulated in the Agreement. In the event that either party fails at any time to comply with any of its obligations under this Agreement and fails to cure such breach within thirty (30) calendar days after the giving of a written notice of breach that describes in reasonable detail the alleged breach, the other party may terminate this Agreement effective on the 31st day after the original written notice of breach unless some interim arrangement has been reached between the parties during the 30-day cure period. If Licensee breaches any provision of Section 3 or Section 6, Woolpert may terminate this Agreement immediately upon written notice to Licensee. Upon termination, Licensee shall immediately destroy all copies of the Licensed Software, and certify to Woolpert that it has retained no copies of the Licensed Software. Upon termination, regardless of the reason for termination, Licensee shall pay Woolpert all undisputed Fees or expenses then due or incurred up to the time of termination. The rights and responsibilities of the parties pursuant to paragraphs 3.2, 5, 6, 8.2, and paragraph 10 shall survive the expiration or termination of this Agreement.

9.2 NON-APPROPRIATION. Woolpert acknowledges that Licensee is a governmental entity and the contract validity is based upon the availability of public funding under the authority of its statutory mandate. In the event that public funds are not appropriated for the performance of Licensee's obligations under this Agreement, then this Agreement shall automatically expire without penalty to Licensee thirty (30) days after written notice to Woolpert of the non-appropriation of public funds. It is expressly agreed that Licensee shall not activate this non-appropriation provision for its convenience or to circumvent the requirements of this Agreement, but only as an emergency fiscal measure during a substantial fiscal crisis, which affects generally its governmental operations. Any services performed by Woolpert prior to its receipt of notice of the Licensee's intent to terminate this Agreement in accordance with this paragraph shall nonetheless be paid to Woolpert, including all non-refundable amounts.

10 MISCELLANEOUS.

10.1 Except for Customer's obligation to pay Woolpert, Neither party will be liable for any failure to comply with or delay in performance of this Agreement where failure or delay is caused by or results from any events beyond its control, including but not limited to, fire, flood, earthquake, accident, civil disturbances, acts of any governmental entity, war, shortages, embargoes, strikes (other than those occurring in the workforce of the party claiming relief, or the workforces of its subcontractors), transportation delays, or acts of God.

10.2 This Agreement will inure to the benefit of and be binding upon the parties and their respective successors and permitted assigns; provided however, that (i) Licensee may not assign or otherwise transfer this Agreement or any of its rights and/or obligations hereunder without the prior written consent of Woolpert, and (ii) Woolpert may only transfer or assign its rights and obligations under this Agreement to an affiliate, in connection with a merger or acquisition or in connection with a corporate reorganization.

10.3 No delay, omission or failure to exercise any right or remedy under this Agreement will be deemed to be a waiver of such right or remedy or acquiescence to the event giving rise to such right or remedy, but every such right and remedy may be exercised from time to time and so often as may be deemed expedient by the party exercising such right or remedy.

10.4 Woolpert and Licensee are independent contractors with respect to one another under this Agreement, and neither one is a partner, joint venture, employee, agent or legal representative of the other for any purpose.

10.5

This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses base on personal jurisdiction, venue and inconvenient forum.

10.6 If any provision of this Agreement or compliance by any of the parties with any provision of this Agreement constitutes a violation of any law, or is or becomes unenforceable or void, then such provision, to the extent only that it is in violation of law, unenforceable or void, shall be deemed modified as necessary so that it is no longer in violation of law, unenforceable or void, and such provision will be enforced to the fullest extent permitted by law. If such modification is not possible, such provision, to the extent that it is in violation of law, unenforceable or void, shall be deemed severed from the remaining provisions of this Agreement, which provisions will remain in full force and effect.

10.7 In the event that any provision of this Agreement is held to be illegal, invalid or unenforceable, under present or future laws, then (i) such provision will be fully severable and this Agreement will be construed and enforced as if such illegal, invalid or unenforceable provision were not a part hereof, (ii) the remaining provisions of this Agreement will remain in full force and effect and will not be affected by such illegal, invalid or unenforceable provision or by its severance from this Agreement, and (iii) there will be added automatically as a part of this Agreement a provision similar in terms to such illegal, invalid or unenforceable provision as may be possible and still be legal, valid and enforceable.

10.9 This Agreement will become effective only upon execution of this Agreement by an authorized officer of Woolpert and Licensee.

10.10 Any notice or communication required or permitted to be given hereunder may be delivered by hand, deposited with an overnight courier, sent by confirmed facsimile, or mailed by registered or certified mail, return receipt requested, postage prepaid, in each case to the address of the receiving party indicated below, or at such other address as may hereafter by furnished in writing by either party hereto to the other. Such notice will be deemed to have been given as of (i) the date it is delivered in the case of delivery by hand or overnight delivery, (ii) on the date of facsimile if sent by confirmed facsimile, and (iii) three (3) days after deposit in the mail in the case of certified mail delivery. Copies of all notices to Woolpert shall be sent to: Data Cloud Solutions, a Woolpert Company, 1730 N. Limestone St., Springfield, OH 45503.

10.11 The Uniform Computer Information Transactions Act does not apply to this Agreement.

10.12 This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. Such counterparts may be sent via facsimile or in PDF format via email.

WHEREAS, Food City desires to donate approximately $6,000.00 for coffee service at six (6) Knox County Senior Center locations over the period of September 1, 2025 through August 31, 2026; and

WHEREAS, Knox County desires to accept this generous donation for the benefit of the Knox County Senior Centers.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Commission of Knox County hereby authorizes the acceptance of a donation of approximately $6,000.00 from Food City for coffee service at six (6) Knox County Senior Centers for the period of September 1, 2025 through August 31, 2026.

BE IT FURTHER RESOLVED, that the Knox County Mayor is hereby authorized to execute any and all documents which may be required to signify acceptance of the donation by Knox County, subject to the review and approval of the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

WHEREAS, the Knox County Sheriff's Office has faithfully participated in the U.S. Immigration and Customs Enforcement (ICE) 287(g) program since 2017, making Knox County one of the first counties in Tennessee to participate in this program that deputizes local law enforcement to assist in the identification and detention of people residing in the United States in violation of immigration laws, who are arrested on criminal charges; and

WHEREAS, as of July 2025 Knox County is now one of 20 Tennessee counties participating in this voluntary partnership between ICE and Tennessee sheriff's offices; and

WHEREAS, Knox County's Roger D. Wilson Detention Facility operated by the Knox County Sheriff's Office has become a regional hub for immigration detainees, housing detainees from across East Tennessee and booking nearly 400 immigration detainees in April 2025 alone, which is an increase from 66 in October 2024 and 163 in January 2025; and

WHEREAS, the Knox County Sheriff's Office and ICE personnel have performed their duties with professionalism and courage in the face of rising detainee numbers and potential dangers particularly as national civil unrest, such as the riots in Los Angeles earlier this year, underscore the challenges faced by law enforcement in maintaining public safety; and

WHEREAS, the Knox County Commission recognizes that the 287(g) program enhances public safety by ensuring that individuals arrested for criminal offenses are screened for immigration status and processed accordingly; and

WHEREAS, the Knox County Commission recognizes that immigrants residing in the United States in violation of United States immigration law have committed crimes in Knox County that resulted in the deaths of Knox County citizens such as Pierce Kennedy Corcoran; and

WHEREAS, as President Trump's administration enforces United States immigration law rigorously, the Knox County Commission seeks to affirm its support for the Knox County Sheriff's Office and ICE in their critical roles of prioritizing the removal of those in Knox County who are residing in the United States in violation of US immigration law, including those who are violating the general criminal laws of the State of Tennessee.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Knox County Commission hereby commends the United States Immigration and Customs Enforcement (ICE) and the Knox County Sheriff's Office for their tireless efforts and dedication in managing the significant increase in immigration detainees, ensuring public safety under challenging and often dangerous circumstances.

The Commission expresses its gratitude for the Sheriff's Office's commitment to the 287(g) program and its role as a regional hub, processing nearly 400 detainees in April 2025, demonstrating exceptional operational capacity.

BE IT FURTHER RESOLVED, that the Commission urges continued collaboration between the Knox County Sheriff's Office, ICE, and other federal and state agencies to uphold public safety and enforce immigration laws.

BE IT FURTHER RESOLVED, that a suitable copy of this Resolution be presented to the Knox County Sheriff's Office, the ICE Field Office, and the Tennessee Congressional Delegation.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

WHEREAS, the Tennessee Sheriffs' Association recently awarded Knox County Sheriff Tom Spangler the Courageous Lion Award, a prestigious recognition honoring individuals demonstrating exceptional dedication and service in the field of law enforcement; and

WHEREAS, the Courageous Lion Award recognized Sheriff Spangler's unwavering dedication to law enforcement, exceptional commitment to the safety and well-being of our community, and commitment to serving on the P.O.S.T. Commission throughout his tenure, even during his cancer diagnosis and treatment; and

WHEREAS, the Executive Director of the Tennessee Sheriffs' Association lauded Sheriff Spangler for being a natural leader who always supports the law enforcement profession and answers the call for help from other agencies needing resources and for his determination and commitment being proven and displayed in his service before self; and

WHEREAS, in receiving this award, Sheriff Spangler was also recognized for always emphasizing the importance of building strong relationships within our community and fostering collaboration among law enforcement agencies across the state of Tennessee; and

WHEREAS, the Commission wishes to commend Sheriff Spangler for his courage, leadership, and unwavering commitment to law enforcement and community safety.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Knox County Commission hereby honors Knox County Sheriff Tom Spangler upon the occasion of his receipt of the Courageous Lion Award from the Tennessee Sheriffs' Association and, on behalf of the citizens of Knox County, applauds his distinguished service and dedication to law enforcement and the safety and well-being of Knox County.

BE IT FURTHER RESOLVED, that this Resolution be presented to Sheriff Spangler as a token of the Commission's respect and appreciation.

Notice of Request to Close Road/Right of Way

Date:	Monday, August 4, 2025
Name of Road/ROW:	Unimproved Hayes Road Right of Way
Location of Road/ROW:	N of Outlet Dr, S of Laster Farms Way, Commission District 6
Length of Road/ROW:	Approximately 670 feet
Reason for Request:	Right of way has been unused since the Outlet Drive Extension Project around the year 2010; Approved development plans for 11425 Grand Summit Way have the northern half of this unused ROW being part of the developments internal private street system.
Closure Representative:	Benjamin C. Mullins, Attorney and Jason Hunt

The closure of this right of way will be discussed in the Main Assembly Room of the City-County Building during the Optional Agenda Review meeting on **Monday, August 18, 2025 at 3:00 p.m**. We would encourage you to attend this meeting, in the event questions are posed. A public hearing will be held later in the same assembly room as part of the County Commission Meeting. The date is **Monday, August 25, 2025 at 5:00 p.m**. The closure representative should be present at this meeting and be prepared to speak in the event questions are posed.

The property owners are required to furnish a survey to Knox County Engineering and Public Works showing the boundaries of the right of way to be abandoned and the boundaries of the lots of the person to whom the right of way is to be transferred as they will exist after the right of way is closed as requested. A metes and bounds paragraph description of the area being closed is also required. These documents can be submitted before or after the Commission Meetings. They must be submitted prior to preparation of the Quit Claim Deed.

Sincerely,

Jim Snowden, P.E.
Senior Director

Reason for Request:	Right of way has been unused since the Outlet Drive Extension Project around the year 2010; Approved development plans for 11425 Grand Summit Way have the northern half of this unused ROW being part of the developments internal private street system.
Closure Representative:	Benjamin C. Mullins, Attorney and Jason Hunt

County Commissioner Terry Hill will be sponsoring the following right of way closure request at the August 2025 County Commission meeting:

"Consideration of the closure of the unimproved Hayes Road right of way located south of parcel 130 175 and north of parcels 130 17601/17602."

This area has not been used for access for over fifteen years. If closed, this area will be transferred to the adjoining parcels.

The closure of this right of way will be discussed in the Main Assembly Room of the City-County Building during the Optional Agenda Review meeting on **Monday, August 18, 2025 at 3:00 p.m**. This meeting is open to the public. A public hearing will be held later in the same assembly room as part of the County Commission Meeting. The date is **Monday, August 25, 2025 at 5:00 p.m**. You have the right to attend, observe, and provide public comments at these meetings.

Attachments: Ease Hayes Road Closure (signed).pdf; 08012025.pdf

Erin,

Please allow this email to serve as the property owner's formal request to close the right of way commonly known as E Hayes Rd. which is between 11425 Grand Summit Way and 11470 Outlet Dr. This ROW intersects with Outlet Dr. approximately 550 feet east of Outlet Dr's intersection with Snyder Rd. The length and width of the right-of-way to be closed is designed more fully in the attached survey and legal description prepared by Cannon & Cannon.

The reason for the request is that this ROW does not appear to be utilized and will likely never be utilized. Approved development plans for 11425 Grand Summit Way have the northern half of this unused ROW being part of the developments internal private street system.

Jason Hunt and I will be the representatives of the owner at any Work Session or other meeting.

We have been unable to obtain signatures of the two southern property owners, but they have also not informed us that they oppose the ROW closure. I suspect that they do not know there is unused ROW that abuts their property. Regardless, we would propose that the entirety of the ROW be transferred over to Candy Lasiter. If that is not possible, then the northern half of the ROW should be transferred to Candy Lasiter and the southern property owners should obtain the southern half of the ROW that abuts their property.

Finally, I understand that Commissioner Terry Hill is sponsoring this application for closure.

Please confirm that this information is received, is complete, and that we will be on the August Commission agenda for closure. Please let me know the times for any work sessions, etc., and if you need additional information.

LEGAL DESCRIPTION
HAYES ROAD CLOSURE

Situated in the Sixth (6th) Civil District of Knox County, Tennessee, without the corporate limits of the City of Knoxville and being the portion of the existing Hayes Road right-of-way proposed for closure, said area of closure being more particularly described as follows:

RIGHT-OF-WAY CLOSURE

BEGINNING on an existing iron rod and cap (CCI) in the northern right-of-way line of Outlet Drive, corner to Candy Laster (Instrument Number 201401270044626), said point being located 437.00 feet, more or less, from the eastern right-of-way line of Snyder Road;

Thence leaving the northern right-of-way line of Outlet Drive and with the southeastern line of Laster, the following six (6) calls:

1. N 45° 59' 55" E, 56.66 feet to an existing iron rod and cap (CCI);

2. N 50° 20' 41" E, 90.37 feet to an existing iron rod and cap (CCI);

3. N 60° 33' 55" E, 129.83 feet to an existing 5/8 inch iron rod;

4. N 71° 01' 45" E, 155.78 feet to an existing 5/8 inch iron rod;

5. N 67° 29' 30" E, 189.29 feet to an existing 5/8 inch iron rod;

6. N 63° 50' 42" E, 94.57 feet to an existing 1/2 inch iron rod in the southwestern line of James M. Wadley and April Joy Galyon (Instrument Number 200703270078109);

Thence leaving the southeastern line of Laster and with the southwestern line of Wadley and Galyon, the following three (3) calls:

1. S 26° 47' 37" E, 9.97 feet to an existing 1/2 inch iron rod;

2. S 30° 29' 25" E, 9.82 feet to an existing 1/2 inch iron rod and cap (JS 1306);

3. S 30° 10' 52" E, 14.96 feet to an existing 1 inch iron rod in the southwestern line of Wadley and Galyon, corner to Ahmad Alsharif and Vivian Abbas (Instrument Number 202505300063078);

Thence leaving the southwestern line of Wadley and Galyon, and with the northern line of Alsharif and Abbas, the following three (3) calls:

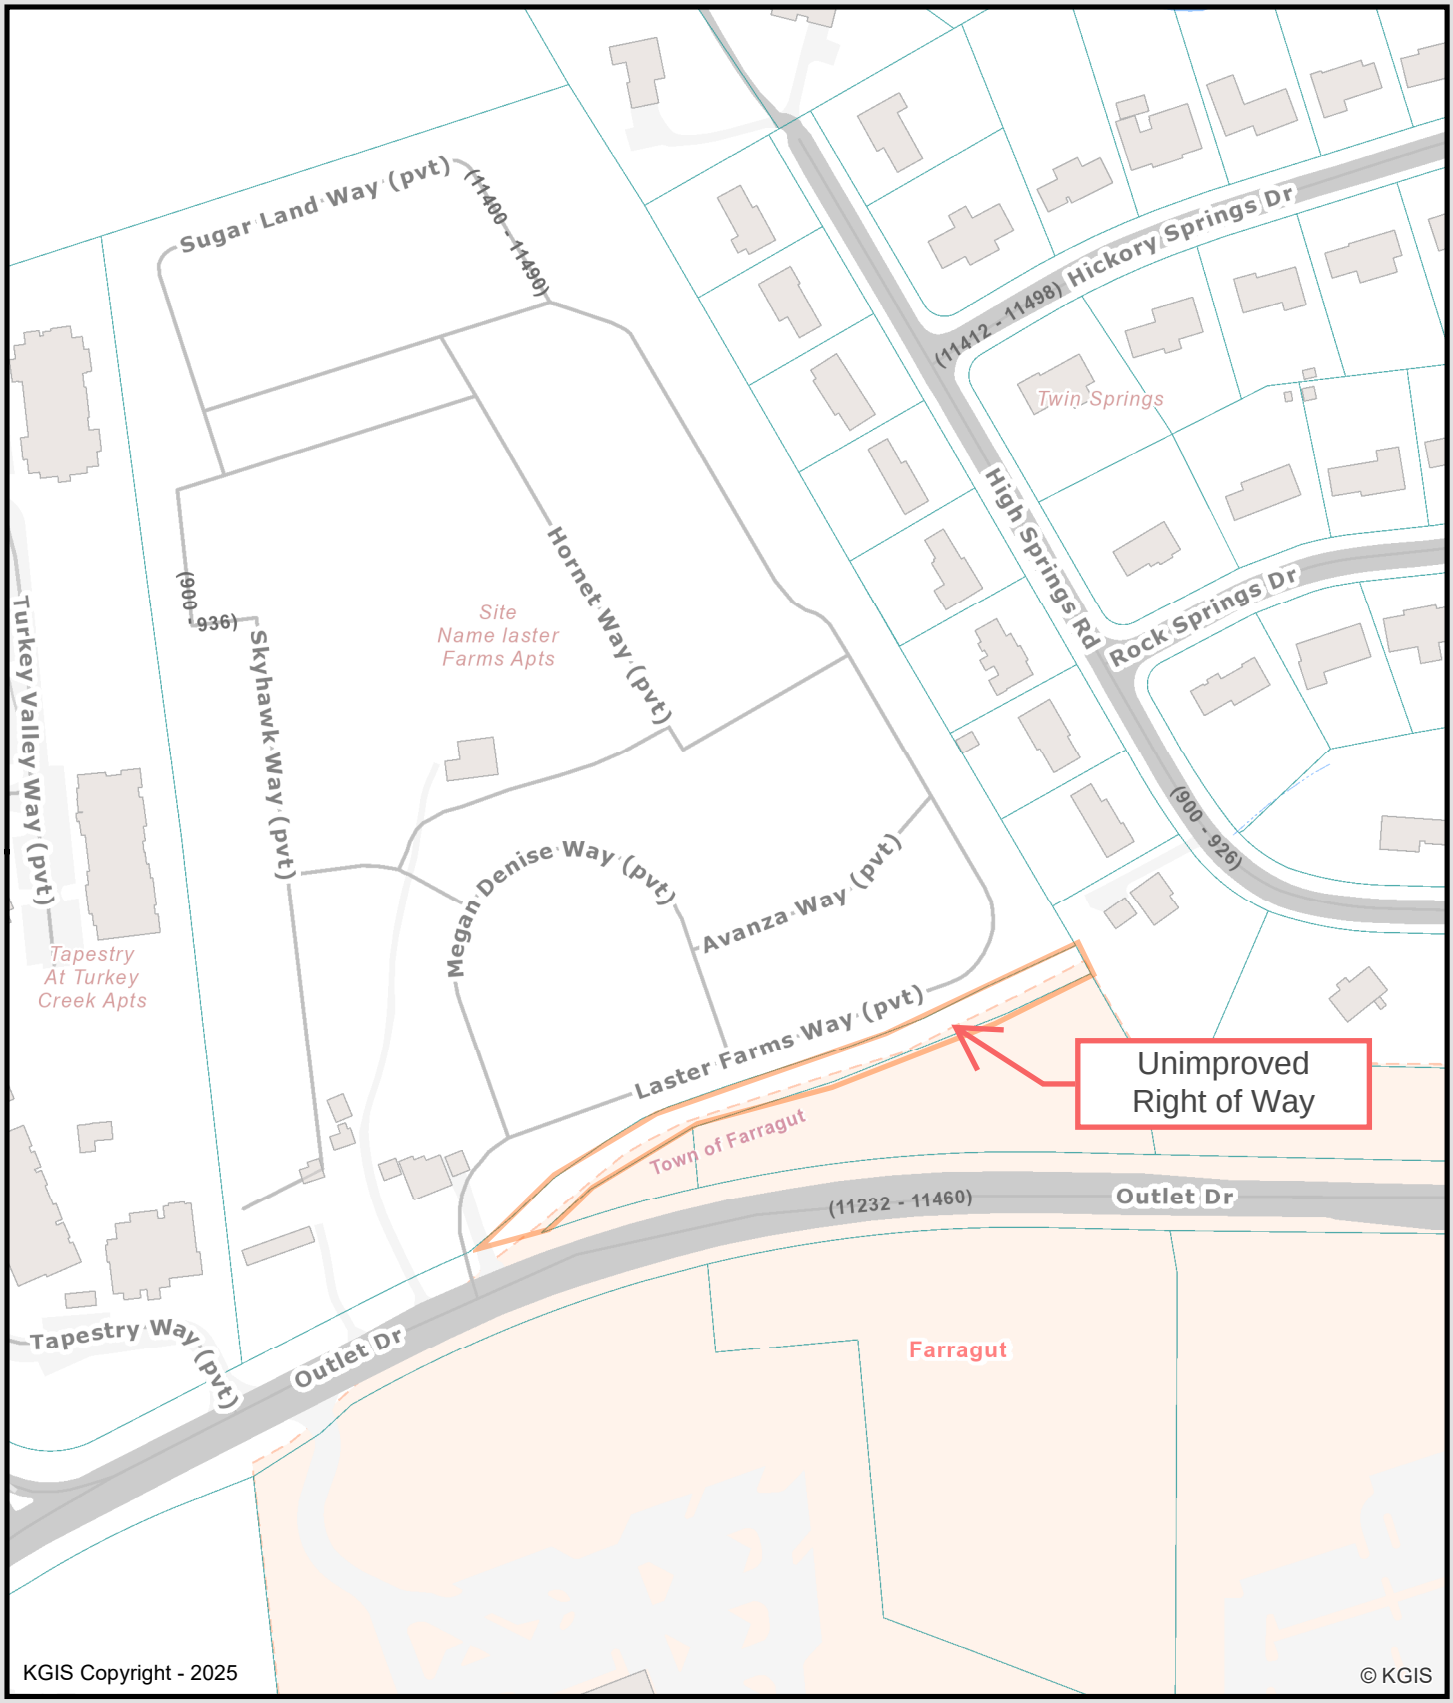
1. S 64° 47' 31" W, 96.94 feet to a point;

2. S 68° 17' 38" W, 192.76 feet to a point;

3. S 72° 01' 58" W, 155.41 feet to a point, corner to MC Metro of Knoxville, LLC (Instrument Number 202507070001294);

Thence with the northern line of MC Metro of Knoxville, LLC, the following two (2) calls:

1. S 58° 54' 37" W, 124.09 feet to a point;



2. S 47° 59' 52" W, 57.34 feet to a point in the northern right-of-way line of Outlet Drive;

Thence leaving the northern line of MC Metro of Knoxville, LLC, and with the northern right-of-way line of Outlet Drive, with a curve to the left, having a radius of 1,477.40 feet and a chord of S 68° 55' 03" W, 90.00 feet to the Point of **BEGINNING**;

Containing 20,811.11 square feet, or 0.478 acres, more or less.

This description, as depicted by Exhibits "A-1", "A-2", was prepared by Cannon & Cannon, Inc., 10025 Investment Drive, Suite 120, Knoxville, Tennessee 37932, dated June 19, 2025. Reference CCI project number 01781-0000.

RE: Holye Beals Drive

Dear Mr. Snowden:

Schaad Companies, LLC is requesting a right-of-way closure for the "Original Holye Beals Drive" as shown on the attached survey. The length of the closure is approximately 460 feet by 50 feet between Middlebrook Pike and relocated Hoyle Beals Drive.

The purpose of this closure is to consolidate property since Schaad Companies, LLC owns both sides of the right-of-way.

Patrick Schaad of Schaad Companies, LLC is requesting this action. His contact information is as follows:

P.O. Box 51058
Knoxville, TN 37958-1058
Phone (865)637-2674
pschaad@schaadcompanies.com

As the surveyor, I will be representing Mr. Schaad at the commission meetings.

Order of the Mayor

ORDER OF THE KNOX COUNTY MAYOR
APPOINTING UTILITY DISTRICT COMMISSIONER

IN RE:	)
	)
COMMISSIONER APPOINTMENT	)
FOR THE HALLSDALE-POWELL	)
UTILITY DISTRICT OF KNOX	)
COUNTY, TENNESSEE	)

Upon certification by the Board of Commissioners of the Hallsdale-Powell Utility District of Knox County, Tennessee, certifying an upcoming vacancy on said Board of Commissioners by the expiration of the term of Kelly Barger, and certifying a list of three names nominated for appointment to fill such vacancy in accordance with T.C.A. § 7-82-307(a);

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED, AS FOLLOWS:

(a) That Kelly Barger is hereby reappointed to the Board of Commissioners of the Hallsdale-Powell Utility District of Knox County, Tennessee, to serve a four (4) year term commencing on September 14, 2025. Kelly Barger took the oath of office on August 4, 2025, a copy of which is attached hereto as Exhibit A.

(b) That a copy of this Order shall be entered into the minutes of the Knox County Commission as required by T.C.A. § 7-82-307(a)(4), and that a certified copy of this Order shall be provided to the Hallsdale-Powell Utility District Board of Commissioners and the appointee as required by T.C.A. § 7-82-307(a)(4).

(c) That this Order shall be kept by the Knox County Clerk as a permanent record of Knox County, and the Knox County Clerk shall issue certified copies of this Order as shall be requested.

ENTERED this 5th day of August, 2025.

GLENN JACOBS
KNOX COUNTY MAYOR

Oath of Office
of
Hallsdale-Powell Utility District of Knox County

I, Kelly Barger, do solemnly swear that I will execute the duties of the office of HALLSDALE-POWELL UTILITY DISTRICT COMMISSIONER of Knox County, Tennessee to which I have been appointed and which I am about to assume, without prejudice, partiality, or favor to the best of my skill and ability. I further swear that I will support the Constitution of the State of Tennessee and the Constitution of the United States, so help me God.

KELLY BARGER

Subscribed and sworn to before me this 4th day of August, 2025.

WHEREAS, Section 46-31 *et seq.* of the Knox County Code provides for a nine member library advisory board with each member residing in the commission district which corresponds to his or her numbered seat on the Knox County Library Advisory Board (the "Library Advisory Board"); and

WHEREAS, Michelle Hollenhead who serves in the 5th Commission District seat has resigned as a member of the Library Advisory Board, leaving an unfulfilled term expiring July 1, 2026; and

WHEREAS, the Knox County Commission conducted an open and transparent process for the purpose of filling this vacancy on the Library Advisory Board, including publishing notice of the vacancy in a newspaper of general circulation and interviewing candidates interested in serving on the Library Advisory Board at a duly noticed public meeting; and

WHEREAS, the Knox County Commission desires to fill this vacancy on the Library Advisory Board.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Knox County Commission hereby accepts the resignation of Michelle Hollenhead from the Knox County Library Advisory Board.

BE IT FURTHER RESOLVED, that the Commission hereby appoints Becky Hofseth to the 5th Commission District seat on the Knox County Library Advisory Board to complete the unfulfilled term of Michelle Hollenhead, which term expires on July 1, 2026.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

BACKGROUND

My appreciation for the local library extends back to childhood days. Books were delicious sweets, and the library a free candy store. During my 26 years as a pioneer homeschooler, library books were a key part of our curriculum and a place of exploration for our brood of seven. To this day, walking into a library is an invitation to learn and be enriched.

Subject: [External]Resignation from Library Board
Good afternoon Mrs. Russell.
I am writing to notify you that I am resigning my post on the Knox County Library Board, effective immediately, due to family issues impacting my availability.
Your predecessor appointed me to the Board and I have been happy to serve my community in this capacity.
Sincerely,
Michelle Hollenhead

Free Legal Advice clinic for Veterans is August 13

The next Veterans Legal Advice Clinic event will be held in person at the Knox County Public Defender's Office on August 13. Any veteran seeking legal help is encouraged to attend from 12:00 p.m. to 2:00 p.m.

In 2025, the clinics are held every other month: February 12, April 9, June 11, August 13, October 8 and December 10. There are no clinics scheduled for January, March, May, July, September, or November.

Veterans who are not able to attend the clinic in person are encouraged to continue to use the telephone clinic option. Preregistration is required for telephone clinic and veterans are asked to call Legal Aid of East Tennessee at (865)637-0434 to preregister.

This is a general advice clinic with a wide variety of legal issues, including family law, landlord/tenant, bankruptcy, criminal defense, consumer protection, contract disputes, child support, and personal injury, among other issues.

Please note: This is an advice-only clinic. Clients can expect legal advice, but no wills are drafted at this clinic nor legal work performed.

The Knox County Public Defender's Community Law Office is located at 1101 Liberty Street, Knoxville, TN 37919.

WHEREAS, Section 46-31 *et seq.* of the Knox County Code provides for a nine member library advisory board with each member residing in the commission district which corresponds to his or her numbered seat on the Knox County Library Advisory Board (the "Library Advisory Board"); and

WHEREAS, Ms. Kyle Nahrebne who serves in the 8th Commission District seat has resigned as a member of the Library Advisory Board, leaving an unfulfilled term expiring July 1, 2026; and

WHEREAS, the Knox County Commission conducted an open and transparent process for the purpose of filling this vacancy on the Library Advisory Board, including publishing notice of the vacancy in a newspaper of general circulation and interviewing candidates interested in serving on the Library Advisory Board at a duly noticed public meeting; and

WHEREAS, the Knox County Commission desires to fill this vacancy on the Library Advisory Board.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The Knox County Commission hereby accepts the resignation of Kyle Nahrebne from the Knox County Library Advisory Board.

BE IT FURTHER RESOLVED, that the Commission hereby appoints _____ to the 8th Commission District seat on the Knox County Library Advisory Board to complete the unfulfilled term of Kyle Nahrebne, which term expires on July 1, 2026.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

Dear Commissioner Thompson,

This is to inform you that I am resigning as a member of the Knox County Library Advisory Board, effective July 1, 2025

While it has been my pleasure to serve on the board for the past number of years, I feel that given my recent election to the position of Vice Chair of the Knox County Republican Party that I will need to turn my focus to this new role.

I wish the organization the best for the future and regret any inconvenience my resignation may cause.

With regards,

Ms. Kyle Nahrebne

District 8

Cc: Andrew Flores, President, Knox County Library Advisory Board

ESTATE OF JOE BERRY WALLEN
DOCKET NUMBER 31175-1

Notice is hereby given that on the 15th day of JULY, 2025, letters testamentary in respect of the Estate of JOE BERRY WALLEN, who died April 18, 2025, were issued to the undersigned by the Chancery Court, Probate Division, of Knox County, Tennessee. All persons, resident and non-resident, having claims, matured or unmatured, against the estate are required to file the same with the Clerk of the above-named court on or before the earlier of the dates prescribed in (1) or (2), otherwise their claims will be forever barred:

(1)(A) Four (4) months from the date of the first publication of this notice if the creditor received an actual copy of this notice to creditors at least sixty (60) days before the date that is four (4) months from the date of the first publication; or

(B) Sixty (60) days from the date the creditor received an actual copy of the notice to creditors if the creditor received the copy of the notice less than sixty (60) days prior to the date that is four (4) months from the date of first publication as described in (1)(A); or

(2) Twelve (12) months from the decedent's date of death.

This the 15th day of JULY, 2025.

Free Legal Advice clinic for Veterans is August 13

The next Veterans Legal Advice Clinic event will be held in person at the Knox County Public Defender's Office on August 13. Any veteran seeking legal help is encouraged to attend from 12:00 p.m. to 2:00 p.m.

In 2025, the clinics are held every other month: February 12, April 9, June 11, August 13, October 8 and December 10. There are no clinics scheduled for January, March, May, July, September, or November.

Veterans who are not able to attend the clinic in person are encouraged to continue to use the telephone clinic option. Preregistration is required for telephone clinic and veterans are asked to call Legal Aid of East Tennessee at (865)637-0434 to preregister.

This is a general advice clinic with a wide variety of legal issues, including family law, landlord/tenant, bankruptcy, criminal defense, consumer protection, contract disputes, child support, and personal injury, among other issues.

Please note: This is an advice-only clinic. Clients can expect legal advice, but no wills are drafted at this clinic nor legal work performed.

The Knox County Public Defender's Community Law Office is located at 1101 Liberty Street, Knoxville, TN 37919.

WHEREAS, Knox County is preparing to begin construction of the Bluegrass Lake Pump Station and associated work to proactively manage the elevation of Bluegrass Lake to prevent future flooding events (the "Project"); and

WHEREAS, the Knox County Procurement Division conducted a competitive bid process for construction of the Project and it has been determined that Norris Brothers Excavating, LLC submitted the lowest responsible and responsive bid to perform the work; and

WHEREAS, the proposed construction contract with Norris Brothers Excavating, LLC is in the amount of $9,327,610.00 and sets forth the terms and conditions for the undertaking of the Project; and

WHEREAS, Norris Brothers Excavating, LLC has the necessary qualifications to perform the work for Knox County.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

The construction contract with Norris Brothers Excavating, LLC for the installation of the Bluegrass Lake Pump Station is hereby adopted and approved in substantive form as presented this date, a copy of which is attached to this Resolution and incorporated herein by reference.

BE IT FURTHER RESOLVED, the construction contract with Norris Brothers Excavating, LLC for the installation of the Bluegrass Lake Pump Station shall be executed subject to such amendment or action not affecting the substantive provisions of the contract as may be required and approved by the Knox County Law Director.

BE IT FURTHER RESOLVED, that if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

SECTION 005213 – CONSTRUCTION CONTRACT

THIS CONTRACT, made this _____ day of August 20 25 at Knox County, State of Tennessee by and between Knox County, Party of the First Part, hereinafter called the "Owner" and Norris Brothers Excavating, LLC, Party of the Second Part, hereinafter called the "Contractor".

WITNESSETH
In consideration of the mutual covenants and conditions hereinafter set forth, it is agreed as follows:

1) Statement of Work: This work shall include but not necessarily be limited to: construction of storm drainage improvements for **Knox County Bluegrass Lake Pump Station (Knox County Bid Number 3669)**. The Project consists of construction of a storm water pump station in a cove of Bluegrass Lake with intake and screens, wetwell, vertical turbine pumps, yard and force main piping, emergency generator, electrical and controls, and site improvements.

2) Completion of Work: The Contractor shall commence work on the date to be specified in a written "Notice of Proceed" by the Owner and shall complete the project within the conditions as set forth in Special Provisions Section SP2, unless the period for completion is extended as hereinafter provided.

3) Contract Sum: The Owner shall pay the Contractor for the performance of said work, subject to additions and deductions provided herein nine million, three hundred twenty seven thousand, six hundred and ten dollars ($ 9,327,610.00) as the contract bid in conformity with the bid schedules in Section 003000.

4) Payment: Payment shall be made to the Contractor for work performed under this contract for quantities of work as determined in accordance with this contract as set forth in Special Provisions, Section SP1.

5) Intent of Plans and Specifications: The Contractor will keep on the project a copy of the plans and specifications and shall at all times give the Owner access thereto. Anything mentioned in the specifications and not shown on the plans or shown on the plans and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of differences between the plans and specifications, the specifications shall govern. The Contractor shall not take advantage of any errors, discrepancies or omissions which may exist in the plans and specifications but shall immediately call them to the attention of the Engineer whose interpretation or correction thereof shall be conclusive.

6) Extra Work and Charges: Extra work shall be work for which no unit bid was received in the proposal and which was not included in the bid schedule and will be construed to mean work for which unit bids were received but which is in excess of the quantity mentioned in the proposal. The Owner, without invalidating the contract, may order extra work or make changes in the work, the contract sum being adjusted accordingly. All such work shall be executed under the conditions of the original contract except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. All such changes shall be agreed to and recorded on "Contract Change Order" form. In giving instructions, the Engineer shall have authority to make minor changes in the work not involving extra cost and not inconsistent with the purpose of the work, but otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless covered by Contract Change Order, and no claim for an addition to the contract sum shall be valid unless so covered. Before becoming effective, all Change Orders must be signed by all parties indicated. In

order to bind the County, if the change order is less than $100,000.00 the change order must be signed by the County Mayor. If, however, the change order is for an amount of $100,000.00 or more, the change order must be signed by the County Mayor and approved by County Commission. If the aggregate of the change orders to date total $99,999.99 then the next change order, regardless of amount, must be approved by the County Mayor and County Commission. Before becoming effective, all Change Orders must be signed by all parties indicated.

The value of such extra work or change shall be determined in one or more of the following ways:

a) By estimate and acceptance in a lump sum.
b) By unit prices named in the contract or subsequently agreed upon.

The above accounts shall be understood to include all other costs and compensation such as insurance, small tools, superintendence, office and overhead costs and profits. Rental on equipment shall be charged against the extra or changed work only for the actual time the equipment is used specifically therefore.

Changed work shall be adjusted, considering separately the work added and the parts omitted. Amount of adjustment for parts omitted shall be estimated at the time omission of work is authorized and the agreed adjustment will be deducted from the subsequent monthly estimates.

The Owner reserves the right to contract with any person or firm other than the Contractor for any or all extra work. The contractor's attention is especially called to the fact that he shall be entitled to no claim for damages for anticipated profits on any portion of work that may be omitted.

7) Claims for Extra Cost: If the Contractor claims that any changes in the work or any instructions by means of drawings or otherwise involve extra cost, he shall give the Engineer written notice thereof within a reasonable time after receipt of such instructions or of notice of such changes and, in any event, before proceeding to carry out such instructions or to put such changes into effect, except in case of an emergency endangering life or property. In all such cases the Contractor shall keep a correct account of the extra cost in such form as the Engineer may direct and shall present such account supported by receipts to the Engineer. The Owner shall be entitled to reject any claim for extra cost concerning which the foregoing procedure is not followed.

8) Performance and/or Payment Bond: The Contractor shall within thirty (30) days after the receipt of the Notice of Award and before the commencement of any operations hereunder execute the contract and furnish the Owner with a performance and/or payment bond in a sum equal to the amount of the contract price, conditioned upon the performance by the Contractor of all undertakings, covenants, terms, conditions, and agreements of this contract, and upon the prompt payment by the Contractor to all persons supplying labor and materials in the prosecution of the work provided by this contract. Such bond shall be executed by the Contractor and a corporate bonding company licensed to transact such business in the State of Tennessee and acceptable to the Owner. The expense of this bond shall be borne by the Contractor. All bonding companies must be listed in the Federal Register Dept. of the Treasury Fiscal Service, companies holding Certificates of Authority as acceptable sureties on Federal Bonds and as acceptable reinsuring companies. If at any time a surety on such bond becomes irresponsible or loses its right to do business in the State of Tennessee, the Owner may require another surety which the Contractor shall furnish within ten (10) calendar days after receipt of written notice to do so.

Evidence of authority of any attorney in fact acting for the corporate surety must be provided in the form of a certificate terminated and remains in full force and effect on the date of the bond. The form

of the bond shall be subject to approval by the Owner.

9) License and Permits: The Owner will secure and pay for permits required for permanent structures. The Contractor shall obtain and pay for all other necessary licenses and permits and shall faithfully comply with all laws, ordinances, and regulations Federal, State, or Local which may be applicable to the operations to be conducted hereunder.

10) Other Work: Wherever work being done by the Owner or by other contractors is contiguous to work covered by this contract, the interest involved of the parties shall be secured to protect the rights of the owner and to complete each work portion in general harmony.

11) Responsibility of the Engineer: The term "Engineer," wherever used in this Contract, shall be the person, firm, corporation, or representative of the Owner as its engineering representative during the course of construction. The Owner shall advise the Contractor in writing of the name and address of the Engineer. Notices of any change in the Engineer shall be given in writing by the Owner to the Contractor. The Engineer shall have full authority to interpret the plans and specifications and shall determine the amount, quality and acceptance of the work and supplies to be paid for under this Contract and every question relative to the fulfillment of the terms and provisions therein. Unless otherwise specifically provided in the specifications, all workmanship, equipment, and materials incorporated in the work are to be the best grade of their respective kinds for the purpose.

It shall be the duty of the Engineer to enforce the specifications in a fair and unbiased manner, although he has the right to waive any term of the specifications if that term is found to be unreasonable and inconsistent with the general spirit of the specifications. If a variation from any requirement is allowed, the Engineer shall grant the same in writing with the reasons for his action outlined, and such action will not violate or change the contract in any other manner.

12) Waiver: It is expressly understood and agreed that any waiver granted by the Engineer of the Owner of any term, provision, or covenant of this contract shall not constitute a precedent nor breach of the same or any other terms, provisions, or covenants of this Contract. Any such waiver granted by the Engineer shall be made in writing and signed by all parties under this contract.

Neither the acceptance of the work by the Owner nor the payment of all or any part of the sum due the Contractor hereunder shall constitute a waiver by the Owner of any claim which the Owner may have again the Contractor or surety under this contract or otherwise.

13) Superintendence: The Prime Contractor shall assign and provide a superintendent, who will be identified by name to the Owner. He will provide constant on-site supervision during any and all construction under the contract whether by the prime or a subcontractor. The superintendent shall have full authority to act for the Contractor and to carry all instructions given by the Engineer or Owner.

14) Labor Provisions: The Contractor and his subcontractors shall discharge, whenever ordered to do so by the Engineer, any employee who is disorderly or whose conduct in the opinion of the Engineer is detrimental to the prosecution of the work.

No person under the age of sixteen (16) years shall be employed.

The work shall at all times be prosecuted under safe working conditions and in a safe and

workmanlike manner and the conditions of work shall be subject to inspection and correction by the Engineer or safety inspectors of the Owner.

15) Liability Insurance: The Contractor shall procure and maintain, at his own expense, during the life of the contract liability insurance as necessary to indemnify the Owner and his agents. All such insurance shall be subject to the approval of the owner for adequacy of protection and shall contain a provision preventing cancellation without thirty (30) days prior written notice to the owner. The liability insurance will be that required in Contractor's General Public Liability and Property Damage Insurance issued to the Contractor and protecting him from all claims for destruction of or damage to property arising out of or in connection with any operations under this contract, whether such operations were performed by himself or by any other subcontractor under him or anyone directly or indirectly employed by the Contractor or by a Subcontractor under him.

All such insurance shall be written on a comprehensive policy form and in the event blasting operations are required in performance of the work shall cover all blasting operation. Certificates evidencing the issuance of such insurance shall be filled with the owner prior to the commencement of any operations under this contract.

16) Workmen's Compensation Insurance: The Contractor shall procure and maintain, at his own expense during the life of this contract in accordance with the provisions of the laws of the State of Tennessee, Workmen's Compensation Insurance for all of his employees at the site of the project, and in case any work is sublet, the Contractor shall require each subcontractor similarly to provide Workmen's Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the Contractor.

In case any class of employees engaged in work under this contract at the site of the project is not protected under Workmen's Compensation Insurance, the Contractor shall provide, and shall cause each subcontractor to provide, adequate and suitable insurance for the protection of these employees not otherwise protected.

Certification evidencing the issuance of such insurance shall be filed with the Owner prior to the commencement of any operations under this Contract.

17) Payment for Work Completed: See Special Provision regarding Payments to Contractor, Section SP1.

18) Payments Withheld: The Engineer may withhold or, on account of subsequently discovered evidence, nullify the whole or part of any estimate to such extent as may be necessary to protect the Owner from loss on account of:

a) Defective work not remedied.
b) Claims filed or reasonable evidence indicating probable filing or claims.
c) Failure of the Contractor to make payments properly to subcontractors or for materials or labor.
d) A reasonable doubt that the contract can be completed for the balance then unpaid.
e) Damage to another Contractor.
f) Failure of the Contractor to keep his work progressing in accordance with his time schedule.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

19) Assignment and Transfer of Contract: The Contractor shall not assign or transfer this contract or any part thereof or any interest therein without the consent in writing of the Owner and the Contractor's surety and any such assignment or transfer without such written consent shall be null and void.

20) Indemnity: The Contractor shall indemnify and hold harmless the Owner, the Owner's agent and employees from and against all losses and all claims, demands, payments, suits, or action recoveries and judgments of every nature and description brought or recovered against them by reason of any act or omission of the said Contractor, his agents or employees in the execution of the work or in guarding the same.

21) Subcontractors: The Contractor shall cause appropriate provisions to be inserted in all subcontracts relating to the work to insure the fulfillment of all the provisions of this contract affecting subcontractors.

22) Protection of work and property: The Contractor shall continuously maintain adequate protection of all his work and materials from damage or theft and shall protect the Owner's property and all adjacent property from injury or loss arising in connection with activities under this contract. The Contractor shall make good any such damage, injury, or loss, except such as may be directly due to errors in the Contract Documents or such as may be caused by agents or employees of the Owner.

The Contractor shall take, use, and maintain all necessary precautions, safeguards, and protection to prevent accidents on the site of the work. The Contractor shall post danger signs warning against any hazards created by the work being done under this contract. He shall designate a responsible member of his organization on the work, whose duty shall be the prevention of accidents, and the name of the person so designated shall be reported to the Engineer and Owner in writing. In an emergency affecting the safety of life, or of the work or adjoining property, the Contractor without special instruction or authorization from the Engineer or Owner is hereby permitted to act, at his discretion, to prevent such threatened loss or injury, and he must take such action if so instructed or authorized by the Engineer or Owner.

Additionally, in order to further protect the lives and health of his employees under the contract, the Contractor shall comply with all pertinent provisions of the "Manual of Accident Prevention in Construction" issued by the Associated General Contractors of America, Inc. and shall maintain an accurate record of all cases of death, occupational disease, and injury requiring medical attention or causing loss of time from work under the contract.

The Contractor shall also protect property as required by law.

23) Land of Owner, Use of, by Contractor: The Owner shall provide the land upon which the work under this Contract is to be done, and will so far as is convenient, permit the Contractor to use as much of this land as is required for the erection of temporary construction facilities and storage of materials, together with the right of access to same, but beyond this, the Contractor shall provide, at his cost and expense, any additional land required.

24) Liens: If at any time there shall be evidence of lien or claim for which the Owner might become liable and which is chargeable to the Contractor, the Owner shall have the right to retain out of any payment then due or thereafter to become due, an amount sufficient to complete indemnification against such lien or claim. In the event the Owner has already paid to the Contractor all sums due under this contract or the balance remaining unpaid is insufficient to protect the Owner, the Contractor and his surety shall be liable to the Owner for any loss so sustained.

25) Construction Staking: The Contractor will provide the necessary construction staking for the fulfillment of this contract. If re-staking of reference stakes provided by the Owner/Engineer is required due to negligence of the Contractor or his subcontractors, the cost of re-staking will be borne by the Contractor.

26) Preservation of Stakes: The Contractor and his subcontractors shall carefully preserve bench marks, reference points and stakes, and in case of willful or careless destruction, he will absorb the charge of the resulting expense and shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

27) Inspection: The Contractor shall do all work to the approval of the inspector. The inspector's daily log and weekly project progress photos will constitute the construction record for the project. The Engineer and the Owner shall at all times have access to the work during its construction and shall be furnished with every reasonable facility for ascertaining that the stock and materials used and employed, and the workmanship are in accordance with the requirements and intentions of the specifications. All work done and all materials furnished shall be subject to their inspection and approval.

The inspection of the work shall not relieve the Contractor of any of his obligations to fulfill his contract as prescribed and defective work shall be made good and unsuitable materials shall be rejected, notwithstanding that such defective work and materials have been previously overlooked and accepted on estimates for payment. Materials of construction shall be subject to inspection and testing to establish conformance with specifications and suitability for uses intended. All work and material shall be tested to the satisfaction of the Engineer and the Owner before acceptance. The Engineer and Owner shall be provided copies of all testing performed for the project.

No work shall be done at night without the previous approval of the Engineer.

28) Minimize Siltation: The Contractor, at his own expense, will be required to minimize siltation and bank erosion during construction and to restore disturbed areas to present or better conditions.

29) Defective Work or Material: The Contractor shall promptly remove from the premises all work and materials condemned by the Engineer as failing to conform to the contract, whether incorporated or not, and the contractor shall promptly replace and re-execute his own work in accordance with the Contract and without expense to the Owner and shall bear the expense of making good all work of other contractors destroyed or damaged by such removal or replacement.

30) Other Contracts: The Owner may award other contracts. The Contractor shall fully cooperate with such other Contractors and carefully fit his work to that provided under other contracts as may be directed by the Engineer. The Contractor shall be liable for any act which will damage or interfere with the performance of work by any other Contractor.

31) Owner's Right To Take Over the Work: If the Contractor should be adjudged bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed to take over his affairs, or if he should fail to prosecute his work with due diligence and carry the work forward in accordance with his work schedule and the time limits set forth in the Contract Documents, or if he should fail to substantially perform one or more of the provisions of the Contract Documents to be performed by him, the Owner may serve written notice on the Contractor and the surety on his

performance bond, stating its intention to exercise one of the remedies hereinafter set forth and the grounds upon which the Owner bases its right to exercise such remedy.
In any event, unless the matter complained of is satisfactorily cleared within ten (10) days after service of such notice, the Owner may, without prejudice to any other right or remedy, exercise one of such remedies, at once, having first obtained a certificate from the Engineer that sufficient cause exists to justify such action.

a) The Owner may terminate the services of the Contractor, which termination shall take effect immediately upon service of notice thereof on the Contractor and his surety, where upon the surety shall have the right to take over and perform the contract. If the surety does not commence performance of the contract within ten (10) days after service of the notice of termination, the Owner may itself take over the work, take possession of and use all materials, tools, equipment, and appliances on the premises and prosecute the work to completion by such means as it shall deem best. In the event of such termination of his service, the Contractor shall not be entitled to any further payment under this contract until the work is completed and accepted. If the Owner takes over the work and if the unpaid balance of the contract price when the owner takes over the work, exceeds the cost of completing the work, including compensation for any damages or expenses incurred by the Owner thought the default of the Contractor, such excess shall be paid to the Contractor. In such event, if such cost, expenses, and damages shall exceed such unpaid balance of the contract price, the Contractor and his surety shall pay the difference to the Owner. Such cost, expenses and damages shall be certified by the Engineer.

b) The Owner may take control of the work and either make good the deficiencies of the Contractor itself or direct the activities of the Contractor in doing so, employing such additional help as the Owner deems advisable. In such event the Owner shall be entitled to collect from the Contractor and his surety, or to deduct from any payment then or thereafter due the Contractor, provided the Engineer approved the amount thus charged to the Contractor.

c) The Owner may require the surety on the Contractor's bond to take control of the work at once and see to that all deficiencies of the Contractor are made good with due diligence. As between the Owner and the surety, the cost of making good such deficiencies shall all be borne by the surety. If the surety takes over the work, either upon termination of the services of the Contractor or upon instructions from the Owner to do so, the provisions of the Contract Documents shall govern in respect to the work done by the surety, the surety being substituted for the Contractor as to such provisions, including provisions as to payment for the work and provisions of this section as to the right of the Owner to do the work itself or to take control of the work.

32) Contractor's Right To Stop Work or Terminate Contract: If the work shall be stopped under an order of any court or other public authority for a period of three (3) months through no act or fault of the Contractor or anyone employed by him, then the Contractor may on seven (7) day's written notice to the Owner and the Engineer stop work or terminate this contract and recover from the Owner payment for all work executed, and losses sustained on any plant or material, and a reasonable profit. If the Engineer shall fail to issue any certificate for payment within ten (10) days after it is due, or if the Owner shall fail to pay the Contractor within fifteen (15) days after its maturity and presentation any sum certified by the Engineer, then the Contractor may on seven (7) day's written notice to the Owner and to the Engineer stop work and give written notice of intention to terminate this contract. If the

Owner shall thereafter fail to pay the Contractor within seven (7) day's after receipt of such notice, then the Contractor may terminate the contract and recover from the Owner payment for all work executed, and losses sustained upon any plant or materials, and a reasonable profit.

33) Delays and Extension of Time: If the Contractor be delayed at any time in the progress of the work by an act or neglect of the Owner or the Engineer, or if any employee of either, or by any separate Contractor employed by the Owner, or by changes ordered in the work, or by strike, lockouts, fire, unusual delay in transportation, unavoidable causalities, or any causes beyond the Contractor's control, or by delay authorized by the Engineer, or by any cause which the Engineer shall decide to justify the delay, then the time of completion shall be extended for such reasonable time as the Engineer may decide. No such extension shall be made for delay occurring more than seven (7) days before claim therefore is made in writing to the Engineer. In the case of a continued cause of delay, only one (1) claim is necessary.

34) Right of Occupancy: The Owner shall have the right, if necessary, to take possession of and to use any completed or partially completed portion of the work, if such use be approved by the Engineer even if the time for completing the entire work or such portions of the work has not expired and even if the work has not been finally accepted. Such possession and use shall not constitute an acceptance of such portions of the work. The Owner shall not have the right of such possession and use if it materially interferes with the Contractor's operations. The Owner shall also have the right to enter the premises for the purpose of doing work not covered by its contract with the Contractor.

35) Underground Obstructions: The Contractor shall anticipate all underground obstructions such as water lines, gas lines, sewer lines, utility lines, concrete and debris. No extra payment will be allowed for the removal, replacement, repair or possible increased cost caused by underground obstructions. Any such lines or obstructions indicated on the map show only the approximate location and must be verified in the field by the Contractor. The Owner and Engineer will endeavor to familiarize the Contractor with all known underground utilities and obstructions, but this will not relieve the Contractor from full responsibility in anticipating all underground obstructions. All excavation shall be done in accordance with TCA 65-31-102, "Underground Utility Damage Prevention."

36) Acceptance: Final inspection and acceptance of the work shall be made by the Engineer in collaboration with the Owner. Such inspection shall be made as soon as practical after the Contractor has notified the Owner in writing that the work is ready for such inspection.

37) Final Estimates: Upon completion and acceptance of the work the Engineer shall issue a certificate that the whole work provided for in this contract has been completed and accepted by him under the conditions and terms thereof, and shall make the final estimate of the work. The final estimate of work must be checked and approved by the Engineer for the Owner; whereupon, the entire balance found to be due the Contractor, including said retained percentage but excepting such sums as may be retained lawfully by said Owner that all payrolls, material bills and outstanding to the Owner indebtedness in connection with this contract have been paid.

38) Cleaning Up: Upon completion or termination of the work, the Contractor shall, as directed by the Engineer, remove from the vicinity of the work all equipment and all temporary structures, waste materials, and rubbish from his operations, leaving the premises in a neat and presentable condition. In the event of his failure to do so, the same may be done by the Owner at the expense of the Contractor, and his surety shall be responsible therefore.

39) Guarantee and Correction of Work After Final Payment: Neither the final certificate nor payment nor

any provisions in the Contract Documents shall relieve the Contractor of responsibility for faulty materials or workmanship and, unless otherwise specified, he shall remedy any defects due thereto and pay for any damage to other work resulting therefrom, which shall appear within a period of three (3) years from the date of final acceptance of the work by the Owner. The Owner shall give notice of observed defects with reasonable promptness. All questions arising under this article shall be decided by the Engineer.

The Contractor and through him each subcontractor, in accepting the contract for this construction or respective portions of the construction covered by these plans and specifications, does hereby agree to replace and make good, without expense to the Owner, any work or material which may be found to be defective within three (3) years from the date of the final certificate of payment to said Contractor. The deterioration due to ordinary use and normal wear is excluded from this guarantee. This guarantee shall include damage done by settlement of backfills, such damage and sinking of backfills being considered as defective workmanship. Backfilled areas that are unpaved shall be refilled if the filled material settles more than two inches (2") below original grade.

The Contractor shall reimburse the Owner for cost of damage if any, as well as cost of replacing defective materials or workmanship.

If replacement is not made within ten (10) days after notice is given of such defect in workmanship, or thirty (30) days in case of materials, then the Owner shall have the right to make replacements and charge cost of same to Contractor or his bondsman.

40) The Contractor shall comply with the Department of Labor Safety and Health Regulations for construction promulgated under the Occupational and Health Act of 1970 (O4PL 91-596) and under Section 107 of the Contract Work House and Safety Standards Act (PL 92-54). The Contractor shall comply with the Occupational Safety and Health Act for Construction Industry (29 CFB Part 1926) under Section #s 650-652.

41) All chemicals used during project construction or furnished for project operation, whether herbicide, pesticide, disinfectant polymer, reactant, or of other classification, must show approval of either EPA or USDA. Use of all such chemicals and disposal or residues shall be in strict conformance with instructions.

42) Safety: Contractor will ensure that its employees observe and exercise all necessary caution and discretion so as to avoid injury to person or damage to property of any and all kinds.

All buildings, appurtenances and finishings shall be protected by the Contractor from damage, which might be done or caused by work performed under this contract. Such damages to the foregoing shall be repaired and/or replaced by approved methods so as to restore the damaged areas to their original condition at the expense of the Contractor.

The Contractor shall erect, install, and maintain all temporary public walks, warning signs, barricades, and other protective means as may be necessary for the protection of the public from injury. The Contractor shall assume all responsibility for properly securing the work area for the safety of its employees, school staff, students and general public.

43) KNOX COUNTY OBLIGATIONS, RIGHTS AND REMEDIES

These terms and conditions shall be part of the contract. Knox County reserves the right to negotiate

other terms and conditions it deems appropriate and necessary under the circumstances to protect the public trust.

A) ALTERATIONS OR AMENDMENTS: No alterations, amendments, changes, modifications or additions to this Contract shall be binding on Knox County without the prior written approval of the County.

B) APPROPRIATION: In the event no funds are appropriated by Knox County for the goods or services in any fiscal year or insufficient funds exist to purchase the goods or services, then the Contract shall expire upon the expenditure of previously appropriated funds or the end of the current fiscal year, whichever occurs first, with no further obligations owed to or by either party.

C) ASSIGNMENT: Contractor shall not assign or sub-contract this agreement, its obligations or rights hereunder to any party, company, partnership, incorporation or person without the prior written specific consent of Knox County.

D) BOOKS AND RECORDS: Contractor shall maintain all books, documents, accounting records and other evidence pertaining to the goods and services provided under this Contract and make such materials available at its offices at all reasonable times during the contract period and for five (5) years from the date of the final payment under this agreement for inspection by County or by any other governmental entity or agency participating in the funding of this agreement, or any authorized agents thereof; copies of said records to be furnished if requested. Such records shall not include those books, documents and accounting records that represent the Contractor's costs of manufacturing, acquiring or delivering the products and services governed by this agreement.

E) CHILD LABOR: Contractor agrees that no products will be provided or used under this Contract which have been manufactured or assembled by child labor.

F) COMPLIANCE WITH ALL LAWS: Contractor is assumed to be familiar with and agrees to observe and comply with all federal, state, and local laws, statutes, ordinances, and regulations in any manner affecting the provision of goods and/or services, and all instructions and prohibitive orders issued regarding this work and shall obtain all necessary permits.

G) DEFAULT: If Contractor fails to perform or comply with any provision of this contract or the terms or conditions of any documents referenced and made a part hereof, Knox County may terminate this contract, in whole or in part, and may consider such failure or noncompliance a breach of contract. Knox County expressly retains all its rights and remedies provided by law in case of such breach, and no action by Knox County shall constitute a waiver of any such rights or remedies. In the event of termination for default, Knox County reserves the right to purchase its requirements elsewhere, with or without competitive bidding.

H) GOVERNING LAW; VENUE: This agreement shall be exclusively construed, governed, and controlled by the Laws of the State of Tennessee without regard to principles of law, including conflicts of law, of any other jurisdiction, territory, country, and/or province. Any dispute arising out of or relating to this agreement shall exclusively be brought in the Chancery Court or the Circuit Court of Knox County, Tennessee. Each party consents to personal jurisdiction thereto and waives any defenses base on personal jurisdiction, venue and inconvenient forum.

I) INCORPORATION: All specifications, drawings, technical information, invitation to bid, bid, award and similar items referred to or attached or which are the basis for this contract are deemed incorporated by reference as if set out fully herein.

J) INDEMNIFICATION/HOLD HARMLESS: Contractor shall indemnify, defend, save and hold harmless and pay on behalf of Knox County, its officers, agents and employees from all suits, claims, actions or damages of any nature brought because of, arising out of, or due to breach of the agreement by Contractor, its subcontractors, suppliers, agents, or employees or due to any negligent act or occurrence or any omission or commission of Contractor, its subcontractors, suppliers, agents or employees.

K) INDEPENDENT CONTRACTOR: Contractor shall acknowledge that it and its employees serve as independent contractors and that Knox County shall not be responsible for any payment, insurance or incurred liability.

L) INSPECTION AND ACCEPTANCE: Warranty periods shall not commence until Knox County inspects and formally accepts the goods and/or services. The terms, conditions and timing of acceptance shall be determined by Knox County. Knox County reserves the right to reject any or all items or services not in conformance with applicable specifications, and Contractor assumes the costs associated with such nonconformance. Acceptance of goods or services does not constitute a waiver of latent or hidden defects or defects not readily detectable by a reasonable person under the circumstances.

M) IRAN DIVESTMENT ACT: By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each respondent is not on the list created pursuant to Tennessee Code Annotated § 12-12-106. All respondents must complete and submit with their bid the attached Affidavit of Compliance with Iran Divestment Act.

N) LIMITATIONS OF LIABILITY: In no event shall Knox County be liable for any indirect, incidental, consequential, special or exemplary damages or lost profits, even if Knox County has been advised of the possibility of such damages.

O) NO BOYCOTT OF ISRAEL: Pursuant to Tennessee Code Annotated Title 12, Chapter 4, Part 1, by submission of a response to this solicitation, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint response each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each bidder is not currently engaged in, and will not for the duration of the Contract engage in, a boycott of Israel. All respondents must complete and submit with their bid the attached Affidavit of Compliance with No Boycott of Israel.

P) NON-DISCRIMINATION AND NON-CONFLICT STATEMENT: Contractor agrees that no person on the grounds of handicap, age, race, color, religion, sex, national origin or any individual trait or characteristic found to be an illegal consideration, shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this agreement, or in the employment practices of Vendor. Contractor shall upon request show proof of such non-discrimination and shall post in conspicuous places available to all employees and applicants notices of non-discrimination. Contractor covenants that it complies with the Fair Wage and Hour Laws, the National Labor Relations Act, and other Federal and State employment laws as applicable. Contractor covenants that it does not engage in any illegal employment practices.

Contractor covenants that it has no public or private interest, and shall not acquire directly or indirectly any interest, that would conflict in any manner with the provision of its goods or performance of its services. Contractor warrants that no part of the total Contract amount provided herein shall be paid

directly or indirectly to any officer or employee of Knox County as wages, compensation, or giGs in exchange for acting as officer, agent, employee, subcontractor or consultant to Contractor in connection with any good provided or work contemplated or performed relative to the agreement.

Q) ORDER OF PRECEDENCE: In the event of inconsistent or conflicting provision of this Contract and referenced documents, the following descending order of precedence shall prevail: (1) Item Description, (2) Invitation to Bid, (3) Bid, (4) Award, (5) Special Terms and Conditions, (6) General Terms and Conditions, (7) Specifications, (8) Drawings.

R) REMEDIES: Knox County shall have all rights and remedies afforded under the U.C.C. and Tennessee law in contract and in tort, including but not limited to rejection of goods, rescission, right of set-off, refund, incidental, consequential and compensatory damages and reasonable attorney's fees.

S) RIGHT TO INSPECT: Knox County reserves the right to make periodic inspections of the manner and means the service is performed or the goods are supplied.

T) SEVERABILITY: If any provision of this Contract is declared illegal, void, or unenforceable, the remaining provisions shall not be affected but shall remain in force and in effect.

U) TAX COMPLIANCE: Pursuant to Resolution R-07-1-903 passed by the Commission of Knox County, Tennessee, Contractor hereby acknowledges, by submission of its bid and signature that it is current in its respective Federal, State, County, and City taxes of whatever kind or nature and is not delinquent in any way. Delinquent status must be disclosed or risk debarment by the Knox County Purchasing Division.

V) TERMINATION: County may terminate this agreement with or without cause at any time. In the event of termination by either party, fees due for services satisfactorily performed or goods accepted prior to the termination date shall be paid.

W) WARRANTY: Contractor warrants to Knox County that all items delivered, and all services rendered shall conform to the specifications, drawings, bid and/or other descriptions furnished and/or incorporated by reference, and will be fit for the particular purpose purchased, of merchantable quality, good workmanship, and free from defects. Contractor extends to Knox County all warranties allowed under the U.C.C. Contractor shall provide copies of warranties to the County. Return of merchandise not meeting warranties shall be at contractor's expense.

X) CONSTRUCTION PROJECTS: Any construction undertaking, for which the total cost of the project is Twenty-Five Thousand Dollars ($25,000) or more, is subject to the "Contractors Licensing Act of 1994." In accordance with the Act, no bid will be opened unless the outside of the sealed envelope containing the bid provides the following information: the Contractor's license number, the date of the license's expiration, and a dollar quotation of that part of his classification applying to the bid. In addition, each HVAC, plumbing, and electrical subcontractor's license number, date of the license expiration and that part of each classification applying to the bid if the value of the work is Twenty-Five Thousand Dollars ($25,000) or greater, must be annotated.

If the value of the subcontractor's work is less than Twenty-Five Thousand Dollars ($25,000), the bid envelope is to be annotated with the phrase "Subcontractor's Bid is Less Than $25,000" after each appropriate heading. In the case of joint ventures, this information must be provided by each party submitting the bid. If no subcontractors are being used, the outside of the envelope must state, "No Subcontractors are being used on this project." All bids must be submitted in one envelope; use the Bid

Envelope Cover provided with the Invitation for Bids.

Y) BID ENVELOPE COVER: Vendors must attach the bid envelope cover sheet to their submittal envelope. Complete all blanks on the cover. Insert "not applicable" if the category does not apply. Bids received without the envelope cover sheet information will not be considered.

Z) INSURANCE CHECKLIST: Vendors and their insurance agent(s) must sign the attached Insurance Checklist form and submit it with their bid. This serves as proof that the vendor can and will obtain and maintain the insurance required for this project. It shall be the awarded vendor's responsibility to maintain a current Certificate of Insurance, including Endorsement Page(s), on file with Knox County Procurement for the duration of the contract. This Contract shall be binding upon the parties hereto and their respective heirs, executors, administrators, successors and assigns.

44) WORK BY UTILITIES: During the life of the contract, local utilities and Knox County may install or adjust their respective utilities in the project area and work shall be performed by the contractor in cooperation with the utilities. The contractor shall be responsible for the coordination of his work with the respective utility owner.

Any cost of relocation of the utility during construction such as power poles, etc., to facilitate the work of the contractor for the convenience of the contractor shall be borne by the contractor.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed the day and year first above written.

Jim Snowden, P.E.,
Knox County Engineering and Public Works
205 W Baxter Avenue
Knoxville, Tennessee 37917

RE: Knox County Bluegrass Pump Station

Dear Mr. Snowden:

Bids for the referenced project were opened on June 25, 2025, at 4:00 PM. Bids were submitted from the following Contractors:

CONTRACTOR	TOTAL BID AMOUNT
Dugan & Meyers Industrial, LLC	$15,530,450.00
Norris Brothers Excavating, LLC	$13,190,200.00

We evaluated the bids, prepared the certified bid tabulation (copy attached) and found all of the bids to be responsive to the bidding requirements.

Because both bids were above the construction budget, we convened a value engineering discussion with each contractor. Both Norris Brothers and Dugan and Meyers brought value engineering proposals to separate meetings, along with budget pricing for construction. Some of the recommendations were incorporated into a value engineered design which maintained the intended function and expected operation and maintenance of the pump station. Per Knox County procurement rules, since Norris Brothers was the low bidder, they were given the first opportunity to price the revised design or withdraw from the project. Norris Brothers submitted a revised bid price of $9,327,610.00. We have attached the revised bid numbers based on the bid form.

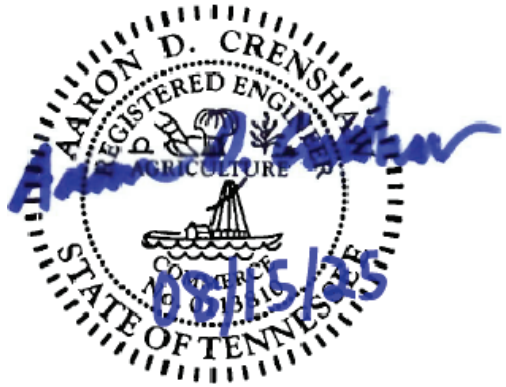
We recommend award of the value engineered contract to Norris Brothers Excavating, LLC for the revised bid amount of $9,327,610.00 contingent upon council and funding agency approval.

Upon your authorization, we will issue the Notice of Award and prepare the contract documents. Upon receipt and review of Norris Brothers's performance bond, payment bond and certificate of insurance, we will forward the contract documents to you and schedule the preconstruction conference.

Also attached is a copy of the bid opening sign-in sheet.

If you have any questions or comments, please do not hesitate to contact me.

Sincerely,



Aaron Crenshaw, P.E.

MINUTE BOOK_____PAGE_____

WHEREAS, at the close of fiscal year 2024-2025, various projects which had been funded in the fiscal year 2024-2025 budget had not been completed and, therefore, the monies appropriated for those projects were not expended; and

WHEREAS, in addition, various budget requests were not funded during the fiscal year 2025-2026 budget process with the intention that the requests would be designated through savings in the fiscal year 2024-2025 budget; and

WHEREAS, it has been requested that the monies for these projects be designated/committed and appropriated in the fiscal year 2025-2026 budget; and

WHEREAS, the Knox County Finance Director recommends amending the funds listed on the attached Exhibit A and re-appropriating the amounts for the projects specified therein.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

That the amounts for the projects listed within the various funds as shown on the attached Exhibit A and in the total amount of $5,752,313.29 are hereby designated/ committed and appropriated from the Fiscal Year 2024-2025 budget to the Fiscal Year 2025-2026 budget and may be expended up to an amount not to exceed the amount specified therein with the appropriation to be made subsequent to the satisfaction of all Knox County Charter and Code requirements.

BE IT FURTHER RESOLVED, that consistent with long-standing practice, interest earnings from the County's temporary investments be committed to the County's debt service fund to help offset the County's cost of borrowing except for these accounts that are specifically set up for one purpose or fund.

BE IT FURTHER RESOLVED, if any notifications are to be made to effectuate this Resolution, then the County Clerk is hereby requested to forward a copy of this Resolution to the proper authority.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare, requiring it.

WHEREAS, the Knox County Commission recognizes the critical importance of upholding ethical standards in government to promote transparency, accountability, and public trust; and

WHEREAS, the current Knox County Code of Ethics, adopted pursuant to the requirements of the Tennessee Comprehensive Governmental Ethics Reform Act of 2006 (T.C.A. § 8-17-101 et seq.), serves as a foundational document guiding the ethical conduct of elected officials, employees, and appointed representatives; and

WHEREAS, evolving expectations, community standards, and operational realities warrant a timely and thorough assessment of the current policy to ensure that it remains comprehensive, relevant, and enforceable; and

WHEREAS, the Commission seeks to strengthen the policy by addressing emerging ethical issues, clarifying existing provisions, and incorporating new language related to campaign contributions, conflicts of interest, transparency, nepotism, dual service, and public accountability.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

SECTION 1. The Knox County Commission hereby formally requests that the Knox County Ethics Committee undertake a comprehensive review and provide suggested revisions, if any, of the Knox County Code of Ethics, and provide any other related and relevant recommendations to Knox County Commission for consideration.

SECTION 2. The Ethics Committee is encouraged to:

- **Evaluate the adequacy and clarity of the existing provisions;**
- **Review best practices from other jurisdictions and applicable state ethics standards;**
- **Consider public input and recommendations from Commissioners and county officials;**
- **Propose specific amendments, including but not limited to:**
    - **Expanding definitions and applications of ethical behavior;**
    - **Enhancing rules related to gifts, political contributions and campaign financing that could be recognized as a contributing factor in county decision making;**
    - **Clarifying conflict-of-interest procedures and disclosure requirements;**
    - **Addressing employment restrictions and nepotism involving elected officials;**
    - **Clarifying the process of filing and considering an ethical complaint;**
    - **Implement a 5 year review of ethics policy;**
    - **Establishing stronger enforcement and training mechanisms.**

SECTION 3. The Ethics Committee shall present its findings and recommended revisions to the Knox County Commission within one hundred eighty (180) days of adoption of this Resolution, or as soon thereafter as practicable.

SECTION 4. This Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

WHEREAS, the United States Supreme Court stated in the case McGrain v. Daugherty, 273 U.S. 135, 175 (1927), "[a] legislative body cannot legislate wisely or effectively in the absence of information . . . [and] [e]xperience has taught that mere requests for such information often are unavailing, and also the information which is volunteered is not always accurate or complete..... "; and

WHEREAS, the United States Supreme Court also provides in McGrain v. Daugherty that legislative bodies have "auxiliary powers" in furtherance of their duty to legislate, such as the power to acquire information; and

WHEREAS, all legislative power granted by the Charter of Knox County, Tennessee is vested in the Knox County Board of Commissioners, which is solely and exclusively authorized by the Charter of Knox County, Tennessee to adopt ordinances and resolutions governing the operation of government, and adopt and amend the County

budget, which by implication also includes the duty of acquiring information about and oversight of the fiscal operation of Knox County Government; and

WHEREAS, the Knox County Board of Commissioners' current system of approving the receipt of financial assistance or grants from the United States or any agency of the United States, or Tennessee or any state agency of Tennessee occurs after an application has been made and there is no formal publication of applications for financial assistance or grants before they are submitted to the Knox County Board of Commissioners for approval; and

WHEREAS, the Knox County Board of Commissioners finds that it is better able to oversee the acceptance of federal and state grants by being informed of the application for financial assistance or grants before or contemporaneous with the act of approving receipt of the grant funds; and

WHEREAS, taxpayers and voters of Knox County have a right to have information easily publicly available, to provide transparency for how their taxes at different levels of government are used and to provide awareness of the public policy commitments that Knox County public officials are making for eligibility to receive state or federal funds.

NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

A submission of any application by or on behalf of any agency of this County for financial assistance or grants from the 1) United States, 2) any agency of the United States, 3) the State of Tennessee, 4) or any agency of the State of Tennessee, must be submitted for legislative oversight by spreading upon the record of the Knox County Board of Commissioners' agenda and minutes in the following manner:

(a) The Knox County agency applying for financial assistance or grants, or the Knox County agency working jointly with another governmental agency or entity applying for financial assistance or grants, shall provide to the Knox County Board of Commissioners a copy of the application and any supporting documentation submitted, or if no application is required, any supporting documentation submitted.

(b) The Knox County Board of Commissioners shall place the provided application and supporting documentation in the "Spread of Record" portion of the next upcoming Regular Session agenda. The online version of the agenda accessible through the Knox County Commission website shall contain a hypertext link to a copy of the provided application and supporting documentation. Only the caption need appear on the printed version of the agenda, which is the same protocol used by the Knox County Board of Commissioners when it considers approval of accepting financial assistance and grants pursuant to Chapter 2, Article IX, Division 1, Sec. 2-581.

(c) The timing of providing an application and supporting documentation for legislative oversight requires provision of any application made by the applying agency since the previous monthly Knox County Board of Commissioners agenda deadline for Spread of Record items, except no grant approval pursuant to Chapter 2, Article IX, Division 1, Sec. 2-581 may take place any earlier than the month in which the application and supporting documentation appear on a "Spread of Record."

(d) If an agency fails to comply with the provisions of this ordinance, the grant shall not be eligible for approval pursuant to Chapter 2, Article IX, Division 1, Sec. 2-581.

(e) Sections a, b, c, and d of this resolution shall be included in the County Commission rules with changes necessary to implement fully the intent of this resolution and provide the public an easily accessible format to find applications and supporting documentation for state and federal grants.

BE IT FURTHER RESOLVED, that this Resolution is to take effect from and after its passage, as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

Rule I shall be amended to add a new Section X to read as follows:

RULE I. BOARD OF COMMISSIONERS

SECTION X. ELECTRONIC PARTICIPATION FOR COMMISSIONERS:
Knox County Commission adopts pursuant to Tenn. Code Ann. § 5-5-106 the following policy to allow Commissioners to participate in legislative meetings and cast their votes via electronic means if they are unable to attend the meeting in person. The policy allows Knox County Commissioners to participate in a scheduled local legislative body meeting by electronic means, including, but not limited to, videoconferencing or other web-based media, but only for the following reasons:

(1) The member is dealing with a family or medical emergency (serious illness, surgery, caregiving, death, etc.); or
(2) The member has been called into military service; or
(3) The member is unable to attend in person due to inclement weather.

With regards to electronic participation in meetings, this policy provides:

(1) A member of the Knox County Commission who is absent shall only participate in a meeting through electronic means if the member can be visually identified by the chair;
(2) The Knox County Commission must not conduct a meeting with electronic participation unless a quorum of members is present at the physical location of the meeting;
(3) No more than 20% of the total membership of the legislative body, not to exceed three members, may participate electronically;
(4) A member shall not participate electronically in meetings of the Knox County Commission more than two (2) times per year;
(5) All meetings of the Knox County Commission conducted by electronic means must remain open and accessible to the public by providing real-time, live audio or video access to the public;
(6) A clear audio or video recording of the meeting must be made available to the public as soon as practicable following the meeting, and in no event more than two business days after the meeting;
(7) In the public notice, the Knox County Commission shall provide information regarding how the public can obtain real-time, live access to, or a broadcast of, the meeting and the agenda.
(8) The policy shall remain in effect until either July 1, 2028 or until repealed by 2/3 vote of the Knox County Commission.

State of Tennessee

PUBLIC CHAPTER NO. 411

SENATE BILL NO. 136

By Briggs

Substituted for: House Bill No. 152

By Wright, Crawford, Howell, Keisling, Shaw, Davis

AN ACT to amend Tennessee Code Annotated, Title 5; Title 6; Title 7 and Title 8, Chapter 44, relative to meetings conducted with electronic participation.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Section 5-5-106, is amended by deleting the section and substituting:

(a) Each member of a county legislative body must attend each and every session of the body, and be allowed to vote and draw pay for attendance.

(b)(1) Notwithstanding subsection (a) and title 8, chapter 44, part 1, and upon the adoption of this subsection (b) by the county legislative body by a two-thirds (2/3) majority vote, a member of a county legislative body may participate in a scheduled commission meeting by electronic means, including, but not limited to, videoconferencing or other web-based media, but only for the following reasons:

(A) The commissioner is dealing with a family or medical emergency as determined by the county legislative body;

(B) The commissioner has been called into military service; or

(C) The commissioner is unable to attend in person due to inclement weather.

(2) A commissioner who is absent shall only participate in a meeting through electronic means if the commissioner can be visually identified by the chair.

(3) A county legislative body may opt out of electronic participation in accordance with this section in the same manner that the legislative body opts in under subdivision (b)(1).

(c) A county legislative body shall not conduct a commission meeting with electronic participation unless a quorum of commissioners is present at the physical location of the meeting. No more than twenty percent (20%) of the total membership of the legislative body, not to exceed three (3) members, may participate electronically.

(d) A commissioner shall not participate electronically in commission meetings more than two (2) times per year.

(e)(1) All meetings of a legislative body conducted by electronic means under this section must remain open and accessible to the public by providing real-time, live audio or video access to the public.

(2) A clear audio or video recording of the meeting must be made available to the public as soon as practicable following the meeting, and in no event more than two (2) business days after the meeting.

(3) In the public notice required by § 8-44-103, the county legislative body shall provide information regarding how the public can obtain real-time, live access to, or a broadcast of, the meeting, and the legislative body is strongly urged to provide an agenda for the meeting in such notice.

(f) The county legislative body adopting this section shall develop a policy for conducting meetings with electronic participation.

(g) Subsections (b)-(g) are deleted on July 1, 2028.

SECTION 2. Tennessee Code Annotated, Title 6, Chapter 54, Part 1, is amended by adding the following as a new section:

(a)(1) Notwithstanding title 8, chapter 44, part 1, or any private act, home rule, or general law charter to the contrary, and upon adoption of this section by the municipal legislative body by a two-thirds (2/3) majority vote, a member of a municipal legislative body may participate in a scheduled legislative body meeting by electronic means, including, but not limited to, videoconferencing or other web-based media, but only for the following reasons:

(A) The municipal legislative body member is dealing with a family or medical emergency as determined by the municipal legislative body;

(B) The municipal legislative body member has been called into military service; or

(C) The municipal legislative body member is unable to attend a meeting due to inclement weather.

(2) A municipal legislative body member who is absent shall only participate in a meeting through electronic means if the member can be visually identified by the chair.

(3) A municipal legislative body may opt out of electronic participation in accordance with this section in the same manner that the legislative body opts in under subdivision (a)(1).

(b) A municipal legislative body shall not conduct a meeting that includes electronic participation unless a quorum of the municipal legislative body is present at the physical location of the meeting. No more than twenty percent (20%) of the total membership of the legislative body, not to exceed three (3) members, may participate electronically.

(c) A municipal legislative body member shall not participate electronically in meetings more than two (2) times per year.

(d)(1) All meetings of a legislative body conducted by electronic means under this section must remain open and accessible to the public by providing real-time, live audio or video access to the public.

(2) A clear audio or video recording of the meeting must be made available to the public as soon as practicable following the meeting, and in no event more than two (2) business days after the meeting.

(3) In the public notice required by § 8-44-103, the municipal legislative body shall provide information regarding how the public can obtain real-time, live access to, or a broadcast of, the meeting, and the legislative body is strongly urged to provide an agenda for the meeting in such notice.

(e) The municipal legislative body shall develop a policy for conducting meetings that include electronic participation.

(f) This section is deleted on July 1, 2028.

SECTION 3. This act takes effect upon becoming a law, the public welfare requiring it.

Deleted language is in ~~red and struck through~~

Rule VI, Section H, Numbers 3 and 4 shall be amended as follows:

RULE VI. MISCELLANEOUS

SECTION H. REORGANIZATION MEETING ORDER OF PROCEDURE:

3. Following election of Chair and Vice Chair of the Commission, the Commission shall consider and approve a resolution appointing commissioners to standing committees in accordance with the section in the Commission Rules regarding standing committees. Commissioners shall have an opportunity to volunteer to serve on the standing committees as may be of interest. Vacancies not filled by volunteers shall be filled by nominations from the floor. **At the Commission reorganization meeting, or in the event the Commission needs to fill a vacancy on a Commission committee or board, the procedure shall be as follows:**

a. The Chair will call for volunteers to fill a committee's or board's open seats.

b. If the number of volunteers are equal to the number of open seats, then the Commission will vote to accept the Commission members who have volunteered to serve on the committee or board.

c. If there is only one open seat for a Commission committee or board, but more than one Commission member desires to fill that seat, the Commission shall follow the procedure in Rule I., Section M. (2) to select the Commission member to fill the seat.

d. If a Commission committee or board has more than one open seat, and it becomes apparent from the volunteer process that more Commission members seek to fill the seats than there are seats to be filled, the Chair shall announce that the Commission shall undertake an open ballot process for selection of the Commission members to fill the open seats. The Commission shall follow this procedure for filling these multiple seats:

i. Each member of the Commission who is present shall have an opportunity by roll call to nominate him or herself to serve on the Commission committee or board at issue. At his or her option, a Commission member may have 30 seconds to explain why he or she desires to serve on the committee or board.

ii. Upon completing the roll call, the Chair shall announce the names of the Commission members who seek to serve on the commission committee or board at issue.

iii. Each Commission member who is present and wishes to vote shall write-in on a paper ballot the appropriate number of Commission member nominees from the announced nominees to serve on the committee or board, given the number of available seats. This vote is not ranked- choice, but each horizontal line shall contain only one Commission nominee name and a ballot shall be completed only by a Commission member who shall identify his or her respective ballot by his or her name at the top right of the ballot. The Commission members shall provide their completed ballots to the Clerk.

iv. Upon the Commission members providing their ballots to the Clerk, the Chair shall inquire whether all ballots have been received from those Commission members who wish to vote.

v. Upon confirmation that all ballots have been received from those Commission members who wish to vote, the Clerk shall then announce the vote of each ballot received, first announcing the name of the Commission member who provided the ballot, and then announcing the names of the Commission nominees for whom the Commission member voted. If a Commission member provides more names on a ballot than available open seats, beginning with the first Commission nominee name on the ballot from the top and proceeding down the ballot, the Clerk shall announce only as many Commission nominees as open seats, and any names further down the ballot shall be disregarded.

vi. The Clerk shall tabulate the number of votes each Commission nominee received. The Clerk shall provide the results to the Chair, who then shall announce the results to the Commission. Upon announcing the results, the Chair shall ask the Commission whether there were any mathematical errors to the announced vote results. If there is a mathematical dispute with regard to the vote results, the Chair and Clerk publicly shall address any mathematical dispute with the Commission member(s) raising the objection.

vii. Upon agreement from the Commission that there are no mathematical errors, the Commission nominee who has the highest number of votes shall be appointed to fill the first open seat. The Commission nominee who has the second highest number of votes shall be appointed to fill the second open seat. The remaining open seats shall be likewise filled with the successive highest vote recipients until all open seats have been filled.

4. **Following approval of the resolution appointing Commissioners to Standing Committees, the** ~~The~~ Chair shall recess the full Commission and convene a meeting of each Standing Committee separately, one at a time, as follows:

   a. The Chair of the Commission shall convene the Standing Committee and open the floor for nominations for the position of Chair of the Standing Committee and from those nominees the Standing Committee will elect a Chair. If a Commissioner nominated is not present at the meeting, a statement from the Commissioner that the Commissioner is willing to serve as an officer shall be submitted.
   b. Once a Chair is chosen that person will then preside over the meeting of the Standing Committee and open the floor for nominations for the position of Vice Chair.
   c. The Chair of the Standing Committee will then adjourn the meeting of the Standing Committee following the approval of the minutes of the previous meetings, if necessary, and to schedule any future meeting as needed.

WHEREAS, the Knox County Commission (the "Commission") previously established a Merit System for employees of the Knox County Sheriff's Office and created the Knox County Sheriff's Office Employees' Merit System Board of Directors (the "Merit System Board") to administer the terms of the Merit System, which ordinances have been codified at Sec. 42-51 *et seq.* of the Knox County Code; and

WHEREAS, Sec. 42-53(c) provides for the qualifications of members of the Merit System Board; and

WHEREAS, the Commission desires to update the qualifications of members of the Merit System Board to reduce the amount of time from ten (10) years to five (5) years that a member would not be eligible to serve on the Merit System Board if he/she had previously been employed by the County Sheriff's Office in the years preceding his/her appointment and to remove the requirement that a person is not eligible to serve on the Merit System Board if any member of the person's family is or becomes employed by the Knoxville Police Department.

NOW THEREFORE BE IT ORDAINED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

SECTION 1. The Code of Knox County, Tennessee, Chapter 42, Article II, Division 2, Sec. 42-53, entitled "Merit System Board of Directors", is hereby amended to replace the second sentence in subsection (c) to read as follows:

> **No person shall be eligible to serve as a member of the board if he has previously been employed by the county Sheriff's office within the five (5) calendar years preceding his/her appointment, or if any member of such person's family is or becomes employed by the county Sheriff's office at any time during such person's term of service as a member of the board.**

SECTION 2. This Ordinance shall take effect as provided by the Charter of Knox County, Tennessee, the public welfare requiring it.

WHEREAS, in 2003, the Knox County Commission adopted a $6 vehicle registration fee for Knox County residents; and

WHEREAS, in 2004, that fee was raised to $36; and

WHEREAS, it is the sense of the Knox County Commission that this tax is regressive and impacts low-income people disproportionally; and

WHEREAS, it is further the sense of the Knox County Commission that this tax is unfair to the citizens of Knox County who are paying as a result a significantly higher fee to register their vehicle than is the case in surrounding counties, and places Knox County at a competitive disadvantage compared to those counties.

NOW THEREFORE BE IT ORDAINED BY THE COMMISSION OF KNOX COUNTY AS FOLLOWS:

SECTION 1. Knox County Code §58-1(a) is amended by striking the term "$36" and substituting therefore the term "$32", effective July 1, 2026.

SECTION 2. Knox County Code §58-1(a) is amended by striking the term "$32" and substituting therefore the term "$16", effective July 1, 2027.

SECTION 3. Knox County Code §58-1 is repealed in its entirety effective July 1, 2028.

SECTION 4. Any program or department currently funded by the Wheel Tax shall, after this ordinance takes effect, be funded from other revenue sources within Knox County's annual budget.

SECTION 5. This Ordinance shall have no effect unless it is approved by a two-thirds vote of the Knox County Commission at two regularly scheduled meetings.

SECTION 6. This Ordinance shall take effect as provided by the Charter of Knox County, Tennessee, the public welfare requiring it. Effective July 1, 2028, the Knox County Clerk is directed to no longer collect any vehicle registration fee not mandated by Tennessee state statute.

FISCAL NOTE

Ordinance O-25-8-102

CAPTION:

AN ORDINANCE OF THE COMMISSION OF KNOX COUNTY, TENNESSEE, REPEALING SECTION 58-1 OF THE KNOX COUNTY CODE REGARDING VEHICLE REGISTRATION FEES.

FISCAL IMPACT ANALYSIS (PURSUANT TO SEC. 1-11 OF THE KNOX COUNTY CODE):

This ordinance would reduce the wheel tax revenue on July 1, 2026, by $1,722,000, which is intended to be covered by natural growth. The wheel tax revenue would be reduced on July 1, 2027, by $6,888,000, which is intended to be covered by natural growth. Again, the wheel tax revenue would be reduced on July 1, 2028, by $6,888,000, which is intended to be covered by natural growth. The total amount, over the three fiscal years, is $15,498,000.

Chris Caldwell, Chief Financial Officer
